NATURAL RESOURCES

Attention DNR Timber Purchasers

DNR Auction Announcement – August 8, 2018

Timber Sales Early Preview Packets

Many purchasers have requested that DNR provide early preview packets to plan effectively for months when higher volumes are offered. To begin meeting this customer request, the [October 2018 auction page](#) has been populated with sales proposed for auction in October. Each proposed sale has a *DRAFT* preview packet containing a notice of sale, sale maps, and cruise packet. IF YOU CHOOSE TO USE THESE PREVIEW DOCUMENTS BEFORE THE SALES ARE APPROVED BY THE BOARD OF NATURAL RESOURCES (BNR), PLEASE BE AWARE:

- The documents are provided only to allow potential bidders early access. These documents are still being reviewed by DNR and will change.
- Sales may be withdrawn from or added to the current list.
- You are advised to contact the Management Forester in the region where each sale is located for more specific information.

Once early preview sales listed on monthly auction pages are approved by the BNR, a full final packet will be posted for each sale. BNR Approval for October 2018 timber sales is scheduled for September 4, 2018.

We aim to continue this early preview process moving forward and announcements will be sent when a month's early preview documents are available.
