Washington State Department of Natural Resources (DNR)

Bidder's/Purchaser's Inspection of Sale Area and Forest Products

Acreage estimates and volume estimates contained within each timber notice of sale and each timber sale contract are made only for administrative and identification purposes. Except as expressly provided by the timber sale contract, the purchaser shall be responsible for paying the entire purchase price, even if the actual acreage or timber volume varies from the estimated quantity or volume shown.

All prospective bidders have the opportunity and are expected to inspect the sale area and the forest products located thereon. Bidders shall not rely on any representations by the State including, but not limited to, acreage estimates, volume estimates, appraisal or pre-bid documentation. The successful bidder/purchaser will further warrant that they have entered the timber sale contract without any reliance upon the DNR's volume estimates, acreage estimates, appraisals, pre-bid documentation, or any other representation by the DNR.

Any timber sale contract arising out of these public auctions will require the successful purchaser to warrant that they are entering the timber sale contract based solely upon their own judgment of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold.

Exclusion and Disclaimer of Warranties

The PARTIES AGREE that the IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, and ALL OTHER WARRANTIES EXPRESS OR IMPLIED, ARE EXCLUDED from this transaction, and shall not apply to the goods sold. For example, THE FOLLOWING SPECIFIC MATTERS ARE NOT WARRANTED, and are EXCLUDED from this transaction:

a. The merchantability of the forest products. The use of the term “merchantable” in any document is not intended to vary the foregoing.

b. The condition of the forest products. All forest products will be conveyed “AS IS.”

c. The acreage contained within any sale area. Any acreage descriptions appearing in the timber notices of sale, timber sale contract, timber sale map or other documents are estimates only, provided solely for administrative and identification purposes.

d. The volume, quality, or grade of the forest products. The descriptions of the forest products to be conveyed are estimates only, made solely for administrative and identification purposes.

e. The correctness of any soil or surface conditions, presale construction appraisals, investigations, and all other pre-bid documents prepared by or for the State. These documents have been prepared for the State’s appraisal purposes only.

f. That the sale area is free from threatened or endangered species, or their habitat. The State is not responsible for any interferences with forestry operations that result from the presence of any threatened or endangered species, or the presence of their habitat, within the sale area.

g. That the forestry operations to be performed under this contract will be free from regulatory actions by governmental agencies. The State is not responsible for actions to enforce regulatory laws, such as the Washington Forest Practices Act (Chapter 76.09 RCW), taken by the Department of Natural Resources or any other agency that may affect the operability of these timber sales.

h. Items contained in any other documents prepared for or by the State.

Please also see timber sale contract clause G-060 for further information.
The general requirements that follow are a part of all Timber Notices of Sale to be auctioned by the Department of Natural Resources (DNR).

General Information

The State reserves the right to waive minor irregularities and the right to reject any or all bids.

A. This book contains the timber notices of sale and maps for each timber sale scheduled to be auctioned. More specific information can be obtained by contacting the appropriate region office at the number listed on the back cover of this book.

B. The timber notice of sale is a summary of sale information. For more specific information, interested parties are encouraged to view the Appraisal Packets on the DNR Internet Site @ www.dnr.wa.gov, this will take you directly to the Product Sales Section. The Appraisal Packets contain DRAFT copies of the timber notice of sale, map, contract, road plan, cruise data, precruise and cruise narrative, Forest Practices Application (FPA), Hydraulics Project Approval (HPA).

C. The sale preview packets may be obtained at no charge for individual sales by visiting the appropriate region office.

D. Timber sale contracts contain extensive terms and conditions that will be binding upon successful high bidders. Each bidder should carefully review all terms contained in the appropriate DRAFT timber sale contract prior to bidding on a sale, and should review the final contract prior to signing. DRAFT timber sale contracts are contained in the preview and presales packets and are available upon request at the respective region office.

E. Sales advertised in this book have not been approved by the Board of Natural Resources and are subject to the Board’s approval before they will be sold. The Board meets and approves sales approximately six weeks prior to auction. All sales are subject to confirmation by the DNR under RCW 79.15.120.

F. The State does not guarantee the accuracy of any information contained herein pertaining to particular sales. Therefore, all prospective purchasers are expected to make their own independent inspections and appraisals prior to bidding.

G. If any conflict exists between the information in the Timber Notice of Sale, timber sale map, sale preview packets and that in the timber sale contract, the signed contract will prevail.

H. Timber sales are subject to the Washington State Forest Excise Tax (RCW Chapter 84.33).

I. Within 30 days of sale confirmation, the apparent high bidder will provide to the State the Performance Security specified on each Notice of Sale.

J. Each DNR region office has information about sales offered in that region. For further information, contact the respective DNR region office. Region office addresses and telephone numbers appear on the back cover of this booklet.

K. The purchaser assumes the responsibility for any costs associated with extra maintenance or repair levied by a county for any county road used by the purchaser.
BIDDING PROCEDURES FOR TIMBER AUCTIONS (Continued)

Bidding Process
A. All timber will be auctioned using the sealed bid method.

B. Bids submitted on day of auction must be in the bid box at the specified auction location before 10:00 a.m. The respective DNR region office must receive mailed bids by 4:30 p.m., on the last business day before the auction. Bidders assume all risk for the method of delivery.

C. The DNR has the right to reject bid forms that are completed incorrectly. All bid forms must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. Revised documents are not permissible. Bidding instructions are on the back of the Sealed Bid Form. A bid deposit must be included in the sealed bid envelope unless using a Timber Sale Statewide Bid Bond.

D. All bids must include the completed Sealed Bid Form and bid deposit.

E. Bids will be opened in each respective region in the order in which sales appear in the Public Auction Sale of Timber book (alphabetically by county and by agreement number).

F. If a tie bid occurs, the names of the tie bidders will be placed in a hat and the successful bidder will be determined by a drawing.

G. The apparent high bidder on a particular sale will have the option of withdrawing additional sealed bids submitted for any remaining sales to be auctioned. The apparent high bidder must exercise this option within two minutes after the apparent high bidder is announced.

Auction Time and Location
Auctions will start at 10:00 a.m. and close at 4:00 p.m. on the date and at the location specified in each Timber Notice of Sale.

Bid Deposits
A. Required bid deposits are listed on each Timber Notice of Sale.

B. Bid deposits must be in the form of cash, certified check, cashiers’ check, money order or bid bond.

C. Bid bonds may be either a Timber Sale Statewide Bid Bond or a Timber Sale Per Sale Bid Bond.

D. All bid deposits shall be submitted by the person or entity submitting the bid and made payable to the Department of Natural Resources. Third party deposits will not be accepted.

Timber Sale Per Sale Bid Bonds
A. The Per Sale Bid Bond shall guarantee payment of the bid deposit within ten days of auction.

B. The balance between the bid bond and the Initial Deposit payment is due by 4:30 p.m., on the day of auction.

C. Additional forms and instructions for a Per sale Bid Bond are available at any DNR region office.
Timber Sale Statewide Bid Bond

A. Statewide Bid Bonds shall guarantee payment of the Initial Deposit on any statewide timber sale while the bond is in effect.

