your natural resources ...
now and forever

IMPORTANT NOTICES

Natural Resources (DNR)

Governmental Regulatory Actions or Orders

The purchaser assumes the risk of liabilities related to regulatory actions or orders by any government agency that may affect the operability of these timber sales. Such regulatory actions or orders include, but are not limited to, actions taken pursuant to the State Forest Practices Act, Chapter 76.09 RCW, and the Federal Endangered Species Act, 16 U.S.C. §§ 1531-1544. Please see timber sale contract clauses G-066 and G-220 for further information.

Threatened and Endangered Species

DNR cannot verify the presence or absence of **any** threatened or endangered species that may affect the operability of the timber sale. Purchasers must rely on their own assessments.

Export Restricted

All timber purchased under these state DNR contracts shall not be exported outside of the United States until the timber has been processed. Purchasers shall not violate any of the prohibitions in WAC 240-15-015 (relating to the prohibitions on export and substitution), WAC 240-15-025 (relating to reporting requirements), and WAC 240-15-030 (relating to enforcement). If purchasers knowingly violate WAC 240-15-015, purchasers shall be barred from bidding on or purchasing export restricted timber as provided.

Cover photos

Timber Sales in this book are from state trust lands, managed to help build K-12 public schools, state universities, colleges, prisons, mental hospitals, the state Capitol; and to support local services in many counties.

Top left: State Forest Lands are managed to provide revenue to the counties in which they are located such as the Pacific County Courthouse in South Bend, Washington. Northwest Bridge Company of Portland, Oregon completed construction of the courthouse building in June of 1911. One unusual feature of the historic building is an "art glass dome" that crowns the structure. The courthouse is listed on the National Register of Historic Places.

Certification Opportunities for DNR Timber Purchasers

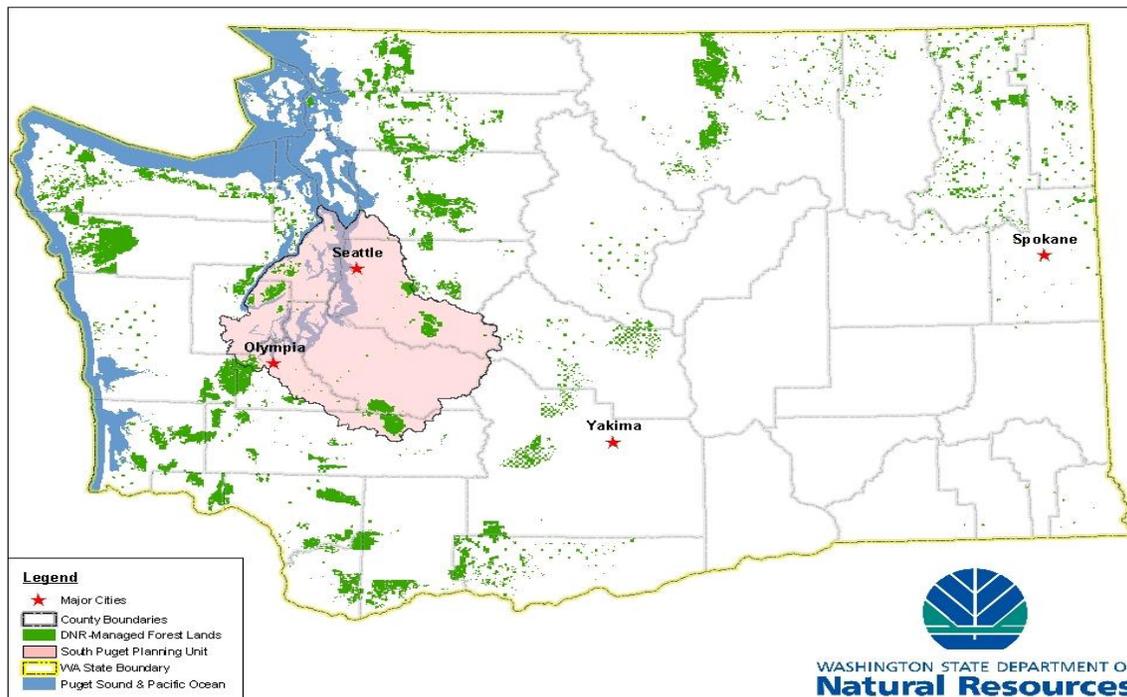

Certified forests are grown to an approved set of standards which demonstrate environmentally responsible, socially beneficial, and economically viable management practices that promote responsible stewardship and sustainable forestry. This unique commitment to sustainable forestry recognizes that forest landowners play a critical role in ensuring the long-term health and sustainability of our forests.

Forest Stewardship Council (FSC) is an independent, non-profit organization that promotes responsible management of the world's working forests through the development of forest management standards, a voluntary certification system, and trademarks that provide recognition and value to products bearing the FSC label in the marketplace. FSC standards ensure forestry is practiced in an environmentally responsible, socially beneficial, and economically viable way.

Sustainable Forestry Initiative® (SFI) is an independent non-profit organization internationally endorsed and accepted around the world. The SFI program is based on the premise that responsible environmental behavior and sound business decisions can co-exist. Its three-chamber Board of Directors governs all aspects of the SFI program, with equal representation from the environmental, economic and social sectors.

Currently, all Department of Natural Resources (DNR)-managed forested state trust lands in Washington State are certified under the Sustainable Forestry Initiative® (SFI) Standard. Lands within DNR's South Puget Habitat Conservation Plan Planning Unit, located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are dually certified under the Forest Stewardship Council Pacific Coast Regional Standard (FSC) and the SFI Standard.

Certification under each standard (FSC and SFI) involves an inspection audit of the landowner's forest management activities by an independent third-party accredited team to verify that it meets specified forest management principles. If the forest unit complies with the specific standard, the landowner receives a certificate of conformance characterizing their forests as "green." Both standards encourage integration of perpetual growing and harvesting of trees with strong measures to protect wildlife, plants, soil, water, and air quality. Both standards provide a seal of approval that forests certified under these principles are well-managed. The global marketplace recognizes and endorses multiple forest certification standards. Each standard has individual market niches. By being dually certified, DNR can maximize its customer base and provide choices to the consumer.

Forest Stewardship Council

DNR's FSC Certificate number is: BV-FM / COC-080501

DNR-managed forested state trust lands within the South Puget Habitat Conservation Plan Planning Unit (map below), located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are certified as being in compliance with the Forest Stewardship Council Pacific Coast Regional Standard, which would make that planning unit dually certified under both the FSC and SFI Standards.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a "program participant" in the FSC Program and use the Licensed Marks, visit www.fscus.org.

To learn more about DNR timber sales certified under this standard, please visit www.dnr.wa.gov.

Forest Stewardship Council owns all right, title, and interest in and to the Forest Stewardship Council Program Marks.

SUSTAINABLE FORESTRY INITIATIVE

DNR's SFI Certificate number is: BV-SFIS-US09000572

All DNR-managed forested state trust lands across the state have been certified as being in compliance with the 2005-2009 Sustainable Forestry Initiative® Program.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a "program participant" in the SFI Program and use the Licensed Marks, visit www.sfiprogram.org.

To learn more about DNR timber sales certified under this standard, please visit www.dnr.wa.gov.

Sustainable Forestry Initiative, Inc. owns all right, title, and interest in and to the Sustainable Forestry Initiative® (SFI) Program group of service marks and collective membership marks.

To learn more about certification on DNR-managed forested state trust lands, visit <http://www.dnr.wa.gov/BusinessPermits/TimberSales> or contact the following:

Washington State Department of Natural Resources (DNR)

Bidder's/Purchaser's Inspection of Sale Area and Forest Products

Acreage estimates and volume estimates contained within each timber notice of sale and each timber sale contract are made only for administrative and identification purposes. Except as expressly provided by the timber sale contract, the purchaser shall be responsible for paying the entire purchase price, even if the actual acreage or timber volume varies from the estimated quantity or volume shown.

All prospective bidders have the opportunity and are expected to inspect the sale area and the forest products located thereon. Bidders shall not rely on any representations by the State including, but not limited to, acreage estimates, volume estimates, appraisal or pre-bid documentation. The successful bidder/purchaser will further warrant that they have entered the timber sale contract without any reliance upon the DNR's volume estimates, acreage estimates, appraisals, pre-bid documentation, or any other representation by the DNR.

Any timber sale contract arising out of these public auctions will require the successful purchaser to warrant that they are entering the timber sale contract based solely upon their own judgment of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold.

Exclusion and Disclaimer of Warranties

The PARTIES AGREE that the IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, and ALL OTHER WARRANTIES EXPRESS OR IMPLIED, ARE EXCLUDED from this transaction, and shall not apply to the goods sold. For example, THE FOLLOWING SPECIFIC MATTERS ARE NOT WARRANTED, and are EXCLUDED from this transaction:

- a. ***The merchantability of the forest products.*** The use of the term "merchantable" in any document is not intended to vary the foregoing.
- b. ***The condition of the forest products.*** All forest products will be conveyed "AS IS."
- c. ***The acreage contained within any sale area.*** Any acreage descriptions appearing in the timber notices of sale, timber sale contract, timber sale map or other documents are estimates only, provided solely for administrative and identification purposes.
- d. ***The volume, quality, or grade of the forest products.*** The descriptions of the forest products to be conveyed are estimates only, made solely for administrative and identification purposes.
- e. ***The correctness of any soil or surface conditions, presale construction appraisals, investigations, and all other pre-bid documents prepared by or for the State.*** These documents have been prepared for the State's appraisal purposes only.
- f. ***That the sale area is free from threatened or endangered species, or their habitat.*** The State is not responsible for any interferences with forestry operations that result from the presence of any threatened or endangered species, or the presence of their habitat, within the sale area.

g. *That the forestry operations to be performed under this contract will be free from regulatory actions by governmental agencies.* The State is not responsible for actions to enforce regulatory laws, such as the Washington Forest Practices Act (Chapter 76.09 RCW), taken by the Department of Natural Resources or any other agency that may affect the operability of these timber sales.

h. Items contained in any other documents prepared for or by the State.

Please also see timber sale contract clause G-060 for further information.

BIDDING PROCEDURES FOR TIMBER AUCTIONS

The general requirements that follow are a part of all Timber Notices of Sale to be auctioned by the Department of Natural Resources (DNR).

General Information

The State reserves the right to waive minor irregularities and the right to reject any or all bids.

A. This book contains the timber notices of sale and maps for each timber sale scheduled to be auctioned. More specific information can be obtained by contacting the appropriate region office at the number listed on the back cover of this book.

B. The timber notice of sale is a summary of sale information. For more specific information, interested parties are encouraged to view the Appraisal Packets on the DNR Internet Site @ www.dnr.wa.gov, this will take you directly to the Product Sales Section. The Appraisal Packets contain **DRAFT** copies of the timber notice of sale, map, contract, road plan, cruise data, precruise and cruise narrative, Forest Practices Application (FPA), Hydraulics Project Approval (HPA).

C. The sale preview packets may be obtained at no charge for individual sales by visiting the appropriate region office.

D. Timber sale contracts contain extensive terms and conditions that will be binding upon successful high bidders. Each bidder should carefully review all terms contained in the appropriate **DRAFT** timber sale contract prior to bidding on a sale, and should review the final contract prior to signing. **DRAFT** timber sale contracts are contained in the preview and presales packets and are available upon request at the respective region office.

E. Sales advertised in this book have not been approved by the Board of Natural Resources and are subject to the Board's approval before they will be sold. The Board meets and approves sales approximately six weeks prior to auction. All sales are subject to confirmation by the DNR under RCW 79.15.120.

F. The State does not guarantee the accuracy of any information contained herein pertaining to particular sales. Therefore, all prospective purchasers are expected to make their own independent inspections and appraisals prior to bidding.

G. If any conflict exists between the information in the Timber Notice of Sale, timber sale map, sale preview packets and that in the timber sale contract, the signed contract will prevail.

H. Purchasers must pay the Forest Excise Tax on the bid price, permanent road construction costs, and other considerations. The tax rate is 5% without the EARR credit and 4.2% with the credit. For more information contact the Department of Revenue, Forest Tax Section at 1-800-548-8829.

I. Within 30 days of sale confirmation, the apparent high bidder will provide to the State the Performance Security specified on each Notice of Sale. The successful bidder also agrees to return a signed contract to the State within 30 days of confirmation. Failure to provide a signed contract to the state within 30 days of confirmation may result in a loss of bidder's rights to the products sold and forfeiture of initial deposit moneys.

J. Each DNR region office has information about sales offered in that region. For further information, contact the respective DNR region office. Region office addresses and telephone numbers appear on the back cover of this booklet.

K. The purchaser assumes the responsibility for any costs associated with extra maintenance or repair levied by a county for any county road used by the purchaser.

BIDDING PROCEDURES FOR TIMBER AUCTIONS (Continued)

Bidding Process

- A. All timber will be auctioned using the sealed bid method.
- B. Bids submitted on day of auction must be in the bid box at the specified auction location before 10:00 a.m. The respective DNR region office must receive mailed bids by 4:30 p.m., on the last business day before the auction. Bidders assume all risk for the method of delivery.
- C. The DNR has the right to reject bid forms that are completed incorrectly. *All bid forms must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. Revised documents are not permissible.* Bidding instructions are on the back of the Sealed Bid Form. A bid deposit must be included in the sealed bid envelope unless using a Timber Sale Statewide Bid Bond.
- D. All bids must include the completed Sealed Bid Form and bid deposit.
- E. Bids will be opened in each respective region in the order in which sales appear in the Public Auction Sale of Timber book (alphabetically by county and by agreement number). Sales added after the book is printed will be inserted to retain this order. Sort sales may be auctioned out of this sequence at the State's discretion.
- F. If a tie bid occurs, the names of the tie bidders will be placed in a hat and the successful bidder will be determined by a drawing.
- G. For sales offered on a stumpage basis, the apparent high bidder on a particular sale will have the option of withdrawing additional sealed bids submitted for any remaining sales to be auctioned. The apparent high bidder must exercise this option within two minutes after the apparent high bidder is announced. **This option is not available for sales offered on a delivered basis.**

Auction Time and Location

Auctions will start at 10:00 a.m. and close at 4:00 p.m. on the date and at the location specified in each Timber Notice of Sale.

Bid Deposits

- A. Required bid deposits are listed on each Timber Notice of Sale.
- B. Bid deposits must be in the form of cash, certified check, cashiers' check, money order or bid bond.
- C. Bid bonds may be either a Timber Sale Statewide Bid Bond or a Timber Sale Per Sale Bid Bond.
- D. All bid deposits shall be submitted by the person or entity submitting the bid and made payable to the Department of Natural Resources. **Third party deposits will not be accepted.**

Timber Sale Per Sale Bid Bonds

- A. The Per Sale Bid Bonds shall guarantee payment of the bid deposit **within ten days of auction.**
- B. Additional forms and instructions for a Per sale Bid Bond are available at any DNR region office.

Timber Sale Statewide Bid Bond

- A. Statewide Bid Bonds shall guarantee payment of the Initial Deposit on any statewide timber sale while the bond is in effect.
- B. The Statewide Bid Bond must be received by the Department of Natural Resources, Forest Resources and Conservation Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction date. The bond shall be in the amount of \$150,000.00.
- C. The bidder must supply a list of persons authorized to bid using the bond. Bid bonds are subject to approval by the Department of Natural Resources.
- D. A Statewide Bid Bond cannot be used to secure the Initial Deposit payment due the day of auction.
- E. Additional forms and instructions for a statewide bid bond are available at any DNR region office.

