Cooperative Monitoring, Evaluation and Research Committee Tuesday, January 23, 2024 // 9:00AM – 3:20PM Virtual Only

Motions	
Motion	Move/Second (Vote)
December 2023 Meeting Minutes	Seconded:
	Joe Murray (Proxy for Julie Dieu)
	Up:
Motion:	Debbie Kay, Ash Roorbach (Proxy for Mark
Mark Meleason moved to approve the December	Mobbs), Hans Berge, Julie Dieu, Chris Mendoza,
2023 minutes with following edits.	Aimee McIntyre, Mark Meleason, A.J. Kroll,
	Harry Bell, and Jenny Knoth (Sent approval prior
	to meeting via email).
The motion passed	Absent:
Denote and Standards Managel (DSM):	Doug Martin Seconded:
Protocol and Standards Manual (PSM): Sections 6 and 7	Mark Meleason
Sections o and 7	Up:
Motion:	Debbie Kay, Hans Berge, Joe Murray (Proxy for
A.J. Kroll moved to approve Protocol and	Julie Dieu), Chris Mendoza, Aimee McIntyre,
Standards Manual (PSM): Sections 6 and 7.	Mark Meleason, A.J. Kroll, Harry Bell, and
	Jenny Knoth (Harry Bell Proxy).
	Absent:
The motion passed	Ash Roorbach (Proxy for Mark Mobbs)
Protocol and Standards Manual (PSM): Section	Seconded:
8	A.J. Kroll
	Up:
Motion:	Debbie Kay, Hans Berge, Joe Murray (Proxy for
Welles Bretherton moved to approve Protocol and	Julie Dieu), Chris Mendoza, Aimee McIntyre,
Standards Manual (PSM): Section 8.	Mark Meleason, A.J. Kroll, Harry Bell, Ash
	Roorbach (Proxy for Mark Mobbs), and Jenny
The motion passed	Knoth (Harry Bell Proxy).
Unstable Slopes Criteria Charter	Seconded:
Chistable Stopes Chierta Charter	A.J. Kroll
Motion:	Up:
Chris Mendoza moved to approve the Unstable	Debbie Kay, Hans Berge, Joe Murray (Proxy for
Slopes Criteria Charter.	Julie Dieu), Chris Mendoza, Aimee McIntyre,
	Mark Meleason, A.J. Kroll, Harry Bell, Ash
	Roorbach (Proxy for Mark Mobbs), and Jenny
The motion passed	Knoth (Harry Bell Proxy).

Action Items		
Action Items	Responsibility	
Protocol and Standards Manual (PSM): Sections 9 & 10 comments and edits due February 13 th . Review comments at 2/20 meeting. Final Approval at 3/26 meeting. PSM Chapter 9 and 10 revisions DUE 2 13 24.docx Pathway to document: CMER - CMER Review - PSM Chapter 9 and 10 revisions DUE 2 13 24	CMER Members	
Discuss what to do about Appendix A and Effectiveness definition	Co-chairs	
Outside Science review 30-day period January 16- February 13 th . Link to provide edits (via track changes): <u>Outside Science CMER Guidance Document.docx</u> Pathway to document: CMER - CMER Review - Outside Science CMER Guidance Document	CMER Members	
Create a folder for all outside science documents: <u>Outside Science Guidance Development</u> Materials	Lori Clark	

Welcome, Introductions, & Old Business

Aimee McIntyre, CMER co-chair

Aimee McIntyre took roll call

Ground Rules

- Welles Bretherton read: Acknowledge and appreciate the contributions of others, even when you disagree.
- A.J. Kroll read: Be well prepared: Be familiar with agenda and objectives.

Staff Updates

- Welles Bretherton introduced Jeff Robbins as a new Department of Ecology staff. FP monitoring.
- Lori shared some information from her diversity, equity, and inclusion training and that the way we communicate with each other in the AMP is very important. She reminded CMER that the diverse perspectives that are brought forward in the AMP is the key to the success of the program. Let's not let the very thing that was intended to bring strength to this program be the thing that gets in the way of good science being done.
- She directly requested that CMER participants try to consider tone of the delivery of communications. She explained that she has asked DNR staff to call out rude or condescending communications and she requested that all AMP participants consider offering reframes and/or gentle reminders when you hear. CMER should also consider tone when providing comments in documents, especially when the author is not a CMER or SAG member.
- Theryn Henkel gave an update on the CMER Statistician solicitation. She explained that this a work order-based contract. They are here for support not writing documents. Theryn Henkel will do the work order process and after the work order is complete the project manager will take over.

• OESF is using oxygen meters to test stream metabolism as an indicator. Lori will share the report with CMER.

Public Comments

No public comments

TFW Policy Updates

Brandon Austin gave an update on what was discussed at the January 2024 Timber Fish and Wildlife (TFW) Policy Committee meeting.

2023 Adaptive Management Program Review

Lori Clark shared the AMP Accomplishments and reviewed what was completed in 2023.

Protocol and Standards Manual (PSM): Sections 6 and 7

Lori Clark shared her screen and reviewed the unaddressed comments and edits starting at section 7.8. CMER had multiple discussions about each unaddressed comment and edit.

Protocol and Standards Manual (PSM): Section 8

Lori Clark shared her screen and reviewed the unaddressed comments and edits. CMER had multiple discussions about each unaddressed comment and edit.

"Effectiveness" Studies - CMER Work Plan Appendix A Update

Lori Clark explained that today CMER is to review current AMP definitions of "effectiveness" and discuss classification of current/future projects listed in CMER Work Plan, Appendix A. Red text notes potential edit in Appendix A for consideration/discussion. She shared the definitions of "effectiveness" and then shared Appendix A on her screen then explained the changes that were made. There was discussion on if there is a need to pinpoint a definition of effectiveness or not. It was decided that the co-chairs will meet and discuss next steps for the effectiveness definitions and revising the Appendix A.

Unstable Slopes Criteria Charter

Theryn Henkel shared the updated charter on the screen and reviewed the edits that were made. She explained that this is coming back to CMER for the second time as there was a request to expand on the "Project Objectives" section and is up for approval today.

Outside Science

Lori Clark gave a brief introduction and explained that we are asking for CMER's feedback on the Outside Science guidance document as well as the proposed timeline for CMER review. This is an SAO recommendation, that the board directed CMER to address it, Lori asked CMER co-chairs to take the first crack at this for CMER review/comment/revision. She also explained that Jenny Knoth is a co-author because the development of this guidance document was started over a year ago when she was co-chair and Aimee McIntyre took her place in working on this with A.J. Kroll. There was discussion on the 2013, "Use of Non-CMER Science in the Forest Practices Adaptive Management Program" and on what we mean by outside science. The review period for this document is January 16-February 13, 2024. Link to provide edits (via track changes): Outside Science CMER Guidance Document.docx. Lori created a folder for all background information related to the outside science guidance document development: Outside Science Guidance Development Materials. CMER will review the suggested edits and comments at the February CMER meeting. Lori will revise the timeline based on feedback received at the CMER meeting. **CMER SAG Updates:**

Each SAG reviewed the CMER SAG updates document, which was updated live as needed.
