Public Auction Sale of Timber

Book 908

.....
October 2011

WASHINGTON STATE DEPARTMENT OF
Natural Resources

Peter Goldmark - Commissioner of Public Lands

Caring for
your natural resources ...
now and forever

IMPORTANT NOTICES

Natural Resources (DNR)

Governmental Regulatory Actions or Orders

The purchaser assumes the risk of liabilities related to regulatory actions or orders by any government agency that may affect the operability of these timber sales. Such regulatory actions or orders include, but are not limited to, actions taken pursuant to the State Forest Practices Act, Chapter 76.09 RCW, and the Federal Endangered Species Act, 16 U.S.C. §§ 1531-1544. Please see timber sale contract clauses G-066 and G-220 for further information.

Threatened and Endangered Species

DNR cannot verify the presence or absence of **any** threatened or endangered species that may affect the operability of the timber sale. Purchasers must rely on their own assessments.

Export Restricted

All timber purchased under these state DNR contracts shall not be exported outside of the United States until the timber has been processed. Purchasers shall not violate any of the prohibitions in WAC 240-15-015 (relating to the prohibitions on export and substitution), WAC 240-15-025 (relating to reporting requirements), and WAC 240-15-030 (relating to enforcement). If purchasers knowingly violate WAC 240-15-015, purchasers shall be barred from bidding on or purchasing export restricted timber as provided.

Cover photos

Timber Sales in this book are from state trust lands, managed to help build K-12 public schools, state universities, colleges, prisons, mental hospitals, the state Capitol; and to support local services in many counties.

Top left: State Forest Lands are managed to provide revenue to the counties in which they are located such as the Pacific County Courthouse in South Bend, Washington. Northwest Bridge Company of Portland, Oregon completed construction of the courthouse building in June of 1911. One unusual feature of the historic building is an "art glass dome" that crowns the structure. The courthouse is listed on the National Register of Historic Places.

Certification Opportunities for DNR Timber Purchasers

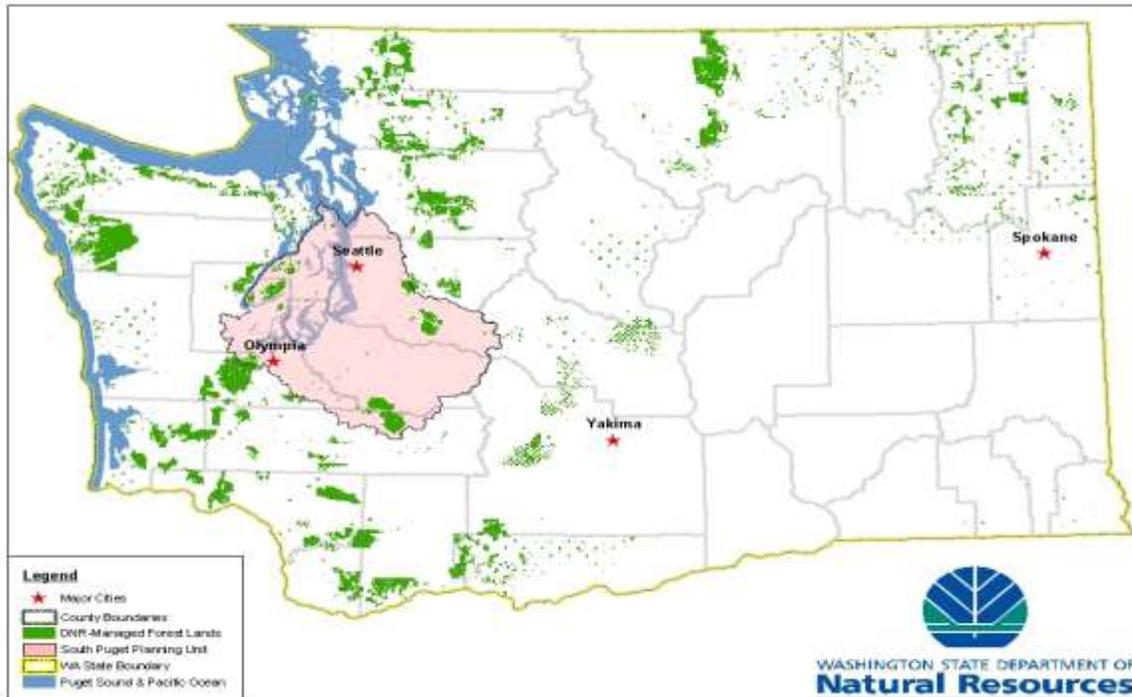

Certified forests are grown to an approved set of standards which demonstrate environmentally responsible, socially beneficial, and economically viable management practices that promote responsible forestry. This unique commitment to responsible forestry recognizes that forest landowners play a critical role in ensuring the long-term health and sustainability of our forests.

Forest Stewardship Council® (FSC®) is an independent, non-profit organization that promotes responsible management of the world's working forests through the development of forest management standards, a voluntary certification system, and trademarks that provide recognition and value to products bearing the FSC label in the marketplace. FSC standards ensure forestry is practiced in an environmentally responsible, socially beneficial, and economically viable way.

Sustainable Forestry Initiative, Inc. is an independent non-profit organization internationally endorsed and accepted around the world. The *Sustainable Forestry Initiative® (SFI®)* program is based on the premise that responsible environmental behavior and sound business decisions can co-exist. Its three-chamber Board of Directors governs all aspects of the SFI program, with equal representation from the environmental, economic and social sectors.

Currently, all Department of Natural Resources (DNR)-managed forested state trust lands in Washington State are certified under the 2010-2014 SFI program Standard. Lands within DNR's South Puget Habitat Conservation Plan Planning Unit, located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties, are dually certified under the FSC Pacific Coast Regional Standard and the 2010-2014 SFI program Standard.

Certification under each standard involves an inspection audit of the landowner's forest management activities by an independent third-party accredited team to verify that it meets specified forest management principles. If the forest unit complies with the specific standard, the landowner receives a certificate of conformance ensuring that responsible forestry is being practiced. Both standards encourage integration of perpetual growing and harvesting of trees with strong measures to protect wildlife, plants, soil, water, and air quality. Both standards provide a seal of approval that forests certified under these principles are well-managed. The global marketplace recognizes and endorses multiple forest certification standards. Each standard has individual market niches. By being dually certified, DNR can maximize its customer base and provide choices to the consumer.

DNR's FSC certificate number is: BV-FM / COC-080501

DNR's SFI certificate number is: BV-SFIS-US09000572

DNR-managed forested state trust lands within the South Puget Habitat Conservation Plan Planning Unit (located within parts of King, Pierce, Thurston, Lewis, Kitsap, and Mason counties) are certified as being in compliance with the Forest Stewardship Council Pacific Coast Regional Standard. This makes DNR's SP Planning Unit dually certified under both the FSC and SFI program Standards.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a "program participant" in the FSC Program, visit www.fscus.org.

To learn more about DNR timber sales certified under the FSC Standard, visit www.dnr.wa.gov.

FSC A.C. owns all right, title, and interest in and to the Forest Stewardship Council trademarks.

All DNR-managed forested state trust lands across the state have been certified as being in compliance with the 2010-2014 Sustainable Forestry Initiative program Standard.

To learn more about chain-of-custody and demonstrating that your timber is derived from a responsibly managed forest and/or desires of becoming a "program participant" in the SFI program, visit www.sfprogram.org.

To learn more about DNR timber sales certified under the SFI program Standard, visit www.dnr.wa.gov.

Sustainable Forestry Initiative® and SFI® word marks and logo marks used are registered marks owned by Sustainable Forestry Initiative Inc.

To learn more about certification on DNR-managed forested state trust lands, visit <http://www.dnr.wa.gov/BusinessPermits/TimberSales> or contact the following:

Washington State Department of Natural Resources (DNR)

Bidder's/Purchaser's Inspection of Sale Area and Forest Products

Acreage estimates and volume estimates contained within each timber notice of sale and each timber sale contract are made only for administrative and identification purposes. Except as expressly provided by the timber sale contract, the purchaser shall be responsible for paying the entire purchase price, even if the actual acreage or timber volume varies from the estimated quantity or volume shown.

All prospective bidders have the opportunity and are expected to inspect the sale area and the forest products located thereon. Bidders shall not rely on any representations by the State including, but not limited to, acreage estimates, volume estimates, appraisal or pre-bid documentation. The successful bidder/purchaser will further warrant that they have entered the timber sale contract without any reliance upon the DNR's volume estimates, acreage estimates, appraisals, pre-bid documentation, or any other representation by the DNR.

Any timber sale contract arising out of these public auctions will require the successful purchaser to warrant that they are entering the timber sale contract based solely upon their own judgment of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold.

Exclusion and Disclaimer of Warranties

The PARTIES AGREE that the IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, and ALL OTHER WARRANTIES EXPRESS OR IMPLIED, ARE EXCLUDED from this transaction, and shall not apply to the goods sold. For example, THE FOLLOWING SPECIFIC MATTERS ARE NOT WARRANTED, and are EXCLUDED from this transaction:

- a. ***The merchantability of the forest products.*** The use of the term "merchantable" in any document is not intended to vary the foregoing.
- b. ***The condition of the forest products.*** All forest products will be conveyed "AS IS."
- c. ***The acreage contained within any sale area.*** Any acreage descriptions appearing in the timber notices of sale, timber sale contract, timber sale map or other documents are estimates only, provided solely for administrative and identification purposes.
- d. ***The volume, quality, or grade of the forest products.*** The descriptions of the forest products to be conveyed are estimates only, made solely for administrative and identification purposes.
- e. ***The correctness of any soil or surface conditions, presale construction appraisals, investigations, and all other pre-bid documents prepared by or for the State.*** These documents have been prepared for the State's appraisal purposes only.
- f. ***That the sale area is free from threatened or endangered species, or their habitat.*** The State is not responsible for any interferences with forestry operations that result from the presence of any

threatened or endangered species, or the presence of their habitat, within the sale area.

g. *That the forestry operations to be performed under this contract will be free from regulatory actions by governmental agencies.* The State is not responsible for actions to enforce regulatory laws, such as the Washington Forest Practices Act (Chapter 76.09 RCW), taken by the Department of Natural Resources or any other agency that may affect the operability of these timber sales.

h. Items contained in any other documents prepared for or by the State.