Payments

The initial deposit for a sale is 10% of the total bid value as submitted by the apparent high bidder (25% if the bidder is a defaulter as defined under WAC 332-140-300) and never less than \$5,000.00 for lump sum sales. For Lump Sum sales appraised at less than \$5,000.00, the entire bid value is due on day of auction.

- a. Apparent high bidders using cash, certified check, cashiers' check or money order as a bid deposit must pay the total Initial Deposit amount by 4:30 p.m. on auction day.
- b. Apparent high bidders using a Timber Sale Per Sale Bid Bond as a bid deposit must pay the difference between the bid deposit and the total initial deposit by 4:30 p.m., on the day of auction. The bid bond amount must be replaced with a certified check, cashier's check, bank draft, cash, money order, or wire transfer within ten days of the auction.
- c. Apparent high bidders using a Timber Sale Statewide Bid Bond must pay the entire Initial Deposit amount by 4:30 p.m. on the day of auction.

Fees due on the day of sale must be paid by 4:30 p.m.

All payments must be in the form of a certified check, cashier's check, bank draft, cash, money order or wire transfer.

Fees due on the day of sale must be paid by 4:30 p.m.

All payments must be in the form of a certified check, cashier's check, bank draft, cash, money order or wire transfer.

Eligibility to Bid

In order to bid on State timber sales you must be:

- 18 years of age (or have a co-signer who meets the eligibility requirements),
- Licensed to do business in the State of Washington,
- Eligible to bid on Export Restricted timber, and
- Capable of meeting all contract obligations.

Authorized Representatives

Companies may only use authorized representatives or company officers to bid on State sales, sign State documents or sign checks. A list of authorized representatives and their specific authorities must be submitted in writing to the Department of Natural Resources, Forest Resources and Conservation Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction. A company owner or officer must sign this submittal.

Within 30 days of confirmation date the successful bidder agrees to furnish Performance Security acceptable to the State in the amount specified on the Notice of Sale. Performance Security must guarantee performance of all provisions of the contract and payment of any damages caused by operations under the contract or resulting from the successful bidders noncompliance with any rule or law.

Bidder's Warranty and Bid Signature

By signing and submitting this bid as an offer to purchaser forest products from the State, the Bidder hereby warrants to the State that they have had an opportunity to fully inspect the sale area and the forest products being sold. Bidder further warrants to the State that they enter this bid based upon their own judgments of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold. Bidder also warrants to the State that they enter this bid without any reliance upon the volume estimates, acreage, appraisals, pre-bid documentation, or any other representation by the Washington State Department of Natural Resources.

_____ Date _____
(Signature of Authorized Representative submitting this bid)

(Print name and title of Authorized Representative submitting this bid)

Note: all sales are subject to confirmation by the Commissioner of Public Lands (Refer 79.15.120)

Instructions For Completing Sealed Bid Form

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks on bid form must be completed including the bid bond number if the bidder is relying upon a bid bond for bid deposit.

For more specific information, contact the appropriate region office.

In-Person Bids

- A. Sealed bids must be in auction box before 10:00 a.m. on the day of auction at the location specified in the Timber Notice of Sale.
- B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be on the bid bond and timber sale contract. The bid form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope.
- C. Sealed bid envelopes **must** contain a completed bid form and a bid deposit.
- D. Sealed bid envelopes **may** contain a check for the Initial Deposit amount and a check for fees.

Mailed Bids

- A. Bids that are mailed are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BIDE NCLOSED". The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The Sealed Bid Form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope.
- B. Bids that are mailed will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery. The DNR assumes no responsibility for any delays caused by any delivery service.
- C. Sealed bid envelopes **must** contain a completed bid form and a bid deposit.
- D. Sealed bid envelopes **may** contain a check for the Initial Deposit amount and a check for fees.

Initial Deposit:

Lump Sum Sales - Initial Deposit must equal 10% of the total bid submitted.
(25% if the bidder is a defaulter as defined under WAC 332-140-300)

Weight Scale Sales - Initial Deposit must equal 10% of the bid per ton multiplied by the total sale estimated tonnage. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

Scribner MBF Scale Sales - Initial Deposit must equal 10% of the bid per MBF multiplied by the total sale MBF. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

STATEWIDE BID BOND

Bond Number _____

_____ of _____,
(Principal's Name) (City, State)

hereinafter called PRINCIPAL, and _____ hereinafter called
SURETY,

a corporation organized under the laws of the State of _____, and authorized to transact surety business in the State of Washington, as SURETY, are held and firmly bound jointly and severally to the State of Washington, Department of Natural Resources, hereinafter called the STATE, in the sum of \$150,000.00 Dollars, lawful money of the United States of America. The PRINCIPAL binds itself, its heirs, executors, administrators, successors, and assigns, and the SURETY binds itself, its successors, and assigns, all jointly and severally.

This bond shall be governed by the laws of the State of Washington. In the event of a lawsuit involving this bond, a venue shall be proper only in Thurston County Superior Court.

Signed, sealed and dated this _____ day of _____, _____.
(month) (year)

This statewide bid bond may be used for bidding between the following dates:

Starting:

Ending:

It Is Hereby Understood and Agreed:

If PRINCIPAL is an apparent high bidder, PRINCIPAL shall before 4:30 p.m ., on day of sale, pay to the STATE the amount of the initial deposit in the form of a certified check, cashier's check, bank draft, cash or money order, then this agreement shall be void for the sale on which the payment is made; otherwise, it will remain in force.

SURETY will make payment to the STATE within ten days after demand by the STATE if the PRINCIPAL shall fail to make timely payment as described above.

The SURETY may cancel this bond by sending a written notice to the STATE, not less than forty-five days before a cancellation date; liability shall terminate as to acts or omissions of the PRINCIPAL that occur after the cancellation date.

The PRINCIPAL and the SURETY executed this bond on the date first mentioned.

Ponderosa pine sorts: Enter one or more preferred log length for each log length range below

Pole sorts (Distribution): Enter 3 lengths. Attach preferred manufacturing information.

Pole sorts (Transmission): Enter 6 lengths. Attach preferred manufacturing information.

Tonnage sorts: See bid form instructions for required log lengths. Enter additional custom lengths as desired.

Log Length Ranges	Bidder's Preferred Log Lengths (Log lengths exclude trim)
12 ft. through 20 ft.	
22 ft. through 30 ft.	
32 ft. through 40 ft.	
Distribution Poles – 35 ft. through 55 ft.	
Transmission Poles – 60 ft.+	

Additional Log or Pole Length Information:

To provide additional preferred cutting information you may attach a separate sheet or "Cutting card".

Log Delivery Information:

1) Designate the point of delivery and address (must be a street address)

(Location Name)

(Street Address)

(City, State and Zip)

2) Designate the state approved Weighing and Scaling facility closest to the point of delivery.

(Location Name)

(Street Address)

(City, State and Zip)

Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion. Additional terms or conditions requested by the bidder on or attached to the Log Sort Sealed Bid or Supplemental Information Forms are informational only and non-binding.

Instructions for Completing the Log Sort Sealed Bid and Supplemental Information Forms.

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form(s) provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks including Agreement Number, Sort Number, Bid amount (per mbf or ton as appropriate for the sort), Bid deposit amount and type. Signatures and date on bid form must be completed including the bid bond number if bidder is relying upon a bid bond for bid deposit.

Bids may not be accepted if a completed '**Log Sort Sealed Bid Supplemental Information Form**' is not included with the approved '**Log Sort Sealed Bid Form**'.

Required log lengths for tonnage sorts: Preferred log lengths for tonnage sawlog sorts shall include the following plus any additional lengths identified on the Bid Supplemental Information form:

Species Type	Preferred Lengths
Conifer Sorts	16', 20', 24', 26', 32', 40'
Hardwood Sorts	18', 20', 26', 28', 30', 36', 38', 40'

For more specific information, contact the appropriate region office.

In-Person Bids

- A. Sealed bids must be in auction box or auction envelope before 10:00 a.m. on the day of sale at the location specified in the notice of sale.
- B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same as the name on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope, please.
- C. Sealed bid envelopes must contain the following:
 1. A completed Log Sort Sealed Bid form;
 2. A completed Supplemental Information form; and
 3. A bid deposit

Mailed Bids

- A. Mail-in bid envelopes are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED." The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope, please.
- B. Mail-in or otherwise delivered bids will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery they chose. The DNR assumes no responsibility for any delays caused by any delivery service.
- C. Sealed bid envelopes must contain the following:
 1. A completed '**Log Sort Sealed Bid Form**';
 2. A completed '**Log Sort Sealed Bid Supplemental Information Form**' and;
 3. A bid deposit

MINIMUM BID: \$323/MBF (est. value \$1,503,000.00) **BID METHOD:** Sealed Bids

PERFORMANCE

SECURITY: \$ 100,000.00 **SALE TYPE:** MBF Scale

EXPIRATION DATE: October 31, 2011 **ALLOCATION:** Export Restricted

BIDDABLE SPECIES: Douglas fir

BID DEPOSIT: \$150,300.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable, Shovel, Forwarder and Track skidder. Ground-based yarding shall be restricted to 35% slopes and during dry soil conditions

ROADS: 57.47 stations of optional construction. 126.26 stations of required pre-haul maintenance. Rock for construction and/or pre-haul maintenance under this contract may be obtained at no charge to the Purchaser from the R-120 Pit located at Section 4, Township 08 North, Range 04 West, W.M. Road construction will not be permitted from September 30 to May 1 unless authorized in writing by the Contract Administrator.

TIMBER NOTICE OF SALE

ACREAGE DETERMINATION

CRUISE METHOD: The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method for Units 1, 2, 3, and ROW Unit 4. ROW Unit 1, ROW Unit 2, and ROW Unit 3 were 100% cruised. Harvesting activities are estimated to be approximately 80% ground-based and 20% cable harvesting.

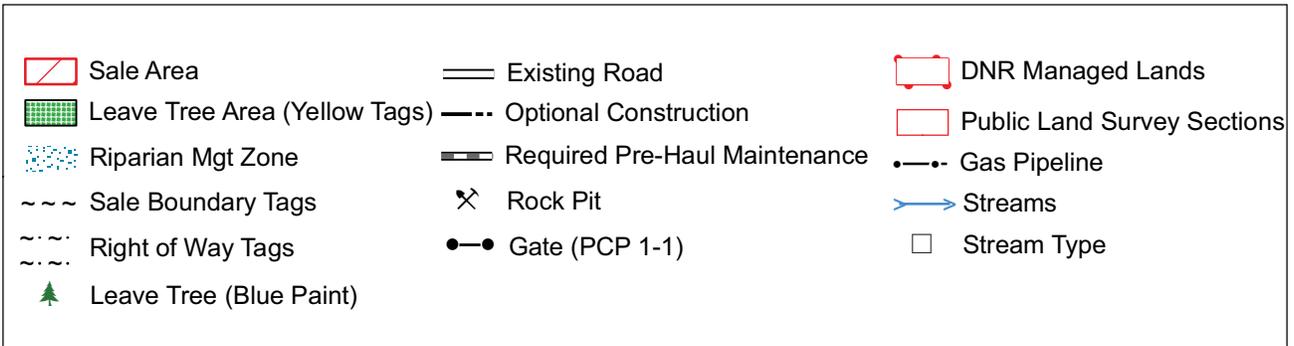

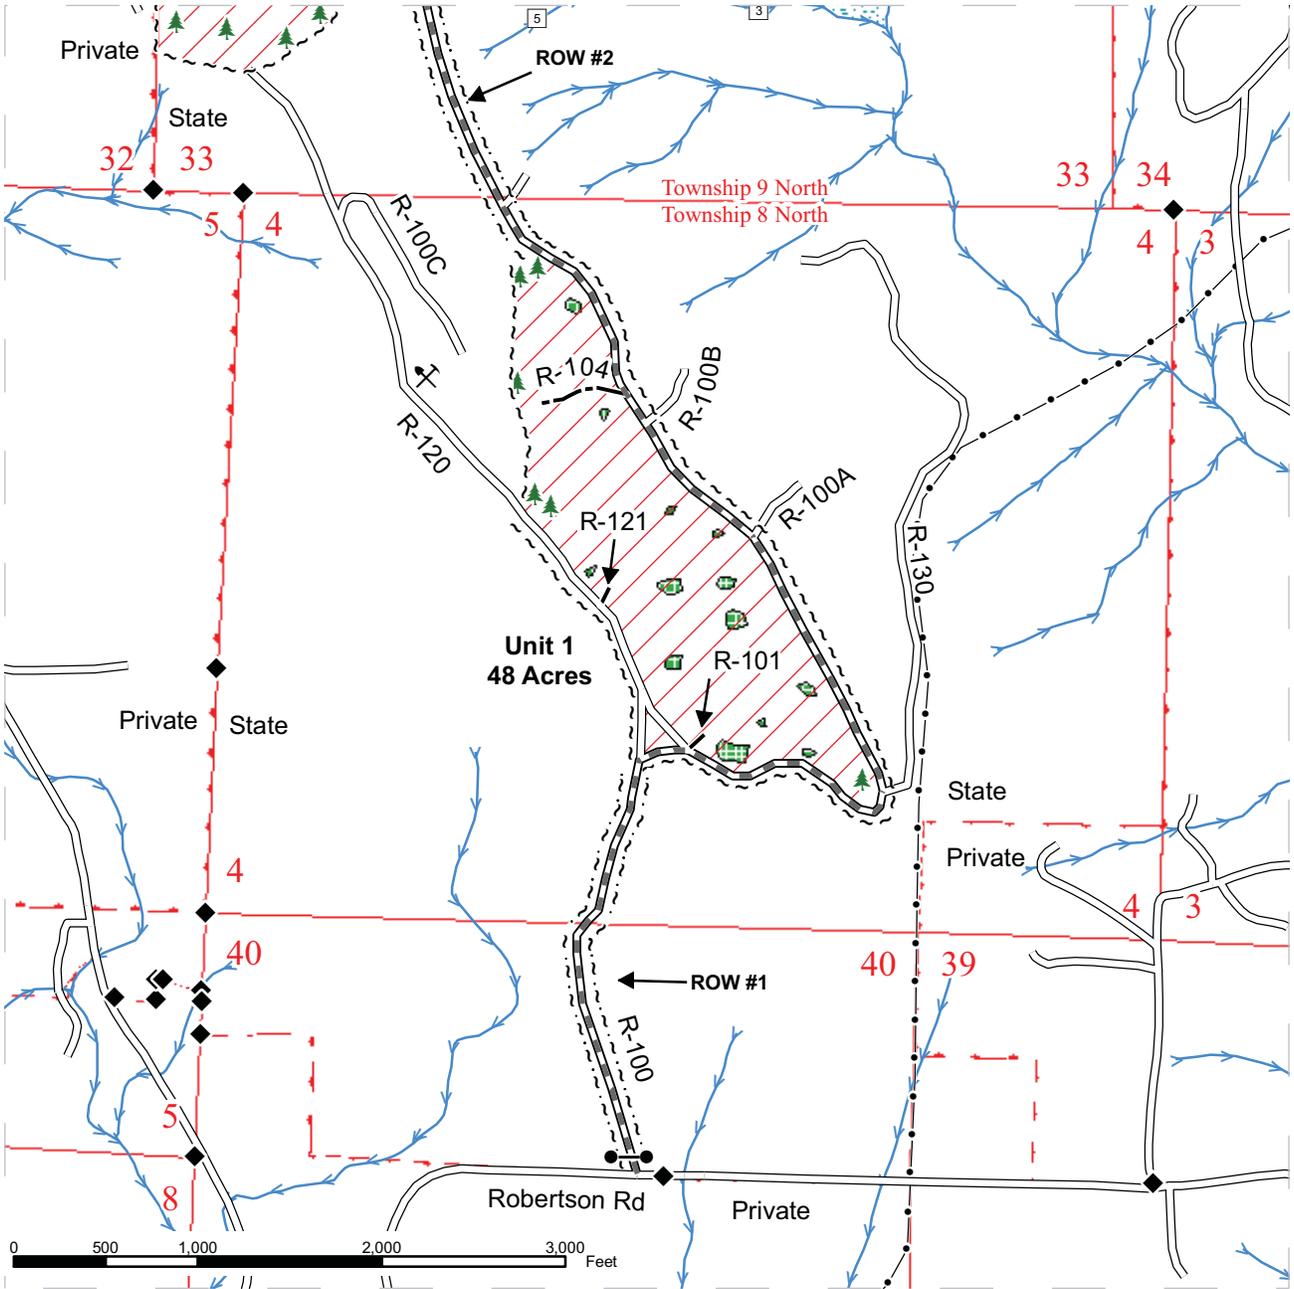

FEES: \$65,866.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: A DNR PCP1-1 key will be necessary to gain access to the sale area. A gate key can be obtained from the Pacific Cascade Region office.

