Application for Use of State-owned Aquatic Lands

Applicant Name: Comcast of Washington IV, Inc.
County: Grays Harbor County
Water Body: Wishkah River
Type of Authorization - Use: Easement – Aerial fiber optic/coaxial cable
Authorization Number: 51-081758
Term: 30 years
Description: This agreement will allow the use of State-owned aquatic lands for the sole purpose of an aerial fiber optic/coaxial cable. It is located on the Wishkah River, in Grays Harbor County, Washington.
Comcast of Washington IV, Inc.
Authorization No. 51-081758
Authorized Use: Aerial Fiber Optic/Coaxial Cable
Location: Wishkah River, Grays Harbor County

Vicinity Map

Every attempt was made to use the most accurate and current geographic data available. However, due to multiple sources, scales, and the currency of the data used to develop this map, Washington Department of Natural Resources cannot accept responsibility for errors and omissions in the data. Furthermore, this data is not survey grade information and cannot be substituted for an official survey. Therefore, there are no warranties that accompany this material.

Bob Lippert, Technical Operations Manager
Comcast of Washington IV, Inc.
600 West Wishkah Street
Aberdeen, WA  98520

SUBJECT:  Aquatic Resources Lease Application No. 51-081758

Dear Mr. Lippert:

Your application to lease state-owned aquatic lands for the purpose of installing and maintaining
one coaxial cable, one fiber optic cable and one support strand attached to the existing Grays
Harbor County aerial powerline crossing the Wishkah River has been filed under Application
No. 51-081758 and is in process. Please refer to this number in any future correspondence
concerning this application.

As a corporation, the president, vice president, secretary or treasurer must sign the use
authorization. Please be sure to provide the appropriate name, title and contact information for
the signature authority to the Land Manager listed below. As an alternative, you may provide a
certified corporate resolution to our agency showing the authority of another corporate officer as
having authority to bind the corporation.

If you have any questions, please call Craig Zora at 360.532.8478 or via email at
craig.zora@dnr.wa.gov.

Sincerely,

Mindi Bond, Natural Resource Technician
Aquatic Region/Rivers District

STATE OF WASHINGTON  
DEPARTMENT OF NATURAL RESOURCES  
DOUG SUTHERLAND, Commissioner of Public Lands  

Application for Authorization  
to use State Owned Lands  
for Easements, Rights of Way and Rights of Entry  

This application is to be used for the following Department of Natural Resources (DNR) uses on state-owned land. Please circle the use you are applying for below: Multi-Region projects complete both Upland and Aquatic sections and survey specifications for Multi-Region projects.  

**Upland Uses:** Please complete sections I, III, and IV, below for the following uses.  

- **Temporary Road Use Permit** - Used for hauling valuable materials across DNR managed land (Upland use only, timber, crops, rock, etc.).  
- **Urban/Rural Easement** - For crossings in a urban or rural upland area (Homesite and non-forestry uses).  
- **Resource Management Easement** - For crossings in areas where resources are managed (Removal of timber, crops, rock, etc.)  
- **Utility Line Easement** - For utility line crossing uplands (Power, water, sewer, telephone, etc.)  
- **Public Highway** - For local government and state agencies crossing state lands.  

**Aquatic Land Uses:** Please complete sections I, II, and IV, below for the following uses.  

- **Aquatic Easement** - For crossing state-owned aquatic land (Pacific Ocean, Puget Sound, navigable rivers and lakes, waterways, harbor areas).  
- **Aquatic Right-of-Entry** - For uses on aquatic land which will be for a term of less than a year.  

**I ** 
SUBMISSION OF APPLICATION  

**PLEASE NOTE: NO WORK CAN BE STARTED WITHIN THE PROJECT AREA UNTIL A USE AUTHORIZATION AGREEMENT HAS BEEN GRANTED BY THE DEPARTMENT OF NATURAL RESOURCES.**  

This application will be reviewed by the Department of Natural Resources upon receipt at one of the DNR offices shown below. Applicants will be notified in writing if the application will be accepted for further review. However, this application may be rejected at any time before execution of a use authorization granted by DNR.  

For Aquatic Land applications, please include a $25.00 non-refundable application processing fee.
Completion of this application form and notice of acceptance of the application should not be considered approval of your project. A use authorization agreement allows the applicant to use state-owned land. It is a legal real estate agreement which will be signed by both parties and in most cases recorded with the appropriate county.

If you have any questions regarding this application, call 1-800-527-3305 and follow the automated instructions to reach any of the above offices.

## USE OF STATE PROPERTY

### Describe the proposed use of the property and identify any additional proposed use:
- Existing Cable TV facilities consisting of fiber optic cable, coax cable and strand attached to existing Grays Harbor PUD poles to provide CATV services to residents of Grays Harbor County.

### Estimate volume of timber and/or rock to be hauled:
- 0 Mbf
- 0 Cu. Yds.

### Who will the project ultimately serve?
- Franchised Cable Systems within Grays Harbor County

### How many people will benefit from this project?
- As set within the limitation of Franchise between Grays Harbor County and Comcast.

