

Public Auction Sale of Timber

Book 916

.....
June 2012

WASHINGTON STATE DEPARTMENT OF
Natural Resources

Peter Goldmark - Commissioner of Public Lands

Caring for
your natural resources ...
now and forever

IMPORTANT NOTICES

Natural Resources (DNR)

Governmental Regulatory Actions or Orders

The purchaser assumes the risk of liabilities related to regulatory actions or orders by any government agency that may affect the operability of these timber sales. Such regulatory actions or orders include, but are not limited to, actions taken pursuant to the State Forest Practices Act, Chapter 76.09 RCW, and the Federal Endangered Species Act, 16 U.S.C. §§ 1531-1544. Please see timber sale contract clauses G-066 and G-220 for further information.

Threatened and Endangered Species

DNR cannot verify the presence or absence of **any** threatened or endangered species that may affect the operability of the timber sale. Purchasers must rely on their own assessments.

Export Restricted

All timber purchased under these state DNR contracts shall not be exported outside of the United States until the timber has been processed. Purchasers shall not violate any of the prohibitions in WAC 240-15-015 (relating to the prohibitions on export and substitution), WAC 240-15-025 (relating to reporting requirements), and WAC 240-15-030 (relating to enforcement). If purchasers knowingly violate WAC 240-15-015, purchasers shall be barred from bidding on or purchasing export restricted timber as provided.

Cover photos

Timber Sales in this book are from state trust lands, managed to help build K-12 public schools, state universities, colleges, prisons, mental hospitals, the state Capitol; and to support local services in many counties.

Top left: State Forest Lands are managed to provide revenue to the counties in which they are located such as the Pacific County Courthouse in South Bend, Washington. Northwest Bridge Company of Portland, Oregon completed construction of the courthouse building in June of 1911. One unusual feature of the historic building is an "art glass dome" that crowns the structure. The courthouse is listed on the National Register of Historic Places.

Certification Opportunities for DNR Timber Purchasers

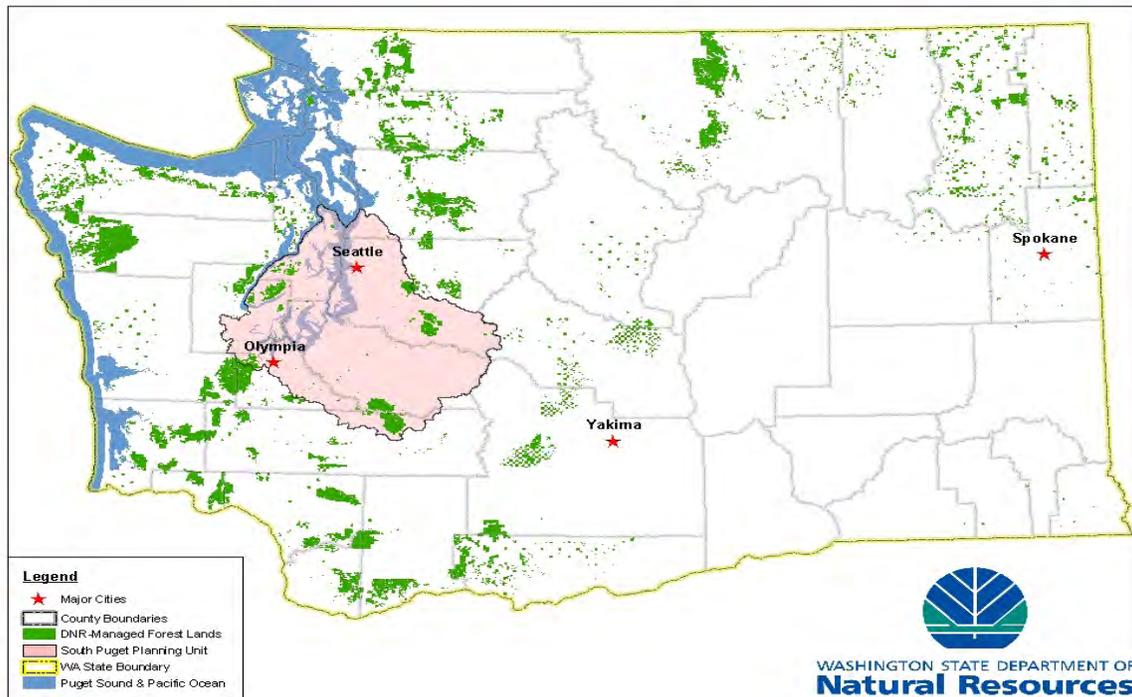

Certified forests are grown to an approved set of standards which demonstrate environmentally responsible, socially beneficial, and economically viable management practices that promote responsible forestry. This unique commitment to responsible forestry recognizes that forest landowners play a critical role in ensuring the long-term health and sustainability of our forests.

Forest Stewardship Council® (FSC®) is an independent, non-profit organization that promotes responsible management of the world's working forests through the development of forest management standards, a voluntary certification system, and trademarks that provide recognition and value to products bearing the FSC label in the marketplace. FSC standards ensure forestry is practiced in an environmentally responsible, socially beneficial, and economically viable way.

Sustainable Forestry Initiative, Inc. is an independent non-profit organization internationally endorsed and accepted around the world. The *Sustainable Forestry Initiative® (SFI®)* program is based on the premise that responsible environmental behavior and sound business decisions can co-exist. Its three-chamber Board of Directors governs all aspects of the SFI program, with equal representation from the environmental, economic and social sectors.

Currently, all Department of Natural Resources (DNR)-managed forested state trust lands in Washington State are certified under the 2010-2014 SFI program Standard. Lands within DNR's South Puget Habitat Conservation Plan Planning Unit, located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are dually certified under the FSC Pacific Coast Regional Standard and the 2010-2014 SFI program Standard.

Certification under each standard involves an inspection audit of the landowner's forest management activities by an independent third-party accredited team to verify that it meets specified forest management principles. If the forest unit complies with the specific standard, the landowner receives a certificate of conformance ensuring that responsible forestry is being practiced. Both standards encourage integration of perpetual growing and harvesting of trees with strong measures to protect wildlife, plants, soil, water, and air quality. Both standards provide a seal of approval that forests certified under these principles are well-managed. The global marketplace recognizes and endorses multiple forest certification standards. Each standard has individual market niches. By being dually certified, DNR can maximize its customer base and provide choices to the consumer.

DNR's FSC certificate number is: BV-FM / COC-080501

DNR's SFI certificate number is: BV-SFIS-US09000572

DNR-managed forested state trust lands within the South Puget Habitat Conservation Plan Planning Unit (located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties) are certified as being in compliance with the Forest Stewardship Council Pacific Coast Regional Standard. This makes DNR's SP Planning Unit dually certified under both the FSC and SFI program Standards.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a "program participant" in the FSC Program, visit www.fscus.org.

To learn more about DNR timber sales certified under the FSC Standard, visit www.dnr.wa.gov.

FSC A.C. owns all right, title, and interest in and to the Forest Stewardship Council trademarks.

All DNR-managed forested state trust lands across the state have been certified as being in compliance with the 2010-2014 Sustainable Forestry Initiative program Standard.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a "program participant" in the SFI program, visit www.sfiprogram.org.

To learn more about DNR timber sales certified under the SFI program Standard, visit www.dnr.wa.gov.

Sustainable Forestry Initiative® and SFI® word marks and logo marks used are registered marks owned by Sustainable Forestry Initiative Inc.

Washington State Department of Natural Resources (DNR)

Bidder's/Purchaser's Inspection of Sale Area and Forest Products

Acreage estimates and volume estimates contained within each timber notice of sale and each timber sale contract are made only for administrative and identification purposes. Except as expressly provided by the timber sale contract, the purchaser shall be responsible for paying the entire purchase price, even if the actual acreage or timber volume varies from the estimated quantity or volume shown.

All prospective bidders have the opportunity and are expected to inspect the sale area and the forest products located thereon. Bidders shall not rely on any representations by the State including, but not limited to, acreage estimates, volume estimates, appraisal or pre-bid documentation. The successful bidder/purchaser will further warrant that they have entered the timber sale contract without any reliance upon the DNR's volume estimates, acreage estimates, appraisals, pre-bid documentation, or any other representation by the DNR.

Any timber sale contract arising out of these public auctions will require the successful purchaser to warrant that they are entering the timber sale contract based solely upon their own judgment of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold.

Exclusion and Disclaimer of Warranties

The PARTIES AGREE that the IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, and ALL OTHER WARRANTIES EXPRESS OR IMPLIED, ARE EXCLUDED from this transaction, and shall not apply to the goods sold. For example, THE FOLLOWING SPECIFIC MATTERS ARE NOT WARRANTED, and are EXCLUDED from this transaction:

- a. ***The merchantability of the forest products.*** The use of the term "merchantable" in any document is not intended to vary the foregoing.
- b. ***The condition of the forest products.*** All forest products will be conveyed "AS IS."
- c. ***The acreage contained within any sale area.*** Any acreage descriptions appearing in the timber notices of sale, timber sale contract, timber sale map or other documents are estimates only, provided solely for administrative and identification purposes.
- d. ***The volume, quality, or grade of the forest products.*** The descriptions of the forest products to be conveyed are estimates only, made solely for administrative and identification purposes.
- e. ***The correctness of any soil or surface conditions, presale construction appraisals, investigations, and all other pre-bid documents prepared by or for the State.*** These documents have been prepared for the State's appraisal purposes only.
- f. ***That the sale area is free from threatened or endangered species, or their habitat.*** The State is not responsible for any interferences with forestry operations that result from the presence of any

threatened or endangered species, or the presence of their habitat, within the sale area.

g. *That the forestry operations to be performed under this contract will be free from regulatory actions by governmental agencies.* The State is not responsible for actions to enforce regulatory laws, such as the Washington Forest Practices Act (Chapter 76.09 RCW), taken by the Department of Natural Resources or any other agency that may affect the operability of these timber sales.

h. Items contained in any other documents prepared for or by the State.

Please also see timber sale contract clause G-060 for further information.

BIDDING PROCEDURES FOR TIMBER AUCTIONS

The general requirements that follow are a part of all Timber Notices of Sale to be auctioned by the Department of Natural Resources (DNR).

General Information

The State reserves the right to waive minor irregularities and the right to reject any or all bids.

A. This book contains the timber notices of sale and maps for each timber sale scheduled to be auctioned. More specific information can be obtained by contacting the appropriate region office at the number listed on the back cover of this book.

B. The timber notice of sale is a summary of sale information. For more specific information, interested parties are encouraged to view the Appraisal Packets on the DNR Internet Site @ www.dnr.wa.gov, this will take you directly to the Product Sales Section. The Appraisal Packets contain **DRAFT** copies of the timber notice of sale, map, contract, road plan, cruise data, precruise and cruise narrative, Forest Practices Application (FPA).

C. The sale preview packets may be obtained at no charge for individual sales by visiting the appropriate region office.

D. Timber sale contracts contain extensive terms and conditions that will be binding upon successful high bidders. Each bidder should carefully review all terms contained in the appropriate **DRAFT** timber sale contract prior to bidding on a sale, and should review the final contract prior to signing. **DRAFT** timber sale contracts are contained in the preview and presales packets and are available upon request at the respective region office.

E. Sales advertised in this book have not been approved by the Board of Natural Resources and are subject to the Board's approval before they will be sold. The Board meets and approves sales approximately six weeks prior to auction. All sales are subject to confirmation by the DNR under RCW 79.15.120.

F. The State does not guarantee the accuracy of any information contained herein pertaining to particular sales. Therefore, all prospective purchasers are expected to make their own independent inspections and appraisals prior to bidding.

G. If any conflict exists between the information in the Timber Notice of Sale, timber sale map,

sale preview packets and that in the timber sale contract, the **signed contract will prevail**.

H. Purchasers must pay the Forest Excise Tax on the bid price, permanent road construction costs, and other considerations. The tax rate is 5% without the EARR credit and 4.2% with the credit. For more information contact the Department of Revenue, Forest Tax Section at 1-800-548-8829.

I. **Within 30 days of sale confirmation, the apparent high bidder will provide to the State the Performance Security** specified on each Notice of Sale. **The successful bidder also agrees to return a signed contract to the State within 30 days of confirmation.** Failure to provide a signed contract to the state within 30 days of confirmation may result in a loss of bidder's rights to the products sold and forfeiture of initial deposit moneys.

J. Each DNR region office has information about sales offered in that region. For further information, contact the respective DNR region office. Region office addresses and telephone numbers appear on the back cover of this booklet.

K. The purchaser assumes the responsibility for any costs associated with extra maintenance or repair levied by a county for any county road used by the purchaser.

Bidding Process

A. All timber will be auctioned using the sealed bid method.

B. Bids submitted on day of auction must be in the bid box at the specified auction location before 10:00 a.m. The respective DNR region office must receive mailed bids by 4:30 p.m., on the last business day before the auction. Bidders assume all risk for the method of delivery.

C. The DNR has the right to reject bid forms that are completed incorrectly. *All bid forms must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. Revised documents are not permissible.* Bidding instructions are on the back of the Sealed Bid Form. A bid deposit must be included in the sealed bid envelope unless using a Timber Sale Statewide Bid Bond.

D. All bids must include the completed Sealed Bid Form and bid deposit.

E. Bids will be opened in each respective region in the order in which sales appear in the Public Auction Sale of Timber book (alphabetically by county and by agreement number). Sales added after the book is printed will be inserted to retain this order. Sort sales may be auctioned out of this sequence at the State's convince.

F. If a tie bid occurs, the names of the tie bidders will be placed in a hat and the successful bidder will be determined by a drawing.

G. For sales offered on a stumpage basis, the apparent high bidder on a particular sale will have the option of withdrawing additional sealed bids submitted for any remaining sales to be auctioned. The apparent high bidder must exercise this option within two minutes after the apparent high bidder is announced. **This option is not available for sales offered on a delivered basis.**

Auction Time and Location

Auctions will start at 10:00 a.m. and close at 4:00 p.m. on the date and at the location specified in each Timber Notice of Sale.

Bid Deposits

- A. Required bid deposits are listed on each Timber Notice of Sale.
- B. Bid deposits must be in the form of cash, certified check, cashiers' check, money order or bid bond.
- C. Bid bonds may be either a Timber Sale Statewide Bid Bond or a Timber Sale Per Sale Bid Bond.
- D. All bid deposits shall be submitted by the person or entity submitting the bid and made payable to the Department of Natural Resources. **Third party deposits will not be accepted.**

Timber Sale Per Sale Bid Bonds

- A. The Per Sale Bid Bond shall guarantee payment of the bid deposit **within ten days of auction.**
- B. The balance between the bid bond and the Initial Deposit payment is due by 4:30 p.m., **on the day of auction.**
- C. Additional forms and instructions for a Per Sale Bid Bond are available at any DNR region office.

Timber Sale Statewide Bid Bond

- A. Statewide Bid Bonds shall guarantee payment of the Initial Deposit on any statewide timber sale while the bond is in effect.
- B. The Statewide Bid Bond must be received by the Department of Natural Resources, Forest Resources and Conservation Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction date. The bond shall be in the amount of \$150,000.00.
- C. Successful bidders using a Statewide Bid Bond must pay the total Initial Deposit payment (10 percent of the total bid price) **by 4:30 p.m., on the day of the auction.**
- D. A Statewide Bid Bond cannot be used to secure the Initial Deposit payment due the day of auction.
- E. Additional forms and instructions for a statewide bid bond are available at any DNR region office.

Payments

The initial deposit for a sale is 10% of the total bid value as submitted by the apparent high bidder (25% if the bidder is a defaulter as defined under WAC 332-140-300) and never less than \$5,000.00 for lump sum sales. For Lump Sum sales appraised at less than \$5,000.00, the entire bid value is due on day of auction.

- a. Apparent high bidders using cash, certified check, cashiers' check or money order as a bid deposit must pay the total Initial Deposit amount by 4:30 p.m. on auction day.
- b. Apparent high bidders using a Timber Sale Per Sale Bid Bond as a bid deposit must pay the difference between the bid deposit and the total initial deposit by 4:30 p.m., on the day of auction. The bid bond amount must be replaced with a certified check, cashiers' check, bank draft, cash, money order, or wire transfer within ten days of the auction.
- c. Apparent high bidders using a Timber Sale Statewide Bid Bond must pay the entire Initial Deposit amount by 4:30 p.m. on the day of auction.

