STATE OF WASHINGTON  
DEPARTMENT OF NATURAL RESOURCES  
Peter Goldmark  
Commissioner of Public Lands

NUMBER **201037**

## WITHDRAWAL AND DESIGNATION ORDER FOR THE CHERRY POINT AQUATIC RESERVE

The State of Washington is owner of aquatic lands known as the Cherry Point Aquatic Reserve, consisting of tidelands and bedlands at Cherry Point in Whatcom County. Under statutory mandates, the Washington State Department of Natural Resources is responsible for managing state-owned aquatic lands in a manner that includes:

Ensuring environmental protection as a management objective for state-owned aquatic lands (RCW 79.105.030(3)), and

Considering natural values of state-owned aquatic lands as wildlife habitat, natural area preserves, representative ecosystems or spawning areas prior to the Department issuing any lease or authorizing any changes in use (RCW 79.105.210(3)), and

Withholding from leasing lands which the Department finds to have significant natural values (RCW 79.105.210(3)).

In accordance with such powers and obligations, certain state-owned aquatic lands possessing significant natural values near the Cherry Point Reach were withdrawn from general leasing on August 1, 2000 and identified as the Cherry Point State Aquatic Reserve.

Since creation of this Reserve, the Department has worked with others to develop a plan to manage the Reserve in a manner that protects its unique resources. In November 2010, this effort resulted in completion of the Cherry Point Environmental Aquatic Reserve Management Plan. The Plan identifies the natural resources and addresses the proposed uses, future threats, and management actions that will be employed by DNR to protect the resources.

Therefore, according to the powers vested in the office of Commissioner of Public Lands (RCW 79.105.030(3), RCW 79.10.210, and WAC 332-30-151), I, Peter Goldmark, hereby ORDER and DIRECT rededication of the Cherry Point State Aquatic Reserve as the Cherry Point Environmental Aquatic Reserve.
