

DNR PRE-SEASON APPLICATION AND AGREEMENT

For equipment not listed in the wage and equipment rate guide

A. Application Instructions

1. By submitting this application, the Contractor agrees to all terms and conditions of this pre-season application and agreement upon being contacted for service by DNR.
2. Incomplete applications will not be accepted.
3. Contractors who submit complete applications and comply with all of the agreement terms will be added to DNR’s source list for Pre-Season Agreements.
4. Contractor must complete and sign by a representative with the authority to act on behalf of the Contractor:
 - o **Read and Sign the Waiver and Release of Liability**
 - o **Read and Sign the Application**
 - o **Read and Sign the COVID-19 Contractor Vaccination Declaration**
- NOTE: (1) The Waiver and Release of Liability (2) the Applications and (3) the COVID-19 Contractor Vaccination Declaration must be signed by a representative with the authority to act on behalf of the Contractor. Download, read and agree with the current years [Washington State Wage & Equipment Rate Guide](#).
- Complete the linked [Vendor Payee Registration Form](#) with the Officer of Financial Management (OFM). “It’s the Contractor’s responsibility to ensure registration with OFM. DNR cannot make payments unless the Contractor is registered in the system.
- **Submit the application to:**
 DNR – Wildfire Division
 ATTN: Wildfire Preparedness Coordinator
 1111 Washington Street SE
 Olympia, WA 98504-7307

Next fill out the **Contractor Certifications** and **Contractor Authorized Representative** and sign. Then scan and email this back with the entire filled out Pre-Season Agreement.

E. Accepting the Waiver and Release of Liability

CONTAINS A WAIVER AND RELEASE OF LIABILITY PLEASE READ CAREFULLY

For and in consideration of employment as an independent contractor in fire suppression activities and logistical support, (CONTRACTOR/PRINT NAME), ENTER CONTRACTOR NAME .

and his/her heirs/successors in interests, do hereby **RELEASE** and forever **HOLD HARMLESS AND INDEMNIFY** the State of Washington, Department of Natural Resources and its officers, agents, and employees, from any and all claims, damages, and causes of action that may arise out of **CONTRACTOR'S** employment as an independent contractor in fire suppression activities and logistical support.

WAIVER AND RELEASE OF LIABILITY

CONTRACTOR agrees that if CONTRACTOR engages in fire suppression activities or logistical support, CONTRACTOR does so at CONTRACTOR'S own risk. This includes, without limitation, CONTRACTOR'S employment as an independent contractor during fire suppression activities where there is the risk of injury to, death of, and property damage for, CONTRACTOR. CONTRACTOR agrees that all participation in these activities is voluntary and CONTRACTOR assumes all risk of injury and death to CONTRACTOR or CONTRACTOR'S contraction of any illness or medical condition that might result, or any damage, loss or theft of any personal property belonging to CONTRACTOR. CONTRACTOR agrees on behalf of himself/herself (and CONTRACTOR'S personal representatives, heirs, executors, administrators, agents, and assigns) to **RELEASE** and **DISCHARGE** the State of Washington, Department of Natural Resources and its officers, agents, employees, and programs from any and all claims, damages, and causes of action that may arise out of CONTRACTOR'S employment as an independent contractor in fire suppression activities or logistical support. This **WAIVER AND RELEASE OF LIABILITY** includes, but is not limited to, injuries which may occur as a result of (a) CONTRACTOR'S use of any equipment or tools, (b) claims of negligence, (c) CONTRACTOR suffering injury, death, or property damage during fire suppression activities, and (d) CONTRACTOR slipping and falling while in or on Department of Natural Resources' premises.

CONTRACTOR acknowledges that CONTRACTOR has carefully read this WAIVER AND RELEASE OF LIABILITY and fully understands that it is a RELEASE OF LIABILITY. CONTRACTOR is waiving any right that CONTRACTOR may have to bring a legal action to assert a claim against the State of Washington for the State's negligence.

PLEASE READ AND SIGN:

I have read, understood, and accepted the conditions of the WAIVER AND RELEASE OF LIABILITY printed above.

PROCLAMATION 21-14.2 – COVID-19 CONTRACTOR VACCINATION DECLARATION

Pursuant to [Proclamation 21-14.2 – COVID-19 Vaccination Requirement, as now or hereafter amended by the Governor, \("Proclamation"\)](#), contractors who have goods, services, or public works contracts with a Washington state agency, including Department of Natural Resources (DNR), must ensure that their personnel (including subcontractors) who perform contract activities on-site comply with the COVID-19 vaccination requirements, unless exempted as prescribed by the Proclamation.

DNR Contract Number

Name of Contractor

I (state your name) _____ am an authorized representative of (state your organization name) _____ or an owner/sole proprietor.

Note: An owner/sole proprietor is a type of business owned and run by one person

I hereby certify, on behalf of the Contractor, as follows (check one):

- CONTRACTOR HAS A COVID-19 CONTRACTOR VACCINATION VERIFICATION PLAN THAT COMPLIES WITH THE VACCINATION PROCLAMATION. Contractor:
 - o Has reviewed and understands Contractor's obligations as set forth in Proclamation 21-14.2 – COVID-19 Vaccination Requirement, as now or hereafter amended;
 - o Has developed a COVID-19 Vaccination Verification Plan for Contractor's personnel (including subcontractors) that complies with the above-referenced Proclamation;
 - o Has obtained a copy or visually observed proof of full vaccination against COVID-19 for Contractor personnel (including subcontractors) who are subject to the vaccination requirement in the above-referenced Proclamation;
 - o To the extent Contractor is an owner/sole proprietor, Contractor certifies that Contractor is fully vaccinated against COVID-19 or is unable to get vaccinated because of a medical exemption or a conflict between the vaccination requirement and their sincerely held religious belief, practice, or observance, as applicable.
 - o Complies with the requirements for granting disability and religious accommodations for Contractor personnel (including subcontractors) who are subject to the vaccination requirement in the above-referenced Proclamation;
 - o Has operational procedures in place to ensure that any contract activities that occur in person and on-site at Agency premises (other than only for a short period of time during a given day and where any moments of close proximity to others on-site will be fleeting – e.g., a few minutes for deliveries) that are performed by Contractor personnel (including subcontractors) will be performed by personnel who are fully vaccinated or properly exempted as required by the above-referenced Proclamation;
 - o Has operational procedures in place to enable Contractor personnel (including subcontractors) who perform contract activities on-site and at Agency premises to provide