B. The Statewide Bid Bond must be received by the Department of Natural Resources, Product Sales & Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction date. The bond shall be in the amount of $150,000.00.

C. The bidder must supply a list of persons authorized to bid using the bond. Bid bonds are subject to approval by the Department of Natural Resources.

D. Successful bidders using a Statewide Bid Bond must pay the total Initial Deposit payment (10 percent of the total bid price) by 4:30 p.m. on the day of auction.

E. A Statewide Bid Bond cannot be used to secure the Initial Deposit payment due the day of auction.

F. Additional forms and instructions for a statewide bid bond are available at any DNR region office.

Payments

The initial deposit for a sale is 10% of the total bid value as submitted by the apparent high bidder (25% if the bidder is a defaulter as defined under WAC 332-140-300) and never less than $5,000.00 for lump sum sales. For Lump Sum sales appraised at less than $5,000.00, the entire bid value is due on day of auction.

a. Apparent high bidders using cash, certified check, cashier’s check or money order as a bid deposit must pay the total Initial Deposit amount by 4:30 p.m. on auction day.

b. Apparent high bidders using a Timber Sale Per Sale Bid Bond as a bid deposit must pay the difference between the bid deposit and the total initial deposit by 4:30 p.m., on the day of auction. The bid bond amount must be replaced with a certified check, cashier’s check, bank draft, cash, money order, or wire transfer within ten days of the auction.

c. Apparent high bidders using a Timber Sale Statewide Bid Bond must pay the entire Initial Deposit amount by 4:30 p.m. on the day of auction.

Fees due on the day of sale must be paid by 4:30 p.m.

All payments must be in the form of a certified check, cashier’s check, bank draft, cash, money order or wire transfer.

Eligibility to Bid

In order to bid on State timber sales you must be:

• 18 years of age (or have a co-signer who meets the eligibility requirements),
• Licensed to do business in the State of Washington,
• Eligible to bid on Export Restricted timber, and
• Capable of meeting all contract obligations.

Authorized Representatives

Companies may only use authorized representatives or company officers to bid on State sales, sign State documents or sign checks. A list of authorized representatives and their specific authorities must be submitted in writing to the Department of Natural Resources Product Sales & Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction. A company owner or officer must sign this submittal.
SEALED BID FORM

Sale Name ____________________  Agreement Number ________________

____________________________ hereby submits the following bid for timber.

(Print full, legal company name)

____________________________ ______________________________
(Street address, City, State, Zip Code)    (Phone Number)

Lump Sum Bid (Not Including Fees)  $______________________  For Total Sale

Weight Scale Sale Bid (Not Including Fees)  $________________ / Ton

Scribner Scale Sale Bid (Not Including Fees)  $________________ / MBF

BID DEPOSIT

Bid Deposit Amount: $________________________

Bid Deposit Type:

☐ Cash, certified check, cashier’s check, or money order
☐ Per Sale Bid Bond
☐ Statewide Bid Bond, Number ______________________

The Successful Bidder agrees to furnish, within 30 days of confirmation date, Performance Security acceptable to the State in the amount specified on the Notice of Sale. Performance Security must guarantee performance of all provisions of the contract and payment of any damages caused by operations under the contract or resulting from the successful bidder’s noncompliance with any rule or law.

Bidder’s Warranty and Bid Signature

By signing and submitting this bid as an offer to purchaser forest products from the State, the Bidder hereby warrants to the State that they have had an opportunity to fully inspect the sale area and the forest products being sold. Bidder further warrants to the State that they enter this bid based upon their own judgments of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold. Bidder also warrants to the State that they enter this bid without any reliance upon the volume estimates, acreage, appraisals, pre-bid documentation, or any other representation by the Washington State Department of Natural Resources.

__________________________   ________________________
(Signature of Authorized Representative submitting this bid)    Date ______________________

(Print name and title of Authorized Representative submitting this bid)

Note: all sales are subject to confirmation by the Commissioner of Public Lands (Refer to RCW 79.15.120)
Instructions For Completing Sealed Bid Form

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks on bid form must be completed including the bid bond number if the bidder is relying upon a bid bond for bid deposit.

For more specific information, contact the appropriate region office.

In-Person Bids

A. Sealed bids must be in auction box before 10:00 a.m. on the day of auction at the location specified in the Timber Notice of Sale.
B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be on the bid bond and timber sale contract. The bid form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope.
C. Sealed bid envelopes must contain a completed bid form and a bid deposit.
D. Sealed bid envelopes may contain a check for the Initial Deposit amount and a check for fees.

Mailed Bids

A. Bids that are mailed are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED". The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The Sealed Bid Form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope.
B. Bids that are mailed will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery. The DNR assumes no responsibility for any delays caused by any delivery service.
C. Sealed bid envelopes must contain a completed bid form and a bid deposit.
D. Sealed bid envelopes may contain a check for the Initial Deposit amount and a check for fees.

Initial Deposit:

Lump Sum Sales - Initial Deposit must equal 10% of the total bid submitted. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

Weight Scale Sales - Initial Deposit must equal 10% of the bid per ton multiplied by the total sale estimated tonnage. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

Scribner MBF Scale Sales - Initial Deposit must equal 10% of the bid per MBF multiplied by the total sale MBF. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

STATEWIDE BID BOND

Bond Number

(Principal’s Name) of (City, State)

designated as PRINCIPAL, and

hereinafter called SURETY,
a corporation organized under the laws of the State of ________, and authorized to transact surety business in the State of Washington, as SURETY, are held and firmly bound jointly and severally to the State of Washington, Department of Natural Resources, hereinafter called the STATE, in the sum of $150,000.00 Dollars, lawful money of the United States of America. The PRINCIPAL binds itself, its heirs, executors, administrators, successors, and assigns, and the SURETY binds itself, its successors, and assigns, all jointly and severally.

This bond shall be governed by the laws of the State of Washington. In the event of a lawsuit involving this bond, a venue shall be proper only in Thurston County Superior Court.

Signed, sealed and dated this ______ day of ______, ______.

This statewide bid bond may be used for bidding between the following dates:

Starting: __________________________
Ending: __________________________

It Is Hereby Understood and Agreed:
If PRINCIPAL is an apparent high bidder, PRINCIPAL shall before 4:30 p.m., on day of sale, pay to the STATE the amount of the initial deposit in the form of a certified check, cashier’s check, bank draft, cash or money order, then this agreement shall be void for the sale on which the payment is made; otherwise, it will remain in force.

SURETY will make payment to the STATE within ten days after demand by the STATE if the PRINCIPAL shall fail to make timely payment as described above.

The SURETY may cancel this bond by sending a written notice to the STATE, not less than forty-five days before a cancellation date; liability shall terminate as to acts or omissions of the PRINCIPAL that occur after the cancellation date.

The PRINCIPAL and the SURETY executed this bond on the date first mentioned.

RES 55-3211 (Rev. 5/2001)
Instructions For Completing Timber Sale PerSale (s) Bid Bond

A. This form is authorized for use as bid guaranty to qualify for bidding on Washington State Department of Natural Resources timber sales.

