Certification Opportunities for DNR Timber Purchasers

Certified forests are grown to an approved set of standards which demonstrate environmentally responsible, socially beneficial, and economically viable management practices that promote responsible stewardship and sustainable forestry. This unique commitment to sustainable forestry recognizes that forest landowners play a critical role in ensuring the long-term health and sustainability of our forests.

Forest Stewardship Council (FSC) is an independent, non-profit organization that promotes responsible management of the world’s working forests through the development of forest management standards, a voluntary certification system, and trademarks that provide recognition and value to products bearing the FSC label in the marketplace. FSC standards ensure forestry is practiced in an environmentally responsible, socially beneficial, and economically viable way.

Sustainable Forestry Initiative® (SFI) is an independent non-profit organization internationally endorsed and accepted around the world. The SFI program is based on the premise that responsible environmental behavior and sound business decisions can co-exist. Its three-chamber Board of Directors governs all aspects of the SFI program, with equal representation from the environmental, economic and social sectors.

Currently, all Department of Natural Resources (DNR)-managed forested state trust lands in Washington State are certified under the Sustainable Forestry Initiative® (SFI) Standard. Lands within DNR’s South Puget Habitat Conservation Plan Planning Unit, located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are dually certified under the Forest Stewardship Council Pacific Coast Regional Standard (FSC) and the SFI Standard.

Certification under each standard (FSC and SFI) involves an inspection audit of the landowner’s forest management activities by an independent third-party accredited team to verify that it meets specified forest management principles. If the forest unit complies with the specific standard, the landowner receives a certificate of conformance characterizing their forests as “green.” Both standards encourage integration of perpetual growing and harvesting of trees with strong measures to protect wildlife, plants, soil, water, and air quality. Both standards provide a seal of approval that forests certified under these principles are well-managed. The global marketplace recognizes and endorses multiple forest certification standards. Each standard has individual market niches. By being dually certified, DNR can maximize its customer base and provide choices to the consumer.
DNR-managed forested state trust lands within the South Puget Habitat Conservation Plan Planning Unit (map below), located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are certified as being in compliance with the Forest Stewardship Council Pacific Coast Regional Standard, which would make that planning unit dually certified under both the FSC and SFI Standards.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a “program participant” in the FSC Program and use the Licensed Marks, visit www.fscus.org.

To learn more about DNR timber sales certified under this standard, please visit www.dnr.wa.gov.

Forest Stewardship Council owns all right, title, and interest in and to the Forest Stewardship Council Program Marks.

All DNR-managed forested state trust lands across the state have been certified as being in compliance with the 2005-2009 Sustainable Forestry Initiative® Program.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a “program participant” in the SFI Program and use the Licensed Marks, visit www.sfiprogram.org.

To learn more about DNR timber sales certified under this standard, please visit www.dnr.wa.gov.

Sustainable Forestry Initiative, Inc. owns all right, title, and interest in and to the Sustainable Forestry Initiative® (SFI) Program group of service marks and collective membership marks.

Washington State Department of Natural Resources (DNR)

Bidder's/Purchaser's Inspection of Sale Area and Forest Products

Acreage estimates and volume estimates contained within each timber notice of sale and each timber sale contract are made only for administrative and identification purposes. Except as expressly provided by the timber sale contract, the purchaser shall be responsible for paying the entire purchase price, even if the actual acreage or timber volume varies from the estimated quantity or volume shown.

All prospective bidders have the opportunity and are expected to inspect the sale area and the forest products located thereon. Bidders shall not rely on any representations by the State including, but not limited to, acreage estimates, volume estimates, appraisal or pre-bid documentation. The successful bidder/purchaser will further warrant that they have entered the timber sale contract without any reliance upon the DNR's volume estimates, acreage estimates, appraisals, pre-bid documentation, or any other representation by the DNR.

*Any timber sale contract arising out of these public auctions will require the successful purchaser to warrant that they are entering the timber sale contract based solely upon their own judgment of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold.*
Exclusion and Disclaimer of Warranties

The PARTIES AGREE that the IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, and ALL OTHER WARRANTIES EXPRESS OR IMPLIED, ARE EXCLUDED from this transaction, and shall not apply to the goods sold. For example, THE FOLLOWING SPECIFIC MATTERS ARE NOT WARRANTED, and are EXCLUDED from this transaction:

a. **The merchantability of the forest products.** The use of the term “merchantable” in any document is not intended to vary the foregoing.

b. **The condition of the forest products.** All forest products will be conveyed “AS IS.”

c. **The acreage contained within any sale area.** Any acreage descriptions appearing in the timber notices of sale, timber sale contract, timber sale map or other documents are estimates only, provided solely for administrative and identification purposes.

d. **The volume, quality, or grade of the forest products.** The descriptions of the forest products to be conveyed are estimates only, made solely for administrative and identification purposes.

e. **The correctness of any soil or surface conditions, presale construction appraisals, investigations, and all other pre-bid documents prepared by or for the State.** These documents have been prepared for the State’s appraisal purposes only.

f. **That the sale area is free from threatened or endangered species, or their habitat.** The State is not responsible for any interferences with forestry operations that result from the presence of any threatened or endangered species, or the presence of their habitat, within the sale area.

g. **That the forestry operations to be performed under this contract will be free from regulatory actions by governmental agencies.** The State is not responsible for actions to enforce regulatory laws, such as the Washington Forest Practices Act (Chapter 76.09 RCW), taken by the Department of Natural Resources or any other agency that may affect the operability of these timber sales.

h. Items contained in any other documents prepared for or by the State.