Fees due on the day of sale must be paid by 4:30 p.m.

All payments must be in the form of a certified check, cashiers' check, bank draft, cash, money order or wire transfer.

Eligibility to Bid

In order to bid on State timber sales you must be:

- 18 years of age (or have a co-signer who meets the eligibility requirements)
- Licensed to do business in the State of Washington
- Eligible to bid on Export Restricted timber
- Authorized to submit bids

Authorized Representatives

Company officers or company authorized representatives may bid on State sales, sign State documents or sign checks. A list of authorized representatives and their specific authorities must be submitted in writing to the Department of Natural Resources, Forest Resources and Conservation Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction. A company owner or officer must sign this submittal.

PERFORMANCE

SECURITY: \$100,000.00 **SALE TYPE:** MBF Scale

EXPIRATION DATE: September 30, 2014 **ALLOCATION:** Export Restricted

BIDDABLE SPECIES: Douglas fir

BID DEPOSIT: \$75,900.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable, Shovel, Forwarder and Track skidder. Harvesting activities are estimated to be 70% cable and 30% ground-based systems. See Clause H-140 and Schedule L for further Harvesting Specifications. A detailed felling and yarding plan shall be required

TIMBER NOTICE OF SALE

prior to any harvest activities and approved in writing by the Contract Administrator. All timber must be yarded and hauled within 30 days of being felled. Ground Based Yarding will not be permitted from October 1 to May 1 unless authorized in writing by the Contract Administrator. Ground based yarding will not be permitted on slopes over 35% unless approved in writing by the Contract Administrator. Ground based logging shall only operate during dry soil conditions.

ROADS:

16.56 stations of required construction. 12.80 stations of required reconstruction. 94.33 stations of optional construction. 5.43 stations of optional reconstruction. 383.77 stations of required pre-haul maintenance. 10.60 stations of light road abandonment. Rock for construction under this contract may be obtained from the proposed State S-1075B Pit located in Section 19, Township 06 North, Range 05 East W.M. at no charge to the Purchaser. 3,000 cubic yards of 2 INCH MINUS CRUSHED ROCK shall be stockpiled at location specified by the Contract Administrator. Road construction will not be permitted from October 1 to May 1 unless authorized in writing by the Contract Administrator. The hauling of forest products will not be permitted from October 1 to May 1 unless authorized in writing by the Contract Administrator. Hauling restrictions are for roads without a rock surface and must have hauling authorization granted by the Contract Administrator. All hauling will be suspended when wheel track rutting exceeds 6 inches on jaw run rock roads and 4 inches on crushed rock roads unless authority to continue haul is granted, in writing, by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method.

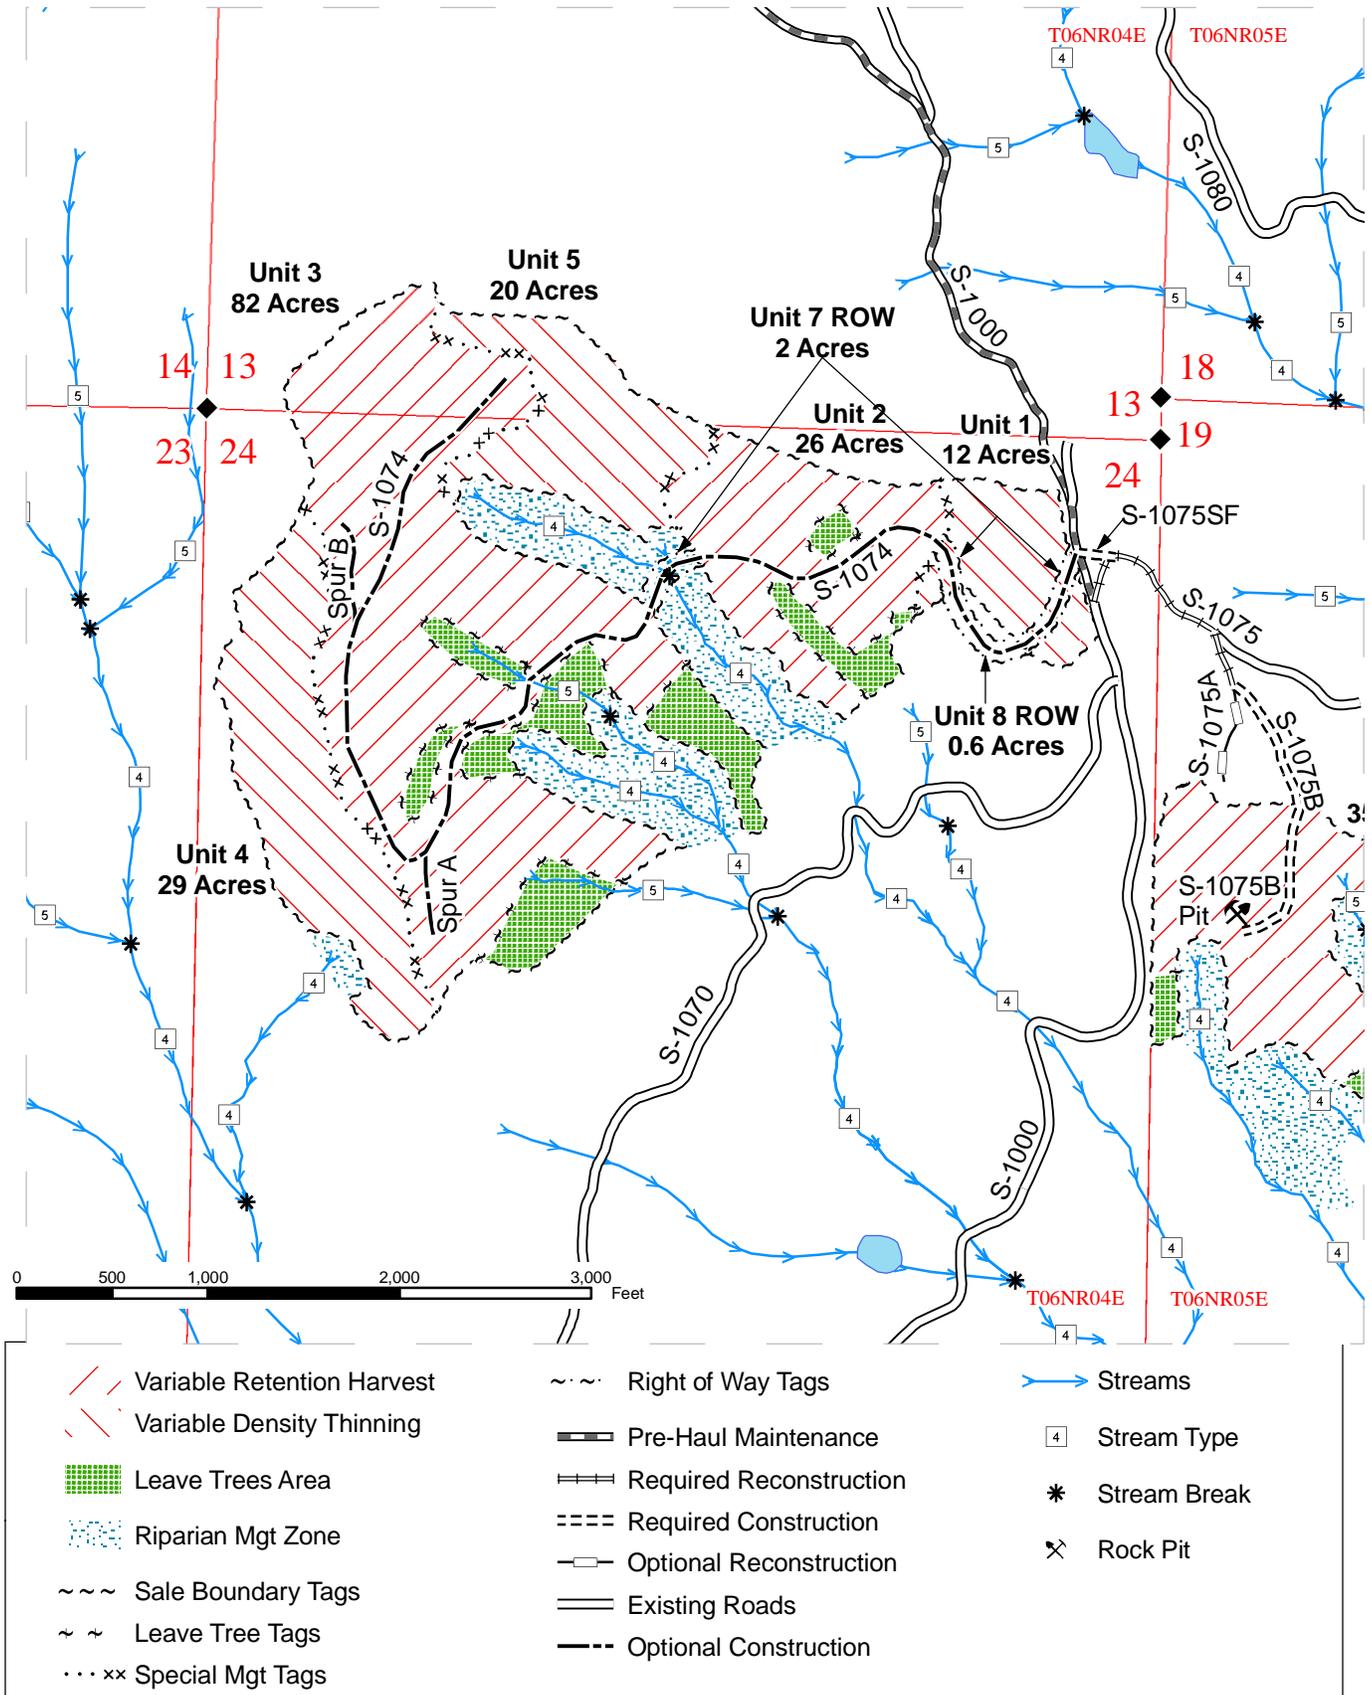

FEES: \$53,760.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: This sale has potential for some mini peeler logs in the 2 and 3 saw sorts.

MINIMUM BID: \$128.50/MBF (est. value \$445,000.00) **BID METHOD:** Sealed Bids

**PERFORMANCE
SECURITY:**

\$89,000.00

SALE TYPE: MBF Scale

EXPIRATION DATE: September 30, 2014

ALLOCATION: Export Restricted

BIDDABLE SPECIES: Hemlock

BID DEPOSIT: \$44,500.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable, Shovel, Forwarder and Track skidder. Harvesting activities are estimated to be 45% ground-based and 55% cable system yarding. Trees marked with yellow paint may be felled for safety reasons, but may not be removed from the sale area. All timber shall be yarded and hauled within 45 days of being felled. Ground-based harvesting equipment is restricted to slopes of 35% and less, and allowed only during dry soil conditions. See clause H-140 and Schedule L for further harvest requirements. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Ground Based Yarding will not be permitted from October 1 to May 1 unless authorized in writing by the Contract Administrator.

TIMBER NOTICE OF SALE

ROADS: 16.24 stations of required construction. 46.08 stations of optional construction. 19.03 stations of optional reconstruction. 170.86 stations of required pre-haul maintenance. 11.07 stations of deactivation. 19.03 stations of medium road abandonment. 51.25 stations of light road abandonment. Rock for construction, reconstruction, and pre-haul maintenance under this contract may be obtained at no cost to the Purchaser from the N-3050 Pit located in Section 31, Township 07 North, Range 04 East, W.M. The Spur B Pit, located between Station 7+00 and 10+00 on the optional construction Spur B road, is a new potential rock pit that may be used as an alternative rock source. Rock may also be obtained from the private N-6690 Pit located in Section 36, Township 07 North, Range 03 East, W.M. Purchaser shall remove no more than 900 cubic yards from this private source. Rock may be obtained from any commercial source as approved, in writing, by the Contract Administrator. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. Road construction will not be permitted from October 1 to May 1 unless authorized in writing by the Contract Administrator. This construction restriction applies to road construction, reconstruction, pre-haul maintenance, and abandonment activities. The hauling of forest products will not be permitted from October 1 to May 1 unless authorized in writing by the Contract Administrator. Hauling on the N-6696 road from the N-6696/Spur B junction to the N-6696/Spur A junction is not permitted. The N-3050D road is anticipated to be used as a turnaround for trucks hauling from Unit 5 and the north half of Unit 6.

ACREAGE DETERMINATION

CRUISE METHOD: The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method, except in Units #13 & #14 in which an ITS cruise method was used.

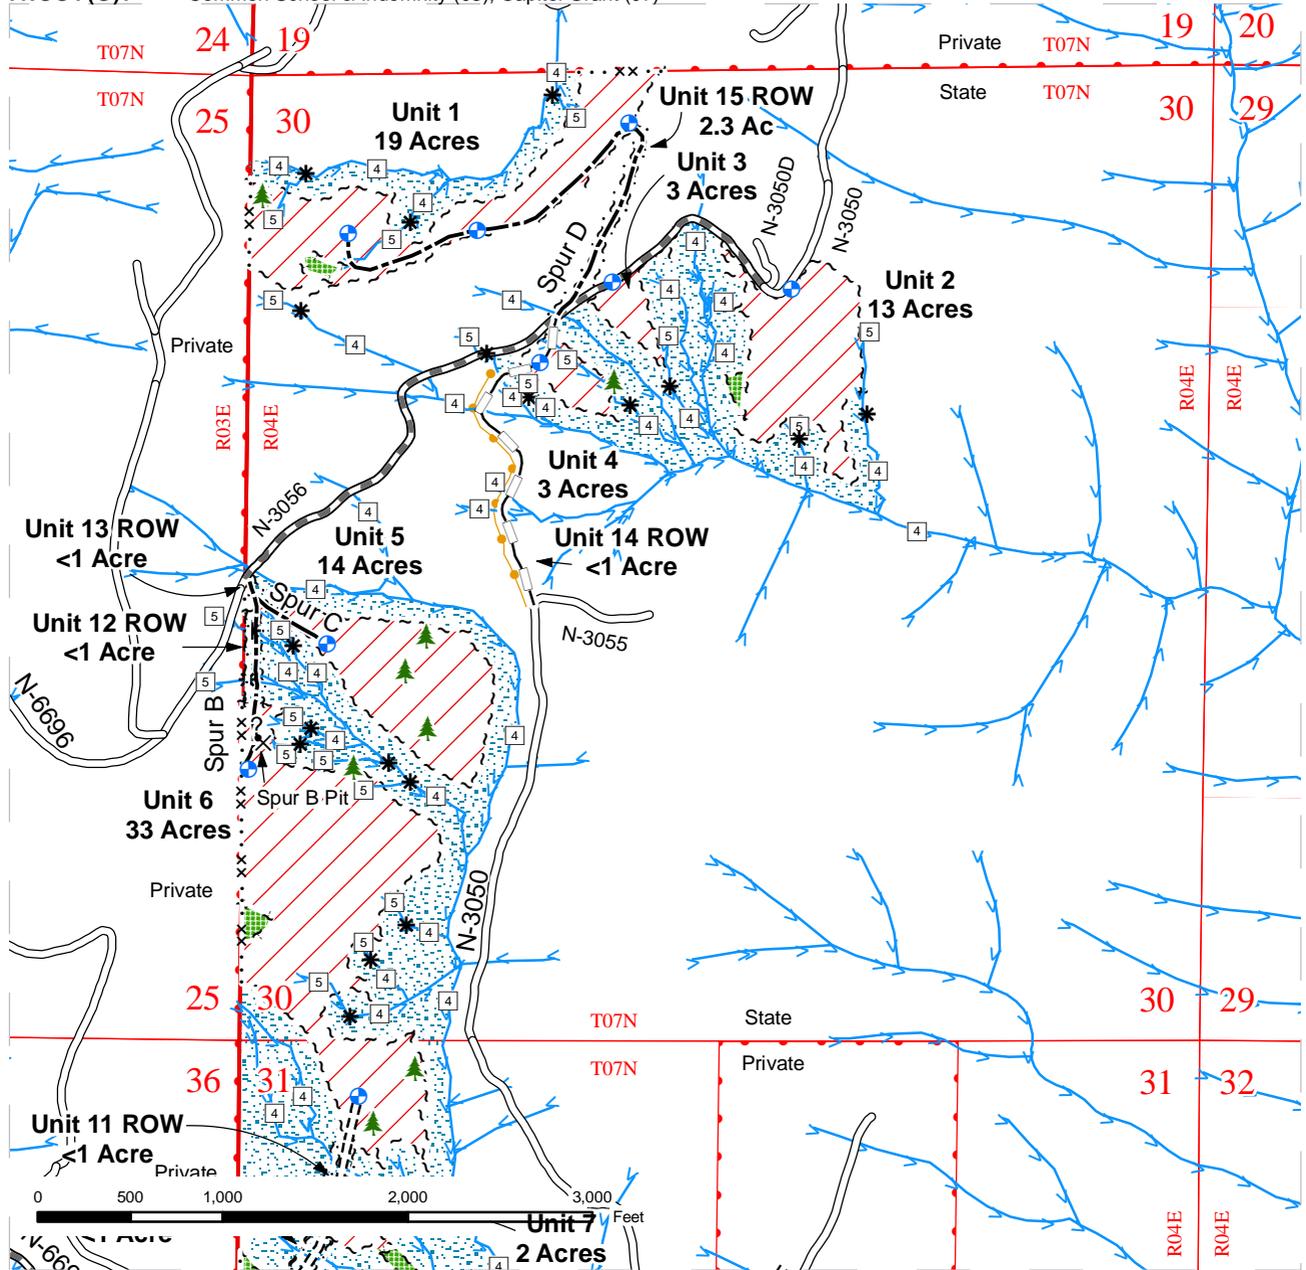

FEES: Purchaser will also provide the State a check payable to Weyerhaeuser Co. in the amount of \$13,810.00 on the day of sale for a Road Use Permit, 900 cubic yards of rock from Weyerhaeuser's N-6690 Pit, and approximately 8 MBF of Right-of-Way timber marked with orange paint and identified as Unit #9, that will be removed from Weyerhaeuser Company property in Section 36, Township 07 North, Range 03 East, W.M. \$41,900.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: This sale contains approximately 248 MBF hemlock and 97 MBF Douglas-fir mini-peeler or better quality timber. Haul will be interrupted between June 28, 2012 to October 1, 2012 due to logging operations on or near the N-6690 road. Contact the Pacific Cascade Region office for more details.