Please also see timber sale contract clause G-060 for further information.

BIDDING PROCEDURES FOR TIMBER AUCTIONS

The general requirements that follow are a part of all Timber Notices of Sale to be auctioned by the Department of Natural Resources (DNR).

General Information

The State reserves the right to waive minor irregularities and the right to reject any or all bids.

A. This book contains the timber notices of sale and maps for each timber sale scheduled to be auctioned. More specific information can be obtained by contacting the appropriate region office at the number listed on the back cover of this book.

B. The timber notice of sale is a summary of sale information. For more specific information, interested parties are encouraged to view the Appraisal Packets on the DNR Internet Site @ www.dnr.wa.gov, this will take you directly to the Product Sales Section. The Appraisal Packets contain **DRAFT** copies of the timber notice of sale, map, contract, road plan, cruise data, precruise and cruise narrative, Forest Practices Application (FPA).

C. The sale preview packets may be obtained at no charge for individual sales by visiting the appropriate region office.

D. Timber sale contracts contain extensive terms and conditions that will be binding upon successful high bidders. Each bidder should carefully review all terms contained in the appropriate **DRAFT** timber sale contract prior to bidding on a sale, and should review the final contract prior to signing. **DRAFT** timber sale contracts are contained in the preview and presales packets and are available upon request at the respective region office.

E. Sales advertised in this book have not been approved by the Board of Natural Resources and are subject to the Board's approval before they will be sold. The Board meets and approves sales approximately six weeks prior to auction. All sales are subject to confirmation by the DNR under RCW 79.15.120.

F. The State does not guarantee the accuracy of any information contained herein pertaining to particular sales. Therefore, all prospective purchasers are expected to make their own independent inspections and appraisals prior to bidding.

G. If any conflict exists between the information in the Timber Notice of Sale, timber sale map,

sale preview packets and that in the timber sale contract, the **signed contract will prevail**.

H. Purchasers must pay the Forest Excise Tax on the bid price, permanent road construction costs, and other considerations. The tax rate is 5% without the EARR credit and 4.2% with the credit. For more information contact the Department of Revenue, Forest Tax Section at 1-800-548-8829.

I. **Within 30 days of sale confirmation, the apparent high bidder will provide to the State the Performance Security** specified on each Notice of Sale. **The successful bidder also agrees to return a signed contract to the State within 30 days of confirmation.** Failure to provide a signed contract to the state within 30 days of confirmation may result in a loss of bidder's rights to the products sold and forfeiture of initial deposit moneys.

J. Each DNR region office has information about sales offered in that region. For further information, contact the respective DNR region office. Region office addresses and telephone numbers appear on the back cover of this booklet.

K. The purchaser assumes the responsibility for any costs associated with extra maintenance or repair levied by a county for any county road used by the purchaser.

Bidding Process

A. All timber will be auctioned using the sealed bid method.

B. Bids submitted on day of auction must be in the bid box at the specified auction location before 10:00 a.m. The respective DNR region office must receive mailed bids by 4:30 p.m., on the last business day before the auction. Bidders assume all risk for the method of delivery.

C. The DNR has the right to reject bid forms that are completed incorrectly. *All bid forms must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. Revised documents are not permissible.* Bidding instructions are on the back of the Sealed Bid Form. A bid deposit must be included in the sealed bid envelope unless using a Timber Sale Statewide Bid Bond.

D. All bids must include the completed Sealed Bid Form and bid deposit.

E. Bids will be opened in each respective region in the order in which sales appear in the Public Auction Sale of Timber book (alphabetically by county and by agreement number). Sales added after the book is printed will be inserted to retain this order. Sort sales may be auctioned out of this sequence at the State's convince.

F. If a tie bid occurs, the names of the tie bidders will be placed in a hat and the successful bidder will be determined by a drawing.

G. For sales offered on a stumpage basis, the apparent high bidder on a particular sale will have the option of withdrawing additional sealed bids submitted for any remaining sales to be auctioned. The apparent high bidder must exercise this option within two minutes after the apparent high bidder is announced. **This option is not available for sales offered on a delivered basis.**

Auction Time and Location

Auctions will start at 10:00 a.m. and close at 4:00 p.m. on the date and at the location specified in each Timber Notice of Sale.

Bid Deposits

- A. Required bid deposits are listed on each Timber Notice of Sale.
- B. Bid deposits must be in the form of cash, certified check, cashiers' check, money order or bid bond.
- C. Bid bonds may be either a Timber Sale Statewide Bid Bond or a Timber Sale Per Sale Bid Bond.
- D. All bid deposits shall be submitted by the person or entity submitting the bid and made payable to the Department of Natural Resources. **Third party deposits will not be accepted.**

Timber Sale Per Sale Bid Bonds

- A. The Per Sale Bid Bond shall guarantee payment of the bid deposit **within ten days of auction.**
- B. The balance between the bid bond and the Initial Deposit payment is due by 4:30 p.m., **on the day of auction.**
- C. Additional forms and instructions for a Per Sale Bid Bond are available at any DNR region office.

Timber Sale Statewide Bid Bond

- A. Statewide Bid Bonds shall guarantee payment of the Initial Deposit on any statewide timber sale while the bond is in effect.
- B. The Statewide Bid Bond must be received by the Department of Natural Resources, Forest Resources and Conservation Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction date. The bond shall be in the amount of \$150,000.00.
- C. Successful bidders using a Statewide Bid Bond must pay the total Initial Deposit payment (10 percent of the total bid price) **by 4:30 p.m., on the day of the auction.**
- D. A Statewide Bid Bond cannot be used to secure the Initial Deposit payment due the day of auction.
- E. Additional forms and instructions for a statewide bid bond are available at any DNR region office.

Payments

The initial deposit for a sale is 10% of the total bid value as submitted by the apparent high bidder (25% if the bidder is a defaulter as defined under WAC 332-140-300) and never less than \$5,000.00 for lump sum sales. For Lump Sum sales appraised at less than \$5,000.00, the entire bid value is due on day of auction.

- a. Apparent high bidders using cash, certified check, cashiers' check or money order as a bid deposit must pay the total Initial Deposit amount by 4:30 p.m. on auction day.
- b. Apparent high bidders using a Timber Sale Per Sale Bid Bond as a bid deposit must pay the difference between the bid deposit and the total initial deposit by 4:30 p.m., on the day of auction. The bid bond amount must be replaced with a certified check, cashiers' check, bank draft, cash, money order, or wire transfer within ten days of the auction.
- c. Apparent high bidders using a Timber Sale Statewide Bid Bond must pay the entire Initial Deposit amount by 4:30 p.m. on the day of auction.

Fees due on the day of sale must be paid by 4:30 p.m.

All payments must be in the form of a certified check, cashiers' check, bank draft, cash, money order or wire transfer.

Eligibility to Bid

In order to bid on State timber sales you must be:

- 18 years of age (or have a co-signer who meets the eligibility requirements)
- Licensed to do business in the State of Washington
- Eligible to bid on Export Restricted timber
- Authorized to submit bids

Authorized Representatives

Company officers or company authorized representatives may bid on State sales, sign State documents or sign checks. A list of authorized representatives and their specific authorities must be submitted in writing to the Department of Natural Resources, Forest Resources and Conservation Division, PO BOX 47016, Olympia, Washington, 98504-7016, ten days in advance of the auction. A company owner or officer must sign this submittal.

**State of Washington

Within 30 days of confirmation date the successful bidder agrees to furnish Performance Security acceptable to the State in the amount specified on the Notice of Sale. Performance Security must guarantee performance of all provisions of the contract and payment of any damages caused by operations under the contract or resulting from the successful bidders noncompliance with any rule or law.

Bidder's Warranty and Bid Signature

By signing and submitting this bid as an offer to purchase forest products from the State, the Bidder hereby warrants to the State that they have had an opportunity to fully inspect the sale area and the forest products being sold. Bidder further warrants to the State that they enter this bid based upon their own judgments of the value of the forest products, formed after their own examination and inspection of both the timber sale area and the forest products being sold. Bidder also warrants to the State that they enter this bid without any reliance upon the volume estimates, acreage, appraisals, pre-bid documentation, or any other representation by the Washington State Department of Natural Resources.

_____ Date _____
(Signature of Authorized Representative submitting this bid)

(Print **name and title** of Authorized Representative submitting this bid)

Note: all sales are subject to confirmation by the Commissioner of Public Lands (Refer 79.15.120)

Instructions For Completing Sealed Bid Form

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks on bid form must be completed including the bid bond number if the bidder is relying upon a bid bond for bid deposit.

For more specific information, contact the appropriate region office.

In-Person Bids

- A. Sealed bids must be in auction box before 10:00 a.m. on the day of auction at the location specified in the Timber Notice of Sale.
 - B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be on the bid bond and timber sale contract. The bid form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope.
 - C. Sealed bid envelopes **must** contain a completed bid form and a bid deposit.
 - D. Sealed bid envelopes **may** contain a check for the Initial Deposit amount and a check for fees.
-

Mailed Bids

- A. Bids that are mailed are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BIDE NCLOSED". The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The Sealed Bid Form must be signed by an authorized representative. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope.
 - B. Bids that are mailed will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery. The DNR assumes no responsibility for any delays caused by any delivery service.
 - C. Sealed bid envelopes **must** contain a completed bid form and a bid deposit.
 - D. Sealed bid envelopes **may** contain a check for the Initial Deposit amount and a check for fees.
-

Initial Deposit:

Lump Sum Sales - Initial Deposit must equal 10% of the total bid submitted.
(25% if the bidder is a defaulter as defined under WAC 332-140-300)

Weight Scale Sales - Initial Deposit must equal 10% of the bid per ton multiplied by the total sale estimated tonnage. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

Scribner MBF Scale Sales - Initial Deposit must equal 10% of the bid per MBF multiplied by the total sale MBF. (25% if the bidder is a defaulter as defined under WAC 332-140-300)

STATEWIDE BID BOND

Bond Number _____

_____ of _____,
(Principal's Name) (City, State)

hereinafter called PRINCIPAL, and _____ hereinafter called
SURETY,

a corporation organized under the laws of the State of _____, and authorized to transact surety business in the State of Washington, as SURETY, are held and firmly bound jointly and severally to the State of Washington, Department of Natural Resources, hereinafter called the STATE, in the sum of \$150,000.00 Dollars, lawful money of the United States of America. The PRINCIPAL binds itself, its heirs, executors, administrators, successors, and assigns, and the SURETY binds itself, its successors, and assigns, all jointly and severally.