B. The Timber Sale Per Sale Bid Bond may be used as bid guaranty on more than one timber sale auction held the same date at the same location.

C. The full legal name and business address of the PRINCIPAL must be the same as will appear on the bidding record and timber sale contract. The bond must be signed by an authorized person, the name typed or printed, and title shown. If PRINCIPAL is a corporation, a second officer must sign in the space to the left of the signature of the officer executing for the PRINCIPAL.

D. The full legal name and business address of the SURETY must be inserted where indicated. The bond must be signed by an authorized person. Additionally, the name must be typed or printed below the signature and the title must be shown. If this person is not an officer of the corporation, evidence of authority must be submitted.

E. If the SURETY does not have a Washington State office or resident agent, but is authorized to transact surety business in the State of Washington as Surety, it may leave the local office signature block blank.

F. The date of the bid bond must not be later than the auction date.

G. The State reserves the right to reject incomplete or incorrect bid bond forms, making such forms unacceptable as guaranty.

(City, State and Zip)

Final contract award is contingent upon the State’s haul cost analysis. Actual haul route may vary and is subject to change at the State’s discretion.
Instructions for Completing the Log Sort Sealed Bid and Supplemental Information Forms.

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form(s) provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks including Agreement Number, Sort Number, Bid amount (per mbf or ton as appropriate for the sort), Bid deposit amount and type. Signatures and date on bid form must be completed including the bid bond number if bidder is relying upon a bid bond for bid deposit.

Bids may not be accepted if the Supplemental Information Form is not included with the approved Log Sort Sealed Bid form or is incomplete.

For more specific information, contact the appropriate region office.

In-Person Bids

A. Sealed bids must be in auction box or auction envelope before 10:00 a.m. on the day of sale at the location specified in the notice of sale.
B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder’s name and the contract agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same as the name on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices.

C. Sealed bid envelopes must contain the following:
   1. A completed Log Sort Sealed Bid form;
   2. A completed Supplemental Information form; and
   3. A bid deposit

Mailed Bids

A. Mail-in bid envelopes are required to have printed on the outside: “DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED.” The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder’s name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract.

The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope, please.

B. Mail-in or otherwise delivered bids will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery they chose. The DNR assumes no responsibility for any delays caused by any delivery service.

C. Sealed bid envelopes must contain the following:
   1. A completed Log Sort Sealed Bid form;
   2. A completed Supplemental Information form; and
   3. A bid deposit

Sale Total: 4,158

MINIMUM BID: $1,197,000.00 BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $150,000.00 SALE TYPE: Lump Sum

EXPIRATION DATE: November 30, 2007 ALLOCATION: Export Restricted

BID DEPOSIT: $119,700.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Unit #1 - highlead and shovel as shown on timber sale map. Unit #2 - shovel. Unit #3 - highlead, shovel, and tracked skidder as shown on timber sale map. Tracked skidders are allowed in Unit #3 only and rubber tired skidders are not allowed in any units. No operations will be allowed between the hours of 8:00pm and 6:00am weekdays, or at all on weekends and State recognized holidays. Yarding will not be permitted from November 1 to April 30 unless authorized in writing by the Contract Administrator by ground based equipment in Unit #3.

ROADS: 46.37 stations of required reconstruction. 22.50 stations of optional construction. 118.43 stations of required pre-haul maintenance. Purchaser maintenance on the PA-I-2000, PA-I-2000.1, PA-I-2050, PA-I-2000.3, PA-I-2100, and PA-I-2100.9, including all new construction, reconstruction, abandonment, and pre-haul/post-haul maintenance. Designated maintenance on all other roads used. Rock haul and road construction will not be permitted from November 1 to April 30 unless authorized in writing by the Contract Administrator. No operations will be allowed between the hours of 8:00pm and 6:00am weekdays, or at all on weekends and State recognized holidays

ACREAGE DETERMINATION CRUISE METHOD: Sale area was 100% ground traversed. Errors of closure = Unit #1 - 1:125, Unit #2 - 1:307, and Unit #3 - 1:125. Units were cruised using a variable plot sample with a BAF of 71.11F on a 330 x 210 foot grid in Unit #1, a BAF of 62.50F on a 330 x 210 foot grid in Units #2 and #3. Right of Way was cruised using a variable plot sample with a BAF of 27.78 and plots spaced every 210 feet.

FEES: $55,100.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: There are gates at the beginning of the PA-I-2000 and the PA-I-2100. Contact the Olympic Region's Dispatch Center at 360-374-6131, to obtain a AA-1 key. There are hazard abatement requirements in Unit #3.

MINIMUM BID: $1,344,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00

SALE TYPE: Lump Sum

EXPIRATION DATE: October 31, 2008

ALLOCATION: Export Restricted

HARVEST METHOD: Cable, Shovel and Forwarder. Ground based harvesting equipment will not be allowed on slopes greater than 35%. Lead end suspension required on all cable settings. All corridors between Units 1 and 2 will be marked and pre-approved by the Contract Administrator before logging. No yarding through leave tree areas unless approval by Contract Administrator. The ability to use skidder equipment will require Contract Administrator approval. See Schedule L for additional requirements. Shovel yarding will not be permitted from November 1 to April 1 unless authorized in writing by the Contract Administrator.

ROADS: 103.26 stations of required reconstruction. 59.70 stations of optional construction. 208.19 stations of required pre-haul maintenance. 33.17 stations of road abandonment and 26.53 stations of road deactivation. Rock is available at no charge from the State LR-2000 rock pit located in Sec. 4, T5N R3E, W.M. 1,000 cubic yards of 3 inch minus Jaw run rock shall be stockpiled at the LR-2000 rock pit. Purchaser shall provide and install a gate on the LR-3000 road. Purchaser shall construct and install a 30 foot bridge on Spur A. Road construction will not be permitted from October 15 to April 15 unless authorized in writing by the Contract Administrator. The hauling of forest products will not be permitted from October 1 to May 31 unless authorized in writing by the Contract Administrator on the Curtis Road and Spur A.

ACCREAGE DETERMINATION CRUISE METHOD: Acres were determined by GPS. The sale area was cruised using a variable plot method. Harvesting activities are estimated to be 67% ground based harvesting and 33% cable.

FEES: $49,290.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: See vicinity map for gate locations. Gate keys to access State land may be obtained from the Pacific Cascade Region office. Jim Toman of Pacific Power must be notified at (503) 819-5474 whenever work is occurring near the power lines (unit 4). This sale contains approximately 126 MBF of 2 and 3 saw mini peelers.

MINIMUM BID:  $472.4/MBF (est. value $1,671,000.00)  BID METHOD:  Sealed Bids

PERFORMANCE SECURITY:  $100,000.00  SALE TYPE:  MBF Scale

EXPIRATION DATE:  October 31, 2008  ALLOCATION:  Export Restricted

BIDDABLE SPECIES:  Douglas fir

BID DEPOSIT:  $167,100.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD:  Cable, Shovel and Track skidder. Shovel logging will not be permitted on slopes over 35% unless authorized in writing by the Contract Administrator. Lead end suspension required on all cable settings. If Purchaser chooses to tailhold on private property, Purchaser shall obtain permit(s) and assumes responsibility for all costs associated with permit(s).

