

WASHINGTON STATE DEPARTMENT OF
Natural Resources
Peter Goldmark - Commissioner of Public Lands

Attention DNR Contract Harvesters and Timber Purchasers

JUNE 2012 CONTRACT HARVESTING OPPORTUNITIES UPDATE

The strategy used to determine the rate of change to our fuel index based on the retail price of diesel has been modified. DNR will now calculate the rate of change based on the average price during a Quarter rather than the price posted on the last day of the Quarter. DNR made this change because the price quoted on the last day of the Quarter was not always a fair representation of the price of diesel during the quarter.

The Harvester's Contract clause P-026 and the master RFQ template section 1.05 have been updated.
