Certification Opportunities for DNR Timber Purchasers

Certified forests are grown to an approved set of standards which demonstrate environmentally responsible, socially beneficial, and economically viable management practices that promote responsible stewardship and sustainable forestry. This unique commitment to sustainable forestry recognizes that forest landowners play a critical role in ensuring the long-term health and sustainability of our forests.

Forest Stewardship Council (FSC) is an independent, non-profit organization that promotes responsible management of the world’s working forests through the development of forest management standards, a voluntary certification system, and trademarks that provide recognition and value to products bearing the FSC label in the marketplace. FSC standards ensure forestry is practiced in an environmentally responsible, socially beneficial, and economically viable way.

Sustainable Forestry Initiative® (SFI) is an independent non-profit organization internationally endorsed and accepted around the world. The SFI program is based on the premise that responsible environmental behavior and sound business decisions can co-exist. Its three-chamber Board of Directors governs all aspects of the SFI program, with equal representation from the environmental, economic and social sectors.

Currently, all Department of Natural Resources (DNR)-managed forested state trust lands in Washington State are certified under the Sustainable Forestry Initiative® (SFI) Standard. Lands within DNR’s South Puget Habitat Conservation Plan Planning Unit, located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are dually certified under the Forest Stewardship Council Pacific Coast Regional Standard (FSC) and the SFI Standard.

Certification under each standard (FSC and SFI) involves an inspection audit of the landowner’s forest management activities by an independent third-party accredited team to verify that it meets specified forest management principles. If the forest unit complies with the specific standard, the landowner receives a certificate of conformance characterizing their forests as “green.” Both standards encourage integration of perpetual growing and harvesting of trees with strong measures to protect wildlife, plants, soil, water, and air quality. Both standards provide a seal of approval that forests certified under these principles are well-managed. The global marketplace recognizes and endorses multiple forest certification standards. Each standard has individual market niches. By being dually certified, DNR can maximize its customer base and provide choices to the consumer.
DNR-managed forested state trust lands within the South Puget Habitat Conservation Plan Planning Unit (map below), located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are certified as being in compliance with the Forest Stewardship Council Pacific Coast Regional Standard, which would make that planning unit dually certified under both the FSC and SFI Standards.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a “program participant” in the FSC Program and use the Licensed Marks, visit www.fscus.org.

To learn more about DNR timber sales certified under this standard, please visit www.dnr.wa.gov.

Forest Stewardship Council owns all right, title, and interest in and to the Forest Stewardship Council Program Marks.

All DNR-managed forested state trust lands across the state have been certified as being in compliance with the 2005-2009 Sustainable Forestry Initiative® Program.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a “program participant” in the SFI Program and use the Licensed Marks, visit www.sfiprogram.org.

To learn more about DNR timber sales certified under this standard, please visit www.dnr.wa.gov.

Sustainable Forestry Initiative, Inc. owns all right, title, and interest in and to the Sustainable Forestry Initiative® (SFI) Program group of service marks and collective membership marks.

To learn more about certification on DNR-managed forested state trust lands, visit http://www.dnr.wa.gov/BusinessPermits/TimberSales or contact the following:

July 7, 2008
Bidder's/Purchaser's Inspection of Sale Area and Forest Products

Acreage estimates and volume estimates contained within each timber notice of sale and each timber sale contract are made only for administrative and identification purposes. Except as expressly provided by the timber sale contract, the purchaser shall be responsible for paying the entire purchase price, even if the actual acreage or timber volume varies from the estimated quantity or volume shown.

All prospective bidders have the opportunity and are expected to inspect the sale area and the forest products located thereon. Bidders shall not rely on any representations by the State including, but not limited to, acreage estimates, volume estimates, appraisal or pre-bid documentation. The successful bidder/purchaser will further warrant that they have entered the timber sale contract without any reliance upon the DNR's volume estimates, acreage estimates, appraisals, pre-bid documentation, or any other representation by the DNR.

*Any timber sale contract arising out of these public auctions will require the successful purchaser to warrant that they are entering the timber sale contract based solely upon their own judgment of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold.*

Exclusion and Disclaimer of Warranties

The PARTIES AGREE that the IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, and ALL OTHER WARRANTIES EXPRESS OR IMPLIED, ARE EXCLUDED from this transaction, and shall not apply to the goods sold. For example, THE FOLLOWING SPECIFIC MATTERS ARE NOT WARRANTED, and are EXCLUDED from this transaction:

a. **The merchantability of the forest products.** The use of the term “merchantable” in any document is not intended to vary the foregoing.

b. **The condition of the forest products.** All forest products will be conveyed “AS IS.”

c. **The acreage contained within any sale area.** Any acreage descriptions appearing in the timber notices of sale, timber sale contract, timber sale map or other documents are estimates only, provided solely for administrative and identification purposes.

d. **The volume, quality, or grade of the forest products.** The descriptions of the forest products to be conveyed are estimates only, made solely for administrative and identification purposes.

e. **The correctness of any soil or surface conditions, presale construction appraisals, investigations, and all other pre-bid documents prepared by or for the State.** These documents have been prepared for the State’s appraisal purposes only.

f. **That the sale area is free from threatened or endangered species, or their habitat.** The State is not responsible for any interferences with forestry operations that result from the presence of any threatened or endangered species, or the presence of their habitat, within the sale area.
g. *That the forestry operations to be performed under this contract will be free from regulatory actions by governmental agencies.* The State is not responsible for actions to enforce regulatory laws, such as the Washington Forest Practices Act (Chapter 76.09 RCW), taken by the Department of Natural Resources or any other agency that may affect the operability of these timber sales.

h. Items contained in any other documents prepared for or by the State.

Please also see timber sale contract clause G-060 for further information.

**BIDDING PROCEDURES FOR TIMBER AUCTIONS**

The general requirements that follow are a part of all Timber Notices of Sale to be auctioned by the Department of Natural Resources (DNR).

**General Information**

The State reserves the right to waive minor irregularities and the right to reject any or all bids.

A. This book contains the timber notices of sale and maps for each timber sale scheduled to be auctioned. More specific information can be obtained by contacting the appropriate region office at the number listed on the back cover of this book.

B. The timber notice of sale is a summary of sale information. For more specific information, interested parties are encouraged to view the Appraisal Packets on the DNR Internet Site @ [www.dnr.wa.gov](http://www.dnr.wa.gov), this will take you directly to the Product Sales Section. The Appraisal Packets contain DRAFT copies of the timber notice of sale, map, contract, road plan, cruise data, precruise and cruise narrative, Forest Practices Application (FPA), Hydraulics Project Approval (HPA).

C. The sale preview packets may be obtained at no charge for individual sales by visiting the appropriate region office.

D. Timber sale contracts contain extensive terms and conditions that will be binding upon successful high bidders. Each bidder should carefully review all terms contained in the appropriate DRAFT timber sale contract prior to bidding on a sale, and should review the final contract prior to signing. DRAFT timber sale contracts are contained in the preview and presales packets and are available upon request at the respective region office.

E. Sales advertised in this book have not been approved by the Board of Natural Resources and are subject to the Board’s approval before they will be sold. The Board meets and approves sales approximately six weeks prior to auction. All sales are subject to confirmation by the DNR under RCW 79.15.120.

F. The State does not guarantee the accuracy of any information contained herein pertaining to particular sales. Therefore, all prospective purchasers are expected to make their own independent inspections and appraisals prior to bidding.
G. If any conflict exists between the information in the Timber Notice of Sale, timber sale map, sale preview packets and that in the timber sale contract, the signed contract will prevail.

