

QUALIFIED EXPERTS LIST

The names listed below are those who have submitted their qualifications to DNR Forest

Practices for review, and appear to meet requirements for “qualified expert” under WAC 222- 10-030 (5). “*Qualified expert for the purposes of this section means a person licensed under chapter 18.220 RCW as either an engineering geologist or as a hydrogeologist (if the site warrants hydrologist expertise), with 3 years of field experience in the evaluation of relevant problems in forested lands.*”

An engineering geologist license is required to practice geology associated with forestry activities. To determine if a person’s engineering geologist license is current, check the Department of Licensing web site at

<http://www.dol.wa.gov/design/geofront.htm> and click on “**Professional Licensing Internet Query**”.

"Eng Geo" = engineering geologist license

"Hydrogeo" = hydrogeologist license, not usually necessary for forest practices work To acquire a specialty license, a geology license is required. All are licensed geologists.
