Appendix E: Assurance of Funds Contract

**STATE OF WASHINGTON
DEPARTMENT OF NATURAL RESOURCES
DOUG SUTHERLAND, Commissioner of Public Lands**

Interagency Agreement for Derelict Vessels with

Agreement No. IAA –XXXX-XXX

This Agreement is between _____ and the Washington State Department of Natural Resources, referred to as (the DNR) for assurance of funds for derelict vessels as authorized under RCW 79.100.100.

The DNR and _____ enter into this Agreement under authority of Chapter 39.34RCW of Washington State, Interlocal Cooperation Act, and Chapter 79.100 RCW, Derelict Vessels.

The purpose of this Agreement is for DNR to assure reimbursement of expenses from the Derelict Vessel Removal Account (DVRA) for costs incurred by _____ as a result of exercising the latter's authority under RCW 79.100.030.

IT IS MUTUALLY AGREED THAT:

1.01 Statement of Work.

2.01 Period of Performance.

3.01 Reimbursement. To receive reimbursement upon completion of the removal project, the Authorized Public Entity will submit an itemized list of all costs actually incurred to effect the removal. After receipt of that list and verification by DNR that the submitted costs are eligible for reimbursement, payment will be made to the Authorized Public Entity. The DNR will review all funding requests on a quarterly basis. Funding requests will be reimbursed in order of the priority of the vessel removed, starting with priority 1 vessels and working down to the priority 5 vessels. In the event a completed removal operation for a priority 1, 2, 3, or 4 vessel cannot be reimbursed because DVRA funds have been exhausted, that reimbursement application will be granted an assurance of future funds. Assurance of future funds can be granted for up to two years.

4.0 Records Maintenance. The parties to this Agreement shall each maintain books, records, documents and other evidence, which sufficiently and properly reflect all direct and indirect costs expended by either party in the performance of the services described herein. These records

shall be subject to inspection, review, or audit by personnel of both parties, other personnel duly authorized by both party, and the Office of the State Auditor. All books, records, documents, and other material relevant to this Agreement will be retained for six years after expiration and the Office of the State Auditor and any persons duly authorized by the parties shall have full access to and the right to examine any of these materials during this period.

Records and other documents in any medium furnished by one party to this agreement to the other party will remain the property of the furnishing party, unless otherwise agreed. The receiving party will not disclose this material to any third parties without first notifying the furnishing party and giving it a reasonable opportunity to respond. Each party will use reasonable security procedures and protections to assure that records and documents provided by the other party are not erroneously disclosed to third parties.

5.01 Amendments. This Agreement may be amended by mutual agreement of the parties. Amendments shall be in writing and signed by personnel authorized to bind each of the parties.

6.01 Termination. Either party may terminate this Agreement by giving the other party 30 days prior written notice. If this Agreement is terminated, the terminating party shall be liable to pay only for those services provided or costs incurred prior to the termination date according to the terms of this Agreement.

7.01 Termination for Cause. If for any cause either party does not fulfill in a timely and proper manner its obligations under this Agreement, or if either party violates any of the terms and conditions, the aggrieved party will give the other party written notice of the failure or violation. The aggrieved party will give the other party 15 working days to correct the violation or failure. If the failure or violation is not corrected within 15 days, the aggrieved party may immediately terminate this Agreement by notifying the other party in writing.

8.01 Disputes. If a dispute arises, a dispute board shall resolve the dispute like this: Each party to this agreement shall appoint a member to the dispute board. These board members shall jointly appoint an additional member to the dispute board. The dispute board shall evaluate the facts, contract terms, applicable statutes and rules, then determine a resolution. The dispute board's determination shall be final and binding on the parties. As an alternative to the dispute board, either of the parties may request intervention by the Governor, as provided by RCW 43.17.330. In this case, the Governor's process will control the dispute resolution.

9.01 Governance. This contract is entered into the authority granted by the laws of the State of Washington and any applicable federal laws. The provisions of this agreement shall be construed to conform to those laws.

If there is an inconsistency in the terms of this Agreement, or between its terms and any applicable statute or rule, the inconsistency shall be resolved by giving precedence in the following order:

- (1) Applicable State and federal statutes and rules;
- (2) Statement of Work; and
- (3) Any other provisions of the agreement, including materials incorporated by reference.

10.01 Complete Agreement in Writing. This Agreement contains all the terms and conditions agreed upon by the parties. No other understanding, oral or otherwise, regarding the subject matter of this Agreement shall be deemed to exist or to bind any of the parties.

11.01 Contract Management. The Project Coordinator for each of the parties shall be the contact person for this agreement. All communications and billings will be sent to the project coordinator.

12.01 Project Coordinators.

IN WITNESS WHEREOF, the parties have executed this Agreement.

Dear Mr. *Last Name*:

This notice is provided to you by the Washington State Department of Natural Resources (the "State"). RCW 79.100.060 provides that:

(1) The owner of an abandoned or derelict vessel is responsible for reimbursing an authorized public entity for all reasonable and auditable costs associated with the removal or disposal of the owner's vessel under this chapter. These costs include, but are not limited to, costs incurred exercising the authority granted in RCW [79.100.030](#), all administrative costs incurred by the authorized public entity during the procedure set forth in RCW [79.100.040](#), removal and disposal costs, and costs associated with environmental damages directly or indirectly caused by the vessel.