H. Timber sales are subject to the Washington State Forest Excise Tax (RCW Chapter 84.33).

I. Within 30 days of sale confirmation, the apparent high bidder will provide to the State the Performance Security specified on each Notice of Sale. The successful bidder also agrees to return a signed contract to the State within 30 days of confirmation. Failure to provide a signed contract to the state within 30 days of confirmation may result in a loss of bidder’s rights to the products sold and forfeiture of initial deposit moneys.

J. Each DNR region office has information about sales offered in that region. For further information, contact the respective DNR region office. Region office addresses and telephone numbers appear on the back cover of this booklet.

K. The purchaser assumes the responsibility for any costs associated with extra maintenance or repair levied by a county for any county road used by the purchaser.
Bidding Process
A. All timber will be auctioned using the sealed bid method.

B. Bids submitted on day of auction must be in the bid box at the specified auction location before 10:00 a.m. The respective DNR region office must receive mailed bids by 4:30 p.m., on the last business day before the auction. Bidders assume all risk for the method of delivery.

C. The DNR has the right to reject bid forms that are completed incorrectly. *All bid forms must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. Revised documents are not permissible.* Bidding instructions are on the back of the Sealed Bid Form. A bid deposit must be included in the sealed bid envelope unless using a Timber Sale Statewide Bid Bond.

D. All bids must include the completed Sealed Bid Form and bid deposit.

E. Bids will be opened in each respective region in the order in which sales appear in the Public Auction Sale of Timber book (alphabetically by county and by agreement number).

F. If a tie bid occurs, the names of the tie bidders will be placed in a hat and the successful bidder will be determined by a drawing.

G. The apparent high bidder on a particular sale will have the option of withdrawing additional sealed bids submitted for any remaining sales to be auctioned. The apparent high bidder must exercise this option within two minutes after the apparent high bidder is announced.

Auction Time and Location

Auctions will start at 10:00 a.m. and close at 4:00 p.m. on the date and at the location specified in each Timber Notice of Sale.

Bid Deposits

A. Required bid deposits are listed on each Timber Notice of Sale.

B. Bid deposits must be in the form of cash, certified check, cashiers’ check, money order or bid bond.

C. Bid bonds may be either a Timber Sale Statewide Bid Bond or a Timber Sale Per Sale Bid Bond.

D. All bid deposits shall be submitted by the person or entity submitting the bid and made payable to the Department of Natural Resources. *Third party deposits will not be accepted.*
Timber Sale Per Sale Bid Bonds

A. The Per Sale Bid Bond shall guarantee payment of the bid deposit **within ten days of auction.**

B. The balance between the bid bond and the Initial Deposit payment is due by 4:30 p.m., **on the day of auction.**

C. Additional forms and instructions for a Per sale Bid Bond are available at any DNR region office.

Timber Sale Statewide Bid Bond

A. Statewide Bid Bonds shall guarantee payment of the Initial Deposit on any statewide timber sale while the bond is in effect.

B. The Statewide Bid Bond must be received by the Department of Natural Resources, Product Sales & Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction date. The bond shall be in the amount of $150,000.00.

C. The bidder must supply a list of persons authorized to bid using the bond. Bid bonds are subject to approval by the Department of Natural Resources.

D. Successful bidders using a Statewide Bid Bond must pay the total Initial Deposit payment (10 percent of the total bid price) **by 4:30 p.m. on the day of auction.**

E. A Statewide Bid Bond cannot be used to secure the Initial Deposit payment due the day of auction.

F. Additional forms and instructions for a statewide bid bond are available at any DNR region office.

Payments

The initial deposit for a sale is 10% of the total bid value as submitted by the apparent high bidder (25% if the bidder is a defaulter as defined under WAC 332-140-300) and never less than $5,000.00 for lump sum sales. For Lump Sum sales appraised at less than $5,000.00, the entire bid value is due on day of auction.

a. Apparent high bidders using cash, certified check, cashier’s check or money order as a bid deposit must pay the total Initial Deposit amount by 4:30 p.m. on auction day.

b. Apparent high bidders using a Timber Sale Per Sale Bid Bond as a bid deposit must pay the difference between the bid deposit and the total initial deposit by 4:30 p.m., on the day of auction. The bid bond amount must be replaced with a certified check, cashier’s check, bank draft, cash, money order, or wire transfer within ten days of the auction.

c. Apparent high bidders using a Timber Sale Statewide Bid Bond must pay the entire Initial Deposit amount by 4:30 p.m. on the day of auction.
Fees due on the day of sale must be paid by 4:30 p.m.

All payments must be in the form of a certified check, cashier’s check, bank draft, cash, money order or wire transfer.

Eligibility to Bid

In order to bid on State timber sales you must be:

• 18 years of age (or have a co-signer who meets the eligibility requirements),
• Licensed to do business in the State of Washington,
• Eligible to bid on Export Restricted timber, and
• Capable of meeting all contract obligations.

Authorized Representatives

Companies may only use authorized representatives or company officers to bid on State sales, sign State documents or sign checks. A list of authorized representatives and their specific authorities must be submitted in writing to the Department of Natural Resources Product Sales & Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction. A company owner or officer must sign this submittal.
SEALED BID FORM

Sale Name ____________________________________ Agreement Number______________
__________________________________________ hereby submits the following bid for timber.
(Print full, legal company name)
________________________________________________________________________
(Street address, City, State, Zip Code)    (Phone Number)

Lump Sum Bid (Not Including Fees)  $______________________
For Total Sale

Weight Scale Sale Bid (Not Including Fees) $_____________ / Ton

Scribner Scale Sale Bid (Not Including Fees) $_____________ / MBF

BID DEPOSIT

Bid Deposit Amount: $____________________________
Bid Deposit Type:
☐ Cash, certified check, cashier’s check, or money order
☐ Per Sale Bid Bond
☐ Statewide Bid Bond, Number _____________________

Within 30 days of confirmation date the successful bidder agrees to furnish Performance Security
acceptable to the State in the amount specified on the Notice of Sale. Performance Security must
guarantee performance of all provisions of the contract and payment of any damages caused by operations
under the contract or resulting from the successful bidders’ noncompliance with any rule or law.

Bidder’s Warranty and Bid Signature

By signing and submitting this bid as an offer to purchase forest products from the State, the Bidder
hereby warrants to the State that they have had an opportunity to fully inspect the sale area and the forest
products being sold. Bidder further warrants to the State that they enter this bid based upon their own
judgments of the value of the forest products, formed after their own examination and inspection of both
the timber sale area and the forest products being sold. Bidder also warrants to the State that they enter
this bid without any reliance upon the volume estimates, acreage, appraisals, pre-bid documentation, or
any other representation by the Washington State Department of Natural Resources.

Note: all sales are subject to confirmation by the Commissioner of Public Lands (Refer 79.15.120)
Instructions for Completing Sealed Bid Form

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks on bid form must be completed including the bid bond number if the bidder is relying upon a bid bond for bid deposit.

For more specific information, contact the appropriate region office.

In-Person Bids

A. Sealed bids must be in auction box before 10:00 a.m. on the day of auction at the location specified in the Timber Notice of Sale.
B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be on the bid bond and timber sale contract. The bid form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope.
C. Sealed bid envelopes must contain a completed bid form and a bid deposit.
D. Sealed bid envelopes may contain a check for the Initial Deposit amount and a check for fees.

Mailed Bids

A. Bids that are mailed are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED". The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The Sealed Bid Form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mail-in envelope.
B. Bids that are mailed will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery. The DNR assumes no responsibility for any delays caused by any delivery service.
C. Sealed bid envelopes must contain a completed bid form and a bid deposit.
D. Sealed bid envelopes may contain a check for the Initial Deposit amount and a check for fees.