This bond shall be governed by the laws of the State of Washington. In the event of a lawsuit involving this bond, a venue shall be proper only in Thurston County Superior Court.

Signed, sealed and dated this _____ day of _____, _____.
(month) (year)

This statewide bid bond may be used for bidding between the following dates:

Starting:

Ending:

It Is Hereby Understood and Agreed:

If PRINCIPAL is an apparent high bidder, PRINCIPAL shall before 4:30 p.m ., on day of sale, pay to the STATE the amount of the initial deposit in the form of a certified check, cashier's check, bank draft, cash or money order, then this agreement shall be void for the sale on which the payment is made; otherwise, it will remain in force.

SURETY will make payment to the STATE within ten days after demand by the STATE if the PRINCIPAL shall fail to make timely payment as described above.

The SURETY may cancel this bond by sending a written notice to the STATE, not less than forty-five days before a cancellation date; liability shall terminate as to acts or omissions of the PRINCIPAL that occur after the cancellation date.

The PRINCIPAL and the SURETY executed this bond on the date first mentioned.

Ponderosa pine sorts: Enter one or more preferred log length for each log length range below

Pole sorts (Distribution): Enter three or more lengths. Attach preferred manufacturing information.

Pole sorts (Transmission): Enter six or more lengths. Attach preferred manufacturing information.

Tonnage sorts: See bid form instructions for required log lengths. Enter additional custom lengths as desired.

Log Length Ranges	Bidder's Preferred Log Lengths (Log lengths exclude trim)
12 ft. through 20 ft.	
22 ft. through 30 ft.	
32 ft. through 40 ft.	
Distribution Poles – 35 ft. through 55 ft.	
Transmission Poles – 60 ft.+	

Additional Log or Pole Length Information:

To provide additional preferred cutting information you may attach a separate sheet or "Cutting card".

Log Delivery Information:

1) Designate the point of delivery and address (must be a street address)

(Location Name)

(Street Address)

(City, State and Zip)

2) Designate the state approved Scaling and Weighing facilities closest to the point of delivery as needed.

Scaling Location Information

(Scaling Location Name)

(Third Party Scaling Organization)

(Scaling Location Street Address)

(Scaling Location City, State and Zip)

Weighing Location Information

(Weighing Location Name)

(Weighing Location Owner)

(Weighing Location Street Address)

(Weighing Location City, State and Zip)

Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion. Additional terms or conditions requested by the bidder on or attached to the Log Sort Sealed Bid or Supplemental Information Forms are informational only and non-binding.

Instructions for Completing the Log Sort Sealed Bid and Supplemental Information Forms.

All bids submitted for the purchase of forest products being sold by the Washington State Department of Natural Resources must have an original signature on behalf of the person or entity submitting the bid, and must be on the form(s) provided in this booklet or a photocopy thereof. The DNR will not accept bids that are not signed, and will not accept bids that are not on the current, approved bid form. All appropriate blanks including Agreement Number, Sort Number, Bid amount (per mbf or ton as appropriate for the sort), Bid deposit amount and type. Signatures and date on bid form must be completed including the bid bond number if bidder is relying upon a bid bond for bid deposit.

Bids may not be accepted if a completed '**Log Sort Sealed Bid Supplemental Information Form**' is not included with the approved '**Log Sort Sealed Bid Form**'.

Required log lengths for tonnage sorts: Preferred log lengths for tonnage sawlog sorts shall include the following plus any additional lengths identified on the Bid Supplemental Information form:

Species Type	Preferred Lengths
Conifer Sorts	16', 20', 24', 26', 32', 40'
Hardwood Sorts	18', 20', 26', 28', 30', 36', 38', 40'

For more specific information, contact the appropriate region office.

In-Person Bids

- A. Sealed bids must be in auction box or auction envelope before 10:00 a.m. on the day of sale at the location specified in the notice of sale.
- B. Sealed bids must be submitted in an envelope with the name of the sale, the bidder's name and the contract agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same as the name on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Sealed bid envelopes are available at all region offices. One bid per envelope, please.
- C. Sealed bid envelopes must contain the following:
 1. A completed Log Sort Sealed Bid form;
 2. A completed Supplemental Information form; and
 3. A bid deposit

Mailed Bids

- A. Mail-in bid envelopes are required to have printed on the outside: "DO NOT OPEN UNTIL SALE DATE. SEALED BID ENCLOSED." The sealed bid envelope(s) will be enclosed inside the mailed-in envelope. Mailed bids must be submitted in an envelope with the name of the sale, the bidder's name and the agreement number clearly written on the outside of the envelope. The full legal name and business address of the bidder must be inserted where indicated on the form, and must be the same on the bid bond and timber sale contract. The bid form must be signed by an authorized person. When a bidder has more than one person authorized to bid, then documentation of those persons with signature authority for bidding must accompany the bid or be on file at the region office. Mail-in envelopes are available at all region offices. One bid per mailed-in envelope, please.
- B. Mail-in or otherwise delivered bids will be accepted up to 4:30 p.m. the last business day before the auction by the region office in which the sale is located. Bidders assume the risk for the method of delivery they chose. The DNR assumes no responsibility for any delays caused by any delivery service.
- C. Sealed bid envelopes must contain the following:
 1. A completed '**Log Sort Sealed Bid Form**';
 2. A completed '**Log Sort Sealed Bid Supplemental Information Form**' and;
 3. A bid deposit

BID METHOD: Sealed Bids

UNIT OF MEASURE: MBF scale/Tonnage scale

EXPIRATION DATE: *May 31, 2012*

ALLOCATION: Export Restricted

TIMBER NOTICE OF SALE

PAYMENT

SECURITY: To be determined by the State as described in Clause P-041 of the Purchaser's Contract.

BIDDING

PROCEDURES: A separate sealed bid and envelope must be submitted for each log sort. Prospective Purchasers may bid on any or all log sorts. On the day of sale the Purchaser must bring their bid deposit up to 10% of their total bid price. Complete bidding procedures and auction information may be obtained from the [South Puget Sound Region Office](#) in [Enumclaw, WA](#). Phone number [360-825-1631](#).

TIMBER EXCISE

TAX: Purchaser must pay the forest excise taxes associated with the log sorts delivered to them. The tax rate for this sale is 4.2%. Taxable Stumpage = Total Delivered Value – (Harvest Cost + Estimated Haul Cost + ARRF). For more information contact the Department of Revenue, Forest Tax Section at 1-800-548-8849.

Use the following rates for estimating taxable stumpage: Harvest Cost = \$120.00/mbf for sort 1, \$90.00/mbf for sorts 2, 3, 4, 6 & 7, \$8.00/ton for sort 5 and \$7.00/ton for sorts 8 & 9. Estimated Haul Cost = (tons)(\$2.35) + (tons)(\$0.199)(miles). ARRF = \$22.25 per mbf.

Actual harvesting and haul cost information will be available following harvester bid opening on October 11, 2011.

CONFIRMATION: Each sort is subject to confirmation following auction. Sorts will not be confirmed until at least 10 days after auction. Final contract award is contingent upon the State's haul cost analysis. Actual haul route may vary and is subject to change at the State's discretion.

SPECIAL REMARKS: The successful Purchaser(s) will be required to purchase logs from the sale area upon delivery to their location specified in the bid submitted. Logs will be delivered to the Purchaser's delivery location by the State's contract harvester. Purchaser is responsible for weighing or scaling costs. All tonnage loads will be weighed and all mbf loads will be scaled at State approved locations. The State reserves the right to determine where logs are authorized to be scaled and weighed.