WILDFIRE

compliance documentation that such personnel are in compliance with the above-referenced Proclamation;

- Will provide to DNR, upon request, Contractor’s COVID-19 Vaccination Verification Plan and related records, except as prohibited by law, and will cooperate with any investigation or inquiry pertaining to the same. For lease agreements, the notice may require the landlord to inventory all contracts where the contract requires workers to perform work on site and provide the inventory of contracts upon DNR’s request.
 - Agrees that it and its employees and subcontractors will comply with additional safety requirements as posted at DNR facilities/work sites when on site, such as taking and passing a health screen before entering, social distancing, submitting proof of a negative COVID-19 test, or wearing a face covering.
- CONTRACTOR DOES NOT HAVE A COVID-19 CONTRACTOR VACCINATION VERIFICATION PLAN. Contractor does not have a current COVID-19 Contractor Vaccination Verification Plan and, Contractor would not be able to develop and provide a COVID-19 Contractor Vaccination Verification Plan to ensure that Contractor’s personnel meet the COVID-19 vaccination requirements as set forth in the above-referenced Proclamation and provide the same to Agency within twenty-four (24) hours of such designation. [Note: Compliance with the Proclamation is mandatory. Contractors who are not able to perform in compliance with the Vaccination Proclamation will not be evaluated.]

application and returned to contractor.**

DNR AGREEMENT NO	
-------------------------	--

This Agreement is entered into by the State of Washington, Department of Natural Resources, hereafter referred to as DNR/Agency, and ENTER CONTRACTOR NAME hereafter referred to as the Contractor.

PURPOSE: The purpose of this Agreement is to contract for equipment and services from the Contractor to be used for fire suppression activities when under the supervision of DNR recognized wildland fire personnel.

The Contractor is responsible for all equipment, materials, supplies, transportation, lodging, and trained/certified personnel necessary to meet or exceed the Agreement requirements to perform the work in a safe manner and to a professional standard. By entering into this Agreement with DNR to provide wildfire suppression resources, Contractor certifies and agrees that its equipment and operators will meet or exceed DNR’s minimum specifications. Failure to comply with the terms and conditions of this agreement may result in demobilization from the incident.

The Contractor understands this Agreement will be used only when needed as determined solely by DNR. DNR is not obligated to use the Contractor. DNR is obligated to compensate the Contractor only if the Contractor is dispatched to a wildfire incident by DNR and the Contractor otherwise complies with all of the material terms of this Agreement. DNR reserves the right to dispatch resources based on closest forces, cost effectiveness, and other considerations and is not required to utilize the Dispatch Priority List (DPL) only when DNR is the jurisdictional/paying agency.

AUTHORITY: Under RCW 76.04.015 and RCW 76.04.181, DNR may enter into preemptive agreements with landowners and others who have firefighting capability that may be utilized in DNR wildland fire suppression efforts.

In consideration of the terms, conditions and covenants contained herein, or attached and incorporated herein by reference, the parties mutually agree as follows:

1.01 PERIOD OF PERFORMANCE:

The period of performance of this Agreement shall begin on ENTER START DATE and end on ENTER END DATE, unless extended by mutual agreement or terminated by the parties as provided herein.

2.01 THE CONTRACTOR SHALL:

- a) When requested by DNR, promptly provide the requested personnel and equipment for fire suppression operations.
- b) Not send personnel and equipment to an incident without a resource order. If equipment arrives to an incident without having a resource order, no compensation will be provided.
- c) Ensure the personnel and equipment furnished under this Agreement meet the standards specified in this Agreement.
- d) Require the Contractor’s personnel and equipment to be under the supervision of DNR recognized wildland fire personnel when engaged in or supporting fire suppression activities. Such personnel and equipment must remain under such supervision until DNR recognized wildland fire personnel release them from the assigned wildfire incident.
- e) Ensure all personnel provided have training and qualifications for the work performed under this Agreement.
- f) Be responsible for any fines or penalties imposed upon the Contractor or the Contractors employees or equipment.
- g) Bring this complete Agreement, including Attachments and any amendments, to the incident, and upon arrival at the incident, present these documents to the Incident Timekeeper or other point of contact provided by DNR.

WILDFIRE

- h) Understand that equipment furnished under this agreement may be operated and subjected to extreme environmental and/or strenuous operating conditions, which could include but is not limited to unimproved roads, steep, rocky, hilly terrain, dust, heat, and smoky conditions. The contractor agrees that what is considered wear and tear under these terms and conditions is in excess of what the equipment is subjected to under normal operations and is reflected in the rates paid for the equipment.

3.01 DNR SHALL:

- a) Provide dispatch instructions to the Contractor when assigned to fire suppression operations.
- b) Release the Contractor's personnel and equipment as soon as possible when no longer needed at a wildfire incident.

4.01 TRAINING/EXPERIENCE

- a) Each person employed by the Contractor under this Agreement shall meet the following minimum requirements, and be able to provide evidence that employees meet the requirements upon request:
 1. Personnel shall be trained in accordance with agreement requirements.
 2. Commercial Driver's License, as required.
 3. All operators shall be able to operate the equipment safely up to the manufacturer's limitations.
- b) DNR/Agency reserves the right to verify training at any time for all operators.

