4.1 DETERMINATION OF RESPONSIVENESS

All Responses received by the stated deadline will first be reviewed by the Procurement Coordinator to ensure that the Responses contain all of the information required in this IFB. Only responsive Responses that meet the requirements will be forwarded for further review. Any Response that does not contain all of the required information or any Bidder who does not meet the mandatory qualifications will be rejected as non-responsive, and will be removed from further evaluation. However, the Procurement Coordinator has the right to waive, and/or seek correction of minor informalities that do not alter the content of the Response.

The evaluation process is designed to award a contract to the Bidder with the best price for each sort that can accept products within the designated timeframe.

4.3 SELECTION OF APPARENT SUCCESSFUL BIDDER

Note: The Bidder meeting all responsive criteria and having the price for each sort will be selected as the Apparent Successful Bidder (ASB).

State Parks will notify the Apparent Successful Bidder, and the non-successful Bidders, via email, using the email address provided by the bidder in the bid.

4.4 ANNOUNCEMENT OF APPARENT SUCCESSFUL BIDDER

Following the announcement of the ASB, Bidders may request a Debrief conference. The Bidder will have a short period of time to request the Debrief conference. NOTE: a Debrief conference is a mandatory prerequisite for any Bidder desiring to protest the award.

5 DEBRIEF AND PROTESTS

5.1 DEBRIEFING OF UNSUCCESSFUL BIDDERS

Bidders who submitted a Response will be given the opportunity for a debriefing conference. The Procurement Coordinator must receive the request for a debriefing conference within three (3) business days after the Announcement of Apparent Successful Bidder has been sent. The debriefing shall be held within three (3) business days of the request.

Discussion will be limited to a critique of the requesting Bidder's Response including the factors considered in the evaluation of that Response and the Bidder's performance with regard to the solicitation requirements. Comparisons between Responses or evaluations of the other Responses will not be allowed. Debriefing conferences may be conducted in person or on the telephone and will be scheduled for a maximum of thirty (30) minutes.

5.2 PROCUREMENT RECORDS DISCLOSURE

After the Announcement of Apparent Successful Bidder, a Bidder may request copies of the solicitation and evaluation documents or may inspect the solicitation and evaluation documents in order to make a decision about the efficacy of making a protest. Such request must be in writing and sent to the Procurement Coordinator. State Parks will respond within five (5) business days of receipt of the request.

The requested documents will either be sent to or made available to the requesting Bidder, except for any portions of the documents that have been identified as Proprietary Information. State Parks will follow the process set forth in Section 6.13 Public Disclosure & Proprietary Information, before disclosing any portions of Responses that have been identified as Proprietary Information.

If more time is needed, State Parks will inform the requestor of the date the requested documents will be available.

5.3 PROTESTS

Bidders protesting this procurement shall follow the procedures described in below. Protests that do not follow these procedures shall not be considered. This protest procedure constitutes the sole administrative remedy available to the Bidder under this procurement. State Parks will not accept any protest before the announcement of the Apparent Successful Bidder.

The protest procedure is only available to Bidders who submitted a response to this IFB and who have participated in a debriefing conference. State Parks must receive a protest within five (5) business days of the debriefing.

5.4 GROUNDS FOR PROTEST

A protest may be made based only on the following grounds:

- A matter of bias, discrimination, or conflict of interest on the part of an evaluator;
- Errors in computing the scores; or
- Non-compliance with the procedures established in this Procurement document.

Protests not based on these grounds will not be considered. Protests will be rejected, by the Procurement Coordinator, as without merit if they address issues such as: 1) An evaluator's professional judgment on the quality of a Response, or 2) State Parks' assessment of its own needs or requirements.

5.5 PROTEST FORM AND CONTENT

A Protest must state all of the facts and arguments upon which the Protest is based, and the grounds for the Protest. It must be in writing and signed by a person authorized to bind the Bidder to a contractual relationship. At a minimum, the Protest must include:

- The name of the protesting Bidder, mailing address and phone number, and the name of the individual responsible for submission of the Protest;

- A detailed and complete statement of the specific State Parks actions under Protest;
- The grounds for the Protest;
- Description of the relief or corrective action requested.