Initial Deposit:

Lump Sum Sales - Initial Deposit must equal 10% of the total bid submitted. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

Weight Scale Sales - Initial Deposit must equal 10% of the bid per ton multiplied by the total sale estimated tonnage. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

Scribner MBF Scale Sales - Initial Deposit must equal 10% of the bid per MBF multiplied by the total sale MBF. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

STATEWIDE BID BOND

Bond Number ____________________

_________________________________________ of ____________________.
(Principal's Name)                                          (City, State)

hereinafter called PRINCIPAL, and __________________________ hereinafter called SURETY,

a corporation organized under the laws of the State of ____________, and authorized to transact surety business in
the State of Washington, as SURETY, are held and firmly bound jointly and severally to the State of Washington,
Department of Natural Resources, hereinafter called the STATE, in the sum of $150,000.00 Dollars, lawful money
of the United States of America. The PRINCIPAL binds itself, its heirs, executors, administrators, successors, and
assigns, and the SURETY binds itself, its successors, and assigns, all jointly and severally.

This bond shall be governed by the laws of the State of Washington. In the event of a lawsuit involving this bond, a
venue shall be proper only in Thurston County Superior Court.

Signed, sealed and dated this ________ day of ________, ________

(month) (year)

This statewide bid bond may be used for bidding between the following dates:

Starting: 

Ending:

It Is Hereby Understood and Agreed:
If PRINCIPAL is an apparent high bidder, PRINCIPAL shall before 4:30 p.m., on day of sale, pay to the STATE the
amount of the initial deposit in the form of a certified check, cashier’s check, bank draft, cash or money order, then
this agreement shall be void for the sale on which the payment is made; otherwise, it will remain in force.

SURETY will make payment to the STATE within ten days after demand by the STATE if the PRINCIPAL shall
fail to make timely payment as described above.

The SURETY may cancel this bond by sending a written notice to the STATE, not less than forty-five days before a
cancellation date; liability shall terminate as to acts or omissions of the PRINCIPAL that occur after the cancellation
date.

The PRINCIPAL and the SURETY executed this bond on the date first mentioned.

Instructions for Completing Timber Sale PerSale (s) Bid Bond

A. This form is authorized for use as bid guaranty to qualify for bidding on Washington State Department of Natural Resources timber sales.

B. The Timber Sale Per Sale Bid Bond may be used as bid guaranty on more than one timber sale auction held the same date at the same location.

C. The full legal name and business address of the PRINCIPAL must be the same as will appear on the bidding record and timber sale contract. The bond must be signed by an authorized person, the name typed or printed, and title shown. If PRINCIPAL is a corporation, a second officer must sign in the space to the left of the signature of the officer executing for the PRINCIPAL.

D. The full legal name and business address of the SURETY must be inserted where indicated. The bond must be signed by an authorized person. Additionally, the name must be typed or printed below the signature and the title must be shown. If this person is not an officer of the corporation, evidence of authority must be submitted.

E. If the SURETY does not have a Washington State office or resident agent, but is authorized to transact surety business in the State of Washington as Surety, it may leave the local office signature block blank.

F. The date of the bid bond must not be later than the auction date.

G. The State reserves the right to reject incomplete or incorrect bid bond forms, making such forms unacceptable as guaranty.

   (City, State and Zip)

3) Driving instructions:
Write a brief driving instruction narrative describing the most likely or usual and accustomed Haul Route used by trucks delivering logs from this sale area to your designated point of delivery above: (i.e. hwy 12 west, to I-5 north, to hwy 6 west, to Boistfort Rd. south)

Final contract award is contingent upon the State’s haul cost analysis. Actual haul route may vary and is subject to change at the State’s discretion. Additional terms or conditions requested by the bidder on or attached to the Log Sort Sealed Bid or Supplemental Information Forms are informational only and non-binding.
Instructions for Completing the Log Sort Sealed Bid and Supplemental Information Forms.

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form(s) provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks including Agreement Number, Sort Number, Bid amount (per mbf or ton as appropriate for the sort), Bid deposit amount and type. Signatures and date on bid form must be completed including the bid bond number if bidder is relying upon a bid bond for bid deposit.

Bids may not be accepted if a completed ‘Log Sort Sealed Bid Supplemental Information Form’ is not included with the approved ‘Log Sort Sealed Bid Form’.

For more specific information, contact the appropriate region office.

In-Person Bids

A. Sealed bids must be in auction box or auction envelope before 10:00 a.m. on the day of sale at the location specified in the notice of sale.

B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder’s name and the contract agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same as the name on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope, please.

C. Sealed bid envelopes must contain the following:
   1. A completed Log Sort Sealed Bid form;
   2. A completed Supplemental Information form; and
   3. A bid deposit

Mailed Bids

A. Mail-in bid envelopes are required to have printed on the outside: “DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED.” The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder’s name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope, please.

B. Mail-in or otherwise delivered bids will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery they chose. The DNR assumes no responsibility for any delays caused by any delivery service.

C. Sealed bid envelopes must contain the following:
   1. A completed ‘Log Sort Sealed Bid Form’;
   2. A completed ‘Log Sort Sealed Bid Supplemental Information Form’ and;
   3. A bid deposit

MINIMUM BID: $288,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $57,600.00

SALE TYPE: Lump Sum

EXPIRATION DATE: December 31, 2010

ALLOCATION: Export Restricted

BID DEPOSIT: $28,800.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Shovel and cable methods. Unit 1 - 100% shovel. Unit 2 - 95% cable and 5% shovel. Due to deep soils in the area of this proposal, no dozers or other skidding equipment will be allowed. Shovel Yarding will not be permitted from November 1 to April 30 unless authorized in writing by the Contract Administrator.

ROADS: 1.25 stations of optional construction. 8.70 stations of optional reconstruction. 140.66 stations of required pre-haul maintenance. 13.7 stations of optional pre-haul maintenance. Purchaser maintenance on the 22E, 22.1E, 22.2E Roads and all new construction and reconstruction. Designated maintenance on all other roads used. There are requirements to strip to rock, approximately 1/4 acre of Hoko Ridge Pit - see road plan for details. Rock haul, reconstruction and road construction will not be permitted from November 15 to April 15 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION
CRUISE METHOD: Sale area was 100% GPS’d. Sale units were cruised using a variable plot sample with a BAF of 40.00F on a 280 x 280 foot grid for Unit #1 and a BAF of 54.45F on a 280 x 280 foot grid for Unit #2.
This sale is on lands certified under the Sustainable Forestry Initiative® program.
www.aboutsfi.org

**FEES:** On day of sale, Purchaser must provide the DNR with a cashier's check made payable to Hawthorne Timberlands, LLC in the amount of $14,372.11 for a Road Use Permit. $48,257.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

**SPECIAL REMARKS:** There is a locked gate on the CZ-5900 Road - contact the Olympic Region Dispatch Center at 360-374-6131 to obtain a AA-1 key.

TIMBER NOTICE OF SALE

Contract Administrator, this applies to tracked skidding only, shovel yarding may occur with Contract Administrator’s approval.

