

Public Auction Sale of Timber

Book 879

.....
May 2009

WASHINGTON STATE DEPARTMENT OF
Natural Resources

Peter Goldmark - Commissioner of Public Lands

Caring for
your natural resources ...
now and forever

IMPORTANT NOTICES

Natural Resources (DNR)

Governmental Regulatory Actions or Orders

The purchaser assumes the risk of liabilities related to regulatory actions or orders by any government agency that may affect the operability of these timber sales. Such regulatory actions or orders include, but are not limited to, actions taken pursuant to the State Forest Practices Act, Chapter 76.09 RCW, and the Federal Endangered Species Act, 16 U.S.C. §§ 1531-1544. Please see timber sale contract clauses G-066 and G-220 for further information.

Threatened and Endangered Species

DNR cannot verify the presence or absence of **any** threatened or endangered species that may affect the operability of the timber sale. Purchasers must rely on their own assessments.

Export Restricted

All timber purchased under these state DNR contracts shall not be exported outside of the United States until the timber has been processed. Purchasers shall not violate any of the prohibitions in WAC 240-15-015 (relating to the prohibitions on export and substitution), WAC 240-15-025 (relating to reporting requirements), and WAC 240-15-030 (relating to enforcement). If purchasers knowingly violate WAC 240-15-015, purchasers shall be barred from bidding on or purchasing export restricted timber as provided.

Cover photos

Timber Sales in this book are from state trust lands, managed to help build K-12 public schools, state universities, colleges, prisons, mental hospitals, the state Capitol; and to support local services in many counties.

Top left: State Forest Lands are managed to provide revenue to the counties in which they are located such as the Pacific County Courthouse in South Bend, Washington. Northwest Bridge Company of Portland, Oregon completed construction of the courthouse building in June of 1911. One unusual feature of the historic building is an "art glass dome" that crowns the structure. The courthouse is listed on the National Register of Historic Places.

Certification Opportunities for DNR Timber Purchasers

Certified forests are grown to an approved set of standards which demonstrate environmentally responsible, socially beneficial, and economically viable management practices that promote responsible stewardship and sustainable forestry. This unique commitment to sustainable forestry recognizes that forest landowners play a critical role in ensuring the long-term health and sustainability of our forests.

Forest Stewardship Council (FSC) is an independent, non-profit organization that promotes responsible management of the world's working forests through the development of forest management standards, a voluntary certification system, and trademarks that provide recognition and value to products bearing the FSC label in the marketplace. FSC standards ensure forestry is practiced in an environmentally responsible, socially beneficial, and economically viable way.

Sustainable Forestry Initiative® (SFI) is an independent non-profit organization internationally endorsed and accepted around the world. The SFI program is based on the premise that responsible environmental behavior and sound business decisions can co-exist. Its three-chamber Board of Directors governs all aspects of the SFI program, with equal representation from the environmental, economic and social sectors.

Currently, all Department of Natural Resources (DNR)-managed forested state trust lands in Washington State are certified under the Sustainable Forestry Initiative® (SFI) Standard. Lands within DNR's South Puget Habitat Conservation Plan Planning Unit, located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are dually certified under the Forest Stewardship Council Pacific Coast Regional Standard (FSC) and the SFI Standard.

Certification under each standard (FSC and SFI) involves an inspection audit of the landowner's forest management activities by an independent third-party accredited team to verify that it meets specified forest management principles. If the forest unit complies with the specific standard, the landowner receives a certificate of conformance characterizing their forests as "green." Both standards encourage integration of perpetual growing and harvesting of trees with strong measures to protect wildlife, plants, soil, water, and air quality. Both standards provide a seal of approval that forests certified under these principles are well-managed. The global marketplace recognizes and endorses multiple forest certification standards. Each standard has individual market niches. By being dually certified, DNR can maximize its customer base and provide choices to the consumer.

Forest Stewardship Council

DNR's FSC Certificate number is: BV-FM / COC-080501

SUSTAINABLE FORESTRY INITIATIVE

DNR's SFI Certificate number is: 164041

DNR-managed forested state trust lands within the South Puget Habitat Conservation Plan Planning Unit (map below), located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are certified as being in compliance with the Forest Stewardship Council Pacific Coast Regional Standard, which would make that planning unit dually certified under both the FSC and SFI Standards.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a "program participant" in the FSC Program and use the Licensed Marks, visit www.fscus.org.

To learn more about DNR timber sales certified under this standard, please visit www.dnr.wa.gov.

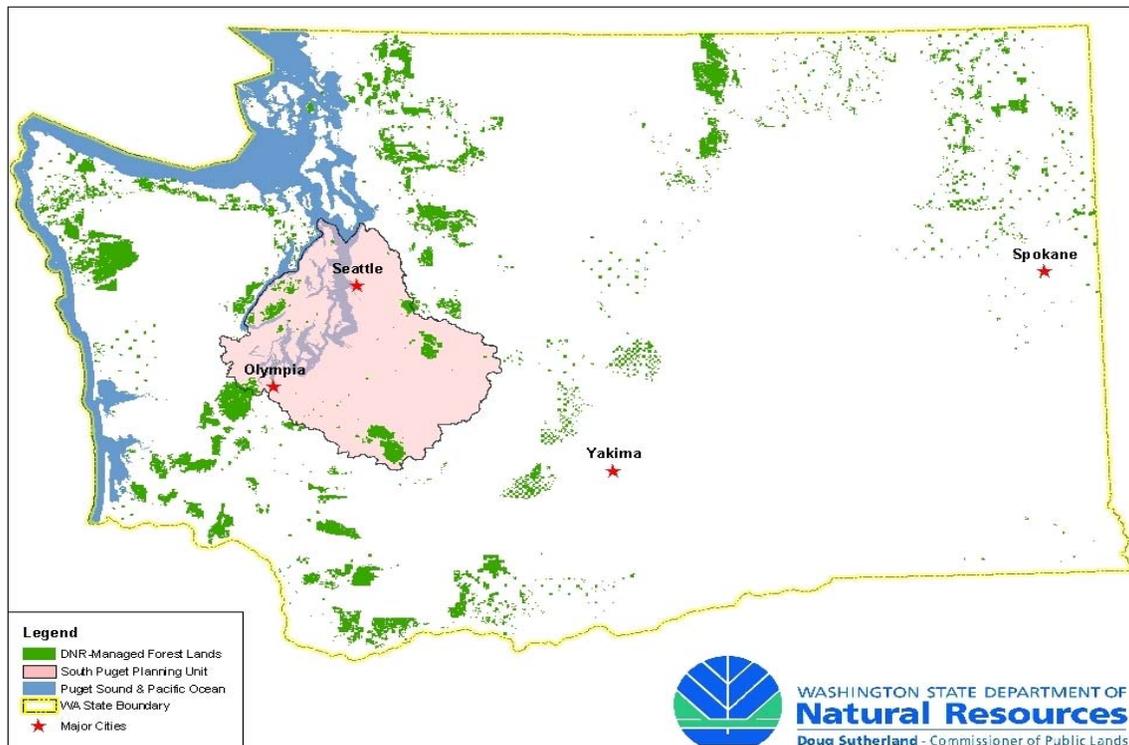

Forest Stewardship Council owns all right, title, and interest in and to the Forest Stewardship Council Program Marks.

All DNR-managed forested state trust lands across the state have been certified as being in compliance with the 2005-2009 Sustainable Forestry Initiative® Program.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a "program participant" in the SFI Program and use the Licensed Marks, visit www.sfiprogram.org.

To learn more about DNR timber sales certified under this standard, please visit www.dnr.wa.gov.

Sustainable Forestry Initiative, Inc. owns all right, title, and interest in and to the Sustainable Forestry Initiative® (SFI) Program group of service marks and collective membership marks.

To learn more about certification on DNR-managed forested state trust lands, visit <http://www.dnr.wa.gov/BusinessPermits/TimberSales> or contact the following:

Bidder's/Purchaser's Inspection of Sale Area and Forest Products

Acreage estimates and volume estimates contained within each timber notice of sale and each timber sale contract are made only for administrative and identification purposes. Except as expressly provided by the timber sale contract, the purchaser shall be responsible for paying the entire purchase price, even if the actual acreage or timber volume varies from the estimated quantity or volume shown.

All prospective bidders have the opportunity and are expected to inspect the sale area and the forest products located thereon. Bidders shall not rely on any representations by the State including, but not limited to, acreage estimates, volume estimates, appraisal or pre-bid documentation. The successful bidder/purchaser will further warrant that they have entered the timber sale contract without any reliance upon the DNR's volume estimates, acreage estimates, appraisals, pre-bid documentation, or any other representation by the DNR.

Any timber sale contract arising out of these public auctions will require the successful purchaser to warrant that they are entering the timber sale contract based solely upon their own judgment of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold.

Exclusion and Disclaimer of Warranties

The PARTIES AGREE that the IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, and ALL OTHER WARRANTIES EXPRESS OR IMPLIED, ARE EXCLUDED from this transaction, and shall not apply to the goods sold. For example, THE FOLLOWING SPECIFIC MATTERS ARE NOT WARRANTED, and are EXCLUDED from this transaction:

- a. *The merchantability of the forest products.* The use of the term “merchantable” in any document is not intended to vary the foregoing.
- b. *The condition of the forest products.* All forest products will be conveyed “AS IS.”
- c. *The acreage contained within any sale area.* Any acreage descriptions appearing in the timber notices of sale, timber sale contract, timber sale map or other documents are estimates only, provided solely for administrative and identification purposes.
- d. *The volume, quality, or grade of the forest products.* The descriptions of the forest products to be conveyed are estimates only, made solely for administrative and identification purposes.
- e. *The correctness of any soil or surface conditions, presale construction appraisals, investigations, and all other pre-bid documents prepared by or for the State.* These documents have been prepared for the State’s appraisal purposes only.
- f. *That the sale area is free from threatened or endangered species, or their habitat.* The State is not responsible for any interferences with forestry operations that result from the presence of any threatened or endangered species, or the presence of their habitat, within the sale area.

g. *That the forestry operations to be performed under this contract will be free from regulatory actions by governmental agencies.* The State is not responsible for actions to enforce regulatory laws, such as the Washington Forest Practices Act (Chapter 76.09 RCW), taken by the Department of Natural Resources or any other agency that may affect the operability of these timber sales.

h. Items contained in any other documents prepared for or by the State.

Please also see timber sale contract clause G-060 for further information.

BIDDING PROCEDURES FOR TIMBER AUCTIONS

The general requirements that follow are a part of all Timber Notices of Sale to be auctioned by the Department of Natural Resources (DNR).

General Information

The State reserves the right to waive minor irregularities and the right to reject any or all bids.

A. This book contains the timber notices of sale and maps for each timber sale scheduled to be auctioned. More specific information can be obtained by contacting the appropriate region office at the number listed on the back cover of this book.

B. The timber notice of sale is a summary of sale information. For more specific information, interested parties are encouraged to view the Appraisal Packets on the DNR Internet Site @ www.dnr.wa.gov, this will take you directly to the Product Sales Section. The Appraisal Packets contain **DRAFT** copies of the timber notice of sale, map, contract, road plan, cruise data, precruise and cruise narrative, Forest Practices Application (FPA), Hydraulics Project Approval (HPA).

C. The sale preview packets may be obtained at no charge for individual sales by visiting the appropriate region office.

D. Timber sale contracts contain extensive terms and conditions that will be binding upon successful high bidders. Each bidder should carefully review all terms contained in the appropriate **DRAFT** timber sale contract prior to bidding on a sale, and should review the final contract prior to signing. **DRAFT** timber sale contracts are contained in the preview and presales packets and are available upon request at the respective region office.

E. Sales advertised in this book have not been approved by the Board of Natural Resources and are subject to the Board's approval before they will be sold. The Board meets and approves sales approximately six weeks prior to auction. All sales are subject to confirmation by the DNR under RCW 79.15.120.

F. The State does not guarantee the accuracy of any information contained herein pertaining to particular sales. Therefore, all prospective purchasers are expected to make their own independent inspections and appraisals prior to bidding.

G. If any conflict exists between the information in the Timber Notice of Sale, timber sale map, sale preview packets and that in the timber sale contract, the signed contract will prevail.

H. Timber sales are subject to the Washington State Forest Excise Tax (RCW Chapter 84.33).

I. Within 30 days of sale confirmation, the apparent high bidder will provide to the State the Performance Security specified on each Notice of Sale. The successful bidder also agrees to return a signed contract to the State within 30 days of confirmation. Failure to provide a signed contract to the state within 30 days of confirmation may result in a loss of bidder's rights to the products sold and forfeiture of initial deposit moneys.

J. Each DNR region office has information about sales offered in that region. For further information, contact the respective DNR region office. Region office addresses and telephone numbers appear on the back cover of this booklet.

K. The purchaser assumes the responsibility for any costs associated with extra maintenance or repair levied by a county for any county road used by the purchaser.

BIDDING PROCEDURES FOR TIMBER AUCTIONS (Continued)

Bidding Process

- A. All timber will be auctioned using the sealed bid method.
- B. Bids submitted on day of auction must be in the bid box at the specified auction location before 10:00 a.m. The respective DNR region office must receive mailed bids by 4:30 p.m., on the last business day before the auction. Bidders assume all risk for the method of delivery.
- C. The DNR has the right to reject bid forms that are completed incorrectly. *All bid forms must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. Revised documents are not permissible.* Bidding instructions are on the back of the Sealed Bid Form. A bid deposit must be included in the sealed bid envelope unless using a Timber Sale Statewide Bid Bond.
- D. All bids must include the completed Sealed Bid Form and bid deposit.
- E. Bids will be opened in each respective region in the order in which sales appear in the Public Auction Sale of Timber book (alphabetically by county and by agreement number).
- F. If a tie bid occurs, the names of the tie bidders will be placed in a hat and the successful bidder will be determined by a drawing.
- G. The apparent high bidder on a particular sale will have the option of withdrawing additional sealed bids submitted for any remaining sales to be auctioned. The apparent high bidder must exercise this option within two minutes after the apparent high bidder is announced.

Auction Time and Location

Auctions will start at 10:00 a.m. and close at 4:00 p.m. on the date and at the location specified in each Timber Notice of Sale.

Bid Deposits

- A. Required bid deposits are listed on each Timber Notice of Sale.
 - B. Bid deposits must be in the form of cash, certified check, cashiers' check, money order or bid bond.
 - C. Bid bonds may be either a Timber Sale Statewide Bid Bond or a Timber Sale Per Sale Bid Bond.
 - D. All bid deposits shall be submitted by the person or entity submitting the bid and made payable to the Department of Natural Resources. **Third party deposits will not be accepted.**
-

Timber Sale Per Sale Bid Bonds

- A. The Per Sale Bid Bond shall guarantee payment of the bid deposit **within ten days of auction.**
- B. The balance between the bid bond and the Initial Deposit payment is due by 4:30 p.m., **on the day of auction.**
- C. Additional forms and instructions for a Per sale Bid Bond are available at any DNR region office.

Timber Sale Statewide Bid Bond

- A. Statewide Bid Bonds shall guarantee payment of the Initial Deposit on any statewide timber sale while the bond is in effect.
- B. The Statewide Bid Bond must be received by the Department of Natural Resources, Product Sales & Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction date. The bond shall be in the amount of \$150,000.00.
- C. The bidder must supply a list of persons authorized to bid using the bond. Bid bonds are subject to approval by the Department of Natural Resources.
- D. Successful bidders using a Statewide Bid Bond must pay the total Initial Deposit payment (10 percent of the total bid price) **by 4:30 p.m. on the day of auction.**
- E. A Statewide Bid Bond cannot be used to secure the Initial Deposit payment due the day of auction.
- F. Additional forms and instructions for a statewide bid bond are available at any DNR region office.

Payments

The initial deposit for a sale is 10% of the total bid value as submitted by the apparent high bidder (25% if the bidder is a defaulter as defined under WAC 332-140-300) and never less than \$5,000.00 for lump sum sales. For Lump Sum sales appraised at less than \$5,000.00, the entire bid value is due on day of auction.

- a. Apparent high bidders using cash, certified check, cashiers' check or money order as a bid deposit must pay the total Initial Deposit amount by 4:30 p.m. on auction day.
- b. Apparent high bidders using a Timber Sale Per Sale Bid Bond as a bid deposit must pay the difference between the bid deposit and the total initial deposit by 4:30 p.m., on the day of auction. The bid bond amount must be replaced with a certified check, cashier's check, bank draft, cash, money order, or wire transfer within ten days of the auction.
- c. Apparent high bidders using a Timber Sale Statewide Bid Bond must pay the entire Initial Deposit amount by 4:30 p.m. on the day of auction.

Fees due on the day of sale must be paid by 4:30 p.m.

All payments must be in the form of a certified check, cashier's check, bank draft, cash, money order or wire transfer.

Eligibility to Bid

In order to bid on State timber sales you must be:

- 18 years of age (or have a co-signer who meets the eligibility requirements),
- Licensed to do business in the State of Washington,
- Eligible to bid on Export Restricted timber, and
- Capable of meeting all contract obligations.

Authorized Representatives

Companies may only use authorized representatives or company officers to bid on State sales, sign State documents or sign checks. A list of authorized representatives and their specific authorities must be submitted in writing to the Department of Natural Resources Product Sales & Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction. A company owner or officer must sign this submittal.

 Per Sale Bid Bond
 Statewide Bid Bond, Number _____

Within 30 days of confirmation date the successful bidder agrees to furnish Performance Security acceptable to the State in the amount specified on the Notice of Sale. Performance Security must guarantee performance of all provisions of the contract and payment of any damages caused by operations under the contract or resulting from the successful bidders' noncompliance with any rule or law.