- Bidder may attach supporting documentation to their Protest as they deem necessary and proper.

5.6 SUBMITTING A PROTEST

Protests must be in writing, must be signed by the Bidder and must be received by the State Parks Procurement Coordinator at the address below within five (5) Business Days after the debriefing conference. All protests shall be emailed to Manuel Iglesias, Procurement Coordinator as follows:

Email: contractsandprocurement@parks.wa.gov

The subject Line: IFB #921-223: Protest by [Your firm's name].

Upon State Parks' receipt of a protest, a review and investigation will be conducted by a neutral party that had no involvement in the evaluation and award process. The reviewer will conduct an objective review of the Protest, based on the contents of the written Protest and the IFB and any amendments, the Responses, all documents showing evaluation and scoring of the Responses record and any other pertinent information and issue a decision within ten (10) business days of receipt of the protest, unless additional time is needed. If additional time is needed, the protesting Bidder will be notified of the delay.

State Parks will make a final determination on the protest; in accordance with such findings, State Parks will:

Find the protest lacking in merit and uphold State Parks' action.

Find only technical or harmless errors in State Parks' acquisition process and determine State Parks to be in substantial compliance and reject the protest.

Find merit in the protest and provide State Parks options which may include:

- that State Parks correct the errors and re-evaluate all Responses;
- that State Parks reissue the IFB document and begin a new process;
- other courses of action as appropriate

If the reviewer determines that the protest is without merit, State Parks may enter into a contract with the Apparent Successful Bidder. If the protest is determined to have merit, State Parks will take the appropriate alternative as noted in the preceding paragraph.

6 ADDITIONAL GENERAL PROVISIONS FOR ALL BIDDERS

6.1 ANNOUNCEMENT AND SPECIAL INFORMATION

By responding to this IFB, a Bidder acknowledges they have read and understand the entire IFB and accepts all information contained within the IFB without modification.

6.2 CONTRACTING WITH CURRENT OR FORMER STATE EMPLOYEES

Specific restrictions apply to contracting with current or former state employees pursuant to chapter 42.52 of the Revised Code of Washington (RCW). Those restrictions also apply to any Bidder submitting a Response under this IFB who has hired a former state employee. Bidders should familiarize themselves with the requirements prior to submitting a Response that includes current or former state employees.

6.3 AMENDMENTS TO THE IFB

State Parks reserves the right to revise this IFB. All changes will be made by written amendment. All official amendments will be posted in WEBS and will automatically become

incorporated as part of this IFB. If there are any conflict between amendments, or between an amendment and the IFB, whichever document was issued last in time will be controlling.

Amendments will be made in consideration to the overall timeline; State Parks will determine whether extensions to the timeline are necessary.

6.4 RESPONSIVENESS OF BIDDER'S RESPONSE

Each Bidder is specifically notified that failure to comply with any part of the solicitation may result in rejection of their Response as non-responsive. Rejected, non-responsive Responses will not be scored. State Parks will not be liable for any errors or omissions in Bidder's Response. Bidders will not be allowed to alter their Response after the Response Submission Deadline.

It is the responsibility of each Bidder to carefully read, understand, and follow all the instructions contained in this IFB, and in any future amendments. If a Bidder does not fully understand any Response requirement, said Bidder should submit an inquiry to the Procurement Coordinator. Bidders are hereby notified that failure to comply with any solicitation requirement may result in the Response being rejected as non-responsive. State Parks reserves the right to waive any administrative, minor irregularity in a Response, but it is not required to do so.

