

WASHINGTON STATE DEPARTMENT OF
Natural Resources
Doug Sutherland - Commissioner of Public Lands

Certification Opportunities for DNR Timber Purchasers

Certified forests are grown to an approved set of standards which demonstrate environmentally responsible, socially beneficial, and economically viable management practices that promote responsible stewardship and sustainable forestry. This unique commitment to sustainable forestry recognizes that forest landowners play a critical role in ensuring the long-term health and sustainability of our forests.

Forest Stewardship Council (FSC) is an independent, non-profit organization that promotes responsible management of the world's working forests through the development of forest management standards, a voluntary certification system, and trademarks that provide recognition and value to products bearing the FSC label in the marketplace. FSC standards ensure forestry is practiced in an environmentally responsible, socially beneficial, and economically viable way.

Sustainable Forestry Initiative® (SFI) is an independent non-profit organization internationally endorsed and accepted around the world. The SFI program is based on the premise that responsible environmental behavior and sound business decisions can co-exist. Its three-chamber Board of Directors governs all aspects of the SFI program, with equal representation from the environmental, economic and social sectors.

Currently, all Department of Natural Resources (DNR)-managed forested state trust lands in Washington State are certified under the Sustainable Forestry Initiative® (SFI) Standard. Lands within DNR's South Puget Habitat Conservation Plan Planning Unit, located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are dually certified under the Forest Stewardship Council Pacific Coast Regional Standard (FSC) and the SFI Standard.

Certification under each standard (FSC and SFI) involves an inspection audit of the landowner's forest management activities by an independent third-party accredited team to verify that it meets specified forest management principles. If the forest unit complies with the specific standard, the landowner receives a certificate of conformance characterizing their forests as "green." Both standards encourage integration of perpetual growing and harvesting of trees with strong measures to protect wildlife, plants, soil, water, and air quality. Both standards provide a seal of approval that forests certified under these principles are well-managed. The global marketplace recognizes and endorses multiple forest certification standards. Each standard has individual market niches. By being dually certified, DNR can maximize its customer base and provide choices to the consumer.

Forest Stewardship Council

DNR's FSC Certificate number is: BV-FM / COC-080501

SUSTAINABLE FORESTRY INITIATIVE

DNR's SFI Certificate number is: 164041

DNR-managed forested state trust lands within the South Puget Habitat Conservation Plan Planning Unit (map below), located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are certified as being in compliance with the Forest Stewardship Council Pacific Coast Regional Standard, which would make that planning unit dually certified under both the FSC and SFI Standards.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a "program participant" in the FSC Program and use the Licensed Marks, visit www.fscus.org.

To learn more about DNR timber sales certified under this standard, please visit www.dnr.wa.gov.

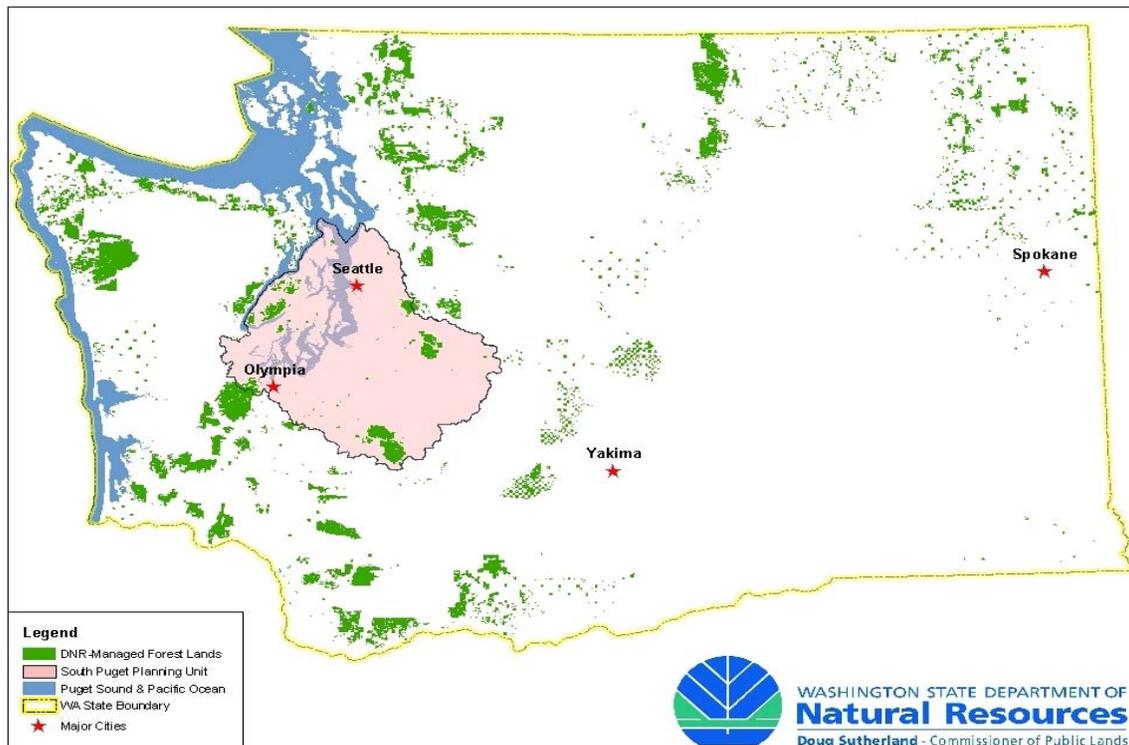

Forest Stewardship Council owns all right, title, and interest in and to the Forest Stewardship Council Program Marks.

All DNR-managed forested state trust lands across the state have been certified as being in compliance with the 2005-2009 Sustainable Forestry Initiative® Program.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a "program participant" in the SFI Program and use the Licensed Marks, visit www.sfiprogram.org.

To learn more about DNR timber sales certified under this standard, please visit www.dnr.wa.gov.

Sustainable Forestry Initiative, Inc. owns all right, title, and interest in and to the Sustainable Forestry Initiative® (SFI) Program group of service marks and collective membership marks.

To learn more about certification on DNR-managed forested state trust lands, visit <http://www.dnr.wa.gov/BusinessPermits/TimberSales> or contact the following:

Washington State Department of Natural Resources (DNR)

Bidder's/Purchaser's Inspection of Sale Area and Forest Products

Acreage estimates and volume estimates contained within each timber notice of sale and each timber sale contract are made only for administrative and identification purposes. Except as expressly provided by the timber sale contract, the purchaser shall be responsible for paying the entire purchase price, even if the actual acreage or timber volume varies from the estimated quantity or volume shown.

All prospective bidders have the opportunity and are expected to inspect the sale area and the forest products located thereon. Bidders shall not rely on any representations by the State including, but not limited to, acreage estimates, volume estimates, appraisal or pre-bid documentation. The successful bidder/purchaser will further warrant that they have entered the timber sale contract without any reliance upon the DNR's volume estimates, acreage estimates, appraisals, pre-bid documentation, or any other representation by the DNR.

Any timber sale contract arising out of these public auctions will require the successful purchaser to warrant that they are entering the timber sale contract based solely upon their own judgment of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold.

Exclusion and Disclaimer of Warranties

The PARTIES AGREE that the IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, and ALL OTHER WARRANTIES EXPRESS OR IMPLIED, ARE EXCLUDED from this transaction, and shall not apply to the goods sold. For example, THE FOLLOWING SPECIFIC MATTERS ARE NOT WARRANTED, and are EXCLUDED from this transaction:

- a. *The merchantability of the forest products.* The use of the term “merchantable” in any document is not intended to vary the foregoing.
- b. *The condition of the forest products.* All forest products will be conveyed “AS IS.”
- c. *The acreage contained within any sale area.* Any acreage descriptions appearing in the timber notices of sale, timber sale contract, timber sale map or other documents are estimates only, provided solely for administrative and identification purposes.
- d. *The volume, quality, or grade of the forest products.* The descriptions of the forest products to be conveyed are estimates only, made solely for administrative and identification purposes.
- e. *The correctness of any soil or surface conditions, presale construction appraisals, investigations, and all other pre-bid documents prepared by or for the State.* These documents have been prepared for the State’s appraisal purposes only.
- f. *That the sale area is free from threatened or endangered species, or their habitat.* The State is not responsible for any interferences with forestry operations that result from the presence of any threatened or endangered species, or the presence of their habitat, within the sale area.
- g. *That the forestry operations to be performed under this contract will be free from regulatory actions by governmental agencies.* The State is not responsible for actions to enforce regulatory laws, such as the Washington Forest Practices Act (Chapter 76.09 RCW), taken by the Department of Natural Resources or any other agency that may affect the operability of these timber sales.
- h. Items contained in any other documents prepared for or by the State.

Please also see timber sale contract clause G-060 for further information.

BIDDING PROCEDURES FOR TIMBER AUCTIONS

The general requirements that follow are a part of all Timber Notices of Sale to be auctioned by the Department of Natural Resources (DNR).

General Information

The State reserves the right to waive minor irregularities and the right to reject any or all bids.

- A. This book contains the timber notices of sale and maps for each timber sale scheduled to be auctioned. More specific information can be obtained by contacting the appropriate region office at the number listed on the back cover of this book.
- B. The timber notice of sale is a summary of sale information. For more specific information, interested parties are encouraged to view the Appraisal Packets on the DNR Internet Site @ www.dnr.wa.gov, this will take you directly to the Product Sales Section. The Appraisal Packets contain **DRAFT** copies of the timber notice of sale, map, contract, road plan, cruise data, precruise and cruise narrative, Forest Practices Application (FPA), Hydraulics Project Approval (HPA).
- C. The sale preview packets may be obtained at no charge for individual sales by visiting the appropriate region office.
- D. Timber sale contracts contain extensive terms and conditions that will be binding upon successful high bidders. Each bidder should carefully review all terms contained in the appropriate **DRAFT** timber sale contract prior to bidding on a sale, and should review the final contract prior to signing. **DRAFT** timber sale contracts are contained in the preview and presales packets and are available upon request at the respective region office.
- E. Sales advertised in this book have not been approved by the Board of Natural Resources and are subject to the Board's approval before they will be sold. The Board meets and approves sales approximately six weeks prior to auction. All sales are subject to confirmation by the DNR under RCW 79.15.120.
- F. The State does not guarantee the accuracy of any information contained herein pertaining to particular sales. Therefore, all prospective purchasers are expected to make their own independent inspections and appraisals prior to bidding.
- G. If any conflict exists between the information in the Timber Notice of Sale, timber sale map, sale preview packets and that in the timber sale contract, the signed contract will prevail.
- H. Timber sales are subject to the Washington State Forest Excise Tax (RCW Chapter 84.33).
- I. Within 30 days of sale confirmation, the apparent high bidder will provide to the State the Performance Security specified on each Notice of Sale. The successful bidder also agrees to return a signed contract to the State within 30 days of confirmation. Failure to provide a signed contract to the state within 30 days of confirmation may result in a loss of bidder's rights to the products sold and forfeiture of initial deposit moneys.
- J. Each DNR region office has information about sales offered in that region. For further information, contact the respective DNR region office. Region office addresses and telephone numbers appear on the back cover of this booklet.
- K. The purchaser assumes the responsibility for any costs associated with extra maintenance or repair levied by a county for any county road used by the purchaser.

BIDDING PROCEDURES FOR TIMBER AUCTIONS (Continued)

Bidding Process

- A. All timber will be auctioned using the sealed bid method.
- B. Bids submitted on day of auction must be in the bid box at the specified auction location before 10:00 a.m. The respective DNR region office must receive mailed bids by 4:30 p.m., on the last business day before the auction. Bidders assume all risk for the method of delivery.
- C. The DNR has the right to reject bid forms that are completed incorrectly. *All bid forms must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. Revised documents are not permissible.* Bidding instructions are on the back of the Sealed Bid Form. A bid deposit must be included in the sealed bid envelope unless using a Timber Sale Statewide Bid Bond.
- D. All bids must include the completed Sealed Bid Form and bid deposit.
- E. Bids will be opened in each respective region in the order in which sales appear in the Public Auction Sale of Timber book (alphabetically by county and by agreement number).
- F. If a tie bid occurs, the names of the tie bidders will be placed in a hat and the successful bidder will be determined by a drawing.
- G. The apparent high bidder on a particular sale will have the option of withdrawing additional sealed bids submitted for any remaining sales to be auctioned. The apparent high bidder must exercise this option within two minutes after the apparent high bidder is announced.

