IV. <u>USE OF PROPERTY</u>
Describe, in detail, the proposed use of the Property: Geoduck seed nursery, clam and oyster floating up-weller nursery (FLUPSY). Mussel raft culture. (see attached drawing)
Is or will the Property be subleased to another party? Yes \(\subseteq\) No \(\subseteq\) If yes, submit a copy of the sublease agreement.
What are the current and past uses of the site? Timberland
Do you have any knowledge of contamination of the site by toxic or hazardous substances, or of past uses or practices that might have lead to contamination by such substances? Yes \(\subseteq \) No \(\subseteq \) If so, please explain:
Do you know if any fill material has been placed on the property in question? Yes No I Is I lay dump or boom ever.
V. IMPROVEMENTS Physical improvements are structures placed on the land that cannot be removed without damage to the land. Examples of such structures include: pilings, dolphins, piers, wharves, piling-supported buildings, structures built on fill or concrete foundations, buried pipelines and cables, and support structures for bridges.
What physical improvements currently exist on the site? (Photos may be required.) none
If there are physical improvements currently on the site, who owns them? NA
If there are physical improvements currently on the site, describe their condition: NA
Which, if any, of the existing physical improvements will be removed, remodeled, or reconstructed? NA
Describe any physical improvements that the applicant is proposing to construct on the site: three to four pilings, and helical anchors for rafts, floating structures.
Has any fill material been placed on the site? Yes ☐ No ☒ If Yes, please describe:

VI. <u>LOCAL, STATE, AND FEDERAL REGULATORY PERMITS</u> Copies of all Government Regulatory Permits, or Permit Waivers Are Required <u>Before</u> Issuance of a DNR Use Authorization. Your project may require all or some of the following.

Please include the following permit applications, permits, or waivers with the application:

JARPA (Joint Aquatic Resource Permit Application) - This one form is used to apply for all of the following individual permits:

1. Section 10 Permit (Required by the US Army Corps of Engineers for any work in or affecting navigable waters,

e.g., floats, docks, piers, dredging, pilings, bridges, overhead power lines.)

2. Shoreline Substantial Development, Conditional Use, Variance Permit or Exemption (Issued by Local Government, and is required for work or activity in the 100 year flood plain, or within 200 feet of the Ordinary High Water mark of certain waters; and which included any one of the following: dumping, drilling, dredging, filling, placement or alteration of structures or any activity which substantially interferes with normal public use of the waters.)

3. Hydraulic Project Approval (Required by the Department of Fish and Wildlife if the project includes work that

will use, divert, obstruct, or change the natural flow or bed of any fresh or salt water of the state.)

4. Section 404 Permit (Required by the US Army Corps of Engineers if your project will discharge or excavate any dredged or fill material waterward of the Ordinary High Water mark or the Mean Higher High Tide Line in tidal areas.)

5. Section 401 Water Quality Certification (Required by the Department of Ecology if a Section 404 permit is

required.)

NPDES (National Pollutant Discharge Elimination System Permit - Required by the Department of Ecology under delegated authority from the Federal Environmental Protection Agency for projects that include the discharge of fluid on or into surface water.

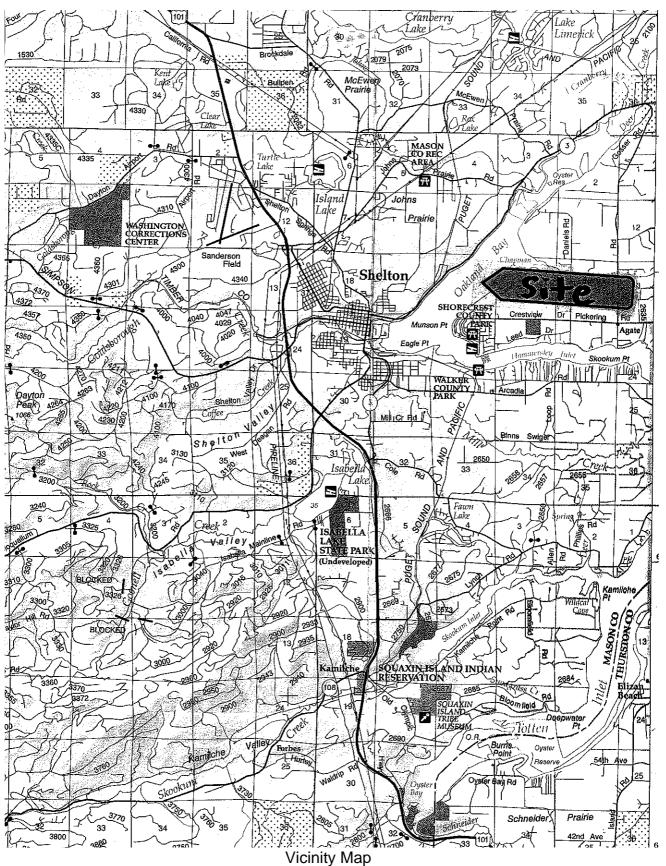

SEPA (State Environmental Policy Act) Checklist and Environmental Assessments - When you submit a permit application to any agency, if the project is not exempt, the lead agency will ask you to fill out an environmental checklist. Based on checklist answers and the reviewers knowledge of the project site, agency personnel will determine the types of impacts the project may have on the environment. The agency assessments may be the following forms: Determination of Non-significance, Determination of Significance, scoping documents, draft or final Environmental Impact Statements (EIS) or others prepared for the purpose of compliance.

Describe any habitat mitigation required by any of the permitting agencies identified above and identify where such mitigation is proposed to occur:

All answers and statements are true and correct to the best of my knowledge.