CERTIFICATION: This sale is certified under the Sustainable Forestry Initiative Standard (cert no: BV-SFIS-US09000572) .

BID METHOD: Sealed Bids

UNIT OF MEASURE: MBF scale/Tonnage scale

EXPIRATION DATE: October 31, 2012

ALLOCATION: Export Restricted

**PAYMENT
SECURITY:**

To be determined by the State as described in Clause P-041 of the Purchaser's Contract.

TIMBER NOTICE OF SALE

BIDDING

PROCEDURES:

A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price. Complete bidding procedures and auction information may be obtained from the Pacific Cascade Region Office in Castle Rock, WA. Phone number (360) 577-2025.

TIMBER EXCISE

TAX:

Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Estimated Haul Cost + ARRF). For more information contact the Department of Revenue, Forest Tax Section at 1-800-548-8829.

Use the following rates for estimating taxable stumpage: Harvest Cost =
[Insert estimated harvest cost \$/mbf or ton here] for sorts 3-10, \$8.00 per ton for sorts 2 and 11, \$7.00 per ton for sort 12, and [Insert fixed rate per ton or mbf here] for pole sort 1.

Hauling Services Payment Rate per Ton

= (Base Rate + Mileage Rate) x (Contractor's hauling bid factor)

Base Rate = \$2.35 per ton

Mileage Rate = ((\$0.16 x C miles) + (\$0.11 x A miles)) x Fuel Index Factor

ARRF = \$22.25 per mbf for sorts 1, and 3-10. ARRF(sort 2) = \$2.97 per ton. ARRF(sort 11) = \$3.14 per ton. There is no ARRF fee for sort 12.

CONFIRMATION:

Each sort is subject to confirmation following auction. Sorts will not be confirmed until at least 10 days after auction. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion.

SPECIAL REMARKS:

The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing and scaling costs. All tonnage loads will be weighed and all mbf loads will be scaled at State approved locations. The State reserves the right to determine where logs are authorized to be scaled and weighed.

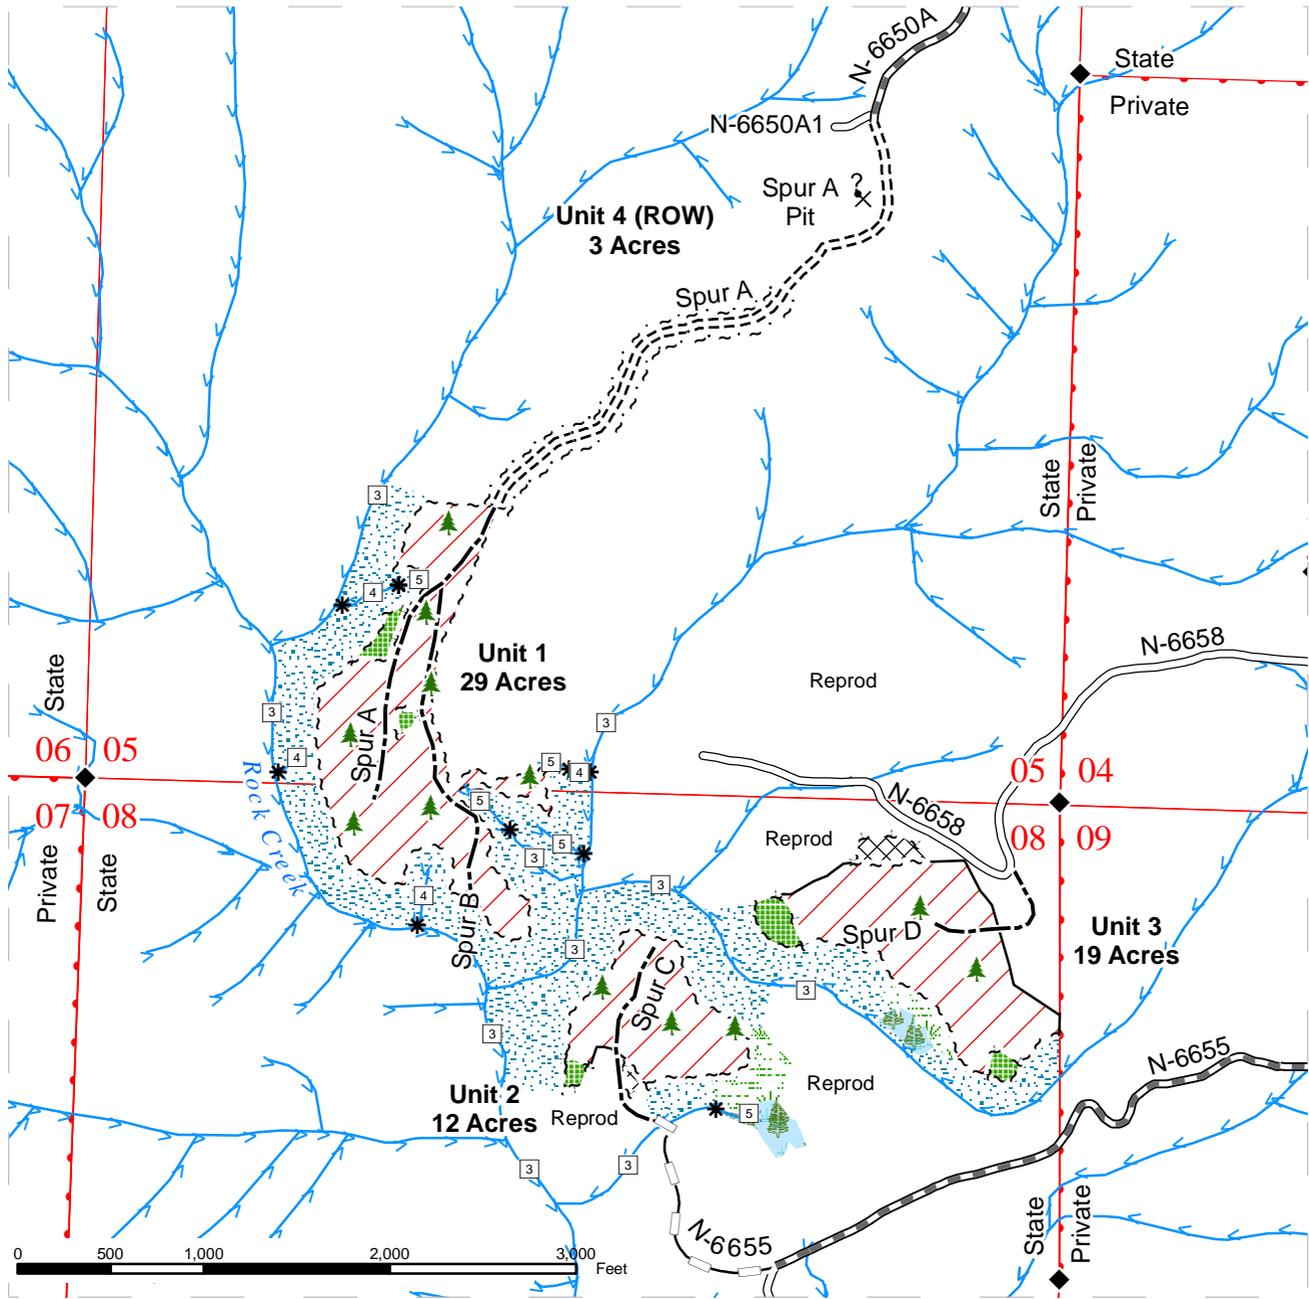

For more information regarding this log sort sale visit our web site:

<http://www.dnr.wa.gov/BusinessPermits/Topics/AppraisalPackets/Pages/Home.aspx>. If you have questions call Marcus Johns at the Pacific Cascade Region office at (360)577-2025 or Steve Teitzel at the Forest Resources and Conservation Division Office in Olympia at (360)902-1741.

MINIMUM BID: \$9.07/ton (est. value \$524,000.00)

BID METHOD: Sealed Bids

**PERFORMANCE
SECURITY:** \$100,000.00

SALE TYPE: Tonnage Scale

EXPIRATION DATE: October 31, 2015

ALLOCATION: Export Restricted

BIDDABLE SPECIES: Hemlock, Grand fir, Douglas fir

BID DEPOSIT: \$52,400.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

TIMBER NOTICE OF SALE

HARVEST METHOD: Ground - 100% - Cut to length processor and forwarder only. Cut to length processor must have a minimum reach of 20 feet. Forwarding machines shall be capable of full payload support and have a maximum width of 10 feet.

ROADS: 50.75 stations of optional construction. 95.22 stations of optional reconstruction. 1099.25 stations of required Pre/Post Haul Maintenance. 22.84 stations of required Post Haul Deactivation if roads are constructed/reconstructed. Purchaser maintenance on all roads used. Designated maintenance on all other roads used. Reconstruction, maintenance, rock hauling, rock pit use, and road construction will not be permitted from November 1 to April 30 unless authorized in writing by the Contract Administrator. There will be no construction, reconstruction, maintenance, rock hauling, or rock pit use on weekends or state recognized holidays unless authorized in writing by the Contract Administrator. Due to marbled murrelet timing restrictions, there will be no road construction, reconstruction, maintenance, or operation of heavy equipment, although loaded trucks are allowed to haul through these areas, from one hour before to two hours after official sunrise or from one hour before to one hour after official sunset from April 1st through August 31st on the following roads: Woods Road/FS 2850 stations 0+00 to 13+20 and 104+00 to 133+20, PT-B-1000 Road stations 0+00 to 25+35 and 196+20 to 230+15, PT-B-1020 Road including Jimmycomelately Pit and stockpiles, PT-Q-4000 Road stations 0+00 to 47+85, PT-Q-4100 Road stations 0+00 to 6+90, and PT-Q-4110 Road stations 0+00 to 21+45. Purchaser must install a large culvert on the PT-Q-1500. See the Road Plan for details.

ACREAGE DETERMINATION

CRUISE METHOD: Sale acreage was 100% GPS'd. Units 1, 2, 4, 10, 11, 14, 15, and 16 were cruised using a variable plot sample with a BAF of 20F on a one plot per ten acre minimum. Units 3, 6, 7, 8, and 9 were cruised using inventory data. Unit 5 was cruised using a variable plot sample with a BAF of 27.78F on a one plot per ten acre minimum. Units 12 and 13 were cruised using a variable plot sample with a BAF of 33.6F on a one plot per ten acre minimum.

FEES: On day of sale, Purchaser must provide a cashier's check made out to Pope Resources in the amount of \$4,652.00 for right-of-way timber on the PT-T-3000 into Unit #14. \$105,179.00 is due on day of sale. \$1.24 per ton is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Units 1, 2, 3, 4, 10, 12, 13, and 14 are located behind locked gates. Contact the Olympic Region Office in Forks at 360-374-2800 to check out an AA-1 key.