Auction Time and Location

Auctions will start at 10:00 a.m. and close at 4:00 p.m. on the date and at the location specified in each Timber Notice of Sale.

Bid Deposits

- A. Required bid deposits are listed on each Timber Notice of Sale.
 - B. Bid deposits must be in the form of cash, certified check, cashiers' check, money order or bid bond.
 - C. Bid bonds may be either a Timber Sale Statewide Bid Bond or a Timber Sale Per Sale Bid Bond.
 - D. All bid deposits shall be submitted by the person or entity submitting the bid and made payable to the Department of Natural Resources. **Third party deposits will not be accepted.**
-

Timber Sale Per Sale Bid Bonds

- A. The Per Sale Bid Bond shall guarantee payment of the bid deposit **within ten days of auction.**
- B. The balance between the bid bond and the Initial Deposit payment is due by 4:30 p.m., **on the day of auction.**
- C. Additional forms and instructions for a Per sale Bid Bond are available at any DNR region office.

Timber Sale Statewide Bid Bond

- A. Statewide Bid Bonds shall guarantee payment of the Initial Deposit on any statewide timber sale while the bond is in effect.
- B. The Statewide Bid Bond must be received by the Department of Natural Resources, Product Sales & Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction date. The bond shall be in the amount of \$150,000.00.
- C. The bidder must supply a list of persons authorized to bid using the bond. Bid bonds are subject to approval by the Department of Natural Resources.
- D. Successful bidders using a Statewide Bid Bond must pay the total Initial Deposit payment (10 percent of the total bid price) **by 4:30 p.m. on the day of auction.**
- E. A Statewide Bid Bond cannot be used to secure the Initial Deposit payment due the day of auction.
- F. Additional forms and instructions for a statewide bid bond are available at any DNR region office.

Payments

The initial deposit for a sale is 10% of the total bid value as submitted by the apparent high bidder (25% if the bidder is a defaulter as defined under WAC 332-140-300) and never less than \$5,000.00 for lump sum sales. For Lump Sum sales appraised at less than \$5,000.00, the entire bid value is due on day of auction.

- a. Apparent high bidders using cash, certified check, cashiers' check or money order as a bid deposit must pay the total Initial Deposit amount by 4:30 p.m. on auction day.
- b. Apparent high bidders using a Timber Sale Per Sale Bid Bond as a bid deposit must pay the difference between the bid deposit and the total initial deposit by 4:30 p.m., on the day of auction. The bid bond amount must be replaced with a certified check, cashier's check, bank draft, cash, money order, or wire transfer within ten days of the auction.
- c. Apparent high bidders using a Timber Sale Statewide Bid Bond must pay the entire

Initial Deposit amount by 4:30 p.m. on the day of auction.

Fees due on the day of sale must be paid by 4:30 p.m.

All payments must be in the form of a certified check, cashier's check, bank draft, cash, money order or wire transfer.

Eligibility to Bid

In order to bid on State timber sales you must be:

- 18 years of age (or have a co-signer who meets the eligibility requirements),
- Licensed to do business in the State of Washington,
- Eligible to bid on Export Restricted timber, and
- Capable of meeting all contract obligations.

Authorized Representatives

Companies may only use company officers or authorized representatives to bid on State sales, sign State documents or sign checks. A list of authorized representatives and their specific authorities must be submitted in writing to the Department of Natural Resources Product Sales & Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction. A company owner or officer must sign this submittal.

Bid Deposit Type:

- Cash, certified check, cashiers check, or money order
- Per Sale Bid Bond
- Statewide Bid Bond, Number _____

Within 30 days of confirmation date the successful bidder agrees to furnish Performance Security acceptable to the State in the amount specified on the Notice of Sale. Performance Security must guarantee performance of all provisions of the contract and payment of any damages caused by operations under the contract or resulting from the successful bidders noncompliance with any rule or law.

Bidder's Warranty and Bid Signature

By signing and submitting this bid as an offer to purchaser forest products from the State, the Bidder hereby warrants to the State that they have had an opportunity to fully inspect the sale area and the forest products being sold. Bidder further warrants to the State that they enter this bid based upon their own judgments of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold. Bidder also warrants to the State that they enter this bid without any reliance upon the volume estimates, acreage, appraisals, pre-bid documentation, or any other representation by the Washington State Department of Natural Resources.

_____ Date _____
(Signature of Authorized Representative submitting this bid)

(Print **name and title** of Authorized Representative submitting this bid)

Note: all sales are subject to confirmation by the Commissioner of Public Lands (Refer 79.15.120)

Instructions For Completing Sealed Bid Form

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks on bid form must be completed including the bid bond number if the bidder is relying upon a bid bond for bid deposit.

For more specific information, contact the appropriate region office.

In-Person Bids

- A. Sealed bids must be in auction box before 10:00 a.m. on the day of auction at the location specified in the Timber Notice of Sale.
 - B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be on the bid bond and timber sale contract. The bid form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope.
 - C. Sealed bid envelopes **must** contain a completed bid form and a bid deposit.
 - D. Sealed bid envelopes **may** contain a check for the Initial Deposit amount and a check for fees.
-

Mailed Bids

- A. Bids that are mailed are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED". The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The Sealed Bid Form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope.
- B. Bids that are mailed will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery. The DNR assumes no responsibility for any delays caused by any delivery service.
- C. Sealed bid envelopes **must** contain a completed bid form and a bid deposit.
- D. Sealed bid envelopes **may** contain a check for the Initial Deposit amount and a check for fees.

Initial Deposit:

Lump Sum Sales - Initial Deposit must equal 10% of the total bid submitted.
(25% if the bidder is a defaulter as defined under WAC 332-140-300)

Weight Scale Sales - Initial Deposit must equal 10% of the bid per ton multiplied by the total sale estimated tonnage. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

Scribner MBF Scale Sales - Initial Deposit must equal 10% of the bid per MBF multiplied by the total sale MBF. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

STATEWIDE BID BOND

Bond Number _____

_____ of _____,
(Principal's Name) (City, State)

hereinafter called PRINCIPAL, and _____ hereinafter called SURETY,

a corporation organized under the laws of the State of _____, and authorized to transact surety business in the State of Washington, as SURETY, are held and firmly bound jointly and severally to the State of Washington, Department of Natural Resources, hereinafter called the STATE, in the sum of \$150,000.00 Dollars, lawful money of the United States of America. The PRINCIPAL binds itself, its heirs, executors, administrators, successors, and assigns, and the SURETY binds itself, its successors, and assigns, all jointly and severally.

This bond shall be governed by the laws of the State of Washington. In the event of a lawsuit involving this bond, a venue shall be proper only in Thurston County Superior Court.

Signed, sealed and dated this _____ day of _____, ____.
(month) (year)

This statewide bid bond may be used for bidding between the following dates:

Starting: _____

Ending: _____

It Is Hereby Understood and Agreed:

If PRINCIPAL is an apparent high bidder, PRINCIPAL shall before 4:30 p.m., on day of sale, pay to the STATE the amount of the initial deposit in the form of a certified check, cashier's check, bank draft, cash or money order, then this agreement shall be void for the sale on which the payment is made; otherwise, it will remain in force.

SURETY will make payment to the STATE within ten days after demand by the STATE if the PRINCIPAL shall fail to make timely payment as described above.

The SURETY may cancel this bond by sending a written notice to the STATE, not less than forty-five days before a cancellation date; liability shall terminate as to acts or omissions of the PRINCIPAL that occur after the cancellation date.

The PRINCIPAL and the SURETY executed this bond on the date first mentioned.

SALE TYPE: Lump Sum

EXPIRATION DATE: November 30, 2010

ALLOCATION: Export Restricted

BID DEPOSIT: \$133,200.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable, shovel and tracked skidder (limited to D-6 or less). Feller bunchers will be allowed with written approval from the Contract Administrator, when operations are not otherwise restricted and when weather permits. Hand falling will be allowed during the restriction periods. Feller buncher operations may be permitted during the restriction period when weather permits and if approved in writing by the Contract Administrator, as long as it does not conflict with murrelet restrictions. Operations will not be allowed on weekends or State recognized holidays without permission from the Contract Administrator. For Units #1 and #2 and Place Pit - there will be no operations one hour before to two hours after official sunrise and one hour before to one hour after official sunset from April 1 through August 31 for murrelet restrictions. Ground Based Yarding will not be permitted from November 1 to April 30 unless authorized in writing by the Contract Administrator.

TIMBER NOTICE OF SALE

ROADS: 3.51 stations of required reconstruction. 64.59 stations of optional construction. 383.10 stations of required pre-haul maintenance. 18.01 stations of required post-haul abandonment. Purchaser maintenance on all new construction, reconstruction and pre/post-haul maintenance roads. Designated maintenance on the PA-S-1000 and all other roads used. This sale requires the installation of large stream structures - see road plan for details. No operations will be allowed on weekends or State recognized holidays without permission of Contract Administrator. Marbled Murrelet timing restrictions will apply to Place Pit, PA-S-1000 road between stations 46+65 and 68+70, PA-S-1500, PA-S-1590, PA-S-1090, PA-S-1091, 1+62 Spur and Sirloin Pit. No pit development, road construction, reconstruction or maintenance is allowed from April 1 to August 31 in the dawn and dusk hours (one hour before to two hours after official sunrise, and one hour before to one hour after official sunset). The following restrictions will apply to the PA-S-1500 Road if optional rock is not used: no road maintenance or hauling of rock, timber or heavy equipment on the PA-S-1500 Road when road surface is wet. Operations may resume with written approval from the Contract Administrator after road is completely dried out. Rock haul, decommissioning, pre-haul maintenance, reconstruction and road construction will not be permitted from November 1 to April 30 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: Units #1 and #3 were 100% GPS'd. Unit #3 was 90% GPS'd and 10% photo traversed. Units were cruised using a variable plot sample with a BAF of 71.11F on a 330 x 330 foot grid for Unit #1, a BAF of 71.11 on a 400 x 400 foot grid for Unit #2, a BAF of 62.50F on a 330 x 300 foot grid, and a BAF of 54.45F every 360 feet for the right of way.