SALE TYPE: Lump Sum

EXPIRATION DATE: December 31, 2011

ALLOCATION: Export Restricted

BID DEPOSIT: \$150,900.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: 60% Cable - 40% Ground. Ground based harvest restricted to shovel only and on slopes less than 35% where soil conditions permit. There are approximately 8 acres of downhill cable yarding.

ROADS: 59.88 stations of optional construction. 5.09 miles of required prehaul maintenance. Purchaser maintenance on the FS-2510 on State ownership and all other roads constructed under this contract. Rock haul, timber haul and road construction will not be permitted from November 1 to April 30 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: Sale acres were 100% GPS'd. Sale area was cruised using a variable plot sample with a BAF of 54.4 on a 396 x 198 foot grid.

FEES: On day of sale, Purchaser must provide a cashier's check made payable to the USFS in

TIMBER NOTICE OF SALE

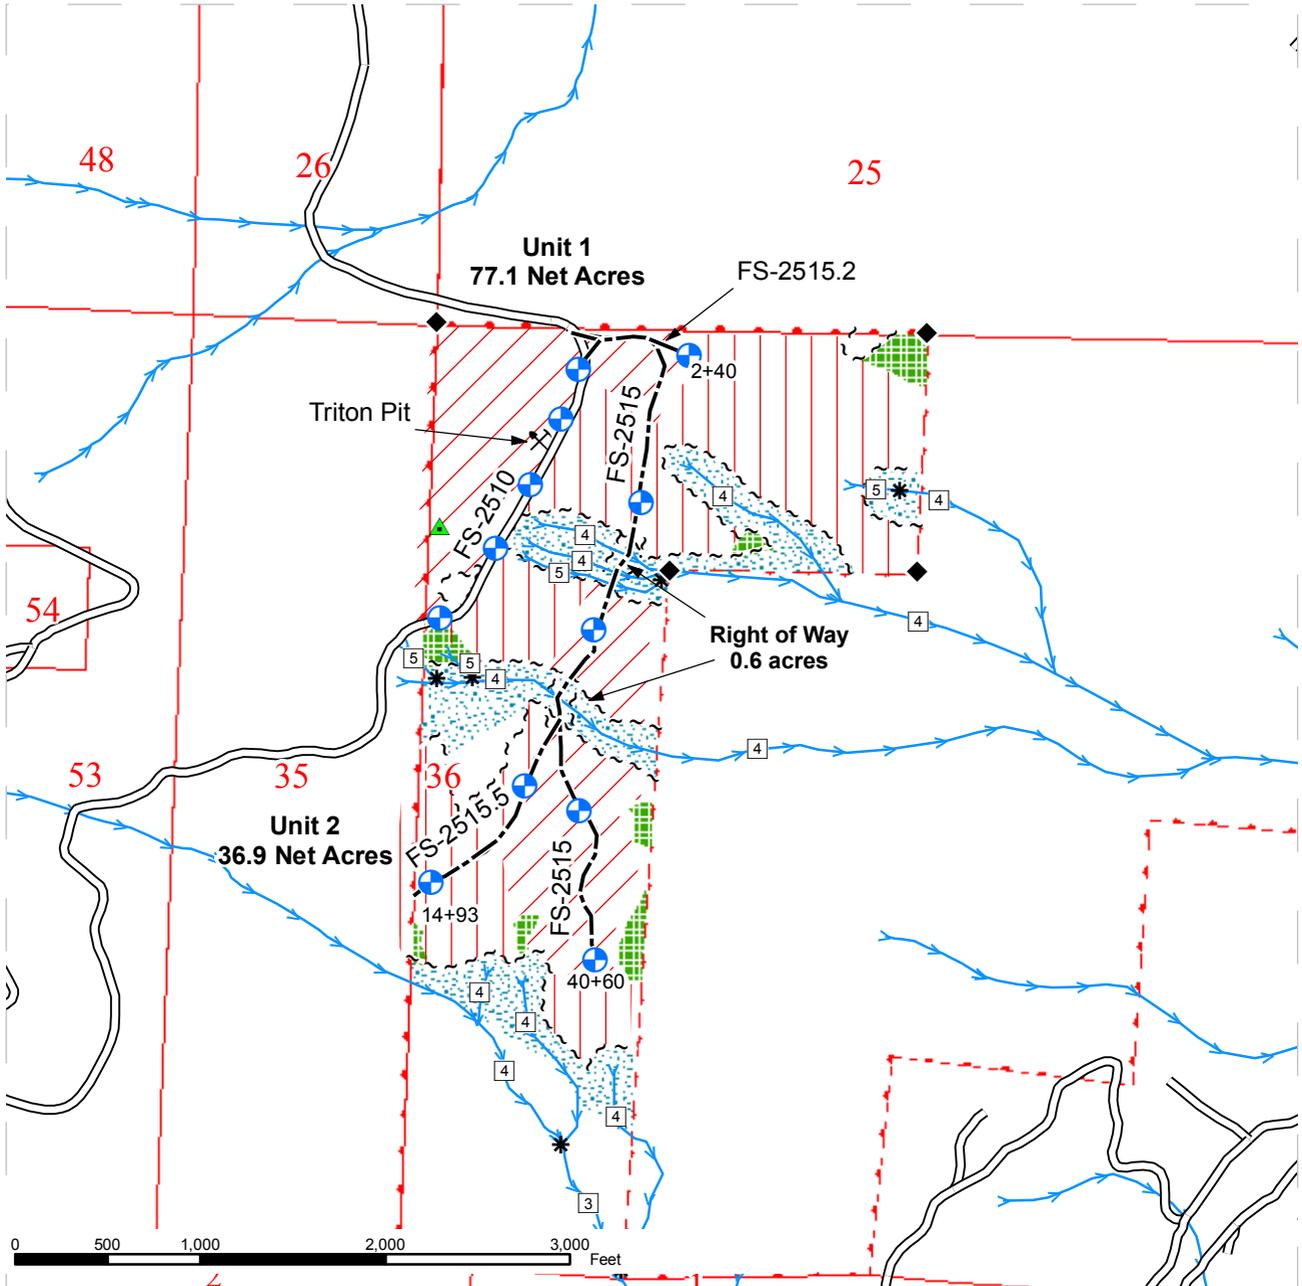

the amount of \$10,117.54 for a road use permit. A maintenance fee of \$7.20 per mbf and \$1.80 per cy of rock hauled will be assessed after the haul has been completed and the Purchaser will be required to report actual haul volumes to the USFS. \$71,047.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: A washing station shall be established in a location approved by the Contract Administrator to wash all dump trucks each time they bring a load of rock from any pit other than Triton Pit, and to wash construction equipment before being moved onto site. Dump trucks and construction equipment shall be washed to comply with the Invasive Species of Concern Prevention Practices listed in the Forest Service Road Use Permit Clauses. Timber adjacent to the Webb Lookout Tower remnants will be directionally felled away from the structure. A 30 foot equipment exclusion zone will be in effect.

EXPIRATION DATE: October 31, 2011 **ALLOCATION:** Export Restricted

BIDDABLE SPECIES: Douglas fir

BID DEPOSIT: \$103,500.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Ground based equipment on slopes less than 40 percent. Cable equipment on slopes 40 percent and greater. Yarding may be restricted during wet weather if rutting becomes excessive in the opinion of the Contract Administrator. If Purchaser elects to shovel log,

TIMBER NOTICE OF SALE

shovel logging shall be done in accordance with the attached Schedule A, which is part of this contract.

Timber hauling will not be permitted from November 1 to May 31, unless authority to do so is granted, in writing, by the Contract Administrator. If permission is granted to operate between November 1 and May 31, the Purchaser may be required to provide a "Closed Season Plan" to include further protection of water, soil, roads and other forest assets. The "Closed Season Plan" must be approved in writing by the Contract Administrator.

Falling, yarding and timber hauling will not be permitted on weekends or state recognized holidays, unless approved in writing by the Contract Administrator.

ROADS:

5.00 stations of required reconstruction. 25.02 stations of optional construction. 227.13 stations of required pre-haul maintenance. 14.54 stations of abandonment, if constructed. Cross section designs are available at the South Puget Sound Region office upon request. Purchaser maintenance on Spurs 11, 21, 51 and 211. Designated maintenance on all other roads used.

Road construction and rock hauling will not be permitted from November 1 to May 31, unless authority to do so is granted, in writing, by the Contract Administrator. If permission is granted to operate between November 1 and May 31, the Purchaser may be required to provide a "Closed Season Plan" to include further protection of water, soil, roads and other forest assets. The "Closed Season Plan" must be approved in writing by the Contract Administrator.

Road construction and rock hauling will not be permitted on weekends or state recognized holidays, unless approved in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD:

All timber was determined by traversing boundaries by GPS. Traverse GPS data files are available upon request by emailing audrey.mainwaring@dnr.wa.gov or calling Audrey Mainwaring at (360) 802-7001. Unit #1 was cruised using a variable plot sample with a BAF of 40 on a 198x396 foot grid. Unit #2 was cruised using a variable plot sample with a BAF of 40 on a 198x396 foot grid. Unit #3 was cruised using a variable plot sample with a BAF of 40 on a 198x396 foot grid. Unit #4 was cruised using a variable plot sample with a BAF of 40 on a 198x396 foot grid. Unit #5 was cruised using a variable plot sample with a BAF of 40 on a 198x396 foot grid. Right of way was extrapolated from Units #1 and #2.

FEES:

\$49,621.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Winter access may be limited due to snow.

This timber sale is a combination of a Variable Retention Harvest (VRH) and a Variable Density Thinning (VDT). Units #1 and #2 are a VDT and will be harvested by prescription as described in Schedules B and C, which are part of the contract. Units #3, #4 and #5 are VRH units. Disregard blue painted trees.

Timing restrictions will be in effect for a portion of Unit #1, more or less as shown on the timber sale map, within 1/4 mile of Marbled Murrelet habitat near the sale boundary. The restrictions apply to all falling and yarding activities and will be in place from April 1 through August 31, lasting from 1 hour before sunrise to 2 hours after sunrise and from 1 hour before sunset to 1 hour after sunset, per WAC 222-30 Timber Harvesting.

TIMBER NOTICE OF SALE

Purchaser must enter into a Road Use Permit with the United States Forest Service for hauling on the 85 Road prior to the pre-work meeting. The Purchaser must provide the DNR a copy of the executed permit. The fee for the Road Use Permit is approximately \$12,236.79 based on an estimated timber haul volume of 3,745 MBF with payment required prior to timber haul. The permit also specifies road use fees of \$2.08 per MBF for timber haul. The Purchaser will be required to report actual haul volumes to the Forest Service when timber haul has been completed. The Purchaser will then be billed by the Forest Service for the total volume that was hauled. Contact George Schaefer at (360) 497-1156 or Danna Hadley at (360) 497-1160 for additional Road Use Permit information.

Approximately 55 percent of this timber sale is downhill cable yarding and 45 percent is ground based yarding. This sale was designed for yarding using a slack pulling carriage capable of 75 feet lateral yarding.