ROADS:

25.08 stations of required construction. 85.95 stations of optional construction. 9.90 stations of optional reconstruction. 120.91 stations of required pre-haul maintenance. 95.85 stations of road abandonment. Rock for construction and reconstruction under this contract may be obtained at no cost to the Purchaser from the Spotted Deer pit located in Section 12, Township 03 North, Range 03 East, W.M. or the Spotted Deer North pit located in Section 1, Township 03 North, Range 03 East, W.M. The Spotted Deer North pit is a new pit with no previous development and may be used as an alternate rock source. Any damage to any road resulting from any harvest operations will be repaired at the Purchaser's expense unless authorized by the Contract Administrator. Road construction will not be permitted from October 16 to April 30 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: The sale acres were determined by GIS. The sale area was cruised using a variable plot cruise method. Harvesting activities are estimated to be approximately 100% ground-based harvesting.

FEES:

$124,630.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price. $124,630.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Take trees within the RMZ thinning units are marked with a single band of orange paint and trees to be felled towards the stream within the RMZ thinning units are painted with a double band of orange paint. The use of unmuffled jake brakes will not be permitted on site. Purchaser shall provide a written Extreme Hazard Abatement plan that meets the requirements of WAC 332-24 prior to beginning of logging operations that addresses adjacent private property. See driving map for gate locations. Gate keys may be obtained from the Pacific Cascade Region office.
DRIVING DIRECTIONS:

From State Route 503 (milepost 7.9) turn east onto NE 219th Street and follow for 2 miles.
Turn north onto NE 182nd Avenue and follow for 1.9 miles.
Turn east on Alworth Street and follow for 2.7 miles.
Turn south on NE 232nd Avenue and follow for 0.7 miles.

the State's Spotted Deer Pit located in Section 12, Township 3 North, Range 03 East, W.M. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. Road construction will not be permitted from October 16 to April 30 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: Acreage was determined by GPS. Cruise was completed using variable plot cruise methods. Harvesting activities are estimated to be 10% cable and 90% ground based harvesting.

FEES: $79,553.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Intermediate supports may be necessary to prevent soil rutting in Units #6, #12, and #13. All corridors through RMZ's will be marked by Purchaser and pre-approved by Contract Administrator prior to logging. No yarding through Leave Tree Areas without prior approval by Contract Administrator. Within the RMZ thinning areas, take trees are marked with a single band of orange paint. Trees to be felled towards the stream are marked with a double band of orange paint. Trees marked with an orange 'T' are to be topped at a height of at least 16 feet, and the tops shall remain on site. Within shovel logging areas, the shovel operator shall break up concentrations of logging debris greater than 10 feet by 10 feet to allow exposure of natural forest soils to ensure proper reforestation. If Purchaser chooses to tailhold on private property, Purchaser shall obtain permit(s) and assumes responsibility for all costs associated with permit(s). Purchaser must provide the State with a copy of the executed permit(s) or a letter from the private entity indicating that a satisfactory tailhold permit(s) has been consummated between Purchaser and private entity. See driving map for gate locations. Gate keys for the L-1410 gate (PCP1-1) may be obtained from the region office.

MINIMUM BID:  $375,000.00  BID METHOD:  Sealed Bids

PERFORMANCE SECURITY:  $75,000.00  SALE TYPE:  Lump Sum

EXPIRATION DATE:  October 29, 2011  ALLOCATION:  Export Restricted

BID DEPOSIT:  $37,500.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD:  Cable, Shovel and Track skidder. Shovel and tracked skidder harvesting equipment shall be restricted to slopes of 35% and less during dry soil conditions. See clause H-140 and Schedule L for further harvest requirements. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Ground Based Yarding will not be permitted from October 15 to April 30 unless authorized in writing by the Contract Administrator.

ROADS:  32.81 stations of required construction. 18.81 stations of optional construction. 361.20 stations of required pre-haul maintenance. Rock for construction and reconstruction under this contract may be obtained from two existing sources on State land at no charge to the Purchaser; the E-4710 pit located in Section 3, T9N R4W and the E-4700 pit located in Section 33, T10N R4W. Rock may also be obtained at no charge to the Purchaser from the E-4700 Ext, STA 28+20 to 30+08. Purchaser shall replace bridge backwalls at STA 59+27 and 59+67 of the E-4000 in accordance with Eco-block Backwall Detail. Pre-haul maintenance work on the E-4000 shall be completed by
This sale is on lands certified under the Sustainable Forestry Initiative® program. www.aboutsfi.org

September 30, 2009. Road construction will not be permitted from September 30 to May 15 unless authorized in writing by the Contract Administrator. The hauling of forest products will not be permitted from October 31 to May 1 unless authorized in writing by the Contract Administrator on the E-4700 Ext.

ACREAGE DETERMINATION

CRUISE METHOD: The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method. Harvesting activities are estimated to be approximately 25% ground-based and 75% cable harvesting.

FEES: $71,007.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: If Purchaser chooses to tailhold on private property, Purchaser shall obtain permit(s) and assumes responsibility for all costs associated with permit(s). Within shovel logging areas, Purchaser shall break up concentrations of logging debris, as directed by Contract Administrator, to ensure proper reforestation. No trees over 54 inches dbh shall be cut without prior approval by the Contract Administrator.

MINIMUM BID: $255,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $51,000.00

SALE TYPE: Lump Sum

EXPIRATION DATE: October 31, 2010

ALLOCATION: Export Restricted

BID DEPOSIT: $25,500.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable - 30%. Ground - 70%. To prevent potential damages to soil and water resources from excessive rutting and the potential of sediment delivery to streams, ground based harvest will be restricted to tracked equipment only in areas with less than 35% slope and where soil conditions permit. Falling and Yarding will not be permitted from October 15 to April 15 unless authorized in writing by the Contract Administrator in Units 2, 3, and 4.

ROADS: 32.35 stations of optional construction. 20.90 stations of optional reconstruction. 92.66 stations of required pre-haul maintenance, 68.23 stations of optional pre-haul maintenance. Purchaser maintenance on the C-1010, C-2000, C-2010, C-2800, C-2830 and all road work done in conjunction with this sale. On the C-2800.24 Road, pre-haul...

maintenance, excluding mechanical brushing, and rock hauling shall not be permitted from October 1 to June 30 unless authority to do so is granted in writing by the Contract Administrator. Culvert installation is required in Snahapish Pit and 10 hours of work with a D-8 as directed by Contract Administrator is required in Copper Pit.

ACREAGE DETERMINATION

CRUISE METHOD: Acreage was 15% photo traversed and 85% GPS’d. Units were cruised using a variable plot sample with a BAF of 40.00F on a 330 x 330 foot grid for Units #1, #2 and #5; a BAF of 54.45F on a 330 x 330 foot grid for Units #3 and #4; and a BAF of 40.00F every 330 feet for right of way to Unit #2 and a BAF of 40.00H every 330 feet for right of way to Unit #4.

FEES: $51,609.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: There are hazard abatement requirements in Units #1, #2 and #5. ***Please Note*** The abovementioned red cedar volume includes approximately 23 cords of down cedar salvage. Purchaser shall have utility lines located before beginning operations. While felling timber, two warning signs must be posted on the Clearwater mainline, Hoh mainline, and the C-1010 and C-2000 roads.

Grand fir

**BID DEPOSIT:**  
$52,900.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

**HARVEST METHOD:**  
Felled by hand and/or mechanical feller buncher and yarded by shovel or rubber tired skidder or tractor no larger than a D-6 cat or equivalent. Falling and Yarding will not be permitted from November 1 to April 30 unless authorized in writing by the Contract Administrator due to wet weather conditions.

**ROADS:**  
116.80 stations of required construction. 45.30 stations of required pre-haul maintenance. Road construction will not be permitted from November 1 to April 30 unless authorized in writing by the Contract Administrator due to wet weather conditions. The hauling of forest products will not be permitted from November 1 to April 30 unless authorized in writing by the Contract Administrator due to wet weather conditions.

