MEMORANDUM

July 21, 2009

TO: Forest Practices Board

FROM: Marc Engel, Acting Assistant Division Manager
Forest Practices Division

SUBJECT: DNR Core Member Appointment to CMER

The Washington State Department of Natural Resources (DNR) requests the Forest Practices Board appointment, per WAC 222-12-045(2)(b)(i), of Leslie Lingley, Forest Practices Program Science Team Lead, as a core member of the Cooperative Monitoring, Evaluation and Research (CMER) Committee. This appointment will restore DNR's participation in CMER.

Leslie is fully qualified for this position through her work experience and her proven ability to work well with other CMER members through her participation in the UPSAG committee. She holds both engineering geology and geology licenses and her twenty year career in natural resources includes working for the Olympic National Forest in their geotechnical section, running a Geological Services consulting business, representing the Quinault Indian Nation as their TFW geologist, developing and managing the DNR Compliance Monitoring Program and her present position as the supervisor of the Forest Practices Science Team. Leslie understands the significant workload, important responsibilities and required time commitment of a CMER Committee core member.

Thank you for your consideration of this nomination.