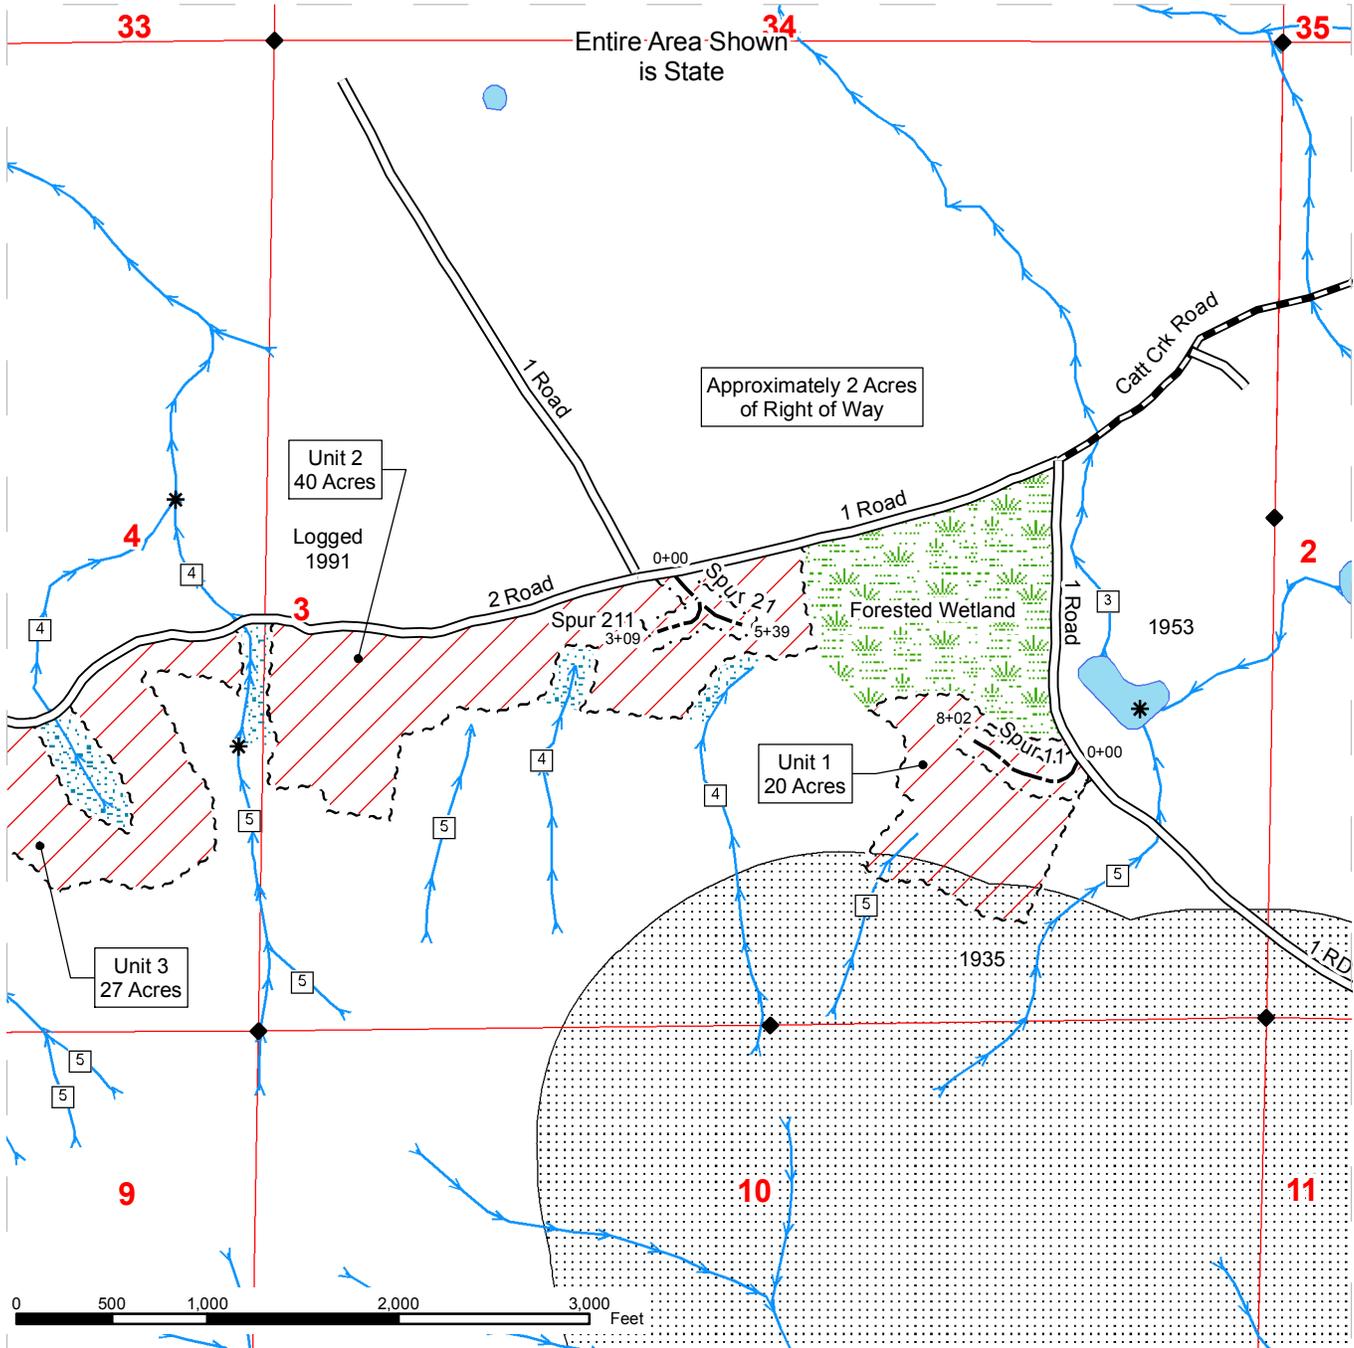

Purchaser shall pull vine maple and leave roots exposed and detached from the soil in the ground based harvest area. Purchaser shall cut vine maple and sever from the stump in the cable harvest area.

Removal of pulp at a rate of \$10.00 per ton is optional, per contract clause H-157.

BIDDABLE SPECIES: Bidding to be allowed on all species combined.

BID DEPOSIT: \$83,200.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Ground based and cable yarding. Ground based equipment is not permitted on slopes greater than 45 percent. Yarding may be restricted during wet weather if rutting becomes

TIMBER NOTICE OF SALE

excessive in the opinion of the Contract Administrator. If Purchaser elects to shovel log, shovel logging shall be done in accordance with the attached Schedule A, which is part of this contract.

Timber haul will not be permitted from November 1 to May 31, nor on weekends or state recognized holidays unless authority to do so is granted, in writing, by the Contract Administrator. If permission is granted to operate between November 1 and May 31, the Purchaser may be required to provide a "Closed Season Plan" to include further protection of water, soil, roads and other forest assets. The "Closed Season Plan" must be approved in writing by the Contract Administrator.

Falling and yarding will not be permitted on weekends or state recognized holidays unless authorized in writing by the Contract Administrator.

ROADS:

3.14 stations of required construction. 110.96 stations of optional construction. 103.25 stations of required pre-haul maintenance. 37.06 stations of abandonment, if constructed. Cross section designs are available at the South Puget Sound Region office upon request. Rock for this proposal can be obtained from the state owned Griffin Rock Pit at no additional cost to the Purchaser. Purchaser maintenance on the 12, 12-1, 12-2, 12-3, 12-4, 12-5, 12-5 Tie-in, 12-11, 12-12 and 12-13 Roads. Designated maintenance on all other roads used.

Road construction and rock haul will not be permitted from November 1 to May 31, nor on weekends or state recognized holidays unless authority to do so is granted, in writing, by the Contract Administrator. If permission is granted to operate between November 1 and May 31, the Purchaser may be required to provide a "Closed Season Plan" to include further protection of water, soil, roads and other forest assets. The "Closed Season Plan" must be approved in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: Acreage was determined by traversing boundaries by GPS and photo. Traverse GPS data files are available upon request by emailing audrey.mainwaring@dnr.wa.gov or calling Audrey Mainwaring at (360) 802-7001. Units #1 and #2 were cruised using a variable plot sample with a BAF of 54.44. Units #3, #4, #5 and #6 were cruised using a variable plot sample with a BAF of 40.0, a sight height of 4.5 on 4x4 chains for a total of 5 plots. Unit #4 was cruised using a variable plot sample with a BAF of 40. Interior right of way was cruised using a variable plot sample with a BAF of 54.44. State and private right of way exterior to the harvest units was 100% cruised.

FEES:

\$51,781.00 is due on day of sale. \$1.21 per ton is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS:

This timber sale is a combination of a Variable Retention Harvest (VRH) and a Variable Density Thinning (VDT). Units #1, #2, #3 and #4 are a VRH and Units #5 and #6 are a VDT. Units #5 and #6 contain RMZ thinning, which is identified from the rest of the unit with blue special management boundary tags. The harvest prescription for the RMZ thinning and the upland thinning is the same in Units #5 and #6.

Removal of conifer pulp is required per contract clause H-150. Payment for pulp will be at the same rate as the bid rate, plus ARRF removal fees. Pulp volume was not cruised, but is estimated at 10%-15% of advertised mbf volume based on estimates from the stand type.

An HPA has been obtained and will be transferred to the Purchaser for the installation of a 48" x 50' temporary culvert in a Type 3 stream on the 12-1 Road.

TIMBER NOTICE OF SALE

Purchaser shall pull vine maple and leave roots exposed and detached from the soil within the harvest area in Units #1 - #4.

Purchaser assumes responsibility for any county road use permits and for all costs associated with permits and extra maintenance or repair levied by a county for any county road used by the Purchaser.

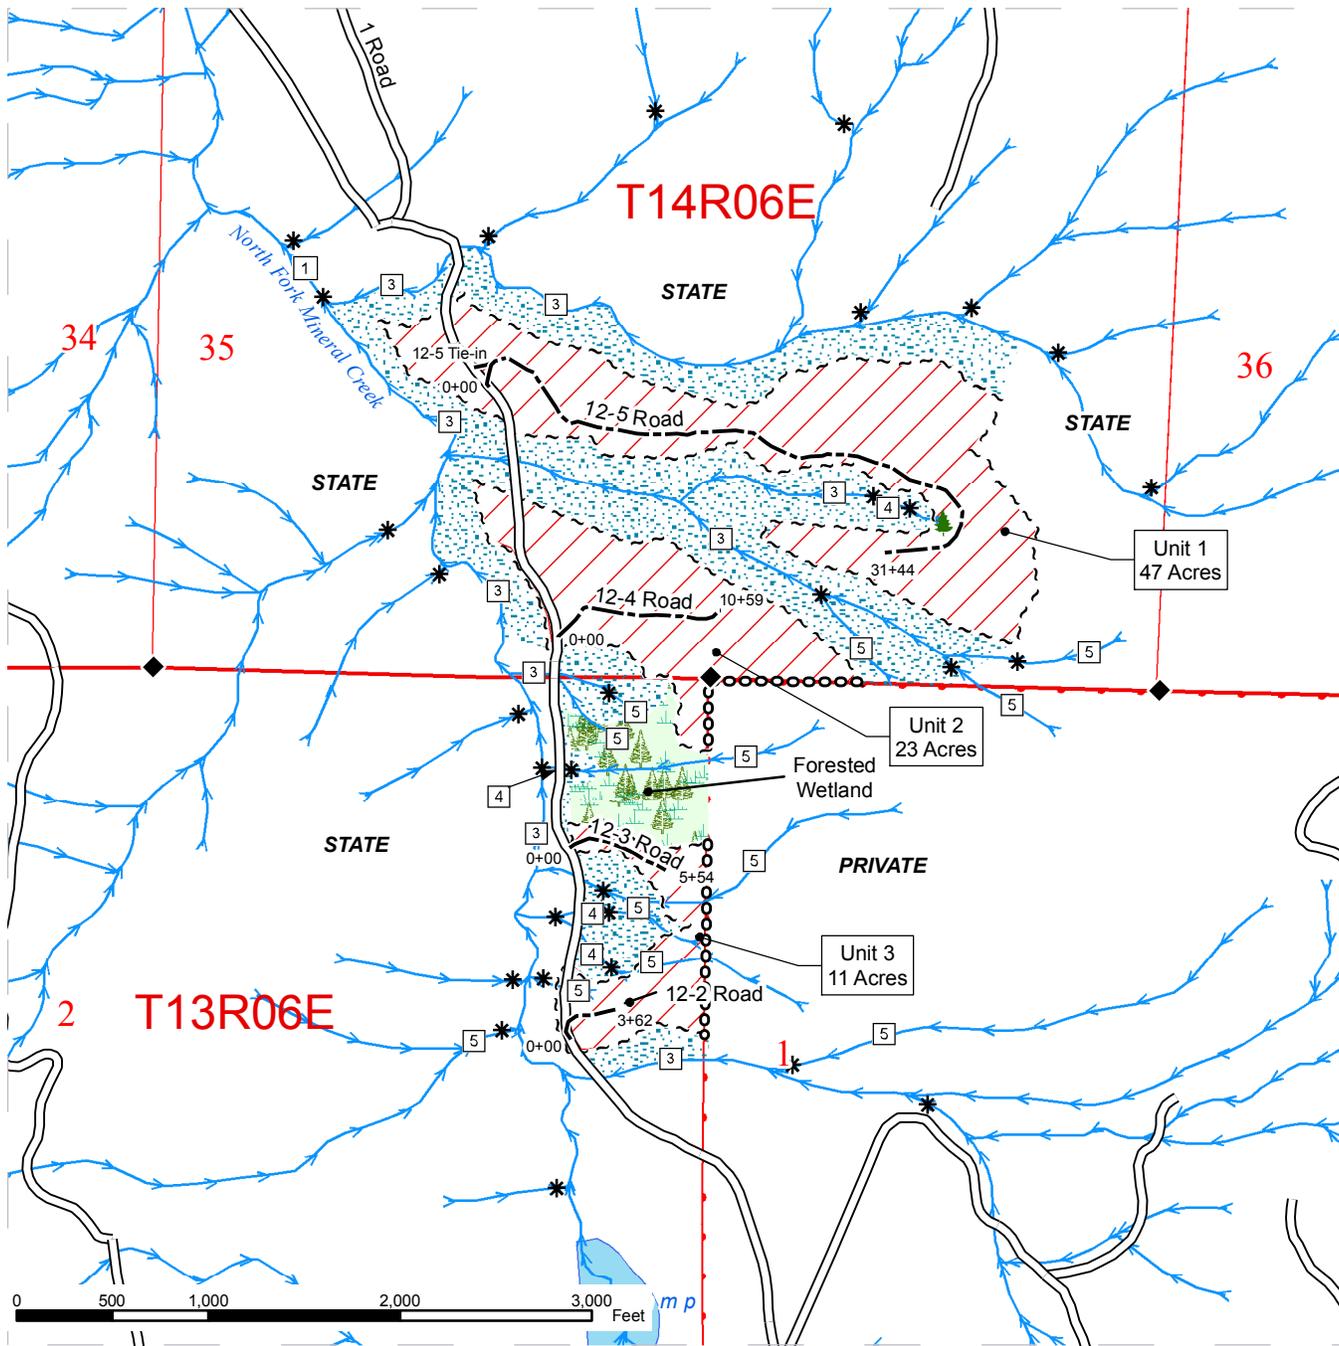

Winter access may be limited due to snow.

A pending easement with West Fork Timber, Co. needs to be obtained to access roads within Section 11 in Township 13 North, Range 6 East. Under the easement the Purchaser will be required to submit payment to West Fork Timber for \$2,232.00 for timber to be cut on their property as part of this timber sale. Payment must be received by West Fork Timber prior to cutting any timber.

Sale Total			4,165										

MINIMUM BID: \$1,184,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$35,000.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: October 31, 2011 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$118,400.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Ground based equipment on slopes less than 45 percent. Cable equipment on slopes 45 percent and greater. If Purchaser elects to shovel log, shovel logging shall be in accordance with the attached Schedule A which is part of the contract.

Falling, yarding and timber haul will not be permitted on weekends or state recognized holidays unless authorized in writing by the Contract Administrator.

ROADS: 51.77 stations of optional construction. 20.67 stations of optional reconstruction. 345.45 stations of required pre-haul maintenance. 10.75 stations of optional pre-haul maintenance. 42.86 stations of deactivation, if constructed. Cross section designs are available at the South Puget Sound Region office upon request. Purchaser maintenance on all roads used.

TIMBER NOTICE OF SALE

Road construction and rock haul will not be permitted from November 1 to May 31, unless authority to do so is granted, in writing, by the Contract Administrator. If permission is granted to operate between November 1 and May 31, the Purchaser may be required to provide a "Closed Season Plan" to include further protection of water, soil, roads and other forest assets. The "Closed Season Plan" must be approved in writing by the Contract Administrator prior to commencing any closed season operations. In addition road construction and rock haul will not be permitted on weekends or state recognized holidays unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: Acreage was determined by traversing boundaries by GPS. Traverse GPS data files are available upon request by emailing audrey.mainwaring@dnr.wa.gov or calling Audrey Mainwaring at (360) 802-7001. Unit #1 was cruised using a variable plot sample with a BAF of 27.8 on 198x396 foot grid. Units #2, #3 and the right of way were cruised using a variable plot sample with a BAF of 49.9 on a 198x396 foot grid.

FEES: \$55,186.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Purchaser shall pull vine maple and leave roots exposed and detached from the soil in the ground based harvest area. Purchaser shall cut vine maple and sever from the stump in the cable harvest area.