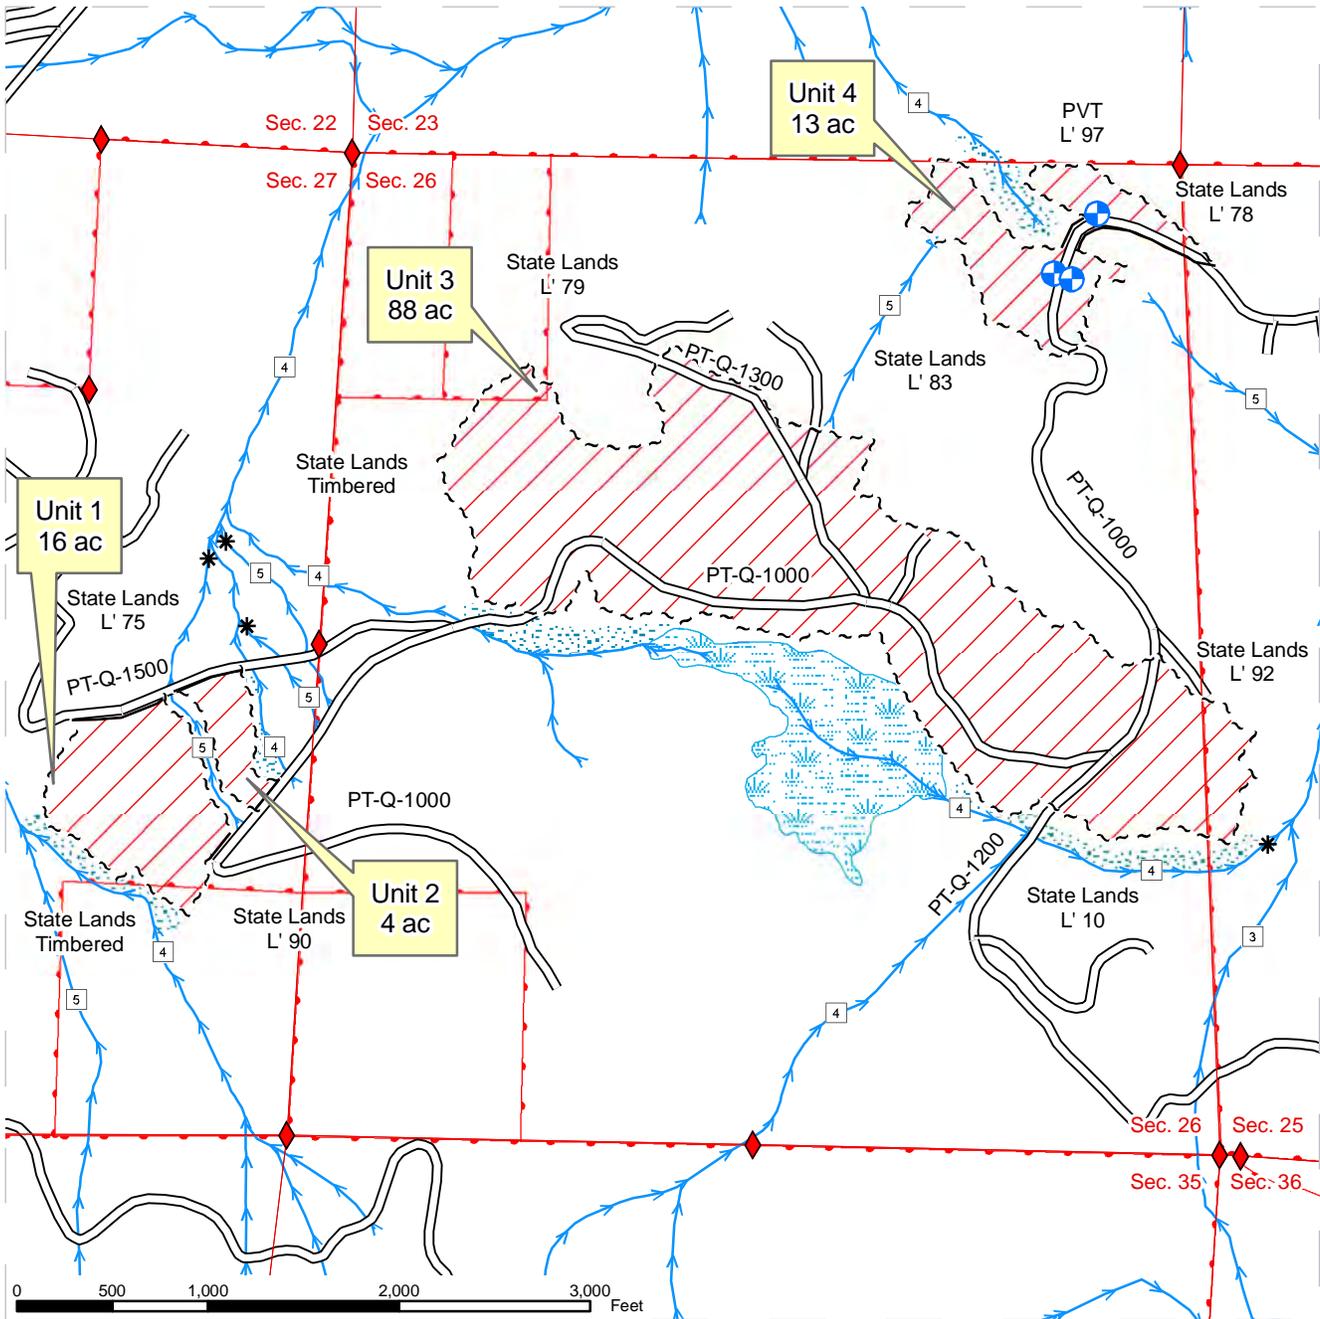

Minor amounts of grand fir, red cedar, red alder and other hardwoods are present in the sale area and will be harvested with the sale.

No timber falling, yarding, or operation of heavy equipment will be allowed in Unit #6 from one hour before official sunrise to two hours after official sunrise and one hour before official sunset to one hour after official sunset from April 1 to August 31.

Red alder	15		127						43	12	72	
Cottonwood	22		29	18					9		2	
Maple	18		7								7	
Sale Total			2,800									

MINIMUM BID: \$780,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$100,000.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: September 30, 2013 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$78,000.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on sustained slopes 35% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS: 145.71 stations of required reconstruction. 33.60 stations of optional construction. 13.76 stations of optional reconstruction. 12.49 stations of existing road to be abandoned. 33.60 stations of road to be abandoned if built.

TIMBER NOTICE OF SALE

Development of an existing hardrock source (LC-1315 Hardrock Pit) at station 78+39 of the LC-13 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate riprap, and 3-inch-minus ballast rock.

An estimated total quantity of rock needed for this proposal: 131 cubic yards of riprap and 8,910 cubic yards of ballast rock. This rock is available at no cost on State land.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD: Acres determined by GPS traverse. 102.8 acres gross. 27.8 acres deducted for riparian areas, 1.5 acres deducted for green tree retention clumps, 1.6 acres deducted for exiting road and 7.4 acres deducted for excluded area. 64.5 acres net. Cruised using variable plot method. Expansion factor used is 40.00 for redcedar and alder; 54.45 on all else. Sighting height is 4.5 feet. A total of 48 plots were taken.

HQ DF noted within the sale area. See cruise for further details (approximately 17 mbf of the above listed DF 2S is deemed high quality by the Department).

FEES: \$37,100.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

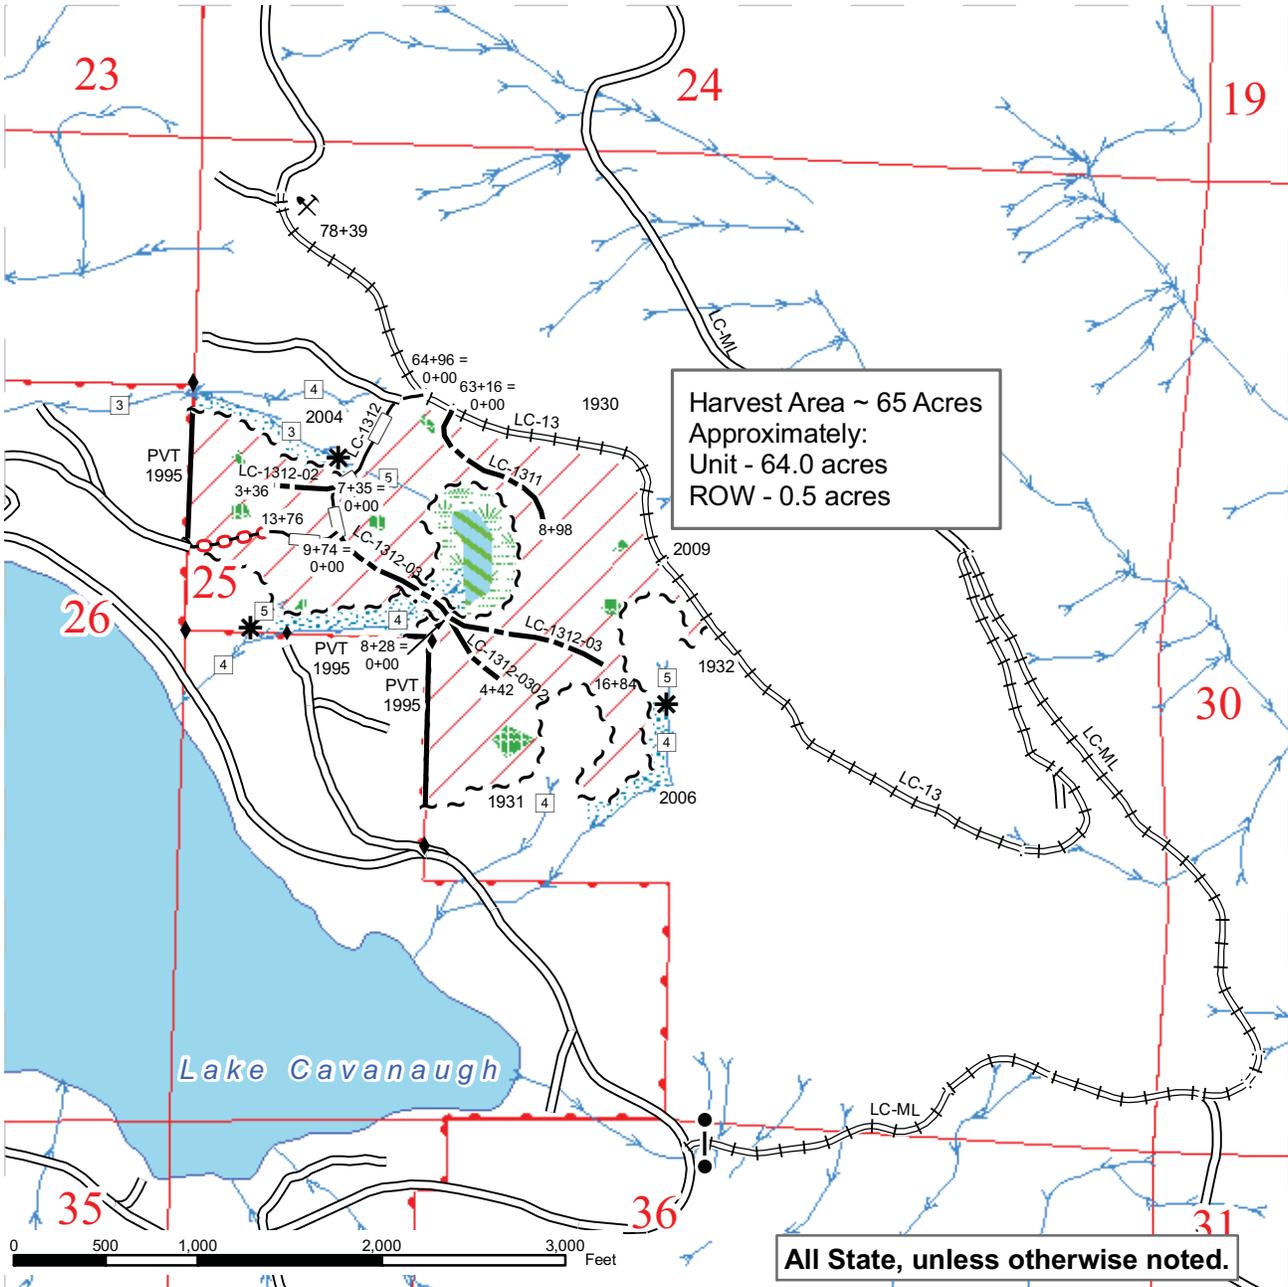

SPECIAL REMARKS: 1. Hauling, yarding and falling will only be permitted between 8:00 AM and 6:00 PM and not at all on federal holidays and weekends.

2. It is anticipated that this sale can be harvested 100% by shovel.

MINIMUM BID: \$261/MBF (est. value \$906,000.00) **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$100,000.00 **SALE TYPE:** MBF Scale

EXPIRATION DATE: September 30, 2014 **ALLOCATION:** Export Restricted

BIDDABLE SPECIES: Douglas fir

BID DEPOSIT: \$90,600.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable, Shovel and Track skidder. Harvesting activities are estimated to 60% ground based, 30 % uphill cable and 10% downhill cable systems. See Clause H-140 and Schedule L for further Harvesting Specifications. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Ground Based Yarding will not be permitted from October 1 to May 1 unless authorized in writing by the Contract Administrator.

TIMBER NOTICE OF SALE

ROADS: 72.51 stations of optional construction. 13.77 stations of optional reconstruction. 251.85 stations of required pre-haul maintenance. 49.23 stations of road abandonment if optional roads are built. Rock is available at no charge to the Purchaser from the State's Blue Lake Pit located in Section 09, Township 02 North, Range 07 East, W.M. Road work associated with this sale is in close proximity to above ground utilities. Purchaser is responsible for all notification and liabilities associated with the utilities and its right-of-way. Hauling of forest products will not be permitted on roads without a rocked surface from October 1 to June 1, unless authorized in writing by the Contract Administrator. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. Road construction will not be permitted from October 1 to May 1 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method.

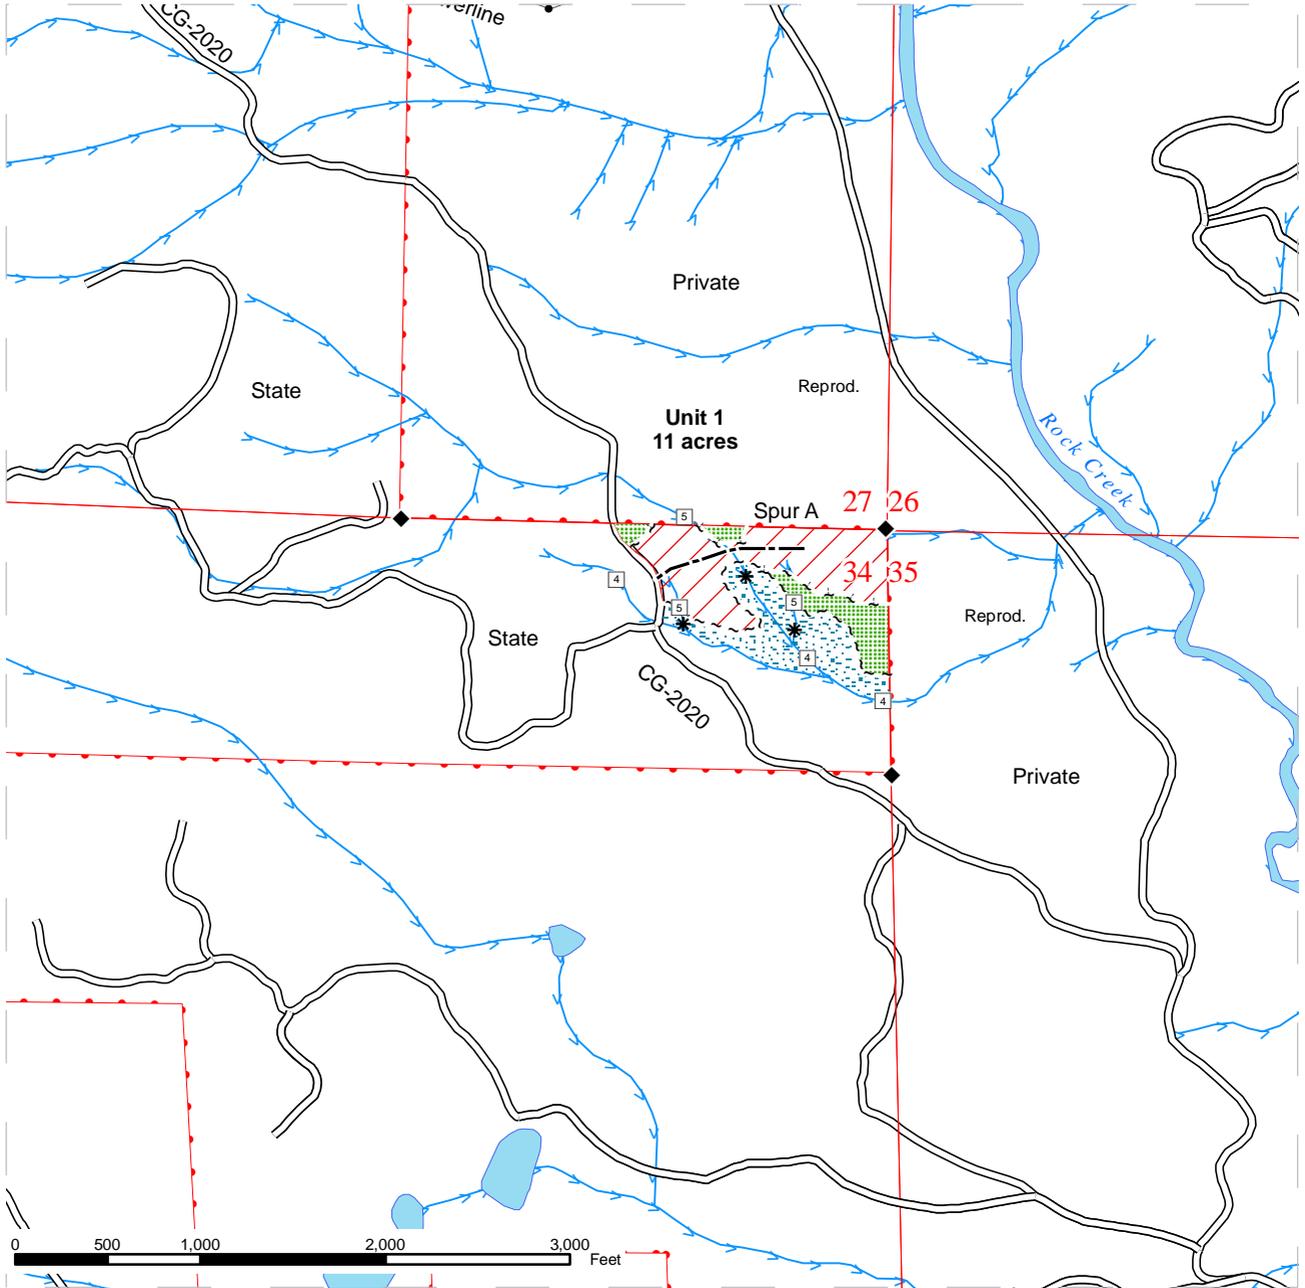

FEES: \$48,700.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: This sale has a component of mini peelers in the 2 and 3 saw grades. This sale may have timber that meets pole specifications. Haul routes are designed for log lengths of 44 feet or less. This sale involves the installation of 2 large culverts. Both culverts will be 66 inches in diameter with lengths of 48 and 50 feet.