### What is the legal description of the benefiting property?
- All Franchised Cable Systems within Grays Harbor County

### Length of time requested for the easement?
- From **May, 2006** To **May, 2036**
- ***Length of time allowable per DNR regulations***

### Proposed construction starting date and completion date
- **Existing**
- **Estimated cost of construction**

### Part of Acquisition.

### Length of the project in feet or miles
- 200 linear feet

### Width of the proposed R/W in feet
- 10 feet

### If the project is for utilities (telephone, sewer lines, outfall, power, water, natural gas, etc.), what are the dimensions of the material to be used? (e.g., six inch doubled walled pipe, or six fiber optic conduits)
- Existing aerial crossing attached to Grays Harbor County PUD poles crossing Wishkah River with (1) .750" coaxial cable, (1) 3/8" fiber optic cable, (1) 1/4" strand for support.

### What is the use capacity of the utility?
- As permitted by Franchise.

### If the project is a bridge, what is the anticipated life span of the bridge?
- N/A

### Will utilities be a part of the bridge?
- YES
- NO
- **X**

### If utilities are a part of the bridge, please list which utilities (include company name and address if known)
- N/A

### Will the easement, or any portion thereof, be assigned to another party?
- YES
- NO
- **X**
- (If yes, submit a copy of the conveyance agreement.)

### What are the current and past uses of the site?
- Grays Harbor PUD power path

### Do you have any knowledge of contamination of the site by toxic or hazardous substances? Any past uses or practices that might have led to contamination by such substances? If so, please explain:
- No
IMPROVEMENTS

PHYSICAL IMPROVEMENTS ARE STRUCTURES PLACED ON THE LAND THAT CANNOT BE REMOVED WITHOUT DAMAGE TO THE LAND. EXAMPLES OF SUCH STRUCTURES INCLUDE PILING, DOLPHINS, PIERS, WHARVES, PILING-SUPPORTED BUILDINGS, STRUCTURES BUILT ON FILL OR CONCRETE FOUNDATIONS, BURIED PIPELINES AND CABLES, AND SUPPORT STRUCTURES FOR BRIDGES. NEW CONSTRUCTION WILL REQUIRE SUBMISSION OF SURVEY.

<table>
<thead>
<tr>
<th>What physical improvements currently exist on the site? (Photos may be required.)</th>
<th>None</th>
</tr>
</thead>
<tbody>
<tr>
<td>If there are physical improvements currently on the site, who holds ownership to them?</td>
<td>N/A</td>
</tr>
<tr>
<td>If there are physical improvements currently on the site, describe their condition:</td>
<td>N/A</td>
</tr>
<tr>
<td>Which, if any, of the existing physical improvements will be removed, remodeled, or reconstructed?</td>
<td>None</td>
</tr>
<tr>
<td>Describe any physical improvements that the applicant is proposing to construct on the site:</td>
<td>None</td>
</tr>
<tr>
<td>Has any fill material been placed on the site? If Yes, please describe.</td>
<td>No</td>
</tr>
</tbody>
</table>

II AQUATIC LOCATION

THE AUTHORIZATION TO USE AQUATIC LANDS IS OFTEN SUBJECT TO PREFERENCE RIGHTS. APPLICANTS AND SURVEYORS SHOULD CAREFULLY DETERMINE THE DIRECTION, AND SHOW DETAIL OF, THE PRORATION OF COVES AND IRREGULAR SHORELINES.

</thead>
</table>

| County Parcel No(s), for adjacent properties, upland, and/or adjacent tideland properties (NOTE: You may attach copies of county assessors information relating to parcel numbers. Please verify that the section, township and range is identified in the assessors information.) |
| NA |

EXCEPT FOR PROPERTY LOCATED WITHIN ESTABLISHED HARBOR AREAS, PROOF OF OWNERSHIP, OR AUTHORIZATION TO USE THE ADJACENT TIDELAND, SHORELAND, OR UPLAND PROPERTY MAY BE REQUIRED. IF THE APPLICANT IS THE OWNER OF THE ADJACENT LAND, ATTACH A COPY OF THE DEED OR CONTRACT OF SALE.

LOCAL, STATE, AND FEDERAL REGULATORY PERMITS (AQUATIC EASEMENTS ONLY)

COPIES OF ALL GOVERNMENT REGULATORY PERMITS ARE REQUIRED BEFORE ISSUANCE OF A DNR EASEMENT. YOUR PROJECT MAY REQUIRE SOME OR ALL OF THESE PERMITS. (WAC 332.30.122 (1)(c)

PLEASE INCLUDE THE FOLLOWING PERMIT APPLICATIONS, PERMITS, LETTERS OF CONCURRENCE OR WAIVERS WITH THE APPLICATION:

JARPA (Joint Aquatic Resources Permit Application) This one form is used to apply for all of the following permits:

**Section 10 Permit** - Required by the US Army Corps of Engineers for any work in or affecting navigable waters, e.g., follicles, docks, piers, dredging, pilings, bridges, overhead power lines.