Bidder's Warranty and Bid Signature

By signing and submitting this bid as an offer to purchase forest products from the State, the Bidder hereby warrants to the State that they have had an opportunity to fully inspect the sale area and the forest products being sold. Bidder further warrants to the State that they enter this bid based upon their own judgments of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold. Bidder also warrants to the State that they enter this bid without any reliance upon the volume estimates, acreage, appraisals, pre-bid documentation, or any other representation by the Washington State Department of Natural Resources.

_____ Date _____
(Signature of Authorized Representative submitting this bid)

(Print **name and title** of Authorized Representative submitting this bid)

Note: all sales are subject to confirmation by the Commissioner of Public Lands (Refer 79.15.120)

Instructions for Completing Sealed Bid Form

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks on bid form must be completed including the bid bond number if the bidder is relying upon a bid bond for bid deposit.

For more specific information, contact the appropriate region office.

In-Person Bids

- A. Sealed bids must be in auction box before 10:00 a.m. on the day of auction at the location specified in the Timber Notice of Sale.
 - B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be on the bid bond and timber sale contract. The bid form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope.
 - C. Sealed bid envelopes **must** contain a completed bid form and a bid deposit.
 - D. Sealed bid envelopes **may** contain a check for the Initial Deposit amount and a check for fees.
-

Mailed Bids

- A. Bids that are mailed are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED". The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The Sealed Bid Form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope.
 - B. Bids that are mailed will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery. The DNR assumes no responsibility for any delays caused by any delivery service.
 - C. Sealed bid envelopes **must** contain a completed bid form and a bid deposit.
 - D. Sealed bid envelopes **may** contain a check for the Initial Deposit amount and a check for fees.
-

Initial Deposit:

Lump Sum Sales - Initial Deposit must equal 10% of the total bid submitted.
(25% if the bidder is a defaulter as defined under WAC 332-140-300)

Weight Scale Sales - Initial Deposit must equal 10% of the bid per ton multiplied by the total sale estimated tonnage. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

Scribner MBF Scale Sales - Initial Deposit must equal 10% of the bid per MBF multiplied by the total sale MBF. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

Peter Goldmark, Commissioner of Public Lands**

STATEWIDE BID BOND

Bond Number _____

_____ of _____,
(Principal's Name) (City, State)

hereinafter called PRINCIPAL, and _____ hereinafter called SURETY,

a corporation organized under the laws of the State of _____, and authorized to transact surety business in the State of Washington, as SURETY, are held and firmly bound jointly and severally to the State of Washington, Department of Natural Resources, hereinafter called the STATE, in the sum of \$150,000.00 Dollars, lawful money of the United States of America. The PRINCIPAL binds itself, its heirs, executors, administrators, successors, and assigns, and the SURETY binds itself, its successors, and assigns, all jointly and severally.

This bond shall be governed by the laws of the State of Washington. In the event of a lawsuit involving this bond, a venue shall be proper only in Thurston County Superior Court.

Signed, sealed and dated this _____ day of _____, ____.
(month) (year)

This statewide bid bond may be used for bidding between the following dates:

Starting:

Ending:

It Is Hereby Understood and Agreed:

If PRINCIPAL is an apparent high bidder, PRINCIPAL shall before 4:30 p.m., on day of sale, pay to the STATE the amount of the initial deposit in the form of a certified check, cashier's check, bank draft, cash or money order, then this agreement shall be void for the sale on which the payment is made; otherwise, it will remain in force.

SURETY will make payment to the STATE within ten days after demand by the STATE if the PRINCIPAL shall fail to make timely payment as described above.

The SURETY may cancel this bond by sending a written notice to the STATE, not less than forty-five days before a cancellation date; liability shall terminate as to acts or omissions of the PRINCIPAL that occur after the cancellation date.

The PRINCIPAL and the SURETY executed this bond on the date first mentioned.

32 ft. through 40 ft.	

Minimum log trim: _____ inches.

Additional Log or Pole Length Information:

To provide additional preferred cutting information you may attach a separate sheet or "Cutting card".

Log Delivery Information:

1) Designate the point of delivery and address (must be a street address)

(Location Name)

(Street Address)

(City, State and Zip)

2) Designate the state approved Weighing and Scaling facility closest to the point of delivery.

(Location Name)

(Street Address)

(City, State and Zip)

3) Driving instructions:

Write a brief driving instruction narrative describing the most likely or usual and accustomed Haul Route used by trucks delivering logs from this sale area to your designated point of delivery above: (i.e. hwy 12 west, to I-5 north, to hwy 6 west, to Boistfort Rd. south)

Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion. Additional terms or conditions requested by the bidder on or attached to the Log Sort Sealed Bid or Supplemental Information Forms are informational only and non-binding.

Instructions for Completing the Log Sort Sealed Bid and Supplemental Information Forms.

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form(s) provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks including Agreement Number, Sort Number, Bid amount (per mbf or ton as appropriate for the sort), Bid deposit amount and type. Signatures and date on bid form must be completed including the bid bond number if bidder is relying upon a bid bond for bid deposit.

Bids may not be accepted if a completed '**Log Sort Sealed Bid Supplemental Information Form**' is not included with the approved '**Log Sort Sealed Bid Form**'.

For more specific information, contact the appropriate region office.

In-Person Bids

- A. Sealed bids must be in auction box or auction envelope before 10:00 a.m. on the day of sale at the location specified in the notice of sale.
- B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same as the name on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope, please.
- C. Sealed bid envelopes must contain the following:
 1. A completed Log Sort Sealed Bid form;
 2. A completed Supplemental Information form; and
 3. A bid deposit

Mailed Bids

- A. Mail-in bid envelopes are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED." The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope, please.
- B. Mail-in or otherwise delivered bids will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery they chose. The DNR assumes no responsibility for any delays caused by any delivery service.
- C. Sealed bid envelopes must contain the following:
 1. A completed '**Log Sort Sealed Bid Form**';
 2. A completed '**Log Sort Sealed Bid Supplemental Information Form**' and;
 3. A bid deposit

Red alder	9.7		105								105		
Hemlock	19		2							2			
Sale Total			6,452										

MINIMUM BID: \$693,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$100,000.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: October 31, 2011 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$69,300.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Track skidder, Cable, Shovel, Motorized Carriage and Forwarder. Shovel and tracked skidder harvesting equipment shall be restricted to slopes of 35% and less during dry soil conditions. See clause H-140 and Schedule L for further harvest requirements. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. No activities shall occur over the Jones Creek Trill, and the trail shall be left in a condition that is useable to the public, on weekends or state recognized holidays from April 30 through November 30 on Units 2, 3, 4, and 7. Ground Based Yarding will not be permitted from October 15 to April 15 unless authorized in writing by the Contract Administrator. Shovel yarding may be allowed in all seasons with Contract Administrator approval.

ROADS: 66.22 stations of required reconstruction. 137.58 stations of optional reconstruction. 12.43 stations of optional reconstruction. 167.14 stations of required pre-haul maintenance. 26.09 stations of optional pre-haul maintenance. 1.65 heavy abandonment. 171.21 stations of light abandonment. Rock for construction, reconstruction, and pre-haul

TIMBER NOTICE OF SALE

maintenance under this contract may be obtained from the L-1600 Pit, located in the NE ¼ NE ¼, Sec. 11, T02N, R04E, W.M., and the Jackson Pass Pit, located in the NW ¼ NW ¼, Sec. 12, T02N, R04E, W.M., at no charge to the Purchaser. Rock may also be available at a new rock pit, the L-1560 Optional Pit, located in the SE ¼, Sec. 11, T02N, R04E W.M. All costs associated with exploration and development of this pit shall be at the Purchaser's expense. Rock is also available, at no charge to the Purchaser, from existing stockpiles at the Jackson Pass Pit. Purchaser shall remove no more than 2,473 cubic yards of 2½ INCH MINUS CRUSHED rock and 250 cubic yards of 3 inch Jaw Run from these stockpiles. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. Road construction will not be permitted from October 15 to April 15 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method. Harvesting activities are estimated to be approximately 70% ground-based and 30% cable harvesting.

FEES: \$85,490.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

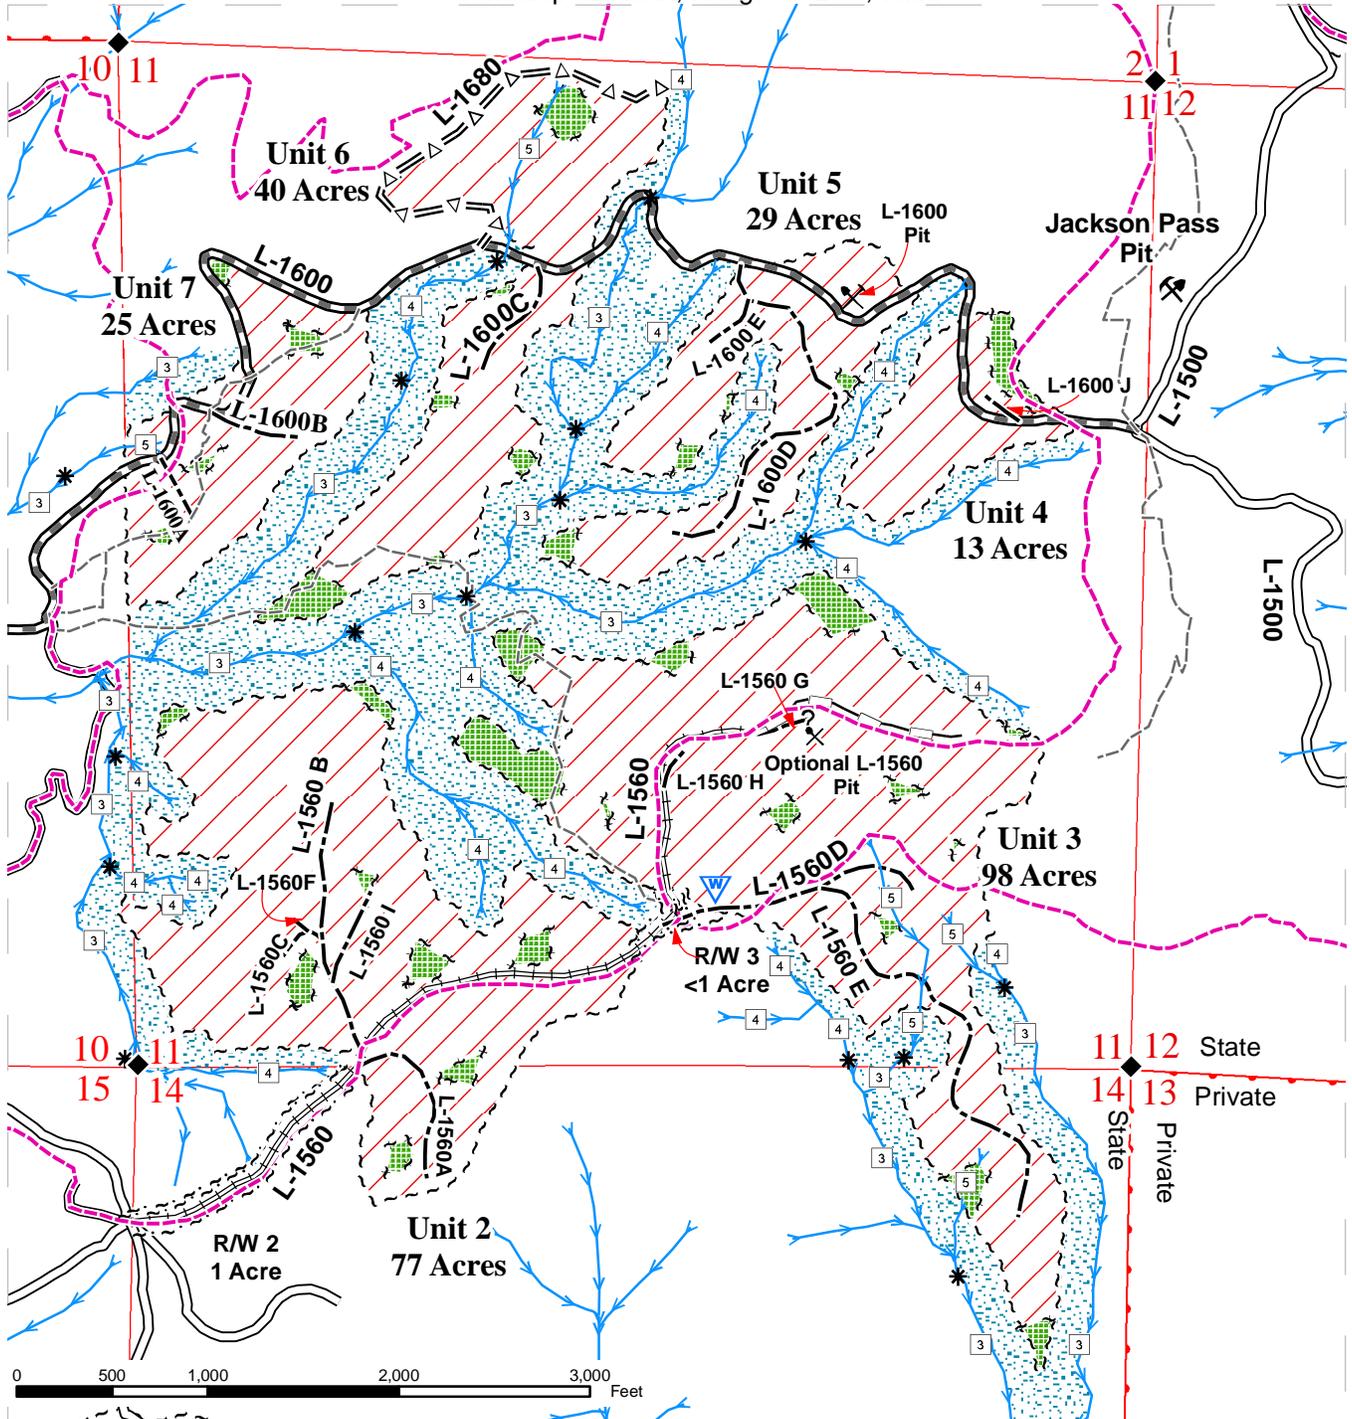

SPECIAL REMARKS: Any timber harvest within two tree lengths of the BPA power lines will require a one week advance notification to the Bonneville Power Administration of Olympia. BPA contact is Jill Gaston at (360) 570-4332. If Purchaser chooses to tailhold on private property, Purchaser shall obtain permit(s) and assumes responsibility for all costs associated with permit(s). Within shovel logging areas, Purchaser shall break up concentrations of logging debris, as directed by Contract Administrator, to ensure proper reforestation. No operations shall occur on weekends, state recognized holidays, or from 7 p.m. to 7 a.m. on weekdays unless approved by the Contract Administrator. Lookouts will be required on trails when timber falling takes place within 200 feet of the Jones Creek Trail. Warning signs will be required where yarding activity takes place within 200 feet of the Jones Creek Trail. Keys to the B-1100 gate are available at the Pacific Cascade Region office.

DRIVING DIRECTIONS:

From the four way stop in Belfair go north on Old Belfair Highway 3.2 miles. Turn left on Bear Creek-Dewatto Road and go 1.7 miles to the gate on the left to access Unit #5*. Continue past the gate another 0.6 miles and turn left onto Sand Hill Road to access Units 1 through 4. Going south from Bear Creek-Dewatto Road access to Unit 1 is 0.3 miles, access to Units 2 and 3 is 0.4 miles and access to Unit 4 is 0.8 miles. The Sand Hill Rock Pit is located 2.9 miles south of Bear Creek-Dewatto Road on Sand Hill Road.

*no access through ORM Gate #133 for bidding process. Use M-2000 to access Unit 5. Arrangements are being made for a Master A786 lock to be installed prior to harvest operations on Unit 5. Haul route for Unit 5 will use ORM M-1300 and Gate #133.

TIMBER NOTICE OF SALE

SALE NAME: *Bonaparte FIT Log Sorts* **AGREEMENT NO:** *30-084093 - 30-084096*

AUCTION: May 26, 2009 starting at 10:00 a.m., **COUNTY:** Okanogan
Northeast Region Office, Colville, WA.

SALE LOCATION: Sale located approximately 4 miles north of Wauconda, WA.

PRODUCTS SOLD AND SALE AREA: All products sold on a delivered log sort basis. All timber as described in the schedule "A" of the draft Purchaser's contract will be removed from 3 units all bounded with pink ribbon and white timber sale boundary tags. Sale located on parts of Section(s) 16 and 21, Township 38 North, Range 30 East W.M., containing 771 acres, more or less.

MINIMUM BID AND ESTIMATED LOG SORT VOLUMES:

Agreement #	Sort #	Species and Sort Specifications	Estimated Volume		Minimum Bid Delivered Prices		Total Appraised Value	Bid Deposit

Totals			1,525	10,370			\$455,600.30	

BID METHOD: Sealed Bids **UNIT OF MEASURE:** Tonnage scale

EXPIRATION DATE: 1/29/2010 **ALLOCATION:** Export Restricted

PAYMENT SECURITY: To be determined by the State as described in Clause P-041 of the Purchaser's Contract.

BIDDING PROCEDURES: A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their

TIMBER NOTICE OF SALE

bid deposit up to 10% of their total bid price. Complete bidding procedures and auction information may be obtained from the Northeast Region Office in Colville, WA. Phone number (509) 684-7474.

HARVEST AND

DELIVERY COSTS:

Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Haul Cost).

Use the following rates for estimating taxable stumpage: Harvest Cost = tons(\$36.00, for utility \$8.00). Haul Cost = (tons)(\$2.63) + tons(\$0.16x C miles) + tons(\$0.08 x A miles)).