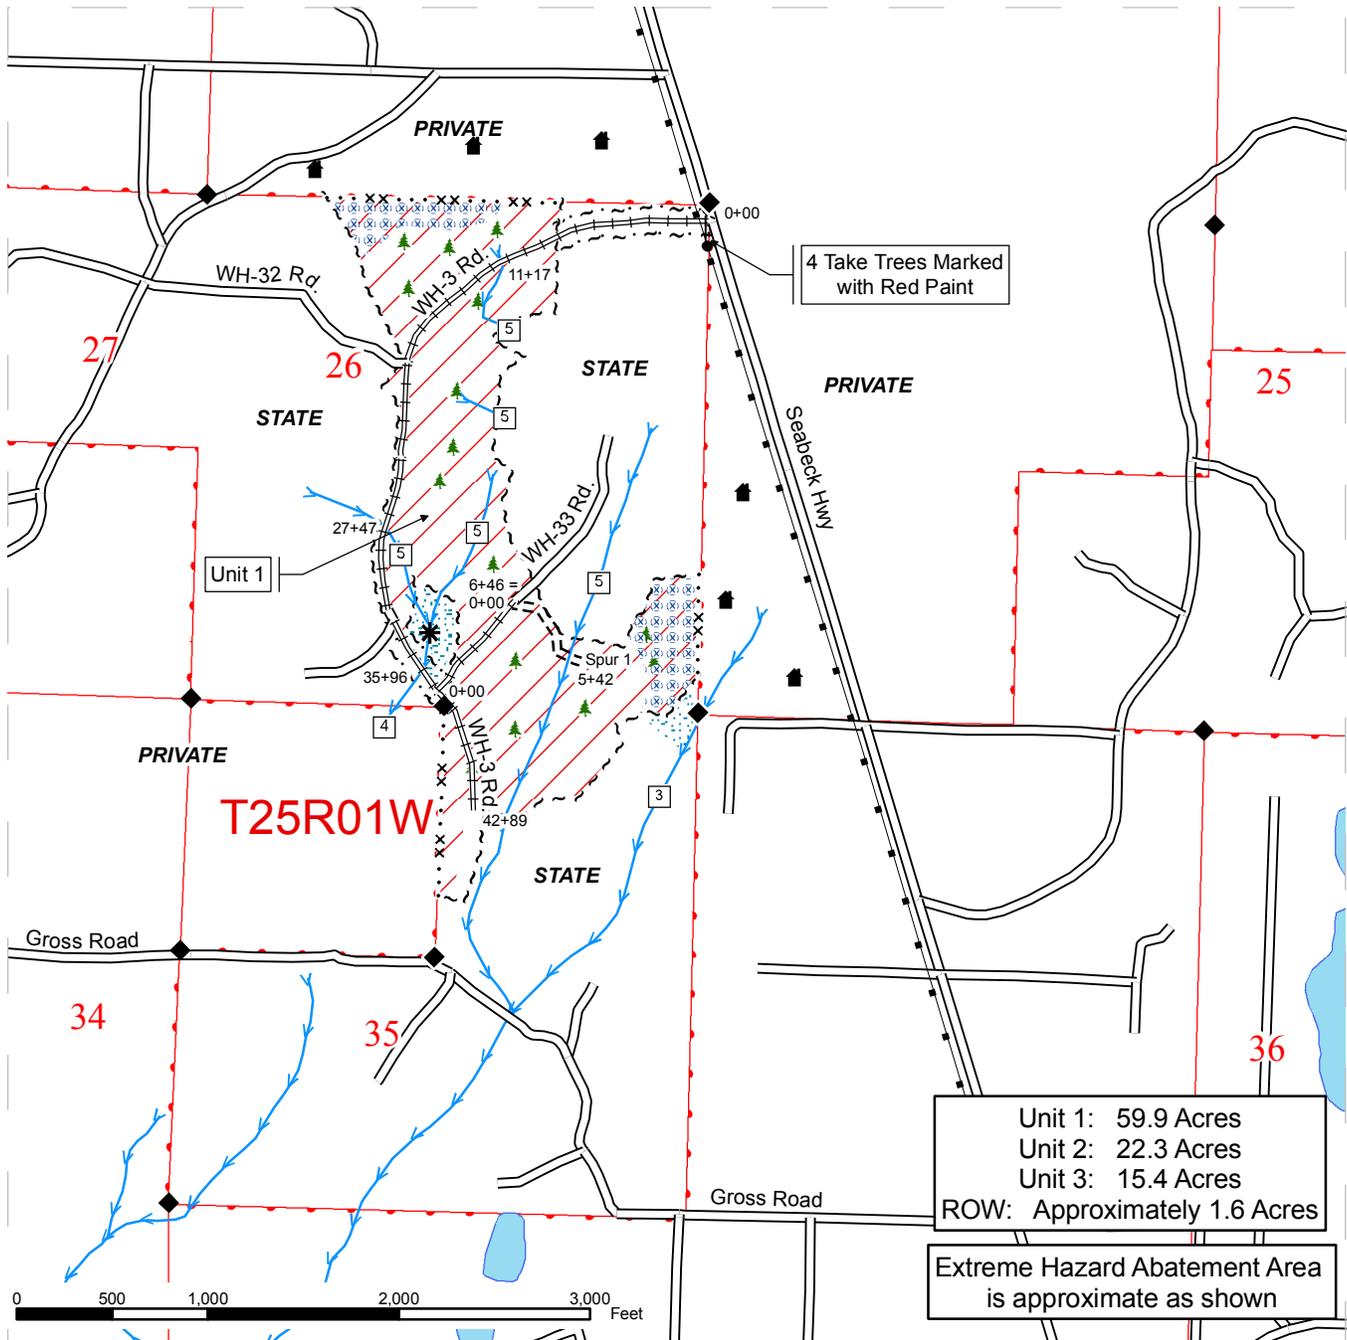

For more information regarding this log sort sale visit our web site: <http://www.dnr.wa.gov/BusinessPermits/Topics/AppraisalPackets/Pages/Home.aspx>. If you have questions call [Audrey Mainwaring](#) at the [South Puget Sound Region office](#) at [360-802-7001](#) or [Dave Richards](#) at the Forest Resources and Conservation Division Office in Olympia (360) 902-1365.

Conifer pulp includes hemlock sawlogs and hardwood pulp includes alder/maple sawlogs.

TIMBER NOTICE OF SALE

SALE NAME: BRIGHTWOOD

AGREEMENT NO: 30-087293

AUCTION: October 27, 2011 starting at 10:00 a.m., **COUNTY:** Skamania
Pacific Cascade Region Office, Castle Rock, WA

SALE LOCATION: Sale located approximately 7 miles northwest of Stevenson, Washington

**PRODUCTS SOLD
AND SALE AREA:**

All timber, except leave trees bounded by yellow leave tree area tags, leave trees marked with blue paint, down timber existing two years prior to the day of sale, down timber greater than 24 inches DBH, snags and stumps, bounded by the following: timber sale boundary tags and the CG-2030 road in Units #1, #2 and #3; timber sale boundary tags and the CG-2034 road in Unit #5; timber sale boundary tags and the CG-2036 road in Unit #6; timber sale boundary tags, the CG-2100, CG-2111 and Spur D roads in Unit #8; timber sale boundary tags and property line in Unit #9.
All timber as described in Schedule A, except leave trees bounded by yellow leave tree area tags and leave trees marked with blue paint, bounded by the following: timber sale boundary tags, the CG-2030 and CG-2031 roads in Unit #4; timber sale boundary tags, property line, and the CG-2111 road in Unit #7. All timber marked with orange paint bounded by the following: timber sale boundary tags and property line in Unit #10. All timber bounded by orange right-of-way boundary tags on part(s) of Sections 9, 11, 15, 16, 21 and 22 all in Township 3 North, Range 7 East, W.M., containing 191 acres, more or less.

CERTIFICATION: This sale is certified under the Sustainable Forestry Initiative Standard (cert no: BV-SFIS-US09000572)

ESTIMATED SALE VOLUMES AND QUALITY:

Species	Avg DBH	Ring Count	Total MBF	Total \$/MBF	MBF by Grade									
					1P	2P	3P	SM	1S	2S	3S	4S	UT

Sale Total			4,522											

MINIMUM BID: \$276/MBF (est. value \$1,230,000.00) **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$100,000.00 **SALE TYPE:** MBF Scale

EXPIRATION DATE: October 31, 2014 **ALLOCATION:** Export Restricted

BIDDABLE SPECIES: Douglas fir

BID DEPOSIT: \$123,000.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Highlead, Shovel, Track skidder and Rubber tired skidder. Harvesting activities are estimated to be 60% ground-based and 40% cable harvesting. Ground-based harvesting equipment is restricted to slopes of 40% or less. All timber marked with orange paint in Units #4, #7 and #10 shall be considered sale volume. All timber shall be yarded and

TIMBER NOTICE OF SALE

hauled within 30 days of being felled. See clause H-140 and Schedule L for further harvest requirements. See Schedule A for the thinning prescription. A detailed felling and yarding plan shall be required prior to any harvest activities and approved in writing by the Contract Administrator.

Northern spotted owl timing restrictions shall be implemented within Units #5, #7 and #8. Within these units, the operation of heavy equipment will be prohibited during the critical nesting season which extends from March 1 to August 31. Ground Based Yarding will not be permitted from October 31 to May 1 unless authorized in writing by the Contract Administrator.

ROADS:

41.83 stations of required reconstruction. 94.04 stations of optional construction. 39.56 stations of optional reconstruction. 398.07 stations of required pre-haul maintenance. 113.62 stations of light abandonment. Rock under this contract may be obtained at no charge to the Purchaser from the CG-2031 Pit, located in Section 22, Township 03 North, Range 07 East, and the CG-2037 Pit, located in Section 11, Township 03 North, Range 07 East, W.M. 2 1/2 INCH MINUS rock for roads under this contract may be obtained at no charge to the Purchaser from the existing CG-2031 Stockpile located in Section 22, Township 03 North, Range 07 East, W.M. SMALL JAW RUN rock for roads under this contract may be obtained at no charge to the Purchaser from the existing CG-2037 Stockpile located in Section 11, Township 03 North, Range 07 East, W.M. Road construction will not be permitted from October 1 to May 1 unless authorized in writing by the Contract Administrator. This construction restriction applies to road construction, reconstruction, pre-haul maintenance, and rock pit development. Road construction and reconstruction of the CG-2034C, CG-2111, CG-2111A and CG-2111B roads will not be permitted March 1 to August 31 due to northern spotted owl timing restrictions. The hauling of forest products will not be permitted from October 31 to May 1 unless authorized in writing by the Contract Administrator.

ACREAGE DETERMINATION

CRUISE METHOD: The sale acres were determined by GPS. The sale area was cruised using a variable plot cruise method.