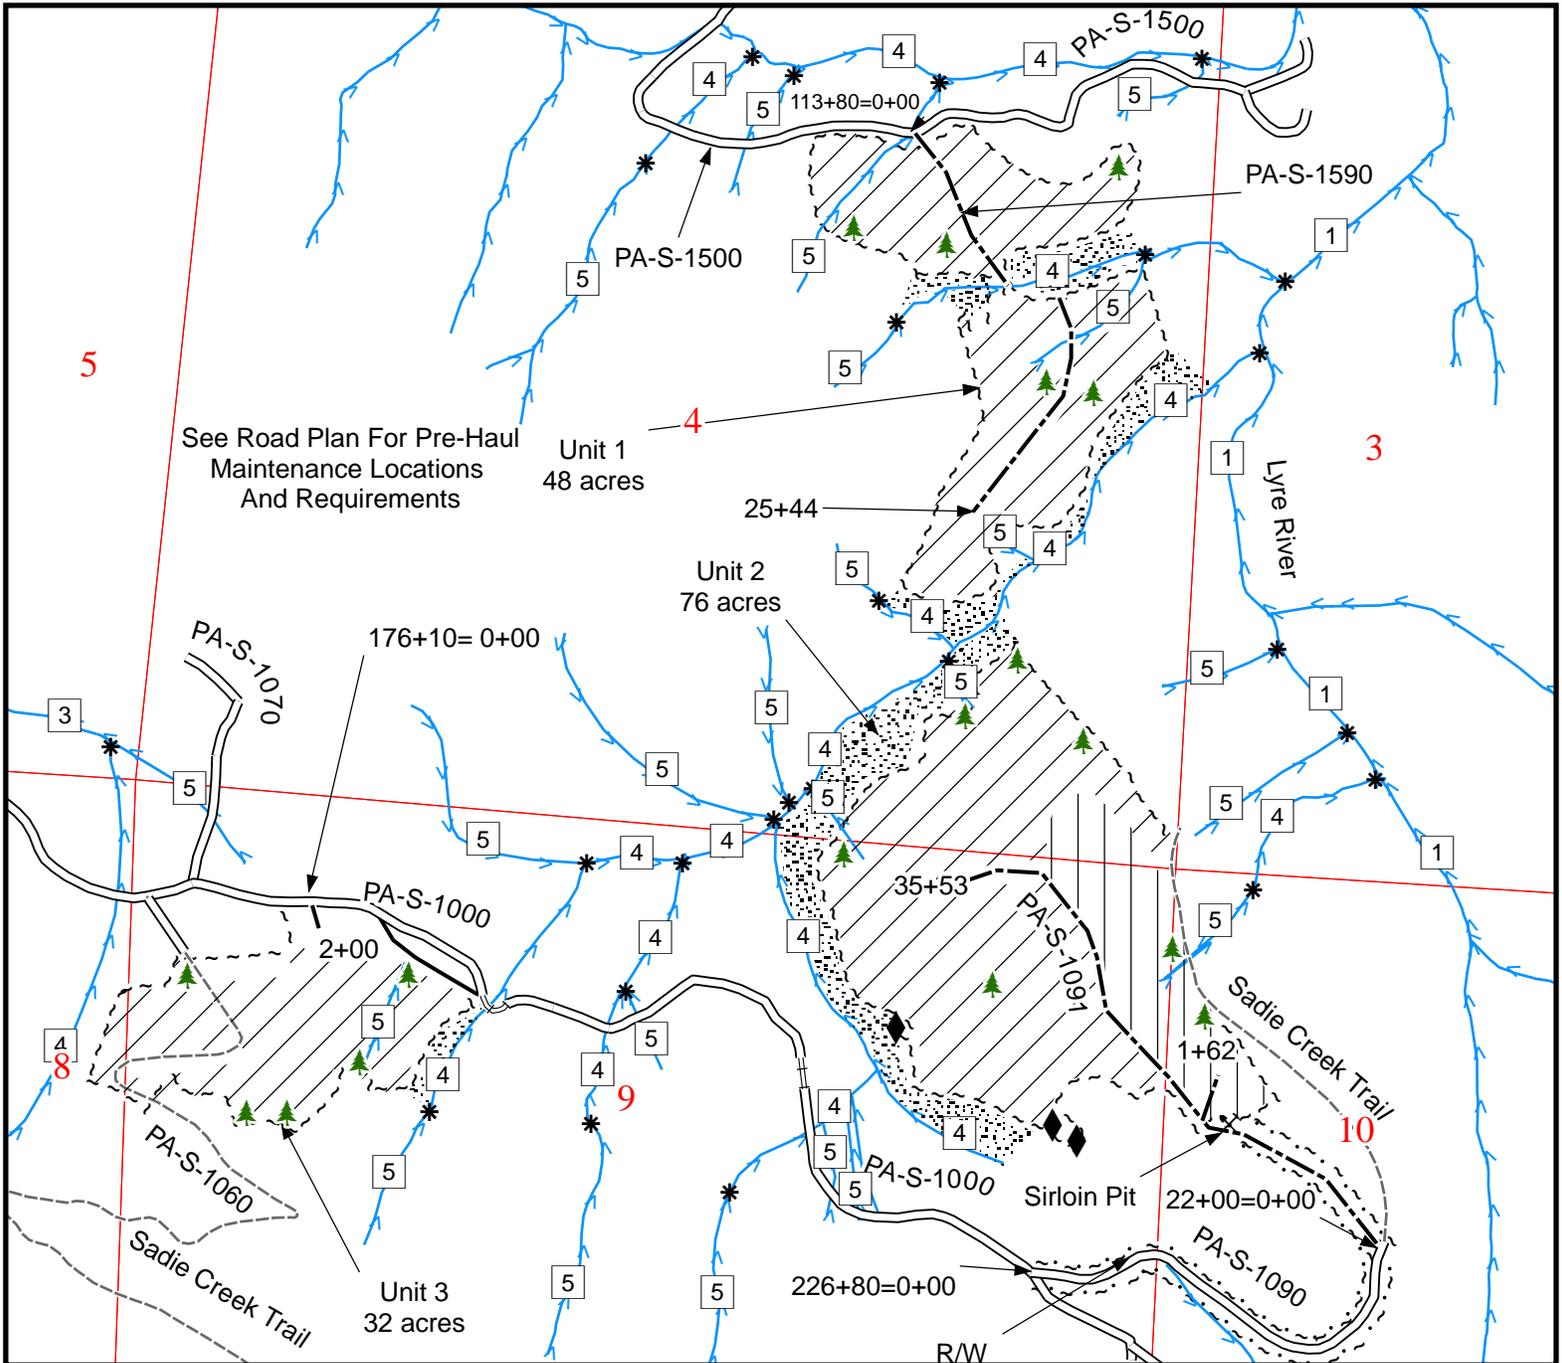

FEES: On day of sale, Purchaser must provide the DNR with a cashier's check in the amount of \$1,713.88 made payable to Merrill & Ring Inc. for a Road Use permit. \$108,200.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: There are locked gates located on the PA-S-1000 and PA-S-1500 Roads - contact the Olympic Region Dispatch Center at 360-374-6131 to obtain a AA-1 key.

TIMBER NOTICE OF SALE

SALE NAME: WOODS TALK

AGREEMENT NO: 30-082806

AUCTION: February 26, 2009 starting at 10:00 a.m., **COUNTY:** Cowlitz
Pacific Cascade Region Office, Castle Rock, WA

SALE LOCATION: Sale located approximately 10 miles east of Woodland, WA

PRODUCTS SOLD AND SALE AREA: All timber, except leave trees marked with blue paint and down timber existing 3 years prior to the day of sale, bounded by timber sale boundary tags, reprod and the PH-3300 road in Unit #1 on part(s) of Sections 30 and 31 all in Township 6 North, Range 2 East, W.M., containing 86 acres, more or less.

ESTIMATED SALE VOLUMES AND QUALITY:

Species	Avg DBH	Ring Count	Total MBF	MBF by Grade								
				1P	2P	3P	SM	1S	2S	3S	4S	UT
Douglas fir	21	8	2,792				130		2,035	515	112	
Red alder	15.4		219							89	130	
Maple	15.5		82						13	46	23	
Hemlock	33		31						31			
Sale Total			3,124									

MINIMUM BID: \$545,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$100,000.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: December 31, 2010 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$54,500.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable and ground-based harvesting equipment with ground-based harvesting equipment being restricted to slopes of 35% and less during dry soil conditions. See clause H-140 and Schedule L for further harvest requirements. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator.

ROADS: 19.48 stations of required construction. 18.24 stations of optional construction. 83.60 stations of required pre-haul maintenance. 3.86 stations of medium road abandonment. 18.24 stations of light road abandonment. Rock for construction under this contract may be obtained at no cost to the Purchaser from the Colvin Pit located in Section 30, Township 6 North, Range 2 East. Purchaser shall manufacture 3,263 cubic yards truck measure of 4 INCH MINUS rock and 2 cubic yards truck measure of QUARRY SPALLS rock. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. Road construction will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator. The hauling of forest products will not be permitted from October 31 to May 31 unless authorized in writing by the Contract Administrator on the PH-3000 road.

ACREAGE DETERMINATION

TIMBER NOTICE OF SALE

CRUISE METHOD: Acreage was determined by GPS. Cruise was completed using variable plot cruise methods. Harvesting activities are estimated to be 70% cable and 30% ground-based harvesting.