SPECIAL REMARKS: The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing and scaling costs. All mbf and tonnage loads will be weighed and all mbf loads will be scaled at State approved scaling locations. The State reserves the right to determine where logs are authorized to be scaled and weighed.

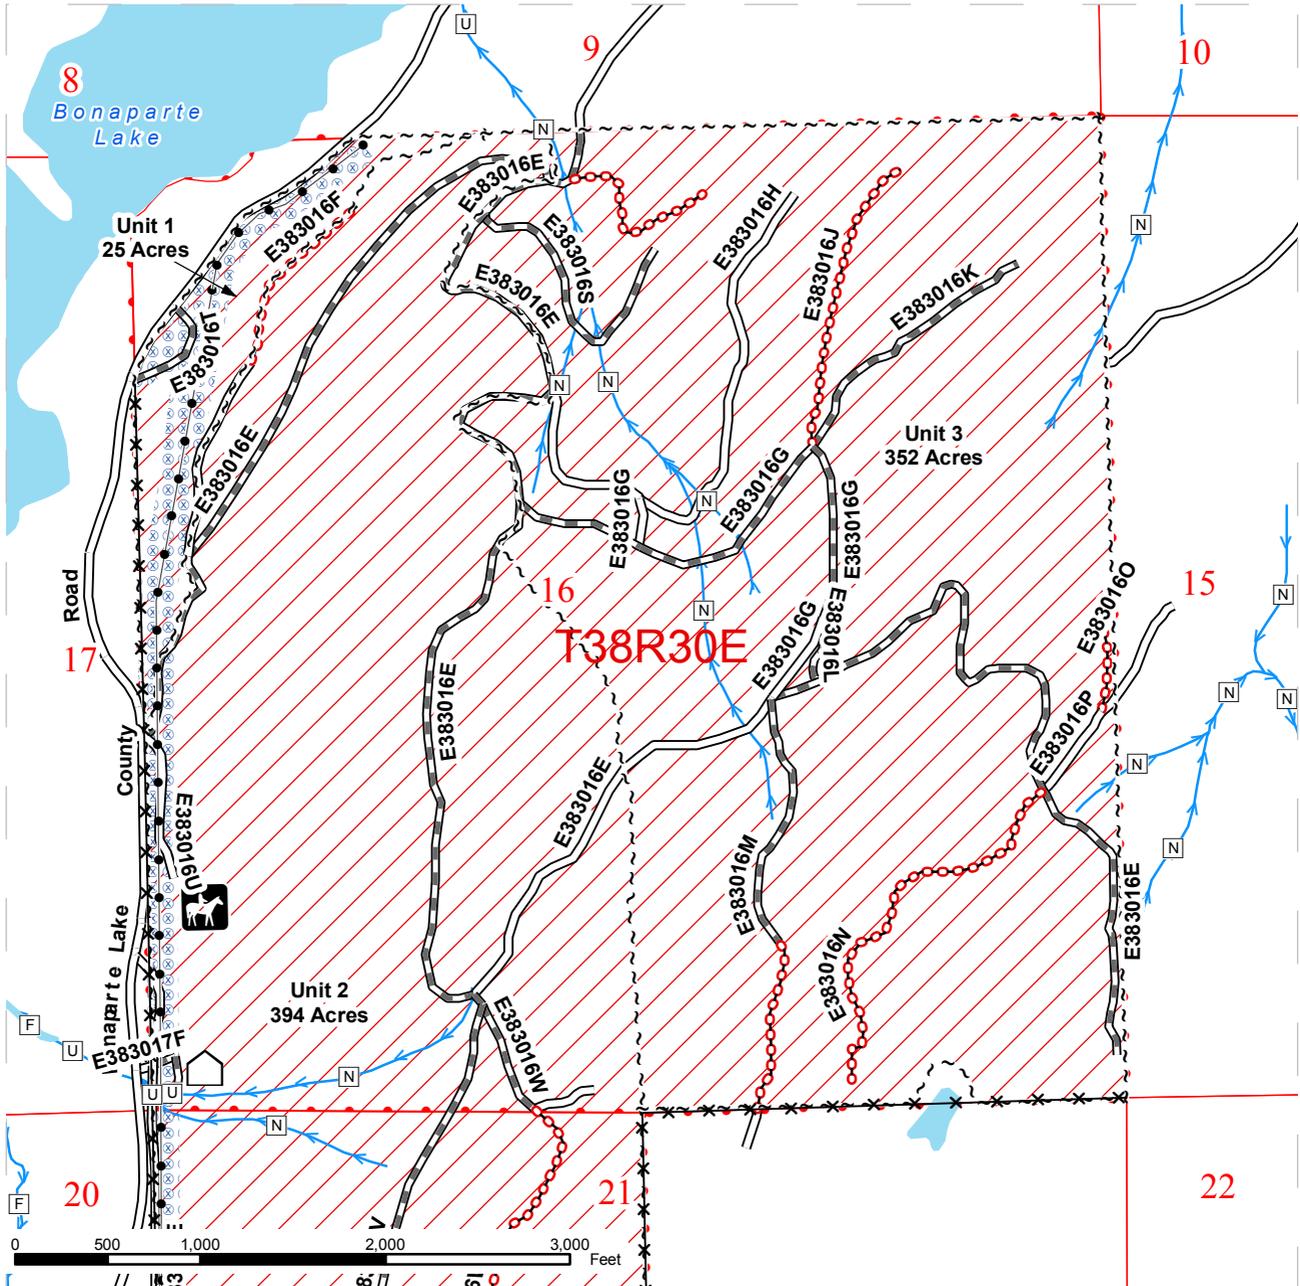

For more information regarding this log sort sale visit our web site:
<http://www.dnr.wa.gov/htdocs/fr/sales/>. If you have questions call Phil Anderson at the Northeast Region office at (509) 684-7474 or Dave Richards at the Product Sales and Leasing Division Office in Olympia at (360) 902-1365.

CONFIRMATION: Each sort is subject to confirmation following auction. No sorts will be confirmed until at least 10 days after all sorts are successfully auctioned. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion.

Maple	18.9		4	\$20.00							4		
Sale Total			5,141										

MINIMUM BID: \$146.4/MBF (est. value \$853,000.00) **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$100,000.00 **SALE TYPE:** MBF Scale

EXPIRATION DATE: October 31, 2011 **ALLOCATION:** Export Restricted

BIDDABLE SPECIES: Douglas fir

BID DEPOSIT: \$85,300.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable and Shovel. Cable and shovel harvesting equipment. Ground based harvesting equipment shall be restricted to 35% slopes and less, and during dry soil conditions. See clause H-140 and Schedule L for further harvest requirements. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Yarding may be suspended at the discretion of the Contract Administrator when soil rutting exceeds four inches as measured from the natural ground line when there is potential for damage to any public resource. If yarding is suspended, the Contract Administrator must be assured that future harvest operations will not potentially damage any public resource. To reduce damage to the soil, the Contract Administrator may require water bars to be constructed and grass seed, hay or straw to be placed on exposed soils. Lead end suspension required on all cable settings. Any and all

TIMBER NOTICE OF SALE

snags cut because of safety concerns cannot be removed and must remain where they were felled. Shovel Yarding will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

ROADS:

57.56 stations of optional construction. 261.55 stations of required pre-haul maintenance. 5.09 stations of required light abandonment. 9.57 stations of required deactivation. Rock for construction or pre-haul maintenance under this contract may be obtained from the P&E Ridge Quarry, located in Sec. 24, T13N, R07W. W.M., or the P&E Extension Quarry, located in Sec. 29, T13N, R06W. W.M., at no charge to the Purchaser. Use of material from any other source must have prior written approval from the Contract Administrator. The Purchaser shall stockpile 2,000 cubic yards of 2.5 INCH MINUS rock at the Squally Jim Quarry (to the East across P&E Mainline from the P&E Extension Quarry), as directed by the Contract Administrator. Road construction will not be permitted from October 1 to June 15 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD:

Acreege determined by GPS traverse. The sale was cruised using a variable plot method. Harvesting activities are estimated to be 50% tracked harvesting equipment and 50% cable harvesting equipment.

FEES:

\$68,120.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

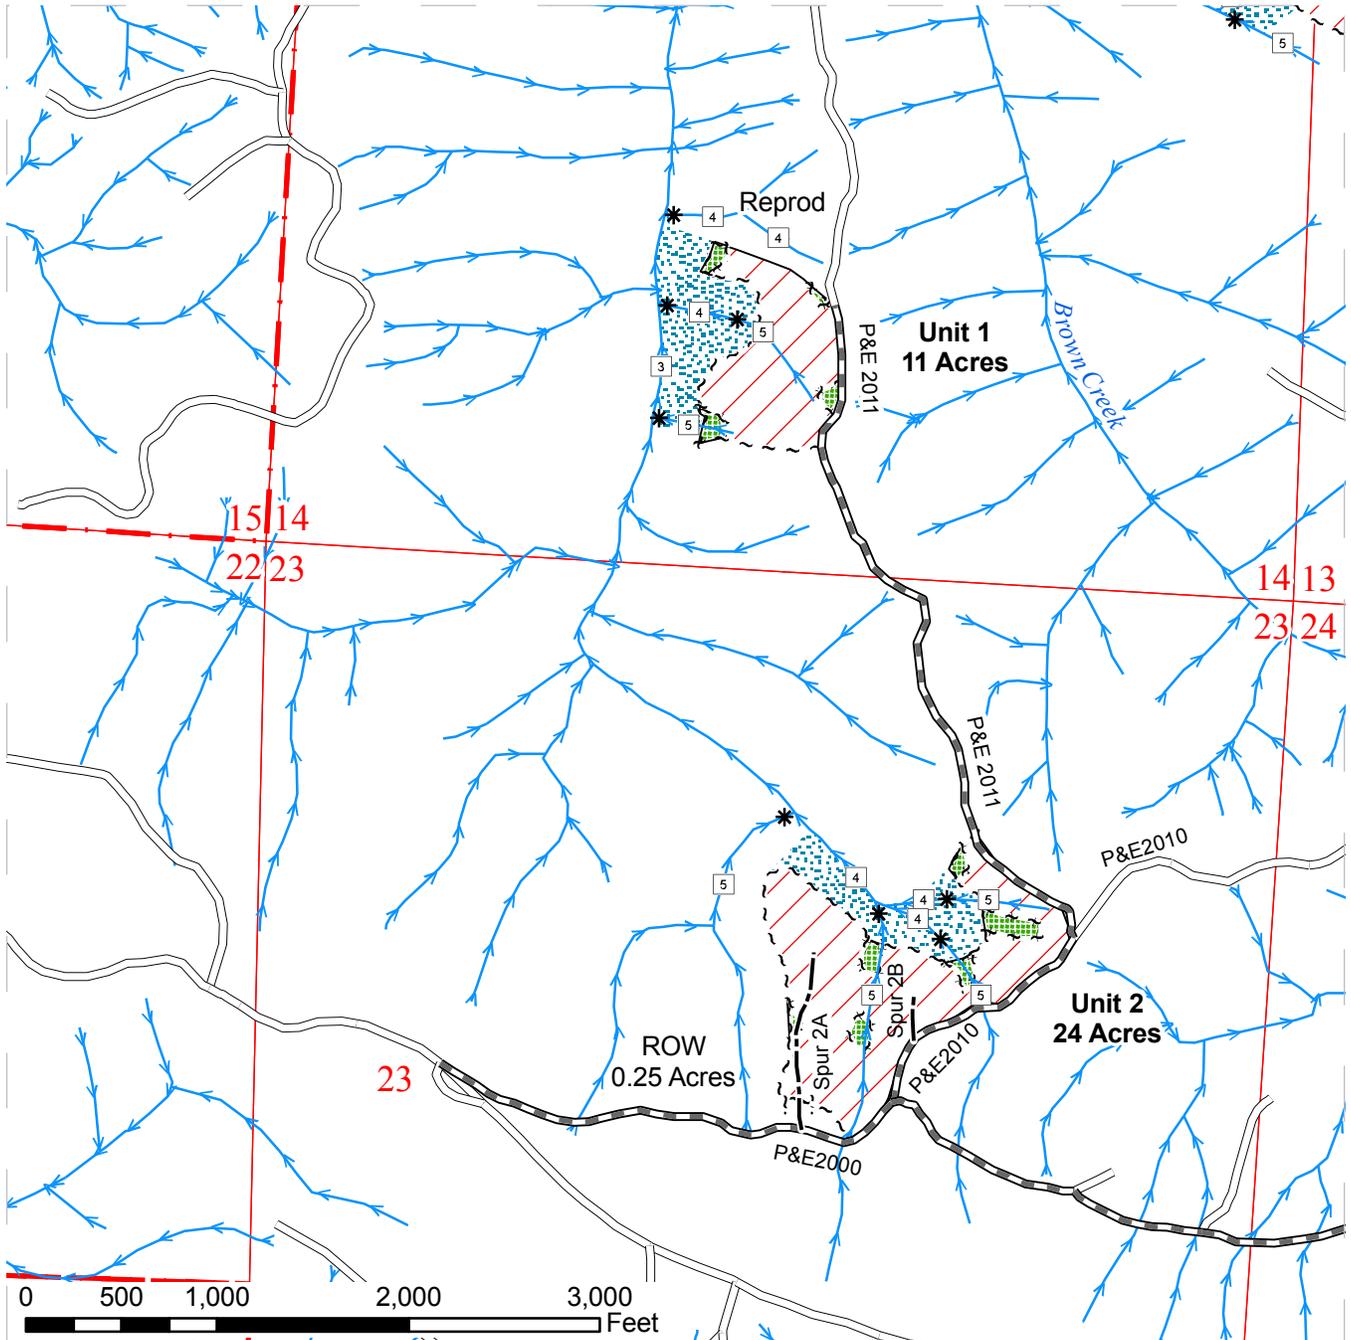

SPECIAL REMARKS:

This sale has approximately 39mbf of 2 saw mini peelers of western hemlock. Unit #2 has timing restriction of heavy equipment operations during the marbled murrelet nesting season from April 1 to August 31. Timing restrictions are described as no harvest or road construction activities within the critical marbled murrelet nesting season (April 1 to August 31) during the daily peak activity periods (one hour before official sunrise to two hours after official sunrise and one hour before official sunset to one hour after official sunset). Within shovel logging areas, the shovel operator shall break up concentrations of logging debris greater than 10 feet by 10 feet to allow exposure of natural forest soils to ensure proper reforestation. If Purchaser tailholds on State property, tailhold straps shall be used when tailholding on live trees to minimize damage, and approved in writing by the Contract Administrator.

Sale Total			11,004									

MINIMUM BID: \$1,562,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$200,000.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: October 31, 2010 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$156,200.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Tracked ground based equipment on slopes 35 percent and less. Cable equipment with lateral yarding capabilities on slopes 35 percent and greater. In the southern half of Unit #2, the Purchaser will be allowed to walk a shovel down a designated route, approved by the Contract Administrator. Yarding may be restricted during wet weather if rutting becomes excessive in the opinion of the Contract Administrator. If Purchaser elects to shovel log, shovel logging shall be done in accordance with the attached Schedule A, which is part of this contract. Falling and yarding will not be permitted from November 1 to April 30, nor at all on weekends or state recognized holidays unless authority to do so is granted, in writing, by the Contract Administrator. If permission is granted to operate between November 1 and April 30, the Purchaser may be required to provide a "Closed

TIMBER NOTICE OF SALE

Season Plan" to include further protection of water, soil, roads and other forest assets. The "Closed Season Plan" must be approved in writing by the Contract Administrator.

ROADS:

64.75 stations of required construction. 25.91 stations of required reconstruction. 72.93 stations of optional construction. 456.38 stations of required pre-haul maintenance. 451.14 stations of required post-haul maintenance. 14.59 stations of required abandonment. 72.93 stations of abandonment, if existing or constructed. Cross section designs are available at the South Puget Sound Region office upon request. Purchaser maintenance on the 5000 Road (from the intersection of the 5020 Road to the intersection of the 6000 Road), 5001, 5040, 5040-1, 5040-2, 5210, 5210-1, 6001, 6002, 6050, 6225, 6225-1 and 6225-2 Roads. Designated maintenance on all other roads used.

Rock for this proposal may be obtained from the 5000 Rock Pit, the 6200 Rock Pit, an optional pit that may be developed, or from the 6000 Rock Pit, which will be expanded, or from a commercial source at the Purchaser's expense. Timber haul, construction and rock haul will not be permitted from November 1 to April 30, nor at all on weekends or state recognized holidays unless authority to do so is granted, in writing, by the Contract Administrator. If permission is granted to operate between November 1 and April 30, the Purchaser may be required to provide a "Closed Season Plan" to include further protection of water, soil, roads and other forest assets. The "Closed Season Plan" must be approved in writing by the Contract Administrator. In addition, the operation of road construction equipment will not be allowed on the Cedar Ponds Road weekdays from 5:00 pm to 7:30 am, nor at all on weekends or state recognized holidays.