5.01 INDEPENDENT CAPACITY OF CONTRACTOR:

The Contractor and its employees or agents performing under this Agreement are not employees or agents of DNR. The Contractor will not represent itself nor claim to be an officer or employee of DNR or of the state of Washington by reason hereof, nor will the Contractor make any claims of right, privilege or benefit which would accrue to such employee under Washington law.

6.01 RIGHT OF INSPECTION:

The Contractor shall provide right of access to its facilities, equipment and personnel to DNR, any of its employees, or to any other authorized agent or official of the state of Washington or the federal government at all reasonable times, in order to monitor and evaluate performance, compliance and/or quality assurance under this Agreement.

7.01 VENDOR REGISTRATION:

Contractor is required to register for a Washington Statewide Vendor Number through the Office of Financial Management. State of Washington Payee Registration must be completed at time of initial hire. Form and instructions found on the Washington State Office of Financial Management (OFM) webpage:

<https://ofm.wa.gov/it-systems/accounting-systems/statewide-vendorpayee-services>

8.01 PAYMENT PROVISIONS:

DNR will provide payment to the contractor within 30 days of demobilizing from the incident. Contractor will be paid according to the rates and terms of this agreement. Specific documentation requirements, and payment provisions are outlined in Attachment C.

9.01 STANDARD METHOD OF HIRE:

All operating cost including supplies, fuel, and labor is included in the rate paid to the contractor.

10.01 LICENSING, ACCREDITATION AND REGISTRATION:

The Contractor shall comply with all applicable local, state and federal laws, licensing, accreditation and registration requirements or standards necessary for the performance of this Agreement.

11.01 SUBCONTRACTING:

WILDFIRE

The Contractor shall not enter into subcontracts for any of the work contemplated under this Agreement without obtaining prior written approval of DNR. In no event shall the existence of the subcontract operate to release or reduce the liability of the Contractor to DNR for any breach in the performance of the Contractor's duties. This clause does not include contracts of employment between the Contractor and personnel assigned to work under this Agreement.

Additionally, the Contractor is responsible for ensuring that all terms, conditions, assurances and certifications set forth in this Agreement and all documents attached and incorporated by reference are carried forward to any subcontracts.

12.01 REMAIN OVERNIGHT ALLOWANCE (RON):

- a) Contractors under this agreement are not paid per diem or lodging expenses to and from incidents.
- b) When the incident cannot provide a campsite after the first shift worked, actual lodging expenses or the per diem locality rate published by OFM Statewide Accounting in the Washington State Administrative and Accounting Manual (SAAM), subsection 10.90 will be paid. Rate map may be found at <http://ofm.wa.gov/resources/travel.asp>. Double occupancy of hotel rooms is required. Any associated lodging taxes are reimbursable as documented. Lodging receipts, as well as documentation by incident personnel that a campsite was not provided, shall be submitted as supporting documentation with payment documents.
- c) When the incident cannot provide meals, reimbursement for meals is based on per diem locality rates minus any government-provided meals. The maximum allowable meal rates may be found at the website above.
- d) If the resource is allowed to return to its dispatch location during off-shift time, RON allowance is not authorized.
- e) The maximum RON that shall be allowed is based on the number of operators or crewmembers shown on the shift ticket. Payment shall be included as an addition on the OF-286 Emergency Equipment Use Invoice.
- f) Local contractors are not entitled to paid lodging or per diem expenses, unless written authorization with justification is provided by the Incident Commander.

13.01 INSURANCE:

Before using any of said rights granted herein and at its own expense, CONTRACTOR shall purchase and maintain, or require its agent(s)/subcontractor to purchase and maintain, the insurance described below for the entire duration of this Agreement. Failure to purchase and maintain the required insurance may result in the termination of the Agreement at DNR's option.

All insurance provided in compliance with this Agreement shall be primary as to any other insurance or self-insurance programs afforded to, or maintained by, the State of Washington, Department of Natural Resources.

CONTRACTOR shall provide DNR with certificates of insurance, executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements specified in this Agreement before using any of said rights granted herein. The description section of the certificate shall contain the Contract Number and the name of the DNR Project Manager. Contractor shall also provide renewal certificates as appropriate during the term of this Agreement.

CONTRACTOR shall include all subcontractors and agents as insured under all required insurance policies or shall provide separate certificates of insurance for each subcontractor or agent. Failure of CONTRACTOR to have its subcontractors and agents comply with the insurance requirements contained herein does not limit CONTRACTOR's liability or responsibility.

INSURANCE TYPES & LIMITS:

The limits of insurance, which may be increased by State, as deemed necessary, shall not be less than as follows:

WILDFIRE

Commercial General Liability (CGL) Insurance: CONTRACTOR shall purchase and maintain commercial general liability insurance with a limit of not less than \$1,000,000 per each occurrence. If such CGL insurance contains aggregate limits, the general aggregate limits shall be at least twice the "each occurrence" limit, and the products-completed operations aggregate limit shall be at least twice the "each occurrence" limit. All insurance must cover liability arising out of premises, operations, independent contractors, products completed operations, personal injury and advertising injury, and liability assumed under an insured contract (including the tort liability of another party assumed in a business contract) and contain separation of insured (cross-liability) condition.

Employer's liability ("Stop Gap") Insurance: CONTRACTOR shall purchase and maintain employer's liability insurance and if necessary, commercial umbrella liability insurance with limits not less than \$1,000,000 each accident for bodily injury by accident or \$1,000,000 each employee for bodily injury by disease.

Business Auto Policy (BAP) Insurance: CONTRACTOR shall purchase and maintain business auto insurance and if necessary, commercial umbrella liability insurance with a limit of not less than \$1,000,000 per accident, with such insurance covering liability arising out of "Any Auto". The policy shall be endorsed to provide contractual liability coverage and cover a "covered pollution cost or expense." CONTRACTOR waives all rights of subrogation against State for the recovery of damages to the extent they are covered by business auto liability or commercial umbrella liability insurance.

