

## Attention DNR Timber Purchasers

### **JANUARY 2022 TIMBER AUCTION UPDATE #1 — 1/4/2022**

#### [January 2022](#)

- Access to both the [Master Link](#) and [Seattle Ridge](#) timber sales in **South Puget Sound Region** near Hoodspport are currently restricted due to snow-related issues on SR-119, Highway 101 north of Hoodspport, and DNR forest roads. DNR plans to plow access to Master Link timber sale beginning Monday, January 10. Plowing to Seattle Ridge timber sale will commence upon completion of opening access to Master Link. **To allow sufficient time for viewing the sale, Seattle Ridge will be delayed until the February 22, 2022 auction.** There will be no change to the auction date for Master Link timber sale (January 25, 2022).
- The Request for Quotes Packet (RFQ) for the [Taylor Downhill Sorts](#) sale in **Olympic Region** has been added to the Current Bid Opportunities page for January. Effective 1/4/2022

#### [February 2022](#)

Following the Board of Natural Resources' approval on January 4, full sale preview packets for those newly approved sales being offered for auction in February have been uploaded to the [February 2022 auction page](#).

*Also, shapefiles and geo-referenced pdf maps (GeoPDFs) for use with mobile mapping applications for all sales planned for auction are available on the [Department's File Sharing Site](#).*

#### [Early Sale Previews](#)

Early draft sale preview packets for currently planned March 2022 sales have been added to the Early Timber Sale Preview page. Please carefully read all the disclaimers regarding draft documents on this page. Additionally, there is a short delay when opening each packet due to a script that time stamps the document. Thank you for your patience with load times.