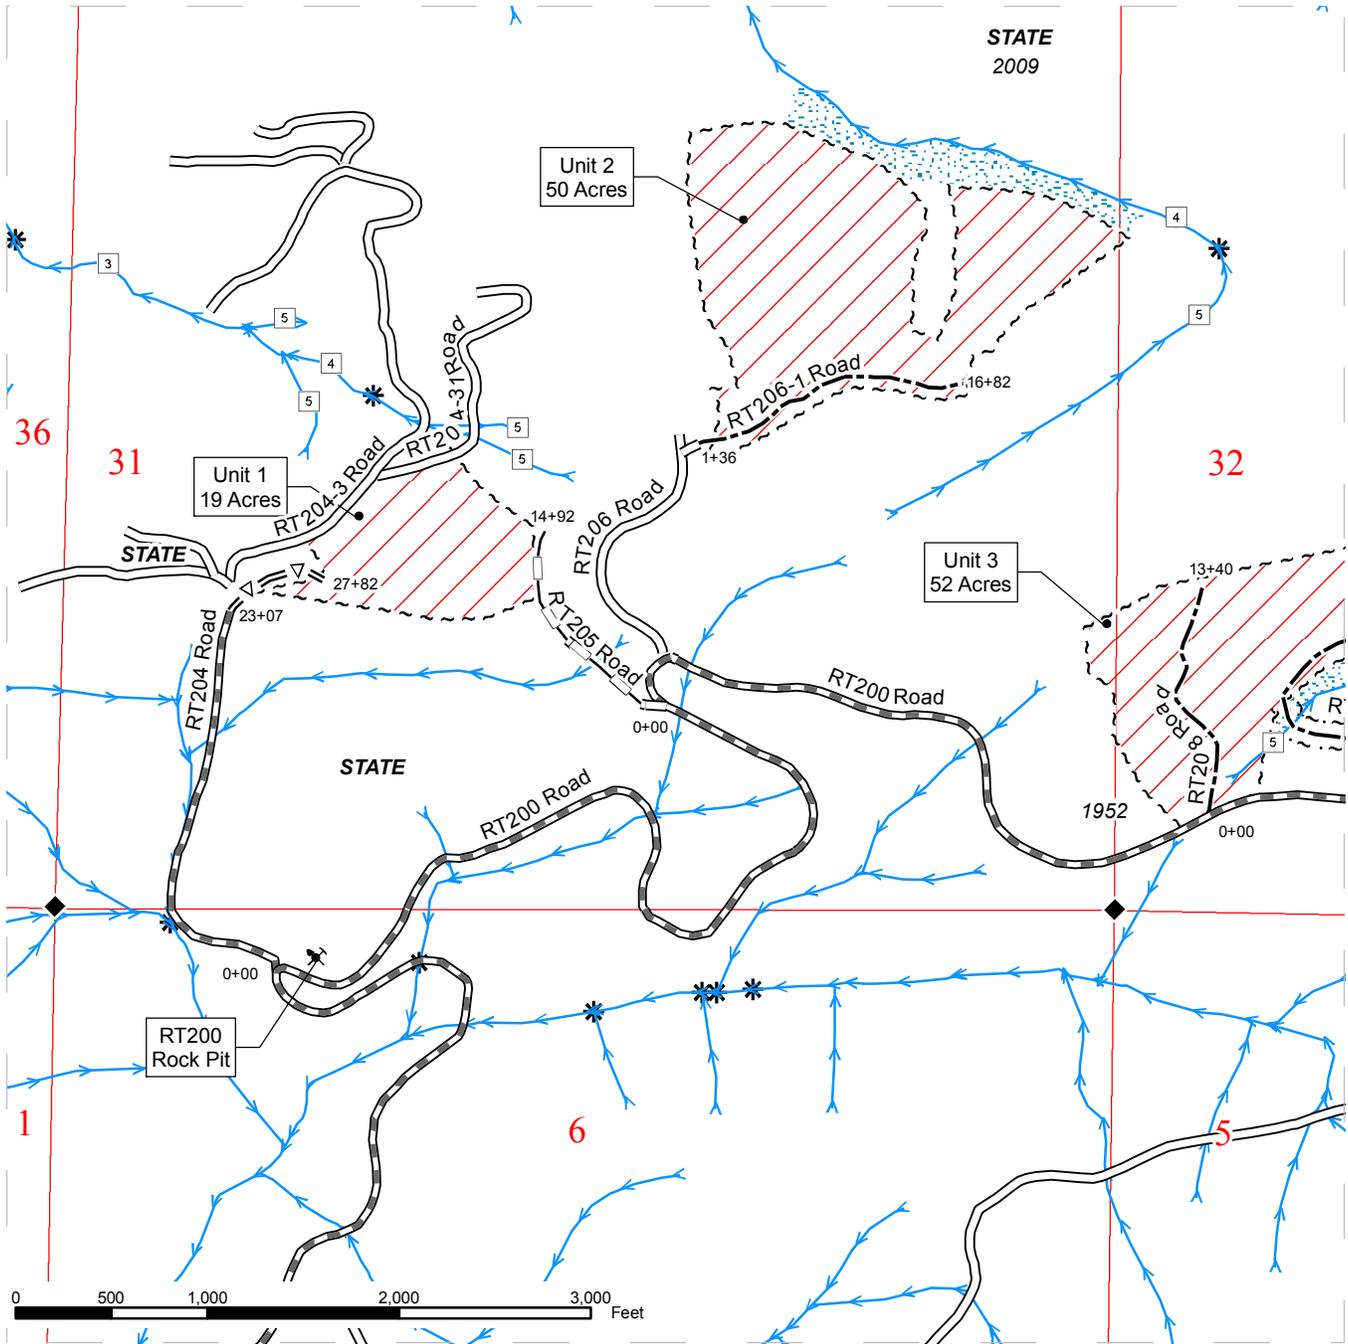

A portion of the RT200 Road could be closed in 2011 for road upgrades. Contact the Mineral workspace at (360) 492-5060 for further information.

The 11 Road may be used for logging and hauling from Unit #3. However, this authorization would be contingent upon a contract amendment and require the Purchaser to enter into a Road Use Permit with the U.S. Forest Service for hauling on the U.S.F.S 85 Road. If Purchaser intends to use the 11 Road, this needs to be communicated to the Contract Administrator at, or prior to, the Plan of Operations meeting and a letter requesting use of the 11 Road sent to Audrey Mainwaring at the region office.

*For Sort 2, if Purchaser plans to peel logs the average log lengths reflected in clause G-023 will be 26', otherwise the average log length will be 28'. Bidders will indicate their intent to peel logs by specifying appropriate preferred lengths on their bid form.

CERTIFICATION:

This sale is certified under the Sustainable Forestry Initiative Standard (cert no: BV-SFIS-US09000572) and the Forest Stewardship Council Standard (cert no: BV-FM/COC-080501). To learn about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest, please visit www.fscus.org.

TIMBER NOTICE OF SALE

BID METHOD: Sealed Bids **UNIT OF MEASURE:** MBF scale/Tonnage scale

EXPIRATION DATE: [November 19, 2010](#) **ALLOCATION:** Export Restricted

PAYMENT

SECURITY: To be determined by the State as described in Clause P-041 of the Purchaser's Contract.

BIDDING

PROCEDURES: A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price. Complete bidding procedures and auction information may be obtained from the [South Puget Sound](#) Region Office in [Enumclaw, WA](#). Phone number [\(360\) 825-1631](#).

HARVEST AND

DELIVERY COSTS: Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Haul Cost + ARRF).

Actual harvest costs will be available following selection of harvester. Estimated Haul Cost = (tons) (\$2.63 or \$3.63 for transmission poles) + tons (\$0.16 x C miles) + tons (\$__ x A miles)). *Current A mile rate is \$0.09, but will be reevaluated and set for this contract on April 1, 2010.* ARRF = \$22.25/mbf.

SPECIAL REMARKS: The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing and scaling costs. All mbf and tonnage loads will be weighed and all mbf loads will be scaled at State approved scaling locations. The State reserves the right to determine where logs are authorized to be scaled and weighed.

Harvester selection is planned on June 1, 2010. Log deliveries are anticipated to begin mid-June.

Access through gates will be a combination lock with combo 3717.

The DNR cruise data is available upon request by emailing audrey.mainwaring@dnr.wa.gov or calling Audrey Mainwaring at (360) 802-7001.

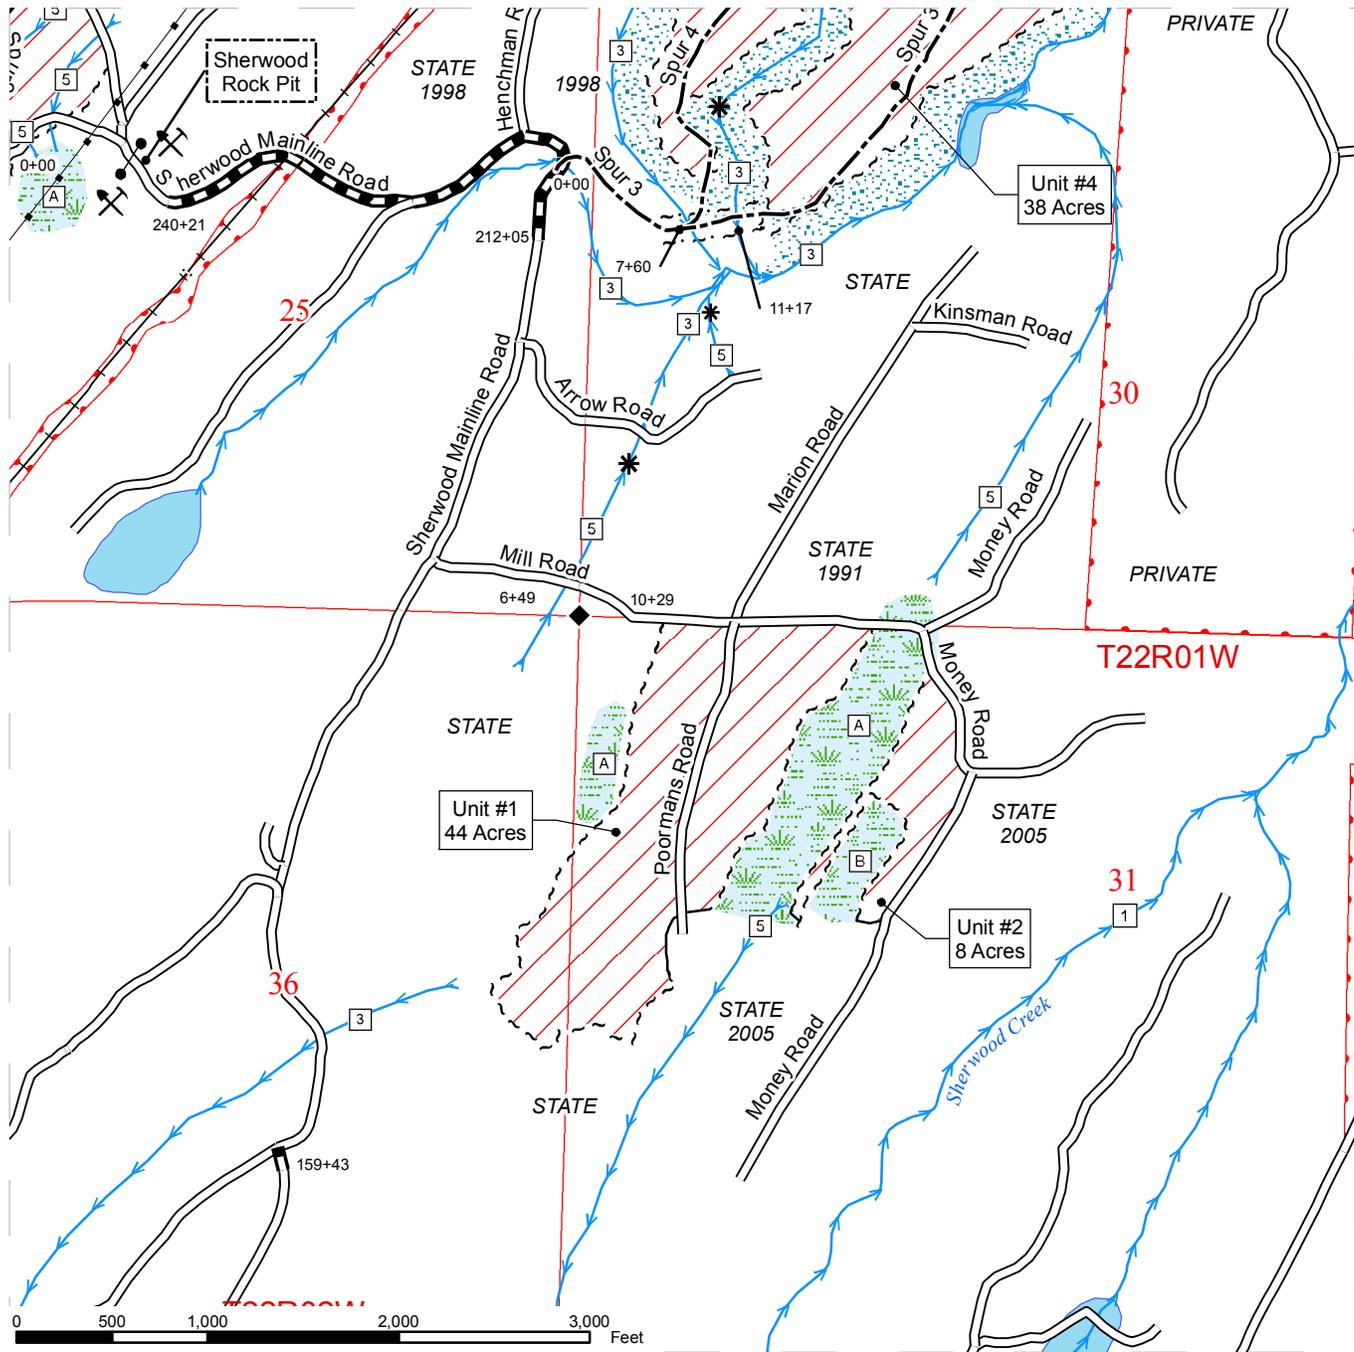

For more information regarding this log sort sale visit our web site: <http://www.dnr.wa.gov/htdocs/fr/sales/>. If you have questions call [Audrey Mainwaring](#) at the [South Puget Sound](#) Region office at (360) 802-7001 or [Dave Richards](#) at the Product Sales and Leasing Division Office in Olympia at (360) 902-1365.

CONFIRMATION: Each sort is subject to confirmation following auction. No sorts will be confirmed until at least 10 days after all sorts are successfully auctioned. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion.

- Rock Pit
- Gates: Combo 3717
- Distance Indicator

DRIVING DIRECTIONS:

From Allyn, drive approximately 5.6 miles south on Highway 3 to an orange gate on the right. From this gate travel approximately 0.6 mile along the Sherwood Mainline to a blue gate. From this gate travel approximately 0.8 miles along the Sherwood Mainline to a four way intersection. Turn left onto Beaver Road and travel 0.2 miles to Unit 6. For Units 1 and 2, turn right at the 4 way intersection and travel 2.1 miles along the Sherwood Mainline to Mill Road. Turn right onto Mill Road and travel 0.2 miles to another four way intersection. Unit 1 will be to the south. For Unit 2, travel another 0.2 miles on Mill Road. For Units 3 and 4, from the intersection of the Sherwood Mainline and Mill road, travel 0.4 miles until there is an old abandoned road to the right. Both units are located down the abandoned road. For Unit 5, travel west along the Sherwood Mainline 0.5 miles from the abandoned road, across the railroad tracks, through a gate, and beyond the power lines. The unit is located on the left after crossing the power lines.

TIMBER NOTICE OF SALE

SALE NAME: GOLD MINE

AGREEMENT NO: 30-084855

AUCTION: May 26, 2010 starting at 10:00 a.m., **COUNTY:** Skagit
Northwest Region Office, Sedro Woolley, WA

SALE LOCATION: Sale located approximately 5 miles north of Sedro-Woolley, WA.