Please also see timber sale contract clause G-060 for further information.

BIDDING PROCEDURES FOR TIMBER AUCTIONS

The general requirements that follow are a part of all Timber Notices of Sale to be auctioned by the Department of Natural Resources (DNR).

**General Information**

The State reserves the right to waive minor irregularities and the right to reject any or all bids.
A. This book contains the timber notices of sale and maps for each timber sale scheduled to be auctioned. More specific information can be obtained by contacting the appropriate region office at the number listed on the back cover of this book.

B. The timber notice of sale is a summary of sale information. For more specific information, interested parties are encouraged to view the Appraisal Packets on the DNR Internet Site @ www.dnr.wa.gov, this will take you directly to the Product Sales Section. The Appraisal Packets contain DRAFT copies of the timber notice of sale, map, contract, road plan, cruise data, precruse and cruise narrative, Forest Practices Application (FPA), Hydraulics Project Approval (HPA).

C. The sale preview packets may be obtained at no charge for individual sales by visiting the appropriate region office.

D. Timber sale contracts contain extensive terms and conditions that will be binding upon successful high bidders. Each bidder should carefully review all terms contained in the appropriate DRAFT timber sale contract prior to bidding on a sale, and should review the final contract prior to signing. DRAFT timber sale contracts are contained in the preview and presales packets and are available upon request at the respective region office.

E. Sales advertised in this book have not been approved by the Board of Natural Resources and are subject to the Board’s approval before they will be sold. The Board meets and approves sales approximately six weeks prior to auction. All sales are subject to confirmation by the DNR under RCW 79.15.120.

F. The State does not guarantee the accuracy of any information contained herein pertaining to particular sales. Therefore, all prospective purchasers are expected to make their own independent inspections and appraisals prior to bidding.

G. If any conflict exists between the information in the Timber Notice of Sale, timber sale map, sale preview packets and that in the timber sale contract, the signed contract will prevail.

H. Timber sales are subject to the Washington State Forest Excise Tax (RCW Chapter 84.33).

I. Within 30 days of sale confirmation, the apparent high bidder will provide to the State the Performance Security specified on each Notice of Sale. The successful bidder also agrees to return a signed contract to the State within 30 days of confirmation. Failure to provide a signed contract to the state within 30 days of confirmation may result in a loss of bidder’s rights to the products sold and forfeiture of initial deposit moneys.

J. Each DNR region office has information about sales offered in that region. For further information, contact the respective DNR region office. Region office addresses and telephone numbers appear on the back cover of this booklet.

K. The purchaser assumes the responsibility for any costs associated with extra maintenance or repair levied by a county for any county road used by the purchaser.
BIDDING PROCEDURES FOR TIMBER AUCTIONS (Continued)

Bidding Process
A. All timber will be auctioned using the sealed bid method.

B. Bids submitted on day of auction must be in the bid box at the specified auction location before 10:00 a.m. The respective DNR region office must receive mailed bids by 4:30 p.m., on the last business day before the auction. Bidders assume all risk for the method of delivery.

C. The DNR has the right to reject bid forms that are completed incorrectly. *All bid forms must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. Revised documents are not permissible.* Bidding instructions are on the back of the Sealed Bid Form. A bid deposit must be included in the sealed bid envelope unless using a Timber Sale Statewide Bid Bond.

D. All bids must include the completed Sealed Bid Form and bid deposit.

E. Bids will be opened in each respective region in the order in which sales appear in the Public Auction Sale of Timber book (alphabetically by county and by agreement number).

F. If a tie bid occurs, the names of the tie bidders will be placed in a hat and the successful bidder will be determined by a drawing.

G. The apparent high bidder on a particular sale will have the option of withdrawing additional sealed bids submitted for any remaining sales to be auctioned. The apparent high bidder must exercise this option within two minutes after the apparent high bidder is announced.

Auction Time and Location

Auctions will start at 10:00 a.m. and close at 4:00 p.m. on the date and at the location specified in each Timber Notice of Sale.

Bid Deposits

A. Required bid deposits are listed on each Timber Notice of Sale.

B. Bid deposits must be in the form of cash, certified check, cashiers’ check, money order or bid bond.

C. Bid bonds may be either a Timber Sale Statewide Bid Bond or a Timber Sale Per Sale Bid Bond.

D. All bid deposits shall be submitted by the person or entity submitting the bid and made payable to the Department of Natural Resources. **Third party deposits will not be accepted.**
Timber Sale Per Sale Bid Bonds

A. The Per Sale Bid Bond shall guarantee payment of the bid deposit within ten days of auction.

B. The balance between the bid bond and the Initial Deposit payment is due by 4:30 p.m., on the day of auction.

C. Additional forms and instructions for a Per Sale Bid Bond are available at any DNR region office.

Timber Sale Statewide Bid Bond

A. Statewide Bid Bonds shall guarantee payment of the Initial Deposit on any statewide timber sale while the bond is in effect.