ACREAGE DETERMINATION

CRUISE METHOD:

Acreage in Units #1, #2, #3 and #4 were determined by traversing boundaries by GPS. Acreage in Unit #5 was determined by traversing boundaries by photo call. Right of way acreage was determined by using road design limits. Traverse GPS data files area available upon request by emailing audrey.mainwaring@dnr.wa.gov or calling Audrey Mainwaring at (360) 802-7001. DNR does not provide technical support or training in the use of GPS data files. Unit #1 was cruised using a variable plot sample with a BAF of 46.9/Full and 33.6/Full on a 300x300 foot grid; Unit #2 was cruised using a variable plot sample with a BAF of 62.5/Full on a 300x300 foot grid; Unit #3 was cruised using a variable plot sample with a BAF of 54.4/Full and 33.6/Full on a 300x300 foot grid; Unit #4 was cruised using a variable plot sample with a BAF of 62.5/Full and 46.9/Full on a 350x350 foot grid; Unit #5 was cruised using a variable plot sample with a BAF of 54.4/Full and 40.0/Full on a 350x350 foot grid; right of way #1 was 100% cruised; right of way #2 was cruised using a variable plot sample with a BAF of 54.4/Full every 700 feet; right of way #3 was cruised using a variable plot sample with a BAF of 62.5/Full every 125 feet.

FEES:

\$145,803.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS:

Purchaser assumes responsibility for any county road use permits and for all costs associated with permits and extra maintenance or repair levied by a county for any county road used by the Purchaser.

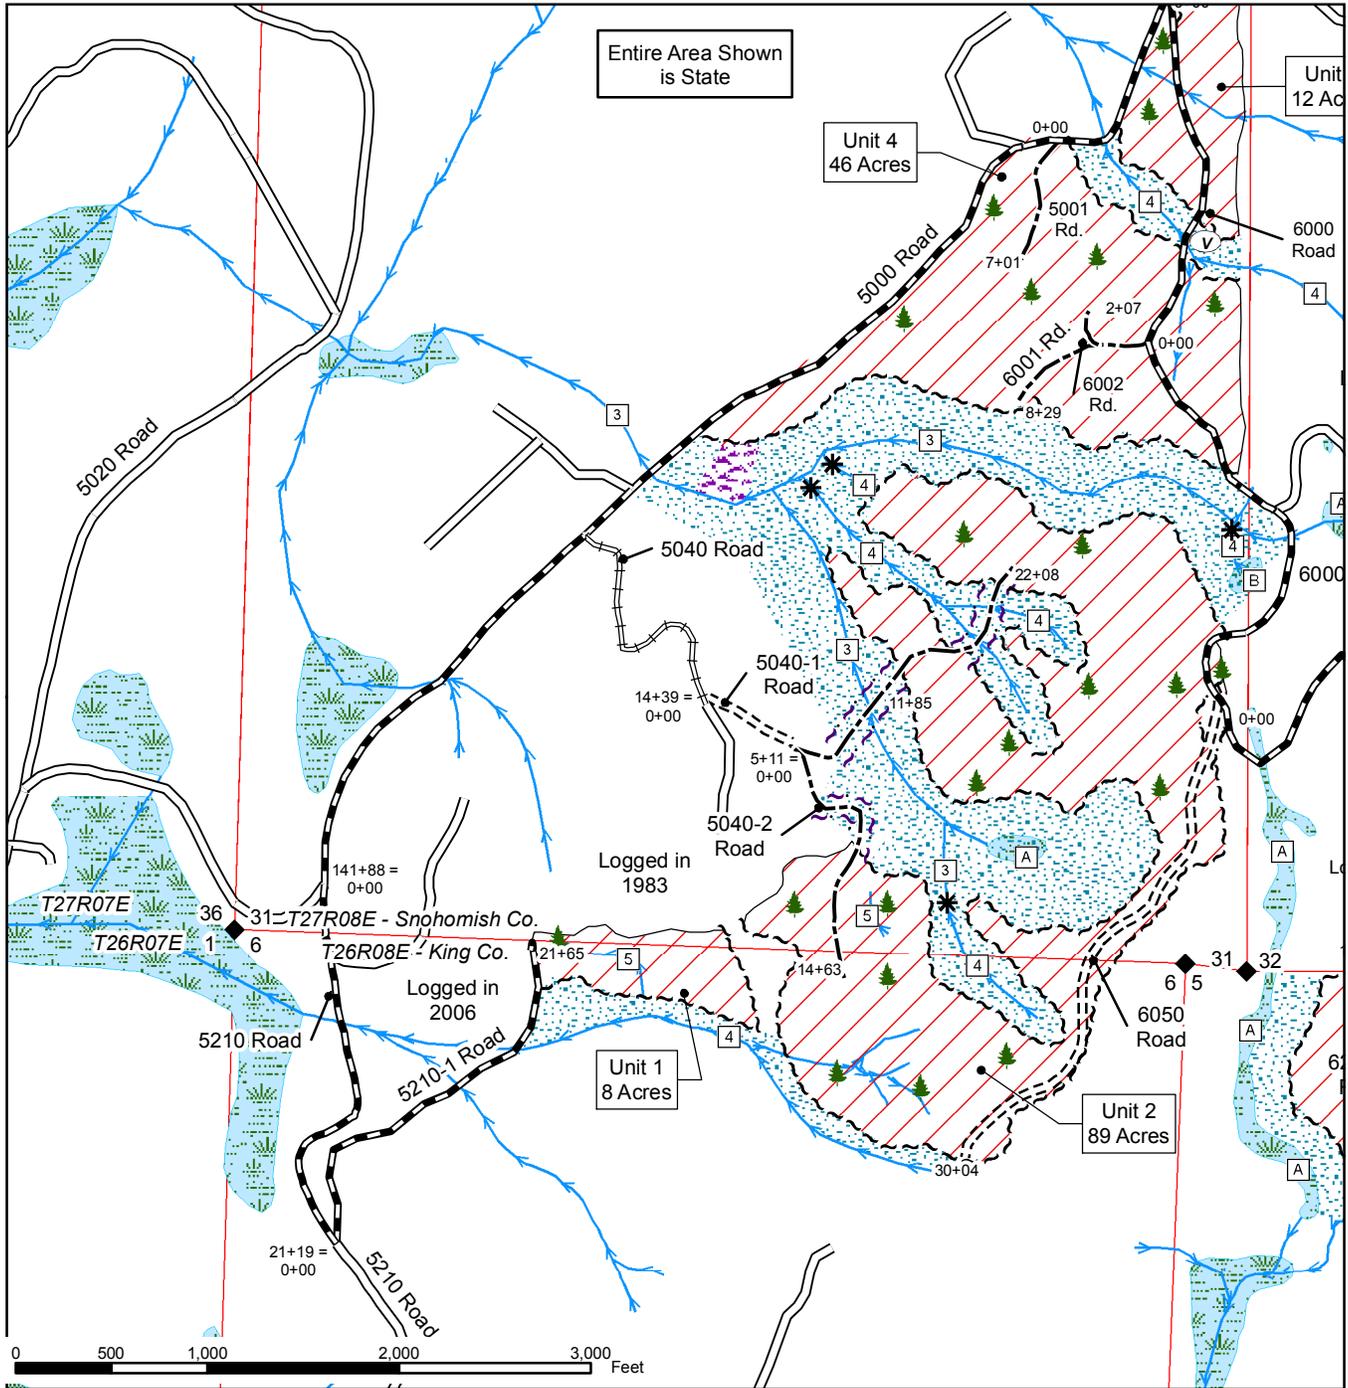

Required construction and reconstruction roads shall meet the original construction or reconstruction specifications at contract termination per contract clause C-050. This may include, but is not limited to grading at the Purchaser's expense following harvest.

Purchaser shall pull vine maple and leave roots exposed and detached from the soil in the ground based harvest area. Purchaser shall cut vine maple and sever from the stump in the cable harvest area.

REGION: South Puget Sound Region
COUNTY(S): KING, SNOHOMISH
ELEVATION RGE: 632-1545 ft.

DRIVING DIRECTIONS:

This proposal is best accessed from highway 203 approximately 2.5 miles northwest of Carnation. Turn right on Stillwater Hill road that turns into Kelly Road for approximately 3.2 miles. Turn right on Stossel Creek Road and travel 1.5 miles to the end of the pavement. Travel north on the gravel road (Stossel Creek Road) for another 6.0 miles to locked gate number 1029. From there travel .5 miles to the 5000/5210 intersection and turn right. Travel .1 miles to locked gate number 1012. Follow the 5210 Road until the first intersection for .2 miles and go left on the 5210-1 Road. Follow to the end for about .3 miles. Unit 1 will be on the right hand side. From the 5000/5210 intersection travel north for 1.4 miles to the intersection of the 5000/6000 road. Turn right to locked gate number 1013. At that gate Unit 3 begins. Travel for approximately 0.2 miles to the beginning of Unit 4. Travel another 0.2 miles to the intersection and go right. Travel 0.2 miles to the beginning of Unit 2. From there travel .3 miles to the 6000 Rock Pit on the left hand side. From there travel another .1 miles to the intersection and go right. Travel about 0.2 miles to the next intersection and go left. Travel about 0.2 miles to the 6200 Rock Pit on the left hand side. From the last intersection, stay to the right for about 0.4 miles to reach Unit 5. Back down to locked gate number 1013 at the intersection of the 5000/6000 road, head north for .2 miles to the 5000 Rock Pit on the right hand side of the road. From there travel approximately 1 mile to where the next 1,459 feet of road will be abandoned along with the removal of four fish barrier culverts. At approximately the mid point of the abandonment, there is a washout. From this point you must walk to see the remainder. From the end of the abandonment, travel .2 miles to locked gate number 1028. Take first right past gate number 1028 to Youngs Creek bridge. Both approaches will be paved. From gate number 1028, travel north for .5 miles to the next Youngs Creek bridge where both approaches will be paved.

TIMBER NOTICE OF SALE

SALE NAME: WALLACE BLISS

AGREEMENT NO: 30-083191

AUCTION: May 27, 2009 starting at 10:00 a.m.,
Northwest Region Office, Sedro Woolley, WA

COUNTY: Snohomish

SALE LOCATION: Sale located approximately 8 miles northeast of Startup

PRODUCTS SOLD AND SALE AREA:

All timber bounded by white timber sale boundary tags, adjacent young stands, property boundaries, and the existing WF-ML Road, except trees marked with blue paint on the bole and root collar, forest products tagged out by yellow leave tree tags, and cedar snags, dead and down cedar trees, logs and stumps in Unit #1.

All timber bounded by white timber sale boundary tags, blue special management tags, adjacent young stands, and the existing WF-ML Road, except trees marked with blue paint on the bole and root collar, forest products tagged out by yellow leave tree area tags, cedar snags, dead and down cedar trees, logs and stumps in Unit #2.

All timber marked with blue special management tags on the bole AND marked with orange paint on the root collar along the east boundary of Unit #2.

All timber marked with orange paint on the bole and root collar located in the WMZ associated with Unit #2.

All timber bounded by white timber sale boundary tags and adjacent young stands, except trees marked with blue paint on the bole and root collar in Unit #3.

All timber bounded by orange right of way tags.

The above described products on part(s) of Sections 20 and 29 all in Township 28 North, Range 9 East, W.M., containing 64 acres, more or less.

ESTIMATED SALE VOLUMES AND QUALITY:

Species	Avg DBH	Ring Count	Total MBF	MBF by Grade								
				1P	2P	3P	SM	1S	2S	3S	4S	UT
Douglas fir	19	6	2,738				334		1,346	891	167	
Hemlock	13	6	352						136	167	49	
Red cedar	11		145							98	47	
Red alder	14		26							17	9	
Sale Total			3,261									

MINIMUM BID: \$484,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: \$96,800.00

SALE TYPE: Lump Sum

EXPIRATION DATE: September 30, 2010

ALLOCATION: Export Restricted

BID DEPOSIT: \$48,400.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

TIMBER NOTICE OF SALE

HARVEST METHOD: Cable; cable or shovel on slopes 35% or less. Tracked or rubber-tired skidders may only be used in Unit 3 on designated skid trails with written permission of the Contract Administrator. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS: 414.66 stations of required reconstruction. 39.21 stations of optional construction. 39.21 stations of road to be abandoned if built.

Development of an existing hardrock source (WF-58 Hardrock Pit) at station 308+58 of the WF-ML Road will involve clearing, stripping, drilling, shooting, and processing rock to generate approximately 166 cubic yards of riprap and approximately 3,240 cubic yards of 3-inch-minus ballast rock. This rock is available at no cost on State land.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD: Acres determined by GPS traverse. 85.7 acres gross. 2.0 acres deducted for green tree retention clumps and 3.0 acres deducted for existing road. 64.1 acres net. Cruised using variable plot method. Expansion factor used is 62.50. Sighting height is 4.5 feet. Grid size plot spacing is 240 x 200 feet in Unit #1 and 3. Plot ratio cruise count is 1:1 in Unit #1 and 3. Expansion factor used is 54.45. Sighting height is 4.5 feet. Grid size plot spacing is 200 x 200 feet in Unit #2. Plot ratio cruise count is 24:9 in Unit #2. 22 plots were taken in Unit #1 and 3, and 33 plots taken in Unit #2, for a total of 55 plots.

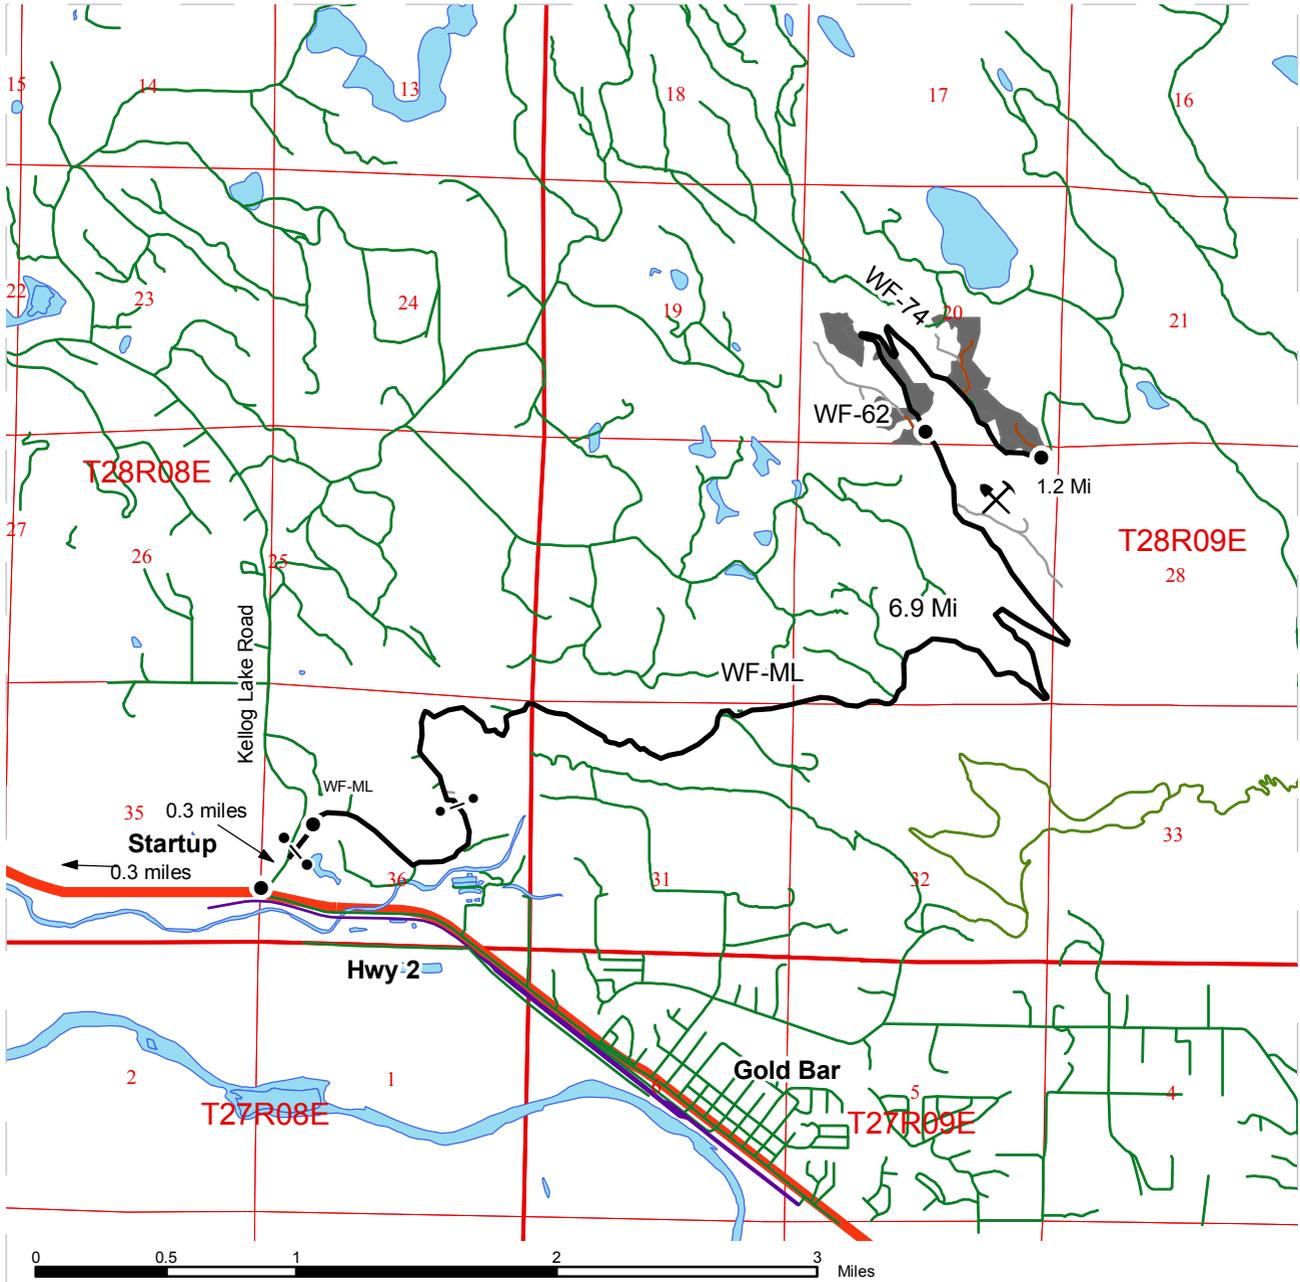

FEES: \$43,208.25 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: 1). Unit #3 is optional for harvest and removal but is still included in the lump sum sale value total, regardless. 2). Road-side brushing is part of this road plan.