ROADS:  15.23 stations of required construction. 9.80 stations of optional construction. 157.01 stations of pre-haul maintenance. 9.80 stations of road abandonment. Rock is available at no charge from the 6335 Road rock pit in Sec 24, T07, R01E, W.M.. Purchaser shall manufacture 7,765 cubic yards of rock to 2 1/2 inch minus specifications, of which, 5,000 cubic yards shall be stockpiled in the 6335 Road rock pit. Purchaser shall also manufacture 2,747 cubic yards of pit run rock. Any damage to any road resulting from any harvest operations will be repaired at the Purchaser's expense unless authorized by the Contract Administrator. Road construction will not be permitted from October 15 to April 15 unless authorized in writing by the Contract Administrator. The hauling of forest products will not be permitted from October 31 to May 1 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION CRUISE METHOD:  The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method. Harvesting activities are estimated to be approximately 60% ground-based and 40% cable harvesting.

FEES:  $47,460.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS:  Purchaser shall, as part of the plan of operations, prepare an acceptable harvest plan for harvest operations. Sale area may contain pole quality timber. Designated haul roads have been designed to allow for the transport of poles 90 feet in length or less. See vicinity map for gate locations. Gate keys to access State land may be obtained from the Pacific Cascade Region office.

Minimum Bid: $2,700,000.00

Bid Method: Sealed Bids

Performance Security: $100,000.00

Sale Type: Lump Sum

Expiration Date: October 31, 2008

Allocation: Export Restricted

Bid Deposit: $270,100.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

Harvest Method: Cable and Shovel. Use of a tracked skidder requires written approval by the Contract Administrator. No harvesting will be allowed between March 1 to August 31 due to owl restriction in portions of unit #3 as directed by the Contract Administrator. Tail hold and guy line locations will be approved by Contract Administrator prior to operations. Full suspension required when yarding over water channels. Intermediate supports may be needed for deflection purposes. Yarding corridors over the Type 4 streams between units #1 and #2 requires Contract Administrator approval. A detailed yarding plan shall be required prior to any harvest activities in Unit #1. 300 well distributed plantable spots per acre shall remain after harvest activities on all ground that is less than 35% slope. See Clause H-140 and Schedule L for further harvesting specifications.

Roads:

78.02 stations of optional construction. 347.99 stations of pre-haul maintenance. 68.38 stations of road abandonment. Rock is available at no charge from two State pits in Sec. 6 and 11, T06N, R03E, W.M. Purchaser shall stockpile 1,000 cubic yards of pit run rock in the WS-8000 rock pit. Road construction will not be permitted from October 15 to April 15 unless authorized in writing by the Contract Administrator.

Acreage Determination Cruise Method: The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method. Harvesting activities are estimated to be approximately 65% shovel and 35% cable harvesting.

Fees: $50,000.00 is due on day of sale. $15.27 per MBF is due upon removal. These are in addition to the bid price.

Special Remarks: See vicinity map for gate locations. Gate keys may be obtained from the region office.

Road construction will not be permitted from November 1 to April 30 unless authorized in writing by the Contract Administrator. No road construction equipment will be allowed on the PT-Q-3800 from stations 0+00 to 10+83 on weekends or State recognized holidays. The hauling of forest products will not be permitted from December 1 to February 28 unless authorized in writing by the Contract Administrator in Unit #1

ACREAGE DETERMINATION
CRUISE METHOD: Units were traversed using a combination of ground traverse and third order survey. Unit #1 error of closure is ±1:455 and Unit #2 is ±1:101. Units were cruised using a variable plot sample with a BAF of 40.00F on a 250 x 250 foot grid.

FEES: Purchaser must pay $2,707.92 (which includes $506.18 for right of way timber), to Pope Resources for a road use permit - payment must be made within 30 days of signing timber sale contract. Purchaser must enter into a Road Use Permit with the US Forest Service at a cost of $529.20, plus $0.64/mbf for timber hauled and $0.16/cuyd for rock hauled. $43,000.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: City of Port Townsend waterline runs through Unit #1 - see clause H-140 of the contract regarding protection of this feature. Use of the PT-Q-3000 north of the PT-Q-3700 junction is not authorized. The gate on the PT-Q-3700 will be unlocked during the viewing period and after the sale is sold the gate will be locked and the successful purchaser will need to obtain a AA-1 key. The G-440 clause of the contract pertains to Unit #1 only.

MINIMUM BID:  $501,000.00  BID METHOD:  Sealed Bids

PERFORMANCE SECURITY:  $100,000.00  SALE TYPE:  Lump Sum

EXPIRATION DATE:  October 31, 2007  ALLOCATION:  Export Restricted

BID DEPOSIT:  $50,100.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD:
Ground based equipment. Mechanized felling and/or hand felling. Yarding may be restricted during wet weather conditions if excessive rutting occurs in the opinion of the Contract Administrator. Designated skid trails must be used where marked. Falling, yarding or hauling of forest products shall not be permitted weekdays from 7 p.m. to 7 a.m., nor at all on weekends of state recognized holidays, without prior written approval from the Contract Administrator. No equipment, yarding, loading or decking on GM-1 or GM-3 Roads. Falling or yarding timber, operating road construction equipment or hauling rock or forest products in Unit #2 will not be permitted from April 1 through August 31 from one hour before sunrise to two hours after sunrise and one hour before sunset to one hour after sunset, due to nesting season for Marbled Murrelets.

ROADS:
36.61 stations of required construction. 3.77 stations of optional construction. Road construction will not be permitted from October 1 to April 30 unless authorized in writing by the Contract Administrator, nor at all on weekends or state recognized holidays. The hauling of forest products will not be permitted from October 1 to April 30 unless authorized in writing by the Contract Administrator, nor at all on weekends or state recognized holidays.

ACREAGE DETERMINATION:
CRUISE METHOD:
Acreages were determined by photo call. Poles in this sale were cruised using 1/10th acre plot method with an expansion factor of 15.32 in Unit #1 and 16.08 in Unit #2. Poles on plots were marked with red paint.

FEES:
$11,991.25 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.
SPECIAL REMARKS: Gate #201 (GM-1 gate) and gate #206 (GM-3 gate) are locked. The combination for purchasers review period is 8583. After the sale is sold, purchaser is required to check out specific CJ lock series key to use during the contract period. The GM-1 Mainline Gate (#201) must be kept closed at all times.
TOWNSHIP 24 NORTH, RANGE 1 WEST, W.M.

Total Right of Way is 4 acres. This is included in the total acreages.

"Marbled Murrelet Timing Restriction: No equipment may operate from one hour before sunrise to two hours after sunrise or one hour before sunset to one hour after sunset between April 1 and August 31.