FEES: \$41,390.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

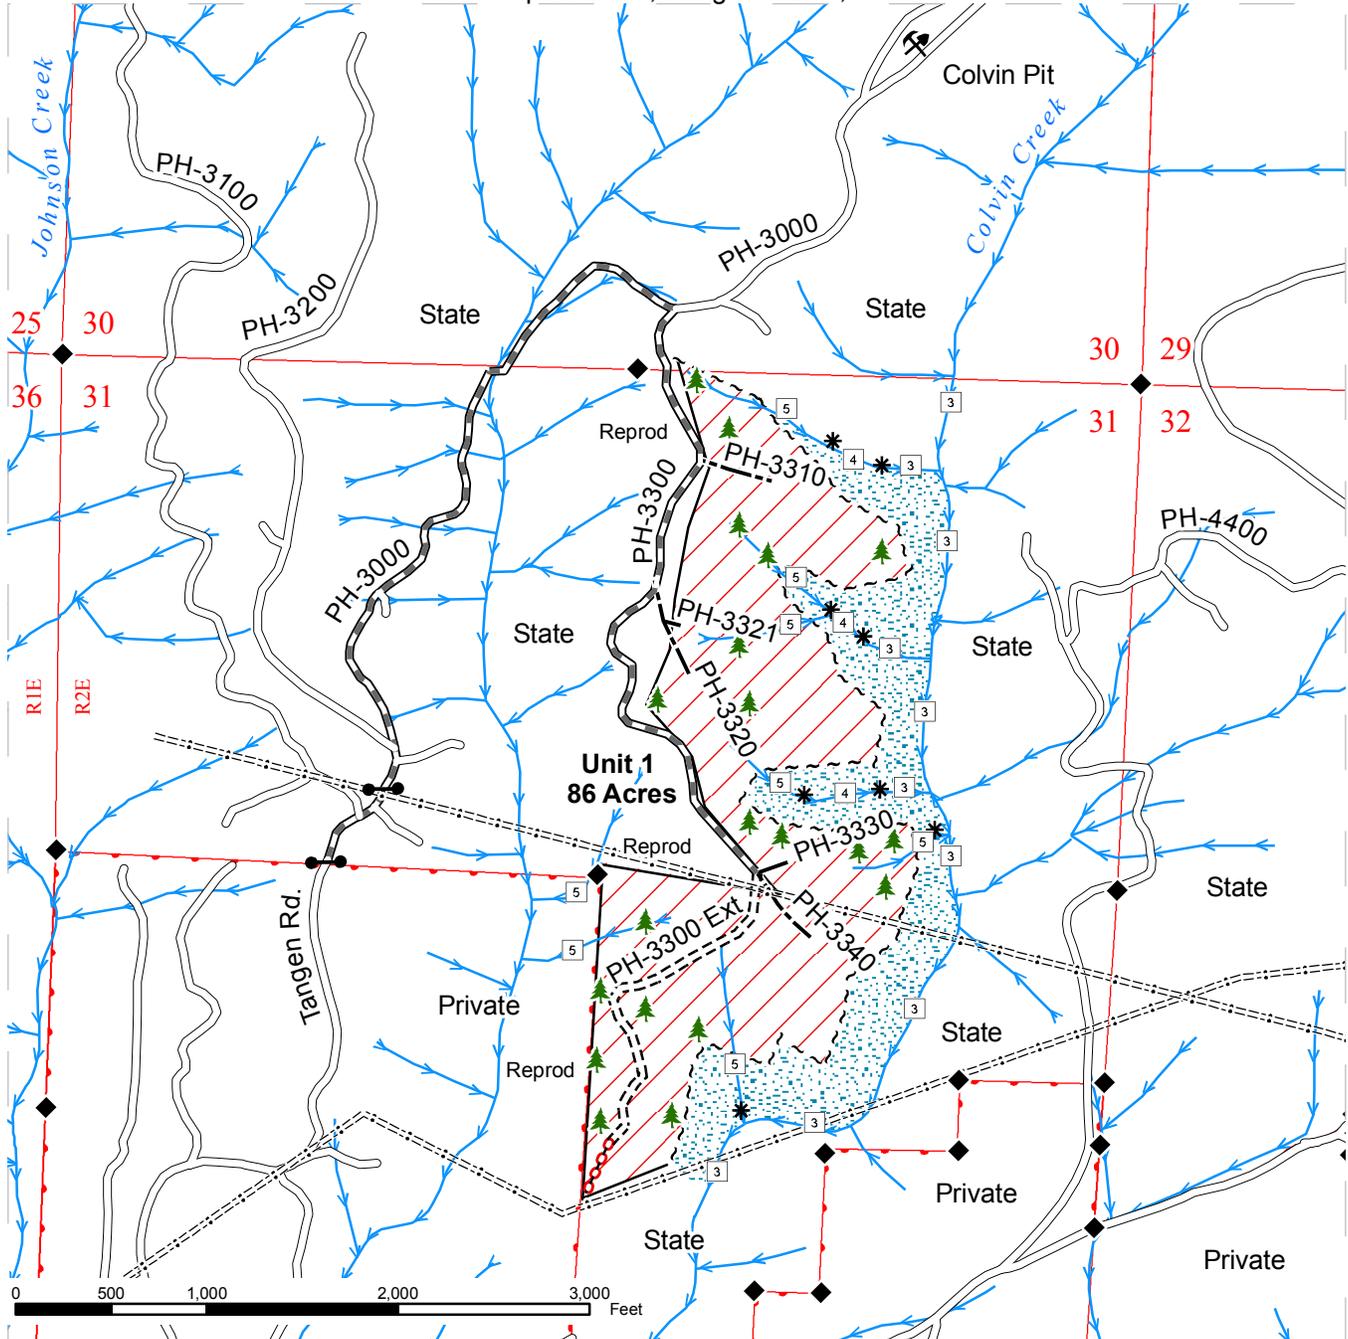

SPECIAL REMARKS: This sale has approximately 93MBF of Douglas fir mini peelers. On days when school is in session, there will be no hauling for approximately 1 hour in the morning and afternoon while children make their way to and from home; exact hours to be determined. No Jake Brakes on Tangen Road. 5 MPH Speed limit on Tangen Road. Heavy equipment shall be moved in from Fredrickson Road; only log trucks allowed on Tangen Road. Intermediate support may be required, to prevent soil rutting, off the PH-3310, PH-3320 and PH-3321 roads. Any timber harvest within two tree lengths of the BPA right-of-way will require at least one-week advance notice to the BPA Line Maintenance office in Olympia at (360) 570-4332. See driving map for gate locations. Gate keys may be obtained from the region office.

TIMBER NOTICE OF SALE

BID METHOD: Sealed Bids **UNIT OF MEASURE:** MBF scale/Tonnage scale

EXPIRATION DATE: October 31, 2009 **ALLOCATION:** Export Restricted

PAYMENT

SECURITY: To be determined by the State as described in Clause P-041 of the Purchaser's Contract.

BIDDING

PROCEDURES: A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price. Complete bidding procedures and auction information may be obtained from the South Puget Sound Region Office in Enumclaw, WA. Phone number (360) 802-7001.

HARVEST AND

DELIVERY COSTS: Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Haul Cost + ARRF).

Use the following rates for estimating taxable stumpage: Harvest Cost = tons (\$13.59), (\$18.59) for poles, (\$9.00) for utility. Haul Cost = (tons)(\$2.63 or \$3.63 for poles) + tons (\$0.16x C miles) + tons (\$0.14 x A miles)). ARRF = \$22.25 per mbf.

SPECIAL REMARKS: The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing and scaling costs. All mbf and tonnage loads will be weighed and scaled at State approved scaling locations. The State reserves the right to determine where logs are authorized to be scaled and weighed.

For more information regarding this log sort sale visit our web site:
<http://www.dnr.wa.gov/htdocs/fr/sales/>. If you have questions call Audrey Mainwaring at the South Puget Sound Region office at (360) 802-7001 or Dave Richards at the Product Sales and Leasing Division Office in Olympia at (360) 902-1365.

This sale is certified under the Forest Stewardship Council Standard (cert no: BV-FM/COC-080501). To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest, please visit www.fscus.org.

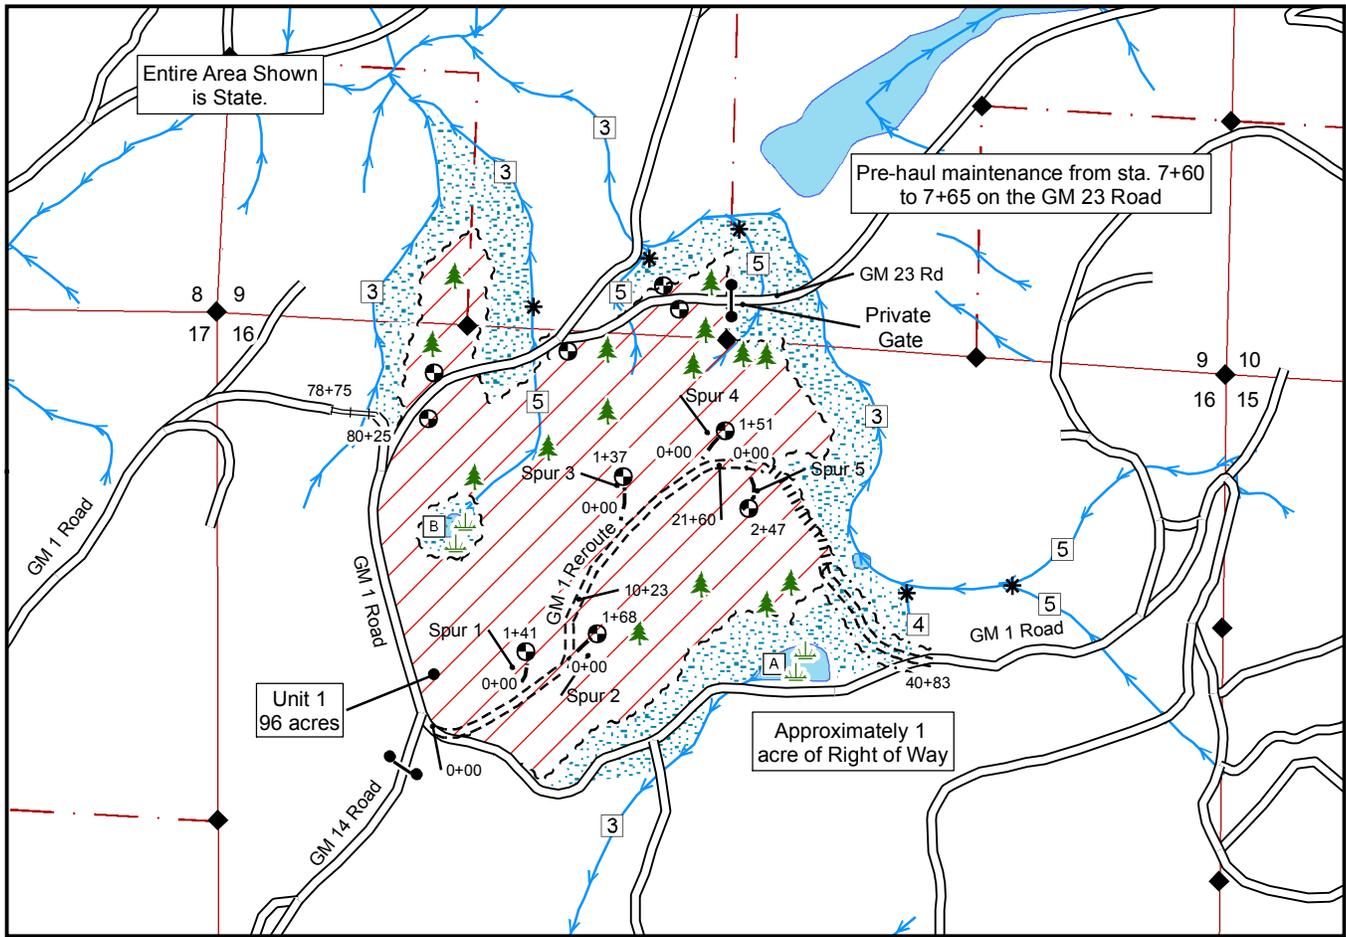

CONFIRMATION: Each sort is subject to confirmation following auction. No sorts will be confirmed until at least 10 days after all sorts are successfully auctioned. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion.

TIMBER NOTICE OF SALE

SALE NAME: SUN BEAM PC

AGREEMENT NO: 30-082548

AUCTION: February 24, 2009 starting at 10:00 a.m., **COUNTY:** Lewis
South Puget Sound Region Office, Enumclaw, WA

SALE LOCATION: Sale located approximately 7 miles northeast of Mineral.

PRODUCTS SOLD AND SALE AREA:

All timber as described in Schedule B bounded by white timber sale boundary tags, except those trees described in Schedule D in Unit #1; all timber as described in Schedule C bounded by white timber sale boundary tags, except those trees described in Schedule D in Unit #2; all timber bounded by orange Right of Way tags, except that title to the timber within the Right of Way tags of all optional construction within Unit #2 or exterior to Units #1 and #2 is not conveyed to the Purchaser unless the road segments are actually constructed on part(s) of Sections 31 all in Township 15 North, Range 6 East, Sections 36 all in Township 15 North, Range 5 East, W.M., containing 191 acres, more or less.

ESTIMATED SALE VOLUMES AND QUALITY:

Species	Avg DBH	Ring Count	Total MBF	Total \$/MBF	MBF by Grade									
					1P	2P	3P	SM	1S	2S	3S	4S	UT

Sale Total			6,049											

MINIMUM BID: \$98/MBF (est. value \$537,000.00) **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$200,000.00 **SALE TYPE:** MBF Scale

EXPIRATION DATE: October 31, 2011 **ALLOCATION:** Export Restricted

BIDDABLE SPECIES: Douglas fir

BID DEPOSIT: \$53,700.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Ground based equipment on slopes 40 percent and less. Cable equipment with lateral yarding capabilities of 75 feet or greater on slopes greater than 40 percent. If Purchaser elects to shovel log, shovel logging shall be in accordance with the attached Schedule A, which is part of this contract. Yarding may be restricted during wet weather conditions if excessive rutting occurs in the opinion of the Contract Administrator. Falling and yarding will not be permitted on weekends or state recognized holidays unless authorized in writing by the Contract Administrator. Northern Spotted Owl restrictions will be in effect in the northwest portion of Unit #1 prohibiting falling and yarding within .7 miles of "known nest sites" from March 1 through August 31, per WAC 222-16-080.

TIMBER NOTICE OF SALE

ROADS: 39.19 stations of required construction. 61.78 stations of required reconstruction. 116.03 stations of optional construction. 235.11 stations of required pre-haul maintenance. 13.38 stations of required abandonment. 68.03 stations of abandonment, if constructed. Cross section designs are available at the South Puget Sound Region office upon request. Purchaser maintenance on all roads used. Hauling, construction and rock haul will not be permitted from November 1 to March 31, unless authority to do so is granted, in writing, by the Contract Administrator. If permission is granted to operate between November 1 and March 31, the Purchaser may be required to provide a "Closed Season Plan" to include further protection of water, soil, roads and other forest assets. The "Closed Season Plan" must be approved in writing by the Contract Administrator. Northern Spotted Owl restrictions will be in effect in the northwest portion of Unit #1 prohibiting road construction, operation of heavy equipment and timber hauling within .7 miles of "known nest sites" from March 1 through August 31, except for on RT204-3 Road from station 59+00 to 63+60, per WAC 222-16-080.

ACREAGE DETERMINATION

CRUISE METHOD: Acreage was determined by traversing boundaries by GPS in Units #1 and #2. Right of way acreage was determined by multiplying length x width. Both units and the right of way were cruised using a variable plot sample with a BAF of 40/full on a 300 x 300 foot grid. External right of way was cruised on a plot spacing of every 700 feet.

FEES: \$80,149.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: This sale is certified under the Forest Stewardship Council Standard (cert no: BV-FM/COC-080501). To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest, please visit www.fscus.org.

Removal of all timber shall be completed by October 31, 2010. The remaining time prior to the contract expiration date of October 31, 2011 is allowed for any outstanding road work to be completed.

If timber haul occurs prior to bridge installation on the RT 200 Road, the Purchaser may be required to install additional crossdrain culverts and/or spot rock near streams to prevent sediment delivery. These items are not reflected in the rock list and culvert list included in the Road Plan and would be in addition to those shown.

This sale is a combination of two different prescriptions, a regeneration harvest in Unit #1 and a partial cut n Unit #2.