FEES:

Purchaser will provide the State a check payable to Longview Timber in the amount of \$10,931.18 on the day of sale for the Road Use Permit and approximately 25 MBF of Right-of-Way timber that will be removed from Longview Timber property. \$59,920.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

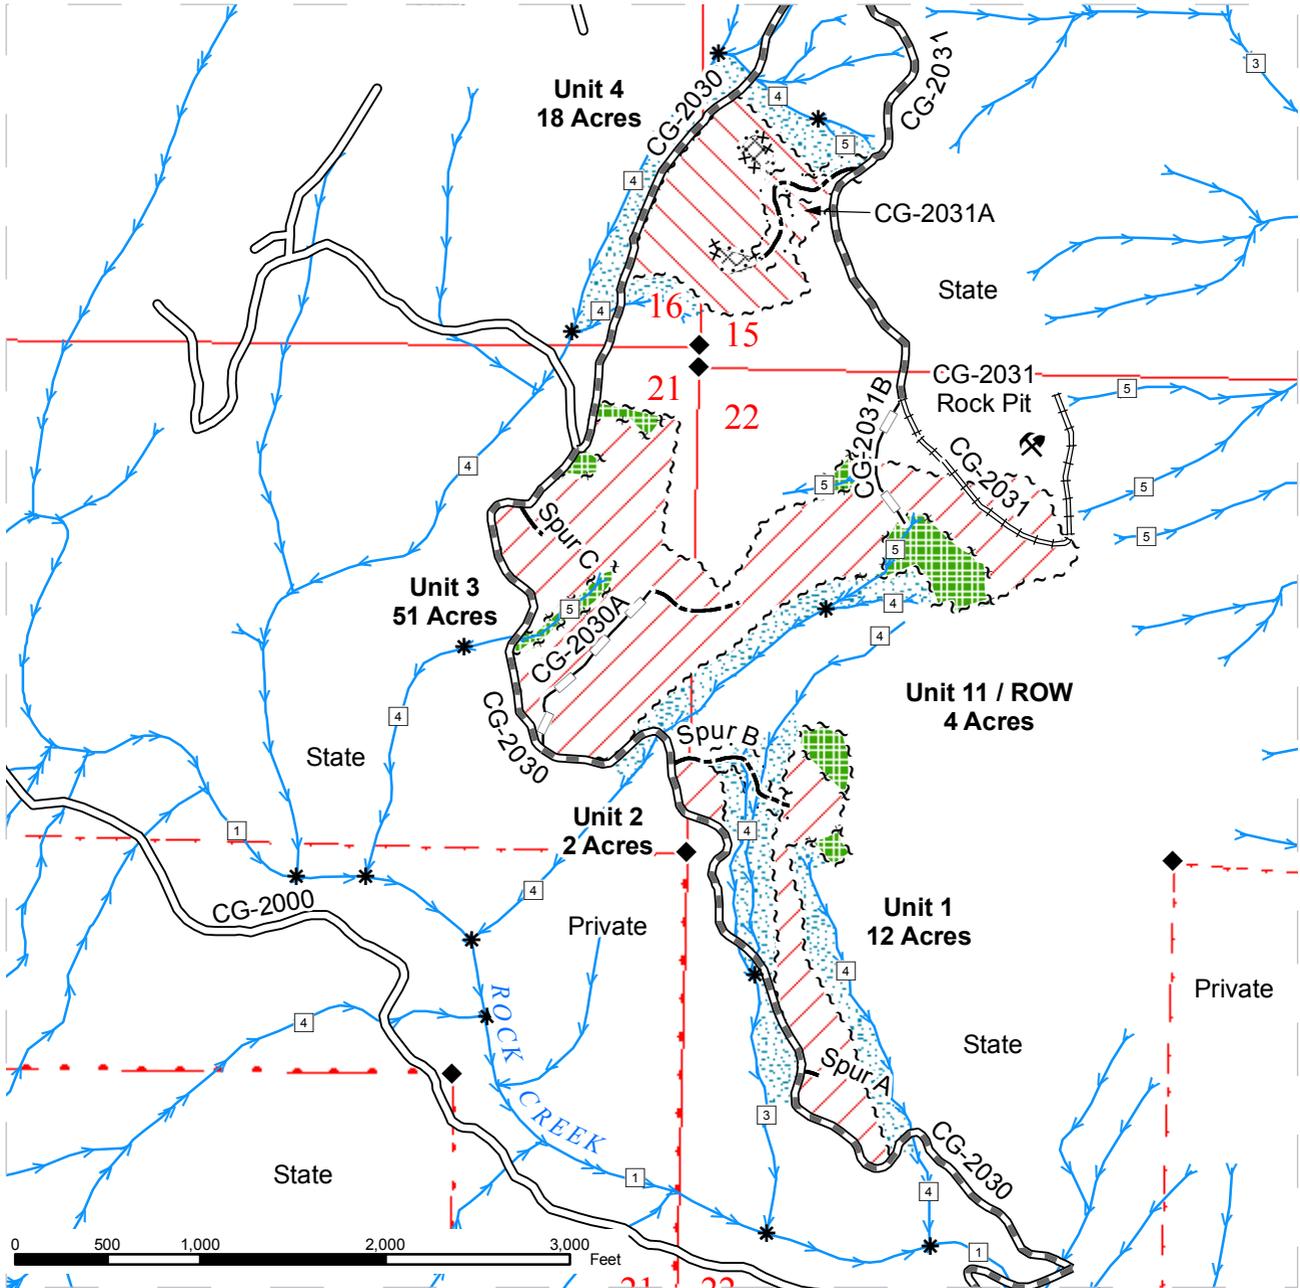

SPECIAL REMARKS:

There is approximately 839 MBF of high quality DF mini-peeler. Noxious weed control measures will be implemented with this sale. These measures include, but are not limited to: notifying the Contract Administrator in advance of moving equipment onto State lands; thoroughly cleaning all road equipment prior to entry onto State land to remove contaminated soils and noxious weed seed; the Contract Administrator reserves the right to require the cleaning of equipment prior to moving from one DNR project area to another.

TIMBER NOTICE OF SALE

SALE NAME: OSCILLATE

AGREEMENT NO: 30-086384

AUCTION: October 26, 2011 starting at 10:00 a.m., **COUNTY:** Snohomish
Northwest Region Office, Sedro Woolley, WA

SALE LOCATION: Sale located approximately 12 miles east of Arlington, WA.

**PRODUCTS SOLD
AND SALE AREA:**

All timber bounded by white timber sale boundary tags, adjacent young stands, property line, and the EB-29 and EB-2909 roads, except forest products tagged out by blue special management area tags, trees marked with blue paint on the bole and root collar, forest products tagged out by yellow leave tree area tags, and cedar snags, preexisting dead and down cedar trees and logs in Unit #1.

All timber bounded by white timber sale boundary tags, adjacent young stands, property lines, and the EB-2109 Road, except forest products tagged out by blue special management area tags, trees marked with blue paint on the bole and root collar, forest products tagged out by yellow leave tree area tags, and cedar snags, preexisting dead and down cedar trees and logs in Unit #2.

All timber marked with a blue special management tag on the bole AND which is marked with orange paint on the bole, located along property line boundaries of Unit #2.

All timber bounded by white timber sale boundary tags, adjacent young stands, and the EB-2901 and EB-2901-0502 roads, except forest products tagged out by blue special management area tags, trees marked with blue paint on the bole and root collar, forest products tagged out by yellow leave tree area tags, and cedar snags, preexisting dead and down cedar trees and logs in Unit #3.

All trees designated for removal as described in Schedule B, located in the RMZs (blue special management tagged areas) in Units #1, 2 and 3.

The above described products on part(s) of Sections 13, 14, 24 and 25 all in Township 32 North, Range 6 East, W.M., containing 144 acres, more or less.

CERTIFICATION: This sale is certified under the Sustainable Forestry Initiative Standard (cert no: BV-SFIS-US09000572)

ESTIMATED SALE VOLUMES AND QUALITY:

Sale Total			4,223									

MINIMUM BID: \$1,236,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$100,000.00 **SALE TYPE:** Lump Sum

TIMBER NOTICE OF SALE

FEES: \$55,954.75 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS:

1. All units are accessed off of the Jim Creek Road onto the Ebey Mountain Road which must pass through a private gate followed by a State gate. The code for the private gate, which changed effective 11/1/2010, is available at the Northwest Region office. The second gate requires an F1-3 key.
2. The cruise report contains utility material which is not reflected in the volume above.
3. Schedule R contains the pit plan for the EB-3902 Hardrock Pit.

Schedule B
RMZ Thinning Prescription

Hardwood Conversion and Thinning Prescription

The outer edge of the RMZs is demarcated with blue special management tags. Trees within the RMZ (behind blue special management tags) shall be harvested according to the following prescription.

Trees demarcating the onset of the riparian thinning area, which have a blue special management tag AND meet the prescription for thinning, may be harvested.

UNIT 1 RMZ Thinning:

Cut all RA

Cut WH 14 inches DBH and below

Leave: RC, DF, BM, and CW

LWD: 17 WH trees 14 inches DBH

UNIT 2 RMZ Hardwood Conversion:

Cut all RA, CW, BM.

LEAVE ALL CONIFER SPECIES

UNIT 3 RMZ Thinning:

Cut all RA

Cut WH 15 inches DBH and below

Leave: RC, DF, BM, and CW

LWD: 80 WH trees 15 inches DBH (Unit #3A-22, Unit #3B-34, Unit #3C-24)

LARGE WOODY DEBRIS (LWD) CREATION:

Retain all snags greater than or equal to 20 inches DBH and 20 feet tall, except where it cannot be accomplished safely. Five (5) of the designated conifer prescription trees per acre, from the largest DBH class, shall be felled towards the stream where feasible to remain as LWD.

Purchaser shall mark and they shall be approved by Contract Administrator before felling. These trees shall be marked within 25 feet of the white timber sale tags (25 feet to 50 feet from the stream channel).

SPECIAL THINNING CONDITIONS:

Where the prescription would leave an opening greater than 50 feet in diameter, the Purchaser must leave a conifer take tree from the largest diameter, largest crown class, best form, and undamaged. Species preference in order of importance: DF, RC, WH

In areas where thinning is not necessary, i.e., prescription is met, do not put in yarding corridors or skid trails. These areas must be identified and agreed upon in advance with the Contract Administrator.

Location of yarding corridors will be premarked by the Purchaser and approved in writing by the Contract Administrator.

For thinning areas, excessive leave tree damage is defined in H-012.

Damages to leave trees in thinned areas to be assessed if greater than 5% of leave trees damaged at D-40 clause rates.

CABLE YARDING CORRIDORS:

All radial yarding corridors must be no wider than 12 feet wide, located as close to parallel as possible.

When radial yarding corridors are required from a central landing, the distance between yarding corridors must be no closer than 100 feet where the corridor leaves the thinning unit as measured from the center of the corridors. Where possible, corridors should be located in a manner to minimize the damage to or removal of leave trees. Following completion of yarding of each corridor, rub trees that do not meet take tree specifications shall be left standing. It is not required to remove all leave trees from the 12-foot corridor.

