

# Process for ordering seedlings for the 2021–22 planting season

***From August 1 to August 31, 2021*** – Submit your seedling request by completing the order form (page 2) and mailing or emailing to Webster Forest Nursery.

**It is the responsibility of the customer to choose a desired pick-up or shipping date (starting in the third week of December, depending on weather conditions).**

**Please include billing or shipping address if applicable.**

- 1 Seedling registration form must be received prior to 3 p.m. Tuesday, August 31, 2021.
2. The maximum quantity of seedlings per order will be determined based on the seedling inventory and the number of customers on the seedling register to ensure that all pre-registered customers receive trees.
3. Beginning September 1, 2021, customers will be contacted by their preferred method in the order of the randomized list to place their order. If we are unable to contact you, we will leave a message and it will be your responsibility to get back to us.
4. After all the registered customers have had an opportunity to order seedlings, then the quantity limits will be increased and customers can order additional seedlings on a first-come, first-served basis. Check the Webster Forest Nursery website on October 1, 2021, for more information: [dnr.wa.gov/programs-and-services/forest-resources/webster-forest-nursery](https://dnr.wa.gov/programs-and-services/forest-resources/webster-forest-nursery)

***If you have not heard back from the Nursery after two weeks, please contact the nursery to check on your order status.***