B. The Statewide Bid Bond must be received by the Department of Natural Resources, Product Sales & Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction date. The bond shall be in the amount of $150,000.00.

C. The bidder must supply a list of persons authorized to bid using the bond. Bid bonds are subject to approval by the Department of Natural Resources.

D. Successful bidders using a Statewide Bid Bond must pay the total Initial Deposit payment (10 percent of the total bid price) by 4:30 p.m. on the day of auction.

E. A Statewide Bid Bond cannot be used to secure the Initial Deposit payment due the day of auction.

F. Additional forms and instructions for a statewide bid bond are available at any DNR region office.

Payments

The initial deposit for a sale is 10% of the total bid value as submitted by the apparent high bidder (25% if the bidder is a defaulter as defined under WAC 332-140-300) and never less than $5,000.00 for lump sum sales. For Lump Sum sales appraised at less than $5,000.00, the entire bid value is due on day of auction.

a. Apparent high bidders using cash, certified check, cashiers’ check or money order as a bid deposit must pay the total Initial Deposit amount by 4:30 p.m. on auction day.

b. Apparent high bidders using a Timber Sale Per Sale Bid Bond as a bid deposit must pay the difference between the bid deposit and the total initial deposit by 4:30 p.m., on the day of auction. The bid bond amount must be replaced with a certified check, cashier’s check, bank draft, cash, money order, or wire transfer within ten days of the auction.

c. Apparent high bidders using a Timber Sale Statewide Bid Bond must pay the entire
Initial Deposit amount by 4:30 p.m. on the day of auction.

**Fees due on the day of sale must be paid by 4:30 p.m.**

All payments must be in the form of a certified check, cashier’s check, bank draft, cash, money order or wire transfer.

---

**Eligibility to Bid**

In order to bid on State timber sales you must be:

- 18 years of age (or have a co-signer who meets the eligibility requirements),
- Licensed to do business in the State of Washington,
- Eligible to bid on Export Restricted timber, and
- Capable of meeting all contract obligations.

**Authorized Representatives**

Companies may only use company officers or authorized representatives to bid on State sales, sign State documents or sign checks. A list of authorized representatives and their specific authorities must be submitted in writing to the Department of Natural Resources Product Sales & Leasing Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction. A company owner or officer must sign this submittal.
SEALED BID FORM

Sale Name ____________________________________ Agreement Number______________

__________________________________________ hereby submits the following bid for timber.
(Print full, legal company name)

(Street address, City, State, Zip Code)    (Phone Number)

Lump Sum Bid  (Not Including Fees)  $______________________  For Total Sale

Weight Scale Sale Bid  (Not Including Fees)  $_____________/ Ton

Scribner Scale Sale Bid  (Not Including Fees)  $_____________/ MBF

BID DEPOSIT

Bid Deposit Amount:  $__________________________
Bid Deposit Type:

[ ] Cash, certified check, cashiers check, or money order
[ ] Per Sale Bid Bond
[ ] Statewide Bid Bond, Number ______________

Within 30 days of confirmation date the successful bidder agrees to furnish Performance Security acceptable to the State in the amount specified on the Notice of Sale. Performance Security must guarantee performance of all provisions of the contract and payment of any damages caused by operations under the contract or resulting from the successful bidders noncompliance with any rule or law.

Bidder’s Warranty and Bid Signature

By signing and submitting this bid as an offer to purchaser forest products from the State, the Bidder hereby warrants to the State that they have had an opportunity to fully inspect the sale area and the forest products being sold. Bidder further warrants to the State that they enter this bid based upon their own judgments of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold. Bidder also warrants to the State that they enter this bid without any reliance upon the volume estimates, acreage, appraisals, pre-bid documentation, or any other representation by the Washington State Department of Natural Resources.

__________________________
(Signature of Authorized Representative submitting this bid)

(Date)

(Print name and title of Authorized Representative submitting this bid)

Note: all sales are subject to confirmation by the Commissioner of Public Lands (Refer 79.15.120)
Instructions For Completing Sealed Bid Form

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks on bid form must be completed including the bid bond number if the bidder is relying upon a bid bond for bid deposit.

For more specific information, contact the appropriate region office.

In-Person Bids

A. Sealed bids must be in auction box before 10:00 a.m. on the day of auction at the location specified in the Timber Notice of Sale.

B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be on the bid bond and timber sale contract. The bid form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope.

C. Sealed bid envelopes must contain a completed bid form and a bid deposit.

D. Sealed bid envelopes may contain a check for the Initial Deposit amount and a check for fees.

Mailed Bids

A. Bids that are mailed are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED". The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The Sealed Bid Form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope.

B. Bids that are mailed will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery. The DNR assumes no responsibility for any delays caused by any delivery service.