TIMBER NOTICE OF SALE

SALE NAME: UKRAINE

AGREEMENT NO: 30-086471

AUCTION: June 20, 2012 starting at 10:00 a.m.,
Northwest Region Office, Sedro Woolley, WA

COUNTY: Snohomish

SALE LOCATION: Sale located approximately 9 miles north of Granite Falls, WA.

**PRODUCTS SOLD
AND SALE AREA:**

All timber bounded by white timber sale boundary tags, adjacent young stands and property lines, except trees marked with blue paint on the bole and root collar, forest products tagged out by yellow leave tree area tags, forest products tagged out by blue special management tags and cedar snags, preexisting dead and down cedar trees and logs in the Unit.

All timber as described for removal in Schedule B located within the WMZ thinning areas (beyond blue special management up to the white timber sale boundary tags) within the Unit.

All timber bounded by orange right of way tags.

The above described products on part(s) of Sections 36 all in Township 31 North, Range 6 East, W.M., containing 66 acres, more or less.

CERTIFICATION: This sale is certified under the Sustainable Forestry Initiative® program Standard (cert no: BV-SFIS-US09000572)

ESTIMATED SALE VOLUMES AND QUALITY:

Species	Avg DBH	Ring Count	Total MBF	MBF by Grade									
				1P	2P	3P	SM	1S	2S	3S	4S	UT

Maple	14		6							3	3		
White pine	12		1									1	
Sale Total			2,007										

MINIMUM BID: \$358,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: \$71,600.00

SALE TYPE: Lump Sum

EXPIRATION DATE: September 30, 2014

ALLOCATION: Export Restricted

BID DEPOSIT: \$35,800.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on sustained slopes 35% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion. Falling or cable yarding will not be permitted before 7 a.m. or after 6 p.m.

TIMBER NOTICE OF SALE

ROADS: 61.27 stations of required construction. 3.07 stations of required reconstruction.
Development of an existing hardrock source (DB-49 Hardrock Pit) at milepost 0.2 of the DB-49 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate riprap and 3-inch-minus ballast. This rock is available at no cost on State land.

Development of a proposed hardrock source during construction of the DB-42 Road at station 22+35 to station 83+62. Rock generated from excavation may be used as 3-inch-minus ballast or riprap for road and landing construction. This rock is available at no cost on State land.

An estimated total quantity of rock needed for this proposal: 116 cubic yards of riprap and 2,189 cubic yards of ballast rock.

Road construction or reconstruction of any road and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD: Acres determined by GPS traverse. 67.2 acres gross. 1.3 acres deducted for green tree retention clumps. 65.9 acres net. Cruised using variable plot method. Expansion factor used is 40.00. Sighting height is 4.5 feet. A total of 54 plots were taken.

FEES: \$26,818.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS:

1. Quarter boundary of harvest area in WMZ thinning areas is demarcated with blue special management tags within the sale area.
2. Due to proximity to private residences, blasting techniques need to be used which reduce blast percussion as well as the timing for disturbance to neighbors. An on-site meeting shall be held to discuss blasting techniques with adjacent landowners.
3. HQ DF noted within the sale area. See cruise for further details (approximately 41 mbf of the above listed DF 2S is deemed high quality by the Department).
4. Trees marked with red paint represent the last take tree along property line boundaries.
5. Several trees previously marked with blue paint were painted over with black paint and part of the products sold.

Schedule B
Thinning Requirements

WMZ Thin:

Cut all orange painted trees and any trees that contain both orange paint and a blue special management tag.

LARGE WOODY DEBRIS (LWD) CREATION:

Retain all snags greater than or equal to 20 inches DBH and 20 feet tall, except where it cannot be accomplished safely.

SPECIAL THINNING CONDITIONS:

In areas where thinning is not necessary, i.e., no trees marked with orange paint, do not put in yarding corridors or skid trails. These areas must be identified and agreed upon in advance with the Contract Administrator.

Location of yarding corridors shall be approved by the Contract Administrator. Trees felled for corridors that do not meet the prescription above shall be treated as additional volume.

CERTIFICATION OF FALLERS AND YARDER OPERATORS – SEE CLAUSE H-011 OF THE CONTRACT.

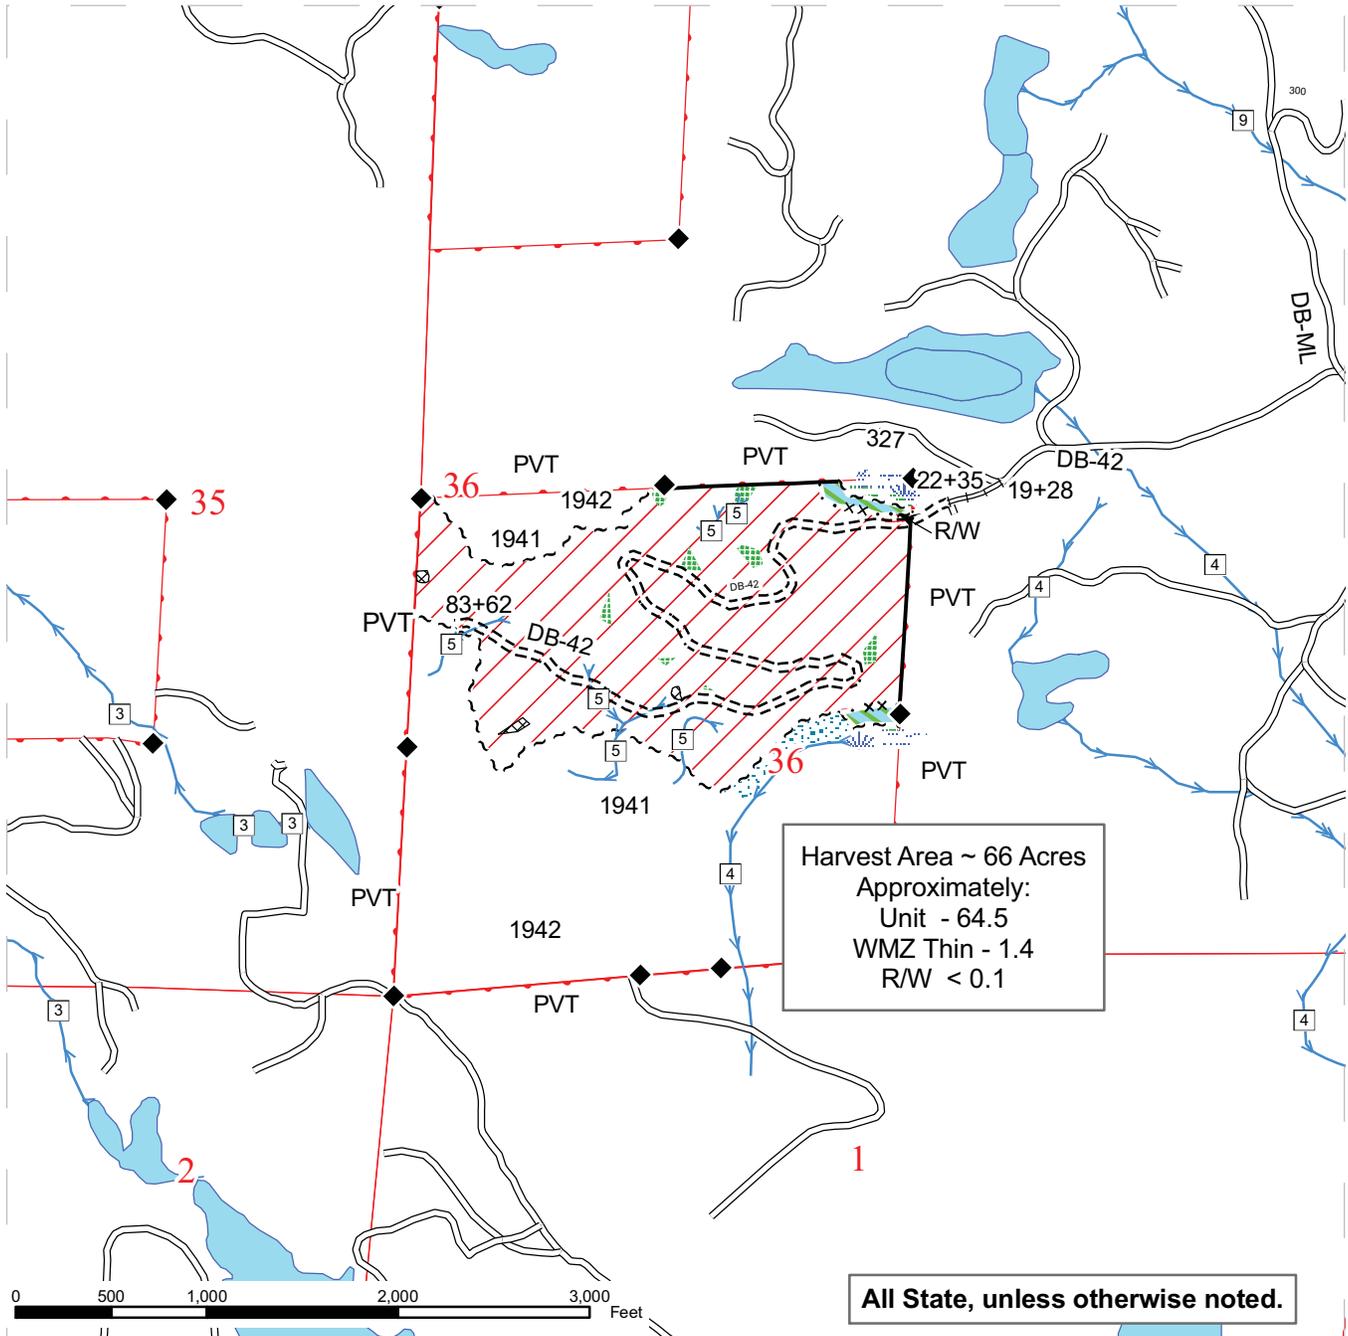

The Contract Administrator and Faller/Harvester Operator will jointly review the take tree selection criteria as outlined in this schedule.

In conjunction with the Contract Administrator, the Faller/Harvester Operator will mark a designated area as a test plot within the sale area boundary. Satisfactory thinning of the test plot completes the certification process. Certification may be revoked at any time by Contract Administrator if Contract Administrator determines that the prescription is not being implemented properly.

MINIMUM BID: \$613,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$100,000.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: September 30, 2013 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$61,300.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable, shovel or rubber tired skidder on sustained slopes 25% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion. Additional restrictions apply, see Remarks section below.

ROADS: 46.78 stations of optional construction. 46.78 stations of road to be abandoned if built.

TIMBER NOTICE OF SALE

Development of an existing gravel source (SF-1002 Pit) at station 14+25 of the SF-10 Road will involve clearing, stripping, and processing rock to generate approximately 140 cubic yards gravel ballast rock. This rock is available at no cost on State land.

Additional restrictions apply, see Remarks section below.

Road construction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD: Acres determined by GPS traverse. 83 acres gross. 5.9 acres deducted for green tree retention clumps, 4.8 acres deducted for existing roads and 2 acres deducted for exclusion area. 70.3 acres net. Cruised using variable plot method. Expansion factor used is 40.00. Sighting height is 4.5 feet. A total of 56 plots were taken.

FEES:

1. Purchaser shall furnish the State with a check made payable to Town of Darrington in the amount of \$500.00 on the day of sale for permit #55-088265, for road use.
2. \$27,560.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: HQ DF noted within the sale area. See cruise or further details (approximately 342mbf of the above listed DF 2S is deemed high quality by the Department).

Timber harvest and related activities associated with this proposal, including road building, timber falling, hauling, and herbicide spraying, may not occur from November 1 to March 15.

Rock pit development involving explosives may not occur within the SF-1002 Gravel Source from November 1 to March 15.

Trees marked with red paint represent the last take tree along property line boundaries.

To comply with Exhibit B of the RUP, all harvest activities in all of Unit #2 shall be suspended during the time of interment or service at the adjacent cemetery. 48 hours notice of scheduled service interment will be given when possible.

Schedule B
Thinning Prescription

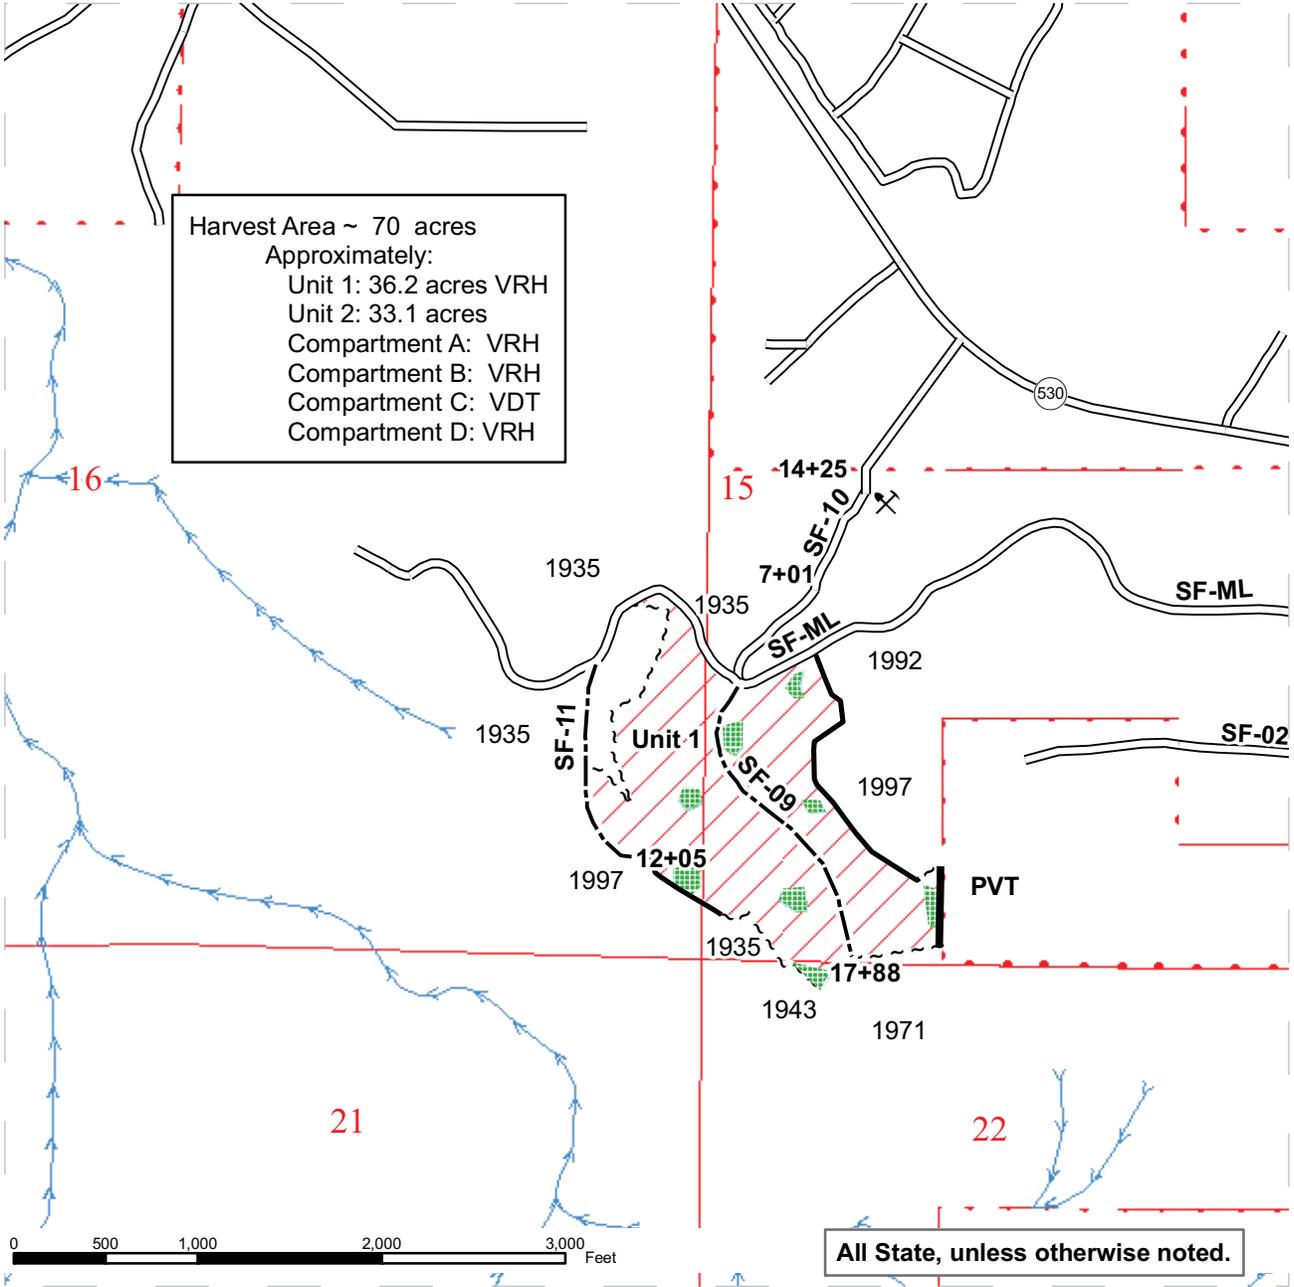

Unit 2 Compartment C Thinning Prescription:

Cut trees marked with orange paint or bole and root collar.

