FREQUENTLY ASKED QUESTIONS

Q: What is the purpose of this cost-share program?

A: This program is intended to encourage eligible non-federal forest owners to implement practices which improve forest health and reduce the risk of damage from wildfire and insect infestation on forest lands in Eastern Washington.

Q: What kinds of things are eligible for cost-sharing?

A: Flammable brush control, non-commercial thinning, pruning, slash disposal, prescribed burning, and creation of wildfire “defensible space” around structures. Additionally, cost-share funds may be available for landowners who wish to hire a private consulting forester to prepare a Forest Stewardship Plan for their property for a fee – see additional information below.

Q: Who funds and administers the program?

A: The program is funded by federal wildfire hazard reduction and forest health grant funds from the USDA Forest Service and state forest health restoration funds appropriated by the Washington State Legislature. The program is administered by the Washington State Department of Natural Resources (DNR).

Q: Do I need to apply for cost-share funds in order to receive forest management advice from DNR?

A: No. Landowner Assistance Foresters, and a Statewide Wildlife Biologist, from DNR’s Forest Stewardship Program are available to provide forest management advice statewide. Forest owners can request assistance by contacting DNR Region Landowner Assistance Program Managers listed on Page 4.

Q: Is funding available throughout Eastern Washington?

A: Owners of eligible forest land in all eastern Washington counties (includes Skamania) may apply. However, the cost-share program is supported by a variety of different underlying federal and state funding sources. Grant funds which support the cost-share program are usually available for a limited amount of time and are often limited to a specific geographic area. Therefore, availability of funding may vary by location and is subject to change over time.

Q: Who qualifies for cost-sharing?

A: Generally, non-federal owners of forest land in eastern Washington are eligible to apply. Examples of eligible parties include individuals, families, tribes, organizations, companies not in the wood processing business, non-profit groups, youth camps, homeowners associations, and state, county, and local government entities. See additional information below.

Q: Is there a minimum acreage requirement?

No. There is no minimum ownership size or treatment acreage for brush control, thinning, pruning, and/or slash disposal projects. (There is a minimum acreage requirement if you are applying for a cost-shared Forest Stewardship Plan – see below).

Q: Is there a maximum acreage requirement?

A: Yes. Applicants must own no more than a total of 5,000 acres of forest land in the state of Washington to be eligible to apply for cost-share funds. (Public agencies and non-profit conservation organizations are exempt from the maximum acreage requirement).

Q: Does land need to be in a “forestry” property tax classification to qualify?

A: No. Forested land qualifies regardless of its property tax classification status.

Q: How much cost-sharing can a landowner receive?

A: Approved applicants are reimbursed for 50% of their total actual cost, not to exceed the maximum reimbursement rate shown in the enclosed Cost-Share Rate Schedule (see Pages 5 and 6).

Reimbursement is made at the rates in effect at the time the application was originally approved, regardless of the current rates in effect at the time the work is actually completed.

Q: Do I need to have a DNR-approved Forest Stewardship Plan to receive cost-sharing?

A: Properties of 40 or more forested acres require a DNR-approved Forest Stewardship Plan which meets Washington State Integrated Forest Management Plan Guidelines. Specifically, plan requirements and cost-share eligibility are:

Number of Forested Acres

<u>In the Ownership</u>	<u>Plan Required?</u>	<u>Cost-Share Available for Plan Development?</u>
Less than 20	No	No
20 or more but less than 40	No (optional at owner’s discretion)	Yes
40 or more acres	Yes	Yes

Exceptions to the Forest Stewardship Plan requirement:

- 1) Public agency, non-profit conservation organization projects, and multi-landowner group projects conducted under a Community Wildfire Protection Plan (CWPP) do not require a Forest Stewardship Plan.
- 2) The Forest Stewardship Plan requirement will be waived if cost-share funds are not currently available for plan preparation in the geographic area where the applicant’s land is located.

Q: Can I apply for cost-share funds for a Forest Stewardship Plan even if the plan is not specifically required in my case?

A: Yes, if the plan will cover at least 20 forested acres. There is no cost-sharing for plans on ownerships less than 20 acres. (This minimum acreage requirement applies only to cost-shared plans. There is no minimum acreage required to apply for cost-share funds for brush control, thinning, pruning, or slash disposal).

Q: Are there other terms, conditions, or requirements?

A: The terms, conditions, and requirements are listed on Pages 8 and 9. **BE SURE TO READ ALL OF THESE TERMS, CONDITIONS, AND REQUIREMENTS CAREFULLY AND COMPLETELY BEFORE SUBMITTING YOUR APPLICATION.** You will need to sign the application verifying that you have read, understand, and agree to these terms, conditions, and requirements.

Q: How do I apply?

A: You can apply online at <http://surveymonkey.com/s/dnrcostshare> or submit a copy of the enclosed application form (**Page 7 of this publication**) by fax, scan/e-mail, or US Mail directly to the appropriate DNR Region Landowner Assistance Program Manager below:

Q: Is there a designated application period?

A: No. You can apply anytime year around. Applications are approved continuously throughout the year as long as funds are available.

Q: If I've already started or completed a project, can I still qualify for funding?