Purchaser shall submit, in writing, a leave tree plan to the Contract Administrator prior to the marking or felling of timber in Unit #1. Upon written approval from the Contract Administrator of the leave tree plan, the Purchaser shall mark Unit #1 according to the leave tree plan (Schedule D in the contract) and Unit #1 prescription (Schedule B) in the contract. Purchaser shall not fell any timber in Unit #1 until written approval of the marking of Unit #1 has been given from the Contract Administrator.

If optional road construction will not be built the timber within the right of way limits interior to Unit #2 shall be harvested according to the unit prescription. If optional construction roads are not built that are exterior to Unit #1 or #2, the timber within the right of way limits shall not be harvested. The Purchaser shall identify in writing which roads will be constructed as part of the harvest plan during the plan of operations.

An HPA has been obtained for the removal of one bridge and one culvert and the installation of 2 bridges and 6 culverts.

TIMBER NOTICE OF SALE

The Purchaser is required to manufacture or provide a 2000 cubic yard stockpile of 2 1/2 inch minus rock in the RT200 Rock Pit in accordance with specifications in Clause 7.2.1.1-5 in the Road Plan.

The use of intermediate supports may be needed in some areas of the cable yarding operations.

Purchaser shall pull vine maple and leave roots exposed and detached from the soil in the ground based harvest area. Purchaser shall cut vine maple and sever from the stump in the cable harvest area.

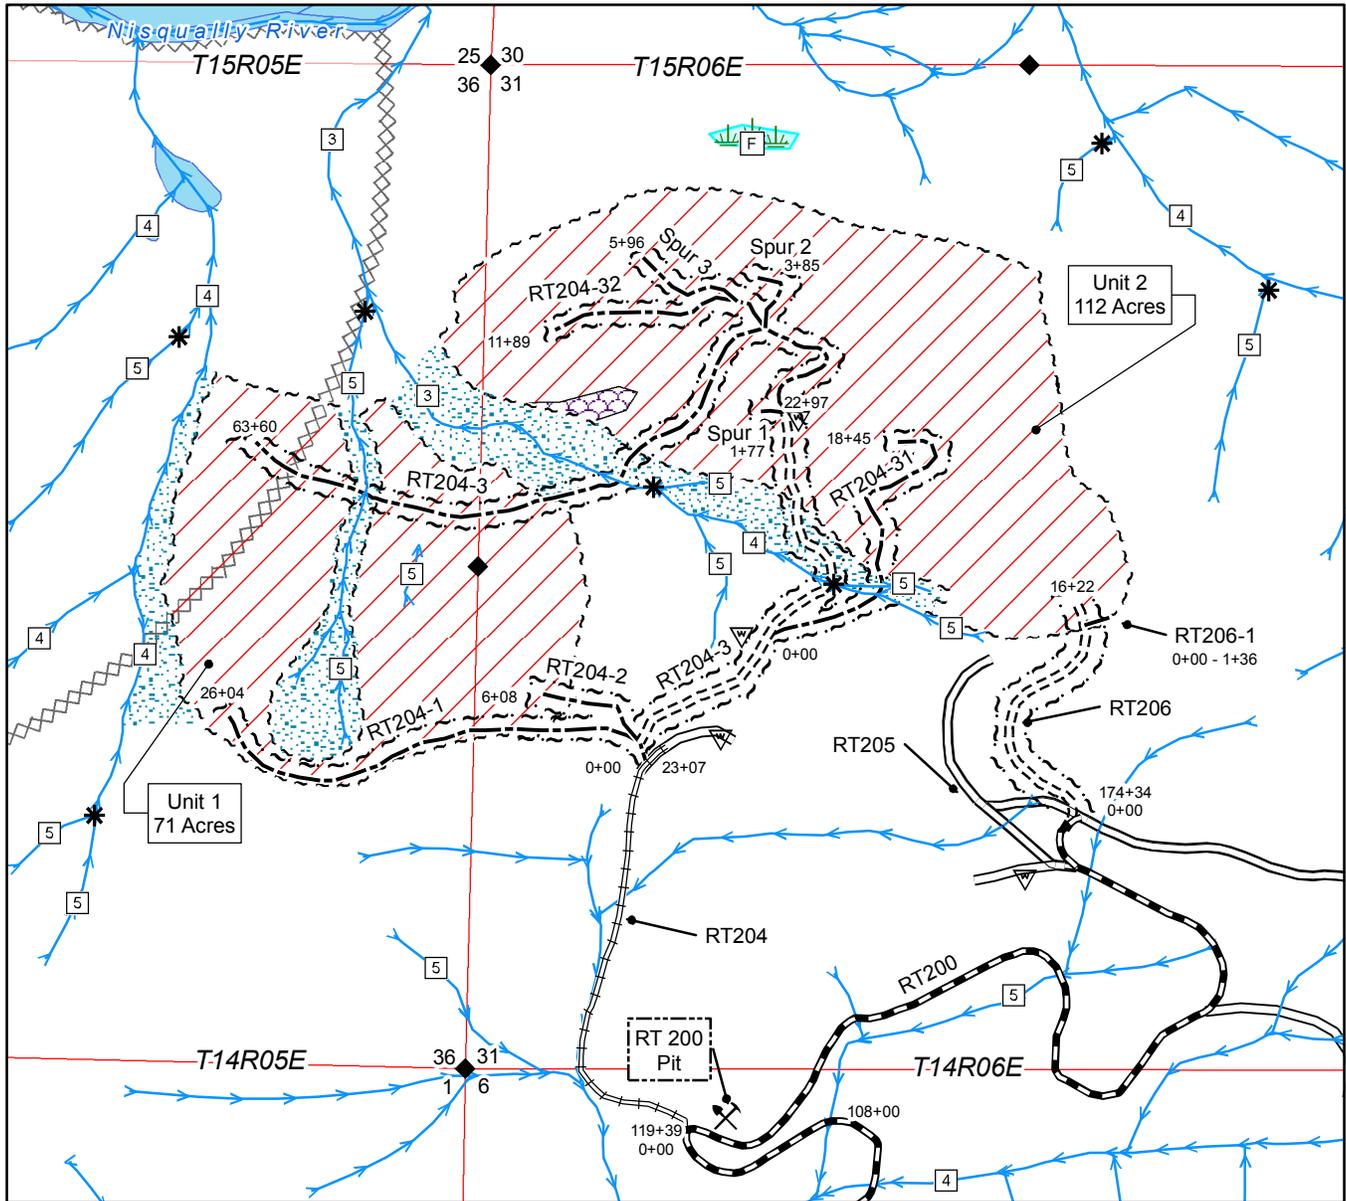

Winter access could be limited due to snow accumulation in the higher elevations.

The State's required performance security amount will increase or decrease according to the Purchaser's work schedule. See contract clause P-090.

DRIVING DIRECTIONS

From the Town of Elbe travel south on Hwy 7 4.0 miles to its junction with Mineral Rd North. Turn left onto Mineral Rd North and proceed 1.5 miles to the Town of Mineral. In the Town of Mineral at the junctions of the Mineral Rd North, Mineral Rd South and the Mineral Creek Rd turn onto the Mineral Creek Rd and proceed 2.2 miles to its junction with the E-560 Rd.

Turn right onto the E-560 go through the gate and travel 0.7 miles to the junction of the E-560 and the RT 100. Turn left onto the RT 100 and proceed 1.2 miles to the junction of the RT 100 and RT 200. Turn right onto the RT 200 travel 0.8 miles to a fork in the road. Bear right and stay on the RT 200 for another 1.5 miles to the junction of the RT 200 and the RT 204.

Turn onto RT 204 and proceed 0.4 miles to the end of the road for access to Unit 1 and the lower portions of Unit 2. Stay on RT 200 and travel 1.0 miles to the starting point of the proposed RT 206, follow the road traverse approximately 1600 ft to access the upper portions of Unit 2.

Refer to Road Work Plan View maps in the Road Plan for locations of required reconstruction and pre-haul maintenance.

TIMBER NOTICE OF SALE

SALE NAME: FOUR STAR

AGREEMENT NO: 30-083214

AUCTION: February 26, 2009 starting at 10:00 a.m., **COUNTY:** Lewis
Pacific Cascade Region Office, Castle Rock, WA

SALE LOCATION: Sale located approximately 13 miles southwest of Mossyrock, WA

PRODUCTS SOLD AND SALE AREA:

All timber, except leave trees tagged out with yellow leave tree area boundary tags, leave trees marked with blue paint and snags, bounded by the following: timber sale boundary tags and the W-1000, W-1090, and W-1300 roads in Unit #1; timber sale boundary tags and the W-1000, W-1080, and W-1085 roads in Unit #2; timber sale boundary tags and the W-1000 road in Unit #3 on part(s) of Sections 25 and 36 all in Township 12 North, Range 1 East, W.M., containing 215 acres, more or less.

ESTIMATED SALE VOLUMES AND QUALITY:

MINIMUM BID: \$757,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$100,000.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: December 31, 2010 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$75,700.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable and shovel harvesting equipment, with shovel harvesting equipment being restricted to slopes of 35% and less during dry soil conditions. See Clause H-140 and Schedule L for further harvest requirements. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Ground Based Yarding will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

ROADS: 25.13 stations of required reconstruction. 19.77 stations of optional construction. 20.84 stations of optional reconstruction. 422.71 stations of required pre-haul maintenance. 4.00 stations of optional pre-haul maintenance. 32.57 stations of road deactivation. Rock for construction, reconstruction, or pre-haul maintenance under this contract may be obtained at no cost to the Purchaser from the Jupe Quarry located in Section 32, Township 12 North, Range 2 East, W.M. Rock for construction, reconstruction, or pre haul maintenance under this contract may be obtained from any commercial source as approved in writing by the Contract Administrator. Purchaser will be required to replace

TIMBER NOTICE OF SALE

a fish passage barrier pipe on the W-1000. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. Road construction will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method. Harvesting activities are estimated to be approximately 75% ground-based and 25% cable harvesting.