**ACREAGE DETERMINATION**  
**CRUISE METHOD:**  
Acres were determined using a GPS. Cruise was done using a variable plot method and graded in 32’ logs, except for ponderosa pine which used 16’ log grades.

**FEES:**  
$7200.00 is due on day of sale for lump sum payment for utility wood. $75,923.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.
This sale is on lands certified under the Sustainable Forestry Initiative® program. www.aboutsfi.org

**SPECIAL REMARKS:** Very nice Douglas fir. There are three locked gates with combination locks on the roads into the sale. Contact the region office for info on how to access the locked gates. On Units #1 & #2, operator must create at least 400 plantable spots per acre free of excessively deep slash as directed by the contract administrator. Any grand fir snags that must be felled for safety reasons within the diameter range 16”-24”, must be yarded into the landing. Snags less than 16” diameter may be cut and left or yarded in. Snags greater than 24” diameter that must be cut for safety reasons must be left in the units. Landing slash piles must be no larger than 30’ diameter and no taller than 20’ in height. Some tops and slash may be returned to the woods and scattered on skid trails. If a breeding northern spotted owl pair is detected in the core area, a timing restriction of March 15 to August 31 may be imposed within .7 miles of the next location. Due to lack of past owl activity at the site no timing restrictions are anticipated. There is an estimated volume of 3600 tons of utility wood.

MINIMUM BID: $130.70/MBF (est. value $885,000.00) BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00 SALE TYPE: MBF Scale

EXPIRATION DATE: December 31, 2011 ALLOCATION: Export Restricted

BIDDABLE SPECIES: Douglas fir

BID DEPOSIT: $88,500.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable and shovel harvesting equipment with shovel harvesting equipment being restricted to slopes of 35% or less during dry soil conditions. See Clause H-140 and Schedule L for further harvest specifications. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Lead end suspension required on all cable settings. Unit #3 will have marbled murrelet timing restrictions which are described as no operation of heavy equipment within the critical nesting season (April 1 to August 31) during the daily peak activity periods (one hour before official sunrise to two hours after official sunrise and one hour before and after official sunset). Shovel Yarding will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.
TIMBER NOTICE OF SALE

ROADS: 108.15 stations of optional construction. 19.00 stations of required pre-haul maintenance. 29.43 stations of medium road abandonment. Rock for construction under this contract may be obtained at no cost to the Purchaser from the Upper Mill Ridge Quarry located in Section 21, Township 13 North, Range 6 West. Rock for construction under this contract may be obtained from any commercial source as approved in writing by the Contract Administrator. Any damage to any road resulting from any harvest operations will be repaired at the Purchaser's expense unless authorized by the Contract Administrator. Road construction will not be permitted from September 30 to June 1 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION
CRUISE METHOD: The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method. Harvesting activities are estimated to be approximately 30% ground-based and 70% cable harvesting.

FEES: $86,628.50 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Within shovel logging areas, the shovel operator shall break up concentrations of logging debris greater than 10 feet by 10 feet to allow exposure of natural forest soils to ensure proper reforestation.
From Menlo:
- From State Route 6 (after milepost 5), turn right on Camp One Rd.
- Follow Camp One Rd. for 0.5 miles.
- Turn on Mill Creek Rd. and follow for 7.0 miles (road name changes to Mill Creek Mainline at 6.5 miles) to Unit 3.
From Doty:
- From State Route 6 (after milepost 33), turn right (north) onto Stevens Rd.
- Follow Stevens Rd. for 0.3 miles.
- Turn left (west) on Elk Creek Rd. and follow for 3.2 miles.
- Elk Creek Rd. becomes the W-8000, follow for 6.0 miles.
- Turn right (west) onto the Mill Creek Mainline and follow for 1.6 miles to the Mill Creek Mainline/MC-4000 junction.
- Continue on the Mill Creek Mainline for 1.4 miles to Unit 1 or
- Turn right onto the MC-4000 and follow for 1.0 miles.
- Turn left (west) onto the MC-4200 and follow for 0.1 miles to Unit 2.

MINIMUM BID: $1,105,000.00  BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00  SALE TYPE: Lump Sum

EXPIRATION DATE: October 31, 2011  ALLOCATION: Export Restricted

BID DEPOSIT: $110,500.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable and ground-based harvesting equipment with ground-based harvesting equipment being restricted to slopes of 35% and less during dry soil conditions. See clause H-140 and Schedule L for further harvest requirements. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Ground Based Yarding will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

ROADS: 33.86 stations of required construction. 103.64 stations of optional construction. Rock for construction under this contract may be obtained at no cost to the Purchaser from the Walville Pit or an existing stockpile in the Walville Pit which is located in Section 23, 13 North, Range 6 West, W.M. Purchaser shall remove no more than 1,016 cubic yards of 2½ INCH MINUS CRUSHED rock. Rock for construction under this contract may be obtained from any commercial source as approved in writing by the Contract Administrator. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator.
TIMBER NOTICE OF SALE

Road construction will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD:  The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method. Harvesting activities are estimated to be approximately 75% ground-based and 25% cable harvesting.

FEES:  $118,111.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS:  Skid trail is flagged w/orange ribbon through reprod to access a small blown down area within Unit #2. See Timber Sale Map. If tracked skidder is used, a skid trail plan must be approved in writing by the Contract Administrator.
From State Route 6/Menlo (milepost 4), turn east on Camp One Rd. and follow for 0.6 miles.
Turn right (east) onto Mill Creek Rd. and follow for 7.0 miles.
Road becomes the Mill Creek Mainline; continue for 18.0 miles.
Turn right (south) onto the 8200 to Unit 1 and continue on the 8200 road for 1.3 miles to Unit 2.

From State Route 6/Doty (milepost 33), turn west on Stevens Rd. and follow for 0.4 miles.
Turn left (west) onto Elk Creek Rd. and follow for 3.0 miles.
Road becomes the 7000 road; continue on for 1.2 miles.
Turn left (south) onto the 8200 to Unit 1 and continue on the 8200 road for 1.3 miles to Unit 2.

From State Route 6 (milepost 24), turn north onto the RCP Mainline and follow for 6.0 miles to the Wallville Quarry and Pit Expansion Area.

MINIMUM BID: $685,000.00  BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00  SALE TYPE: Lump Sum

EXPIRATION DATE: September 30, 2010  ALLOCATION: Export Restricted

BID DEPOSIT: $68,500.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on slopes 25% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS: 1.00 stations of required reconstruction. 29.27 stations of optional construction. 29.27 stations of road to be abandoned if built. The SK-3340 from station 86+93 to 102+91 shall be constructed and abandoned between June 1 and October 31 of the same year.

Development of an existing hardrock source (Dancer Pit) at station 214+00 of the SK-33 Road will involve drilling, shooting, and processing rock to generate approximately 258
cubic yards of riprap and approximately 2,315 cubic yards of subgrade ballast rock. This rock is available at no cost on State land.