Corridor trees felled within the 25 feet inner core of stream RMZ's for corridors are to be left on ground, not yarded. These trees should be felled towards the stream where feasible.

When yarding through type 4 stream buffers and type 5 streams the Contract Administrator must approve all stream crossing locations prior to felling of any timber.

GROUND YARDING CORRIDORS:

Corridors are limited to 14 feet wide (including rub trees) and no less than 70 feet apart as measured from the center of the corridor. Where possible, corridors should be located in a manner to minimize the damage to, residual trees.

Location of yarding corridors will be premarked by the Purchaser and approved in writing by the Contract Administrator.

CERTIFICATION OF FALLERS AND YARDER OPERATORS – SEE CLAUSE H-011 OF THE CONTRACT.

The Contract Administrator and Faller/Purchaser Operator will jointly review the take tree selection criteria as outlined in this Schedule of the contract.

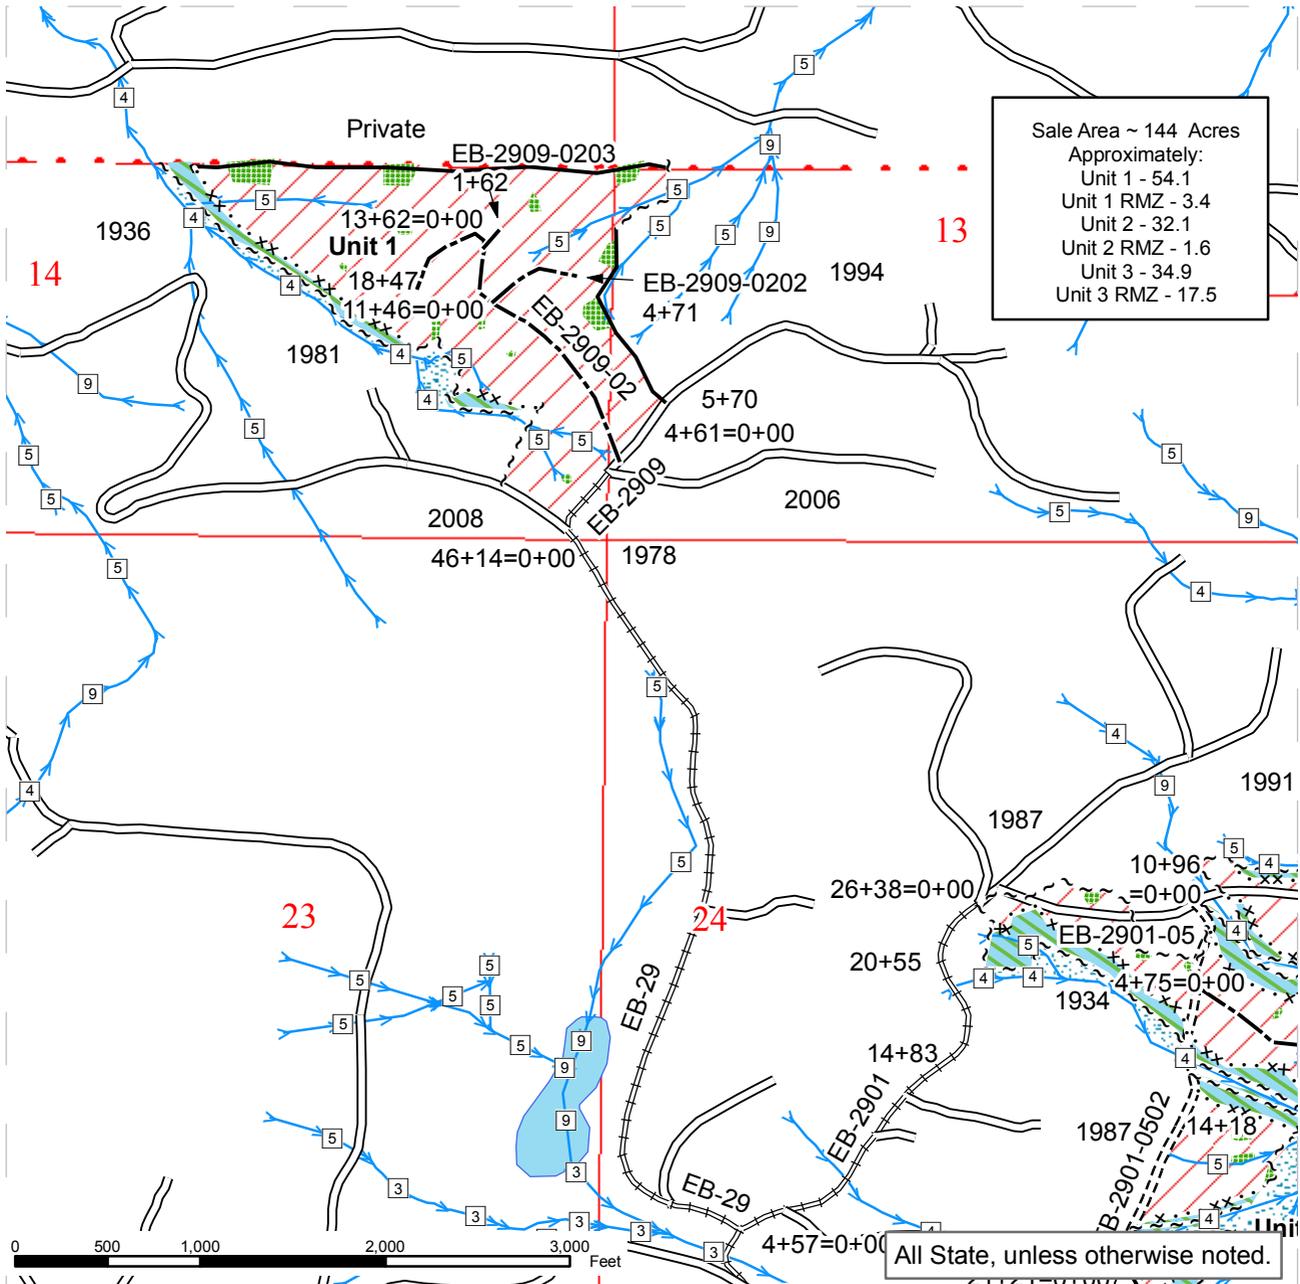

In conjunction with the Contract Administrator, the Faller/Purchaser Operator will mark a designated area as a test plot within the sale area boundary. Satisfactory thinning of the test plot

completes the certification process. Certification may be revoked at any time by Contract Administrator if Contract Administrator determines that the prescription is not being implemented properly.

TIMBER NOTICE OF SALE

SALE NAME: RIPLE VDT & VRH

AGREEMENT NO: 30-086671

AUCTION: October 26, 2011 starting at 10:00 a.m., **COUNTY:** Whatcom
Northwest Region Office, Sedro Woolley, WA

SALE LOCATION: Sale located approximately 15 miles southeast of Deming, WA.

**PRODUCTS SOLD
AND SALE AREA:**

All timber bounded by white timber sale boundary tags, adjacent young stands, and the MF-59 and MF-ML roads, except trees marked with blue paint on the bole and root collar, forest products tagged out by yellow leave tree area tags and cedar snags, preexisting dead and down cedar trees and logs in Unit #1.

All timber designated for removal as described in Schedule B bounded by white timber sale boundary tags, property lines, adjacent young stands, and the MF-59 and MF-ML roads in Unit #2.

All timber designated for removal as described in Schedule B bounded by white timber sale boundary tags and the MF-ML Road in Unit #3.

All timber designated for removal as described in Schedule B bounded by white timber sale boundary tags, property lines, and the MF-59 Road in Unit #4.

All timber bounded by orange right of way tags, except that title to the timber within the right of way tags for road designated as optional construction is not conveyed to the Purchaser unless the road segment is actually constructed.

The above described products on part(s) of Sections 26, 27 and 28 all in Township 38 North, Range 6 East, W.M., containing 176 acres, more or less.

CERTIFICATION: This sale is certified under the Sustainable Forestry Initiative Standard (cert no: BV-SFIS-US09000572)

ESTIMATED SALE VOLUMES AND QUALITY:

Species	Avg DBH	Ring Count	Total MBF	Total \$/MBF	MBF by Grade									
					1P	2P	3P	SM	1S	2S	3S	4S	UT	
Hemlock	11	5	2,694	\$162.00						196	1,390	1,108

Red alder	12		186	\$199.00								32	154	
Silver fir	11		85	\$162.00								50	35	
Red cedar	14		47	\$580.00								39	8	
Sale Total			3,634											

MINIMUM BID: \$162/MBF (est. value \$665,000.00) **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$100,000.00 **SALE TYPE:** MBF Scale

EXPIRATION DATE: September 30, 2013 **ALLOCATION:** Export Restricted

BIDDABLE SPECIES: Silver fir, Hemlock combined.

TIMBER NOTICE OF SALE

BID DEPOSIT: \$66,500.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Cable; cable or shovel on sustained slopes 30% or less in Unit #1; cable, forwarder, or tracked skidder on sustained slopes 30% or less in Units #2, 3, and 4. Falling and Yarding will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator (THIS PERTAINS TO GROUND-BASED EQUIPMENT ONLY) to reduce soil damage and erosion. However, no operations will be permitted in the northern portion of Unit 3 (north of the MF-ML) from October 1- June 31 AND THIS IS NOT WAIVABLE.

Cutting and yarding in the variable density thinning portions of the timber sale will not be permitted during the bark slippage season unless authorized in writing by the Contract Administrator. This season is estimated to be from April 1 to July 15 but will vary depending on weather conditions. If permission is granted to operate during the bark slippage season the purchaser will be required to provide a plan outlining mitigation measures.

ROADS: 12.02 stations of required construction. 75.15 stations of required reconstruction. 53.67 stations of optional construction. 53.67 stations of road to be abandoned if built. Installation of a 35-foot-span gravel deck log stringer bridge.