C. Sealed bid envelopes must contain a completed bid form and a bid deposit.

D. Sealed bid envelopes may contain a check for the Initial Deposit amount and a check for fees.

Initial Deposit:

Lump Sum Sales - Initial Deposit must equal 10% of the total bid submitted. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

Weight Scale Sales - Initial Deposit must equal 10% of the bid per ton multiplied by the total sale estimated tonnage. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

Scribner MBF Scale Sales - Initial Deposit must equal 10% of the bid per MBF multiplied by the total sale MBF. (25% if the bidder is a defaulter as defined under WAC 332-140-300)
STATEWIDE BID BOND

Bond Number ________________

__________________________________________ of __________________,

(Principal's Name)                                                                                                      (City, State)

hereinafter called PRINCIPAL, and __________________________________ hereinafter called SURETY,

a corporation organized under the laws of the State of __________, and authorized to transact surety business
in the State of Washington, as SURETY, are held and firmly bound jointly and severally to the State of
Washington, Department of Natural Resources, hereinafter called the STATE, in the sum of $150,000.00
Dollars, lawful money of the United States of America. The PRINCIPAL binds itself, its heirs, executors,
administrators, successors, and assigns, and the SURETY binds itself, its successors, and assigns, all jointly and
severally.

This bond shall be governed by the laws of the State of Washington. In the event of a lawsuit involving this
bond, a venue shall be proper only in Thurston County Superior Court.

Signed, sealed and dated this ________ day of __________, __________.

(month)        (year)

This statewide bid bond may be used for bidding between the following dates:

Starting: _________________________________

Ending: _________________________________

It Is Hereby Understood and Agreed:
If PRINCIPAL is an apparent high bidder, PRINCIPAL shall before 4:30 p.m., on day of sale, pay to the
STATE the amount of the initial deposit in the form of a certified check, cashier’s check, bank draft, cash or
money order, then this agreement shall be void for the sale on which the payment is made; otherwise, it will
remain in force.

SURETY will make payment to the STATE within ten days after demand by the STATE if the PRINCIPAL
shall fail to make timely payment as described above.

The SURETY may cancel this bond by sending a written notice to the STATE, not less than forty-five days
before a cancellation date; liability shall terminate as to acts or omissions of the PRINCIPAL that occur after
the cancellation date.
The PRINCIPAL and the SURETY executed this bond on the date first mentioned.

MINIMUM BID: $1,406,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00

SALE TYPE: Lump Sum

EXPIRATION DATE: October 31, 2010

ALLOCATION: Export Restricted

BID DEPOSIT: $140,600.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Ground-based (shovel and tracked) harvesting equipment being restricted to slopes of 35% and less and tracked equipment restricted to pole removal only. See Clause H-140 and Schedule L for further harvest requirements. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator. Yarding will not be permitted from October 15 to April 15 unless authorized in writing by the Contract Administrator.

ROADS: 24.40 stations of required construction. 45.65 stations of optional construction. 249.59 stations of required pre-haul maintenance. 43.65 stations of road abandonment, if road is built. Rock for construction under this contract may be obtained at no cost to the Purchaser from the GM-1200 Quarry located in Section 31, Township 6 North, Range 3 East and the Upper LR-2000 Quarry located in Section 32, Township 6 North, Range 3 East, W.M. Approximately 80 cubic yards of manufactured Ballast is available in an existing stockpile in the Upper LR-2000 Quarry. Any damage to any road resulting from
This sale is on lands certified under the Sustainable Forestry Initiative® program. www.aboutsfi.org

Any harvest operations will be repaired at the Purchaser's expense unless authorized by the Contract Administrator. Road construction will not be permitted from November 15 to April 15 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION
CRUISE METHOD: The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method. Harvesting activities are estimated to be approximately 100% ground-based harvesting.

FEES: $78,082.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: No western redcedar shall be cut. Purchaser shall not yard to the GM-1000 in Unit #1. See driving map for gate locations. Gate keys may be obtained from the Pacific Cascade Region office.
Units 1 - 4:
- Turn left onto NE Pup Ck. Rd. and follow for 1.7 miles.
- Turn right onto NE Grinnel Rd. and follow for 2.3 miles.
- Turn left onto the GM-1000 and continue for 0.25 miles.
  The sale area is located on both sides of the GM-1000
Units 5:
- From Pup Cr. Rd., continue on NE Cedar Ck. Rd. east for 4.6 miles.
- Turn left onto Columbia Tie Rd. and follow for 2.7 miles.
- Make a left onto the LR-2000 (gate PCP1-1) and follow 2.8 miles.
  Unit 5 is on the north side of the LR-2000.

MINIMUM BID: $512,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00

SALE TYPE: Lump Sum

EXPIRATION DATE: July 31, 2011

ALLOCATION: Export Restricted

BID DEPOSIT: $51,200.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Forwarder, Rubber tired skidder and Track skidder. Falling and Yarding will not be permitted from March 15 to May 15 unless authorized in writing by the Contract Administrator due to spring breakup.

ROADS: 180.55 stations of required construction. 202.27 stations of prehaul maintenance required. 12.51 stations for road abandonment required. Road construction will not be permitted from December 1 to May 15 unless authorized in writing by the Contract Administrator due to winter conditions and spring breakup. The hauling of forest products will not be permitted from March 15 to May 15 unless authorized in writing by the Contract Administrator due to spring breakup.