EXPIRATION DATE: November 30, 2009

ALLOCATION: Export Restricted

PAYMENT SECURITY:

To be determined by the State as described in Clause P-041 of the Purchaser's Contract.

BIDDING

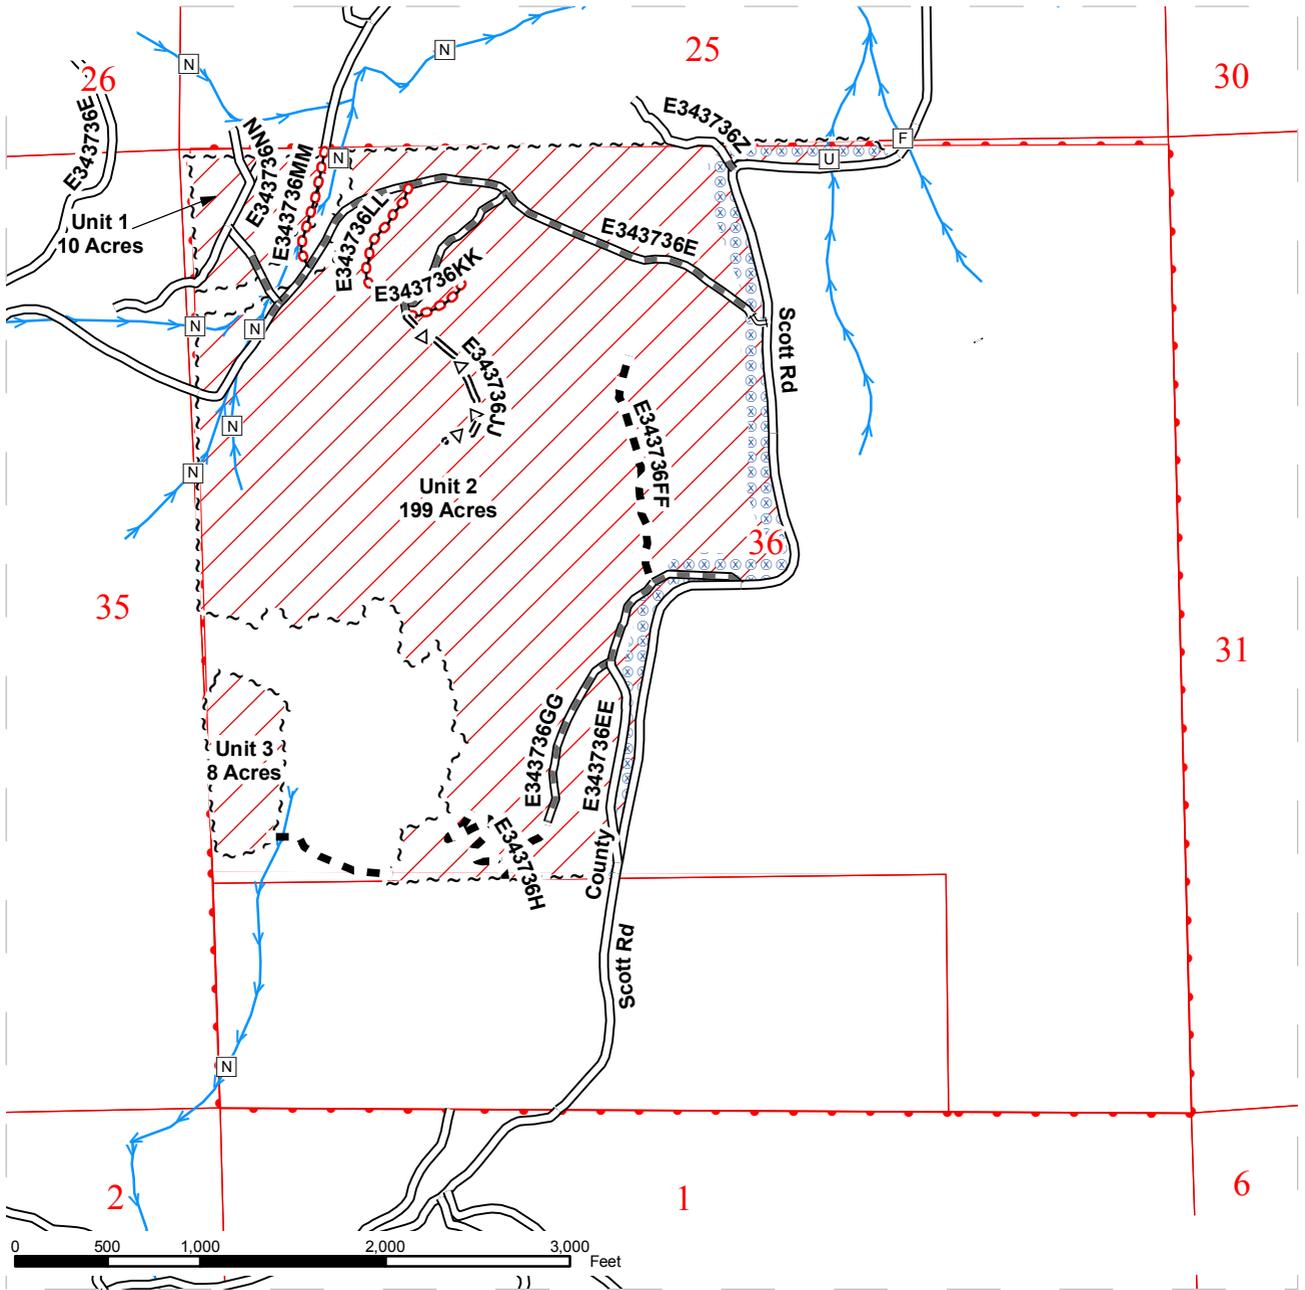

TIMBER NOTICE OF SALE

- PROCEDURES:** A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price. Complete bidding procedures and auction information may be obtained from the Northeast Region Office in Colville, WA. Phone number (509) 684-7474.
- HARVEST AND DELIVERY COSTS:** Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Haul Cost).
- Use the following rates for estimating taxable stumpage: Harvest Cost = tons(\$34.00, for utility \$8.00). Haul Cost = (tons)(\$2.63) + tons(\$0.16x C miles) + tons(\$0.08 x A miles)).
- SPECIAL REMARKS:** The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing and scaling costs. All mbf and tonnage loads will be weighed and all mbf loads will be scaled at State approved scaling locations. The State reserves the right to determine where logs are authorized to be scaled and weighed.
- For more information regarding this log sort sale visit our web site:
<http://www.dnr.wa.gov/htdocs/fr/sales/>. If you have questions call Phil Anderson at the Northeast Region office at (509) 684-7474 or Dave Richards at the Product Sales and Leasing Division Office in Olympia at (360) 902-1365.
- CONFIRMATION:** Each sort is subject to confirmation following auction. No sorts will be confirmed until at least 10 days after all sorts are successfully auctioned. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion.

Spruce	25.7	5	51	\$20.00						34	10	7		
Sale Total			9,429											

MINIMUM BID: \$131.25/MBF (est. value \$1,017,000.00) **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY:

\$100,000.00

SALE TYPE: MBF Scale

EXPIRATION DATE: December 31, 2010

ALLOCATION: Export Restricted

BIDDABLE SPECIES: Douglas fir

BID DEPOSIT: \$101,700.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable, motorized carriage and shovel harvesting equipment with shovel harvesting equipment being restricted to slopes of 35% and less during dry soil conditions. See Clause H-140 and Schedule L for further harvest requirements. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Shovel Yarding will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator. Additionally felling and yarding are restricted in Unit #1 from September 30 to May 1.

TIMBER NOTICE OF SALE

ROADS: 30.91 stations of required construction. 48.35 stations of optional construction. 569.66 stations of required pre-haul maintenance. Rock for construction and/or pre-haul maintenance under this contract may be obtained at no cost to the Purchaser from three State owned rock sources; the Too Thin Quarry located in Section 5, Township 17 North, Range 4 West, the Upper Lytle Quarry located in Section 24, Township 17 North, Range 5 West and the Five Forks Quarry located in Section 22, Township 18 North, Range 4 West, W.M. Rock for construction or pre-haul maintenance under this contract may be obtained from any commercial source as approved in writing by the Contract Administrator. Pre-haul Maintenance of the B-Line (station 0+00 to 130+00) intersects existing power line access roads. Purchaser shall pre-haul maintain intersecting roads so that the power line roads are accessible at all times. Road pre-haul maintenance is in close proximity to a high-pressure gas pipeline. All work shall be done in accordance with RCW 19.122, Underground Utilities. Purchaser is responsible for all notification and liabilities associated with the gas pipeline and its right-of-way. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. Road construction will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method. Harvesting activities are estimated to be approximately 60% ground-based and 40% cable harvesting.

FEES: \$124,930.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

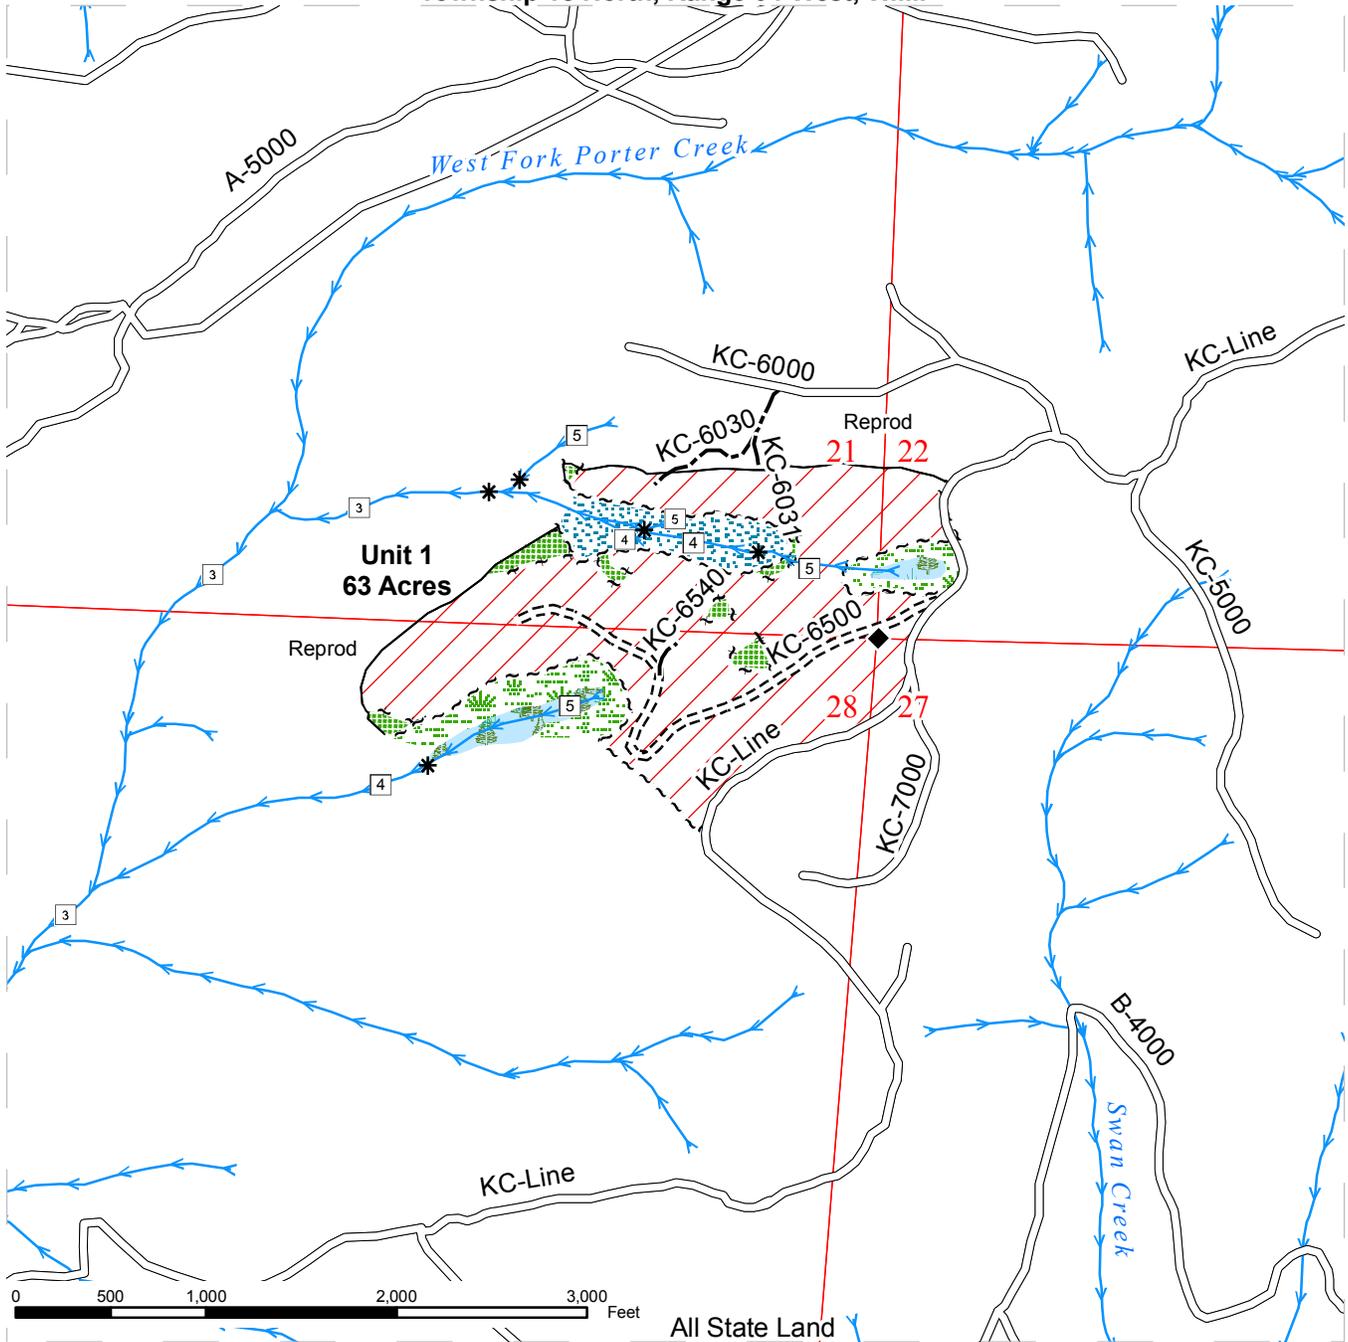

SPECIAL REMARKS: This sale contains approximately 55mbf of Douglas fir 2 and 3 saw mini peelers. Trees marked with blue paint in Units #1, #2 and #5 shall be considered sale volume. In the eastern portion of Unit #2, existing corridors shall be used within the leave tree area, wetland and WMZ. If additional corridors are needed, locations of yading corridors within the leave tree area, wetland and WMZ must be marked by Purchaser and approved by the Contract Administrator prior to the felling of timber. Unit # 5 of this sale is certified under the Forest Stewardship Council Standard (cert no: BV-FM/COC-080501). To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest, please visit www.fscus.org.

Hemlock	16.5		1,097						698	307	92	
Red alder	13.5		296						80	42	174	
Red cedar	24.6		136							124	12	
Maple	13		3								3	
Sale Total			6,432									

MINIMUM BID: \$922,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$100,000.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: December 31, 2010 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$92,200.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable, Shovel, Forwarder and Track skidder. Cable harvesting equipment, with shovel and tracked harvesting equipment being restricted to slopes of 40% and less, and to periods of dry soil conditions. Within shovel logging areas, the shovel operator shall break up concentrations of logging debris greater than 10 feet by 10 feet to allow exposure of natural forest soils to ensure proper reforestation. See Schedule L for further Harvesting Specifications. Ground Based Yarding will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

ROADS: 4.02 stations of required construction. 99.22 stations of optional construction. 76.32 stations of pre-haul maintenance. Rock for pre-haul maintenance and construction under this contract may be obtained at no cost to the Purchaser from the Gung Ho Pit located in Section 36, Township 9 North, Range 5 West. Surfacing rock may be obtained at no cost to the Purchaser from the E-2900 Stockpile located in Section 31, Township 9 North, Range 4 West. Vegetative material will be brushed from both sides of the E-2910 road.

TIMBER NOTICE OF SALE

Road construction will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method. Harvesting activities are estimated to be approximately 70% ground-based and 30% cable harvesting.