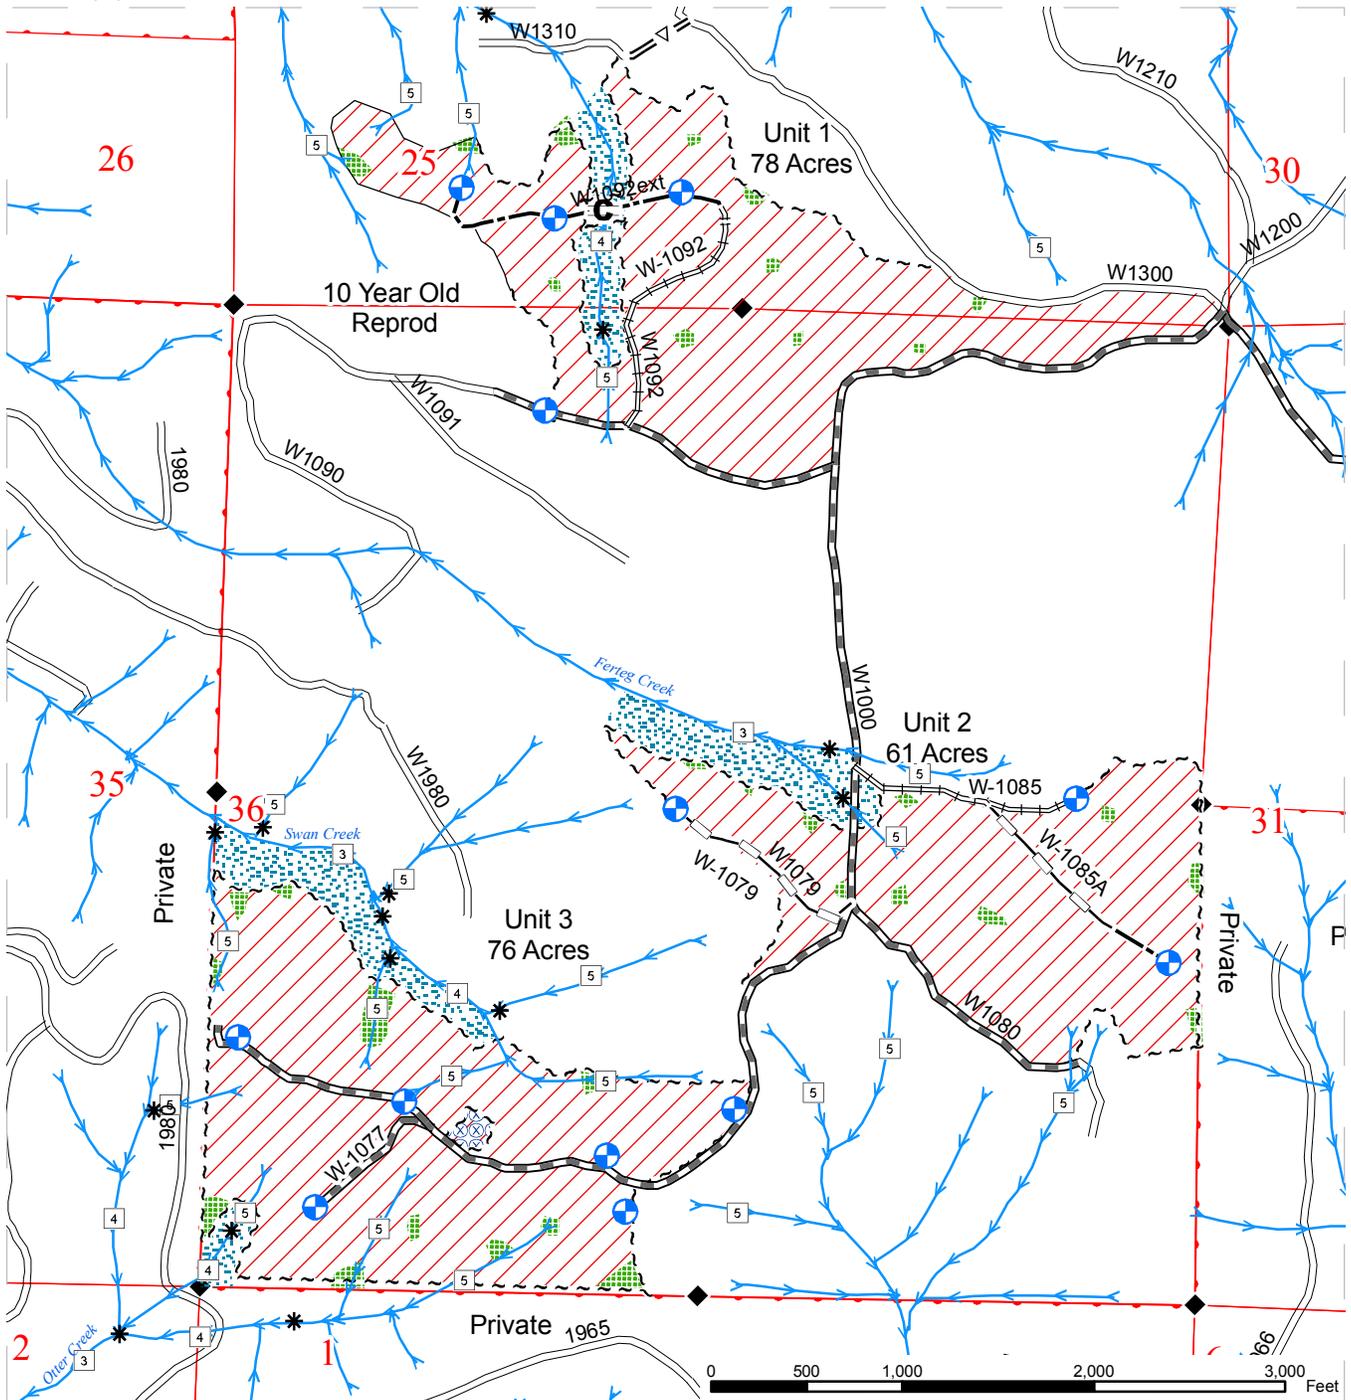

FEES: \$58,393.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: None.

Red alder	11		3								3		
Sale Total			3,841										

MINIMUM BID: \$631,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$125,000.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: December 15, 2010 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$63,100.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Ground based equipment on slopes 35 percent and less. Cable yarding equipment on slopes greater than 35 percent. Yarding may be restricted during wet weather if rutting becomes excessive in the opinion of the Contract Administrator. If Purchaser elects to shovel log, shovel logging shall be done in accordance with the attached Schedule A, which is part of this contract.

ROADS: 3.00 stations of required reconstruction. 14.78 stations of optional construction. 14.78 stations of abandonment, if constructed. Pre-haul maintenance consisting of gate repair. Cross section designs are available at the South Puget Sound Region office upon request. Purchaser maintenance on the 1000, 1700, 2420, 2422 and 2430 Roads and Spurs 1 and 2. Designated maintenance on all other roads used. Rock for this proposal may be obtained at no cost to the Purchaser from the state's Wedge and 1710 Rock Pits or from a commercial source at the Purchaser's expense. Hauling, construction and rock haul will not be permitted from October 1 to April 30, unless authority to do so is granted, in writing, by the Contract Administrator. If permission is granted to operate between October 1 and April 30, the Purchaser may be required to provide a "Closed Season Plan"

TIMBER NOTICE OF SALE

to include further protection of water, soil, roads and other forest assets. The "Closed Season Plan" must be approved in writing by the Contract Administrator. Road construction and rock haul will not be permitted on any weekends or state recognized holidays. Timber hauling will not be permitted on weekends only from Memorial Day weekend through Labor Day.

ACREAGE DETERMINATION

CRUISE METHOD: Acreage was determined by traversing boundaries by GPS. Units were cruised using a variable plot sample with a BAF of 40 on a 264x264 foot grid.

FEES: \$50,893.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Purchaser is responsible to enter into a Temporary Special Use Permit with the United States Forest Service (USFS) at a cost of \$95.00 for the use of tailhold trees along the 24 Road, if needed for operations. An executed permit must be obtained prior to operations beginning. Contact Martha Krueger at the USFS at (360) 288-0278 for additional information.

Required reconstruction includes removal of a fish barrier culvert and puncheon material from a Type 3 stream, plus acquisition and installation of a 50'x14' steel or concrete bridge over the stream. See Road Plan for details. DNR has applied for an HPA for the culvert removal/bridge installation project.

Cable yarding equipment with lateral yarding capabilities is recommended.

The timber sale area is usually snowed out from mid January to the end of February.

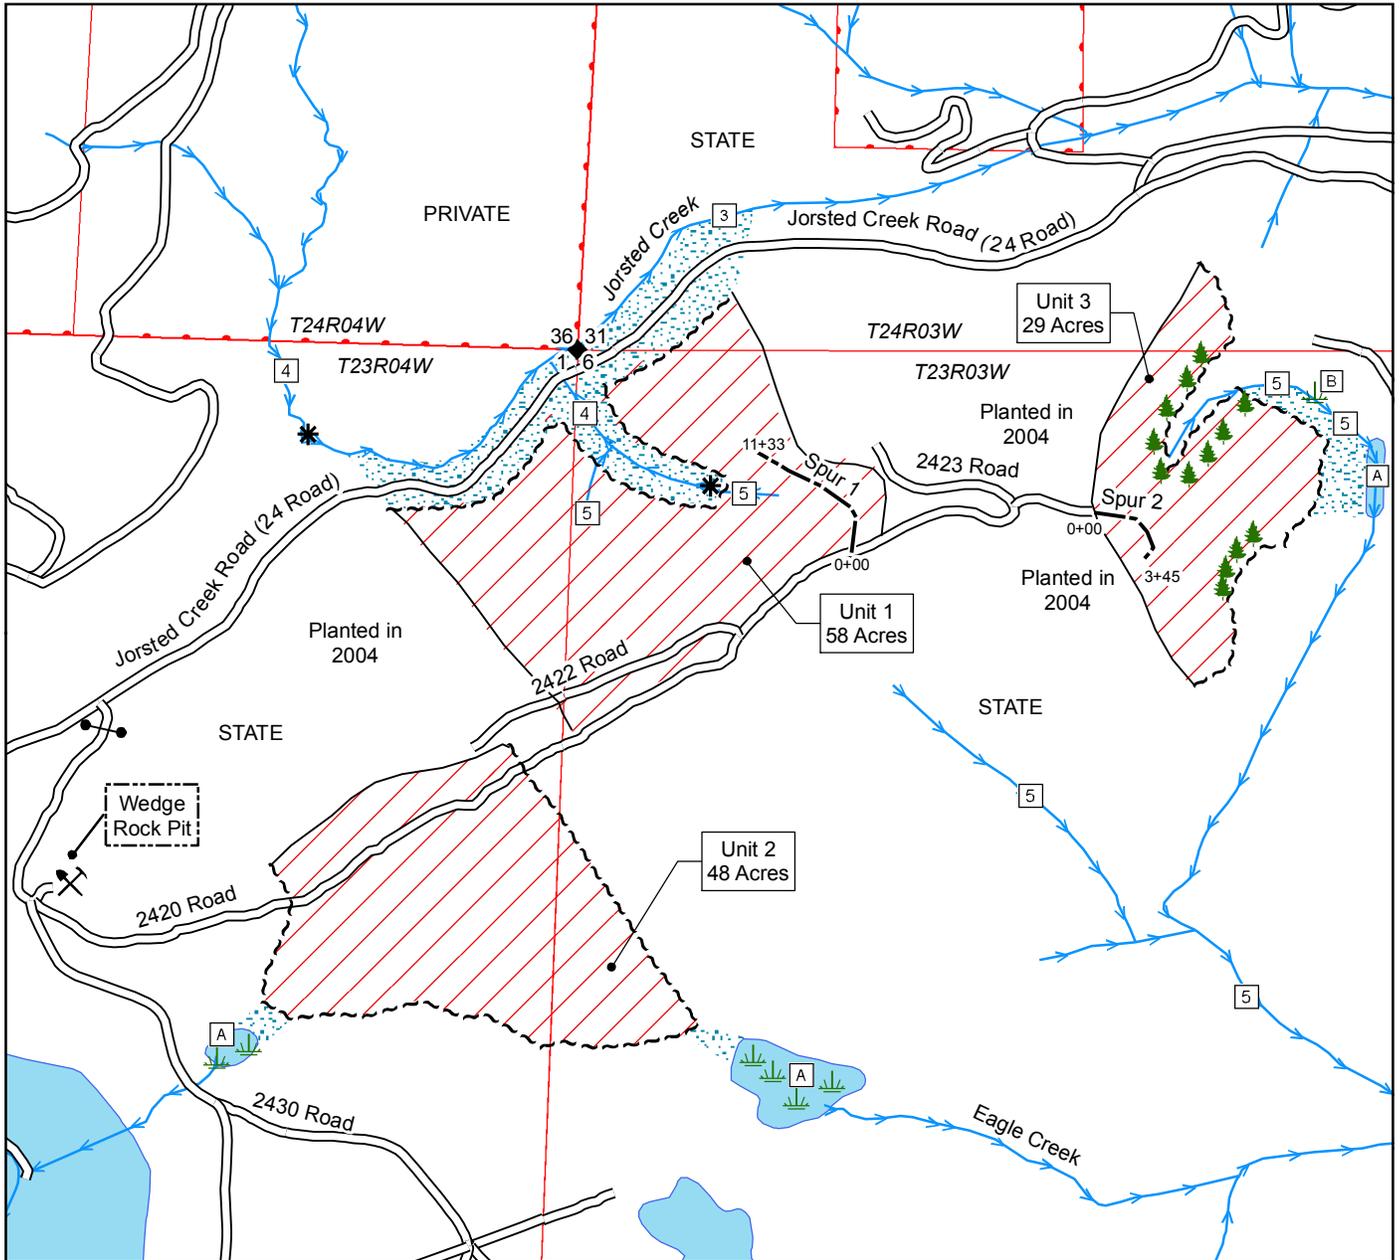

Purchaser shall pull vine maple and leave roots exposed and detached from the soil in the ground based harvest area. Purchaser shall cut vine maple and sever from the stump in the cable harvest area.

Purchaser shall suspend one end of logs above the ground during logging operations except on slopes over 70 percent where the whole log will be suspended.