Industrial Insurance (Workers Compensation): CONTRACTOR shall comply with Title 51 RCW by maintaining workers' compensation insurance for its employees. CONTRACTOR waives all rights of subrogation against State for recovery of damages to the extent they are covered by Industrial Insurance, employer's liability, general liability, excess, or umbrella insurance. CONTRACTOR waives its Title 51 RCW immunity to the extent it is required by its indemnity obligation under this Agreement.

Additional Provisions:

Additional Insured: The State of Washington, Department of Natural Resources, its officials, agents, and employees shall be named as additional insured by endorsement on all general liability, excess, and umbrella insurance policies.

Cancellation: DNR shall be provided written notice before cancellation or non-renewal of any insurance referred to therein, in accord with the following specifications.

- a) Insurers subject to Chapter 48.18 RCW (Admitted and Regulated by the Insurance Commissioner): The insurer shall give the State 45 days advance notice of cancellation or nonrenewal. If cancellation is due to non-payment of premium, the State shall be given 10 days advance notice of cancellation.
- b) Insurers subject to Chapter 48.15 RCW (Surplus Lines): The State shall be given 20 days advance notice of cancellation. If cancellation is due to non-payment of premium, the State shall be given 10 days advance notice of cancellation.

Insurance Carrier Rating: All insurance shall be issued by companies admitted to do business in the State of Washington and have a rating of A-, Class VII, or better. Any exception must be reviewed and approved by the DNR Risk Manager or the DNR Contracts Manager, in the Risk Manager's absence. If an insurer is not admitted to do business in the State of Washington, all insurance policies and procedures for issuing the insurance policies must comply with Chapters 48.15 RCW and 284-15 WAC.

Self-Insurance: If CONTRACTOR is self-insured, evidence of its status as a self-insured entity shall be provided to State. The evidence should demonstrate that CONTRACTOR's self-insurance meets all of the required insurance coverage of this Agreement to the satisfaction of State including the description of the funding mechanism and its financial condition. If the funding mechanism or financial condition of the self-

WILDFIRE

insurance program of CONTRACTOR is inadequate, then State may require the purchase of additional commercial insurance to comply with this Agreement.

Waiver: CONTRACTOR waives all rights of subrogation against State for recovery of damages to the extent these damages are covered by general liability, excess, or umbrella insurance maintained pursuant to this Agreement.

14.01 NON-DISCRIMINATION:

During the performance of this Agreement, the Contractor shall comply with all federal and state non-discrimination laws, regulations, and policies. In the event of the Contractor's non-compliance or refusal to comply with any non-discrimination law, regulation or policy, this Agreement may be rescinded, canceled or terminated in whole or in part, and the Contractor may be declared ineligible for further contracts with DNR.

15.01 INDEMNIFICATION:

To the fullest extent permitted by law, Contractor shall indemnify, defend, and hold harmless the State, agencies of State and all officials, Agents and employees of the State, from and against all claims for injuries or death arising out of or resulting from the performance of the contract. "Claim," as used in this contract, means any financial loss, claim, suit, action, damage, or expense, including but not limited to attorney's fees, attributable for bodily injury, sickness, disease, or death, or injury to or destruction of tangible property including loss of use resulting therefrom.

Contractor's obligations to indemnify, defend, and hold harmless includes any claim by Contractors' Agents, employees, representatives, or any Subcontractor or its employees.

Contractor expressly agrees to indemnify, defend, and hold harmless the State for any claim arising out of or incidental to Contractor's or any Subcontractor's performance or failure to perform the contract. Contractor's obligation to indemnify, defend, and hold harmless the State shall not be eliminated or reduced by any actual or alleged concurrent negligence of State or its Agents, agencies, employees and officials.

16.01 RECORDS MAINTENANCE:

The Contractor shall maintain books, records, documents, data and other evidence relating to this contract and performance of services rendered and/or delivery of goods as described herein, including but not limited to accounting procedures and practices that sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this contract.

Contractor shall retain such records for a period of six years following the date of final payment. At no additional cost, these records, including materials generated under the contract, shall be subject at all reasonable times to inspection, review or audit by the Agency, personnel duly authorized by the Agency, the Office of the State Auditor, and federal and state officials so authorized by law, regulation or agreement.

If any litigation, claim or audit is started before the expiration of the six (6) year period, the records shall be retained until all litigation, claims, or audit findings involving the records have been resolved.

17.01 TERMINATION FOR CAUSE:

The Agency may terminate this contract in whole, or in part, at any time after one (1) days' notice whenever it is determined that the contractor has failed to comply with the terms and conditions of the Contract. The Agency shall promptly notify the contractor in writing of the termination and the reasons for termination, together with the effective date of termination.

In the event of termination or suspension, the Contractor shall be liable for damages as authorized by law including, but not limited to, any cost difference between the original contract and the replacement or cover contract and all administrative costs directly related to the replacement contract, e.g., cost of the competitive bidding, mailing, advertising and staff time.

The Agency reserves the right to suspend all or part of the contract, withhold further payments, or prohibit the Contractor from incurring additional obligations of funds during investigation of the alleged compliance breach and pending corrective action by the Contractor or a decision by the Agency to terminate the

WILDFIRE

contract. A termination shall be deemed a "Termination for Convenience" if it is determined that the Contractor: (1) was not in default; or (2) failure to perform was outside of his or her control, fault or negligence.

The rights and remedies of the Agency provided in this contract are not exclusive and are in addition to any other rights and remedies, provided by law.