**PRODUCTS SOLD
AND SALE AREA:**

All timber and down remnant cedar logs bounded by white timber sale boundary tags, adjacent young stands, and the MI-ML Road, except trees marked with blue paint on the bole and root collar and forest products tagged out by yellow leave tree area tags in the Unit.

All timber bounded by orange right of way tags, except the PVT right of way which is conveyed under the G-380 clause road use permit.

The above described products on part(s) of Sections 8 and 17 all in Township 36 North, Range 5 East, W.M., containing 63 acres, more or less.

CERTIFICATION: This sale is certified under the Sustainable Forestry Initiative Standard (cert no: BV-SFIS-US09000572).

ESTIMATED SALE VOLUMES AND QUALITY:

Sale Total			2,764										

MINIMUM BID: \$911,000.00

BID METHOD: Sealed Bids

PERFORMANCE

SECURITY: \$100,000.00

SALE TYPE: Lump Sum

EXPIRATION DATE: September 30, 2011

ALLOCATION: Export Restricted

BID DEPOSIT: \$91,100.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on slopes 25% or less, with exception for the area in Section 8. In Section 8, ground-based yarding may take place on slopes up to 35% provided the following criteria are met: 1). Ground-based yarding on slopes 25-35% will not take place between November 1 to March 31. 2). The proposed ground-based yarding routes are reviewed by the Contract Administrator prior to the commencement of operations. 3). Upon completion of the harvest on slopes 25%-35%, this area shall be reviewed again by the Contract Administrator. Any areas showing potential for ponding or channeling shall be mitigated to the satisfaction of the Contract Administrator before equipment may be removed from the site.

Falling and Yarding : Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

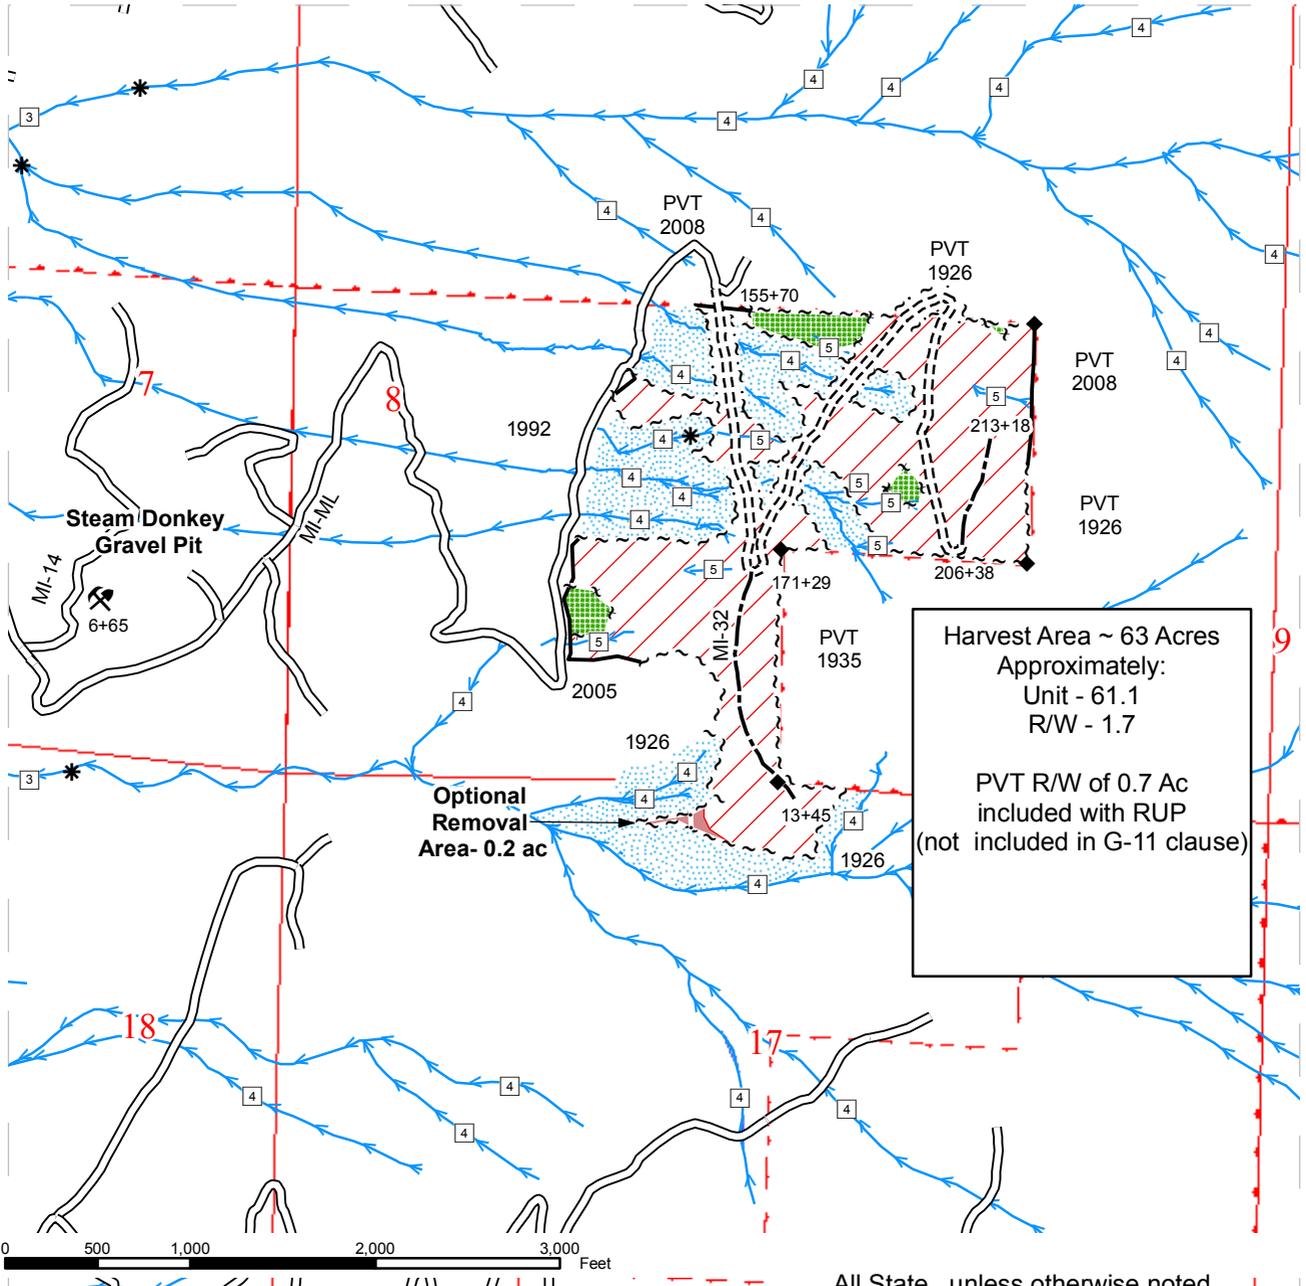

TIMBER NOTICE OF SALE

- ROADS:** 50.68 stations of required construction. 20.25 stations of optional construction. 20.25 stations of road to be abandoned if built.
- Development of an existing hardrock source (Christie Hardrock Pit) at MP 3.5 of the CT-ML Road will involve drilling, shooting, and processing rock to generate approximately 209 cubic yards of riprap. This rock is available at no cost on State land.
- Development of an existing gravel source (Steam Donkey Gravel Pit) at station 6+65 of the MI-14 Road will involve clearing, stripping and processing rock to generate approximately 8,800 cubic yards of gravel ballast. This rock is available at no cost on State land.
- Road construction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.
- ACREAGE DETERMINATION**
- CRUISE METHOD:** Acres determined by GPS traverse. 107.2 acres gross. 40.2 acres deducted for RMZ's, and 4.2 acres deducted for green tree retention clumps. 62.8 acres net. Cruised using variable plot method. Expansion factor used is 40.00 for red alder, and 62.50 for all other species. Sighting height is 4.5 feet. Grid size plot spacing is 280 x 200 feet. Plot ratio cruise count is 1:1. 47 plots were taken.
- FEES:** 1). Purchaser shall furnish the State with a check made payable to Longview Timberlands, LLC in the amount of \$12,722.00 on the day of sale for permit #55-085001, for right of way timber and road use. 2). \$36,623.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.
- SPECIAL REMARKS:** The harvest unit west of traverse points GM-110 and GM-113 and as shown on the timber sale map will be an optional removal area. This area consists of 0.2 acres, and it will be the choice of the purchaser whether or not to fell and yard this timber. The lead end of logs must be suspended during cable yarding. The area is optional for harvest and removal but is still included in the sale value total, regardless. Blue special management tags delineate the start of the optional removal area.

TIMBER NOTICE OF SALE

SALE NAME: BALD BELFRY

AGREEMENT NO: 30-085037

AUCTION: May 26, 2010 starting at 10:00 a.m., **COUNTY:** Skagit
Northwest Region Office, Sedro Woolley, WA

SALE LOCATION: Sale located approximately 26 miles northeast of Arlington, WA.

**PRODUCTS SOLD
AND SALE AREA:**

All timber bounded by white timber sale boundary tags, adjacent young stands, property lines, and the existing BR-ML Road, except trees marked with blue paint on the bole and root collar, forest products tagged out by yellow leave tree area tags, forest products tagged out by blue special management tags, and cedar snags, dead and down cedar trees, logs and stumps in the Unit #1.

All timber designated for removal as described in Schedule B, located in the RMZs within Unit #1.

All timber bounded by white timber sale boundary tags, the existing BR-8908 Rock Pit, and the existing BR-89 Road, in Unit #2.

All timber bounded by orange right of way tags, except that title to the timber within the right of way tags is not conveyed to the Purchaser unless the road segment is actually constructed.

The above described products on part(s) of Sections 3 and 4 all in Township 33 North, Range 6 East, W.M., containing 103 acres, more or less.

CERTIFICATION: This sale is certified under the Sustainable Forestry Initiative Standard (cert no: BV-SFIS-US-09000572).

MINIMUM BID: \$ 561,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$ 100,000.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: September 30, 2011 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$56,100.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on slopes 35% or less, and tracked skidders only in areas upon written approval from the Contract Administrator. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

TIMBER NOTICE OF SALE

ROADS: 32.34 stations of required construction. 8.93 stations of required reconstruction. 24.67 stations of optional construction. 24.67 stations of road to be abandoned if built.

Development of an existing hardrock source (BR-8908 Hardrock Pit) at station 44.25 of the BR-89 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate approximately 241 cubic yards of riprap and approximately 6,820 cubic yards of 3-inch-minus ballast rock. This rock is available at no cost on State land.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD: Acres determined by GPS traverse. 107.3 acres gross. 3.2 acres deducted for green tree retention clumps and 0.8 acres deducted for old grade. 103.3 acres net. Cruised using variable plot method. Expansion factor used is 54.45 for Units 1 (variable retention harvest area) and 2, and 40.00 for RMZ variable density thinning area. Sighting height is 4.5 feet. Grid size plot spacing is 400 x 240 feet. Plot ratio cruise count is 1:1. 37 plots were taken in Units 1 and 2, and 7 plots taken in the RMZ thinning area, for a total of 44 plots.

FEES: \$36,053.25 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: None.

Schedule B
Bald Belfry RMZ Thinning Prescription

RIPARIAN THINNING:

Cut all WH, PSF, DF less than or equal to 15 inches DBH

Cut all WRC less than or equal to 12 inches DBH

Cut all RA, BLM

Leave CW

WH, PSF, DF and WRC less than 6 inches DBH may be left standing

Trees that must be removed from approved corridors that do not meet prescription shall be considered additional volume, and be paid for at the rate listed in Clause G-101.

Retain all snags greater than or equal to 20 inches DBH and 20 feet tall, except where it cannot be accomplished safely.

Five (5) of the designated conifer cut trees per acre, totaling 116 trees, from the largest DBH class, shall be felled towards the stream where feasible to remain as LWD. Purchaser shall mark and they shall be approved by Contract Administrator before felling. These trees shall be marked within 25 feet of the white timber sale boundary tags. (25 to 50 feet from the stream channel)

SPECIAL THINNING CONDITIONS:

Where the prescription would leave an opening greater than 50 feet in diameter, the purchaser must leave a conifer take tree from the largest diameter, largest crown class, best form, and undamaged. Species preference in order of importance: RC, WH, PSF

In areas where thinning is not necessary, i.e., prescription is met, do not put in yarding corridors or skid trails. These areas must be identified and agreed upon in advance with the Contract Administrator.

When yarding through stream buffers, prior written approval must be obtained from the Contract Administrator on all corridors prior to felling any timber. Full suspension is needed over type 3 and 4 streams and when not possible, cribbing or other measures approved by the Contract Administrator, shall need to be in place to protect stream channel and bank integrity. Rub trees within RMZs shall not be counted towards the "Leave Tree Excessive Damage" clause D-040.

CABLE YARDING CORRIDORS:

When radial yarding corridors are required from a central landing, the distance between yarding corridors must be no closer than 100 feet where the corridor leaves the unit as measured from the

center of the corridors. Where possible corridors should be located in a manner to minimize the damage to or removal of leave trees. Following completion of yarding of each corridor, rub trees that do not meet take tree specifications may be left standing. It is not required to remove all trees from the 12-foot corridor.

Trees felled within the 25-foot inner core of stream RMZ's for corridors are to be left on ground, not yarded. These trees should be felled towards the stream where feasible.

GROUND YARDING CORRIDORS:

Corridors are limited to 14 feet wide (including rub trees) and no less than 70 feet apart as measured from the center of the corridor. Where possible corridors should be located in a manner to minimize the damage to, residual trees.

CERTIFICATION OF FALLERS AND YARDER OPERATORS – SEE CLAUSE H-011 OF THE CONTRACT.

The Contract Administrator and Faller/Harvester Operator will jointly review the take tree selection criteria as outlined in Schedule B of the contract.

In conjunction with the Contract Administrator, the Faller/Harvester Operator will mark a designated area as a test plot within the sale area boundary. Satisfactory thinning of the test plot completes the certification process.