6.5 CLARITY AND CLARIFICATIONS

State Parks will make the sole determination of clarity and completeness of the Responses. No Response may be altered or amended after the submission deadline; however, State Parks reserves the right to contact a Bidder for clarification of responsive contents if necessary. NOTE: This clarification process is only used to clarify information that was contained within the Response; it is not a means of providing or incorporating new information that was otherwise not initially included. Evaluators have no obligation to seek or request a clarification; they may evaluate the response as provided.

6.6 COST OF RESPONSE PREPARATION

State Parks will not reimburse Bidders for any costs associated with preparing or presenting a Response to this solicitation.

State Parks will not be liable for any costs incurred by the Bidder in preparation or presentation of a responsive Response to this IFB.

State Parks will not pay for any costs accrued prior to a mutually executed contract resulting from this IFB.

6.7 OWNERSHIP OF RESPONSES

All Responses and materials submitted in response to this IFB become the property of State Parks. State Parks has the right to use information or adaptations of information that is presented in a response, unless the information is marked "Proprietary" and is not: (1) already known to State Parks prior to receipt of the information in the Response or materials submitted in response to this IFB, (2) subsequently disclosed to State Parks by a third party who has the lawful right to make such disclosure, or (3) lawfully publicly available. Selection or rejection of the offer will not affect this right.

6.8 FINAL SELECTION & NO OBLIGATION

State Parks reserves the right, at its sole discretion, to reject all responses without penalty and not to issue a contract as a result of this solicitation. State Parks further reserves the right to cancel or reissue this IFB prior to execution of a contract, if it is in the best interest of State Parks to do so, as determined by State Parks in its sole discretion.

6.9 INCORPORATION OF RESPONSE IN CONTRACT

The Bidder's response, including all promises, warranties, commitments, and representations made in the successful Response, are binding and shall be incorporated by reference into State Parks' contract with the Bidder.

6.10 AGREEMENT TO STATE PARKS CONTRACT TERMS AND CONDITIONS

Attached as Exhibit A is a draft document that includes State Parks' contract terms and conditions. These terms and conditions will be incorporated into the final contract between State Parks and the Apparent Successful Bidder. Each Bidder's submission of its Response confirms that Bidder's consent to these terms and conditions.

6.11 STATEWIDE VENDOR PAYMENT REGISTRATION

Bidders are urged to be registered in the Statewide Vendor Payment system, prior to submitting a request for payment under this Contract. The Washington State Office of Financial Management (OFM) maintains a central Bidder registration file for Washington State agencies to process Bidder payments.

To obtain registration materials go to the Statewide/Vendor Payee Services (SWPS) website at <https://ofm.wa.gov/it-systems/statewide-vendorpayee-services> . The registration form has two parts. Part 1 is the information required to meet the above registration condition. Part 2 allows State Parks (and other state agencies) to pay invoices electronically with direct deposit. This is the most efficient method of payment and vendors are encouraged to sign up.

6.12 MINORITY WOMEN OWNED AND VETERAN OWNED BUSINESS ENTERPRISES

In accordance with the legislative findings and policies set forth in chapter 39.19 RCW, and RCW 43.60A.200 and 39.22.240, the State of Washington encourages participation by veteran owned business enterprises and Minority & Women Owned Business Enterprises (MWBE), either self-identified or certified by, respectively, the Department of Veterans Affairs or the Office of Minority & Women's Business Enterprises (OMWBE). While the State does not give preferential treatment, it does seek equitable representation from the veteran owned business and minority and women's business communities.

Participation by veteran owned and MWBE Bidders may be either on a direct basis in response to this IFB or as a Sub-bidder to a prime Bidder. However, no preference will be given in the evaluation of Responses, no minimum level of MWBE or veteran-owned business participation shall be required, and Responses will not be evaluated, rejected or considered non-responsive on that basis.

Bidders may contact the Office of Minority & Women's Business Enterprises (OMWBE) at <https://omwbe.wa.gov/about-omwbe/contact-us-directions> and/or the Department of Veterans Affairs at <http://www.dva.wa.gov/program/certified-veteran-and-servicemember-owned-businesses> to obtain information on certified firms for potential sub-contracting arrangements or for information on how to become certified.