18.01 TERMINATION FOR CONVENIENCE:

Except as otherwise provided in this contract, the Agency may, by 10 calendar days written notice, beginning on the second calendar day after the mailing, terminate this contract, in whole or in part. If this contract is so terminated, the Agency shall be liable only for payment required under the terms of this contract for goods delivered or services rendered prior to the effective date of termination

19.01 TERMINATION PROCEDURES:

Upon termination of this contract, the Agency, in addition to any other rights provided in this contract, may require the Contractor to deliver to the Agency any property specifically produced or acquired for the performance of such part of this contract as has been terminated.

The Agency shall pay to the Contractor the agreed upon price, if separately stated, for goods or services accepted by the Agency, and the amount agreed upon by the Contractor and the Agency for (i) goods delivered or services rendered for which no separate price is stated, (ii) partially completed goods delivered or services rendered, (iii) other goods delivered or services rendered that are accepted by the Agency, and (iv) the protection and preservation of property, unless the termination is for default, in which case the Agent shall determine the extent of the liability of the Agency. Failure to agree with such determination shall be a dispute within the meaning of the "Disputes" clause of this contract. The Agency may withhold from any amounts due the Contractor such sum as the Agent determines to be necessary to protect the Agency against potential loss or liability.

The rights and remedies of the Agency provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

After receipt of a notice of termination, and except as otherwise directed by the Agent, the Contractor shall:

- a) Stop work under the contract on the date, and to the extent specified, in the notice;
- b) Place no further orders or subcontracts for materials, services, or facilities except as may be necessary for completion of such portion of the work under the contract that is not terminated;
- c) Assign to the Agency, in the manner, at the times, and to the extent directed by the Agent, all of the rights, title, and interest of the Contractor under the orders and subcontracts so terminated, in which case the Agency has the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts;
- d) Settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, with the approval or ratification of the Agent to the extent Agent may require, which approval or ratification shall be final for all the purposes of this clause;
- e) Transfer title to the Agency and deliver in the manner, at the times, and to the extent directed by the Agent any property which, if the contract had been completed, would have been required to be furnished to the Agency;
- f) Complete performance of such part of the work as shall not have been terminated by the Agent; and
- g) Take such action as may be necessary, or as the Agent may direct, for the protection and preservation of the property related to this contract, which is in the possession of the Contractor and in which the Agency has or may acquire an interest.

20.01 CONFLICT OF INTEREST:

DNR may, in its sole discretion, by written notice to the Contractor, terminate this Agreement if it is found after due notice and examination by DNR, that there is a violation of the State Ethics Law, Chapter 42.52 RCW or any similar statute involving the Contractor in the procurement of, or performance under, this Agreement. In the event this Agreement is terminated as provided above, DNR shall be entitled to pursue the same remedies against the Contractor as it could pursue in the event of a breach of the Agreement by the Contractor. The rights and remedies of DNR provided for in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law.

WILDFIRE

21.01 DISPUTES:

Except as otherwise provided in this Agreement, when a dispute arises between the parties and it cannot be resolved by direct negotiation, either party may request a dispute hearing with the delegate authorized to act on behalf of the Commissioner of Public Lands (Agent).

- a) The request for a dispute hearing must:
 1. Be in writing;
 2. State the disputed issue(s);
 3. State the relative positions of the parties;
 4. State the Contractor's name, address, and Agreement number; and
 5. Be mailed to the Agent and the other party's (respondent's) Agreement manager within three (3) working calendar days after the parties agree that they cannot resolve the dispute.
- b) The respondent shall send a written answer to the requester's statement to both the Agent and the requester within five (5) working calendar days.
- c) The Agent shall review the written statements and reply in writing to both parties within 10 working days. The Agent may extend this period if necessary by notifying the parties.
- d) The parties agree that this dispute process shall precede any action in a judicial or quasi-judicial tribunal.

Nothing in this Agreement shall be construed to limit the parties' choice of a mutually acceptable alternate dispute resolution method in addition to the dispute resolution procedure outlined above.

22.01 JURISDICTION/VENUE/ATTORNEYS' FEES:

This Agreement shall be construed and interpreted under the laws of the state of Washington and the venue of any action brought under this Agreement shall be in the Superior Court of Thurston County. The Contractor, by execution of this Agreement, acknowledges the jurisdiction of the courts of the state of Washington in this matter. In the event of litigation or other action brought to enforce the terms of this Agreement, each party agrees to bear its own attorneys' fees and costs.

23.01 SEVERABILITY:

If any provision of this Agreement or any provision of any document incorporated by reference shall be held invalid, such invalidity shall not affect the other provisions of this Agreement which can be given effect without the invalid provision, and to this end the provisions of this Agreement are declared to be severable.

24.01 HARASSMENT:

Per [RCW 43.01.135](#), Sexual harassment in the workplace, Agency Contractors hereby have access to DNR Policy PO01-007 Harassment Prevention: https://www.dnr.wa.gov/publications/em_PO01-007_harassment_prevention.pdf

25.01 COVID-19 VACCINATION REQUIREMENT:

Pursuant to [Proclamation 21-14.2 – COVID-19 Vaccination Requirement](#), as now or hereafter amended by the Governor ("Proclamation"), contractors who have goods, services, or public works contracts with a Washington state agency, including the Department of Natural Resources (DNR), must ensure that their personnel (including subcontractors) who perform contract activities on-site comply with the COVID-19 vaccination requirements of the Proclamation, unless exempted as prescribed by the Proclamation. Compliance with the Proclamation is mandatory. Contractor shall comply with the Proclamation.

26.01 WAIVER:

Waiver of any default or breach shall not be deemed a waiver of any subsequent default or breach. Any waiver shall not be construed to be a modification of the terms of this contract unless stated to be such in writing and signed by authorized representative of the Agency.

27.01 ASSIGNABILITY:

This Agreement, and any claim arising under this Agreement, cannot be assigned or delegated by the Contractor either in whole or in part.