Development of an existing hardrock (Saint Stephen Pit) source at station 18+79 of MF-25 road will involve drilling, shooting, and processing rock to generate riprap and 3-inch minus ballast. This rock is available at no cost on State land.

Development of a proposed hardrock (Galbraith Pit) source at station 12-06 of MF-5912 road will involve clearing, stripping, drilling, shooting, and processing rock to generate riprap and 3-inch minus ballast. This rock is available at no cost on State land.

An estimated total quantity of rock needed for this proposal: 381 cubic yards of riprap and 7,311 cubic yards of ballast rock.

Road construction, road reconstruction, road abandonment, and the hauling of rock will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. The hauling of forest products will not be permitted from November 1 to March 31 unless authorized in writing by the Contract Administrator to reduce soil damage and siltation. However, to minimize wetland impacts, no waiver shall be granted for the hauling of rock, the hauling of forest products, road construction, or road abandonment on the MF-75 road in accordance with the road plan.

ACREAGE DETERMINATION

CRUISE METHOD: Acres determined by GPS traverse. 306.0 acres gross. 1.9 acres deducted for green tree retention clumps, 96.7 acres deducted for riparian areas, 5.3 acres deducted for existing road, and 25.7 acres deducted for non-merchantable area. 176.4 acres net. Cruised using variable plot method. Expansion factor used is 40.00 for Units #1-4; and 54.45 for r/w and corridors. Sighting height is 4.5 feet. A total of 91 plots were taken.

FEES: \$48,150.50 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

TIMBER NOTICE OF SALE

- SPECIAL REMARKS:**
1. Unit #1 is Variable Retention Harvest (VRH), Units #2, 3 and 4 are Variable Density Thinning (VDT).
 2. An estimate of corridor acreage was calculated at 11.6 acres, 6.3 acres and 3.6 acres for Units # 2, 3, and 4, respectively for a total of 21.2 acres.
 3. Multi-span supports may be necessary in the cable yarding areas in all units of the sale.

Schedule B
Thinning Prescription

THINNING PRESCRIPTION (Units 2, 3 and 4)

Unit 2 VDT

Thin from below, remove Western Hemlock (WH) 20 inches DBH and less, leaving an average basal area of 210-220 per acre and an average of 135 trees per acre (tpa).

Unit 3 VDT

Thin from below, remove Western Hemlock (WH) 16 inches DBH and less, leaving an average basal area of 210-220 per acre and an average of 155 tpa.

Unit 4 VDT

Thin from below, remove Western Hemlock (WH) 12 inches DBH and less, leaving an average basal area of 185-195 per acre and an average of 230 tpa.

- In areas adjacent to Old Growth snags present in the stands, thinning may be forgone in order to protect the integrity of the snags. Snags in these stands shall not be cut. Corridors will be located in areas avoiding snags.
- No downed wood is to be removed from corridors or designated thinning areas.

UNIT / SNAGS REQUIRED:

- Two conifer trees per acre over 20 inches dbh shall be made into snags through girdling or topping the tree above 16 feet. These trees are in addition to the residual stocking targets mentioned above and will be spread evenly across the treated and untreated acres in all thinning units.

Unit 2 VDT

145 total snags/ 35 of which will need to be within 25 feet of the timber sale boundary tags adjacent to the Type-3 and Type-4 streams.

Unit 3 VDT

73 total snags/ 14 of which will need to be within 25 feet of the timber sale boundary tags adjacent to the Type-3 streams.

Unit 4 VDT

45 total snags/ 7 of which will need to be within 25 feet of the timber sale boundary tags adjacent to the Type-4 streams.

SPECIAL THINNING CONDITIONS: In areas where thinning is not necessary, i.e., prescription is met, do not put in yarding corridors or skid trails. These areas must be identified and agreed upon in advance with the Contract Administrator.

DOWNHILL CABLE YARDING: Corridors are limited to 30 feet wide (including rub trees) and no less than 100 feet apart as measured from the center of the corridor. Corridors shall be located in a manner as to minimize the damage to, or removal, of leave trees and must be pre-approved by contract administrator. Landings will be located to provide for parallel yarding corridors. Radial corridors will be permitted, given that where the corridors leave the unit, they are a minimum of 150 feet apart as measured from the corridor center.

UPHILL CABLE YARDING: Corridors are limited to 20 feet wide (including rub trees) and no less than 100 feet apart as measured from the center of the corridor. Corridors shall be located in a manner to minimize the damage to, or removal, of leave trees. Landings will be located to provide for parallel yarding corridors whenever possible. When radial yarding corridors are required from a central landing, the distance between yarding corridors must be no closer than 150 feet where the corridor leaves the unit as measured from the center of the corridor.

GROUND-BASED YARDING CORRIDORS: Corridors are limited to 15 feet wide (including rub trees) and no less than 75 feet apart as measured from the center of the corridor. Corridors shall be located in a manner to minimize the damage to or removal of leave trees.

COMPLIANCE:

Variable radius plots will be taken to determine basal area per acre for each unit. Plots will be evenly distributed at a density of at least 2 plots per five acres. Each plot will be measured with a 40 basal area factor (BAF) prism; the number of “in” trees multiplied by 40 will give the basal area for that plot. The average basal area of all plots in each unit will determine if the unit meets its target value.

UNIT DIVISIONS FOR ASSESSMENT OF DAMAGE:

Per contract clauses H-012 and D-040. Units 2, 3 and 4 are divided into the following compartments- (maps attached) As labeled.

CERTIFICATION OF FALLERS AND YARDER OPERATORS

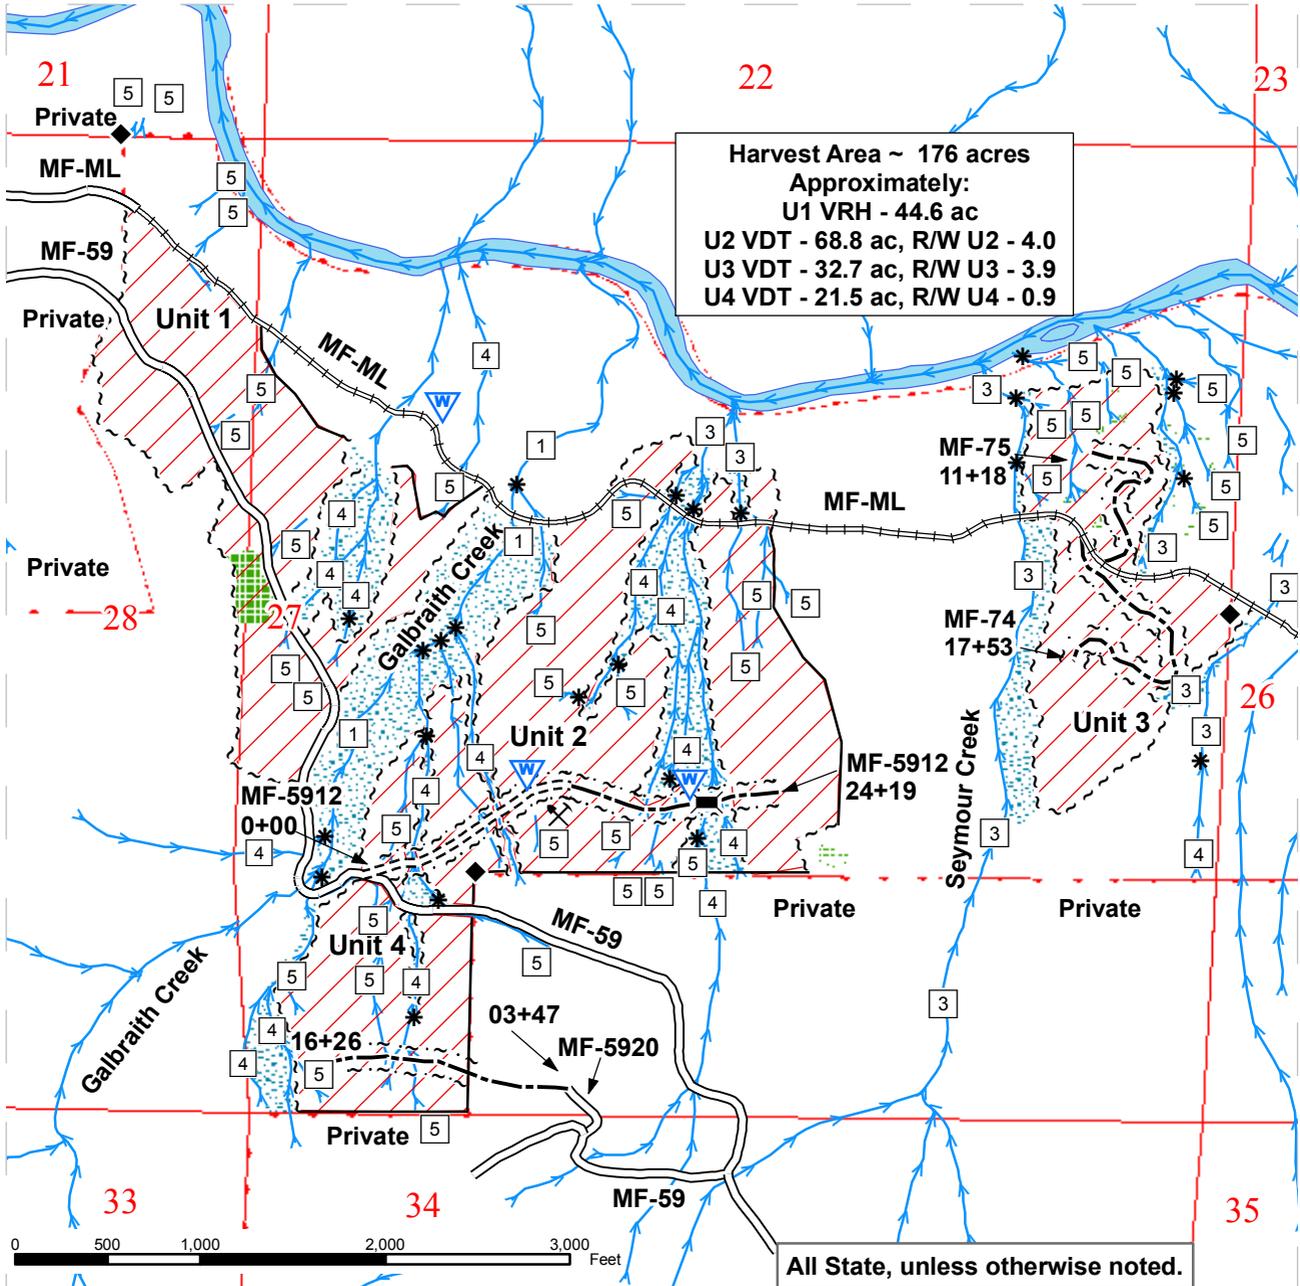

(Additional requirements beyond those outlined in the H-011)

The Contract Administrator and faller/harvest operator will jointly review the leave tree selection criteria as outlined above. In conjunction with the Contract Administrator, the faller/ harvest operator will mark a designated area as a test plot within the sale area boundary. Satisfactory thinning of the test plot completes the certification process. Certifications will be issued to individuals when they demonstrate to the Contract Administrator their ability to perform within the requirements set forth in the contract.

