** Some Okanogan Co. We also have a directory of un-indexed images of BLA & LLS documents from 1973 to present.

*** For Mason Co. we have directories of un-indexed images of BLA & LLS documents from Nov 1991 thru 2002 and of SP documents No. 1 thru 2592.

For the following counties the PLSO had only scanned & indexed ROS's since 1994 till the dates noted below.

The PLSO has directories of un-indexed images for all recorded maps, which are retrievable by PLSO personnel:

Benton – BLA CONDO's & SP from 1994 to present. Starting August 2006 to present - plats, also.

Clark- SP's thru early 1993, ROS's from 1994 to present. Starting March 1998 to present-all recorded maps.

Kitsap - ROS from 1994 to present. Starting June 2001 to present – all recorded maps.

Pierce - ROS from 1994 to present. Starting January 2001 to present – all recorded maps.

The following counties have additional unique situations:

King – ROS's scanned & indexed from 1994 to present (Note: SP's & BLA's which were done in a map format, as opposed to a document format, are included in Book of "Surveys"). We also have directories of unindexed images for BLA documents from 1991-2005.

Starting February 2005 to present – all recorded maps.

Snohomish - ROS's & SP's scanned & indexed from 1994 to June 1998. Then ROS's only from June 1998 till November 2001. Starting November 2001 to present – all recorded maps

Walla Walla - ROS's scanned & indexed from 1994 to present. Then all recorded maps from February 2005 till September 2006. Since then, it is back to ROS's only.

NOTE: In the counties for which the PLSO has directories of un-indexed images, there may be some random older maps that have been put into the database for a variety of reasons, the most common of which are that an older map is being revised by a current map or that we found a copy of an old map in a private collection and we went to the un-indexed directory to retrieve the official image. These random maps are the exceptions to the date ranges as previously stated.

For the following counties, we have indexed BLA documents and some (but maybe not all) LLS & SP documents for the listed time periods:

Ferry – Dec 1995 to present

King – Feb 2005 to present

Mason – Jan 2003 to present

Thurston – Nov 1995 to present

Grays Harbor – Jan 2008 to present

Klickitat – Jan 1998 to present

San Juan – March 1998 thru Feb 2000

Whatcom – July 2007 to present

Island – Jan 2000 to present

Lewis – July 1996 to present

Snohomish – July 1995 to Nov 1998