WILDFIRE

28.01 ENTIRE AGREEMENT:

This document and Attachments hereto incorporated by reference contain all covenants, stipulations, and provisions agreed by both parties. No agent or representative of either party has authority to make, and the parties shall not be bound by or be liable for, any statement, representation, promise, or agreement not set forth herein, except for extension of the completion date. No changes, amendments, or modifications of the terms hereof shall be valid unless reduced to writing and signed by the parties as an amendment to this Agreement.

29.01 CONFORMANCE:

If any provision of this contract violates any statute or rule of law of the state of Washington, it is considered modified to conform to that statute or rule of law.

Attachment A: Scope of Work – trailer mounted handwash

The CONTRACTOR will provide services and staff, and otherwise do all things necessary for or incidental to the performance of work, as set forth below:

The Contractor Shall:

1. Provide all equipment, labor, supervision, materials, supplies, equipment set up/take down, fuel, electricity required for heat, lights, hot water, transport, and maintenance necessary for the operation of the Trailer Mounted Handwash Station.
2. Provide adequate personnel to keep the Trailer Mounted Handwash Station in continuous operation during showering use periods specified by the government (this includes personnel to haul potable water to support Trailer Mounted Handwash Station).
3. Provide all key personal protective supply items for the protection of their employees, vehicles and equipment when assigned to incidents (such as face coverings and gloves).
4. Adhere to all Centers for Disease Control and Prevention (CDC), state health authority and other regulatory agency requirements, guidelines and direction regarding the current Coronavirus (COVID-19) pandemic.

Equipment Requirements for Trailer Mounted Handwashing Stations

1. The trailer mounted handwashing station must be self-contained, to include a power source or generator for lighting and heating of water.
 - a. The contractor shall keep units:
 - i. Cleaned with CDC recommended sanitation products
 1. All surfaces wiped down between each use or at a minimum of once an hour.
 2. Deep Clean after each peak use time, normally morning and evening.
 - ii. Fully stocked
 1. Paper towels and phosphate-free liquid soap, ensuring neither are empty at any time during the day.
 - iii. Staffed
 1. Contractor personnel must be onsite at all times during open hours
 2. Government approval is needed to close/leave during open hours (normally 0500-1200 & 1300-2200 (16hrs)), should be minimized and will be approved on a case-by-case basis.
2. If requested by the Government, the contractor must be capable of relocating the unit at the incident within 4hours or sooner at the discretion of the incident command team.
3. Potable water shall be used for all washbasins.
 - a. The Government will provide the potable water.

WILDFIRE

- b. Minimum 250 gallons of potable water storage. Bladder bags are not acceptable.
4. Minimum 500-gallon storage of gray water. Gray water removal will be the responsibility of the Government.
5. Wash Basins (Sinks).
 - a. Units shall have a minimum of 6 wash basins (sinks) and with a mirror for each sink, or one solid mirror of sufficient length and height which provides viewing at each sink.
6. All washbasins shall have adequate lighting for use of the washbasins in darkness.
7. Each wash basin (sink) shall:
 - a. provide hot and cold water,
 - b. control gray water,
 - c. have a minimum of one liquid soap dispenser and one enclosed paper towel dispenser for every two sinks.
 - d. have the ability to hold water with built in or permanently attached stoppers.
 - e. have continuous water heating capable of maintaining up to 110 degrees F, as tested at the faucet.
 - f. provide hot and cold water through a water mixing faucet. The faucet shall have manual user controls that allow for temperature control and the washing of both hands while the water is running. Water saving devices that require manual activation to achieve and maintain water flow, such as push button or automatic faucets, are not allowed.
8. Contractor shall make provisions to prevent incident personnel from standing in water puddles, or mud on the ground, adjacent to the sinks.
9. Equipment Marking.
 - a. All bladder bags used for gray water storage shall have the size and use labeled on them in a conspicuous place (for example: 500 Gallons Gray Water).
10. All hoses used shall be labeled at both ends to identify their use (i.e. gray or potable).
11. Inspection and Testing.
 - a. At a minimum, or when required by the local jurisdiction or State Law, one microbiological test for total coliform shall be performed within 2 established business days of the time of arrival at the incident at a certified laboratory. Contractor shall be responsible for all costs associated with the required microbiological test, which includes obtaining, delivering, and providing results to the Government.
 - i. Sampling by the contractor must be performed to industry standards and to the standards required by the designated laboratory.
 - ii. Where State-specific requirements have not been established, laboratory coliform test data must show that the water contains coliforms of less than 2.2 Most Probable Numbers (MPN)/100 ml (or "absence" if the presence/absence test is used).
 - iii. In addition, a test shall be performed on the first water load following any of the required sanitation procedures, whenever switching to a different water source and/or at least once every 30 days during months when water hauling is performed, and/or

WILDFIRE

whenever such analysis is requested by state or local health authorities or Government representative.

- iv. If the presence/absence (P&A) test for the coliform analysis is used, then only negative (absence) results are acceptable.
 1. If a sample tests positive (presence), the Contractor shall take out of service, investigate the cause of the problem; take corrective actions; resample/test the water; and notify the Incident Commander or designated Government Representative at the Incident.
 2. If the test data shows that the water contains more than 2.2 MPN/100 ml, the Contractor shall immediately take out of service; investigate the cause of the problem; take corrective actions; resample/test the water; and notify the Incident Commander or designated Government Representative at the Incident.
 3. The Contractor shall not haul water until the test shows that the water contains total coliform of less than 2.2 MPN/100 ml.

Copies of the results of such tests shall be submitted to the Contracting Officer at the address indicated on the agreement or contract within seven calendar days after the end of the incident assignment. Test results shall clearly identify Contractor's name, address, and contract or agreement number on the report.