ACREAGE DETERMINATION CRUISE METHOD: Acreage determined using GPS methods. Acreage shown above is net harvest acres in harvest units. There are 406 gross acres which includes roads right of ways. All species 6.0 - 17.5 inches dbh cruised to a 4.6 inch dib top. All species 17.6 inches dbh and greater cruised to 40% of dob at 16 feet.
TIMBER NOTICE OF SALE

FEES: On day of sale, Purchaser shall pay Lawrence Lembcke for 1.900 MBF of right of way timber at the Purchaser's bid rate. This volume is not included with the advertised volume above. $63,000.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Purchaser's contractor shall thoroughly clean all skidding, falling, and harvesting equipment prior to entry onto State land to remove contaminated soils and noxious weed seed. Equipment shall be cleaned at a location approved by the Contract Administrator. All harvesting and timber removals shall be completed by January 31, 2011. Optional removal of Utility material is available with this timber sale. See Schedule A of the Contract for details. Other documents are available at http://www.dnr.wa.gov/BusinessPermits/Topics/AppraisalPackets/Pages/Home.aspx

MINIMUM BID: $592,000.00  BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00  SALE TYPE: Lump Sum

EXPIRATION DATE: September 30, 2010  ALLOCATION: Export Restricted

BID DEPOSIT: $59,200.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on slopes 25% or less, except as marked on the timber sale prospectus map where slopes are under 25% but the area must be cable yarded to protect sensitive soils. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS: 37.00 stations of required reconstruction. 20.67 stations of optional construction. 20.67 stations of road to be abandoned if built.

Development of an existing hard rock source (BR-2402-01 Hard Rock Pit) at station 4+00 of the BR-2402 Road will involve clearing, stripping, drilling, shooting, and processing rock to generate approximately 165 cubic yards of riprap and to generate approximately 4,030 cubic yards of 3-inch-minus ballast rock. This rock is available at no cost on State land.
Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD: Acres determined by GPS traverse. 60.6 acres gross. 1.8 acres deducted for green tree retention clumps and 0.4 acres deducted for exclusion area. 58.8 acres net. Cruised using variable plot method. Expansion factor used is 40.00 for red alder and 54.45 for all other species. Sighting height is 4.5 feet. Grid size plot spacing is 240 x 200 feet in the Unit. Plot ratio cruise count is 1:1 in the Unit. 52 plots were taken in the Unit.

FEES: $33,575.50 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: Blue special management demarcate the last take tree on State land.

MINIMUM BID: $957,000.00 BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00 SALE TYPE: Lump Sum

EXPIRATION DATE: September 30, 2010 ALLOCATION: Export Restricted

BID DEPOSIT: $95,700.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on slopes 25% or less and within the optional ground-based area in Unit #1 (but only within the parameters stated in the H-140 clause); in addition tracked skidders may be used on designated skid trails only. Within the special management unit in Unit #2, cutting and yarding will not be permitted during the bark slippage season unless authorized in writing by the Contract Administrator. This season is estimated to
run from April 1 to July 15 but will vary dependent on weather conditions. If permission is granted to operate during the bark slippage season the purchaser will be required to provide a plan outlining mitigation measures. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS:
31.92 stations of required construction. 25.39 stations of required reconstruction. 12.30 stations of optional construction. 12.30 stations of road to be abandoned if built.

Development of a proposed gravel source (Quark Gravel Pit) at station 5+45 of the SK-126 Road will involve clearing, stripping, and processing rock to generate approximately 5005 cubic yards of gravel ballast rock. This rock is available at no cost on State land.

Development of an existing hardrock source (Quark Hardrock Pit) at station 61+77 of the SK-121 Road will involve drilling, shooting, and processing rock to generate approximately 256 cubic yards of riprap. This rock is available at no cost on State land.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION
CRUISE METHOD: Acres determined by GPS traverse. 114.7 acres gross. 47.9 acres deducted for WMZ, RMZ, and green tree retention clumps. 66.8 acres net. Cruised using variable plot method. Expansion factor used is 54.45. Sighting height is 4.5 feet. Grid size plot spacing is 280 x 200 feet in Units #1 and #2. Plot ratio cruise count is 1:1 in Units #1 and #2. 25 plots were taken in Unit #1, and 18 plots taken in Unit #2, for a total of 43 plots.

FEES: $42,466.25 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: None.
DRIVING DIRECTIONS:

From the intersection of Hwy 9 and Hwy 20 in Sedro-Woolley, head East on Hwy 20 for 10.7 miles, and turn left on Cabin Creek Rd. Stay on Cabin Creek Rd for .2 miles and turn right on Hamilton Cemetery Rd. for .3 miles. Turn left at Scott Paper Rd and follow for .2 miles and go thru gate. Once thru gate, road becomes CP-100. Follow CP-100 for 6 miles. Road forks. Go left at fork (SK-ML). Continue on SK-ML for 1.7 miles to CP-160 gate. Go thru gate and continue on SK-ML. Cross Larsons Bridge and continue on road for 2.8 miles. To access Unit 1: go left at SK-115 and follow for .4 miles to timbersale boundary. To access Unit 2: continue on SK-ML, past SK-115 road, for another .3 miles to timbersale boundary.