Development of an existing gravel source (Section 2 Pit) at station 17+93 of the MD-03 Road will involve processing rock to generate approximately 1,117 cubic yards of gravel surfacing. This rock is available at no cost on State land.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. Permission to operate between November 1 and May 31 will not be granted for the SK-3340 Road from station 86+93 to 102+91 due to sensitive water crossings. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION
CRUISE METHOD: Acres determined by GPS traverse. 139.3 acres gross. 6.3 acres deducted for green tree retention clumps, 6.2 acres deducted for existing road, 49.8 acres deducted for RMZs, and 3 acres were bounded out of the sale area. 74.0 acres net. Cruised using variable plot method. Expansion factor used is 54.45 on DF and 40.00 on all other species in Unit #1; 54.45 on DF and 40.00 on all other species in Units #2A and B; 40.00 on RA and 54.45 on all other species in Units #2C and D. Sighting height is 4.5 feet. Grid size plot spacing is 280 x 200 feet in Units #1 and #2. Plot ratio cruise count is 1:1 in Units #1 and #2. 9 plots were taken in Unit #1; 28 plots were taken in Units #2A and B; and 21 plots taken in Units #2C and D, for a total of 58 plots.

FEES: 1. Purchaser shall furnish the State with a check made payable to Sierra Pacific Industries in the amount of $2,017.00 on the day of sale for permit #55-082127, for right of way timber and road use ($1,517.00 for timber and $500.00 permit fee). 2. $40,001.75 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: None.

MINIMUM BID: $648,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00

SALE TYPE: Lump Sum

EXPIRATION DATE: September 30, 2010

ALLOCATION: Export Restricted

BID DEPOSIT: $64,800.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on slopes 25% or less and within the optional ground-based area in Unit #1 (but only within the parameters stated in the H-140 clause); in addition tracked skidders may be used on designated skid trails only. Within the special management unit in Unit #2, cutting and yarding will not be permitted during the bark slippage season unless authorized in writing by the Contract Administrator. This season is estimated to
This sale is on lands certified under the Sustainable Forestry Initiative® program. www.aboutsfi.org

run from April 1 to July 15 but will vary dependent on weather conditions. If permission is granted to operate during the bark slippage season the purchaser will be required to provide a plan outlining mitigation measures. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS:

31.92 stations of required construction. 25.39 stations of required reconstruction. 12.30 stations of optional construction. 12.30 stations of road to be abandoned if built.

Development of a proposed gravel source (Quark Gravel Pit) at station 5+45 of the SK-126 Road will involve clearing, stripping, and processing rock to generate approximately 5005 cubic yards of gravel ballast rock. This rock is available at no cost on State land.

Development of an existing hardrock source (Quark Hardrock Pit) at station 61+77 of the SK-121 Road will involve drilling, shooting, and processing rock to generate approximately 256 cubic yards of riprap. This rock is available at no cost on State land.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION
CRUISE METHOD: Acres determined by GPS traverse. 114.7 acres gross. 47.9 acres deducted for WMZ, RMZ, and green tree retention clumps. 66.8 acres net. Cruised using variable plot method. Expansion factor used is 54.45. Sighting height is 4.5 feet. Grid size plot spacing is 280 x 200 feet in Units #1 and #2. Plot ratio cruise count is 1:1 in Units #1 and #2. 25 plots were taken in Unit #1, and 18 plots taken in Unit #2, for a total of 43 plots.

FEES: $42,466.25 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

MINIMUM BID: $960,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00

SALE TYPE: Lump Sum

EXPIRATION DATE: October 31, 2010

ALLOCATION: Export Restricted
This sale is on lands certified under the Sustainable Forestry Initiative® program. www.aboutsfi.org

BID DEPOSIT: $96,000.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on slopes 25% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS: 51.35 stations of required reconstruction. 157.03 stations of optional construction. 59.15 stations of optional reconstruction. 20.35 stations of existing road to be abandoned. 157.03 stations of road to be abandoned if built. Restoration of a Type 3 fish bearing stream captured by the ditchline of an abandoned road. Restoration will involve pulling back fill-slope material onto the abandoned road prism and re-sloping the abandoned road grade to replicate the natural slope condition. Installation of a 50-inch span x 31-inch rise pipe-arch. To be installed at a 0% slope. Installation of a 65-inch span x 40-inch rise pipe-arch. To be installed at a 0% slope.

Development of an existing gravel source (PH-02 Gravel Pit) at station 10+56 of the PH-ML Road will involve clearing, stripping, and processing rock to generate gravel ballast. This rock is available at no cost on State land.

Development of an existing hardrock source (HW-0603 Hardrock Pit) at station 16+35 of the HW-06 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate riprap and 3-inch-minus ballast. This rock is available at no cost on State land.

Development of an existing hardrock source (SP-0202 Hardrock Pit) at station 9+61 of the SP-02 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate riprap and 3-inch-minus ballast. This rock is available at no cost on State land.

This project is estimated to need approximately 14,720 cubic yards of ballast and approximately 460 cubic yards of riprap.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD: Acres determined by GPS traverse. 174.3 acres gross. 8.5 acres deducted for green tree retention clumps and 0.4 acres deducted for existing road. 165.7 acres net. Cruised using variable plot method. Expansion factor used is 54.45. Sighting height is 4.5 feet. Grid size plot spacing is 250 x 250 feet in Units 1, 2, and 3. Plot ratio cruise count is 1:1 in Units 1, 2, and 3. 18 plots were taken in Unit 1, and 2 plots taken in Unit 2, 3 plots taken in Unit 3. Grid size plot spacing is 450 x 200 feet in Units 4 and 5. Plot ratio cruise count is 1:1 in Units 4, and 5, for a total of 88 plots.

FEES: $96,221.50 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Trees marked with orange paint on the root collar with blue management tags along property lines are part of products sold.
Harvest Area = 166
Approximately:
Unit 1: 25.5 acres
Unit 2: 1.7 acres
Unit 3: 4.4 acres
Unit 4: 62.0 acres
Unit 5: 70.2 acres
ROW 1: 0.7 acres
ROW 2: 1.2 acres
Harvest Area = 166
Approximately:
Unit 1: 25.5 acres
Unit 2: 1.7 acres
Unit 3: 4.4 acres
Unit 4: 62.0 acres
Unit 5: 70.2 acres
ROW 1: 0.7 acres
ROW 2: 1.2 acres
Driving Directions:

All Units: From Sultan travel east along HWY 2 approximately 0.8 mi to Sultan Basin Road. Head north on Sultan Basin Rd.

Units 1-3: After 8.5 mi head south on SP-ML which turns east after 0.2 mi. Continue on SP-ML approximately 0.3 mi further to ROW1.

Unit 4: After 8.5 mi turn south on SP-ML. Follow SP-ML 1.8 mi to stake line for the SP-18 which leads into Unit 4.

Unit 5: West Access: After 2.0 mi turn west on 116th St SE which becomes PH-ML after 0.5 mi. Continue along the PH-ML 1.7 mi until you cross the pavement. OR: East Access: After 3.8 drive west on HW-ML for 0.6 mi to HW-06 west for 600ft to HW-0601 northwest for 0.3 mi to the sale area.

MINIMUM BID: $391,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $78,200.00

SALE TYPE: Lump Sum

EXPIRATION DATE: September 30, 2010

ALLOCATION: Export Restricted

BID DEPOSIT: $39,100.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable, shovel, processor, or forwarder on slopes 35% or less.

Within the wildlife restriction area (located on the western third of Unit #2), no yarding or operation of heavy machinery, felling or bucking will be allowed during the daily peak activity periods within the critical nesting season from April 1st through August 31st. The daily peak activity period is defined as one hour before official sunrise to two hours after official sunrise and one hour before official sunset to one hour after official sunset. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.
This sale is on lands certified under the Sustainable Forestry Initiative® program. www.aboutsfi.org

ROADS: 89.76 stations of required reconstruction. 103.80 stations of optional construction. 13.10 stations of existing road to be abandoned. 103.80 stations of road to be abandoned if built.