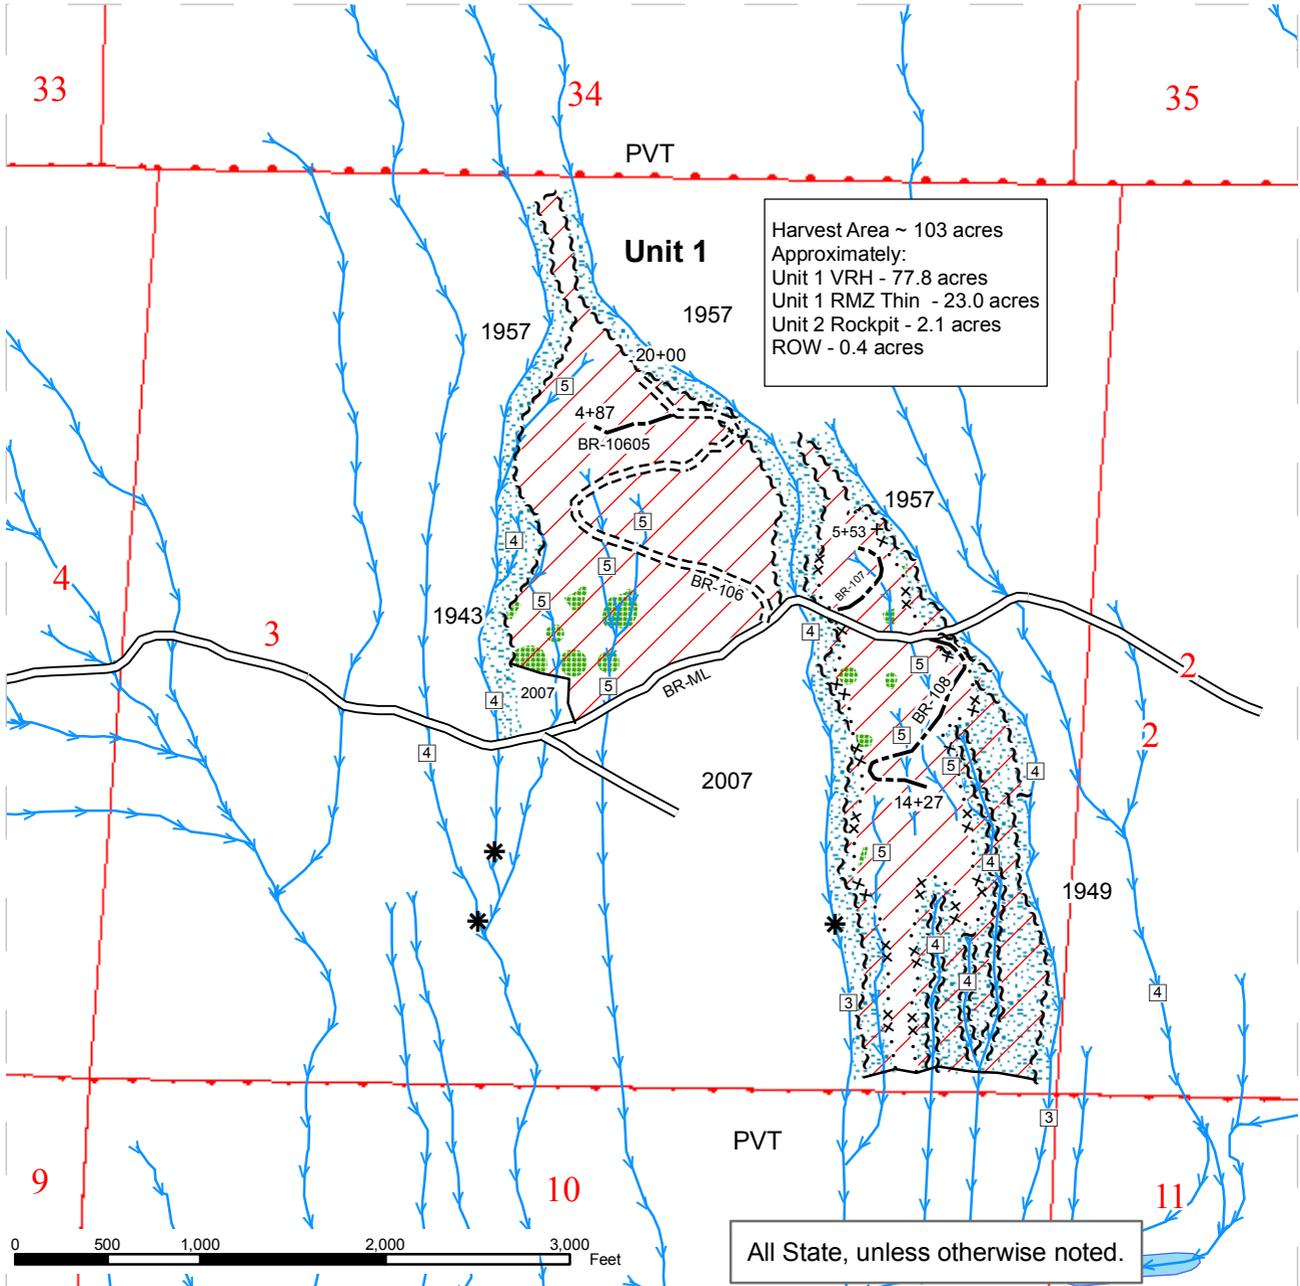

Certifications will be issued to individuals when they demonstrate to the Contract Administrator their ability to perform within the requirements set forth in the contract.

Certification may be revoked at any time by the Contract Administrator if the Contract Administrator determines that the prescription is not being implemented properly.

TIMBER NOTICE OF SALE

TIMBER EXCISE

TAX:

Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 5% without EARR credit and 4.2% with the credit. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Haul Cost + ARRF). For more information contact the Department of Revenue, Forest Tax Section at 1-800-548-8849.

Use the following rates for estimating taxable stumpage: Harvest Cost = tons([Insert harvest cost \$/ton] , [Insert harvest cost \$/ton] for poles, for utility [Insert harvest cost \$/ton]). Haul Cost = (tons)(\$2.63 or \$3.63 poles) + tons(\$0.16x C miles) + tons(\$0.14 x A miles). ARRF = \$22.25 per mbf.

CONFIRMATION:

Each sort is subject to confirmation following auction. No sorts will be confirmed until at least 10 days after all sorts are successfully auctioned. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion.

SPECIAL REMARKS:

The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing and scaling costs. All mbf and tonnage loads will be weighed and all mbf loads will be scaled at State approved scaling locations. The State reserves the right to determine where logs are authorized to be scaled and weighed.

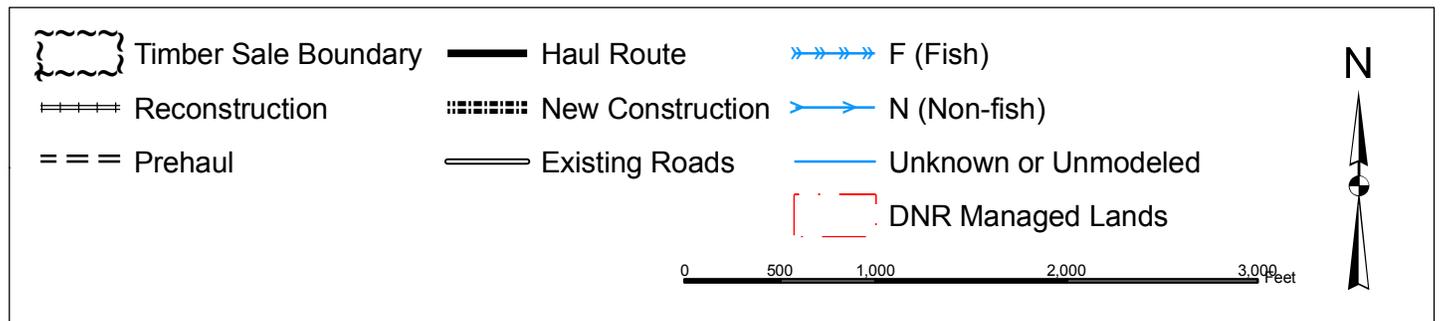

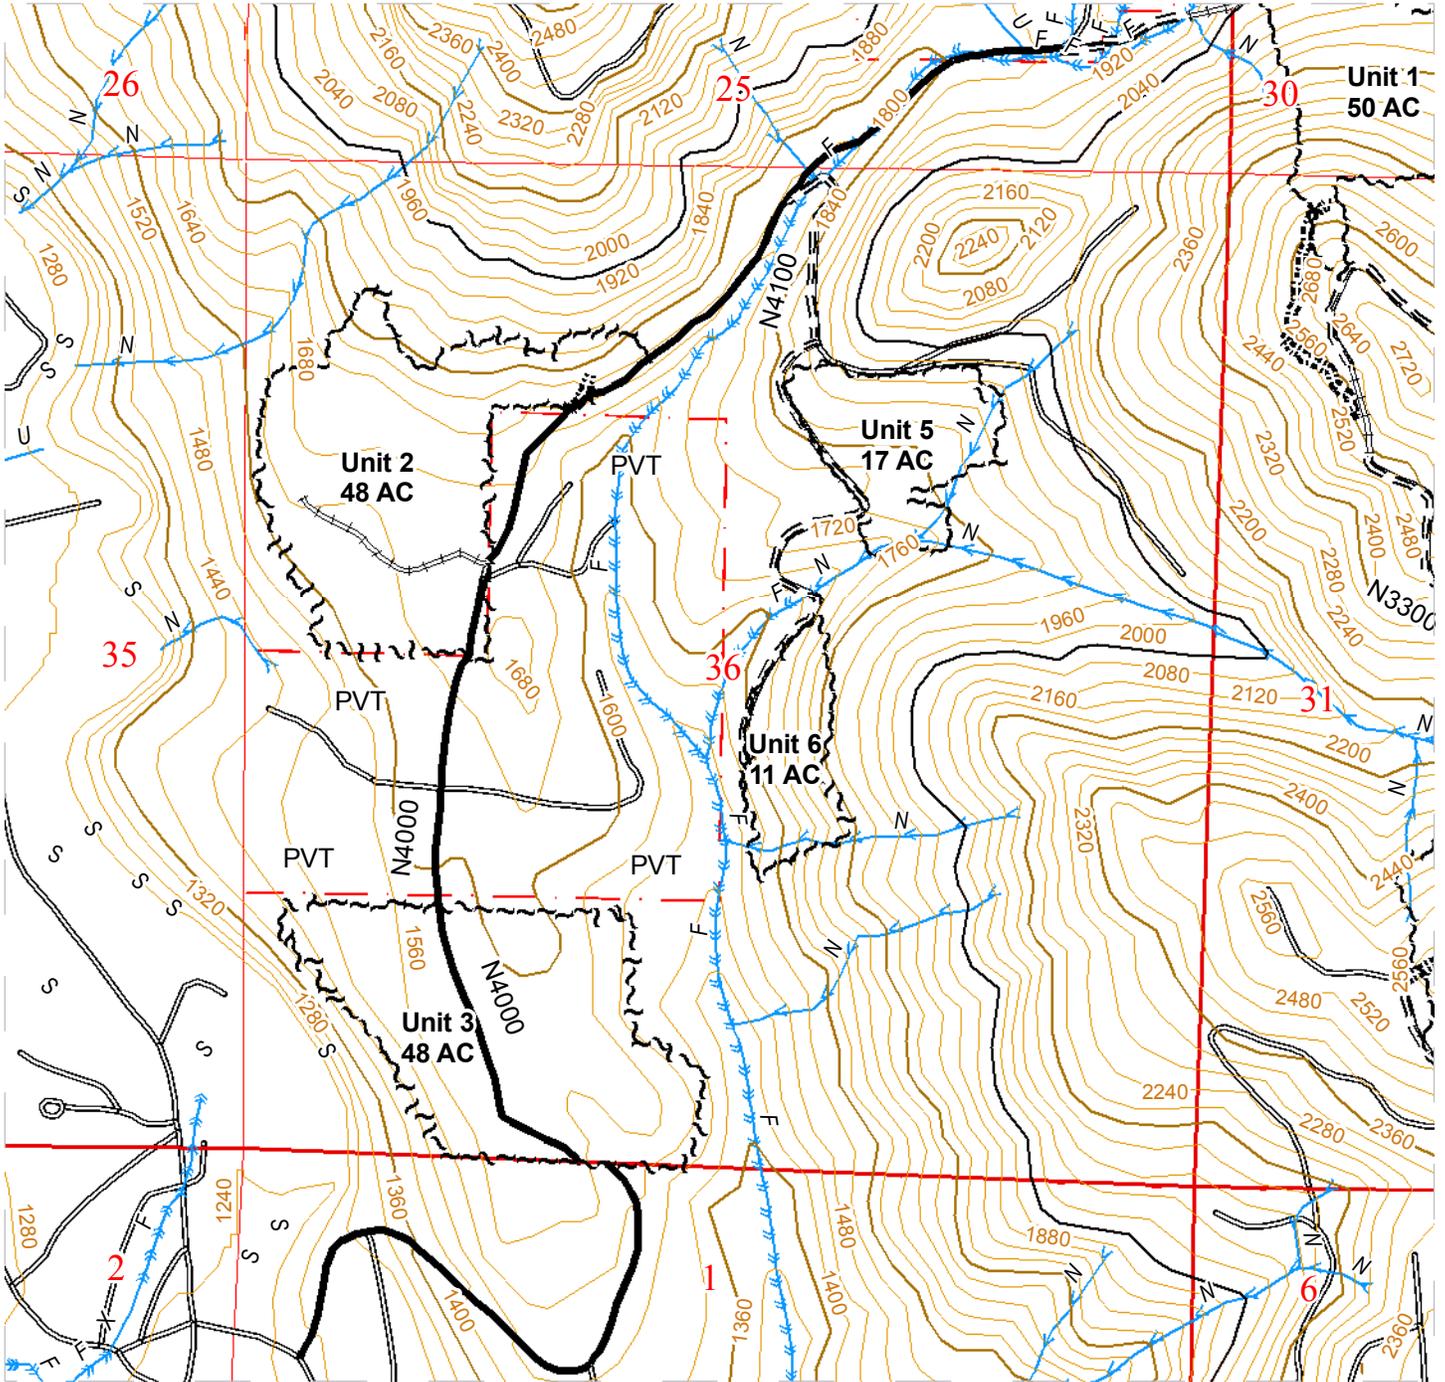

For more information regarding this log sort sale visit our web site: <http://www.dnr.wa.gov/htdocs/fr/sales/>. If you have questions call [Albert Durkee](#) at the [Husum office](#) at (509) 493-3218 ext.233 or [Steven Teitel](#) at the Forest Resources and Conservation Division Office in Olympia at (360) 902-1741.

TIMBER NOTICE OF SALE

SALE NAME: CUTLASS

AGREEMENT NO: 30-084290

AUCTION: May 25, 2010 starting at 10:00 a.m., **COUNTY:** Snohomish
Northwest Region Office, Sedro Woolley, WA

SALE LOCATION: Sale located approximately 6 miles east of Arlington, WA.

**PRODUCTS SOLD
AND SALE AREA:**

All timber (which shall also include dead and down cedar trees, logs and stumps) bounded by white timber sale boundary tags, adjacent young stands, and the JC-2228 Road, except cedar snags, six pieces of dead and down cedar (trees, logs and stumps) marked with blue paint, trees marked with blue paint on the bole and root collar, forest products tagged out by yellow leave tree area tags, and forest products tagged out by blue special management tags in Unit #1.

All timber marked with orange paint on the bole and root collar, and all timber which has a blue special management tag AND is marked with orange paint on the bole and root collar located in the two WMZs associated with Unit #1.

All timber bounded by white timber sale boundary tags and adjacent young stands, except trees marked with blue paint on the bole and root collar, forest products tagged out by yellow leave tree area tags, and cedar snags, dead and down cedar trees, logs and stumps in Unit #2.

All timber bounded by white timber sale boundary tags, adjacent young stands, and the JC-22 Road, except trees marked with blue paint on the bole and root collar, and cedar snags, dead and down cedar trees, logs and stumps in Unit #3.

All timber bounded by white timber sale boundary tags and adjacent young stands, except trees marked with blue paint on the bole and root collar, and cedar snags, dead and down cedar trees, logs and stumps in Units # 4, 5, and 6.

All timber bounded by white timber sale boundary tags, adjacent young stands, and the JC-2210 Road, except trees marked with blue paint on the bole and root collar, and cedar snags, dead and down cedar trees, logs and stumps in Unit #7 and 8.