Totals				7,652	46,425			\$2,558,290.00	

CERTIFICATION: This sale is certified under the Sustainable Forestry Initiative Standard (cert no: BV-SFIS-US09000572).

BID METHOD: Sealed Bids

UNIT OF MEASURE: MBF scale/Tonnage scale

EXPIRATION DATE: January 31, 2013

ALLOCATION: Export Restricted

PAYMENT SECURITY:

To be determined by the State as described in Clause P-041 of the Purchaser's Contract.

BIDDING PROCEDURES:

A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price. Complete bidding procedures and auction information may be obtained from the Northeast Region Office in Colville, WA. Phone number (509) 684-7474.

TIMBER EXCISE TAX:

Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Estimated Haul Cost + ARRF). For more information contact the Department of Revenue, Forest Tax Section at 1-800-548-8849.

Use the following rates for estimating taxable stumpage: Harvest Cost = \$19.00/ton for sorts 1, 2, 3, 4, 5, 7, 8, 9 and \$24.00/ton for sort 6, and \$13.00/ton for sorts 10.

Hauling Services Payment Rate per Ton
= (Base Rate + Mileage Rate) x (Contractor's hauling bid factor)

Base Rate = \$2.35 per ton

Mileage Rate = ((\$0.16 x C miles) + (\$0.11 x A miles)) x Fuel Index Factor

ARRF = \$22.25 per mbf.

CONFIRMATION:

Each sort is subject to confirmation following auction. Sorts will not be confirmed until at least 10 days after auction. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion.

SPECIAL REMARKS:

The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's

TIMBER NOTICE OF SALE

delivery location by the State's contract harvester. Purchaser is responsible for weighing and scaling costs. All tonnage loads will be weighed and all mbf loads will be scaled at State approved locations. The State reserves the right to determine where logs are authorized to be scaled and weighed.

There is approximately 780 tons, or 420 cords, of Douglas fir and western larch firewood calculated for Sort #8 (Agreement No. 30-088512).

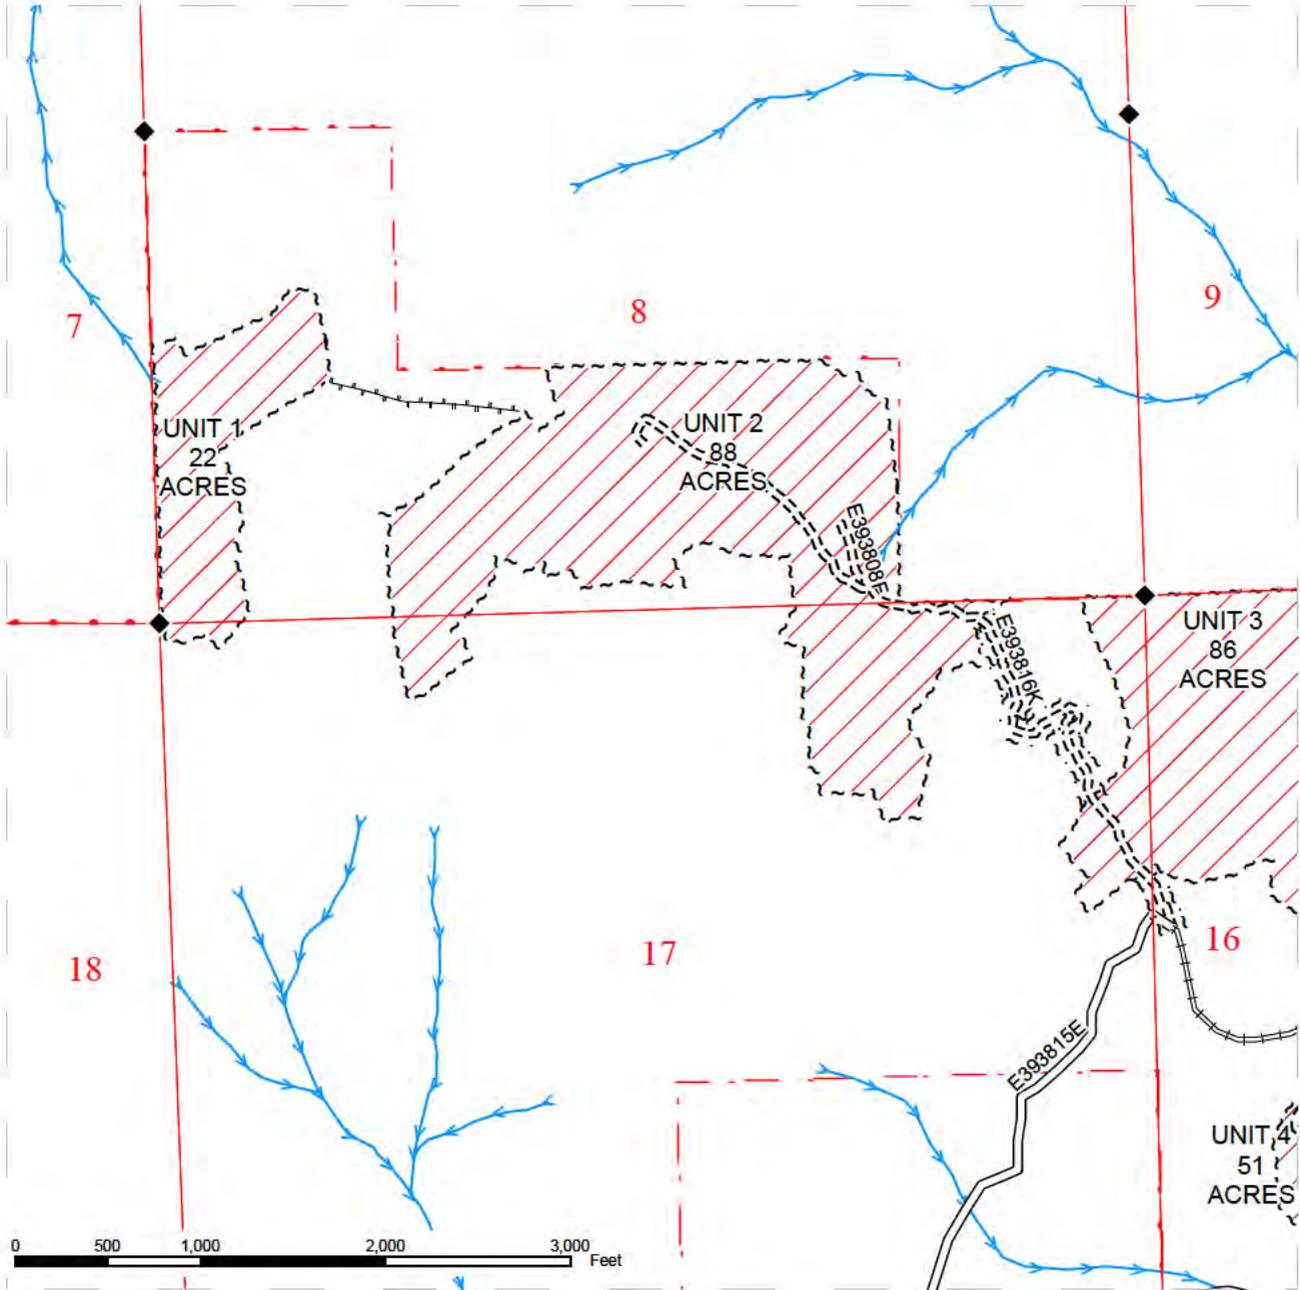

For more information regarding this log sort sale visit our web site:

<http://www.dnr.wa.gov/BusinessPermits/Topics/AppraisalPackets/Pages/Home.aspx>. If you have questions call Bob McKellar at the Northeast Region office at (509) 684-7474 or Steve Teitzel at the Forest Resources and Conservation Division Office in Olympia at (360) 902-1741.

BID DEPOSIT: \$33,200.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Forwarder, Rubber tired skidder, Track skidder, Highlead, Shotgun and Slackline. Falling and Yarding will not be permitted from March 1 to June 1 unless authorized in writing by the Contract Administrator due to spring breakup.

ROADS: 20.20 stations of required construction. 2.88 stations of required reconstruction. 3.15 stations of optional construction. 155.36 stations of prehaul maintenance required. 21.60 stations of deactivation required. Road construction will not be permitted from November 1 to June 1 unless authorized in writing by the Contract Administrator due to spring breakup. The hauling of forest products will not be permitted from March 1 to June 1 unless authorized in writing by the Contract Administrator due to spring breakup.

TIMBER NOTICE OF SALE

ACREAGE DETERMINATION

CRUISE METHOD: Acreage determined using GPS methods. Acreage shown above is net harvest acres in harvest units and external right of ways. There are 182 gross acres which includes existing road right of ways. Ponderosa pine 8.0 - 17.5 inches dbh cruised to a 5.6 inch dib top. All other species 7.0 - 17.5 inches dbh cruised to total height and then graded to a 2.6 inch dib top. All species 17.6 inches dbh and greater cruised to 40% of dob at 16 feet.

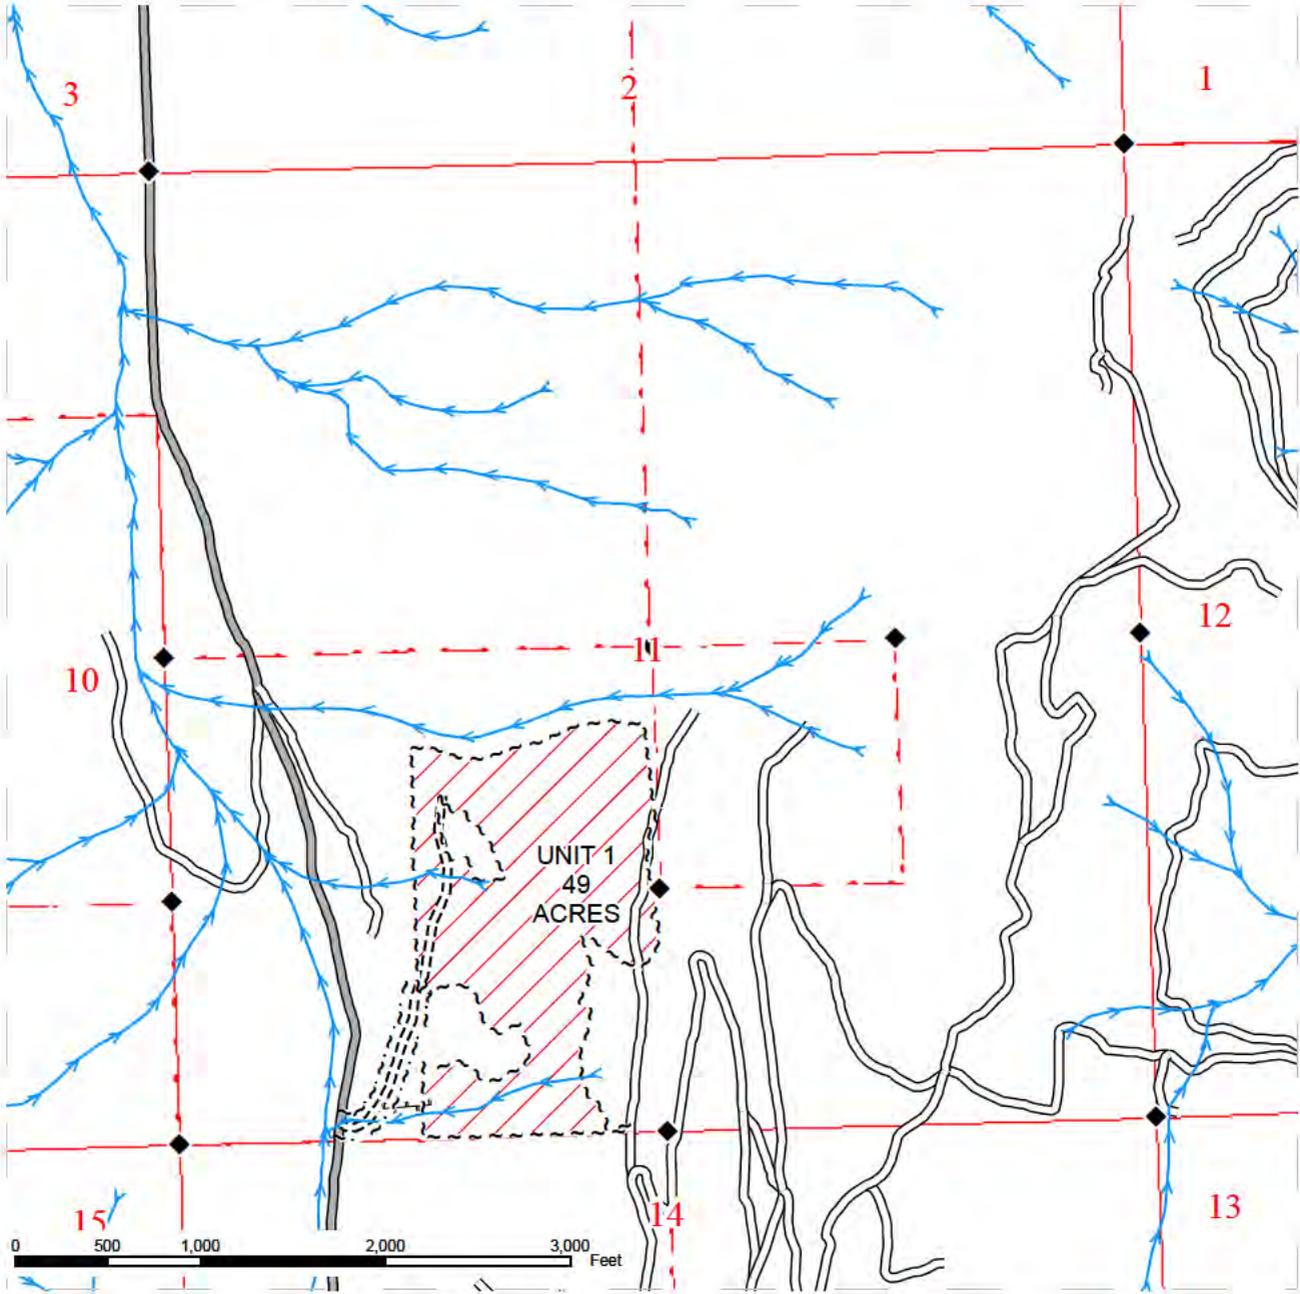

FEES: \$36,700.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: There are right-of-way trees banded with orange paint on the the west side of Old CC County road along Unit #2 to be removed which are not bounded by right-of-way tags. All timber bounded by right-of-way tags are also banded with orange paint for removal. The right-of-way volume is included in the cruised volume. Purchaser's contractor shall thoroughly clean all skidding, falling, and harvesting equipment prior to entry onto State land to remove contaminated soils and noxious weed seed. Equipment shall be cleaned at a location approved by the Contract Administrator. Timber sale documents are available at the DNR Timber Sales website:

Sale Total		1,776										

MINIMUM BID: \$104,000.00

BID METHOD: Sealed Bids

**PERFORMANCE
SECURITY:**

\$20,800.00

SALE TYPE: Lump Sum

EXPIRATION DATE: October 31, 2013

ALLOCATION: Export Restricted

BID DEPOSIT: \$10,400.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Forwarder, Rubber tired skidder and Track skidder. Falling and Yarding will not be permitted from March 15 to June 15 unless authorized in writing by the Contract Administrator due to spring breakup. Falling and Yarding is restricted between December 1 and March 31 in Unit #6 due to wildlife mitigation.

