

DEPARTMENT OF
NATURAL RESOURCES
FINANCE, BUDGET AND ECONOMICS
WWW.DNR.WA.GOV

January 7, 2019

As a manager of a wood mill or operation, you are an important source of information about Washington's wood products industry. We would be grateful if you could take a few moments to fill out a brief questionnaire about your company/operation for the **2018 Washington State Mill Survey**. Published every other year by the Department of Natural Resources, the Mill Survey is an economic snapshot of Washington's mill characteristics, production levels, and wood consumption.

The Washington Mill Survey includes these wood product sectors:

- lumber
- log export
- pulp
- chipping
- glulam
- shake and shingle
- post, pole and piling
- plywood and veneer

Survey results may be aggregated in the final report to protect proprietary information.

Attached to this letter is a blank 2018 questionnaire created for your wood products sector. After you've completed the form please send a copy back to us, using either method below:

Post: Office of Economics
Department of Natural Resources
PO Box 47041,
Olympia WA, 98504-7041

Email: andrea.watts@dnr.wa.gov

Additional copies and versions of the questionnaires including fillable PDF forms are available on our website: www.dnr.wa.gov/mill-survey.

If using the PDF questionnaires you will need to first save the form to your computer, then fill out the fields. Once completed, please save your information and email or print and mail it back to us.

Please fill in information regarding your operation for the 2018 production year (January-December). If records are not available, your best estimates are welcome and helpful. The Washington Mill Survey strives to collect data from 100% of Washington wood product operations, regardless of size or production capacity. In order to input and analyze data then distribute the final product as quickly as possible **we would like to receive the forms back to us by February 15th**.

If you have questions or need clarification please call Andrea Watts at (360) 902-1026 or email andrea.watts@dnr.wa.gov. Thank you for your assistance and I look forward to hearing from you.

Sincerely,

Andrea Watts
