CATALOG OF RESEARCH AND MONITORING

EFFECTS OF MANAGEMENT ON SPECIES HABITAT

June 2008
Effects of Management on Riparian Species Habitat

Federal Agencies

**NOAA Fisheries, Northwest Fisheries Science Center**

**Effects on Summer Stream Temperature**

**US Fish and Wildlife Service, Pacific Region**

**Effects on the Quinault Indian Reservation**

**US Forest Service, Regional Ecosystem Office**

**Adequacy of NWFP Riparian Reserves**

**NWFP Aquatic and Riparian Effectiveness Monitoring**

**NWFP Interagency Regional Monitoring**

**State Agencies**

**Salmon Recovery Funding Board**

**Monitoring the Effectiveness of Habitat Protection Projects**

*Washington State Department of Natural Resources, Land Management Division*

**Assessing Windthrow in Riparian Buffers**

**Bookman Creek Wetlands Hydrology Project**

**Effectiveness Monitoring of Unstable Slopes**

**North Fork Calawah Riparian Restoration**

Riparian Silviculture Effectiveness Monitoring

**Washington State Department of Natural Resources, Forest Practices Division**

Effectiveness of Forest Practices on Sediment Production

Effects of Hardwood Conversion on Stream Temperature

Effects on Deep-Seated Landslides

Effects on Sediment-Related Water Quality

Hydrologic Impact of Forest Roads at Various Scales

Recovery of Selective Salmonid Habitat Attributes

**Riparian Desired Future Condition Targets**

**Type N Stream Experimental Buffer Treatments**

**Watershed Analysis Monitoring Pilot Project**

**Tribal Governments**

**Hoh Indian Tribe**

**Effects of Debris Flows on Benthic Habitat**

**Effects of Logging on Stream Temperatures**

**Northwest Indian Fisheries Commission**

**Effects on Summer Stream Temperatures**

**Recovery of Riparian Habitat Attributes**

**TFW Effectiveness Monitoring Program**

**Private Timberlands**

**Green Crow**

**Effects on Fine Sediment**

**Non-Government Organizations**

**10,000 Year Institute**

**Effects on Groundwater and Heat Transport**

Academic Institutions

The Evergreen State College

Effects of Forest Regulations on Salmon Habitat

University of Washington

Effects of Partial Harvesting

Effects of Riparian Disturbance on Seston

Effects of Stream Canopy Removal

Effects on Benthic Community Structure

Effects on Sediment Discharge

Effects on Stream Channel Condition

**Long-Term Cumulative Effects on Water Quality**

**Non-Point Source Pollution in Forested Streams**

**Sediment Production from Gravel Surfaced Roads**

**Windthrow in Managed Riparian Buffers**

**Western Washington University**

**Effects of Logging on Spawning Gravel**

**Groundwater Hydrology of Forested Hillslopes**

Research Cooperatives

National Council for Air and Stream Improvement

Effects on Riparian Zone Features and Function

Effects on Water Quality and Hydrology

Effects of Management on Spotted Owl Habitat

Federal Agencies

US Forest Service, Regional Ecosystem Office

NWFP Interagency Regional Monitoring

NWFP Northern Spotted Owl Effectiveness Monitoring

State Agencies

**Washington State Department of Natural Resources, Land Management Division**

**Analysis of Biodiversity Pathway Concepts**

**Forest Landscape Management Project**

**Fungal Innoculations to Promote Cavity Excavation**

**Olympic Young Stand Thinning Study**

Private Timberlands

**Green Crow**

**Effects on Small Mammals Populations**

**Rayonier**

**Snag Development Using Fungal Innoculations**

**Academic Institutions**

**Peninsula College**

**Rainey Ridge Habitat Development Study**

**University of Washington**

**Accelerating the Development of Spotted Owl Habitat**

**Effects on Coarse Woody Debris**

Effects of Management on Marbled Murrelet Habitat

Federal Agencies

US Forest Service, Regional Ecosystem Office

NWFP Interagency Regional Monitoring

NWFP Marbled Murrelet Effectiveness Monitoring