6.13 PUBLIC DISCLOSURE & PROPRIETARY INFORMATION

State Parks is subject to the Public Records Act, chapter 42.56 RCW. Bid submissions and evaluations may not be disclosed while the IFB is pending (RCW 39.26.030); however, all of the submissions and evaluations may be disclosed after the announcement of the Apparent Successful Bidder. Portions of a Bidder's Response may be protected from disclosure through the process set forth below.

If a Bidder wants to protect any Proprietary Information that is included in its response, the information must be clearly identified by Bidder as Proprietary Information. Each page containing information that is claimed to be exempt from disclosure must be clearly identified by the word "Proprietary" printed on the lower right-hand corner of the page.

Any attempts to overly restrict disclosure through use of footers on every page and/or other like statements restricting disclosure will not be honored and may subject Bidder to disqualification.

State Parks will maintain the confidentiality of all information marked Proprietary to the extent consistent with the Public Records Act. If a public disclosure request is made to view Bidder's Proprietary Information, State Parks will notify the Bidder of the request and of the date that the Proprietary Information will be released to the requester unless the Bidder obtains a court order from a court of competent jurisdiction enjoining that disclosure. If the Bidder fails to obtain the court order enjoining disclosure, State Parks will release the Proprietary Information, on the date specified.

State Parks sole responsibility shall be limited to maintaining the Bidder's true and actual Proprietary Information in a secure area and to notify Bidder of any request(s) for disclosure for so long as State Parks retains Bidder's information in State Parks records. Failure to so label such materials or failure to timely respond after notice of request for public disclosure has been given shall be deemed a waiver by Bidder of any claim that such materials are exempt from disclosure.

Bidder may seek the information from all other Responses once the Apparent Successful Bidder is announced.

6.14 CIVIL RIGHTS COMPLIANCE

The Director of the Washington State Parks and Recreation Commission, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all Bidders will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of the owner's race, color, national origin, sex, age, disability, income-level, or LEP in consideration for an award. State Parks will also affirmatively ensure that any contract entered into pursuant to this solicitation will require full incorporation of these rights in relation to all employees, personnel, and agents of the Bidder.

P-036.2 Missorts and Payment Reduction for Delivered Forest Products

Forest Products delivered that do not meet the sorting specifications in G-022.2 where species are incorrect, are scaled over 1” outside the listed diameter specifications, or ponderosa pine with blue stain are considered mis-sorts.

However, when mis-sorted Forest Products amount to more than 3% of the total delivered sort volume, Purchaser may request approval for payment reduction for delivered volume exceeding the mis-sort threshold.

Requests for payment reduction must be submitted to the State in writing prior to contract expiration. Eligibility for mis-sort payment reduction is subject to State approval and shall be determined by the State’s delivered product analysis. Forest Products determined by the State eligible for mis-sort price reduction are not eligible for any other price adjustments.

Payment reduction for Forest Products deemed mis-sorted will be calculated as follows:

$$\text{Payment Reduction} = (B \times M) \times R$$

Where:

B = Bid rate from P-028.2 clause

M = Mis-sorted volume exceeding threshold excluding utility

R = Reduction factor

0.3 for mis-sort except for blue stain

0.4 for mis-sort related to blue stain

Third party scaling organization information is required to determine Scribner mbf for payment reduction purposes. Value will be derived from the applicable sort value as described in this contract.

Purchaser’s exclusive remedy for mis-sorts shall be the payment reduction described in this clause, notwithstanding other provisions in the Uniform Commercial Code

P-037.2 Mismatch and Payment Reduction for Delivered Forest Products

Forest Products delivered that do not meet preferred log length specifications or multiples or combinations of preferred lengths and Forest Products delivered not meeting minimum log quality specifications as described in the G-024.2 clause are considered mis-manufactured. However, when mis-manufactured Forest Products amount to more than 5% of the total delivered sort volume, Purchaser may request approval for payment reduction for delivered volume exceeding the mis-manufacture threshold.