**Shoreline Substantial Development, Conditional Use, Variance Permit or Exemption** - Issued by Local Government, and is required for work or activity in the 100-year flood plain, or within 200 feet of the Ordinary High Water mark of certain waters, and which included any one of the following: dumping, drilling, dredging, filling, placement or alteration of structures or any activity which substantially interferes with normal public use of the waters.

**Hydraulic Project Approval** - Required by the Department of Fish and Wildlife if the project includes work that will use, divert, obstruct, or change the natural flow or bed of any fresh or salt water of the state.

**Section 404 Permit** - Required by the US Army Corps of Engineers if your project will discharge or
excavate any dredged or fill material waterward of the Ordinary High Water mark or the Mean Higher High Tide Line in tidal areas.

Section 401 Water Quality Certification - Required by the Department of Ecology if a Section 404 permit is required.

NPDES (National Pollutant Discharge Elimination System Permit) - Required by the Department of Ecology under delegated authority from the Federal Environmental Protection Agency for projects that include the discharge of fluid on or into surface water.

SEPA (State Environmental Policy Act) Checklist and Environmental Review - When you submit a permit application to any agency, you will be asked to fill out an environmental checklist (unless your project is categorically exempt per WAC 197-11-800 through 890). Based on checklist answers and the reviewers knowledge of the project site, the lead agency=s SEPA responsible official will determine the types of impacts the project may have on the environment. (Lead agency=s is defined in WAC 197-11-050).

The lead agency will make a determination as to the environmental impact of this proposal and will issue one of the following:

§ Determination of Nonsignificance (DNS)
§ Mitigated Determination of Non-significance (MDNS), which will require mitigation measures to reduce the environmental impact.
§ Determination of Significance (DS), which will trigger a requirement to produce an environmental impact statement (EIS)
§ The lead agency=s determination of non-significance will not automatically cause DNR=s approval of this proposal for right of way on the lands it manages.

Describe any habitat mitigation required by any of the permitting agencies identified above and identify in detail where such mitigation is proposed to occur:

PROPERTY SURVEY (AQUATIC EASEMENT)

A survey of the easement area is required for each application. A third order survey is required and a Record of Survey shall be submitted showing the results of the survey and the location of the easement site applied for. A copy of the final proposed survey must be submitted directly to the land manager who will pass on to the department's State Land Survey Unit, for preliminary review prior to submission of the final survey. The final survey shall be filed with the county auditor and a copy that includes the auditor's recording information shall be submitted to the department's land manager. The final recorded copy should include the departments easement number which will be given at the time of application acceptance.

THE AUTHORIZATION TO USE AQUATIC LANDS IS OFTEN SUBJECT TO PREFERENCE RIGHTS. APPLICANTS AND SURVEYORS SHOULD CAREFULLY DETERMINE THE DIRECTION, AND SHOW DETAIL OF, THE PRORATION OF COVES AND IRREGULAR SHORELINES.

AQUATIC EASEMENT LEGAL DESCRIPTION

The Body of Water on which the state property is located: Wishkah River
III UPLAND EASEMENTS

COPIES OF ALL GOVERNMENT REGULATORY PERMITS ARE REQUIRED BEFORE ISSUANCE OF A DNR AGREEMENT. YOUR PROJECT MAY REQUIRE THE FOLLOWING PERMITS OR OTHER PERMITS.

For all new construction, consultation with a DNR field representative is required prior to submitting an application. In addition, a site visit may also be required prior to submitting an application.

Note: A survey plat will be required to accompany the application. Contact the Region representative for the appropriate plat specifications.

For non-exempt projects, applicant must complete a SEPA checklist and include any additional information required by SEPA before DNR will offer an agreement

SEPA (State Environmental Policy Act) Checklist and Environmental Review - When you submit a permit application to any agency, you will be asked to fill out an environmental checklist (unless your project is categorically exempt per WAC 197-11-800 through 890). Based on checklist answers and the reviewers knowledge of the project site, the lead agency will determine the types of impacts the project may have on the environment. (Lead agency is defined in WAC 197-11-050). The lead agency will make a determination as to the environmental impact of this proposal and will issue one of the following:

$ Determination of Nonsignificance (DNS)
$ Mitigated Determination of Non-significance (MDNS), which will require mitigation measures to reduce the environmental impact.
$ Determination of Significance (DS), which will trigger a requirement to produce an environmental impact statement (EIS)
$ The lead agency's determination of non-significance will not automatically cause DNR's approval of this proposal for right-of-way on the lands it manages.
Must be in place before work can be started:

**FPA (Forest Practice Application)**: Required for activities conducted on forest lands related to growing, harvesting or processing timber and are regulated by the Forest Practices Act. Activities include road construction and maintenance, thinning and salvage of trees, harvesting, reforestation, brush control, and using fertilizers or pesticides.

**HPA (Hydraulic Project Approval)**: Required by the Department of Fish and Wildlife if the project includes work that will use, divert, obstruct, or change the natural flow or bed of any fresh or salt water of the state.