A: No. All cost-shared plans and projects must receive written approval from the DNR before any work begins.

Q: Are there other cost-share programs available to forest landowners?

A: Yes. The Environmental Quality Incentive Program (EQIP) is available to farm, ranch, and non-industrial private forest landowners nationwide. EQIP is administered by the USDA Natural Resources Conservation Service (NRCS). EQIP can potentially fund a wide variety of forestry-related practices, however, eligible practices, and their relative priorities and probability of funding, may vary by locality. Contact the local NRCS office which serves the county in which your forest land is located for more information. (Listed under "US Department of Agriculture" in the federal government section of your phone book or go to their website: wa.nrcs.usda.gov).

Additionally, DNR administers two other financial assistance programs for small forest owners:

- Family Forest Fish Passage Program (FFPPP) – Funds projects to remove barriers to fish passage on forest roads. Program Manager: (360) 902-1404. laurie.cox@dnr.wa.gov
- Forestry Riparian Easement Program (FREP) – Helps compensate small forest owners for the value of timber which, by state law, must be left unharvested to protect riparian areas, fish habitat, and water quality. Program Manager: (360) 902-1427. daniel.pomerenk@dnr.wa.gov

Q: Can I use cost-share funds from this program in conjunction with other federal cost-share or financial incentive program funds for the same project?

A: Other federally funded programs (e.g. EQIP) cannot be used to pay for the same practices on the same acres as this program. Other federally-funded programs may be used on other parts of your ownership and/or to fund practices entirely different from those funded by this program.

Q: Who can I contact if I have questions or need more information?

A: You can contact your DNR Landowner Assistance Forester through the Region Office which serves the area where your land is located.

BR-2: Brush control (heavy)	50% of cost, not to exceed \$125.00/acre
TH-1: Non-commercial thinning (cut <500 trees/ac)	50% of cost, not to exceed \$145.00/acre
TH-2: Non-commercial thinning (cut 501-1,000 trees/ac)	50% of cost, not to exceed \$175.00/acre
TH-3: Non-commercial thinning (cut 1001-2000 trees/ac)	50% of cost, not to exceed \$225.00/acre
TH-4: Non-commercial thinning (cut 2001+ trees/ac)	50% of cost, not to exceed \$270.00/acre
PR-1: Pruning (standard – up to 10’)	50% of cost, not to exceed \$170.00/acre
PR-2: Pruning (increased difficulty – over 10’ or large limbs)	50% of cost, not to exceed \$225.00/acre
PB-1: Prescribed Broadcast Burn	50% of cost, not to exceed \$195.00/acre
SL-1: Slash Disposal (light)	50% of cost, not to exceed \$175.00/acre
SL-2: Slash Disposal (medium)	50% of cost, not to exceed \$290.00/acre
SL-3: Slash Disposal (heavy)	50% of cost, not to exceed \$400.00/acre
SL-4: Slash Disposal (extremely heavy)	50% of cost, not to exceed \$475.00/acre

COST-SHARE RATE SCHEDULE (CONTINUED)

FOREST STEWARDSHIP PLANS

Plan required if property is 40 or more forested acres (specific exceptions may apply – see details on Pages 3 and 8)

New Forest Stewardship Plans, prepared by a private sector natural resource professional acceptable to DNR, are reimbursed at 50% of actual cost, not to exceed the amounts shown below. Revision of existing plans (less than 10-years old) is also cost-shared at 50%, however, the maximum cost-share amount is less for a revised plan than for a new plan. Replacement of an existing plan which is older than 10 years is considered a “new” plan.

The following are **NOT** eligible for cost-sharing:

Plans on properties with less than 20 forested acres; plans prepared by persons with an ownership interest in the property, plans resulting from Forest Stewardship Coached Planning Shortcourses, plans prepared by public employees; plans completed prior to approval of application; plans not meeting written Forest Stewardship Plan Guidelines; and plans prepared for ineligible ownerships.

Acres Covered by Plan

<u>< 20 acres</u>	<u>New Plan</u>	<u>Revised Plan</u>
PL-1: 20-100 acres -- 50% of cost, not to exceed	No cost share	No cost share
PL-2: 101- 250 acres – 50% of cost, not to exceed	\$ 900 per plan	\$ 500 per plan
PL-3: 251- 500 acres – 50% of cost, not to exceed	\$1,100 per plan	\$ 800 per plan

Forest Landowner Cost-Share Program Terms, Conditions, and Requirements For Applications Approved October 1, 2017 through September 30, 2018

Landowner Eligibility Requirement

The applicant must be a non-federal owner of forest land in eastern Washington.

Minimum Ownership Requirement

There is no minimum acreage required to apply for forest health improvement/wildfire hazard reduction practices. (There is a minimum acreage if you are applying for cost-sharing to hire a consulting forester to develop a Forest Stewardship Plan for your property – see below).

Maximum Ownership Limit

The applicant must own no more than a total of five thousand (5,000) forested acres in the state of Washington. (Public agencies and non-profit conservation organizations are exempt from the maximum acreage limitation).

