Quote of the Month
Many a genius has been slow of growth. Oaks that flourish for a thousand years do not spring up into beauty like a reed.
- George H. Lewis, 1817 - 1878

Arbor Day? Coming right up!

The month of April is almost here. Are you ready for Arbor Day? Learn what communities around the state are doing to celebrate, and find out how to give your trees a great start by planting them the right way. Read more.

The Washington Urban and Community Forestry Program is made possible with assistance from
the USDA Forest Service Urban and Community Forestry Program.
The program’s purpose is to educate citizens and decision-makers about the economic, environmental,
psychological, and aesthetic benefits of trees and to assist local governments, citizen groups and
volunteers in planting and sustaining healthy trees and vegetation wherever people live and work in
Washington State. The USDA is an equal opportunity provider and employer.