Requests for payment reduction must be submitted to the State in writing prior to contract expiration. Eligibility for mis-manufacture payment reduction is subject to State approval and shall be determined by the State’s delivered product analysis. Forest Products determined by

the State eligible for mis-manufacture price reductions are not eligible for any other price adjustments.

Payment reduction for Forest Products deemed mis-manufactured will be calculated as follows:

$$\text{Payment Reduction} = (B \times M) \times (0.2)$$

Where:

B = Bid rate from P-028.2 clause

M = Mis-manufactured volume exceeding threshold excluding utility

Third party scaling organization information is required to determine Scribner mbf for payment reduction purposes. Value will be derived from the applicable sort value as described in this contract.

Purchaser's exclusive remedy for mis-manufacture shall be the payment reduction described in this clause, notwithstanding other provisions in the Uniform Commercial Code.

P-039.2 Tonnage Sort Payment Reduction Requirements

Purchaser must provide a plan in writing, acceptable to the State, to acquire third party Scribner mbf scaling information in order to be eligible for a payment reduction for a tonnage sort according to clauses P-036.2 or P-037.2. Logs delivered and accepted by the Purchaser prior to the State's acceptance of Purchaser's written payment reduction plan are not eligible for payment reduction.

Failure of Purchaser to provide sample scale data in a timely, accurate and legible basis will void an approved sample scale plan.

An approved payment reduction plan can be voided at the sole discretion of the State.

For the purpose of tonnage sort payment reduction requests, preferred log lengths for tonnage sawlog sorts shall include the following plus any additional lengths identified in clause G-022.2:

Species Type	Preferred Lengths
Conifer Sorts	16', 20', 24', 26', 32', 40'

may be consolidated for all the sorts. Acceptable payment security includes cash, certificate of deposit assignment, payment bond, savings account assignment, or irrevocable bank letter of credit.

The amount of payment security shall be determined by the State. The amount of payment security shall represent at least 30 days value of forest product deliveries. Payment security for products delivered will be used to guarantee payment to the State for late or non-payments.

If at any time the State determines that the security has become unsatisfactory or a demand is made against the payment security, the Purchaser agrees to increase the amount or replace the security with one acceptable to the state within 30 days.

P-050.2 Billing and Payment Procedure for Forest Products Delivered

The State will compute and forward to Purchaser a billing statement of charges for forest products delivered during the billing period at the delivered rate shown in P-028.2 clause. After receipt of the billing statement, Purchaser's payment must be received by the Washington State Parks and Recreation Commission on or before the due date shown on the billing statement. Purchaser agrees to make payment, payable to the Washington State Parks and Recreation Commission. Failure to pay on time for forest products delivered is considered a breach of contract.

Included with the billing statement will be a summary report for the billing period compiled by the State or their log and load reporting service.

The State will adjust final billings to account for any State approved payment reductions.

P-080 Payment Account Refund

Advance payments made under P-045 or P-045.2 remaining on account above the value for the charges shall be returned to Purchaser within 30 days following the final report of charges. Refunds not made within the 30 day period will accrue interest at the interest rate, as established by WAC 332-100-030, computed on a daily basis until paid.

The State reserves the right to revoke the authorization of previously approved measurement locations.

Section D: Damages

D-010.1 Liquidated Damages

The clauses in the DAMAGES section of this contract provide for the State's payments to the Contractor to be reduced for certain breaches of the terms of this contract. These offsets are agreed to as liquidated damages for the Contractor's breach, and are not penalties. They are reasonable estimates of anticipated harm to the State caused by the Contractor's breach. The

State and Contractor agree to these liquidated damages provisions with the understanding of the difficulty of proving loss and the inconvenience or infeasibility of obtaining an adequate remedy. These liquidated damages provisions provide greater certainty for the Contractor by allowing the Contractor to better assess its responsibilities under the contract.