MINIMUM BID: $330/MBF (est. value $840,000.00)  BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00  SALE TYPE: MBF Scale

EXPIRATION DATE: September 30, 2007  ALLOCATION: Export Restricted

BIDDABLE SPECIES: Larch, Douglas fir combined

BID DEPOSIT: $84,000.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Rubber tired skidder or tractor no larger than a D-6 cat or equivalent. Falling and Yarding will not be permitted from November 1 to May 1 unless authorized in writing by the Contract Administrator in order to protect the soil from compaction and the water quality from degradation due to wet weather conditions.

ROADS: 30.45 stations of required construction. 44.25 stations of required reconstruction. 231.50 stations of pre-haul maintenance. 4.00 stations of abandonment. Prospective purchasers should review the road plan in detail. Purchaser must install a temporary bridge (see Clause 8.3-1). Purchaser must apply 60 cubic yards of rock which is available at no cost from an existing pit in the NW 1/4 NE 1/4 Section 26, Township 20 North, Range 19 East. Road construction will not be permitted from November 1 to May 1 unless authorized in writing by the Contract Administrator in order to protect the road surface and subgrade from damage due to wet weather conditions. The hauling of forest products will not be permitted from November 1 to May 1 unless authorized in writing by the Contract Administrator in order to protect the road surface and subgrade from damage due to wet weather conditions.

ACREAGE DETERMINATION CRUISE METHOD: Acres were determined using a GPS. Cruise was done using a variable plot method and using 16 foot log grades.

FEES: $47,000.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: This sale is located behind two locked gates. Contact the SE Region Office for information on how to access the gates. Access during the winter months may required a snow machine. Overall, this sale contains a high percentage of small diameter grand fir and Douglas-fir. There is a high potential to manufacture a significant amount of hewsaw material from these two species. There is also a substantial amount of grand fir that is dead or dying. Slopes are relatively gentle and the entire sale will be logged using ground-based equipment. All utility logs (as defined in Clause L-040) on all units shall be felled, yarded to the landing, and decked or hauled from the sale area. All utility loads removed from the sale area must first be approved by the Contract Administrator. On the day of the sale Purchaser shall pay a lump sum of $1,000.00 for the utility wood.

MINIMUM BID: $993,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00

SALE TYPE: Lump Sum

EXPIRATION DATE: November 30, 2008

ALLOCATION: Export Restricted

BID DEPOSIT: $99,300.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Highlead, Motorized Carriage, Rubber tired skidder, Track skidder and Shovel. Approximately 100 acres required highlead yarding within Units #2 and #3. Falling and Yarding will not be permitted from December 1 to July 31 unless authorized in writing by the Contract Administrator on the Forest Service #369 and #380 roads due to spring breakup, Forest Service Snow Park restrictions and lynx denning. Falling and yarding will not be permitted from March 15 to July 31 unless authorized in writing by the Contract Administrator on the Forest Service #369 and #380 roads due to spring breakup, Forest Service Snow Park restrictions and lynx denning. Falling and yarding will not be permitted from December 1 to April 30 unless authorized in writing by the Contract Administrator on the Unit #1 due to spring breakup and Forest Service Snow Park restrictions.

ROADS:
118.35 stations of required construction. 30.20 stations of required reconstruction. 144.40 stations of pre-haul maintenance required. 24.50 stations of road abandonment required. Forest Service road #3800 closed to wheeled vehicles from December 1 to April 1 to avoid conflicts with winter recreation traffic. Pre-haul maintenance will not be permitted from December 1 to April 30 unless authorized in writing by the Contract Administrator on the Forest Service #369 and #380 roads due to forest breakup and Forest Service Snow Park restrictions. Road construction will not be permitted from December 1 to July 31 unless authorized in writing by the Contract Administrator on the E372435E and E372435F roads due to spring breakup, Forest Service Snow Park restrictions and lynx denning. Road construction or reconstruction will not be permitted from March 15 to July 31 unless authorized in writing by the Contract Administrator on the E372436A, E372424A, E372435G, E372435H, E372436L, E372436M, E372531H and Turnaround roads due to spring breakup and lynx denning. The hauling of forest products will not be permitted from December 1 to July 31 unless authorized in writing by the Contract Administrator from Units #2 and #3 due to spring breakup, Forest Service Snow Park restrictions and lynx denning. The hauling of forest products will not be permitted from March 15 to July 31 unless authorized in writing by the Contract Administrator from Unit #4, #5, and #6 due to spring breakup and lynx denning. The hauling of forest products will not be permitted from December 1 to April 30 unless...
TIMBER NOTICE OF SALE

authorized in writing by the Contact Administrator from Unit #1 due to spring breakup and Forest Service Snow Park restrictions.

ACREAGE DETERMINATION

CRUISE METHOD: Acreage determined using GPS methods. Acreage shown above is net harvest acres in harvest units and external right of ways. There are 300 gross acres which includes other existing road right of ways. All species 6.0 - 17.5 inches dbh cruised to a 4.6 inch dib top. All species 17.6 inches dbh and greater cruised to 40% of dob at 16 feet. The above Grades represent Bureau Grades as #1 for Special Mill and better grades, as #2 for #2 Sawlog, as #3 for #3 Sawlog, as #4 for #4 Sawlog, as #5 for #5 Sawlog, as #6 for #6 Sawlog. 4" to 5" top (all species) represented in #4 Sawlog grade.

FEES: $50,875.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Two locked gates block access to Units #1, #2, and #3. Call Northeast Region Office for access. In addition to the volumes listed above, there is 21 MBF of dead spruce suitable for house logs available for removal. The gate access on the Forest Service #369 road shall be kept locked at all times when operator is not on site working. During the general deer rifle season, this gate shall be locked at all times. Purchaser's agents are prohibited from having hunting firearms in their vehicles behind this gate during the general deer rifle season.

MINIMUM BID: $615,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00

SALE TYPE: Lump Sum

EXPIRATION DATE: September 30, 2007

ALLOCATE: Export Restricted

HARVEST METHOD: Cable and Shovel. Shovel logging is restricted to slopes of 30% and less. Lead end suspension required on all cable settings. Landing debris shall be piled as directed by the Contract Administrator. See Schedule L for further harvesting specifications. Shovel yarding will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

ROADS: 19.28 stations of optional construction. 34.75 feet of road abandonment. Rock is available at no charge from the B-1321 pit located in Sec 30, Twp 13 N, Rng 08 W, W.M. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. Road construction will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator. Abandonment timing restrictions are the same as road construction.

ACREAGE DETERMINATION CRUISE METHOD: Unit acres were determined by GPS and the sale was cruised using a variable plot method. Harvesting activities are estimated to be 100% ground based with some short steep areas.

FEES: $40,490.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: If Purchaser chooses to tailhold on private property, Purchaser shall obtain permit(s) and assumes responsibility for all costs associated with permit(s). Purchaser must provide the State with a copy of the executed permit(s) or a letter from the private entity indicating that a satisfactory tailhold permit(s) has been consummated between Purchaser and private entity.

