• Harmsen records are available as soon as the PLSO has processing capacity.
• Greg Juneau of DEA has control of the Triad collection. This collection 50’x80’ in area.

Note from outside of the meeting by Bob K.: All records in danger of being lost will be recovered expeditiously without regard to processing.

Outreach\Training

• PLSO\PDH outreach has begun. More outreach is anticipated soon.

Ongoing Needs

• Ongoing needs
  i “Did you know” article on graphic indexing sparked a conversation on government lots, homestead entry surveys, townsites, and other non quarter-quarter areas. SAB voted to hold the “Did you know” article on this subject at this time. Tim K has committed to produce a DYK on “Physical description of a monument” before he leaves the Board.
  ii GPS guidebook update conversation resulted in a call for a taskforce which will be lead by Martin Paquette.

Update on the Survey Monument Preservation Program (SMPP) legislation

• Pat Beehler reported SB 5224 outreach and preparation for legislative hearings is well underway.

9:00 Ten minute break

Updates to WAC 332-130-050

• Pat explained completed updates.

Pending 2021 WAC 332-130 updates

a. DNR/PLSO is considering dropping index graphic as a requirement in the next update to WAC 332-130-050. Kim E. concurred. Pat will work on draft.
b. Bob explained a point of confusion with the recent update of RCW 58.20. A definition of
Relative Accuracy in relation to State Plane coordinates will have to be added to WAC 332-130.

**Outreach concerning monument destruction**

Paul reports
- Several groups including WSDOT and smaller agencies are participating more consistently for road projects.
- Public utilities, ports, cities, and businesses are in need of education.
- After communicating with several counties few if any have franchise agreements.
- He would like SAB to partner with DNR\PLSO to enforce permit removals.
- Bob suggested changing RCW 58.20 creating enforcement for monument replacement costs including government enforcement costs. SAB disagrees.
- Paul G. volunteered to continue and evolve his education efforts.

**Book and Page in the Auditor’s Certificate**

- Removing RCW and WAC reference to book and page filing is on hold until WSACA makes a statewide determination to move to AFN filing only.

**Proposal by PLSO to convert the “Boundary Line Adjustment” standards from a Draft model ordinance to RCW change.**

- Bob feels that RCW 58.17 updates should include monumentation for all BLA updates.
- Walt provided background on the model ordinance v1.3.
- The current version of the model ordinance allows for exhibit maps in lieu of recorded surveys. No authority, office, or officer is identified for determining boundary survey requirement in the model.
- Walt asked for comments from the SAB for forwarding to the taskforce.
- Bruce would like to see this model be submitted to local agencies. Walt agrees. After a v1.4 is produced.
- Pat and Martin agree that a BLA needs a definition in RCW 58.17.
- Kris will provide a Washington Association of Cities contact.
- Bob has been assigned to compile a list of local agency groups.

**Discussed earlier**

**Holistic update to RCW 58 (2023)**

a. List of necessary updates
   - Bob provided a list of possible updates to RCW 58 with a background of technology revolutions and outdated processes.
   - The SAB is asked to provide review and input by the SAB by the next meeting.

b. Active participants, SAB and selected professional surveyors
   - Other participants will be asked for input in the future.