ROADS: 34.65 stations of required construction. 342.99 stations of prehaul maintenance required. Road construction will not be permitted from December 1 to June 1 unless authorized in writing by the Contract Administrator due to winter conditions and wildlife mitigation. The hauling of forest products will not be permitted from March 15 to June 15 unless authorized in writing by the Contract Administrator due to spring breakup. Hauling restricted between December 1 and March 31 in Unit #6 due to wildlife mitigation.

ACREAGE DETERMINATION

CRUISE METHOD: Acreage determined using GPS methods. Acreage shown above is net harvest acres in harvest units and external right of ways. There are 248 gross acres which includes other existing road right of ways. All species 7.0 - 17.5 inches dbh cruised to a 5 inch dib top.

TIMBER NOTICE OF SALE

All species 17.6 inches dbh and greater cruised to 40% of dob at 16 feet or a 6 inch tope whichever is greater.

FEES:

On day of sale, Purchaser shall provide a check payable to Montanye Ranch LLC for 2.640 mbf of right of way timber at the purchaser bid price and \$500.00 for the road use permit. Purchaser shall pay for 2. Prior to using the E353115G Road, Purchaser shall acquire and pay for a Road Approach Permit from Okanogan County costing \$60.00. Purchaser is responsible for obtaining two road use permits from the Okanogan Wenatchee National Forests costing \$456.00 and \$304.00. \$23,600.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS:

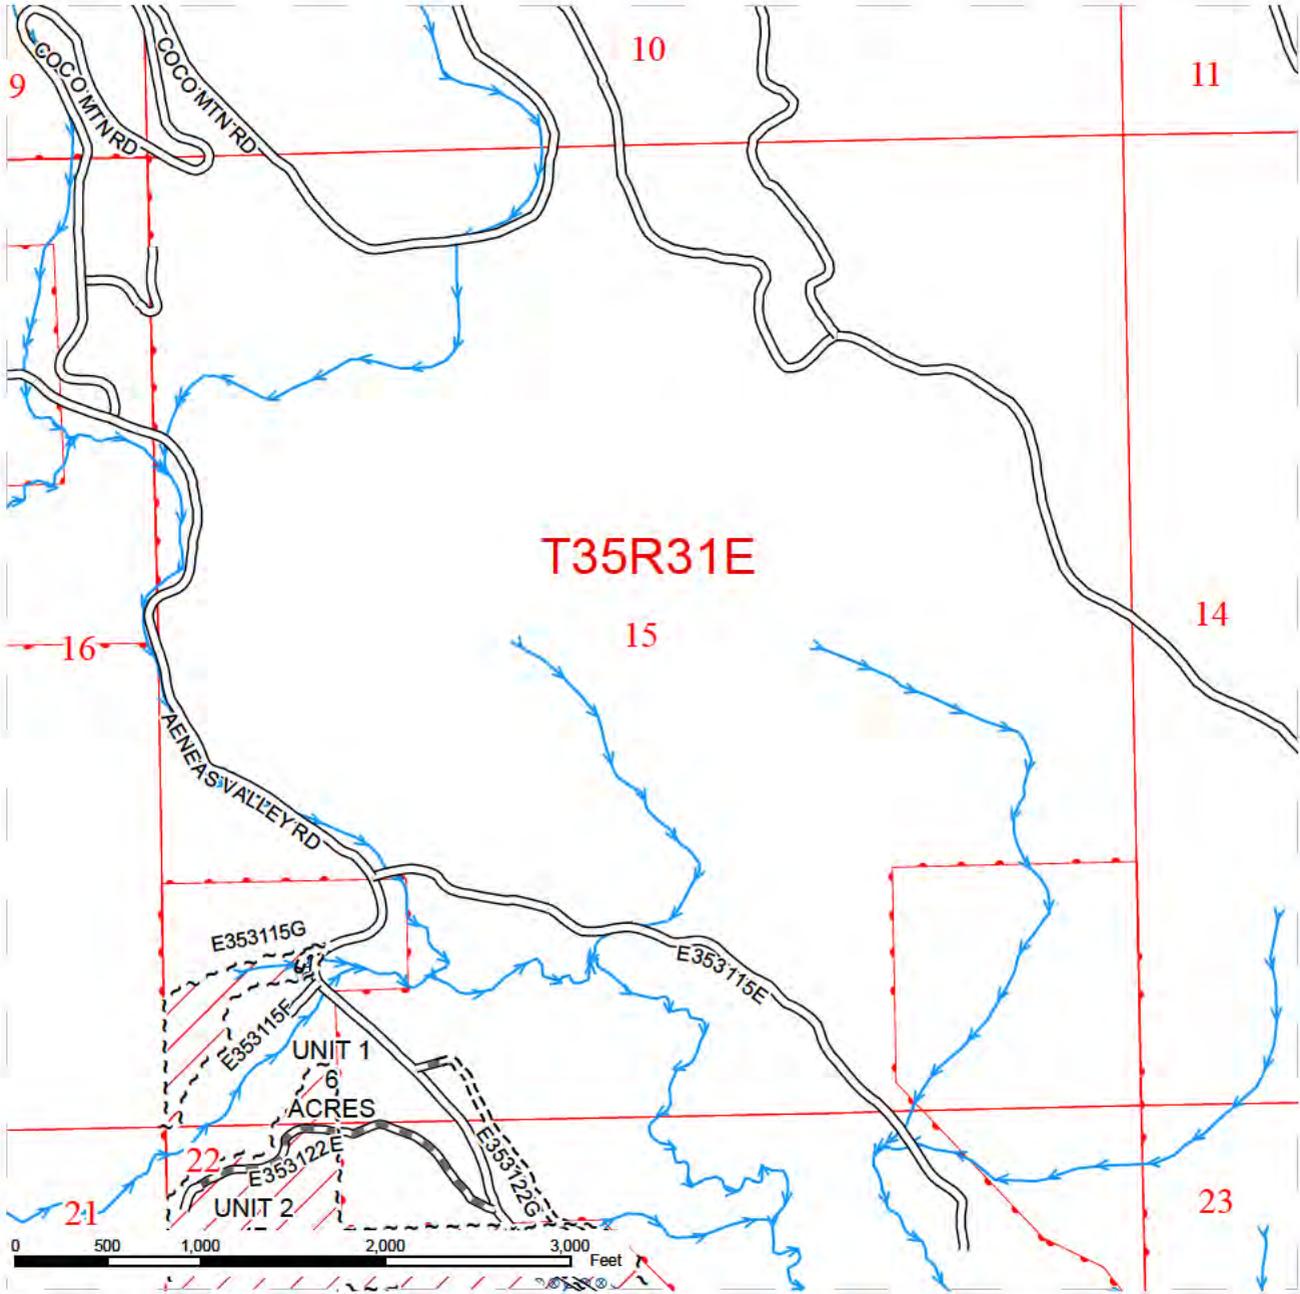

Locked gate restricts access to Unit #5 and there is no vehicle access into Unit #6 due to tank traps. Contact the Northeast Region Office at (509) 684-7474 for access. Right of way timber on Montanye Ranch LLC accessing Unit #7 is banded with orange paint. The red ribbon color used on the sale boundaries and the purple paint used on the leave trees is not the agency standard. Purchaser's contractor shall thoroughly clean all skidding, falling, and harvesting equipment prior to entry onto State land to remove contaminated soils and noxious weed seed. Equipment shall be cleaned at a location approved by the Contract Administrator. Timber sale documents are available at the DNR Timber Sales website:

MINIMUM BID: \$216,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$43,200.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: September 30, 2012 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$21,600.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on sustained slopes 35% or less.

1. Timing restrictions shall be in effect for falling, yarding and operation of heavy equipment. Falling, yarding and operation of heavy equipment shall not be permitted from 1 hour before official sunrise to 2 hours after official sunrise and 1 hour before official sunset to 1 hour after official sunset from April 1 to August 31.

2. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS: 38.63 stations of existing road to be abandoned.

TIMBER NOTICE OF SALE

Acquisition of 3-inch-minus ballast rock from a commercial rock source for use in landing construction at Purchaser designated locations on the GC-15 Road.

An estimated minimum quantity of rock need for this proposal: 400 cubic yards of ballast rock.

Landing construction and road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD: Acres determined by GPS traverse. 25.8 acres gross. 7.3 acres deducted for riparian areas, 0.5 acres deducted for green tree retention clumps and 1.4 acres deducted for existing road area. 16.6 acres net. Cruised using variable plot method. Expansion factor used is 54.45 for Douglas-fir; and 33.61 on all else. Sighting height is 4.5 feet. A total of 46 plots were taken.

HQ DF noted within the sale area. See cruise or further details (approximately 70 mbf of the above listed DF 2S is deemed high quality by the Department).

Also, redcedar utility poles were noted within the sale area, estimated at 3 to 5 poles/acre. No formal cruise was conducted for cedar poles.

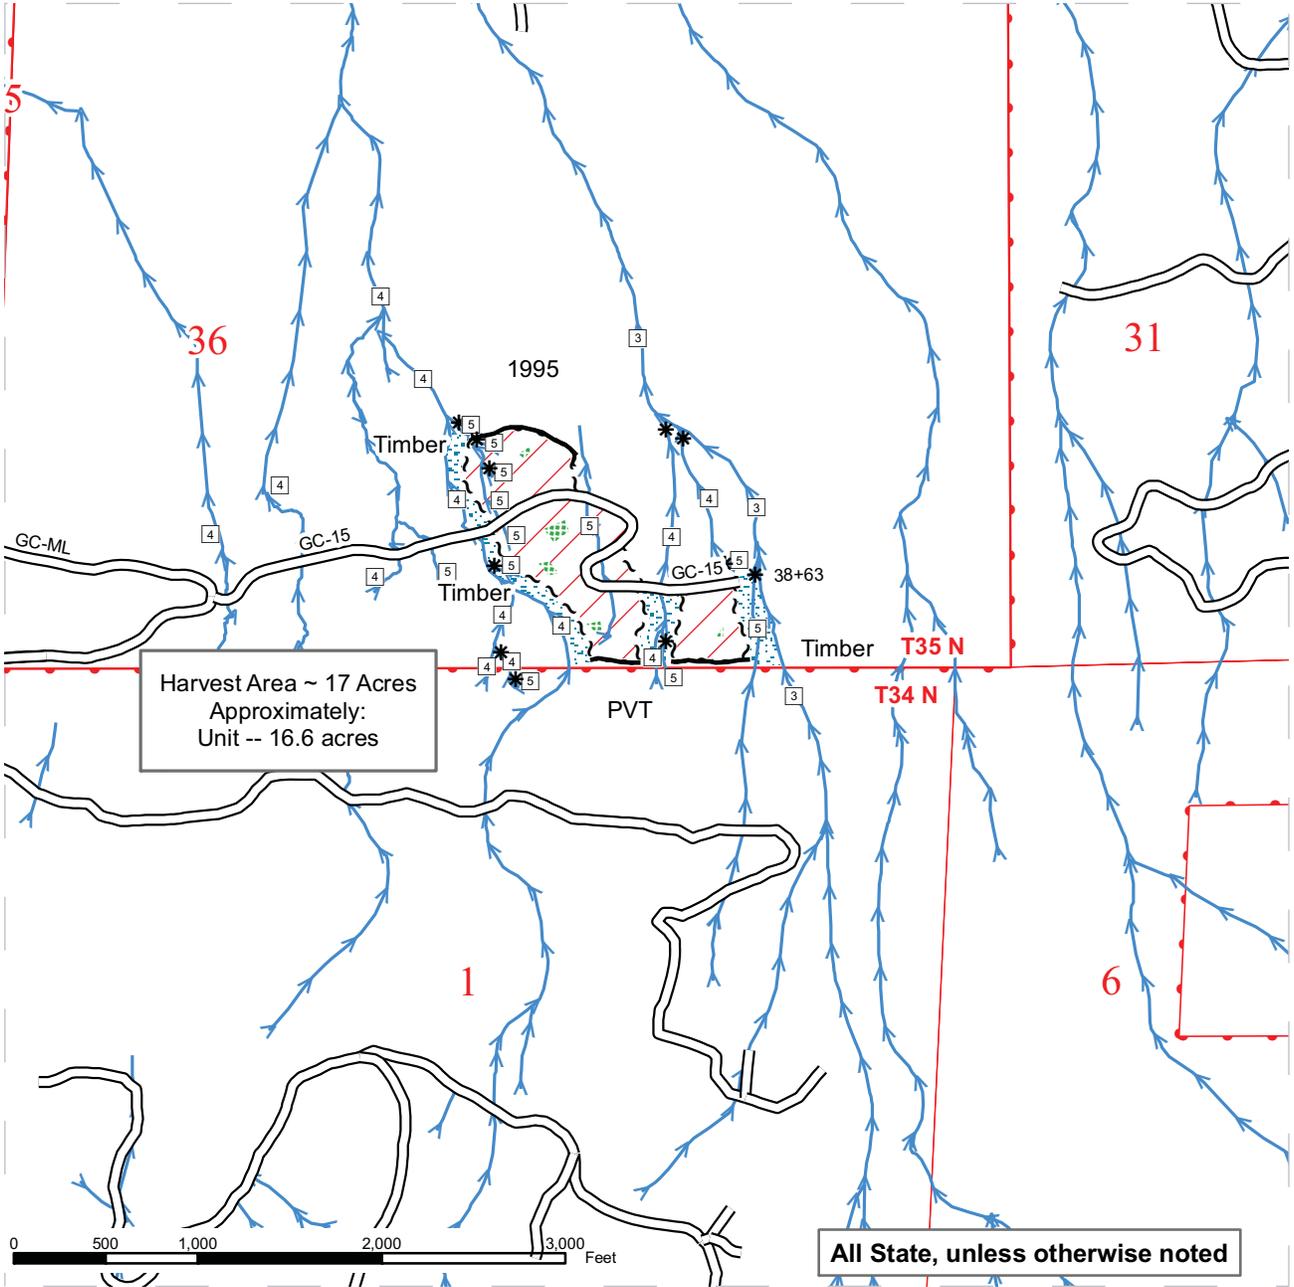

FEES: \$8,665.50 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: It is anticipated that this sale can be harvested 100% by shovel.

PERFORMANCE

SECURITY: \$40,200.00

SALE TYPE: MBF Scale

EXPIRATION DATE: September 30, 2013

ALLOCATION: Export Restricted

BIDDABLE SPECIES: White fir, Hemlock combined.

BID DEPOSIT: \$20,100.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

TIMBER NOTICE OF SALE

HARVEST METHOD: Cable; cable or shovel on sustained slopes 35% or less. In addition, a tracked skidder may be used for forwarding on approved skid trails in Compartment 2E, as approved by the Contract Administrator. However, the seasonal restriction for skidder use shall not be waived. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

BARK SLIPPAGE: Cutting and yarding will not be permitted during the bark slippage season, unless authorized in writing by the Contract Administrator. This season is estimated to run from April 1 to July 15, but will vary dependent on weather conditions. If permission is granted to operate during the bark slippage season, the Purchaser will be required to provide a plan outlining mitigation measures.

Timing restrictions apply, see Remarks section below.

ROADS: 41.30 stations of optional construction. 41.30 stations of road to be abandoned if built.

Development of an existing hardrock source (SP-0202 Hardrock Pit) at station 9+61 of the SP-02 Road will involve stripping, drilling, shooting, and processing rock to generate riprap and 3-inch-minus ballast rock.

Development of a proposed hardrock source (CSB-9601 Hardrock Pit) at station 2+93 of the CSB-96 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate riprap and 3-inch-minus ballast rock.

An estimated total quantity of rock need for this proposal: 399 cubic yards of riprap and 3,050 cubic yards of ballast rock. This rock is available at no cost on State land.