MINIMUM BID: \$161/MBF (est. value \$441,000.00) **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$88,200.00 **SALE TYPE:** MBF Scale

EXPIRATION DATE: December 31, 2010 **ALLOCATION:** Export Restricted

BIDDABLE SPECIES: Douglas fir

BID DEPOSIT: \$44,100.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable and Ground based equipment. Cable and ground-based harvesting equipment, with ground-based harvesting equipment being restricted to slopes of 35% and less during dry soil conditions, and tracked and rubber tired skidders being restricted to the designated skid trail only. See Clause H-140 and Schedule L for further harvest specifications. Full log suspension is required over a small portion of Unit #1, north of the M-150 road (see timber sale map). One skid trail will be allowed in Unit #1 to yard an isolated portion of the unit; an existing orphaned grade will be the skid trail location. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator.

TIMBER NOTICE OF SALE

ROADS: 63.02 stations of optional construction. 18.91 stations of optional reconstruction. 222.20 stations of required pre-haul maintenance. Rock for construction and/or reconstruction under this contract may be obtained at no cost to the Purchaser from the B-1321 Quarry located in Section 30, Township 13 North, Range 8 West and the Sawmill M-Line Quarry located in Section 3, Township 12 North, Range 8 West. Rock for construction and/or reconstruction under this contract may be obtained from any commercial source as approved in writing by the Contract Administrator. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. Road construction will not be permitted from September 30 to July 1 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: Acreage was determined by GPS. Cruise was completed using variable plot cruise methods. Harvesting activities are estimated to be 30% cable and 70% ground-based harvesting.

FEES: \$52,258.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

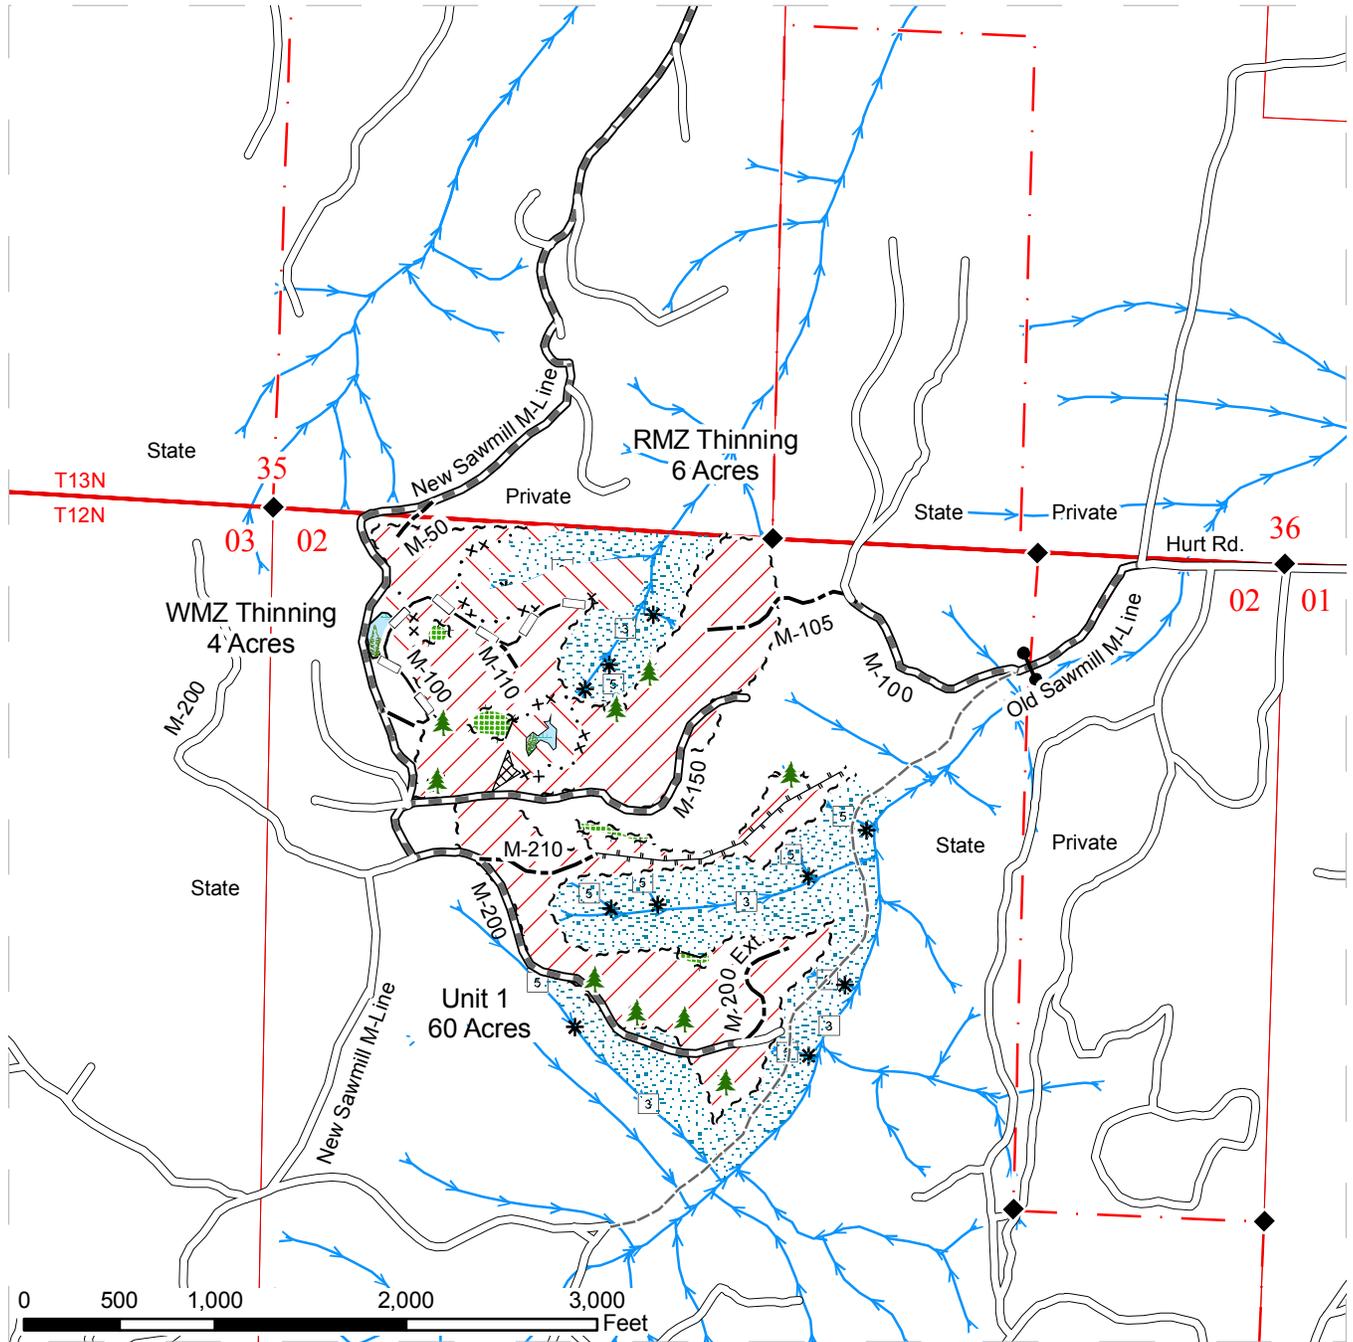

SPECIAL REMARKS: Timber marked with a DOUBLE ring of orange paint or with an orange "S" within the special management area are to be felled towards streams. See driving map for gate locations. Gate keys may be obtained from the Pacific Cascade Region office.

MINIMUM BID: \$866,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$100,000.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: September 30, 2010 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$86,600.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on slopes 25% or less.

Timing restriction on Unit #2: yarding or operation of heavy machinery, hauling, felling or bucking shall not be allowed within the timing restriction area, between one hour before official sunrise to two hours after official sunrise and between one hour before

TIMBER NOTICE OF SALE

official sunset to one hour after official sunset, from April 1 to August 31. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS:

44.50 stations of required construction. 48.67 stations of required reconstruction. 66.06 stations of optional construction. 48.67 stations of existing road to be abandoned. 62.92 stations of road to be abandoned if built.

Development of a proposed hardrock source DC-0601-01 Hardrock Pit at station 3+14 of the DC-0601-01 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate approximately 146 cubic yards of riprap and approximately 14,260 cubic yards of 3-inch-minus ballast rock. This rock is available at no cost on State land.

A Skagit County access connection permit has been obtained for construction of the CND-37 and CND-38 roads intersecting with North Shore Drive.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD:

Acres determined by GPS traverse. 99.7 acres gross. 4.1 acres deducted for green tree retention clumps and 0.5 acres deducted for existing road. 95.1 acres net. Cruised using variable plot method. Expansion factor used is 40.00 on red alder and redcedar, and a 54.45 on all other species in Unit #1. Expansion factor used is 40.00 on red alder and a 54.45 on all other species in Unit #2. Sighting height is 4.5 feet. Grid size plot spacing is 330 x 200 feet in Unit #1 and 400 x 200 in Unit #2. Plot ratio cruise count is 1:1 in Units #1 and #2. 20 plots were taken in Unit #1, and 37 plots taken in Unit #2, for a total of 57 plots.

FEES:

\$82,322.25 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

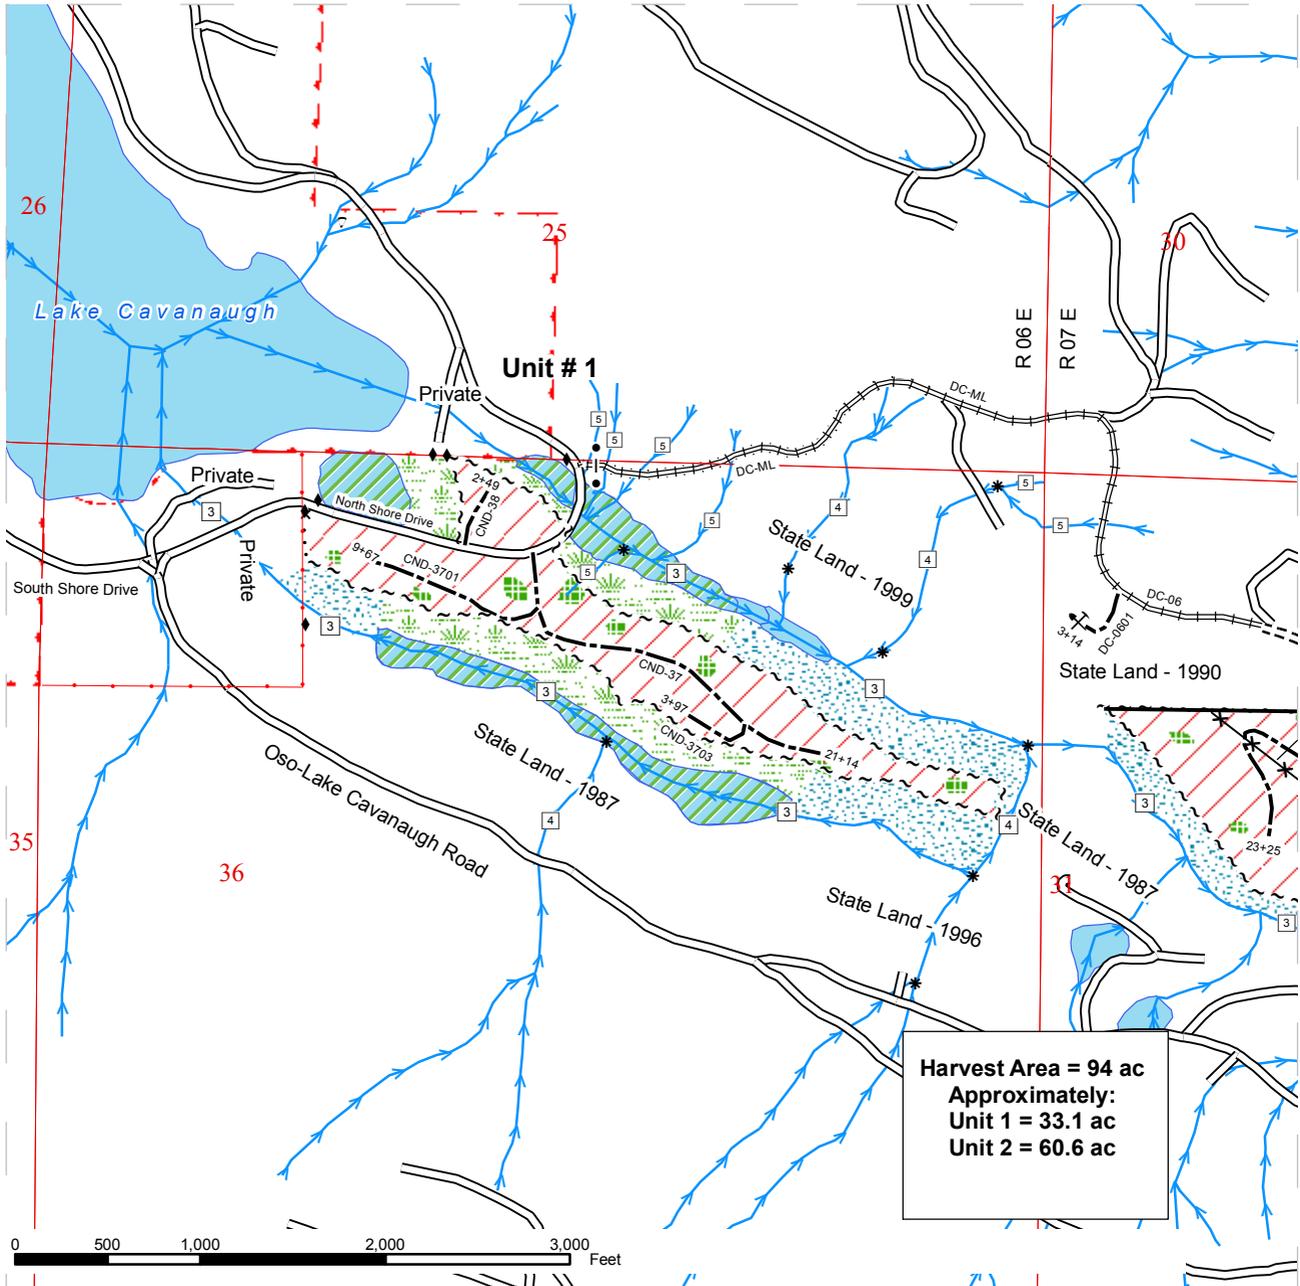

SPECIAL REMARKS:

Blue management tags demarcate private property boundary. Trees with blue management tags AND orange paint are take trees.

Spruce	25.7	5	51						34	10	7		
Sale Total			9,429										

MINIMUM BID: \$1,538,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$100,000.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: December 31, 2010 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$153,800.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable, motorized carriage and shovel harvesting equipment with shovel harvesting equipment being restricted to slopes of 35% and less during dry soil conditions. See Clause H-140 and Schedule L for further harvest requirements. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Shovel Yarding will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator. Additionally felling and yarding are restricted in Unit #1 from September 30 to May 1.

ROADS: 30.91 stations of required construction. 48.35 stations of optional construction. 569.66 stations of required pre-haul maintenance. Rock for construction and/or pre-haul maintenance under this contract may be obtained at no cost to the Purchaser from three State owned rock sources; the Too Thin Quarry located in Section 5, Township 17 North,

TIMBER NOTICE OF SALE

Range 4 West, the Upper Lytle Quarry located in Section 24, Township 17 North, Range 5 West and the Five Forks Quarry located in Section 22, Township 18 North, Range 4 West, W.M. Rock for construction or pre-haul maintenance under this contract may be obtained from any commercial source as approved in writing by the Contract Administrator. Pre-haul Maintenance of the B-Line (station 0+00 to 130+00) intersects existing power line access roads. Purchaser shall pre-haul maintain intersecting roads so that the power line roads are accessible at all times. Road pre-haul maintenance is in close proximity to a high-pressure gas pipeline. All work shall be done in accordance with RCW 19.122, Underground Utilities. Purchaser is responsible for all notification and liabilities associated with the gas pipeline and its right-of-way. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. Road construction will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method. Harvesting activities are estimated to be approximately 60% ground-based and 40% cable harvesting.

FEES: \$124,930.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

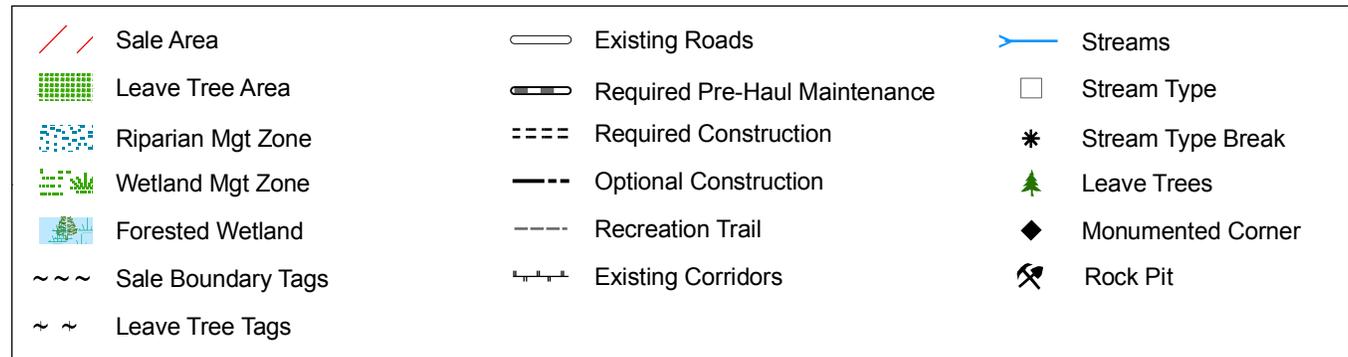

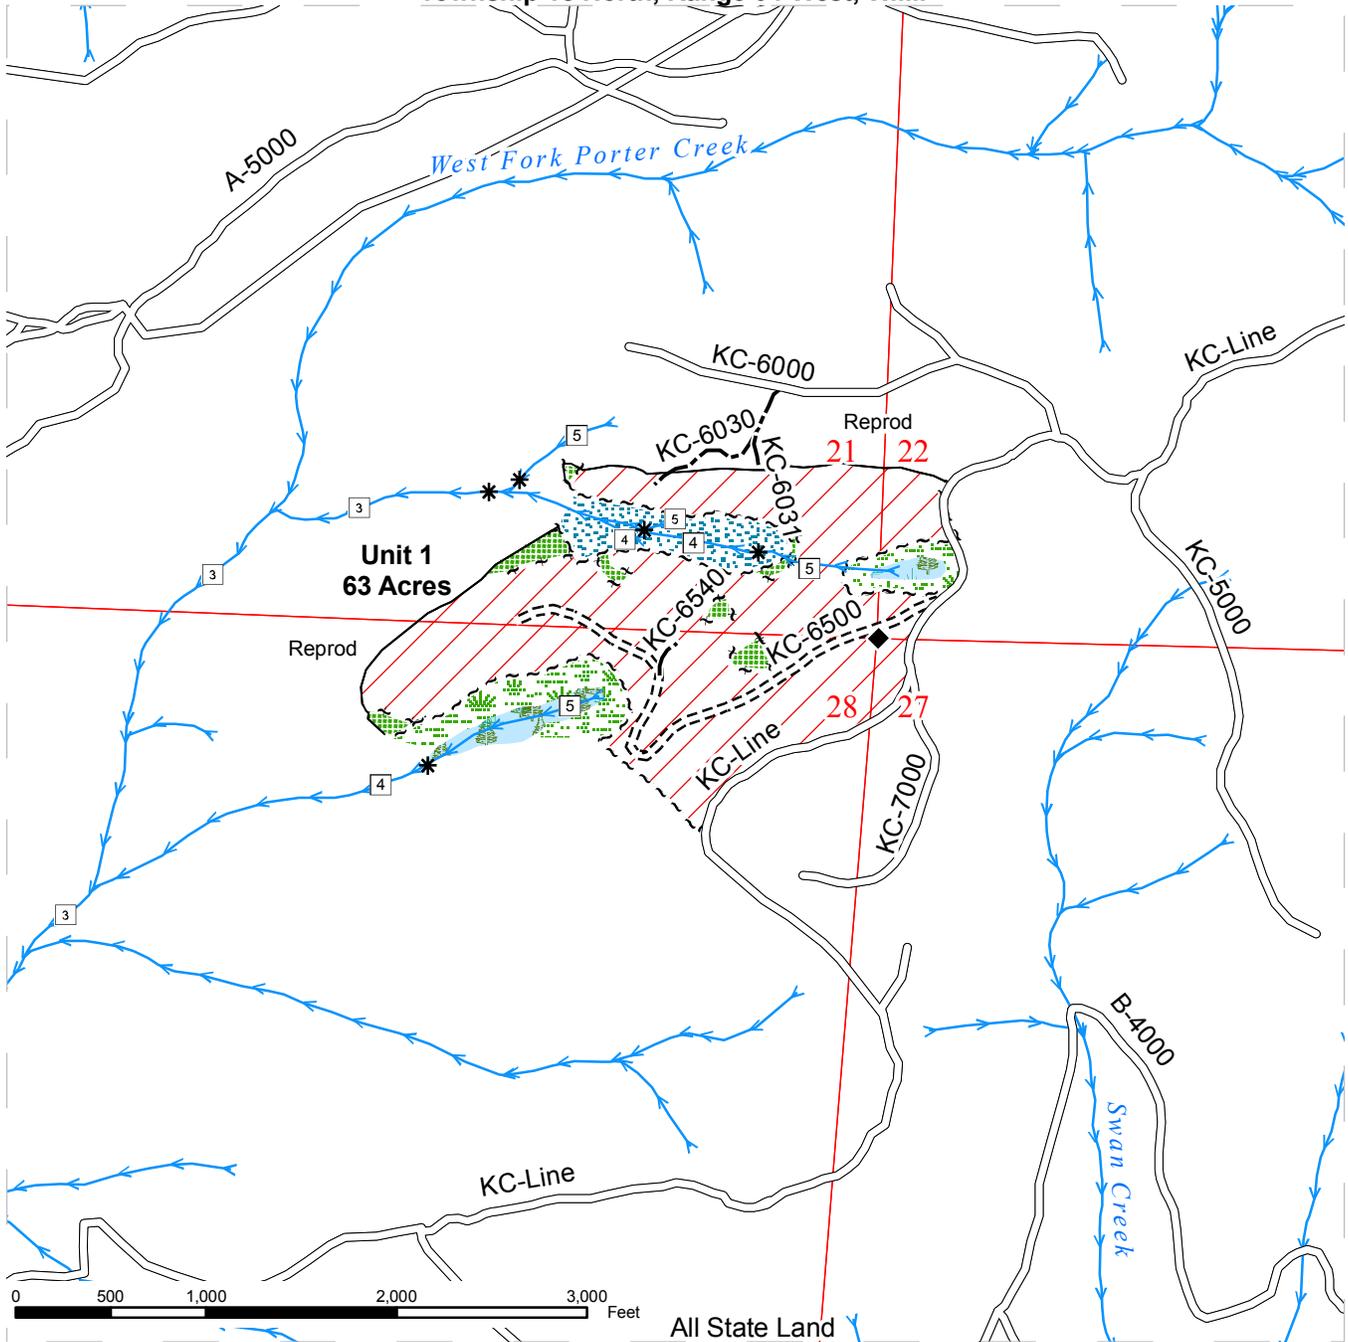

SPECIAL REMARKS: Trees marked with blue paint in Units #1, #2 and #5 shall be considered sale volume. In the eastern portion of Unit #2, existing corridors shall be used within the leave tree area, wetland and WMZ. If additional corridors are needed, locations of yading corridors within the leave tree area, wetland and WMZ must be marked by Purchaser and approved by the Contract Administrator prior to the felling of timber. Unit # 5 of this sale is certified under the Forest Stewardship Council Standard (cert no: BV-FM/COC-080501). To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest, please visit www.fscus.org.