All timber bounded by orange right of way tags, except that title to the timber within the right of way tags is not conveyed to the Purchaser unless the road segment is actually constructed.

The above described products on part(s) of Sections 11, 12, 13 and 14 all in Township 31 North, Range 6 East, W.M., containing 103 acres, more or less.

CERTIFICATION: This sale is certified under the Sustainable Forestry Initiative Standard (cert no: BV-SFIS-09000572).

MINIMUM BID: \$ 1,196,000.00

BID METHOD: Sealed Bids

PERFORMANCE

SECURITY: \$ 100,000.00

SALE TYPE: Lump Sum

EXPIRATION DATE: September 30, 2011

ALLOCATION: Export Restricted

BID DEPOSIT: \$119,600.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on slopes 35% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS: 36.35 stations of required construction. 64.14 stations of required reconstruction. 44.85 stations of optional construction. 64.98 stations of optional reconstruction. 64.98 stations of existing road to be abandoned. 44.85 stations of road to be abandoned if built. Installation of a 25-foot span, pre-constructed, modular type, steel bridge and precast concrete footings. An unassembled modular steel bridge with precast concrete footings is available at station 38+18 of the JC-ML.

Use of existing 3-inch-minus ballast rock, shot rock, and riprap stockpiled at station 42+34 (JC-0608 Hardrock Pit) of the JC-06 Road. This rock is available at no cost on State land.

Use of existing 3-inch-minus ballast rock, shot rock, and riprap stockpiled at station 57+23 (JC-2211 Hardrock Pit) of the JC-22 Road. This rock is available at no cost on State land.

Development of an existing hardrock source (JC-2228-06 Hardrock Pit) at station 34+35 of the JC-2228 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate riprap and 6-inch-minus ballast. This rock is available at no cost on State land.

Acquisition of ¾-inch-minus crushed rock from a commercial rock source for use on the bridge deck and as a leveling course for the precast concrete footings.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest

TIMBER NOTICE OF SALE

products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD: Acres determined by GPS traverse, and GIS calculation of WMZ area. 108.8 acres gross. 6.1 acres deducted for green tree retention clumps. 102.7 acres net. Cruised using variable plot method. Expansion factor used is 54.45. Sighting height is 4.5 feet. Grid size plot spacing is 360 x 240 feet. Plot ratio cruise count is 1:1. 54 plots were taken.

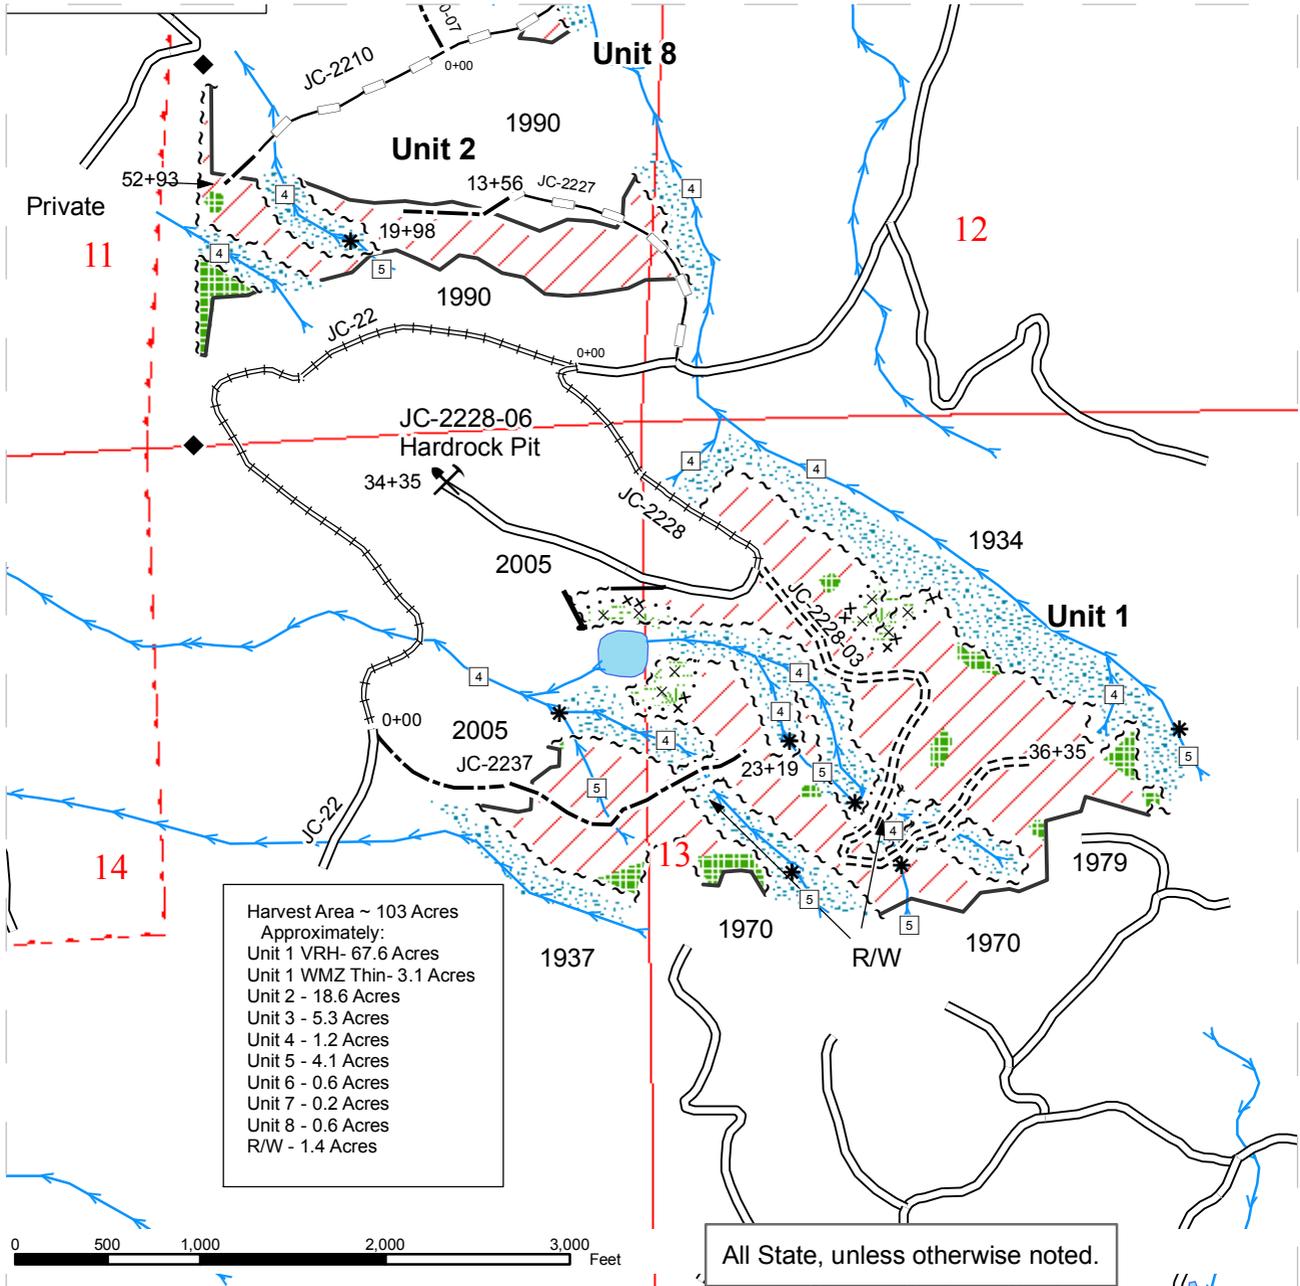

FEES: \$65,812.75 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: None.

TIMBER NOTICE OF SALE

CERTIFICATION: This sale is certified under the Sustainable Forestry Initiative Standard (cert no: BV-SFIS-US09000572).

BID METHOD: Sealed Bids **UNIT OF MEASURE:** MBF scale/Tonnage scale

EXPIRATION DATE: January 31, 2011 **ALLOCATION:** Export Restricted

PAYMENT SECURITY: To be determined by the State as described in Clause P-041 of the Purchaser's Contract.

BIDDING PROCEDURES: A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price. Complete bidding procedures and auction information may be obtained from the Northeast Region Office in Colville, WA. Phone number (509) 684-7474.

TIMBER EXCISE TAX: Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Haul Cost + ARRF).

Use the following rates for estimating taxable stumpage: Harvest Cost = tons * (\$21.00 for sawlogs, \$26.00 for poles, and \$13.00 for utility). Haul Cost = tons * (\$2.63 for sawlogs and utility or \$3.63 for poles) + tons * (\$0.16 per C mile) + tons * (\$0.14 per A miles). ARRF = \$22.25 per mbf for sawlogs and poles and \$0.00 per mbf for utility.

CONFIRMATION: Each sort is subject to confirmation following auction. No sorts will be confirmed until at least 10 days after all sorts are successfully auctioned. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion.

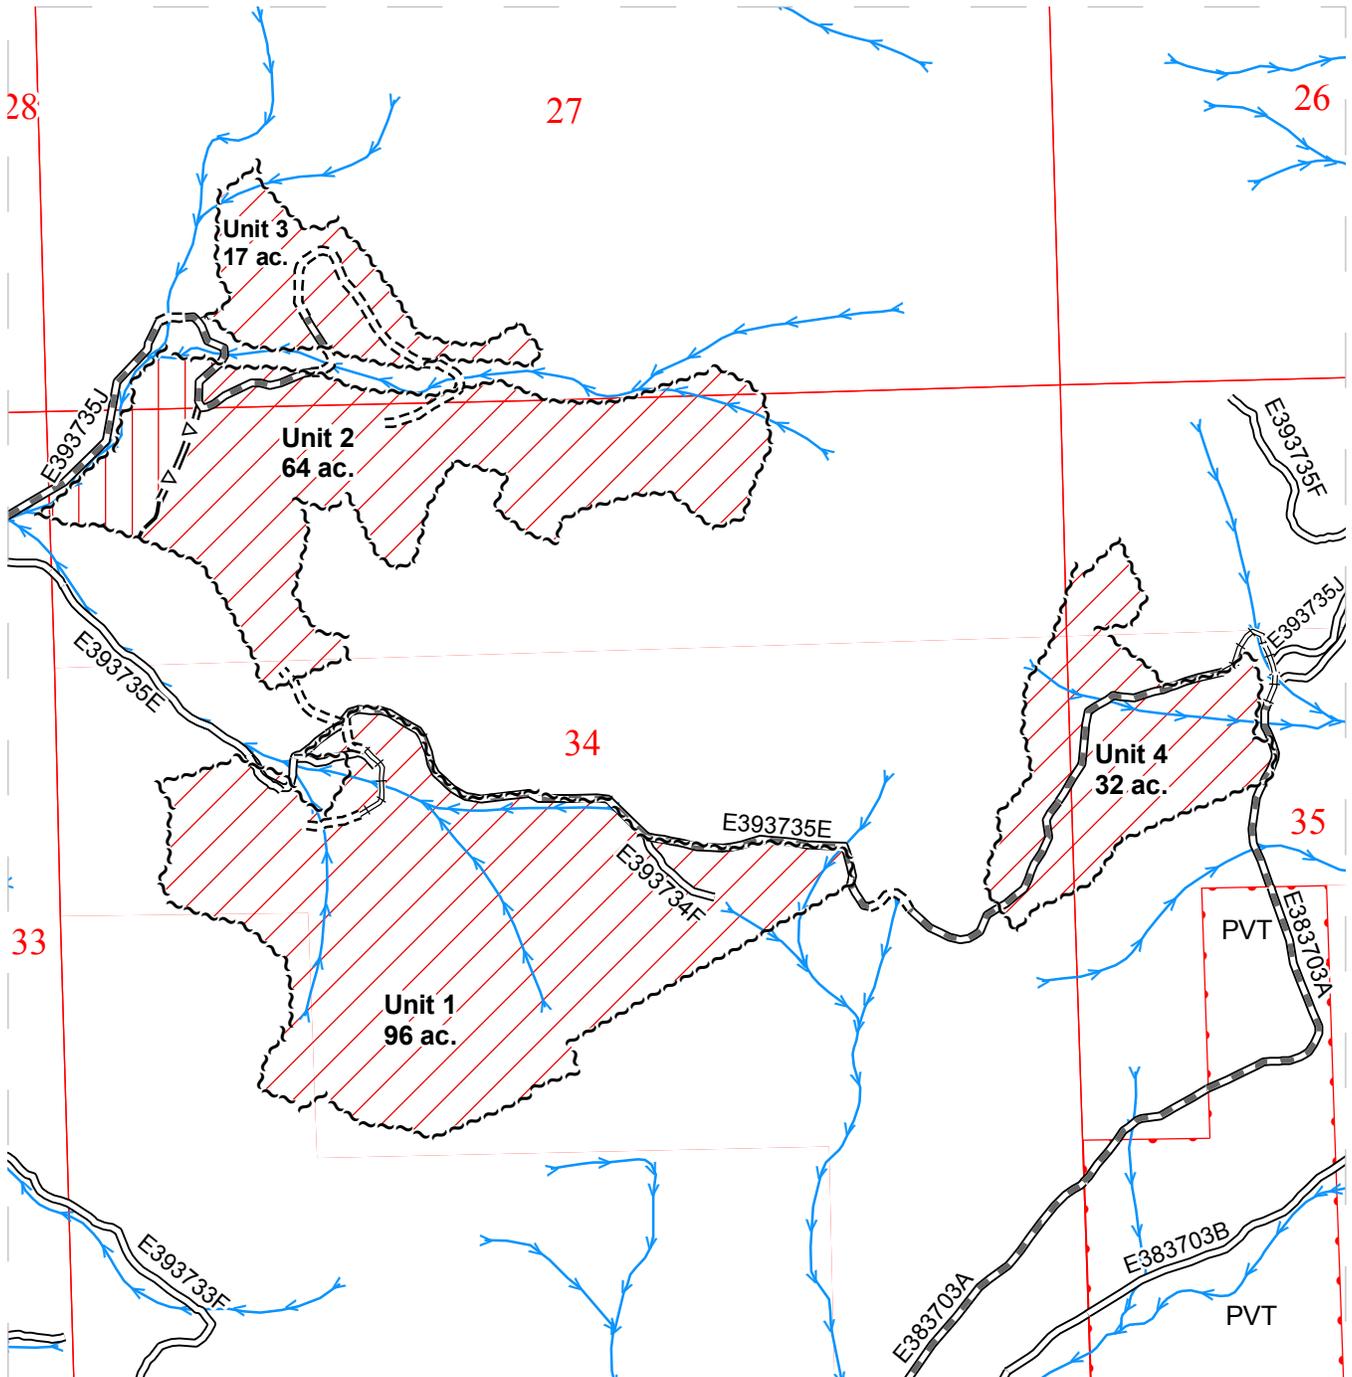

SPECIAL REMARKS: The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing and scaling costs. All mbf and tonnage loads will be weighed and all mbf loads will be scaled at State approved scaling locations. The State reserves the right to determine where logs are authorized to be scaled and weighed.

For more information regarding this log sort sale visit our web site:
<http://www.dnr.wa.gov/htdocs/fr/sales/>. If you have questions call Bob McKellar at the Northeast Region office at (509) 684-7474 or Steve Teitzel at the Product Sales and Leasing Division Office in Olympia at (360) 902-1741.
