Application for Use of State-owned Aquatic Lands

Applicant Name: Nancy Vytlacil
County: San Juan County
Water Body: East Sound
Type of Authorization - Use: License – Recreational Mooring Buoy
Authorization Number: Pending
Term: 5 years

Description: This agreement will allow the use of State-owned aquatic lands for the sole purpose of recreational use mooring buoy. It is located in East Sound, in San Juan County, Washington.

Posted on 5/29/2012
Upon receipt of this application for placing a mooring buoy or boatlift on state-owned aquatic land, the Washington State Department of Natural Resources (DNR) will review it and notify you in writing if the application is accepted for further review. DNR may reject this application at any time before authorization.

Enclose a $25.00 non-refundable application-processing fee with the application. Any agency, political subdivision or municipal corporation of this state, or the United States is exempt from this $25.00 application fee (WAC 332-10-190). Send application and fee to your aquatic land manager. See map of districts on DNR webpage: www.dnr.wa.gov

1. Name: Nancy Vytlacil
   Address: 9 Evergreen Way
   City: East Sound
   Home: 415-250-1010
   Work: same
   E-mail Address: nancyvytlacil@gmail.com
   Date: 4-10-12
   State: WA
   Zip: 98245

2. Which of the following applies to Applicant (check one):
   - Washington corporation
   - Partnership
   - Marital Community
   - Single Individual – OR
   (Other – please explain)

3. Check if Upland Parcel owner address is the same as above. If not, fill in below:
   Upland Parcel Owner Name: Same
   Address: 18,003 White Oak Dr
   City: Somoma
   Home: Same
   Work:
   E-mail Address: Same
   State: CA
   Zip: 95476-10004

List or attach the required information for buoy/boatlift location:

4. Legal Description: County Tax Parcel Number 1618500090004 161845001000*
   Government Lot(s) 9 in Section 18 Township: West Side Section 48,004,98333
   N. Range 35 East–West W.M. R 1 W
   5. Latitude: 48° 36.299
   Longitude: W 122° 51.758

6. Global Positioning System (GPS) location if known:

7. Depth of Water at buoy / boatlift location at extreme low tide: 40'

8. Length of Vessel: 40'
   Vessel Registration Number:

INFORMATION REQUIREMENTS
FOR A MOORING BUOY/BOATLIFT LICENSE APPLICATION

With your application, include all of the following:

Submit EXHIBIT A: two pages of maps no larger than 18 inches x 24 inches.
   On the first page: A vicinity map on a USGS 7.5 minute quadrangle map.
   On the second page: A drawing (that provides the details for question 5, below) at a scale of 1 inch = 200 feet or larger.

1. Is there a mooring buoy or boatlift currently at this site? Yes ☐ No ☐

2. If yes, does the mooring buoy or boatlift belong to the applicant? Yes ☐ No ☐
   If no, please provide owner information:
   Name:
   Address:
   City: State: Zip:
   Phone Number: Home: Work:
   E-mail Address:

3. If yes, is the mooring buoy or boatlift authorized by DNR? Yes ☐ No ☐ I don’t know ☐

4. If yes, what is the DNR lease or authorization number?

5. On Exhibit A drawing, mark the position of the buoy or boatlift, acquired either by a differentially corrected Global Positioning System (GPS) measurement or by conventional surveying methods. Mark the position in relation to its anchor. The information must be accurate to (+ or -) 10 feet. A licensed surveyor must provide this information, or you must document it as follows:
   A. List the anchor position coordinate, with a state plane grid coordinate or a latitude and longitude.
   B. Detail the survey method used to mark the position of the buoy or boatlift. Differential GPS
   C. List the land stations used to fix the position. You must have a minimum of two fixed stations and a closed traverse, or differentially corrected GPS measurements to determine the (+ or -) 10 feet requirement, and verify azimuth.
   D. List the date and time you performed the work: June 16, 2010, 11:30 am
   E. List the tidal correction and the depth to the anchor of the buoy or boatlift, and how you determined it. -3 tide
   F. Provide the distance from the appropriate line of state ownership—for example, mean high tide, extreme low tide, the line of ordinary high water, or the line of navigability (fresh water).
   G. List the distance from other mooring anchors, structures or hazards in the area.
   H. Show the extent of the swing of the vessel using a full circle on the exhibit. This circle must be free from all obstacles including buoys, docks or other hazards.

Revised November 2011 • Washington State Department of Natural Resources • Mooring Buoy Boat Lift License Application for State Aquatic Lands
MAINTENANCE PLAN
Describe in detail the maintenance plan for the buoy and/or boatlift and anchoring system:

The mooring is on an annual maintenance servicing schedule. The service is performed at a minus tide; it is easy at that time to get the top, servicable end onto the work boat.

The top end is the part that would ultimately need replacing; the chain and shackle are galvanized.

The rest of the mooring’s parts are inert in seawater. The concrete disc does not need to be disturbed during servicing.