MINIMUM BID: \$190,000.00 **BID METHOD:** Sealed Bids

PERFORMANCE SECURITY: \$38,000.00 **SALE TYPE:** Lump Sum

EXPIRATION DATE: September 30, 2012 **ALLOCATION:** Export Restricted

BID DEPOSIT: \$19,000.00 or Bid Bond. Said deposit shall constitute an opening bid at the appraised price.

HARVEST METHOD: Shovel and Track skidder. Harvesting activities are estimated to be 100% ground-based. Ground-based equipment is restricted to slopes of 35% and less, and allowed only during dry soil conditions. Tracked skidder may be used for removal of poles and timber marked with red paint. See clause H-140 and Schedule L for further harvest restrictions. See Schedule A for WMZ thinning guidelines. A detailed felling and yarding plan shall be required prior to the start of any harvest activities, and approved in writing by the

TIMBER NOTICE OF SALE

Contract Administrator. Ground Based Yarding will not be permitted from October 1 to May 31 unless authorized in writing by the Contract Administrator.

ROADS:

1.45 stations of required reconstruction. 21.76 stations of optional construction. 38.65 stations of required pre-haul maintenance. 59.79 stations of required light abandonment. Rock for construction and/or reconstruction under this contract may be obtained at no cost to the Purchaser from the Mima Mounds Pit located in Section 10, Township 16 North, Range 03 West, W.M. Rock for construction, reconstruction and pre-haul maintenance under this contract may be obtained from any commercial sources as approved in writing by the Contract Administrator. The Purchaser shall install a temporary bridge in accordance with the BRIDGE DETAIL. Timber for the manufacture of sills and backwalls may be available within the sale area. The temporary bridge for reconstruction under this contract may be obtained at no cost to the Purchaser from the DNR Chehalis Office (1450 Rush Rd, Chehalis, WA). The bridge shall be returned upon completion of use. Use of this bridge shall not extend past September 15, 2012. Any damage or alterations to the bridge or associated hardware shall be repaired, replaced and/or removed prior to return. Road construction will not be permitted from October 1 to May 31 unless authorized in writing by the Contract Administrator. This construction restriction applies to all construction, reconstruction, pre-haul maintenance and abandonment activities. The hauling of forest products will not be permitted from October 1 to May 31 unless authorized in writing by the Contract Administrator on the CL-100, CL-101, CL-102, CL-103 and CL-104 roads.

ACREAGE DETERMINATION

CRUISE METHOD: The sale acres were determined by GPS. This sale area was cruised using variable plot and fixed plot cruise methods. The Right-of-Way units were cruised using a 100% cruise method.

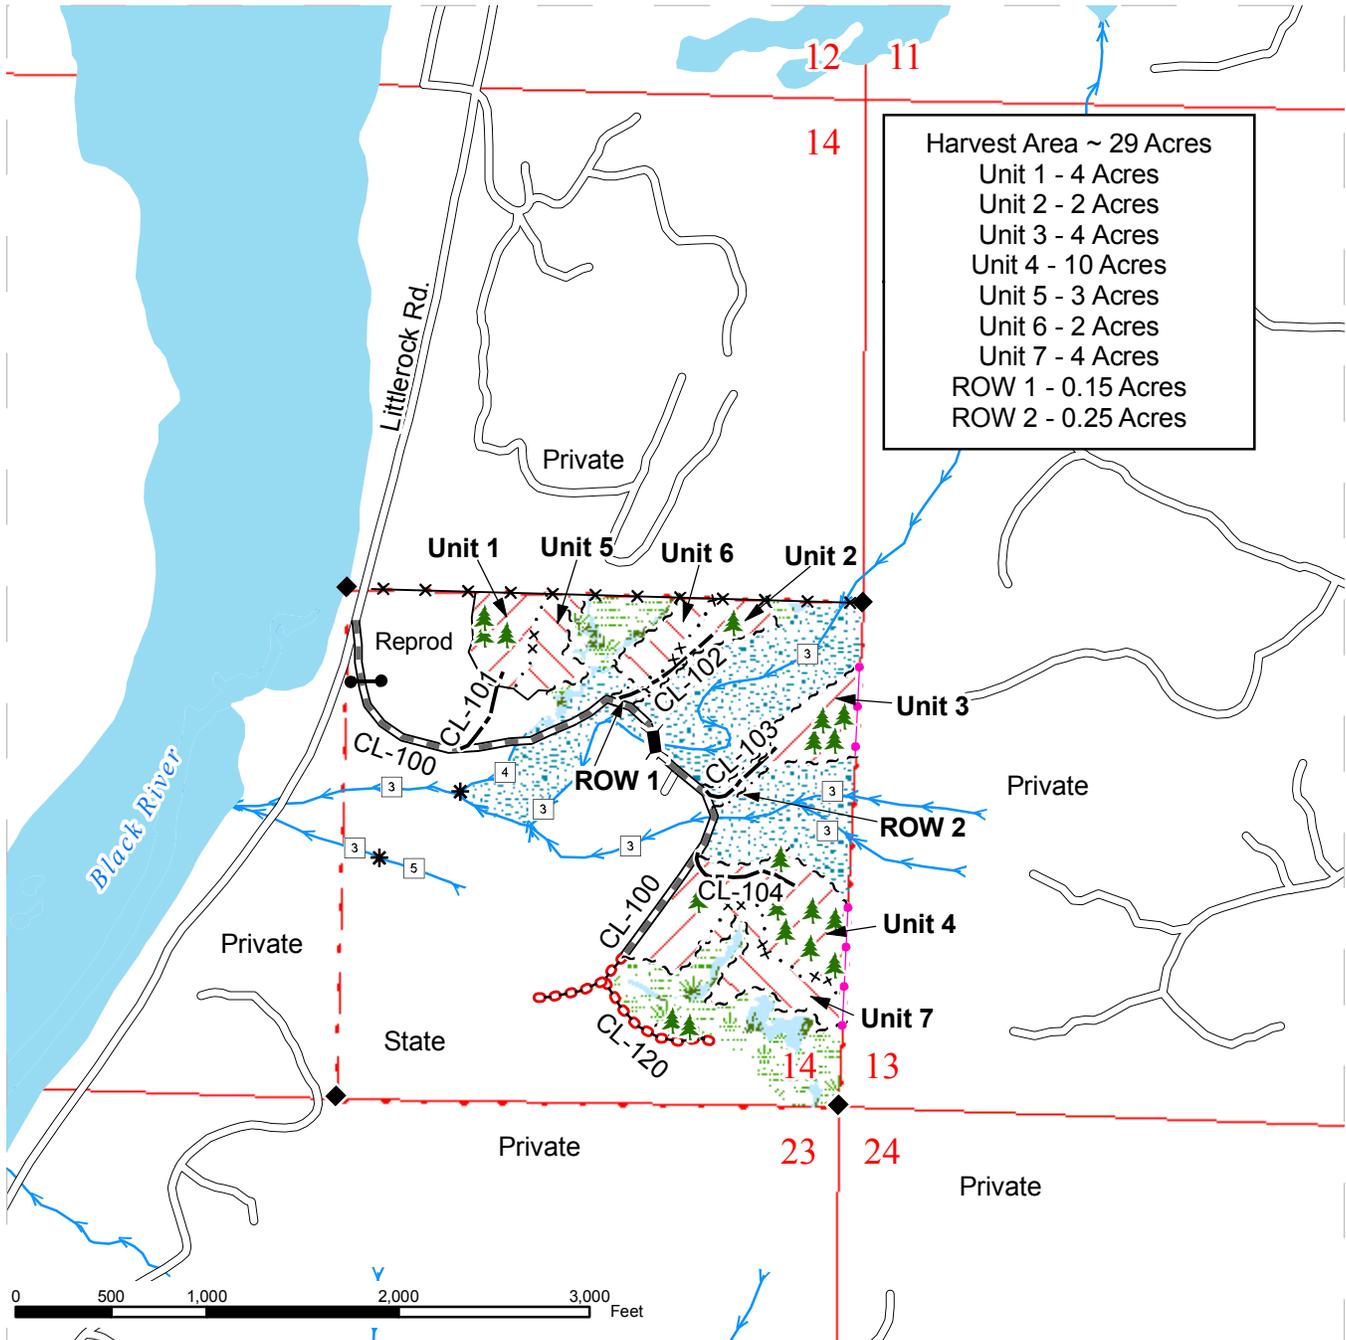

FEES: \$7,800.00 is due on day of sale. \$9.00 per MBF is due upon removal. These are in addition to the bid price.

SPECIAL REMARKS: There are potential poles on this timber sale. See driving map for gate locations. Gate keys can be obtained from the Pacific Cascade Region office. Purchaser shall immediately repair all fence damage resulting from operations on this sale to an equal or better condition than existed at the time of sale. Extreme Hazard Abatement will be required within Unit 2, adjacent to structures on private property.