MINIMUM BID: $990,000.00
BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00
SALE TYPE: Lump Sum

EXPIRATION DATE: September 28, 2007
ALLOCATION: Export Restricted

BID DEPOSIT: $99,000.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable, Motorized Carriage, Shovel and Track skidder. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Shovel logging will not be permitted on slopes over 35% unless authorized in writing by the Contract Administrator. Lead end suspension required on all cable settings. Intermediate support may be required to prevent soil rutting in Units #1 and #2 off the N-1095 and N-1000 roads. Within shovel logging areas, the shovel operator shall break up concentrations of logging debris greater than 10 feet by 10 feet to allow exposure of natural forest soils to ensure proper reforestation. Falling and Yarding will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

ROADS: 14.75 stations of required construction. 11.70 stations of optional construction. 289.90 stations of pre-haul maintenance. Rock is available at no charge from the Walville State pit in Sec 23, Twn 13 N, Rng 6 W, W.M. Purchaser shall manufacture approximately 9,495 cubic yards of rock to 2 inch minus specifications. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. Road construction will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator. The hauling of forest products will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator. Hauling restrictions are for the N-1300, N-1000, N-1062, N1095, and the RCP Mainline.

ACREAGE DETERMINATION CRUISE METHOD: Acres were determined by GPS and the sale area was cruised by using a variable plot cruise method. Harvesting activities are estimated to be 85% cable harvesting and 15% ground based harvesting.

FEES: $42,450.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Purchaser shall transport and install a gate, manufactured by the State, on the RCP Connection Road. See vicinity map for gate locations. Gate keys may be obtained from the Pacific Cascade Region office.

MINIMUM BID:  $289.65/MBF (est. value $2,412,000.00)  BID METHOD:  Sealed Bids

PERFORMANCE SECURITIES:  $100,000.00  SALE TYPE:  MBF Scale

EXPIRATION DATE:  September 30, 2008  ALLOCATION:  Export Restricted

BIDDABLE SPECIES:  Douglas fir

BID DEPOSIT:  $241,200.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD:  Ground based or cable equipment on slopes less than 40 percent and cable on slopes greater than 40 percent. If Purchaser elects to shovel log, shovel logging shall be in accordance with the attached Schedule A, which is part of this contract. Falling and Yarding will not be permitted from November 1 to May 31 unless authorized in writing by the Contract Administrator, nor at all on weekends or state recognized holidays.

ROADS:  47.86 stations of required construction. 267.37 stations of optional construction. 35.14 stations of optional reconstruction. 148.19 stations of required pre-haul road maintenance. 83.30 stations of road abandonment of optional construction, if built. The construction and abandonment of the 521 Road shall be completed in one operating season. Purchaser maintenance on the 64, 641-1, 65A, 65A Fork, 66, 67A, 67B, 662, 663, 665-1, 521, 522, 522-1, 522-2 and 523 Roads and the 52 Road from station 23+27 to station 159+59. Designated maintenance on all other roads used. Road construction will not be permitted from November 1 to May 31 unless authorized in writing by the Contract Administrator, nor at all on weekends or state recognized holidays, unless authorized in writing by the Contract Administrator. The hauling of forest products will not be permitted from November 1 to May 31 unless authorized in writing by the Contract Administrator, nor at all on weekends or state recognized holidays, unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION CRUISE METHOD:  Acreage was determined by photo call. All units, including right of way, were cruised using a variable plot sample with a BAF of 40 on a 600 x 450 foot plot spacing.

FEES:  $118,137.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.
SPECIAL REMARKS: Purchaser shall provide and install a temporary 20 foot single span bridge or a log stringer bridge according to the Road Plan. Purchaser shall pull vine maple in ground based areas and sever vine maple in cable areas. Seasonal gate closures per the Road Plan. All state gates for accessing the sale will have a combination lock with the combo 7083. Contact Mineral workspace (360) 492-5032 for access information on the private gate on the 8 Road. This sale contains recreation trail repair/cleanout specifications according to Schedule D of the contract.
SALE NAME: EXTRA INNINGS  AGREEMENT NO: 30-077761

MINIMUM BID:  $947,000.00  BID METHOD:  Sealed Bids

PERFORMANCE SECURITY:  $100,000.00  SALE TYPE:  Lump Sum

EXPIRATION DATE:  September 30, 2007  ALLOCATION:  Export Restricted

BID DEPOSIT:  $94,700.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD:  Cable and Shovel. Cable; cable or shovel on slopes 25% or less. Falling and Yarding will not be permitted from October 16 to April 30 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS:  40.62 stations of required construction. 24.19 stations of required reconstruction. 10.20 stations of optional construction. 7.65 stations of road to be abandoned if built. Development of a proposed hardrock source (Extra Innings Pit) at station 22+00 of the HO-2940 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate approximately 130 cubic yards of riprap and approximately 3,750 cubic yards of 3-inch-minus ballast rock. This rock is available at no cost on State land in Section 27, Township 36 North, Range 6 East, W.M.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION CRUISE METHOD:  Acres determined by GPS traverse. 95.9 acres gross. 8.3 acres deducted for green tree retention clumps. 87.6 acres net. Cruised using variable plot method. Expansion factor used is 54.45. Sighting height is 4.5 feet. Grid size plot spacing is 400 X 200 feet in Units #1 and #2; 320 x 200 for Unit #3; and 700 feet apart for the right of way. Plot ratio cruise count is 1:1 in Units #1, #2 and #3; and cruised both for the right of way. 15 plots were taken in Unit #1, 22 plots taken in Unit #2, 12 plots taken in Unit #3, and 2 plots taken in the right of way, for a total of 56 plots.
FEES: $43,115.50 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Should archaeological materials (e.g. shell midden, faunal remains, stone tools) or human remains be observed during project activities, all work in the immediate vicinity shall stop, and the area shall be secured. The State Office of Archaeology and Historic Preservation (360 586 3065) and the Lummi Nation Tribal Historic Preservation Office (360 384 2298) shall be contacted immediately in order to help assess the situation and determine how to preserve the resource(s). Compliance with all applicable laws pertaining to archaeological resources is required.

There will be a no activity restriction April 1-August 31 one hour before to two hours after sunrise and one hour before to one hour after sunset within one quarter mile of the marbled murrelet occupied site. This will be applicable to all of Unit #3 and a portion of Unit #2.

MINIMUM BID:  $1,564,000.00

BID METHOD:  Sealed Bids

PERFORMANCE SECURITY:  
$100,000.00

SALE TYPE:  Lump Sum

EXPIRATION DATE:  September 30, 2008

ALLOCATION:  Export Restricted

BID DEPOSIT:  $156,400.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD:  Cable and Shovel. Cable; cable or shovel on slopes 25% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS:  161.00 stations of required reconstruction. 77.45 stations of optional construction. 77.45 stations of road to be abandoned if built.

Development of an existing hardrock source (BR-2402-01 Hard Rock Pit) at station 6+50 of the BR-2402 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate rip rap and 3-inch-minus ballast. This rock is available at no cost on state land in Section 14, Township 33 North, Range 5 East, W.M.

The total rock required is approximately 93 cubic yards of riprap and approximately 12,180 cubic yards of 3-inch-minus ballast.