D-027.2 Failure to Accept Forest Products Sold

Purchaser's failure to accept all or part of the forest products sold in this agreement prior to expiration or completion of the contract results in substantial injury to the State. Except for reasons other than 'Force Majeure' (G-056.2), either section a. or b. below will apply as determined by the State.

- a. When Purchaser's refusal to accept forest products does not prevent further harvesting operations, or forest products can be re-sold to another buyer acceptable to the State, Purchaser shall be liable for and pay State for actual damages plus costs, as determined by the State associated with the administration and re-sale of forest products not accepted by Purchaser under the terms of this contract.
- b. When Purchaser's refusal to accept forest products causes a stoppage of the State's harvesting operations and prevents the State from further harvest of the sale area, the actual damage to the State and associated costs are difficult to assess. The remaining value of all the forest products left in the sale area once the stoppage occurs is not readily ascertainable. Purchaser's failure to perform disrupts the State's management plans. Therefore, Purchaser agrees to pay the State as liquidated damages, a sum calculated using the following formula:

$$LD = (.35V-I) + C+ A - P$$

Where:

LD = Liquidated Damages

V = The stumpage value remaining in the sale area at the date of work stoppage. This will be determined by multiplying the contract bid rate contained in the P-028.2 clause for all sorts originating in the sale area, by the State's estimate of the remaining volume, less the cost of harvesting and delivery associated with each sort.

I = Initial Deposit

C = Costs associated with required harvesting services and road construction services prior to work stoppage but not amortized or paid.

- A = Administrative fee = \$2,500.00
- P = Advance payments received exceeding the value of logs delivered under this contract.

The above formula reflects the Purchaser's forfeiture of the initial deposit in accordance with clause P-010 by deducting the initial deposit from the amount owed. In no event shall the liquidated damages be less than zero. Interest on the liquidated damage is owed from the date of the work stoppage until final payment, calculated using the following formula:

$$\text{Interest} = r \times \text{LD} \times N$$

Where:

r = daily equivalent of an annual interest at current interest rate as established by WAC 332-100-030.

N = Number of days from work stoppage to time of payment

D-030.2 Inadequate Log Accountability

Failure to provide weighing and third party scaling information result in substantial injury to the State. The potential loss of accountability is not readily ascertainable. These contractual breaches result in an increase in the potential for the delivery of forest products for which the State receives inadequate payment and causes an increase in the State's administration costs associated with this contract. The actual costs of these breaches are difficult to assess.

For these reasons, Purchaser's payments for forest product delivery under this contract will be increased in the following amounts, as liquidated damages, to compensate the State for these breaches: \$250.00 each time a load weight is not provided as required by the contract, and \$250.00 each time load scale data is not determined and provided by a State approved third party scaling organization in accordance with this contract.

IN WITNESS WHEREOF, the Parties hereto have entered into this contract.

Continuing Forest Land Obligations (RCW 76.09.060, RCW 76.09.070, RCW 76.09.390, and WAC 222-20-055)

Obligations include reforestation, road maintenance and abandonment plans, conversions of forest land to non-forestry use and/or harvest strategies on perennial non-fish habitat (Type Np) waters in Eastern Washington.

Before the sale or transfer of land or perpetual timber rights subject to continuing forest land obligations, the seller must notify the buyer of such an obligation on a form titled "Notice of Continuing Forest Land Obligation". The seller and buyer must both sign the "Notice of Continuing Forest Land Obligation" form and send it to the DNR Region Office for retention. This form is available at DNR region offices.

If the seller fails to notify the buyer about the continuing forest land obligation, the seller must pay the buyer's costs related to continuing forest land obligations, including all legal costs and reasonable attorneys' fees incurred by the buyer in enforcing the continuing forest land obligation against the seller.

Failure by the seller to send the required notice to the DNR at the time of sale will be prima facie evidence in an action by the buyer against the seller for costs related to the continuing forest land obligation prior to sale.