**MINIMUM BID:** $567,000.00  
**BID METHOD:** Sealed Bids

**PERFORMANCE SECURITY:** $100,000.00  
**SALE TYPE:** Lump Sum

**EXPIRATION DATE:** July 31, 2011  
**ALLOCATION:** Export Restricted

**BID DEPOSIT:** $56,700.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

**HARVEST METHOD:** Forwarder, Rubber tired skidder and Track skidder. Forwarder equipment required in Units #1, #3, and #5 to protect existing regeneration. Falling and Yarding will not be permitted from January 1 to May 1 unless authorized in writing by the Contract Administrator due to spring breakup.

**ROADS:** 23.65 stations of required construction. 180.57 stations of prehaul maintenance required. 102.60 stations of road abandonment required. Road construction will not be permitted from January 1 to May 1 unless authorized in writing by the Contract Administrator due to spring breakup. The hauling of forest products will not be permitted from January 1 to May 1 unless authorized in writing by the Contract Administrator due to spring breakup.

**ACREAGE DETERMINATION CRUISE METHOD:** Acreage determined using GPS methods. Acreage shown above is net harvest acres in harvest units and external right of ways. There are 310 gross acres which includes other existing road right of ways. All species, except ponderosa pine, 6.0 - 17.5 inches dbh cruised to a 4.6 inch dib top. Ponderosa pine 8.0 - 17.5 inches dbh cruised to a 5.6 inch dib top. All species 17.6 inches dbh and greater cruised to 40% of dob at 16 feet.
FEES: $41,450.00 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: This timber sale includes the removal of two fish passage barriers. See timber sale Road Plan for details. Extreme hazard treatment areas are within the timber sale in Units #1 and #8. See the Timber Sale Map for locations. Purchaser's contractor shall thoroughly clean all skidding, falling, and harvesting equipment prior to entry onto State land to remove contaminated soils and noxious weed seed. Equipment shall be cleaned at a location approved by the Contract Administrator. All harvesting and timber removals shall be completed by January 31, 2011. Optional removal of Utility material is available with this timber sale. See Schedule A of the Contract for details. MINIMUM BID: $702,000.00

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $100,000.00

SALE TYPE: Lump Sum

EXPIRATION DATE: September 30, 2009

ALLOCATION: Export Restricted

BID DEPOSIT: $70,200.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on slopes 35% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS: 1.75 stations of required reconstruction. Installation of a 164” span x 105” rise x 56’ long arch pipe on the JP-5000 Road.

Development of Old School Pit, an existing gravel source, at milepost 6.4 of the Mosquito Lake Road will involve processing rock to generate gravel ballast.

Development of McCoy Grade Pit, an existing hardrock source, at milepost 2.3 of the JP-1300 road will involve processing rock to generate approximately riprap, streambed mix, and 3-inch-minus surfacing.
Development of an existing gravel source at milepost 0.4 of the S-1100 Road will involve processing rock to generate streambed mix. No gravel pit activities are to occur within the ¼ mile roost management zones from 01 November to 01 March during the daily period from two hours preceding official sunset until one hour following official sunrise. This restriction is a condition of the Bear Creek Bald Eagle Roost Site Management Plan.

Retrieval of 3-inch-minus ballast rock from abandoned roads, located at stations 127+41 and 144+14 of the JP-5000 road, to be used for construction of landings on the JP-5000 road.

This proposal is estimated to need 200 cubic yards of riprap and streambed mix; and 493 cubic yards of gravel ballast; and 300 cubic yards salvaged from abandoned roads.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION

CRUISE METHOD: Acres determined by GPS traverse. 66.1 acres gross. 2.6 acres deducted for green tree retention clumps. 63.5 acres net. Cruised using variable plot method. Expansion factor used is 40.00 on RA and 54.45 on all other species. Sighting height is 4.5 feet. Grid size plot spacing is 280 x 200 feet in the Unit. Plot ratio cruise count is 1:1 in the Unit. 42 plots were taken.

FEES: $46,507.50 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: None.
Harvest Area = 64 acres
Approximately 63.5 acres
DRIVING DIRECTIONS:
To access unit; from Acme, travel east 7.5 miles on Mosquito Lake Road to the JP-5000 Road. Turn east and travel 2.8 miles to access the top of the unit. This road has a locked gate at the entrance.
To access the bottom of the unit continue 0.4 miles on Mosquito Lake Road to the JP-4000 road. Turn east and travel 1.4 miles to the unit at the junction of the JP-4400.
To access the Old School Pit; from Acme, travel east 6.4 miles on Mosquito Lake Road and turn east into pit.
To access the McCoy Grade Pit; from Acme, travel east 4.0 miles on Mosquito Lake Road. Turn east and travel 2.2 miles (through a gate) to the JP-1300.
Turn north and travel 1.6 miles to the JP-1350. Turn south and travel 0.4 miles to the pit.
To access the S-1100 Pit from Deming take Hwy 542 north 3.3 miles, go east on the Mosquito Lake Road one mile and turn north on the North Fork Road for 2.6 miles to end of the county road. Continue on the S-1000 for another 4.6 miles, turn left on the S-1100 for 0.4 miles to the pit.

