DETERMINATION OF NONSIGNIFICANCE

Description of proposal:

The Blow Dry Salvage (TCB23) Timber Sale 30-103864 and associated Forest Practices Application is a blowdown and beetle kill salvage harvest composed of 2 Units, 46 acres in size, and located within the Port Angeles WAU. Total harvest acreage includes deduction for leave tree areas within gross traversed unit boundaries. Estimated harvest volume is 1606 MBF. The proposed sale is to be harvested by ground-based operations with equipment restrictions. The proposal involves 15,520 feet of pre-haul road maintenance, 610 feet of construction and 880 feet of reconstruction. Rock for road building activities is scheduled to come from State Lands; Pace Pit, and a commercial source. The Blow Dry sale is currently being considered as replacement acreage for an existing timber sale, TCB23. Forest Practice #2618490

Proponent: Washington State Department of Natural Resources – Olympic Region

Location of proposal, including street address, if any:

Clallam County – T30N R7W Sections 4,13,24

Lead agency: Washington State Department of Natural Resources

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21c.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

This DNS is issued under 197-11-340(2); the lead agency will not act on this proposal for 14 days from November 15, 2024. Comments must be submitted by December 2, 2024.