Attachment B: Scope of Work - showers

The CONTRACTOR will provide services and staff, and otherwise do all things necessary for or incidental to the performance of work, as set forth below:

1. The contractor will provide all equipment, labor, supervision, materials, supplies, equipment set up/take down, fuel, electricity required for heat, lights, hot water, transport, and maintenance necessary for the operation of the Mobile Shower Unit.
2. The contractor will provide adequate personnel to keep the Mobile Shower Facility in continuous operation during showering use periods specified by the government (this includes personnel to haul potable water to support Mobile Shower Unit).
3. Provide all key personal protective supply items for the protection of their employees, vehicles and equipment when assigned to incidents (such as face coverings and gloves).
4. Adhere to all Centers for Disease Control and Prevention (CDC), state health authority and other regulatory agency requirements, guidelines and direction regarding the current Coronavirus (COVID-19) pandemic.

Requirements for Mobile Shower Units

1. All equipment shall be in acceptable condition and meet minimum equipment requirements. The government reserves the right to reject equipment that is not in a safe, clean and operable condition.
 - a. The contractor shall keep units:
 - i. Cleaned with CDC recommended sanitation products
 1. All surfaces wiped down between each use or at a minimum of once an hour.
 2. Deep Clean after each peak use time, a minimum of two times per day, normally morning and evening.
 - ii. Fully stocked
 1. Provide phosphate-free liquid soap, and all paper bath and hand towels for Showers and Wash Basins.
 - iii. Staffed
 1. Contractor personnel must be onsite at all times during open hours
 2. Government approval is needed to close/leave during open hours (normally 0500-1200 & 1300-2200 (16hrs)), should be minimized and will be approved on a case by case bases.
2. Each mobile shower facility shall have the following minimum shower stalls:
 - a. Large capacity units shall have no less than twelve (12) shower stalls, and have the capacity to provide about 750 showers per day (around 4 people per hour per showerhead).
 - b. Small capacity units shall have no less than six (6) and no more than eleven (11), and shall have the capacity to provide about 350 showers per day.
3. Have a minimum enclosed storage capacity of 2,500 gallons of gray water for both large and small capacity units.

WILDFIRE

4. Have a tank with minimum enclosed storage capacity of 1,500 gallons of potable water for both large and small capacity units. The entire inside of the tank shall be visible for an ocular inspection.
5. Have the capacity of maintaining hot water up to 100 degrees Fahrenheit. Water temperatures must be adjustable at each showerhead providing hot water and cold water through a missing faucet. Shower heads shall provide a comfortable shower with no pressure or temperature fluctuations. A minimum of 2 gallons-per-minute (gpm) flow at the showerhead is required.
6. Use potable water for all showers:
 - a. Contractor will provide for the transportation of all potable water to the Mobile Shower Unit from the government provided potable water source.
7. Shower Stalls:
 - a. Provide for segregated separate showering areas for men and women
 - b. Shower walls shall extend to the floor to prevent wastewater crossover between stalls, and shall at a minimum have; solid, sturdy, heavy-duty partitions made of opaque material that limits view from the person showering on either side.
 - c. Each stall shall be equipped with heavy-duty shower curtains or solid, sturdy, and heavy-duty doors made of opaque materials.
 - d. Each individual shower stall shall be equipped with individually plumbed floor drains to avoid mixing of wastewater, and shall provide sufficient drainage to prevent the puddling of water.
8. Provide an outside waiting area with a minimum seating capacity of one chair per showerhead.
9. Water Disposal:
 - a. Bladder bags for storage of graywater shall be provided by the contractor.
 - b. Bladder bag capacity must be sufficient enough to allow for once daily vacuum.
10. All hoses used shall be labeled at both ends to identify their use (i.e. gray or potable).
11. Inspection and Testing.
 - b. At a minimum, or when required by the local jurisdiction or State Law, one microbiological test for total coliform shall be performed within 2 established business days of the time of arrival at the incident at a certified laboratory. Contractor shall be responsible for all costs associated with the required microbiological test, which includes obtaining, delivering, and providing results to the Government.
 - i. Sampling by the contractor must be performed to industry standards and to the standards required by the designated laboratory.
 - ii. Where State-specific requirements have not been established, laboratory coliform test data must show that the water contains coliforms of less than 2.2 Most Probable Numbers (MPN)/100 ml (or "absence" if the presence/absence test is used).
 - iii. In addition, a test shall be performed on the first water load following any of the required sanitation procedures, whenever switching to a different water source and/or at least once every 30 days during months when water hauling is performed, and/or

WILDFIRE

- whenever such analysis is requested by state or local health authorities or Government representative.
- iv. If the presence/absence (P&A) test for the coliform analysis is used, then only negative (absence) results are acceptable.
 1. If a sample tests positive (presence), the Contractor shall take out of service, investigate the cause of the problem; take corrective actions; resample/test the water; and notify the Incident Commander or designated Government Representative at the Incident.
 2. If the test data shows that the water contains more than 2.2 MPN/100 ml, the Contractor shall immediately take out of service; investigate the cause of the problem; take corrective actions; resample/test the water; and notify the Incident Commander or designated Government Representative at the Incident.
 3. The Contractor shall not haul water until the test shows that the water contains total coliform of less than 2.2 MPN/100 ml.
 - c. Copies of the results of such tests shall be submitted to the Contracting Officer at the address indicated on the agreement or contract within seven calendar days after the end of the incident assignment. Test results shall clearly identify Contractor's name, address, and contract or agreement number on the report.