MINIMUM BID: $384,000.00  BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $76,800.00  SALE TYPE: Lump Sum

EXPIRATION DATE: September 30, 2010  ALLOCATION: Export Restricted

BID DEPOSIT: $38,400.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable, shovel, forwarder or tracked skidder on slopes 30% or less. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS: 11.06 stations of required construction. 61.56 stations of optional construction. 61.56 stations of road to be abandoned if built.

Development of an existing gravel source (S-1100 Pit) at milepost 0.4 of the S-1100 Road will involve clearing, stripping and processing rock to generate gravel ballast. This rock is available at no cost on State land. Activities at the pit between December 01 and February 15 may occur only during daylight hours from one hour after sunrise to one
hour before sunset. This restriction is a condition of the Hatchery/Bear Creek Roost Bald Eagle Management Plan.

Development of an existing hardrock source (Red Mountain Rock Quarry) at milepost 0.5 of the K-1500 Road will involve clearing, stripping and processing rock to generate riprap. Existing stockpiles may be used. Riprap may also be available from excavation of road construction upon approval of Contract Administrator. This rock is available at no cost on State land.

Road construction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION
CRUISE METHOD: Acres determined by GPS traverse. 126 acres net. Cruised using variable plot method. Expansion factor used is 40.00 for all hardwood species and 54.45 for all conifer species. Sighting height is 4.5 feet. Grid size plot spacing is 400 x 200 feet in Units #1 and #2. Plot ratio cruise count is 1:2 in Unit #1 and 1:1 in Unit #2. 38 plots were taken in Unit #1, and 28 plots taken in Unit #2, for a total of 66 plots.

FEES: $40,028.25 is due on day of sale. $9.00 per MBF is due upon removal. These are in addition to the bid price.

MINIMUM BID: $8.5/ton (est. value $30,000.00)

BID METHOD: Sealed Bids

PERFORMANCE SECURITY: $6,000.00

SALE TYPE: Tonnage Scale

EXPIRATION DATE: September 30, 2010

ALLOCATION: Export Restricted

BIDDABLE SPECIES: Bidding to be allowed on all species combined.

BID DEPOSIT: $3,000.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable, feller-buncher, processor, forwarder, or tracked skidder as approved by the Contract Administrator during periods of dry weather, on slopes 35% or less. Cutting and yarding will not be permitted during the bark slippage season, unless authorized in writing by the Contract Administrator. This season is estimated to run from April 1 to July 15, but will vary dependent on weather conditions. If permission is granted to operate during the bark slippage season, the Purchaser will be required to provide a plan outlining mitigation measures. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion.

ROADS: Development of Coyote Gravel Pit, an existing gravel source at milepost 0.4 of the LM-ML Road will involve clearing, stripping, and processing rock to generate 200 cubic yards of ballast for landing construction. This rock is available at no cost on State land. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation.

ACREAGE DETERMINATION CRUISE METHOD: Acres determined by GPS traverse. 133.1 acres gross. 6.9 acres deducted for internal road right-of-way. 126.2 acres net. Cruised using fixed plot method. Expansion factor used is
This sale is on lands certified under the Sustainable Forestry Initiative® program. www.aboutsfi.org

1/50th. Grid size plot spacing is 400 x 400 feet in the Unit. All plots were cruised in the Unit. 30 plots were taken in the Unit.

FEES: $6,386.50 is due on day of sale. $1.23 per ton is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: 1.) Red alder price for P-024 clause is $21.00 per ton. 2.) Utility price for P-024 clause is $2.00 per ton. 3.) Blue special management tags just demarcate the outer edge of the WMZ. WMZ and uplands have the same thinning prescription.
Schedule B

Thinning Prescription Wombat Redux SWT

Cutting Prescription:
  Cut all RA
  Cut DF and WH 6 – 17 inches dbh
  Cut no cedar.

GENERAL REQUIREMENTS FOR UNIT 1
Isolated areas dominated by hardwood species will not be thinned. High-quality red alder scattered throughout the units may be left according to the criteria below. Do not cut any western redcedar. Western redcedar and cherry will not be counted towards leave tree targets.

INDIVIDUAL UNIT PRESCRIPTIONS: LEAVE TREE SPACING
Unit 1  170 trees per acre  16’x16’ spacing

LEAVE TREE DEFINITION
Leave trees in all units will be selected by comparing their characteristics with other trees in the stand. Leave trees will be the best trees from the largest diameter classes available, as uniformly distributed as possible, and free of major defects.

PREFERRED LEAVE TREE SPECIES IN ORDER OF PREFERENCE ARE:
  Douglas-fir
  Red alder

BEST TREE DEFINITION POSSESS THE FOLLOWING CHARACTERISTICS:
  Best form: tallest tree, straightest boles, and smallest limb diameters.
  Free of disease, major defect and damage.
  Fullest and most vigorous crowns.

UNIFORMLY DISTRIBUTED MEANS:
Openings created by felling trees shall not exceed 30 feet between leave trees. If openings in the stand approach this diameter, sufficient trees shall be left on the perimeter of the opening to maintain the appropriate number of trees per acre.

MAJOR DEFECTS:
Two or more of the following deformities: forked tops, broken tops, severe cat faces (bark removed on more than half the circumference of the tree), or stem deformities in bole of tree.