Road construction, reconstruction, abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD:  Acres determined by GPS traverse. 102 acres gross. 4.1 acres deducted for leave tree retention clumps. 97.9 acres net. Cruised using variable plot method. Expansion factor used is 40 for Unit #1 and 54.45 for Units #2, #3 as well as the WMZs in Units #1 and #2. Sighting height is 4.5 feet. Grid size plot spacing is 300 X 200 in Unit #1, 480 X 200 in Unit #2, 400 X 200 in Unit #3, and 400’ apart in the WMZs for Units #1 and #2. Plot ratio (cruise: count) is 1:1 for Units #1, #2, and #3 and in the WMZs for Units #1 and #2,
both plots were cruised. 9 plots were taken in Unit #1, 17 plots were taken in Unit #2, 26 plots were taken in Unit #3 and 2 plots were taken in the WMZs for Units #1 and #2 for a total of 54 plots. Note: The 1.5 acres of right of way acreage were added to Unit #3 for the purposes of the cruise.

FEES: $61,228.25 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: None.
Schedule B
Lucky 13 - WMZ Thinning

Unit 1

The southern boundary of Unit 1 is marked with blue special management boundary tags. Beyond these tags the thinning rules apply. No take trees are marked. The northern and western boundary of the wetland is marked with white timber sale boundary tags. No removals are allowed beyond the white tags.

The buffer of the forested wetland will be thinned using primarily cable operations. If necessary, a shovel can be utilized by moving it across the slope from the southern most landing location. A maximum of six cable corridors, each no wider than 35 feet, can be cut. A minimum of front-end suspension shall be achieved in the corridors. Corridor locations must be approved by the Contract Administrator in writing prior to falling any trees in the corridors. Trees with a blue special management boundary tag, at the origin of an approved corridor and within the width of the approved corridor only, may be removed.

Unit 2

A forested wetland exists along the southern boundary of Unit 2, near the south east corner. The boundary of the buffer is marked with blue special management boundary tags. Beyond these tags the thinning rules apply. No take trees are marked.

The buffer of the forested wetland will be thinned using cable operations. A maximum of three cable corridors, each no wider than 40 feet, can be cut. Corridors will also need to be located through the wetland. Within the wetland itself, remove only those trees necessary to facilitate yarding operations. Corridor locations must be approved by the Contract Administrator in writing prior to falling any trees in the corridors. Trees with a blue special management boundary tag, at the origin of an approved corridor and within the width of the approved corridor only, may be removed.
SALE NAME: MERIT  AGREEMENT NO: 30-075031

AUCTION:  June 19, 2006 starting at 10:00 a.m.  COUNTY: Snohomish
Northwest Region Office, Sedro Woolley, WA

SALE LOCATION:  Sale located approximately 6 miles southeast of Granite Falls

PRODUCTS SOLD AND SALE AREA:  All timber including the trees marked with blue special management tags which are located west of the PK-3211 Road as well as the trees located within this equipment limitation zone, except trees marked with blue paint at DBH and root collar, and trees tagged out with yellow leave tree tags, bounded by white timber sale boundary tags as well as blue special management tags on portions of the north and west property line boundaries, in the Unit; all timber marked with blue special management tags on portions of the north and west property line boundaries can be removed on part(s) of Sections 35 all in Township 30 North, Range 7 East, W.M., containing 56 acres, more or less.

MINIMUM BID:  $831,000.00  BID METHOD:  Sealed Bids

PERFORMANCE SECURITY:  $100,000.00  SALE TYPE:  Lump Sum

EXPIRATION DATE:  December 31, 2008  ALLOCATION:  Export Restricted

BID DEPOSIT:  $83,100.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD:  Cable and Shovel. Cable; cable or shovel on slopes 25% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS:  60.75 stations of required reconstruction. 11.64 stations of optional construction. 11.64 stations of road to be abandoned if built.

Development of an existing hard rock source at station 5+00 of the PK-11 road. Development will involve drilling, shooting, and processing rock to generate approximately 15 cubic yards of rip rap and approximately 840 cubic yards of 3-inch-minus ballast rock. This rock is available at no cost on State land in Section 3, Township 29 North, Range 07 East, W.M.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD:  Acres determined by GPS traverse. 60.2 acres gross. 4.8 acres deducted for green tree retention clumps. 55.5 acres net. Cruised using variable plot method. Expansion factor used is 62.5. Sighting height is 4.5 feet. Grid size plot spacing is 300 X 150 feet.

FEES:  $34,238.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS:  All logging must be completed by June 30, 2008 unless authorized in writing by the Contract Administrator. Contract expires December 31, 2008 for the purpose of slash abatement and road abandonment.

Timber marked with blue “Special Management Zone” tags along parts of the north and west boundaries may be harvested but no timber may be felled beyond these tags. Timber

Totals | 886 | 4,928 | $275,942.00

Bid Method: Sealed Bids

Unit of Measure: Tonnage scale

Expiration Date: January 30, 2007

Allocation: Export Restricted

Payment Security: To be determined by the State as described in Clause P-041 of the Purchaser’s Contract.

Bidding Procedures: A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price but no less than $5,000.00 unless total bid value is less than this amount. Complete bidding procedures and auction information may be obtained from the Northeast Region Office in Colville, WA. Phone number (509) 684-7474.

Harvest and Delivery Costs: Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Haul Cost ). Use the following rates for estimating taxable stumpage: Harvest Cost = tons($33.37). Haul Cost = (tons)($0.13 x C miles) + tons($0.11 x A miles).

Special Remarks: The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser’s delivery location by the State’s contract harvester. Purchaser is responsible for weighing and scaling costs. All mbf and tonnage loads will be weighed and all mbf loads will be scaled at State approved scaling locations. The State reserves the right to determine where logs are authorized to be scaled and weighed.

For more information regarding this log sort sale visit our web site: http://www.dnr.wa.gov/btdocs/fr/sales/. If you have questions call Bob McKellar at the Northeast Region office at (509) 684-7474 or Dave Richards at the Product Sales and Leasing Division Office in Olympia at (360) 902-1365.
CONFIRMATION: Each sort is subject to confirmation following auction. No sorts will be confirmed until at least 10 days after all sorts are successfully auctioned.

MINIMUM BID: $1,405,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00

SALE TYPE: Lump Sum

EXPIRATION DATE: October 31, 2007

ALLOCATION: Export Restricted

BID DEPOSIT: $140,500.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable harvesting equipment with ground based harvesting equipment (tracked skidder, shovel) being restricted to slopes of 35% and less. Any and or/all operation(s) of this sale may be temporarily suspended, when, in the opinion of the Contract Administrator, there is the possibility of sediment delivered to flowing water tributary to any fish bearing stream.

