This is a map of multiple ideas that have been suggested by community members at planning meetings. The suggestions were not approved by the agency, as agreed to by the planning committee. These ideas are being shared between community members for discussion purposes.

Extraneous data was used during the completion of the map to locate accuracy. However, due to changes in ownership and development, and in some cases, reliance on outdated information, the Department of Natural Resources cannot guarantee the accuracy of the data. No warranty is provided for errors or omissions. Therefore, there are no warranties which accompany this material.

This Concept Map is included in the final Baker to Bellingham Non-Motorized Recreation Plan (October, 2016).

General Information:
- All areas shown for potential facility development are intended to be general in nature and are subject to final verification.
- All "Not open" areas will determine site-specific locations within the trail network and are subject to final verification.
- All general locations for the development of recreation-related facilities are subject to approval by the appropriate regulatory agencies.
- All notations are intended to convey the general spirit of the proposal and should be further refined prior to implementation.

Recruitment Planning Area
- US Forest Service
- National Forest
- Non-Motorized Trail System
- Picnic Area
- Picnic Facility
- Trail Accessibility
- Highway
- DNR Active Roads

This map is a conceptual tool for future planning. It may result in trail development that may be requested by the public for consideration. The Department of Natural Resources cannot guarantee the accuracy of the data. No warranty is provided for errors or omissions. Therefore, there are no warranties which accompany this material.
