

QUALIFIED EXPERTS LIST

The names listed below are those who have submitted their qualifications to DNR Forest Practices for review, and appear to meet requirements for "qualified expert" under WAC 222-10-030 (5).

An engineering geologist license is required to practice geology associated with forestry activities. To determine if a person's engineering geologist license is current, check the Department of Licensing web site at <http://www.dol.wa.gov/design/geofront.htm> and click on "Professional Licensing Internet Query".

There are requirements beyond the engineering geologist license in order to qualify for the WAC 222-10-030(5) designation of "qualified expert."

"Eng Geo" = engineering geologist license

"Hydrogeo" = hydrogeologist license, not usually necessary for forest practices work

To acquire a specialty license, a geology license is required. All are licensed geologists.