ROADS: 41.13 stations of required construction. 18.80 stations of required reconstruction. 25.72 stations of optional construction. 78.36 stations of pre-haul maintenance. Rock is available at no charge from the States Gung-Ho pit in Sec. 36, T9N, R5W, W.M. Purchaser shall crush 5,672 cubic yards of rock to 4 inch minus specifications and 5,633 cubic yards of rock to 1 ½ inch minus specifications, of which 5,000 cubic yards of 1 ½ inch minus shall be stock piled. Purchaser shall construct and install a 50 foot, portable and modular in design, steel bridge. Road construction will not be permitted from October 15 to April 15 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION
CRUISE METHOD: Acres were determined by hand compass and laser range finder with a maximum error of closure of 1:206. The sale area was cruised using a variable plot method. The sale is estimated to be harvested by 100% tracked harvesting.

FEES: $50,000.00 is due on day of sale. $14.32 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: 360 well-distributed, plantable spots per acre will be created in the harvest unit. This shall include the uprooting of vine maple clumps and huckleberry.

MINIMUM BID: $293/MBF (est. value $978,000.00)

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00

SALE TYPE: MBF Scale

EXPIRATION DATE: October 31, 2007

ALLOCATION: Export Restricted

BIDDABLE SPECIES: Larch, Douglas fir combined

BID DEPOSIT: $97,800.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Rubber tired skidder or tractor no larger than a D-6 cat or equivalent or forwarder. Falling and Yarding will not be permitted from November 1 to May 1 unless authorized in writing by the Contract Administrator due to wet weather conditions.

ROADS: 172.20 stations of required construction. 79.00 stations of required pre-haul maintenance. 93.10 stations of required abandonment. Prospective purchasers should review the road plan in detail. Road construction must be completed prior to October 31, 2006. Road construction will not be permitted from November 1 to May 1 unless authorized in writing by the Contract Administrator due to wet weather conditions. The hauling of forest products will not be permitted from November 1 to May 1 unless authorized in writing by the Contract Administrator due to wet weather conditions.

ACREAGE DETERMINATION

CRUISE METHOD: Acres were determined using GPS. Cruise was done using a variable plot method and 16-foot log grades.

FEES: $57,800.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Road construction must be completed prior to October 31, 2006. This sale is a variable density thinning. See Schedule A for more information. There is a locked gate into the sale. Contact the region office for information on accessing this gate. This is a high elevation sale and may require snow machines during the winter months. Good ground based operation. All utility logs felled (as defined in Clause L-040) shall be yarded to the landing and decked. Removal of utility loads from the sale area must be first approved by the Contract Administrator. Purchaser will pay a $500.00 lump sum payment on day of sale for the utility wood.
Remove all merchantable conifer trees except those that are required to be left as leave trees.

**LEAVE TREE SELECTION CRITERIA**

A. Species preference for leave trees in priority order:
   1) ponderosa pine  2) western larch  3) Douglas-fir  4) Engelmann spruce
   6) lodgepole pine  7) sub-alpine fir  8) grand fir

B. No mountain hemlock, ponderosa pine or hardwood trees will be cut.

C. Leave tree target: 71 trees/acre  Basal area target: 80  Leave tree spacing target: 25’ x 25’

D. There is a maximum cut diameter limit of 30” dbh = 94 “ circumference at 1’ stump height. Minimum cut diameter is 7” dbh = 22” circumference at 1’ stump height. No trees outside of this limit will be cut unless approved by the contract administrator.

E. Leave trees shall be the best dominant and co-dominant conifers selected by comparing their characteristics with others in the stand and uniformly distributed over the area. Spacing of leave trees may vary to obtain the most desirable leave tree as long as the specified trees per acre guideline is met.

F. Remove double joined trees where spacing permits or leave both. Remove double topped trees. Remove trees incapable of responding to release (having 20% or less crown).

G. Defective live conifer trees that provide habitat for wildlife may be left as leave trees but no more than 4-6 per acre. Live defective trees with broken tops, cavities, multiple tops and other defects are preferred, provided they are safe to work around. These trees should be in the diameter range of dominant or co-dominant trees. Heights may be less because of defect.

H. Snags are not to be cut unless necessary to maintain operator safety and meet L & I requirements. Operator safety is #1 priority. Snags felled for safety reasons will be left in unit and will not be landed.

I. Removal levels will vary across the stand given pre-harvest stocking. Where portions of the stand currently meet desired post harvest condition, removal will not allowed without contract administrator approval. Contract administrator approval may be given to remove diseased trees in such areas for health reasons.

J. No timber shall be cut that is marked with a timber sale boundary tags, right-of-way tags, or plain white drainage designation tags (posted along right-of-way).

**TREE SELECTION AND PURCHASER CERTIFICATION**

DNR will have several sample plots which have been marked to the leave requirements as a guide for the purchaser and operator. Fallers will be required to initially use a 20 basal area factor prism to determine number of leave trees necessary to meet basal area target and corresponding approximate tree spacing. Contract administrator will work with fallers initially to ensure understanding and compliance with cutting specifications. Following determination by the contract administrator that faller is competent, they will be certified. Contract administrator will subsequently closely monitor leave tree selection to ensure compliance. Since certification of fallers and/or feller buncher operators is time consuming and it is important to maintain consistency, change in fallers is strongly discouraged and will only be allowed with contract administrator approval. Failure of
operator to satisfactorily meet cutting specifications will result in suspension of operations per H-011 clause.

Tree selection will be demonstrated by the contract administrator at the timber sale site prior to logging. Several sample plots of approximately one acre will be marked to leave with paint by a DNR forester with the operator present. The marking strategy will demonstrate the species selection, basal area target, and spacing target listed above. Permission to begin operations must be given in writing by the contract administrator, and the contract administrator must be on site when logging begins. Cutting will be closely monitored by the contract administrator to provide the operator(s) with professional guidance to meet the prescription delineated in this document. Neither leave trees nor cut trees will be marked in the majority of the sale area with the exception of the sample plots.

MINIMUM BID:  
$39/ton (est. value $148,000.00)

BID METHOD:  
Sealed Bids

PERFORMANCE SECURITY:  
$29,600.00

SALE TYPE:  
Tonnage Scale

EXPIRATION DATE:  
September 28, 2007

ALLOCATION:  
Export Restricted

BIDDABLE SPECIES:  
Douglas fir

BID DEPOSIT:  
$14,800.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD:  
Forwarder and Track skidder. All timber shall be yarded and hauled within 30 days of being felled. All timber from Unit #2 shall be forwarded over the designated skid trail identified by the Contract Administrator to the 3000 road. The skid trail shall be water barred and blocked at the completion of the contract. Falling and Yarding will not be permitted from September 30 to March 31 unless authorized in writing by the Contract Administrator.

ROADS:  
2.00 stations of optional construction. 14.86 stations of optional reconstruction. Rock for this proposal may come from any commercial source as approved by the Contract Administrator. Road construction will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator. The hauling of forest products will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION  
CRUISE METHOD:  
Acres were determined by hand compass and laser range finder with a maximum error of closure of 1:235. The sale was cruised as one unit of 48 acres with stand table data from DNR IMPS output. Harvesting activities are estimated to be approximately 100% ground-based.

FEES:  
$10,730.00 is due on day of sale. $1.49 per ton is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS:  
On Unit #1, no operation of heavy machinery during the period one-hour before to two hours after official sunrise and one hour before to one hour after official sunset, between April 1 to August 31.
