

Department of Natural Resources
 Rules Development Agenda
 January to June 2018

WAC CHAPTER OR SECTION	PURPOSE OF RULE BEING DEVELOPED OR AMENDED
332-08	DNR has the discretion to consider rule making changes related to insurance and security requirements; the program is currently evaluating whether or not this is necessary.
332-18-05004	Amending rule governing fines, base penalties schedule in relation to surface mine reclamation.
332-130-145	Creating a new section that provides requirements for the production of topographic maps prepared by a licensed land surveyor.
332-10	The 2017 Legislative amended portions of RCW 42.56.120 pertaining to fee charges for public record copies. EHB 1595 requires that a rule be in place if an agency needs to use the statutory public records fee schedule, rather than charging for actual costs. DNR lacks sufficient data to use the actual cost method this time. This rule specifies that DNR will utilize the Legislature's statutory default fee schedule. DNR has filed a proposed rulemaking under WSR 17-22-019 for these and other changes to WAC 332-10.
New WAC	A new rule will be written to implement RCW 78.44.087(5c) developing a standardized performance security formula.
New WAC	RCW 39.04.155 directs state agencies awarding small works contract to have procedures in place to solicit bids and award contracts.