Wash Basins (Sinks)

1. Large capacity units shall have a minimum of eight (8)
2. Small capacity units shall have a minimum of four (4) washbasins (sinks).
3. Wash basins (sinks) and mirrors and may be located outside or inside of any enclosed trailers.
4. All required washbasins shall be accessible for use by either men or women, have lighting for use of the washbasins in darkness and a minimum of 4 duplex electrical receptacles (120v) on large capacity units and 3 duplex electrical receptacles (120v) on small capacity units. Placement of electrical receptacles shall be located in areas that are convenient for all users. Placement of operational washbasins inside a shower unit or individual shower stalls is prohibited.
5. Each washbasin (sink) shall provide hot and cold water, shall control gray water, and shall have a minimum of one liquid soap dispenser and one enclosed paper towel dispenser for every two sinks. Each washbasin (sink) shall also have the ability to hold water with built in or permanently attached stoppers.
6. Each washbasin shall have continuous water heating capable of maintaining up to 100 degrees F, as tested at the faucet. Each basin shall provide hot and cold water through mixing faucet. The faucet shall have manual user controls that allow for temperature control and the washing of both hands while water is running.
7. Ground covering and rain/shade protection (such as waterproof tents, awnings, and canopies) shall be provided and set up over all washbasins, unless exempted by the FACL or LSC.

WILDFIRE

8. All surfaces shall be cleaned with CDC recommended sanitation products, and wiped down between each use or at a minimum of once per hour.

Hours of Operation:

1. Hours of operation shall be clearly posted at the entrance to the shower facility.
2. Hours of operation will be set by the LSC or FACL.
3. Hours of operation will include a minimum of 2 periods of closure per day for sanitation.

The GOVERNMENT agrees to provide the following:

Waste Water Removal

1. The government will arrange for removal of waste (gray) water from the contractor is holding facilities.
2. Waste water removal will occur one time per day.

Potable Water

1. The Government will designate a potable water source
2. If a water-use fee is required for the Government designated potable water source, the Government shall be responsible for payment of the water-use fee.

Attachment C: Payment Provisions

All equipment hired by the State will be paid according to the agreed upon rates contained within this agreement. Contractor shall complete daily shift tickets to be signed by the Logistics Unit at the incident. The shift tickets will be submitted to finance, finance will complete an Emergency Equipment Use Invoice (OF-286) that will serve as the official invoice for the incident. Washington Statewide Vendor Registration form must be completed at time the agreement is administered. Form and instructions found on the Washington State Office of Financial Management (OFM) webpage:

<https://ofm.wa.gov/it-systems/accounting-systems/statewide-vendorpayee-services>

SALES AND/OR USE TAX

DNR is required to pay sales tax for the services provided under this agreement. DNR will remit sales tax directly to the Department of Review.

WET RATES

All equipment is hired at wet rates. Wet means the owners furnish all necessary fuel, maintenance and repairs due to ordinary use on an incident. Time for servicing and repair work is non-compensable. No rental will accrue during any period when equipment is inoperable. If DNR fuels or services equipment on an incident a deduction for these services must be made on the Emergency Equipment Use Invoice OF-286. Fuel tickets and/or repair orders shall be attached to the OF-286.

TIME RECORDING

The State Agent responsible for ordering and/or directing use of each piece of equipment shall keep time on an Emergency Equipment Shift Ticket rounded as follows:

- Hourly Rate - nearest half hour
- Daily Rate - nearest half hour
- Mileage Rate - nearest mile

Record all time periods where the equipment is inoperable or unavailable.

All mileage, hourly or flat rate rental amounts will be kept on a daily shift basis. Mobilization and demobilization mileage/hours will be recorded separately.

The hours for all rented equipment shall be recorded on an Emergency Equipment Use Invoice, form OF-286. Make all entries on the OF-286 from a shift ticket signed by the Equipment Group Supervisor, Division Supervisor or Operations Section Chief. Hours worked shall be verified by contractor's or contractor's representative's signature.

TIME UNDER HIRE

The time under hire shall start at the time the equipment begins traveling to the

WILDFIRE

incident after being ordered by the State, and end at the estimated time of arrival back to the point of hire after being released, except:

- If equipment is brought to the fire without having a resource order, made available and subsequently hired, none of the travel is allowed. The incident becomes the point of hire.
- Equipment that fails the pre-use inspection and is not in safe and operable condition will not be reimbursed for travel and is not considered under hire.

No payment will accrue during any period that equipment is not in a safe or operable condition or when Contractor / Owner -furnished operator(s) is not available **for the assigned shift or portions of the assigned shift. Reimbursement will be based on the hours the equipment was operational during the assigned shift, as documented in the Incident Action Plan.**

Example:

The assigned shift in the Incident Action plan was from 0600 to 1800 hours (12 hours) and the equipment was broken down from 0900 to 1800 hours (9 hours) during the assigned shift. Therefore, the Daily Rate or Guarantee would be 3/12 or ¼ of the amount shown.

If the owner withdraws equipment and/or operator(s) prior to being released by the State, no further payment shall accrue and the owner shall bear all costs of returning equipment and/or operator(s) to the point of hire.

After inspection and acceptance for use, equipment and/or furnished operator(s) that cannot be replaced or equipment that cannot be repaired at the site of work within 24 hours may be demobed. The State will bear the costs of returning equipment and/or operator(s) to the point of hire as promptly as emergency conditions will allow.

ON SHIFT

On shift time for equipment includes time of actual work, time that equipment is held or directed to be in a state of readiness, and compensable travel (mobilization) that has a specific start and ending time. **Equipment ordered for a single shift but is on shift for more than 16 hours in a 24-hour period does not receive additional compensation.**

TRAVEL TIME

Travel time is calculated as the mileage from home agency to incident divided by 45mph. Computer programs such as Google Maps or other similar mapping program will be used to determine mileage. This calculation takes into consideration rest breaks and fueling. Travel will be documented on a Shift Ticket (CTR).

WILDFIRE

DAILY RATE

Daily Rate payment will be made on a basis of calendar days (0001 - 2400). For fractional days, payment will be based on 50 percent of the Daily Rate for periods less than 8 hours under hire.

- **Daily Rate** may be with or without operator
- **Daily Rate Single Shift** - (SS) is staffed with one operator and/or one crew (a single shift could be up to 16 hours long and may cross calendar days).