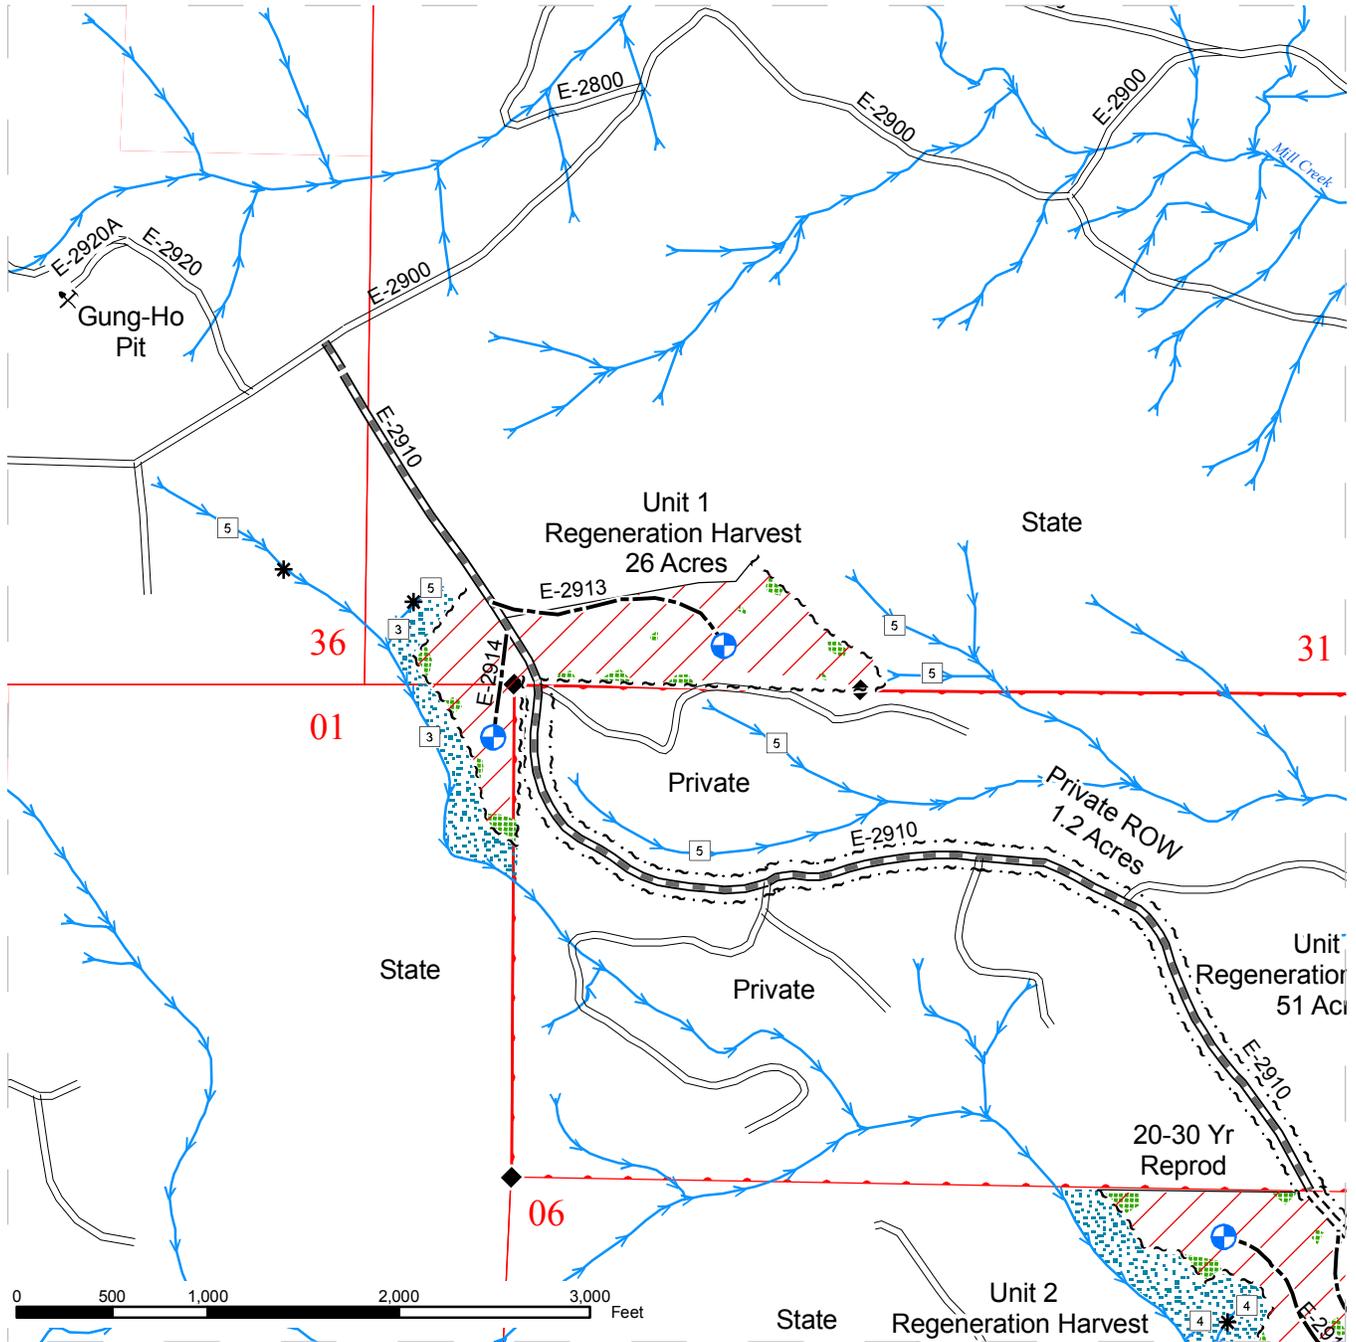

FEES: Longview Timberlands LLC Right of Way Easement of \$4,000.00. \$85,224.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: This sale contains approximately 64mbf 2 saw Douglas fir minpeelers. A detailed felling and yarding plan shall be required and approved in writing by the Contract Administrator, prior to any harvest activities. Areas of root rot identified by the fallers or the Contract Administrator shall be marked around the perimeter by high stumping or marking the top of the stump with an 'X' in Unit #3. Lead end suspension required on all cable settings. The use of unmuffled 'jake brakes' will not be permitted on Mill Creek Road.

Driving Directions:

While traveling on Highway 4 between Mile Markers 47 and 48, turn north on Mill Creek Road. Follow Mill Creek Road to the end (3.1 Miles). Turn left onto the E-2000 go 0.5 miles and turn left onto the E-2900, once on the E-2900 there will be a stockpile on your right, before the bridge. Follow the E-2900 for 1.2 miles, at the top of the hill turn left onto the E-2910. Continue on the E-2910 for 0.4 miles, Unit 1 will be on both sides of the road. Continue on the E-2910 for 1.1 miles and Unit 2 will be on your right. Unit 3 is a short hike from the road.

WARNING The last 1.1 miles of the E-2910 is very overgrown!

TIMBER NOTICE OF SALE

SALE NAME: *Oh Darlin FIT Log Sorts* **AGREEMENT NO:** *30-84000 - 30-84001*

AUCTION: May 26, 2009, starting at 10:00 a.m., **COUNTY:** Yakima
Southeast Region Office, Ellensburg WA.

SALE LOCATION: Sale located approximately 36 miles west of Yakima WA.

PRODUCTS SOLD AND SALE AREA: All delivered timber, meeting the specifications described below; on parts of Section 26, Township 12 North, Range 13 East, W.M. , containing 273 acres, more or less.

MINIMUM BID AND ESTIMATED LOG SORT VOLUMES:

Agreement #	Sort #	Species and Sort Specifications	Average Log Length	Estimated Volume		Minimum Bid Delivered Prices	Total Appraised Value	Bid Deposit
				MBF	Bone Dry Tons*	\$/Bone Dry Ton		
30-084000	1	White Wood Chips	N/A	2557	12100	\$100.17	\$1,212,057.00	\$121,206.00
30-084001	2	Hog Fuel	N/A	N/A	321	\$25.00	\$8,025.00	\$802.50

*Approximately 80% of volume is green wood and 20% is dead wood. Of the total volume 30% is lodgepole pine, 65% is Alpine fir and 5% is Engelmann spruce. We estimate that there are 12,421 Bone Dry Tons (21043 Green Tons). Estimated average moisture content is 41%. **Bids must be submitted on a Bone Dry Ton basis.**

BID METHOD: Sealed Bids **UNIT OF MEASURE:** Bone Dry Tonnage scale

EXPIRATION DATE: December 31, 2009 **ALLOCATION:** Export Restricted

PAYMENT SECURITY: To be determined by the State as described in Clause P-041 of the Purchaser's Contract.

BIDDING PROCEDURES: A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price. Complete bidding procedures and auction information may be obtained from the Southeast Region Office in Ellensburg, WA. Phone number 509-925-8510.

HARVEST AND DELIVERY COSTS: Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Haul Cost + ARRF).

Use the following rates for estimating taxable stumpage: Harvest Cost = tons (\$42.00 per green ton estimated). Haul Cost = (tons)(\$2.63) + tons(\$0.16x C miles) + tons(\$0.07 x A miles subject to indexing change due April 1)).

TIMBER NOTICE OF SALE

SPECIAL REMARKS: The successful Purchaser(s) will be required to purchase chips from the sale area upon delivery to their location specified in the bid submitted. Chips will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing costs. All loads will be weighed at State approved scaling locations. The State reserves the right to determine where logs are authorized to be weighed.

This is a whole tree chipping operation. It is a high elevation sale. Snow machines may be necessary for viewing during winter months. Deliveries are not expected to begin before June 15th.

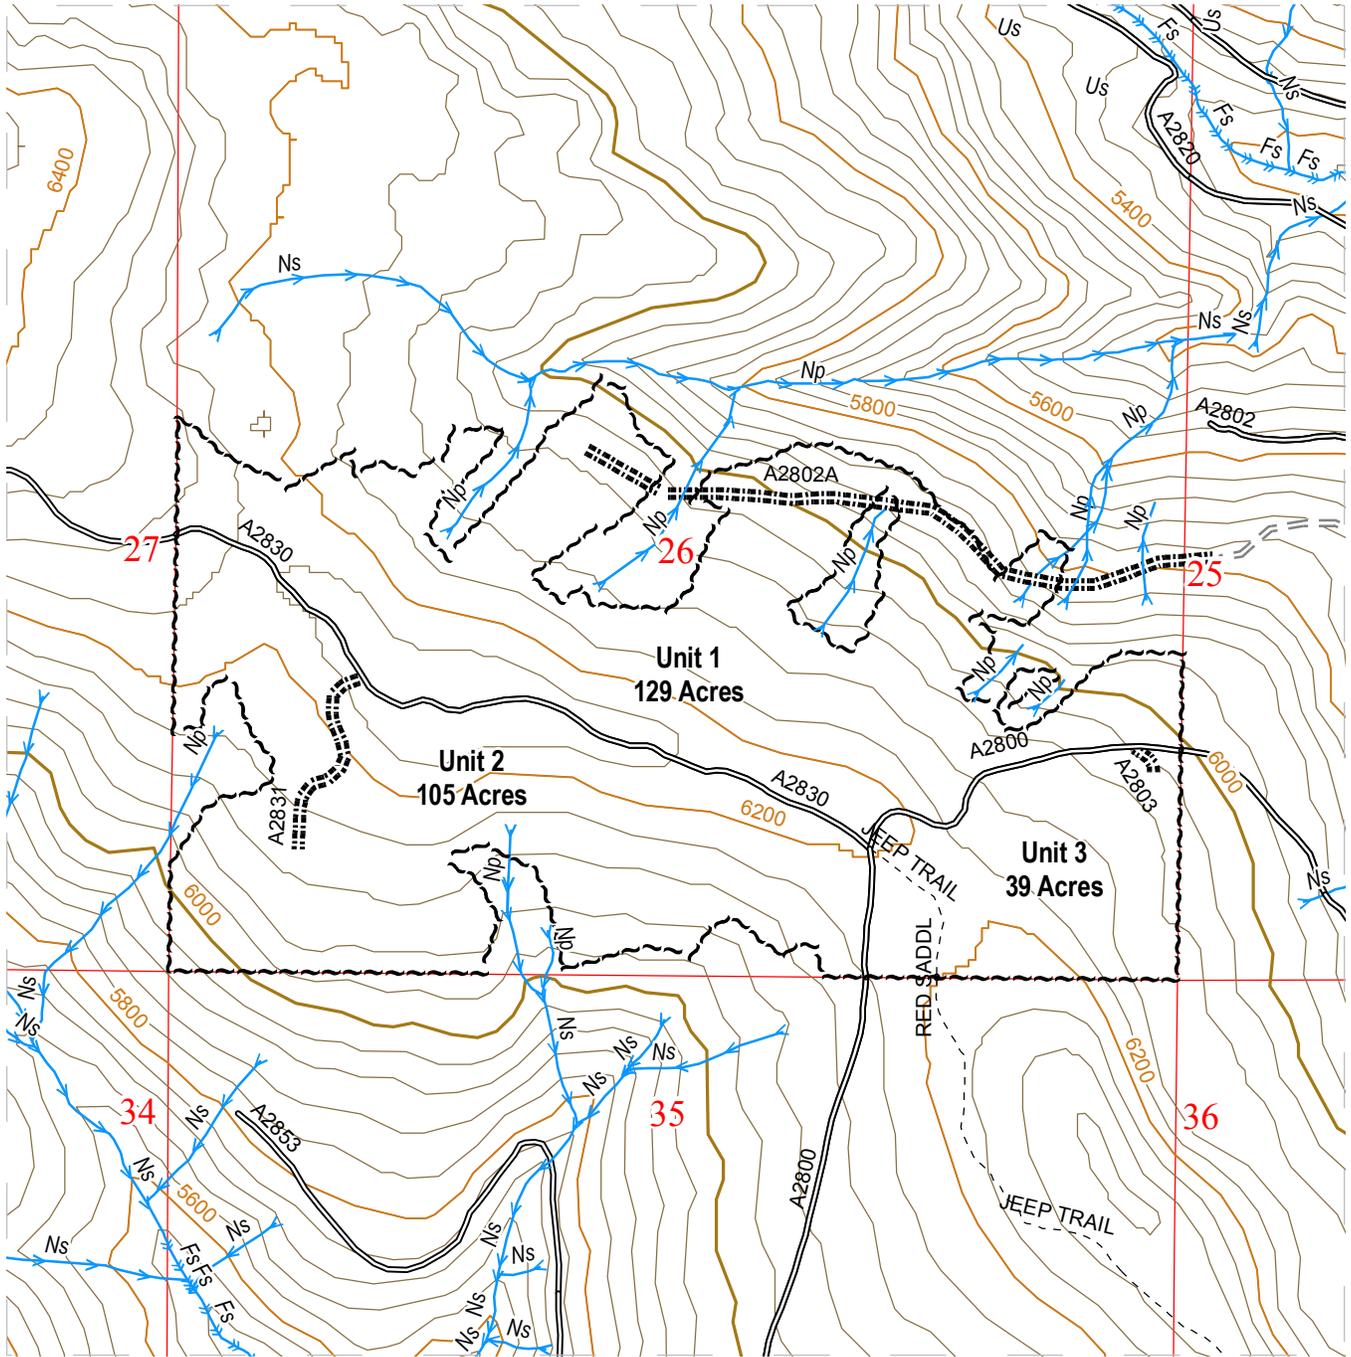

For more information regarding this log sort sale visit our web site:
<http://www.dnr.wa.gov/htdocs/fr/sales/>. If you have questions call Linda Hazlett at the Southeast Region office at 509-925-0907.

CONFIRMATION: Each sort is subject to confirmation following auction. No sorts will be confirmed until at least 10 days after all sorts are successfully auctioned. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion.

Sale Total			2,706									

MINIMUM BID: \$248,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$125,000.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: September 30, 2010 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$24,800.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Ground based equipment on slopes 30 percent and less. Cable equipment, with lateral yarding capabilities, on slopes greater than 30 percent. Yarding may be restricted during wet weather conditions if, in the opinion of the Contract Administrator, excessive rutting occurs. If Purchaser elects to shovel log, shovel logging shall be in accordance with the attached Shovel Logging Specifications as identified in Schedule A, which is a part of this contract. Falling and yarding will not be permitted weekdays from 7:00 pm to 7:00 am, nor at all on weekends or state recognized holidays, unless approved in writing by the Contract Administrator.

ROADS: 6.46 stations of required construction. 4.55 stations of required reconstruction. 30.75 stations of optional construction. 12.36 stations of optional reconstruction. 43.11 stations of abandonment, if constructed or reconstructed. Cross section designs are available at the South Puget Sound Region office upon request. Purchaser maintenance on all roads used. Rock for this proposal can be obtained at no cost to the Purchaser from the state owned Horse Camp Rock Pit. Road construction and rock haul shall not be permitted from October 1 to April 30, unless authority to do so is granted, in writing, by the Contract Administrator. If permission is granted to operate from October 1 to April 30, the Purchaser may be required to provide a "Closed Season Plan" to include further protection of water, soil, roads and other forest assets. The "Closed Season Plan" must be

TIMBER NOTICE OF SALE

approved in writing by the Contract Administrator. Road construction, timber haul and rock haul will also not be permitted weekdays from 7:00 pm to 7:00 am, nor at all on weekends or state recognized holidays, unless approved in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: Acreage was determined by traversing boundaries by Trimble GPS. Traverse GPS data files are available upon request by emailing audrey.mainwaring@dnr.wa.gov or calling Audrey Mainwaring at (360) 802-7001. DNR does not provide technical support or training in the use of GPS data files. The unit was cruised using a variable plot sample with a BAF of 40 on a 240x220 foot grid. Right of way was cruised using a variable plot sample with a BAF of 40 every 85 feet.

FEES: \$35,855.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: This sale is certified under the Forest Stewardship Council Standard (cert no: BV-FM/COC-080501). To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest, please visit www.fscus.org.

Required reconstruction includes removal of a fish barrier culvert from a Type 3 stream, plus acquisition and installation of a 50'x14' steel and/or concrete bridge over the stream. See Road Plan for details. DNR has applied for an HPA for the culvert removal/bridge installation project.