Construction of a 42-foot span gravel decked log stringer bridge on the CSB-110 Road. Stringers for bridge construction are available above the PT-14 Road from station 19+00 to 27+96.

Construction, use and abandonment of the CSB-110, station 6+00 to 7+75, must be completed between July 1 and October 15 of the same year. THIS SHALL NOT BE WAIVED.

Road construction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

Timing restrictions apply, see Remarks section below.

ACREAGE DETERMINATION

CRUISE METHOD: Acres determined by GPS traverse. 53.4 acres gross. 1.1 acres deducted for green tree retention clumps. 52.3 acres net. Cruised using variable plot method. Expansion factor used is 40.00 and 54.45. Sighting height is 4.5 feet. A total of 57 plots were taken.

FEES: \$24,221.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: HQ DF noted within the sale area. See cruise or further details (approximately 53 mbf of the above listed DF 2S is deemed high quality by the Department).

TIMBER NOTICE OF SALE

Timing restrictions shall be in effect for falling, yarding and operation of heavy equipment. Falling, yarding and operation of heavy equipment shall not be permitted from 1 hour before sunrise to 2 hours after sunrise and 1 hour before sunset to 1 hour after sunset from April 1 to August 31.

Schedule B
Thinning Prescriptions (Unit 2 Compartments A - E)

COMPARTMENT A RMZ Thinning:

Cut all RA.

Cut all WH less than 16 inches DBH.

LWD: 8 WH trees between 14-16 inches DBH for down woody debris creation along the type 4 stream.

COMPARTMENT B RMZ Thinning:

Cut all RA.

Cut all WH less than 16 inches DBH.

LWD: 5 WH trees between 14-16 inches DBH for down woody debris creation along the type 4 streams.

COMPARTMENT C Habitat Thinning:

Cut all volume from 60-foot road ROW.

Cut all volume from cable yarding corridors ONLY.

Cut all WH less than 14 inches DBH in the remaining Habitat area.

COMPARTMENT D RMZ Thinning:

Cut all RA.

Cut all WH less than 16 inches DBH.

LWD: Zero trees will be cut along Olney Creek for snag creation and down woody debris due to safety precautions along the Sultan Basin Road. Olney Creek currently has adequate down woody debris in the stream system.

COMPARTMENT E RMZ Thinning:

Cut all RA.

Cut all WH less than 16 inches DBH.

LWD: Zero trees will be cut along Olney Creek for snag creation and down woody debris due to safety precautions along the Sultan Basin Road. Olney Creek currently has adequate down woody debris in the stream system.

LWD: 4 WH trees between 14-16 inches DBH for down woody debris creation along the type 4 stream.

LARGE WOODY DEBRIS (LWD) CREATION:

Retain all snags greater than or equal to 20 inches DBH and 20 feet tall, except where it cannot be accomplished safely. Five (5) trees per acre from the largest DBH class, shall be felled towards the stream where feasible to remain as LWD. These trees shall be felled from the designated conifer prescription trees. Purchaser shall mark and they shall be approved by Contract Administrator before felling. These trees shall be marked within 25 feet of the white "timber sale" tags (25 to 50 feet from the stream channel).

SPECIAL THINNING CONDITIONS:

Where the prescription would leave an opening greater than 50 feet in diameter, the purchaser must leave a conifer take tree from the largest diameter, largest crown class, best form, and undamaged. Species preference in order of importance: DF, RC, SS, WH

In areas where thinning is not necessary, i.e., prescription is met, do not put in yarding corridors or skid trails. These areas must be identified and agreed upon in advance with the Contract Administrator.

Location of yarding corridors shall be located by the Purchaser and approved by the Contract Administrator.

For thinning areas, excessive leave tree damage is defined in H-012.

Damages shall be assessed, if greater than 5% of leave trees in the thinning areas are damaged at the D-40 Clause rates. Damage units shall be based on Unit 2A, B, etc.

CERTIFICATION OF FALLERS AND YARDER OPERATORS – SEE CLAUSE H-011 OF THE CONTRACT

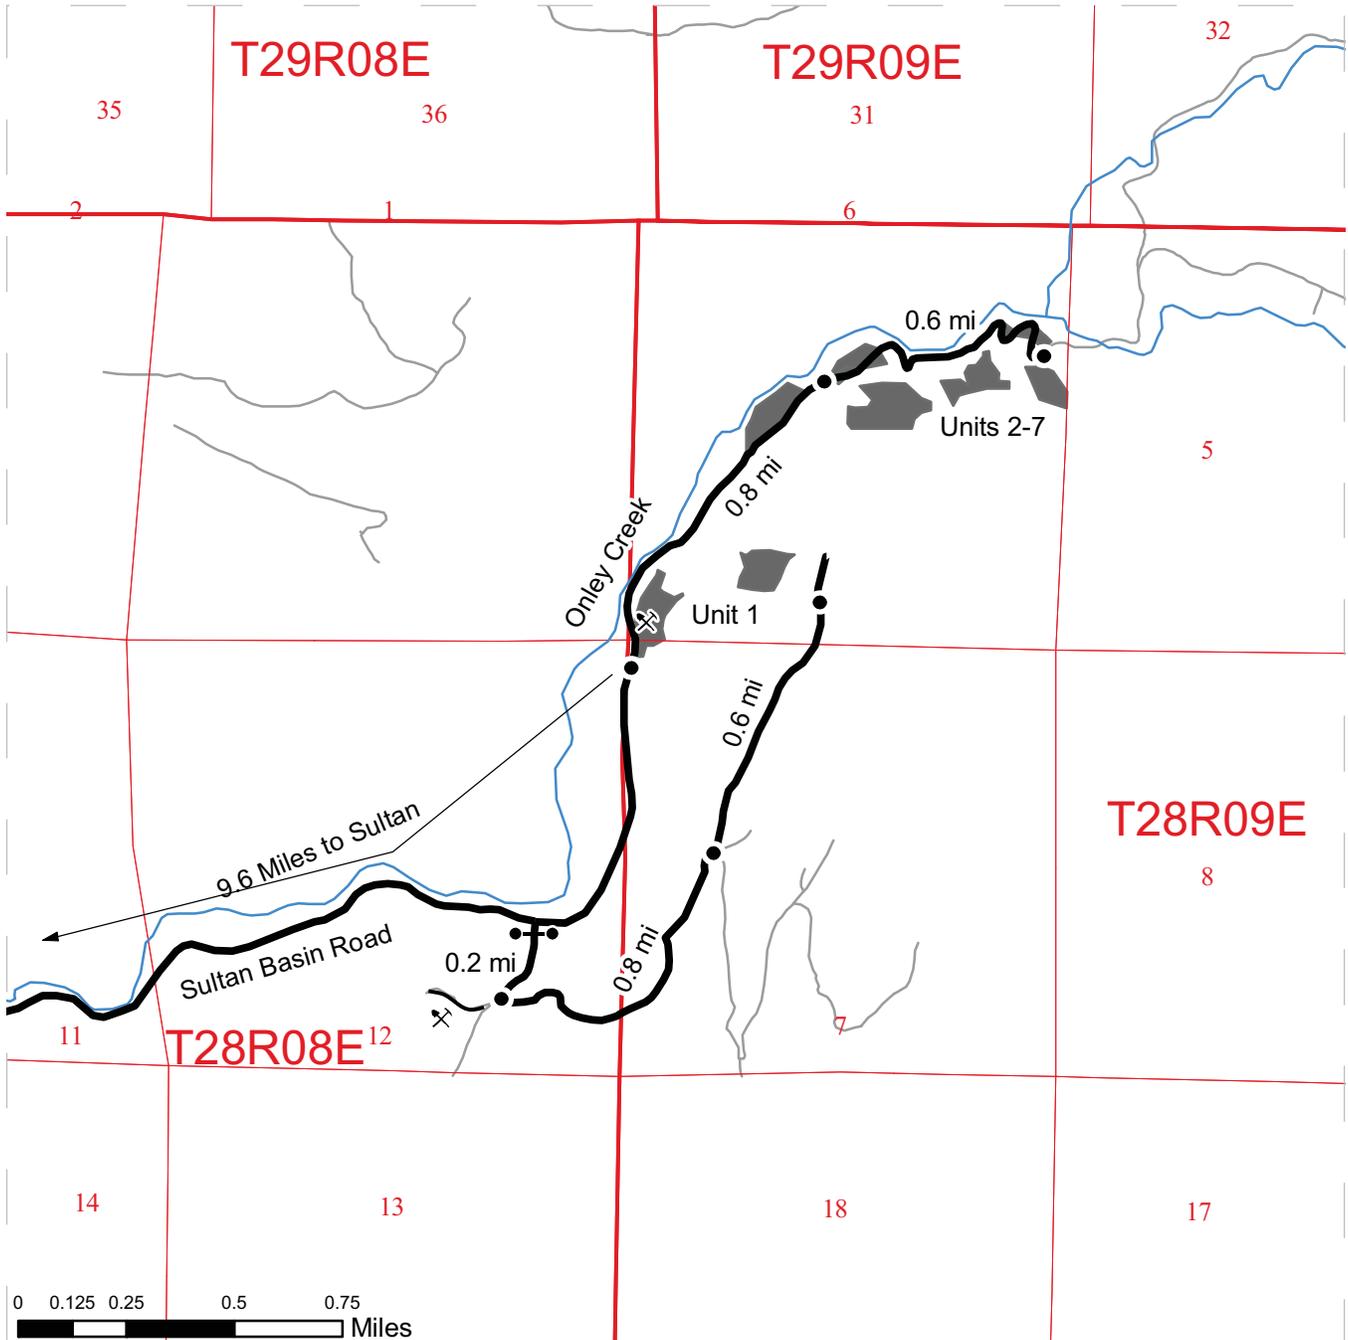

The Contract Administrator and Faller/Harvester Operator will jointly review the take tree selection criteria as outlined in Schedule B of the contract.

In conjunction with the Contract Administrator, the Faller/Harvester Operator will mark a designated area as a test plot within the sale area boundary. Satisfactory thinning of the test plot completes the certification process. Certification may be revoked at any time by Contract Administrator if Contract Administrator determines that the prescription is not being implemented properly.

DRIVING MAP

SALE NAME: Tailfin
 AGREEMENT#: 30-085934
 TOWNSHIP(S): T28N R09E
 TRUST(S): Capitol Grant (07)

Bid Deposit Type:

- Cash, certified check, cashiers check, or money order
 Per Sale Bid Bond
 Statewide Bid Bond, Number _____

Within 30 days of confirmation date the successful bidder agrees to furnish Performance Security acceptable to the State in the amount specified on the Notice of Sale. Performance Security must guarantee performance of all provisions of the contract and payment of any damages caused by operations under the contract or resulting from the successful bidders noncompliance with any rule or law.

Bidder's Warranty and Bid Signature

By signing and submitting this bid as an offer to purchase forest products from the State, the Bidder hereby warrants to the State that they have had an opportunity to fully inspect the sale area and the forest products being sold. Bidder further warrants to the State that they enter this bid based upon their own judgments of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold. Bidder also warrants to the State that they enter this bid without any reliance upon the volume estimates, acreage, appraisals, pre-bid documentation, or any other representation by the Washington State Department of Natural Resources.

_____ Date _____
(Signature of Authorized Representative submitting this bid)

(Print name and title of Authorized Representative submitting this bid)

Note: all sales are subject to confirmation by the Commissioner of Public Lands (Refer 79.15.120)

Instructions For Completing Sealed Bid Form

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks on bid form must be completed including the bid bond number if the bidder is relying upon a bid bond for bid deposit.

For more specific information, contact the appropriate region office.

In-Person Bids

- A. Sealed bids must be in auction box before 10:00 a.m. on the day of auction at the location specified in the Timber Notice of Sale.
- B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be on the bid bond and timber sale contract. The bid form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope.
- C. Sealed bid envelopes **must** contain a completed bid form and a bid deposit.
- D. Sealed bid envelopes **may** contain a check for the Initial Deposit amount and a check for fees.

Mailed Bids

- A. Bids that are mailed are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BIDE NCLOSED". The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The Sealed Bid Form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope.
- B. Bids that are mailed will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery. The DNR assumes no responsibility for any delays caused by any delivery service.
- C. Sealed bid envelopes **must** contain a completed bid form and a bid deposit.
- D. Sealed bid envelopes **may** contain a check for the Initial Deposit amount and a check for fees.

Initial Deposit:

Lump Sum Sales - Initial Deposit must equal 10% of the total bid submitted.
(25% if the bidder is a defaulter as defined under WAC 332-140-300)

Weight Scale Sales - Initial Deposit must equal 10% of the bid per ton multiplied by the total sale estimated tonnage. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

Scribner MBF Scale Sales - Initial Deposit must equal 10% of the bid per MBF multiplied by the total sale MBF. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

STATEWIDE BID BOND

Bond Number _____

_____ of _____,
(Principal's Name) (City, State)

hereinafter called PRINCIPAL, and _____ hereinafter called
SURETY,

a corporation organized under the laws of the State of _____, and authorized to transact surety business in the State of Washington, as SURETY, are held and firmly bound jointly and severally to the State of Washington, Department of Natural Resources, hereinafter called the STATE, in the sum of \$150,000.00 Dollars, lawful money of the United States of America. The PRINCIPAL binds itself, its heirs, executors, administrators, successors, and assigns, and the SURETY binds itself, its successors, and assigns, all jointly and severally.

This bond shall be governed by the laws of the State of Washington. In the event of a lawsuit involving this bond, a venue shall be proper only in Thurston County Superior Court.

Signed, sealed and dated this _____ day of _____, _____.
(month) (year)

This statewide bid bond may be used for bidding between the following dates:

Starting:

Ending:

It Is Hereby Understood and Agreed:

If PRINCIPAL is an apparent high bidder, PRINCIPAL shall before 4:30 p.m ., on day of sale, pay to the STATE the amount of the initial deposit in the form of a certified check, cashier's check, bank draft, cash or money order, then this agreement shall be void for the sale on which the payment is made; otherwise, it will remain in force.

SURETY will make payment to the STATE within ten days after demand by the STATE if the PRINCIPAL shall fail to make timely payment as described above.

The SURETY may cancel this bond by sending a written notice to the STATE, not less than forty-five days before a cancellation date; liability shall terminate as to acts or omissions of the PRINCIPAL that occur after the cancellation date.

The PRINCIPAL and the SURETY executed this bond on the date first mentioned.

Weighing Location Information

(Weighing Location Name)

(Weighing Location Owner)

(Weighing Location Street Address)

(Weighing Location City, State and Zip)

Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion. Additional terms or conditions requested by the bidder on or attached to the Log Sort Sealed Bid or Supplemental Information Forms are informational only and non-binding.

Instructions for Completing the Log Sort Sealed Bid and Supplemental Information Forms.

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form(s) provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks including Agreement Number, Sort Number, Bid amount (per mbf or ton as appropriate for the sort), Bid deposit amount and type. Signatures and date on bid form must be completed including the bid bond number if bidder is relying upon a bid bond for bid deposit.

Bids may not be accepted if a completed '**Log Sort Sealed Bid Supplemental Information Form**' is not included with the approved '**Log Sort Sealed Bid Form**'.

Required log lengths for tonnage sorts: Preferred log lengths for tonnage sawlog sorts shall include the following plus any additional lengths identified on the Bid Supplemental Information form:

Species Type	Preferred Lengths
Conifer Sorts	16', 20', 24', 26', 32', 40'
Hardwood Sorts	18', 20', 26', 28', 30', 36', 38', 40'

For more specific information, contact the appropriate region office.

In-Person Bids

- A. Sealed bids must be in auction box or auction envelope before 10:00 a.m. on the day of sale at the location specified in the notice of sale.
- B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same as the name on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope, please.
- C. Sealed bid envelopes must contain the following:
 1. A completed Log Sort Sealed Bid form;
 2. A completed Supplemental Information form; and
 3. A bid deposit

Mailed Bids

- A. Mail-in bid envelopes are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED." The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope, please.
- B. Mail-in or otherwise delivered bids will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery they chose. The DNR assumes no responsibility for any delays caused by any delivery service.
- C. Sealed bid envelopes must contain the following:
 1. A completed '**Log Sort Sealed Bid Form**';
 2. A completed '**Log Sort Sealed Bid Supplemental Information Form**' and;
 3. A bid deposit