Maximum Cost-Share Payment

The maximum total potential cost-share that you can be paid will be stated in your approval letter. Assuming all conditions of the program are met, you will be paid either 50% of your total documented cost –OR- the “not to exceed” rate stated in your approval letter, whichever amount is less. If you complete less work than you were originally approved for, your payment will be proportionately less.

Minimum Treatment Acreage

There is no minimum treatment acreage.

Maximum Treatment Acreage

There is no maximum treatment acreage.

Matching Funds Requirement/Other Cost-Share and Financial Incentive Programs

Cost-share recipients must provide written documentation that they have provided a non-federal match for the funds they receive. Other federally-funded cost-share or financial incentive programs (e.g. EQIP) cannot be used to fund the same practices on the same acres as this program.

Prior Written Approval Requirement

Formal written approval from DNR is required before any work begins.

Forest Stewardship Plan Requirement

A DNR-approved Forest Stewardship Plan is required for ownerships with 40 or more forested acres.

Exceptions to the above requirement may be made for: a) multi-owner projects being conducted under a Community Wildfire Protection Plan; b) public ownerships c) non-profit conservation organizations with a management plan acceptable to DNR, or d) when there are not adequate funds available to cost-share the preparation of a Forest Stewardship Plan.

Eligibility of Forest Stewardship Plans for Cost-Sharing

Plans are eligible for cost-sharing if they meet these criteria: 1) Plan is approved by DNR as meeting current Washington State Integrated Forest Management Plan Guidelines 2) Plan covers at least 20 forested acres, 3) Plan is prepared, for a fee, by a private sector natural resource professional acceptable to DNR. Plans prepared by persons with an ownership interest in the property are not eligible for cost-sharing. Plans prepared through participation in the Forest Stewardship Coached Planning Shortcourse are not eligible for cost-sharing.

Practices Must Meet Specifications

Cost-shared practices must meet written specifications provided, or approved, by DNR. Any change in specifications or practice extents requires written approval in advance from DNR. The applicant is responsible for having, and understanding, written practice specifications before any work commences.

Non-Commercial Requirement

Cost-share payments are limited to non-commercial operations in which there was a net cost to the landowner to complete the work. In mixed stands, containing both commercial and non-commercial sized trees, only that portion of the acreage occupied by non-commercial trees is eligible.

Slash Disposal

If slash (forest debris) disposal is included in the cost-share approval, the slash must be disposed of according to specifications (e.g. piled and burned, masticated (ground up), chipped, or removed from the site. If slash is disposed of by piling and burning, the piles must be burned before the practice expiration date. Unburned slash piles are not eligible for cost-share reimbursement. Disposal of slash created by commercial harvest is not eligible for cost-sharing, with the following exceptions: 1) In mixed stands containing commercial and non-commercial sized trees, only that portion of the slash resulting from non-commercial trees is eligible. 2) Slash treatment following commercial harvest is eligible in cases where the land has been sold and the new owner (cost-share applicant) did not receive a financial benefit from the harvest.

Practices Must Meet Permit and Regulatory Requirements

The applicant is required to comply with all appropriate legal requirements, including obtaining appropriate permits (e.g. approved forest practices application) when required. No cost-share funds will be paid for any practice implemented without proper permits, or for any practice which is out of compliance with regulatory requirements at the time of completion.

Cost Documentation Requirement

The applicant must provide DNR with acceptable written documentation (e.g. receipts from contractors and suppliers and/or time logs for do-it-yourself work) of costs incurred for each practice category for which cost-sharing is to be paid. Landowners may charge up to \$25 per hour for do-it-yourself labor, for which they will be reimbursed at 50% up to \$12.50/hour with total reimbursement not to exceed the stated per acre maximums.

Timely Completion Requirement

Cost-shared practices must be completed, and reported to DNR, no later than the completion deadline stated in the application approval letter, at which time the approval expires and no cost-sharing will be paid. Applications cannot be renewed or extended.

Practice Maintenance Requirement

Cost-share recipients are required to maintain cost-shared practices in a fully viable condition for a period of 15 years. Failure to meet this obligation may require the applicant to repay the government for all, or part, of the cost-share funds received. The landowner is not liable for practice failures caused by events or circumstances beyond their control. There is no obligation whatsoever after the 15 year period.

Property Access

Applicants agree to allow DNR staff, or persons authorized by DNR, access to the property to determine cost-share needs, feasibility, and specifications; certify practice completion; and to determine compliance with the practice maintenance requirement. There is no requirement to allow public access to your property.

Submission of Forms and Payment Disclosure

Upon practice completion, cost-share claimants are required to submit forms on which disclosure of the claimant's Social Security Number, or federal Employer Identification Number, is required. Payees must submit Washington State Payee Registration forms, or have an existing valid Payee Registration on file with the Washington State Department of Enterprise Services, before payment can be issued. DNR will provide the necessary forms upon project completion and can submit them on your behalf if you desire. The State of Washington may be required to report your cost-share payment to the IRS in compliance with that agency's regulations.

PLEASE SIGN THE BOTTOM OF PAGE 7 VERIFYING THAT YOU UNDERSTAND AND AGREE TO THE ABOVE TERMS, CONDITIONS, AND REQUIREMENTS.