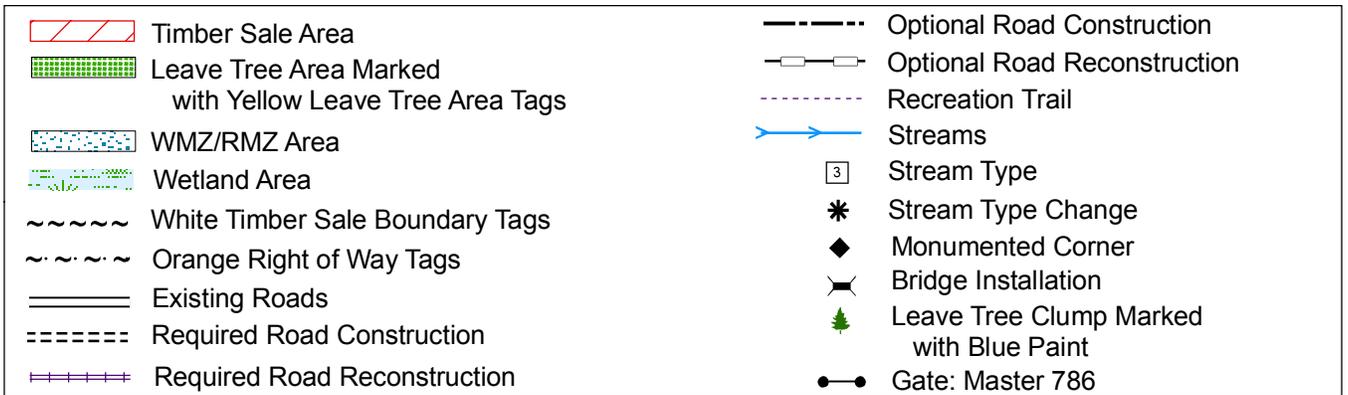

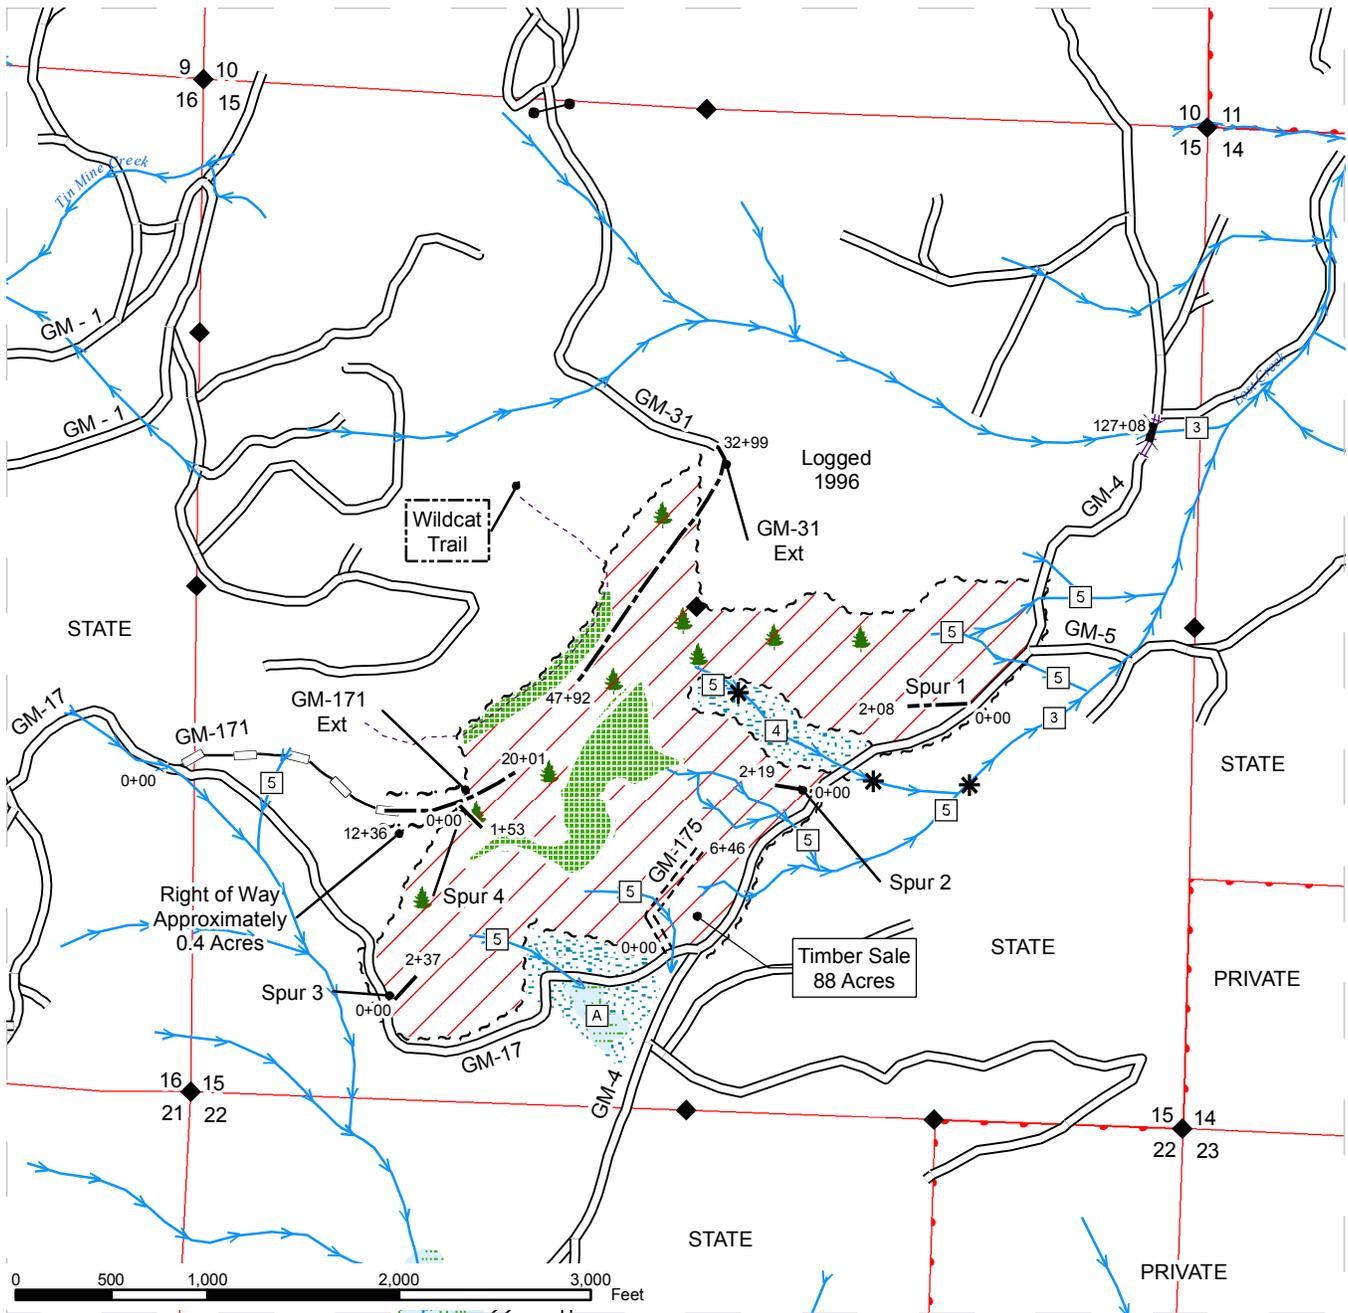

Cable yarding corridors will be allowed through the 7.4 acre leave tree area. Cable corridors shall not be greater than 15 feet in width and locations must be approved in writing by the Contract Administrator prior to use. Trees felled for cable corridors within the leave tree area shall not be removed.

The majority of mini peeler quality logs are in the northern portion of the unit.

TIMBER NOTICE OF SALE

SPECIAL REMARKS: Access off of county road. Good quality Douglas fir. There are aluminum tags and yellow paint from a past fertilization study which can be disregarded. Purchaser must develop a plan to be approved by the Contract Administrator to protect residual trees and advance regeneration from damage. Cutting of ponderosa pine will not be allowed January 1 to June 30 to prevent possible IPS beetle infestation unless a written plan to prevent concentrations of slash is approved by the Contract Administrator. Winter logging may be allowed if weather conditions permit (dry or frozen).

Red alder	8.8		12	250	\$8.00								12	
Sale Total			3,430	24,685										

MINIMUM BID: \$8.45/ton (est. value \$208,000.00) **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$41,600.00 **SALE TYPE:** Tonnage Scale

EXPIRATION DATE: December 31, 2011 **ALLOCATION:** Export Restricted

BIDDABLE SPECIES: Douglas fir

BID DEPOSIT: \$20,800.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable and ground-based harvesting equipment with ground-based harvesting equipment being restricted to slopes of 40% and less during dry soil conditions. See Clause H-140 and Schedule L for further harvest requirements. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Felling and Yarding will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

ROADS: 45.67 stations of required reconstruction. 29.99 stations of optional construction. 93.65 stations of optional reconstruction. 107.65 stations of required pre-haul maintenance. 79.43 stations of road deactivation. 38.22 stations of heavy road abandonment. Rock for construction, reconstruction, or pre-haul maintenance under this contract may be obtained at no cost to the Purchaser from the W-2200 rock pit or Salmon Creek Quarry, both

TIMBER NOTICE OF SALE

located in Section 3, Township 11 North, Range 2 East, W.M. Rock for reconstruction of the W-4000 road (stations 16+50 to 30+41) may be obtained from an existing stockpile in the Salmon Creek Quarry at no charge to the Purchaser. Purchaser shall remove no more than 500 cubic yards of 2 INCH MINUS CRUSHED rock. Rock for construction, reconstruction, or pre-haul maintenance under this contract may be obtained from any commercial source as approved in writing by the Contract Administrator. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. Road construction will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method. Harvesting activities are estimated to be approximately 85% ground-based and 15% cable harvesting.

FEES: \$45,450.00 is due on day of sale. \$1.25 per ton is due upon removal. These are in addition to the bid price.

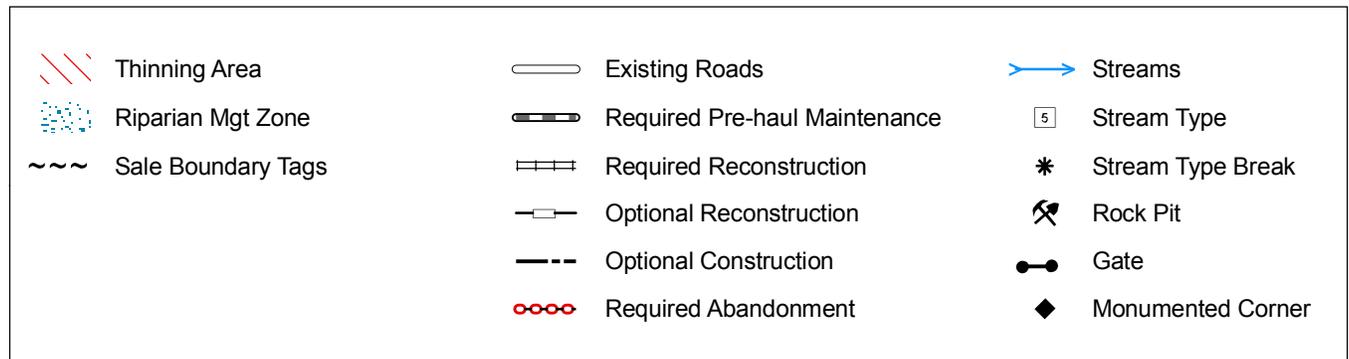

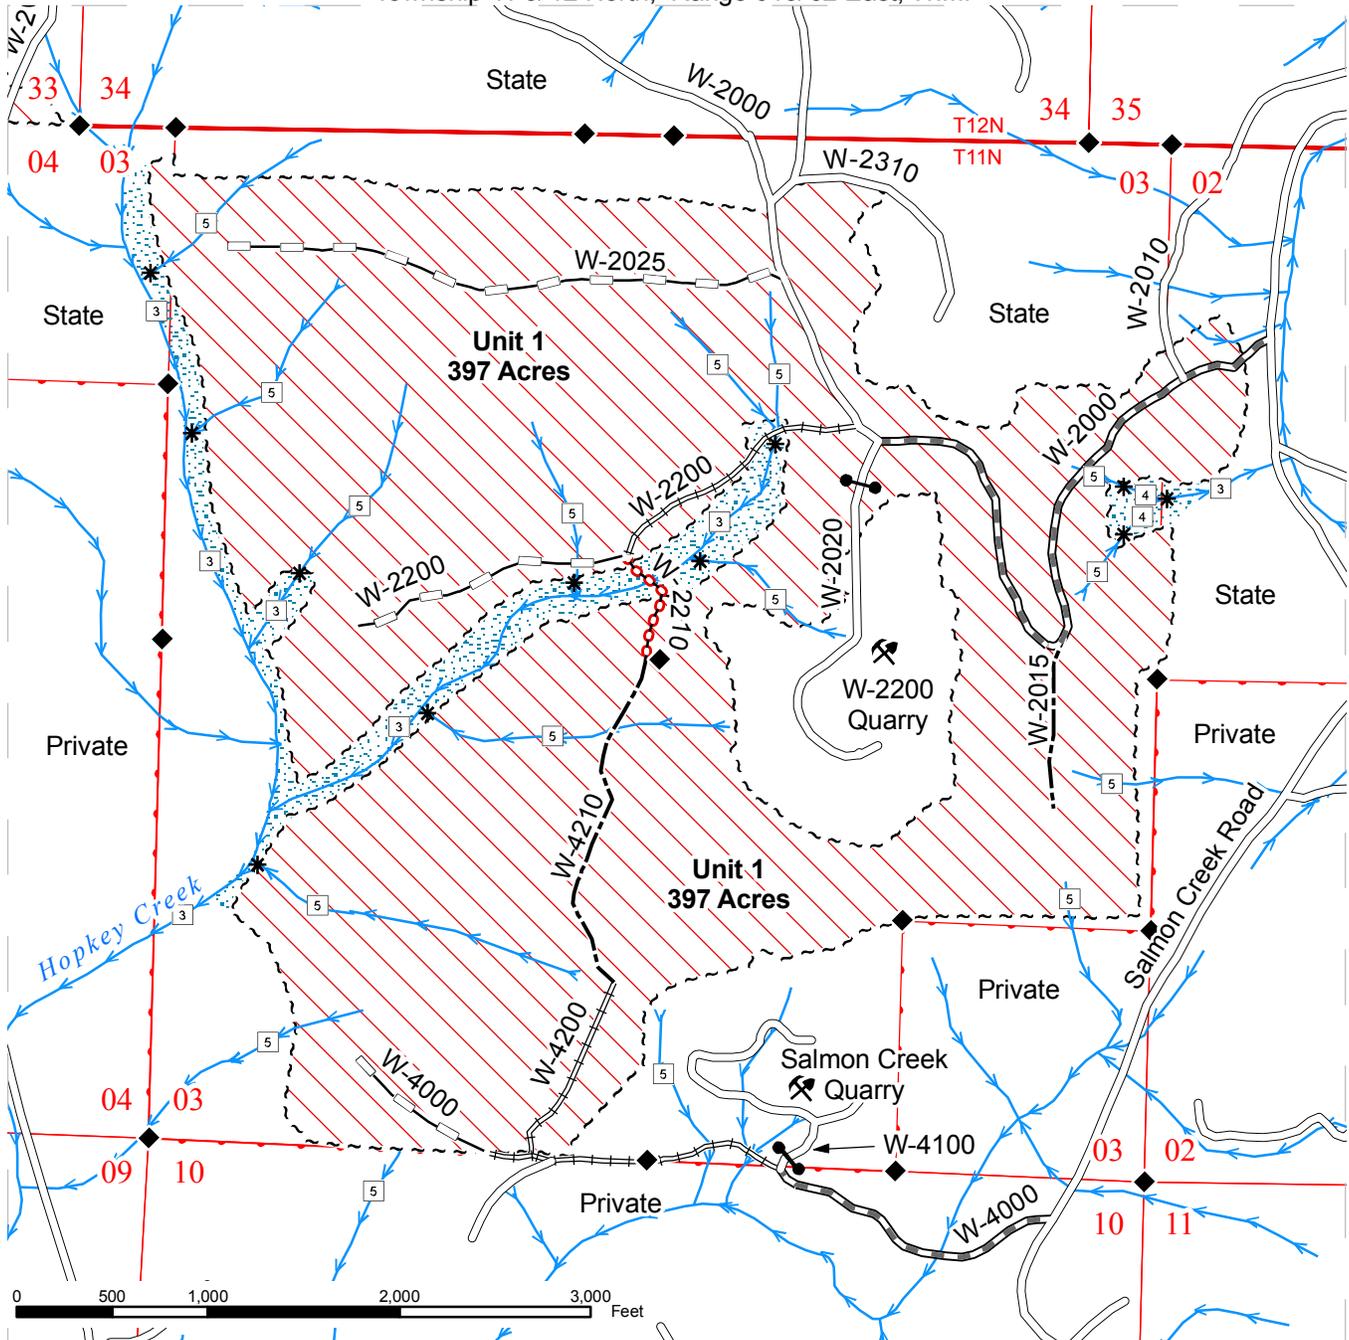

SPECIAL REMARKS: Timber marked for right-of-way removal may only be felled and removed if road is to be built and used. All timber shall be yarded and hauled within 30 days of being felled. Five trees from the larger diameter class per RMZ acre shall be selected from the first 25 to 50 feet outside the no-harvest 25-foot zone and felled towards the typed water to serve as down wood; see Schedule A for further details. If any trees in the type 3 inner zone (25 feet from edge of stream) need to be removed during reconstruction of the W-2200 road, one log from the largest cut conifer diameter class will be placed across the stream on the down-stream side of the crossing. If available, three root wads will also be placed in or along the stream channel on the down-stream side. All grubbed stumps from the inner zone will be placed in a linear fashion at least 50 feet from the road in the middle or outer zone of the RMZ. See driving map for gate locations. Gate keys may be obtained from the Pacific Cascade Region office.