GROUND-BASED YARDING CORRIDOR REQUIREMENTS (IN ADDITION TO THOSE OUTLINED IN H-140):
Ground-based yarding corridors will be limited to 14 feet including rub trees. Corridors will be located to provide for parallel yarding corridors to the extent possible, and will be located at least...
70 feet apart as measured from the center of the corridors. Where possible corridors should be located in a manner to minimize the damage to or removal of leave trees. No ground-based yarding equipment on slopes greater than 35%.

COMPLIANCE:
From the plot center of each variable radius plot, a 1/20 acre fixed radius plot (26.3 feet) will be measured to determine trees per acre. The number of trees in a plot will be multiplied by 20 to determine the trees per acre for that plot. The average of all plots in a unit will determine the trees per acre for that unit.

CERTIFICATION OF FALLERS AND YARDER OPERATORS (ADDITIONAL REQUIREMENTS BEYOND THOSE OUTLINED IN H-011)

The Contract Administrator and faller/harvester operator will jointly review the take tree selection criteria as outlined in Schedule B of the sale contract. In conjunction with the Contract Administrator, the faller/harvest operator will mark a designated area as a test plot within the sale area boundary. Satisfactory thinning of the test plot completes the certification process. Certifications will be issued to individuals when they demonstrate to the Contract Administrator their ability to perform within the requirements set forth in the contract. Certification may be revoked when the Contract Administrator determines that non-compliance of leave tree selection criteria, or excessive damage to leave trees or ground-based yarding corridors is occurring.

Excessive damage for leave trees is defined in clause H-012.

**MINIMUM BID:** $14/ton (est. value $222,000.00)  
**BID METHOD:** Sealed Bids

**PERFORMANCE SECURITY:** $44,400.00  
**SALE TYPE:** Tonnage Scale

**EXPIRATION DATE:** October 31, 2011  
**ALLOCATION:** Export Restricted

**BIDDABLE SPECIES:** Silver fir, Hemlock, Douglas fir combined

**BID DEPOSIT:** $22,200.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

**HARVEST METHOD:** Cable and ground-based harvesting equipment with ground-based harvesting equipment being restricted to dry soil conditions. See Clause H-140 and Schedule L for further harvest specifications. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator.
This sale is on lands certified under the Sustainable Forestry Initiative® program. www.aboutsfi.org

ROADS: 58.10 stations of required construction. 24.68 stations of optional construction. 16.13 stations of optional reconstruction. 386.99 stations of required pre-haul maintenance. 28.16 stations of road abandonment, if road is built. Rock for construction and pre-haul maintenance under this contract may be obtained at no cost to the Purchaser from the CG-1500 Big Foot Pit located in Section 23, Township 3 North, Range 6 East. Right-of-way limits for roads within thinning units will be as listed in the Road Plan. Any damage to any road resulting from any harvest operations will be repaired at the Purchasers expense unless authorized by the Contract Administrator. Road construction will not be permitted from October 15 to April 30 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: Acreage was determined by GPS. Cruise was completed using variable plot cruise methods. Harvesting activities are estimated to be 20% cable and 80% ground-based harvesting.

FEES: $27,322.00 is due on day of sale. $1.17 per ton is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: The Pacific Crest Trail shall be marked with warning signs during operations at the CG-1500/CG-1510 intersection. Intermediate supports may be required to prevent soil rutting in Unit #8 off the CG-1510 road. All corridors within Unit #8 will be marked and pre-approved by the Contract Administrator before logging. Right-of-way timber shall not be cut as specified in the Products Sold description for the CG-1500B and CG-1500D roads if these roads are not constructed; instead they shall be thinned to the specific unit prescription. All timber shall be yarded and hauled within 90 days of being felled. No trucks (loaded or unloaded) or harvest related equipment is allowed on Longview Timberland's portion of McCloskey Creek Road. Within Unit #1, all trees marked with a double ring of orange paint shall be felled toward the adjacent stream and all trees marked with an orange ‘S’ shall be topped at a minimum height of 16 feet above ground level; where operationally feasible and safe for mechanized equipment, trees shall be topped at 20 feet or higher. All tops shall remain where they fall (and shall be felled towards the stream when possible); see Schedule A for further details. See driving map for gate locations. Gate keys may be obtained from the Pacific Cascade Region office.
From SR 14 (milepost 26.4) turn north onto Salmon Falls Rd. and follow for 0.9 miles.
At fork in road, turn left (north) onto Mabee Mines Rd. for 2.2 miles.
Road becomes W-1350, continue by veering to the right and travel for 2.2 miles until "T" intersection.
At "T" intersection take a left (northeast) onto W-1430 and travel 1.4 miles where the road becomes the 1410 Road.
Follow the 1410 Road for 2.1 miles.
At intersection with W-1400, turn left and head north for 1.2 miles.
Turn east on the CG-1408 and follow for 1.1 miles.
Turn north onto the CG-1500 and follow for 3.1 miles to the CG-1500 Big Foot Rock Pit.
Continue on the CG-1500 for 0.6 miles east to Units 5, 6, 7 & 8.
Continue on the CG-1500 for 0.2 miles to Units 1, 2, 3 & 4.