Development of a proposed gravel source, (Silver Alder Pit), at station 6+30 of the K-5100 Road will involve clearing, stripping, and processing rock to generate gravel ballast. This rock is available at no cost on State land.

Development of an existing hardrock source (Vision Pit), at milepost 1.5 of the V-1000 Road will involve drilling, shooting, and processing rock to generate riprap. This rock is available at no cost on State land.

Development of an existing hardrock source (Big Red Pit), at milepost 4.1 of the K-1000 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate 3-inch-minus ballast and riprap. This rock is available at no cost on State land.

Development of a 4000 cubic yard stockpile of 3-inch-minus ballast rock. The stockpile is to be located in the west side of the Big Red Pit located at milepost 4.1 of the K-1000 Road.

Development of a proposed hardrock source (Spur Z Road Side Pit), at station 4+00 of the Spur Z Road will involve clearing, stripping, and processing rock to generate 3-inch-minus ballast and riprap. This rock is available at no cost on State land.

This proposal is estimated to need 271 cubic yards of riprap, and 9,264 cubic yards of gravel ballast.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION
CRUISE METHOD: Acres determined by GPS traverse. 224 acres gross. 9.4 acres deducted for green tree retention clumps and 4.6 acres deducted for existing interior road right-of-way, and 15.8 acres of RMZ; 194.2 acres net. Cruised using variable plot method. Expansion factor used is 40.00. Sighting height is 4.5 feet. Grid size plot spacing is 400 x 200 feet in Units #1 and #2. Plot ratio cruise count is 1:1 in Units #1 and #2. 50 plots were taken in Unit #1, and 46 plots taken in Unit #2, for a total of 96 plots.

FEES: $46,163.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: None.

MINIMUM BID: $696,000.00    BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00    SALE TYPE: Lump Sum

EXPIRATION DATE: September 30, 2010    ALLOCATION: Export Restricted

BID DEPOSIT: $69,600.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on slopes 25% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.
TIMBER NOTICE OF SALE

ROADS: 74.22 stations of optional construction. 64.06 stations of optional reconstruction. 34.88 stations of existing road to be abandoned. 55.63 stations of road to be abandoned if built.

Development of an existing hardrock source (Christie Pit) at station 182+67 of the CT-ML Road will involve drilling, shooting, and processing rock to generate approximately 104 cubic yards of riprap and approximately 5,215 cubic yards 3-inch-minus ballast. This rock is available at no cost on State land.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION
CRUISE METHOD: Acres determined by GPS and hand traverse. 116.4 acres gross. 15.9 acres deducted for green tree retention clumps, existing roads and RMZ/WMZ areas that are not being thinned. 100.5 acres net. Cruised using variable plot method. Expansion factor used is 54.45. Sighting height is 4.5 feet. Grid size plot spacing is 300 x 200 feet in Unit #1, 320 x 200 feet in Units #2A and 2B. Plot ratio cruise count is 1:1 in Units #1, #2A and #2B. 30 plots were taken in Unit #1, 17 plots taken in Unit #2A, and 21 plots taken in Unit #2B for a total of 68 plots. R/W and WMZ thinning was included in associated units.

FEES:
1.) Purchaser shall furnish the State with a check made payable to Concrete Nor’West in the amount of $5,701.00 on the day of sale for permit #55-082397, for road use.

2.) Purchaser shall furnish the State with a check made payable to Sierra Pacific Industries in the amount of $500.00 on the day of sale for permit #55-083023, for road use.

3.) $52,470.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: 1.) 2.4 acres WMZ Thinning; 98.1 variable retention harvest acres. 2.) Contract cannot be extended past 12/31/2010 due to RUP constraints.

MINIMUM BID:  $50,000.00  BID METHOD:  Sealed Bids

PERFORMANCE SECURITY:  $10,000.00  SALE TYPE:  Lump Sum

EXPIRATION DATE:  October 31, 2009  ALLOCATION:  Export Restricted

BID DEPOSIT:  $5,000.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD:  Shovel and/or tracked skidder - 47%. Shovel only - 53%. Unit #1 is shovel and/or tracked skidder. Units #2, 3 and 4 are shovel only. No rubber tired skidders are allowed in any unit and lead end suspension is required on all units. Falling or Yarding in Units 3 and 4 will not be permitted on weekends or State recognized holidays or prior to 6:00am and after 8:00pm.

ROADS:  13.80 stations of required construction. 192.0 stations of required post-haul maintenance. 25.35 stations of required pre-haul maintenance. 13.8 stations of abandonment. Purchaser maintenance on the T-1500, T-1600, T-1640, T-1642, PT-V-4000 and all roads constructed under this contract. Designated maintenance on all other roads used. On the PT-T-1500, PT-T-1600, PT-T-1640, PT-T-1642, PT-V-4000 Roads and on the 6+83 and
6+97 Spurs, no operation of road construction, or maintenance equipment, or right-of-way falling will be allowed on weekends or State recognized holidays unless permission to do so is granted in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: Unit #1 was 80% photo traversed and 20% GPS'd - all other units were 100% GPS'd. Unit #1 was strip cruised. Units #2, 3 and 4 were cruised using a variable plot sample with a BAF of 54.45F on 220 x 220 foot grids.

FEES: Purchaser must enter into a Road Approach Permit with Clallam County Public Works at a cost of $180.00. Purchaser must enter into a Road Use Permit with Olympic Resource Management at a cost of $500.00. $12,707.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: There are hazard abatement requirements in Units #3 and 4. There are locked gates on the T-1500 at the junction with Sandy Shore Lake Road and on the PT-V-4000 Road. Contact the Olympic Region Dispatch Center to obtain a AA-1 key. Purchaser shall have utility lines located before beginning road construction/reconstruction in Units 3 and 4. While felling timber near the road, two warning signs must be posted on the JimmyComeLately Road. Flaggers shall be posted on the JimmyComeLately Road when felling or yarding operations pose a threat to public safety.

MINIMUM BID: $244,000.00

PERFORMANCE SECURITY: $48,800.00

EXPIRATION DATE: October 31, 2010

BID DEPOSIT: $24,400.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: 40% Cable - 60% Shovel (feller buncher not permitted on slopes over 40%). Sale is composed of shovel yarding areas, pre-bunchable cable yarding areas with seasonal shovel yarding allowed, and cable yarding areas with hand fall only. Tracked skidder with seasonal restriction allowed on designated skid trails only or identified skid trails with prior approval from the Contract Administrator. Rubber tire skidders with seasonal restriction allowed on designated skid trails only or identified skid trails with prior approval from the Contract Administrator. Not all designated skid trails may be shown on timber sale map. Feller buncher and shovel operation on identified cable logging seasonal shovel permitted areas - restricted December 1 to March 31. Tracked skidder on designated skid trails - restricted from December 1 to May 15. Rubber tired skidder on designated skid trails - restricted from November 1 to July 31. For marbled murrelet habitat management - no activities will be allowed in the western 1/3 of Unit 2 from one hour before official sunrise to two hours after official sunrise and one hour before official sunset to one hour after official sunset from April 1 to August 31. Purchaser shall perform up to approximately 1,200 feet of skid trail abandonment in Unit 1, up to
This sale is on lands certified under the Sustainable Forestry Initiative® program. www.aboutsfi.org

approximately 800 feet of skid trail abandonment in Unit 2, and up to approximately 2,300 feet of skid trail abandonment in Unit 3 (does not include road decommissioning or abandonment covered by the road plan). The location of this work will be determined by the Contract Administrator. Abandonment shall consist of re-establishing natural drainage and natural slopes, fluffing compacted soil to an 18 inch depth using shovel grapples, placing stumps and debris back into the trail, and installing water bars as directed by the Contract Administrator. Falling and Yarding will not be permitted from December 1 to March 31 unless authorized in writing by the Contract Administrator.

