The field tour will include stops at both small and large forest landowner sites in the Chewelah area to provide a view of the implementation of the Forest Practices rules, including road abandonment, fish passage issues, riparian management, and easements. Private landowners as well as technical field staff from WDFW, DNR, and the local tribes will be present to describe their experiences and the processes involved with rule implementation on the ground.

Notice to Public

Members of the public who wish to attend the field tour must make a reservation by calling Patricia Anderson at (360)-902-1413. Since a limited number of vehicles can be accommodated on the narrow forest roads, carpools are encouraged. Public attendees are responsible for their own transportation and lunches, and must provide their own hard hats and orange vests. Maps for the tour will be distributed at the start of the field trip.