PERFORMANCE SECURITY: \$48,600.00 **SALE TYPE:** MBF Scale

EXPIRATION DATE: December 31, 2010 **ALLOCATION:** Export Restricted

BIDDABLE SPECIES: Douglas fir

BID DEPOSIT: \$24,300.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable and Ground based equipment. Cable and ground-based harvesting equipment, with ground-based harvesting equipment being restricted to slopes of 35% and less during dry soil conditions, and tracked and rubber tired skidders being restricted to the designated skid trail only. See Clause H-140 and Schedule L for further harvest specifications. Full log suspension is required over a small portion of Unit #1, north of the M-150 road (see timber sale map). One skid trail will be allowed in Unit #1 to yard an isolated portion of the unit; an existing orphaned grade will be the skid trail location. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator.

TIMBER NOTICE OF SALE

ROADS: 63.02 stations of optional construction. 18.91 stations of optional reconstruction. 222.20 stations of required pre-haul maintenance. Rock for construction and/or reconstruction under this contract may be obtained at no cost to the Purchaser from the B-1321 Quarry located in Section 30, Township 13 North, Range 8 West and the Sawmill M-Line Quarry located in Section 3, Township 12 North, Range 8 West. Rock for construction and/or reconstruction under this contract may be obtained from any commercial source as approved in writing by the Contract Administrator. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. Road construction will not be permitted from September 30 to July 1 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: Acreage was determined by GPS. Cruise was completed using variable plot cruise methods. Harvesting activities are estimated to be 30% cable and 70% ground-based harvesting.

FEES: \$52,258.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

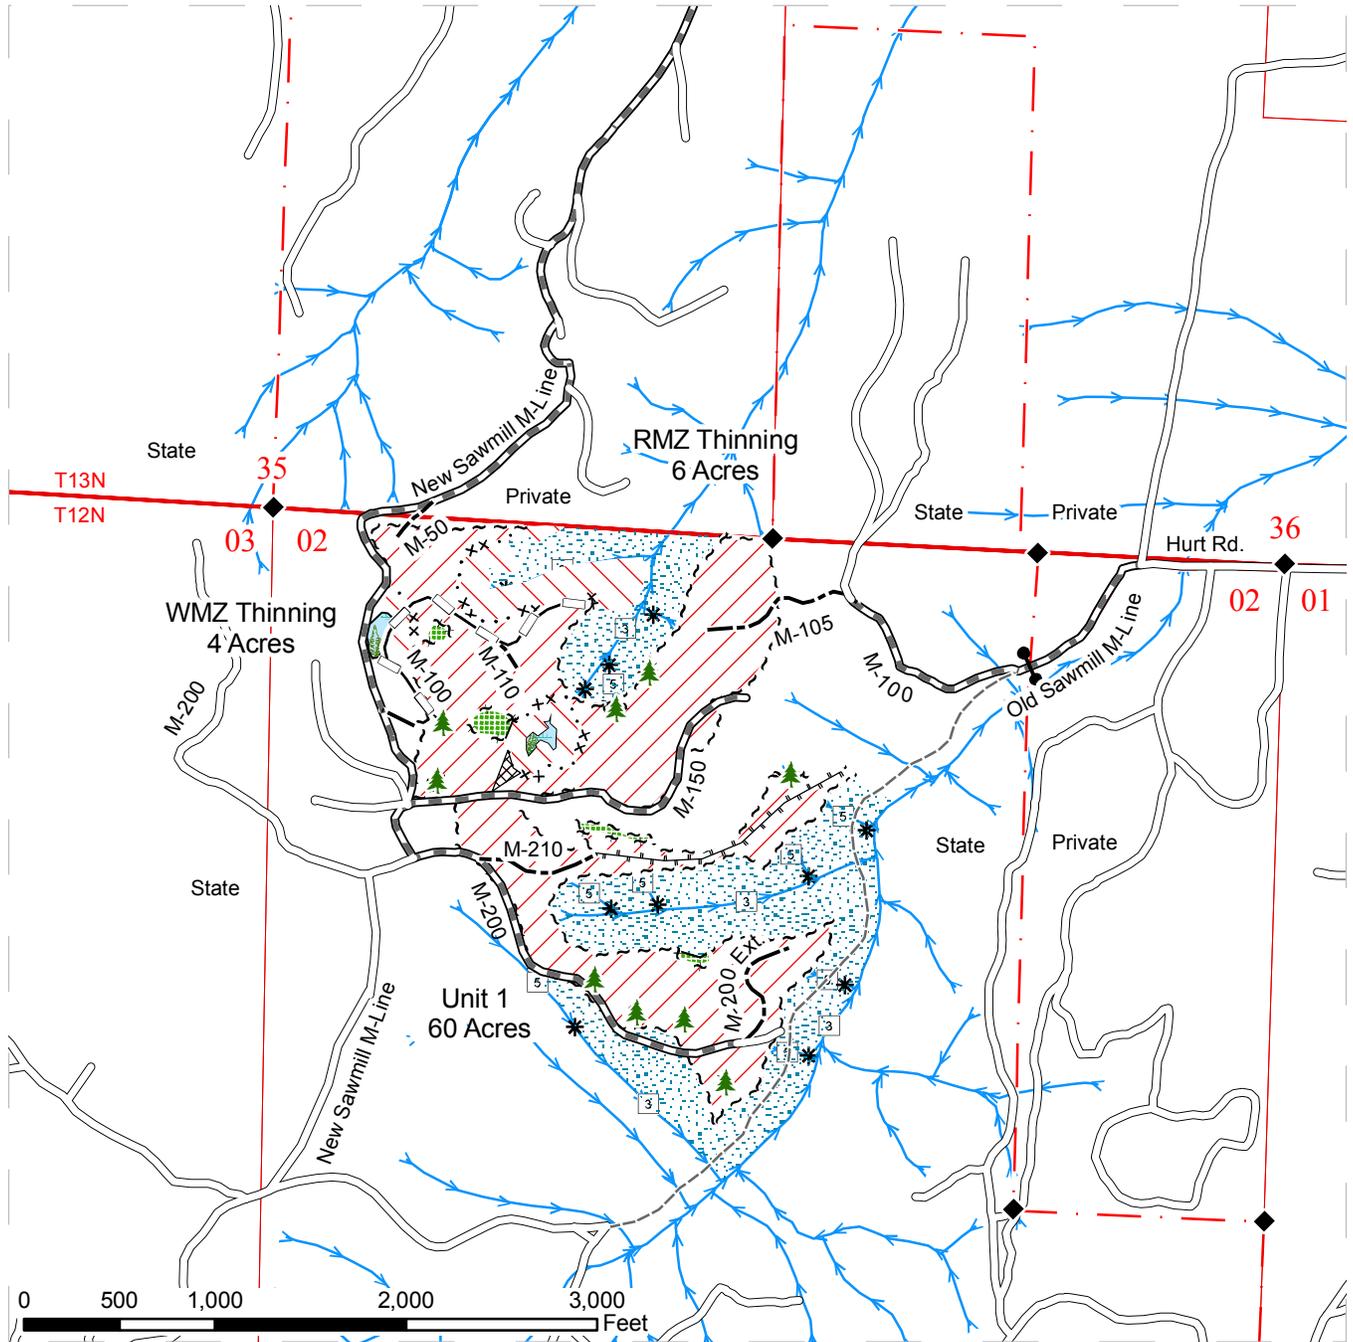

SPECIAL REMARKS: Timber marked with a DOUBLE ring of orange paint or with an orange "S" within the special management area are to be felled towards streams. See driving map for gate locations. Gate keys may be obtained from the Pacific Cascade Region office.

TIMBER NOTICE OF SALE

SALE NAME: ALDERMORE

AGREEMENT NO: 30-082550

AUCTION: May 26, 2009 starting at 10:00 a.m., **COUNTY:** Pierce
South Puget Sound Region Office, Enumclaw, WA

SALE LOCATION: Sale located approximately 6 miles north of Elbe.

PRODUCTS SOLD AND SALE AREA: All merchantable timber and utility logs resulting from the processing of merchantable timber bounded by white timber sale boundary tags, except those trees described as leave trees in Schedule A in Unit #1; all merchantable timber and utility logs resulting from the processing of merchantable timber bounded by orange right of ways tags on part(s) of Sections 3 all in Township 15 North, Range 5 East, W.M., containing 57 acres, more or less.

ESTIMATED SALE VOLUMES AND QUALITY:

Species	Avg DBH	Ring Count	Total MBF	Total \$/MBF	MBF by Grade								
					1P	2P	3P	SM	1S	2S	3S	4S	UT
Red alder	14.5		404	\$148.00					5	74	139	186	
Douglas fir	20.1	8	205	\$50.00						131	62	12	
Cottonwood	26		60	\$5.00	9				25	24		2	
Hemlock	14.6		40	\$5.00						19	13	8	
Silver fir	28		3	\$5.00						3			
Sale Total			712										

MINIMUM BID: \$148/MBF (est. value \$70,000.00) **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$25,000.00 **SALE TYPE:** MBF Scale

EXPIRATION DATE: May 31, 2010 **ALLOCATION:** Export Restricted

BIDDABLE SPECIES: Red alder

BID DEPOSIT: \$7,000.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable yarding system with a slack pulling carriage. Cable yarding may be restricted during wet weather conditions, if in the opinion of the Contract Administrator, excessive rutting occurs. Falling and yarding will not be permitted on any weekends or state recognized holidays, unless approved in writing by the Contract Administrator.

ROADS: 11.53 stations of required construction. 14.80 stations of optional construction. 276.33 stations of required pre-haul maintenance. Cross section designs are available at the South Puget Sound Region office upon request. Purchaser maintenance on Spur 1, the 591 and 591-1 Roads. Designated maintenance on all other roads used. Road construction, timber haul and rock haul shall not be permitted from November 1 to May 31, unless authority to do so is granted, in writing, by the Contract Administrator. If permission is granted to operate from November 1 to May 31, the Purchaser may be required to provide a "Closed Season Plan" to include further protection of water, soil, roads and other forest assets. The "Closed Season Plan" must be approved in writing by the Contract Administrator. Road construction, timber haul and rock haul will also not be

TIMBER NOTICE OF SALE

permitted on any weekends or state recognized holidays, unless approved in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: Unit acreage was determined by traversing boundaries with GPS and by Photo Call and right of way acreage was determined by multiplying length x width. Acreage was determined by traversing boundaries by a Garmin GPS. Traverse GPS data files are available upon request by emailing audrey.mainwaring@dnr.wa.gov or calling Audrey Mainwaring at (360) 802-7001. DNR does not provide technical support or training in the use of GPS data files. Unit was cruised using a variable plot sample with a BAF of 46.95 on a 210x200 foot grid. Right of Way was cruised using a variable plot sample with a BAF of 46.95 every 500 feet.

FEES: \$9,434.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: This sale is certified under the Forest Stewardship Council Standard (cert no: BV-FM/COC-080501). To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest, please visit www.fscus.org.

Required removal of utility per clause H-150. Utility price for all species is \$2.00/ton, per clause P-021. DNR has not estimated utility volume.

Full suspension of logs is required when yarding over cliffs.

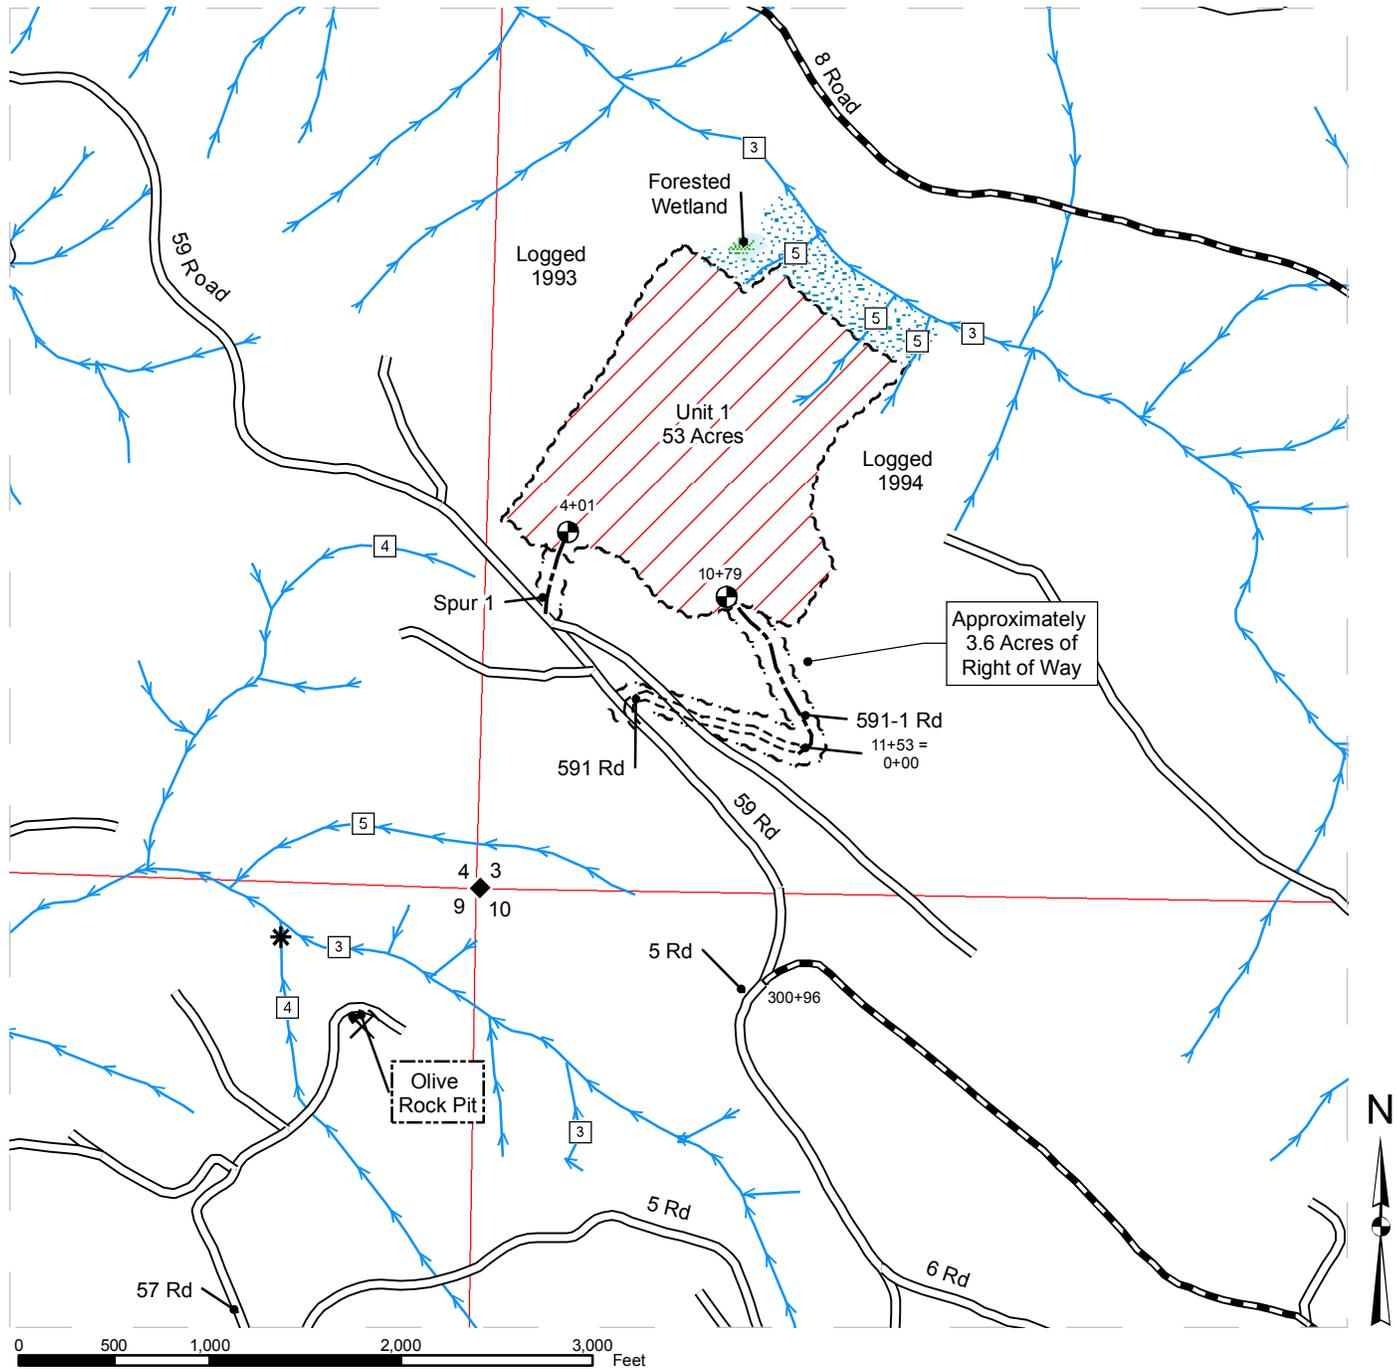

The use of intermediate supports may be needed in a portion of the sale area.

Winter access may be limited due to snowfall.