ROADS:

19.44 stations of required construction. 85.52 stations of required reconstruction. 10.63 stations of optional construction. 253.22 stations of required pre-haul maintenance. 30.45 stations of required post-harvest abandonment. Purchaser maintenance on the PT-J-2000, PT-J-2200, PT-J-2210, PT-J-2213, PT-J-2700 Roads and all spur roads constructed in association with this sale. No operation of road construction, reconstruction or maintenance equipment, or right-of-way falling will be allowed on weekends or State recognized holidays unless permission to do so is granted in writing by the Contract Administrator. Rock haul, maintenance, reconstruction, and road construction will not be permitted from November 1 to April 30 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: Unit acres were 100% GPS'd - right of way was 100% estimated. Sale units were cruised using a variable plot sample with a BAF of 54.45F on a 275 x 275 foot grid for Unit #1; a BAF of 40.00F on a 275 x 275 foot grid for Unit #2; a BAF of 40.00F on a 300 x 300 foot grid for Unit #3.

FEES: $54,140.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Road maintenance is in close proximity to overhead transmission lines managed by the Bonneville Power Administration (BPA). Purchaser is responsible for all notification and liabilities associated with the overhead transmission lines, their right-of-way, and following all BPA guidelines - see road plan for details.

MINIMUM BID: $227,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $45,400.00

SALE TYPE: Lump Sum

EXPIRATION DATE: October 31, 2010

ALLOCATION: Export Restricted

BID DEPOSIT: $22,700.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Ground and cable methods as shown on the timber sale map, with the use of feller-buncher allowed on designated ground logging areas only. Ground yarding shall be accomplished by way of shovel and/or tracked skidder, except a rubber tired skidder may be allowed to operate in the driest six months. The designated cable area is handfall only. Rubber tired skidding will be restricted between the months of November 1 to April 30. Unit #1 is 23% ground based and 77% cable. Unit #2 is 32% ground based and 68% cable.

ROADS: 32.41 stations of required construction. 33.64 stations of required reconstruction. 28.80 stations of optional construction. 3.56 stations of optional reconstruction. 203.10 stations of pre-haul maintenance. 24.7 stations of optional maintenance. Purchaser maintenance on all roads used. Purchaser is required to install a gate - see road plan for details and location. Rock haul, maintenance, reconstruction and road construction will not be permitted from November 1 to April 30 unless authorized in writing by the Contract Administrator. No operations of road construction, reconstruction, or maintenance equipment or falling of right of way timber will be allowed on weekends or State recognized holidays without the written permission of the Contract Administrator.
TIMBER NOTICE OF SALE

ACREAGE DETERMINATION

CRUISE METHOD: Sale acres were 100% GPS'd. Sale units were cruised using a variable plot sample with a BAF of 40.00 on a 4 ch x 4.5 grid for Units #1 and #2; and a BAF of 40.00 with a 4 ch x 4 ch grid for the right of way.

FEES: $50,827.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Letters of intent have been obtained from the U.S. Forest Service, Green Crow, and Pope Resources for the issuance of land use permits for tailholding, and a road use permit for the building of spur road 6+46. Purchasers are encouraged to view these letters and make necessary inquiries prior to sale auction date. Copies of these letters of intent can be obtained from the Region office in Forks. An fpa for the road building activity has already been obtained. Purchaser must have utility lines located before digging next to the county road. Use of the USFS road in the northwest corner of Unit #2 is not authorized.

MINIMUM BID: $96,000.00

PERFORMANCE SECURITY: $19,200.00

EXPIRATION DATE: October 31, 2011

ALLOCATION: Export Restricted

BID DEPOSIT: $9,600.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Forwarder, Highlead, Motorized Carriage, Rubber tired skidder and Track skidder. Approximately 69 acres of the sale is designated for optional highlead cable systems. Whole tree yarding required in Units #1, #2, #3, #4, #5, and #6. Permission to do otherwise must be granted in writing by the Contract Administrator. Falling and Yarding will not be permitted from March 15 to May 15 unless authorized in writing by the Contract Administrator due to spring breakup.

ROADS: 21.40 stations of required construction. 15.48 stations of required reconstruction. 22.84 stations of optional construction. 497.87 stations of prehaul maintenance required. Road construction will not be permitted from March 15 to May 15 unless authorized in writing by the Contract Administrator due to spring breakup. The hauling of forest products will not be permitted from March 15 to May 15 unless authorized in writing by the Contract Administrator due to spring breakup.
TIMBER NOTICE OF SALE

ACREAGE DETERMINATION

CRUISE METHOD: Acreage determined using GPS methods. Acreage shown above is net harvest acres in harvest units and external right of ways. There are 265 gross acres which includes other existing road right of ways. All species 7.0 to 17.5 inches dbh cruised to a 4.6 inch dib top. All species 17.6 inches dbh and greater cruised to 40% of dob at 16 feet.

FEES: $19,400.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: A locked gate restricts access to the sale area. Contact the Northeast Region office at (509) 684-7474 for access. Volume within the right of way boundary tags on the optional construction road E372530F road is excluded from the advertised volume and bid price. If the Purchaser elects to construct the optional E372530F road, the rates in G-102 (Forest Products Not Designated) shall apply to this additional volume based on the State's cruise volume. There is approximately 26 MBF (all Douglas fir and western larch) within this road right of way. Purchaser's contractor shall thoroughly clean all skidding, falling, and harvesting equipment prior to entry onto State land to remove contaminated soils and noxious weed seed. Equipment shall be cleaned at a location approved by the Contract Administrator. Other documents are available at http://www.dnr.wa.gov/BusinessPermits/Topics/AppraisalPackets/Pages/Home.aspx
DRIVING DIRECTIONS:

The proposal is located approximately 16 road miles south of Loomis, Wa. in Okanogan County. Access from Loomis is south on the Sinlahekin County Road approximately 9 miles to the Sinlahekin mainline road. Continue on the Sinlahekin mainline road approximately 3.5 miles to the Blue Goat mainline road. Follow the Blue Goat mainline approximately 4 miles into the sale area.
This sale is on lands certified under the Sustainable Forestry Initiative® program. www.aboutsfi.org

MINIMUM BID: $232,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $46,400.00

SALE TYPE: Lump Sum

EXPIRATION DATE: September 30, 2010

ALLOCATION: Export Restricted

BID DEPOSIT: $23,200.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on slopes 25% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS: 37.20 stations of required construction. 1.40 stations of required reconstruction. 34.31 stations of optional construction. 34.31 stations of road to be abandoned if built.
Development of an existing hardrock source (ED-3603 Hardrock Pit) at station 15+00 of the ED-36 Road will involve drilling, shooting, and processing rock to generate approximately 447 cubic yards of riprap and approximately 4,955 cubic yards of 3-inch-minus ballast. This rock is available at no cost on State land.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and erosion.

ACREAGE DETERMINATION
CRUISE METHOD: Acres determined by hand traverse. 72 acres gross. 3 acres deducted for green tree retention clumps. 69.0 acres net. Cruised using variable plot method. Expansion factor used is 54.45 for Douglas fir and 40.00 for all other species. Sighting height is 4.5 feet. Grid size plot spacing is 300 x 200 in Units #1 and #2. 28 Plots were taken in Unit #1, and 17 plots taken in Unit #2, for a total of 45 plots.

FEES: $32,899.75 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Blue special management tags demarcate the start of WMZ thinning area.
