1-2

Flux/Pool

(A)

Net Loss Line? -? - wildfire? Trad?

- Stanley Bend East
- DWD → West

(4)

3

? (2) Why?

- W → needs to be separated by production & not production forest

- Soil Carbon #'s similar → Confidence?
  → does it make sense (2)

- Problem in EA → Comp to west?

- Most mixed forest on west side → diff btwn corp FS land
  → incentives for healthy mgt
  → changes the risk profile
